The National Park Service, Natural Resource Stewardship and Science office in Fort Collins, Colorado, publishes a range of reports that address natural resource topics. These reports are of interest and applicability to a broad audience in the National Park Service and others in natural resource management, including scientists, conservation and environmental constituencies, and the public.

The Natural Resource Data Series is intended for the timely release of basic data sets and data summaries. Care has been taken to assure accuracy of raw data values, but a thorough analysis and interpretation of the data has not been completed. Consequently, the initial analyses of data in this report are provisional and subject to change.

All manuscripts in the series receive the appropriate level of peer review to ensure that the information is scientifically credible and technically accurate.

Views, statements, findings, conclusions, recommendations, and data in this report do not necessarily reflect views and policies of the National Park Service, U.S. Department of the Interior. Mention of trade names or commercial products does not constitute endorsement or recommendation for use by the U.S. Government.

This report is available in digital format from the [NPS Visitor Use Statistics website](#) and the [Natural Resource Publications Management website](#). If you have difficulty accessing information in this publication, particularly if using assistive technology, please email irma@nps.gov.

Abstract

In the pages that follow, a series of tables and figures display visitor use data for calendar year 2022. By documenting these visits across the National Park System, the National Park Service (NPS) Statistical Abstract offers a historical record of visitor use in parks and provides NPS staff and partners with a useful tool for effective management and planning. In 2022, 395 of 424 National Park System units collected and reported visitor use data; the remainder are unable to do so for a variety of reasons, such as administration by another agency, non-federal land ownership, or new parks that lack staff and facilities for the management of visitor use statistics.

The responsibility for compiling and summarizing visitor use statistics resides with the NPS Social Science Program in the Environmental Quality Division, National Resource Stewardship and Science Directorate. The Program relies on the conscientious efforts of NPS field personnel to count, record, and report visitor use. This system of collecting and summarizing monthly visitor use data is combined with continuous review and assessment of park visitor use estimation procedures to promote consistency and accuracy of data. Detailed instructions for the units that collect data, monthly visitation summaries, and reports displaying trends in park visitation are available on the NPS Visitor Use Statistics website (<https://irma.nps.gov/Stats/>).

Introduction

In 2022, recreation visits to National Park System units passed 300 million for the first time since the global COVID-19 pandemic curbed travel and drove visits to a 40-year low in 2020. Parks reported 311,985,998 recreation visits which is nearly 15 million visits (5%) higher than in 2021. Recreation visitor hours were 1,358,946,990 which is a 0.2% increase from 2021 and overnight stays were 13,254,119 which is a 4% increase from 2021.

395 of 424 National Park System units collected and reported visitor use data in 2022. One park was added to the reporting system: Reconstruction Era National Historical Park in South Carolina. This park is responsible for an additional 18,262 recreation visits and 6,725 recreation visitor hours.

Factors influencing visits to National Park System units in 2022 include:

- A few dozen parks continued to operate under limited capacities or indoor space restrictions due to COVID-19 precautions, particularly in the first few months of 2022,
- Temporary closures for wildland fires or extreme fire danger in the southwest in spring (eight parks) and on the west coast in summer (one park),
- Lingering closures from wildland fires in previous years at Lassen Volcanic NP (2021 Dixie Fire), Santa Monica Mountains NRA (2018 Woolsey Fire), and Whiskeytown NRA (2018 Carr Fire).
- Flood events (eight parks), landslides (three parks), and severe storms (three parks) temporarily closed portions of parks,
- Hurricanes Ian and Nicole temporarily closed four parks,
- Low water due to an historic drought generated area closures at Amistad NRA, Glen Canyon NRA, Lake Mead NRA, Rainbow Bridge NM, and Rio Grande W&SR.

Twelve parks set a record for recreation visits in 2022 and five of those parks broke a record they set in 2021. See Appendix A for record-setting parks. The number of reporting units with over 10 million recreation visits stayed the same as in recent years at three parks while 75 parks had over one million recreation visits; 27 designated National Parks were among the 75 parks with over one million recreation visits. As in 2021, twenty-five percent of recreation visits occurred in the 8 most visited parks.

Several parks passed accumulated recreation visit milestones including Boston Harbor Islands NRA (2020–2022), Katahdin Woods and Waters NM (2020–2022), and Keweenaw NHP (2016–2022) each passing 100,000 total recreation visits, Fort Laramie NHS (1939–2022) and Natural Bridges NM (1923–2022) each passing five million total recreation visits, and Glen Canyon NRA (1964–2022) and Mount Rushmore NMEM (1941–2022) each passing 125 million total recreation visits.

2022 Visitor Use Data

The following tables and figures record visitor use for the National Park System in 2022; some tables and figures compare those data to 2021. Endnotes that apply to multiple tables, definitions for terms, and abbreviations used in the tables can be found at the end of this document.

Recreation Visits by Site Designation

Table 1 lists the number of recreation visits in 2022 for parks grouped by site designation. Of 424 NPS parks, 395 reported visitor use statistics (see pages 42–43 for a list of parks that did not report visitor use). Designated national parks received the highest percentage of recreation visits (28%), followed by national recreation areas (16%), and national memorials (13%). The figures that follow show percentage of recreation visits by site designation (Figure 1) and a comparison with 2021 by site designation (Figure 2).

Recreation Visits by State

Table 2 reports 2022 NPS recreation visits in each state, the District of Columbia, and the U.S. territories of American Samoa, Guam, Puerto Rico, and the U.S. Virgin Islands. The table also shows 2021 recreation visits and the percent change in recreation visits from 2021 to 2022. Figure 3 displays the percent change from 2021 to 2022 for each state and territory except for Delaware, which currently does not have a reporting NPS unit. Overall, the number of recreation visits is up 5.0% from 2021 (311,985,998 in 2022 compared to 297,115,406 in 2021).

Recreation Visits / Visitor Days by Population Center

Table 3 shows the number of recreation visits, visitor days, and change from the previous year for NPS units by population center. Population centers are described in the Definitions section at the end of this abstract. Figure 4 compares 2021 and 2022 recreation visits by population center and highlights that recreation visits and visitor days increased for Urban, Suburban, Outlying, and Remote areas while they decreased for Mixed and Rural areas. The largest increase was Urban Areas at 36.7% as urban centers continued to ease COVID-19 restrictions.

Recreation Visits / Visitor Days and Non-Recreation Visits / Visitor Days by Park

Table 4 is a complete record of recreation visits and visitor days for all NPS units reporting visitor use data. The table also shows non-recreation visits and visitor days which includes through traffic (commuters), persons going to and from inholdings, tradespeople with business in the park, and government personnel other than NPS employees with business in the park. Both recreation visits and recreation visitor days were up from 2021 (5% and 0.2%, respectively). Non-recreation visits and visitor days were also up slightly from 2021 (3% and 0.3%, respectively). Superscript references can be found in the Endnotes.

Average Recreation Visits per Day to NPS Units

Visitation to NPS units varies throughout the year. The service-wide average of visits per day, broken down by month, is shown in Figure 5. July had the highest average visits per day at 1,323,765 (0.7% decrease from 2021) and January had the lowest at 392,992 (1.7% increase from 2021). Average visits per day were down in July and December from 2021 while all other months exhibited an increase. March saw the largest increase over 2021 at 21.2%.

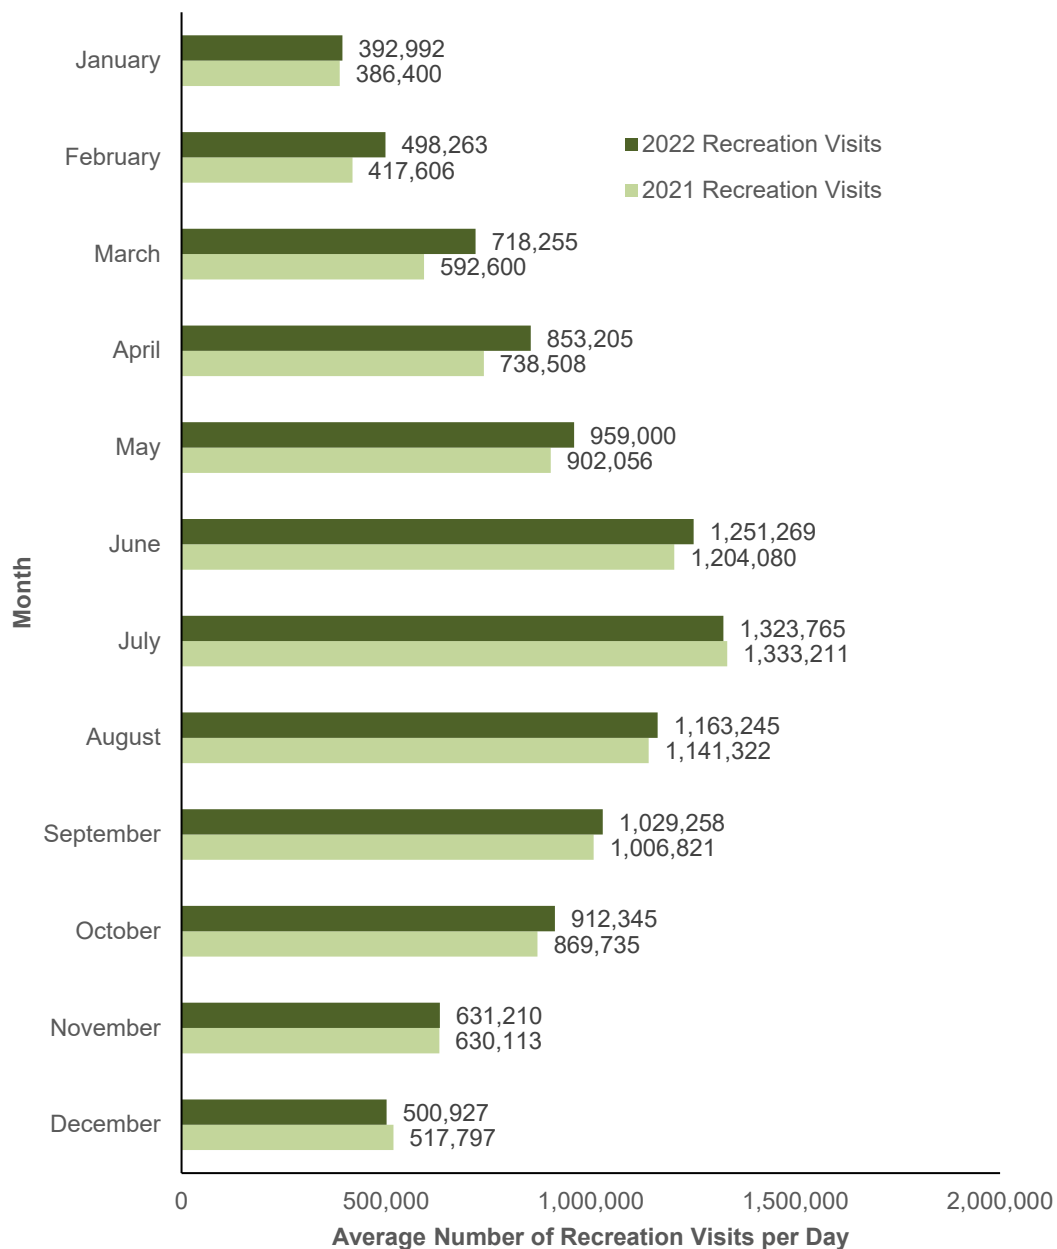

Figure 5. Average Number of Recreation Visits per Day to NPS Units by Month, 2021 to 2022.

Overnight Stays

In addition to visits and visitor hours, the National Park Service tracks the number of overnight stays, which is defined as one night within a park by a visitor. One visitor staying 10 nights or 10 visitors staying one night apiece equals 10 overnight stays. Table 5 shows the number of overnight stays by NPS unit in concession operated lodging, concession operated campgrounds, NPS operated campgrounds (separated by tent and RV overnight stays), backcountry, and miscellaneous locations (any location or accommodation not otherwise defined such as sleeping aboard boats or stays in designated group campsites). The number of non-recreation overnight stays, such as leaseholders, commercial fishermen in park waters, and government personnel other than NPS employees, are also included. In 2022, NPS units recorded 13,254,119 overnight stays which is a 4% increase from 2021. Figure 6 shows the trend for overnight stays by category for the most recent 25 years (1998 to 2022). Superscript references can be found in the Endnotes.

Affiliated and Non-Reporting Areas

Areas affiliated with the National Park Service are linked in importance and purpose to places managed by the NPS, but do not report official NPS visitor use statistics. Also, some National Park System units were unable to report for a variety of reasons such as joint administration, non-federal land ownership, or new parks that lack staff and facilities for managing visitor use statistics.

Subscript references can be found in the Endnotes.

Recreation Visits / Visitor Days by State and U.S. Territory

Table 6 documents the number of recreation visits and visitor days for all parks that reported visitor use in 2022 by state or territory and displays the percent change from the previous year. It is an expansion of Table 2 (2022 Recreation Visits by State and U.S. Territory Compared to 2021) and organizes recreation data in Table 4 (2022 Recreation Visits / Visitor Days and Non-Recreation Visits / Visitor Days by Park and Percent Change from 2021) by state. Superscript references can be found in the Endnotes.

Endnotes

Endnotes are defined with numeric identifiers that apply to Tables 1–6 of the previous pages and to Table A1 of the appendix at the end of this abstract.

¹ New units not reporting visitation

- New Philadelphia NHS (designated December 29, 2022)

² Areas reporting for the first time (first reporting month in parentheses)

- Reconstruction Era NHP (January 2022)

³ Combined areas reporting separately

- Data for the following areas *Klondike Gold Rush NHP Alaska* and *Klondike Gold Rush NHP Seattle* are reported separately but are classified as *Klondike Gold Rush NHP*
- The following area is combined with National Capital Parks Central, and breakdown is not available: *Constitution Gardens*

⁴ Changes in counting procedures (data for the following areas require special adjustments to be comparable with earlier data):

- Amistad NRA (Changed from estimating non-recreation visits to reporting the actual number of researchers in park; added non-recreation overnight stays for researchers staying in the park)
- Bandelier NM (Removed Ponderosa Day Use counts and updated other language and fields to be consistent with park operations)
- Big Bend NP (Added a method to estimate missing days for Federal Highway Administration traffic counters at park entrances; renamed some overnight stay locations; updated non-reportable vehicles and split by entrance; updated non-recreation vehicles and split by entrance)
- Big Hole NB (Changed from manual count of visits at Bearpaw Battlefield to an estimate using a traffic counter)
- Big Thicket NPRES (Removed counts at Lake View because the area is closed)
- Bluestone NSR (Added an estimate using a traffic counter at the Lilly river access area; added an estimate from a trail counter at the Bluestone State Park boundary)
- Buck Island Reef NM (Added special event visits and non-recreation visits)
- Cape Hatteras NS (Changed from sites occupied times a persons-per-site multiplier to estimate of overnight stays from recreation.gov for NPS campground tent and RV overnight stays)
- Catoctin Mountain Park (Added additional federal non-recreation visits)

- Congaree NP (Removed division by two on Cedar Creek traffic count; split backcountry overnight stays into three categories—hiking, river, and creek; added NPS campground tent overnight stays at Longleaf Campground and Bluff Campground; updated non-reportable vehicles for Cedar Creek and Bannister Bridge)
- Cumberland Gap NHP (Removed Highway 58 non-recreation visits and hours because it is not an NPS administered road)
- Cuyahoga Valley NP (Traffic counter technology at all sites changed from inductive loop to magnetometer; added counts and hours for Boston Mill Visitor Center main parking area; added counts and hours for Boston Mill Visitor Center RV parking area; added counts and hours for Towpath Trail North and Towpath Trail south; added counts for Hines Hill facilities; added overnight stays at Environmental Education Center; at Everett Covered Bridge parking area changed from using regression on Botzum traffic counter to using a traffic counter installed at Everett; removed counts at Blue Hen Falls; removed counts at Hike and Bike Trailhead parking; removed counts Boston Store removed Stanford House day use; removed special event visits / hours; removed visits, but retained visitor hours, for Cuyahoga Valley Scenic Railroad because these visits are captured elsewhere; removed counts at Peninsula Depot; removed counts at Winter Sports Center; removed Youth Hostel overnights, removed non-recreation visits and hours)
- Eugene O'Neill NHS (Added visits and hours from Gate trail counter)
- Flight 93 NMEM (Removed motorcycles as a separate count in the calculations because motorcycles are now captured by the traffic counter)
- Fort Pulaski NM (Split traffic count at Cockspur Island into day use and overnight use—overnight use is all non-recreation; added a field for non-recreation visits during operating hours to capture data for park business, pass through, and volunteer vehicles; updated length of stay for a recreation visit from 2.5 hours to 2 hours)
- Gauley River NRA (Added estimates from a traffic counter at Swiss take-out and added a bus count at Lower Gauley put-in to capture previously missed visits on the lower Gauley River; adjusted length of stay to more accurately reflect time spent on the river)
- Governors Island NM (Changed from estimating recreation visits using tour counts to an estimate combining counts at Castle Williams, Fort Jay, and grounds only)
- Grand Teton NP (Changed from buses times a persons-per-bus multiplier to direct count of bus passengers; removed snowmobilers, fee waiver visits, and organized group visits; added counts from multi-use trail at Moose entrance; changed from sites occupied times a persons-per-campsite multiplier to a direct count of overnight stays at campgrounds; added Colter Bay Winter Camping Area; removed roadside camping overnight stays and hunt camps)
- Great Smoky Mountains NP (Added horse camp overnight stays at Anthony Creek, Big Creek, Cataloochee, Round Bottom, and Tow String)
- Guilford Courthouse NMP (Added visits from trail counters at Greenway North, Greenway South, Tour Stop 4, Visitor Center trail, Park Avenue Condos social trail, and Hoskin's Farm)

- Hawai‘i Volcanoes NP (Updated methods for adjusting traffic counts; added overnight stay hours for Nāmakaniāpaio campground)
- Isle Royale NP (Added counts for staff, family, and employee guests arriving on the *Ranger III*)
- Katahdin Woods and Waters NM (Added RV overnight stays in NPS campgrounds)
- Klondike Gold Rush NHP Alaska (Changed from a winter / summer split to choosing the higher of Direct (formerly Winter) counts or Indirect (formerly Summer) counts)
- Lake Chelan NRA (Updated backcountry overnight stays to use multiple sources; updated tent overnight stays to use either recreation.gov or permit system; retained sites occupied times persons-per-site multiplier for other overnights; added backpacker camping at Lakeview Campground)
- Lake Mead NRA (Updated persons-per-vehicle, persons-per-aircraft, persons-per-boat, and persons-per-campsite multiplier from 3.3 to 2.5; updated marina boat overnights from direct count of overnight stays to boats staying overnight times multiplier of 2.5)
- Maggie L. Walker NHP (Non-substantive changes. Split on-site contacts into two fields: visitors entering the visitor center and visitors attending special events)
- Manhattan Project NHP (Removed demonstrations, special events, public programs, and off-site education programs from recreation visitor hours calculation)
- Martin Luther King, Jr. NHP (Changed from using counts at Freedom Hall as a base for recreation visits and replaced it with the larger of the two counts between Ebenezer Baptist Church and the Visitor Center; added an estimate of grounds only visits / visits missed elsewhere; removed special events as separate visits but kept them as part of visitor hours)
- Natchez Trace PKWY (Added bicycle overnight stays)
- New River NP & PRES (Converted trail users at Fayette Station to an estimate of visitors based on a traffic count)
- Olympic NP (Removed overnight stays at Altaire and Elwha campgrounds and replaced visit estimate from a traffic counter with trail count at Elwha District; removed counts from Doswallips traffic counter, trail counter, and campground overnight stays; changed overnight stay category from NPS to concession overnights at Soleduc campground; removed non-recreation logging trucks on Ozette District; removed RV overnight stays for North Fork and Graves Creek Campgrounds; removed picnic users from visitor hours)
- Organ Pipe Cactus NM (Added non-recreation overnight stays)
- Pictured Rocks NL (Removed visits to Grand Marais Maritime Museum from recreation visits and hours; removed cross-country skier vehicles, Munising Ski Trails parking lot, City Limits parking lot, and snowshoers because these visits and hours are captured elsewhere)
- Ross Lake NRA (Updated backcountry overnight stays to use multiple sources; updated tent, RV, and group camping to use recreation.gov overnight stays and self-registration system overnight stays when available; retained sites occupied times persons-per-site multiplier for

other overnights; removed backcountry overnight expansion multiplier because new sources do not need a multiplier)

- Thomas Edison NHP (Removed visits to Potting Shed / Greenhouse from recreation visits; added estimate of grounds only visits; added non-recreation visits and hours)
- Tumacácori NHP (Removed ‘sleepover program’ overnight stays; added Special Use Permit (SUP) visits and overnight stays)
- Virgin Islands NP (Removed counts from Maho Bay Campground, Trunk Bay lifeguard logs, boats at Trunk Bay Beach, passengers off boats at Trunk Bay Beach, and VIERS use)

⁵ Partial or temporary closing (data for the following areas require special adjustments to be comparable with earlier data):

- Adams NHP (Trolleys and some buildings had limited capacities due to COVID-19 precautions throughout the year)
- Allegheny Portage Railroad NHS (Visitor Center closed for repairs from January 23 through May 9)
- Amistad NRA (Black Brush area closed all year due to low water)
- Badlands NP (Park roads and campgrounds inaccessible from 9–14 days in December due to winter weather)

- Clara Barton NHS (Park closed for rehabilitation until September 2022)
- Colonial NHP (Moore House and Nelson House closed all year; Jamestown Visitor Center closed two weeks in January because of COVID-19 precautions)
- Cowpens NB (Limited Visitor Center operation early in the year and during July and August due to COVID-19 precautions)
- Curecanti NRA (Cimarron Campground closed all year)
- Cuyahoga Valley NP (Brandywine area closed May through August)
- Death Valley NP (Scotty's Castle and Grapevine Canyon closed after flooding in October 2015 and a building fire in April 2021; storms in July, August, and September caused flooding which closed many areas of the park—some areas reopened for the winter season, but others remained closed through the end of the year)
- Delaware Water Gap NRA (US Route 209 closed from PA739 to the North Contact Station from March 17 to April 1 due to landslide; US Route 611 closed April 7 to May 26 due to landslide; US Route 611 closed December 17 through end of year due to falling rock)

- Denali NP & PRES (Park Road was closed at Mile 43 and all facilities west of there remained closed all year—because of road closure, bus offerings and campground overnight stays were also reduced)
- Dinosaur NM (Group camping areas closed most of June for improvements)
- Dry Tortugas NP (No overnight stays in park October and November due to hurricane damage)
- Edgar Allen Poe NHS (Park closed through April 15 due to COVID-19 precautions)
- Eisenhower NHS (Eisenhower home reopened Memorial Day weekend after being closed since 2020 due to COVID-19 precautions)
- El Morro NM (Visitor Center on 5-day-a-week schedule instead of 7-day January, February, and March)
- Eleanor Roosevelt NHS (Val Kill buildings remained closed until June due to COVID-19 precautions)
- Federal Hall NM (Closed January through April due to construction and no heat in building)
- Ford's Theatre NHS (Petersen House closed all year due to COVID precautions)
- Fort Matanzas NM (East parking lot closed in October due to damage from Hurricane Ian; area around the Vehicle Ramp, Oceanside boardwalk, and associated parking areas closed November and December due to damage from Hurricanes Ian and Nicole)
- Fort Sumter and Fort Moultrie NHP (Fort Sumter closed September 28 through October 3 due to Hurricane Ian; Fort Moultrie closed September 28 through October 2 due to Hurricane Ian)
- Fort Union NM (Closed April 24, 25, May 1–25 due to Calf Canyon and Hermit's Peak Fires/ heavy smoke in area)
- Frederick Douglass NHS (Park closed for renovations starting March 2022)
- Gateway Arch NP (Old Courthouse closed all year for renovations)
- Gateway NRA (Camp Gateway – Staten Island and Camp Gateway – Brooklyn closed all year)
- Gettysburg NMP (Bushman House remains closed to overnight stays due to COVID-19 precautions)
- Glen Canyon NRA (Many ramp closures throughout the year due to low lake levels)
- Grant-Kohrs Ranch NHS (Ranch house closed until June 27 due to COVID-19 precautions and a renovation project)
- Great Smoky Mountains NP (Limited access to Greenbrier area and some trails in August due to flooding event; Foothills Parkway from Flats Road to Look Rock completely closed June 20 through August 31 with intermittent closures from August 31 through May 2, 2023 for a paving project)

- Greenbelt Park (The park was closed part of July, all of August, and all of September due to damage from a severe storm)
- Guadalupe Mountains NP (Much of the park backcountry / wilderness areas, including wilderness campgrounds mid-April to mid-July due to extreme fire danger and increased wildfire activity in area; Williams Ranch closed all year due to flood damage; Dog Canyon closed due to water issues in June and July)
- Gulf Islands NS (Florida Ferry service not operational throughout the year because of damaged docks)
- Hagerman Fossil Beds NM (Old Visitor Center closed in preparation for new Visitor Center—new Visitor Center opened April 28, 2022)
- Haleakalā NP (Kipahulu Campground closed January and February)
- Hampton NHS (Mansion closed to tours from mid-January through March due to COVID-19 precautions)
- Harry S Truman NHS (Truman Home and Visitor Center closed until April 6 and July 6 through July 13 due to COVID-19 precautions)
- Hawai‘i Volcanoes NP (Mauna Loa Summit Cabin closed November and December due to volcano eruption hazards)
- Hovenweep NM (Visitor Center on limited schedule until June due to COVID-19 precautions)
- Independence NHP (Carpenters Hall closed for construction all months except April)
- Indiana Dunes NP (Douglas Center closed for construction May through the end of the year)
- John F. Kennedy NHS (Park closed most of the year for renovations)
- John D. Rockefeller, Jr. MEM PKWY (June and July flooding closure in Yellowstone NP likely impacted visits to this park because the north entrance of the parkway is connected to the south entrance of Yellowstone NP)
- Kalaupapa NHP (Park other than overlook closed to visitors until March 16, 2022; only 25 sponsored guests per month allowed after mid-March; closed to tours all year due to COVID-19 mitigation)

- Yosemite NP (Mariposa Grove closed for construction February and March; Glacier Point Road closed in 2022 for rehabilitation; Wawona Road and campground closed July 8 for the Washburn Fire and reopened July 23; Mariposa Grove Road closed July 8 for the Washburn Fire and reopened August 3; Chinquapin Road closed in August for construction; Tuolumne Meadows and Crane Flat campgrounds closed for rehabilitation)

⁶Error in Previous Years (Data for the following areas require special adjustment to be comparable with earlier data):

- Allegheny Portage Railroad NHS (Recreation Visitor Hours had incorrect adjustment for duplicate reporting and length of stay for main entrance, buses, and Visitor Center should have been 1 hour instead of 0.85 hours from 2014 through 2021)
- Amistad NRA (Old 277 South calculation was referencing traffic count for Governors Landing and was being added into recreation visits despite location no longer being included in count procedures since 2003; from 1993 through 2021, Recreation Visitor Hours were using group camping overnight stays instead of NPS campground overnight stay hours)

- Big Bend NP (Backcountry Road overnight stays were incorrectly added to Miscellaneous Overnight Stays instead of Backcountry Overnight Stays from 1993 through 2021)
- Big Hole NB (Traffic counter was installed at Bearpaw Battlefield sometime around 2014 but was not converted from hand count, so recreation visits and hours were underestimated from 2014 through 2021)
- Camp Nelson NM (Traffic counter that was originally installed was calibrated incorrectly and recreation visit counts were too high in 2021)
- Canyon de Chelly NM (Hours for Non-Recreation Overnight Stays were missing from Non-Recreation Visitor Hours in 2020 and 2021: 23,184 hours in 2020 and 36,544 hours in 2021)
- Carl Sandburg Home NHS (Length of stay for tours switched with length of stay for grounds only—tour hours were too low and ground only hours were too high from 2008 through 2021)
- Chiricahua NM (Overnight stays in trailers were underreported as 5 per month instead of the actual number of overnight stays in trailers from 1993 through 2021—this resulted in underreporting of NPS campground RV overnight stays and Recreation Visitor Hours)
- Congaree NP (Traffic count at Bannister Bridge should have been divided by 2 from 2012 through 2021)
- Cumberland Gap NHP (Non-recreation visitor hours for US 25 were using uncorrected vehicle counts instead of visits from 2004 through 2021; visits were unaffected)
- Eugene O'Neill NHS (Special event hours were missing from recreation visitor hours from 2012 through 2021)
- Everglades NP (Backcountry overnight stays hours were missing from recreation visitor hours in 2021 and were underreported by 409,507 hours)
- Fort McHenry NM & HS (Recreation visits were low by 66 visits per month and recreation visitor hours were low by 99 hours per month from 2019 through 2021 because we were inadvertently subtracting 60 non-rec vehicles from recreation visits instead of 30 vehicles)
- Fort Smith NHS (From 2014 through 2021, recreation visitor hours were incorrectly using only Visitor Center visits and a partial estimate of grounds only visits instead of using all recreation visits)
- Glen Canyon NRA (Recreation Visitor Hours were missing Hite primitive campground overnight hours and Ticaboo Resort overnight stay hours for an unknown amount of time)
- Lake Chelan NRA (Length of stay for private boats in October was 10 instead of 2 in 2020 and 2021)
- Palo Alto Battlefield NHP (Hours for vehicle recreation visits to Resaca de la Palma were low by a few hundred hours per month from 2018 through 2021; recreation visits were not affected)
- Pictured Rocks NL (Recreation visitor hours were using adjusted recreation visits instead of unadjusted recreation visits from 1995 through 2021)

- Saguaro NP (Missing bus passengers and Scenic Trail users from recreation visits and hours, East Visitor Center visitor hours not included, and incorrect calculation for non-recreation vehicles from May through December 2021)
- Tumacácori NHP (Night program attendance was incorrectly added to Miscellaneous Overnight Stays 2017 through 2021)

⁷ Change in unit designation

- Brown v. Board of Education National Historical Park renamed from Brown v. Board of Education National Historic Site on May 12, 2022
- Pullman National Historical Park renamed from Pullman National Monument on December 29, 2022

Hikers starting their hike at Mount Storm King Olympic National Park (NPS/NICOLE SEGNINI).

Definitions

AFFILIATED AREA: An area administered in connection with the National Park Service (NPS), which uses NPS assistance but is neither federally owned nor directly administered by the NPS.

BACKCOUNTRY: One or more primitive or wilderness areas that are reached primarily by hiking, boating, or horseback. This does not include developed campgrounds solely because they happen to be located on an island (e.g., at Isle Royale NP).

CAMPGROUND: An area of land designated and developed for use as a camp.

CLASSIFICATION: Designated names for areas administered by the NPS may be found in the publication, *The National Parks: Index 2012–2016*.

CONCESSION: A private company or individual granted the privilege of providing facilities and services considered necessary by the NPS for accommodating visitors.

CONCESSION OPERATED CAMPGROUND: An element of a concessioner operation involving services for overnight camping such as RV parks, tent campgrounds, and trailer courts where trailers are not provided by the concessioner.

CONCESSION OPERATED LODGING: An element of a concessioner operation involving facilities for overnight lodging such as hotels, motels, cabins, cottages, trailer villages, and trailer courts where trailers are available for rent by visitors.

MISCELLANEOUS OVERNIGHT STAY: Any overnight stay not otherwise defined such as sleeping aboard boats, camping in organized group campsites, staying overnight in NPS furnished cabins, or any overnight stays not included in other categories. This excludes overnight stays on private inholdings, which are not stays on NPS administered territory.

MIXED AREA PARK: see **POPULATION CENTERS**.

NATIONAL PARK SERVICE (NPS): A Department of the Interior (DOI) bureau which administers approximately two dozen types of federal lands and waters, nationally significant for their scenic, natural, scientific, historical, or archaeological interest (see **CLASSIFICATION**). The NPS was established as a bureau of the DOI by an Act of Congress on August 25, 1916. The NPS does not administer National Forests (United States Department of Agriculture / Forest Service), Wildlife Refuges (United States Department of the Interior / Fish and Wildlife Service), or a variety of other public lands available for visitor use.

NATIONAL PARK SYSTEM: The collection of properties managed by the National Park Service. The General Authorities Act of 1970 defines the System thus: “The 'national park system' shall include any area of land and water now or hereafter administered by the Secretary of the Interior through the National Park Service for park, monument, historic, parkway, recreational, or other purposes.”

NEGLIGIBLE TRANSIT: A brief, incidental entry into a park by passing traffic (vehicular or pedestrian) using NPS-administered grounds, roads, or walkways (see **NON-REPORTABLE VISIT**).

NON-RECREATION OVERNIGHT STAY: A reportable non-recreation overnight stay is any overnight on NPS-administered territory associated with a non-recreation visit and includes leaseholder overnights, line shack overnights for ranchers, overnights for government personnel other than NPS employees, nights on board commercial fishing vessels in NPS-administered waters, researchers on non-NPS business who stay overnight, and other related overnight stays.

NON-RECREATION VISIT: A reportable non-recreation visit includes:

- Persons going to and from inholdings across significant portions of NPS-administered land or water
- Commuter and other through traffic using NPS-administered roads or waterways through a park for their convenience
- Tradespeople with business in the park
- Any civilian activity as part of or incidental to the pursuit of a gainful occupation (e.g., guides)
- Government personnel other than NPS employees with business in a park
- Citizens using NPS buildings for civic or local government business, or attending public hearings
- Outside research activities—visits and overnights—if independent of NPS legislated interests (e.g., meteorological research)

NON-REPORTABLE VISIT: The entry into a park by NPS employees, their families, concession employees, members of cooperating associations, NPS contractors, and service personnel are not reportable as visitor use. Specific situations include:

- Employees of the NPS who are assigned to the park or who are visiting the park in connection with their duty assignment
- NPS contractor, concession, and cooperating association employees
- Temporary or permanent members in households of personnel otherwise included in this definition whose residence is in the park
- Private tenants within NPS boundaries (inholders) if not crossing significant NPS territory for access
- Persons engaged in pursuit of specific legal rights of use (e.g., subsistence hunting and fishing)
- Any other persons whose presence in the park is to help the Service fulfill its mission (e.g., volunteers in parks, research activities associated with the NPS mission)

In addition, brief, incidental entries into a park by passing traffic (vehicular or pedestrian) using NPS-administered grounds, roads, water, or walkways is considered non-reportable. Civil ceremonies (e.g., ritualistic observances, marriages) are non-reportable unless there is a traditional, legislative, or other official and externally imposed requirement bearing on the park, or unless there is a compensatory contract with the activity sponsor as with an authorized special use permit.

NOT REPORTING: These areas do not report official visitation to the NPS.

OUTLYING AREA PARK: See **POPULATION CENTERS**.

OVERNIGHT STAY: One night within a park by a visitor. Overnights by concession employees, inholders, NPS employees, and their families are non-reportable. A party of two visitors staying in a park for three nights yields six overnight stays. There are seven categories of overnight stays:

- Persons staying overnight in concession operated lodges, cabins, motels, and hotels are reported as Concession Operated Lodging Overnight Stays
- Persons staying overnight in concession operated campgrounds, RV parks, and trailer courts (trailers not provided by the concessioner) are reported as Concession Operated Campground Overnight Stays
- Campers in soft-sided tents, sleeping bags, or tents attached to a vehicle in NPS operated campsites are reported as NPS Campground Tent Overnight Stays
- Campers in recreational vehicles, including tent trailers, at NPS operated campsites are reported as NPS Campground RV Overnight Stays (see definition of Recreational Vehicle)
- Campers in sleeping bags or soft-sided tents erected at undeveloped walk-in campsites not accessible by road are reported as Backcountry Overnight Stays. This does not include camping areas having walk-in sites with nearby parking, nor does it include developed campgrounds solely because they happen to be located on an island.
- Campers in group camping areas, on board transport or boats, at trailside shelters, in youth or elder hostels, in undeveloped overflow areas, in cabins or other structures managed by the NPS (not concession), or in other areas not otherwise described here are reported as Miscellaneous Overnight Stays.
- Non-Recreation Overnight Stays are any overnight associated with non-recreation visits (e.g., nights on board commercial fishing vessels within NPS-administered waters or researchers on non-NPS business who stay overnight). All non-recreation overnight stays should be captured in this category regardless of whether they occurred in concession operated lodging, campgrounds, backcountry, etc. Overnight stays on private inholdings are non-reportable.

POPULATION CENTERS: NPS parks are categorized by their proximity to population centers in the following manner:

- **Mixed Area Park**—a park located in a mixture of Outlying Area, Rural Area, Suburban Area, and/or Urban Area with 75% or less of the park area in any one category.

- **Outlying Area Park**—More than 75% of the park is located within a 2020 Metropolitan Statistical Area (MSA) with a population of less than one million people and outside of any Urbanized Area (Urbanized Area as defined by the U.S. Census Bureau).
- **Remote Area Park**—More than 75% of the park is located outside of any 2020 MSA and requires special travel arrangements to reach.
- **Rural Area Park**—More than 75% of the park is located outside of any 2020 MSA and is accessible by paved highway, scheduled air, or marine transport services.
- **Suburban Area Park**—More than 75% of the park is located within a 2020 MSA with a population greater than one million people but outside of any Urbanized Area (Urbanized Area as defined by the U.S. Census Bureau).
- **Urban Area Park**—More than 75% of the park is located within a 2020 Urbanized Area as defined by the U.S. Census Bureau.

RECREATIONAL VEHICLE: Any enclosed vehicle used for camping which is more elaborate than a simple truck or car, such as a pickup truck with a camper body, pop-up trailer, travel trailer, bus, motor coach, mobile home, etc.

RECREATION VISIT: The entry of a person onto lands or waters administered by the NPS except as defined above for non-reportable and non-recreation visits. Funeral parties at National Cemeteries, school groups, etc. are reportable as recreation use because their use meets the purpose for which the park was established. Visits originating on surface vehicles (trains, boats, other) and aircraft may be counted if they stop and disembark passengers on NPS administered territory. **The applicable rule is that one entrance per individual per day is countable.**

REMOTE AREA PARK: See **POPULATION CENTERS**.

RURAL AREA PARK: See **POPULATION CENTERS**.

SERVICE PERSONNEL: Employees of the NPS who are assigned to a park or are visiting a park in connection with their duty assignments, NPS contractors, concession employees, cooperating association employees, and the temporary or permanent members in the households of NPS employees who reside in the park.

SUBURBAN AREA PARK: See **POPULATION CENTERS**.

URBAN AREA PARK: See **POPULATION CENTERS**.

VISIT: The entry of a person onto lands or waters administered by the NPS. There are three categories of visits to parks: (1) visits that are not reported as visitor use; (2) non-recreation visits that are reported as visitor use; and (3) recreation visits that are reported as visitor use. Negligible transit is non-reportable. Same-day reentries and entries to detached portions of the same park on the same day are a single visit. Visits are reported separately for two contiguous, independently authorized parks.

VISITOR: An individual who may generate one or more visits.

VISITOR DAY: Twelve visitor hours in a park.

VISITOR HOURS: The presence of one or more persons, excluding service personnel, in a park for continuous, intermittent, or simultaneous periods of time aggregating one hour (e.g., one person for one hour, two persons for one-half hour each, etc.). Although same day attendance at detached portions of the same park is considered duplicate counting and is reported as a single visit, the time spent by a visitor at detached units is added together for the visitor hour estimate.

Appendix: Parks Setting an Annual Recreation Visit Record in 2022

Twelve parks set a new recreation visit record in 2022. Of the twelve, five parks broke a record they set in 2021: Big Cypress NPRES, Hot Springs NP, Kaloko-Honokōhau NHP, Nez Perce NHP, and Stones River NB. Figure A1 displays the location of each record-setting park and Table A1 lists the record setting parks, the Park Unit ID, 2022 recreation visits, and information on the previous record year. Superscript notes in Table A1 can be found in the Endnotes.
