CORONADO NATIONAL MEMORIAL

PUBLIC USE COUNTING AND REPORTING INSTRUCTIONS

Following are detailed instructions for collecting and reporting data to be entered on Form 10-157, Revised, Monthly Public Use Report by Coronado National Memorial. These instructions are effective the date of issuance and will continue in effect unless changed by amendment or by memorandum from the Socio-Economic Studies Division to the superintendent approving a requested change.

Each item below describes the procedures to be followed in collecting public use data and summarizing the various elements of those data for entry on the corresponding line on the 10-157, Monthly Public Use Report.

Recreation Visits

1. An inductive loop traffic counter is located at the East entrance on Coronado Memorial Highway at the visitor center. The traffic count is reduced for non-reportable vehicles (222 per month), non-recreation vehicles (126 per month), and buses. The reduced traffic count is multiplied by the persons-per-vehicle multiplier (PPV) of 3.11.

2. An inductive loop traffic counter is located at the West entrance on East Montezuma Canyon Road. The traffic count is multiplied by the PPV of 3.11.

3. The number of bus passengers.

Non-recreation Visits

The number of inn-holders, postal employee visits, and delivery vehicles is estimated at 174 per month. The number of non-recreation vehicles is multiplied by a PPV multiplier of 1.2.

Recreation Visitor Hours

1. The number of recreation visits is multiplied by 0.75 hours.

2. The number of picnickers is multiplied by 2.5 hours.

Non-recreation Visitor Hours

The number of non-recreation visits is multiplied by 0.5 hours.
