

The Vascular Flora of Hopewell Furnace National Historic Site

by

William D. Vanderwerff

This survey of the vascular flora of Hopewell Furnace National Historic Site was begun in the spring of 1994 at the request of Roger Stone. Its purpose is to amplify and extend earlier efforts to catalog this important natural resource. To this end, it incorporates the results of the 1987 "Vegetative Study of Hopewell Furnace National Historic Site" by Emily W. B. Russell. To date the Vanderwerff survey has yielded an additional 99 species bringing the combined sightings of the Russell and Vanderwerff surveys to 603 species and varieties of vascular plants within Hopewell Furnace. Because interest in rare and endangered species is always high, the following paragraphs will elaborate on this aspect of the survey.

Three plants listed as endangered in the Pennsylvania Wild Plant Conservation Act are reported here. *Alisma plantago-aquatica* (southern water plantain) and *Juncus dichotomus* (forked rush) were cited by Russell but not yet located by Vanderwerff. *Sparganium angustifolium* (branching bur reed) was reported by Vanderwerff but not by Russell; its identification, however, remains in question. *Paspalum setaceum* var. *muhlenbergii* (hairy slender beargrass) was reported by Vanderwerff. It is classified as tentatively undetermined in Pennsylvania.

Last reported in Hopewell in 1943, *Desmodium illinoense* (trailing tick trefoil) is a federally endangered species. An extensive search at the site of the 1943 observation was unsuccessful. This area was also recently searched unsuccessfully by the Nature Conservancy in connection with the

preparation of the Pennsylvania Natural Diversity Inventory. Because this plant superficially resembles the relatively common *Amphicarpa bracteata* (hog peanut), it can only be confidently identified when in flower (August and September).

I have seen the federally endangered *Poa paludigena* (bog bluegrass) in the Pine Swamp region of nearby French Creek State Park but have not sighted it in Hopewell, most likely because the habitat it favors in Pine Swamp does not exist within Hopewell.

Juncus longii (Long's rush) has been reported in French Creek State Park quite near the reported sighting of *Desmodium humifusum* but apparently this identification has been challenged. "The Vascular Flora of Pennsylvania", Rhoads and Klein, 1993, excludes *Juncus longii* from the state flora with the comment "no confirmed Pennsylvania material".

Several other species of special concern have been previously reported from this general area but I can offer no comment other than none of these was reported by Russell nor, as yet, by Vanderwerff. These plants are: *Aster dumosus* (bushy aster) - Pennsylvania undetermined, *Juncus biflorus* (two-flowered rush) - Pennsylvania undetermined, *Magnolia virginiana* (sweet-bay magnolia) - Pennsylvania threatened, *Najas gracillima* (very slender naiad) - Pennsylvania threatened, *Polygala cruciata* (cross-leaved milkwort) - Pennsylvania endangered and *Scleria muhlenbergii* (reticulated nut-rush) - Pennsylvania endangered.

It goes without saying that all of these plants of special concern will be actively sought in the continuing work on this survey.

There are a number of plants in Hopewell which, while not rare enough to warrant designation as being of special concern, are none the less rarely seen. Among these rarely seen plants are: *Ceratophyllum demersum* (hornwort), *Chaenorrhinum minus* (dwarf snapdragon), *Comptonia peregrina* (sweet fern), *Dryopteris X boottii* (Boott's woodfern), *Dulichium arundinaceum* (three-way sedge), *Erigeron pulchellus* (Robin's plantain), *Iris pseudacorus* (yellow iris), *Jeffersonia diphylla* (twinleaf), *Lespedeza cuneata* (wedge-shaped bush clover), *Nasturtium microphyllum* (small-leaved watercress), *Obolaria virginica* (pennywort), *Sagina decumbens* (decumbent pearlwort), *Tussilago farfara* (coltsfoot) and a white form of *Viola affinis* (albino LeConte's violet).

There are several small wetlands habitats within Hopewell. These tend to lie astride the courses of French Creek, Spout Run and the several branches of Baptism Creek. The broad, flat area lying just above the confluence of French and Baptism Creeks is one of the largest of these, comprising maybe four acres, and comes closest to resembling a bog. The wetland flanking all the branches of Baptism Creek north of Hopewell Road may have an overall larger area but it is an alluvial wetland diversely distributed along the courses of these streams. An appended map locates these wetland areas. Thus far, the survey has found 77 obligate wetlands plants growing in these wetlands.

Thus far, 65 species of grasses have been found within Hopewell. Among the less common are *Alopecurus pratensis* (meadow foxtail), four species of *Bromus* (brome grass or chess), *Glyceria septentrionalis* (eastern mannagrass), *Muhlenbergia mexicana* (satin grass), *Panicum depauperatum* (starved panic grass), *Panicum sphaerocarpon* (round-fruited panic grass), *Paspalum setaceum* (slender beadgrass), *Schizachyrium scoparium* (little bluestem) and *Sorghastrum nutans* (Indian grass).

A separate record was maintained as an inventory of Field 13 and Field 13A astride Bethesda Road at Hopewell Road. These adjacent fields support a rich and diverse meadow flora including seven asters, three goldenrods, an orchid and many other wildflowers in addition to many grasses. This inventory is appended in a separate list.

The attached seven flora lists (Gymnosperms, Pteridophytes, Grasses, Sedges, Other Monocots, Broadleaf Trees and Shrubs and Herbaceous Dicots summarize the results of the first year of work on this survey. The nomenclature used here is essentially that of Rhoads and Klein, "The Vascular Flora of Pennsylvania", 1993, with the addition of some varieties and forms which those authors did not recognize. As it becomes available, the multivolume "Flora of North America" will be used as the nomenclature standard. It should be noted that the Russell report did not recognize taxa below the species level, while the present survey recognizes many varieties and forms. Therefore, in references to sightings by Russell of plants which exist in southeastern Pennsylvania in more than one variety, it will be assumed that it was the most common variety which

Russell was reporting. The following paragraphs seek to explain the terms used in these flora lists.

In the interest in conserving space, the Colloquial Name column lists only one common name. This is either the one most common in eastern Pennsylvania or the one preferred by the author. In the case of plants not having a generally accepted common name, a translation of the technical name is used instead.

The Occurrence in Southeastern Pennsylvania column refers to the counties of Berks, Bucks, Chester, Delaware, Lancaster, Lebanon, Lehigh, Montgomery, Philadelphia and York (with the exclusion of that narrow strip along the Delaware River which is in the Coastal Plain Province). Several independent sources were used to obtain this data.

The Hopewell Sightings column indicates which of the two surveys, Russell or Vanderwerff (WDV) reported the plant.

The special status column indicates whether a plant is:

- OW An obligate wetlands species
- PA Listed or proposed for listing under the Pennsylvania Wild Plant Conservation Act
- US Listed or proposed for listing under the Federal Endangered Species Act

The descriptors used in the N/I (native or introduced) column are:

- N Native to southeastern Pennsylvania
- IP Introduced into southeastern Pennsylvania from elsewhere in Pennsylvania
- IA Introduced from elsewhere in North America
- I Introduced from outside North America

The Hopewell Locations refers to specific grid locations within which the plant was seen. The included map with the grid overlay provides the key to these locations. If a plant is widely distributed, and hence easily found, only a single grid location will be given. This will be the most convenient location where the plant can be easily found.

The Hopewell Location is followed in parenthesis by estimates of the occurrence within Hopewell and of how widely the plant is distributed within Hopewell. Widely distributed implies that the plant can be found almost anywhere in Hopewell which provides the appropriate habitat. Scattered implies that the plant can be found at many locations in Hopewell (again meaning those locations which provide the appropriate habitat). Local implies the the plant can be found at only one, or at most a very few, isolated locations; for example, the yellow iris (*Iris pseudacorus*) is known only from a small colony along French Creek in grid F12.

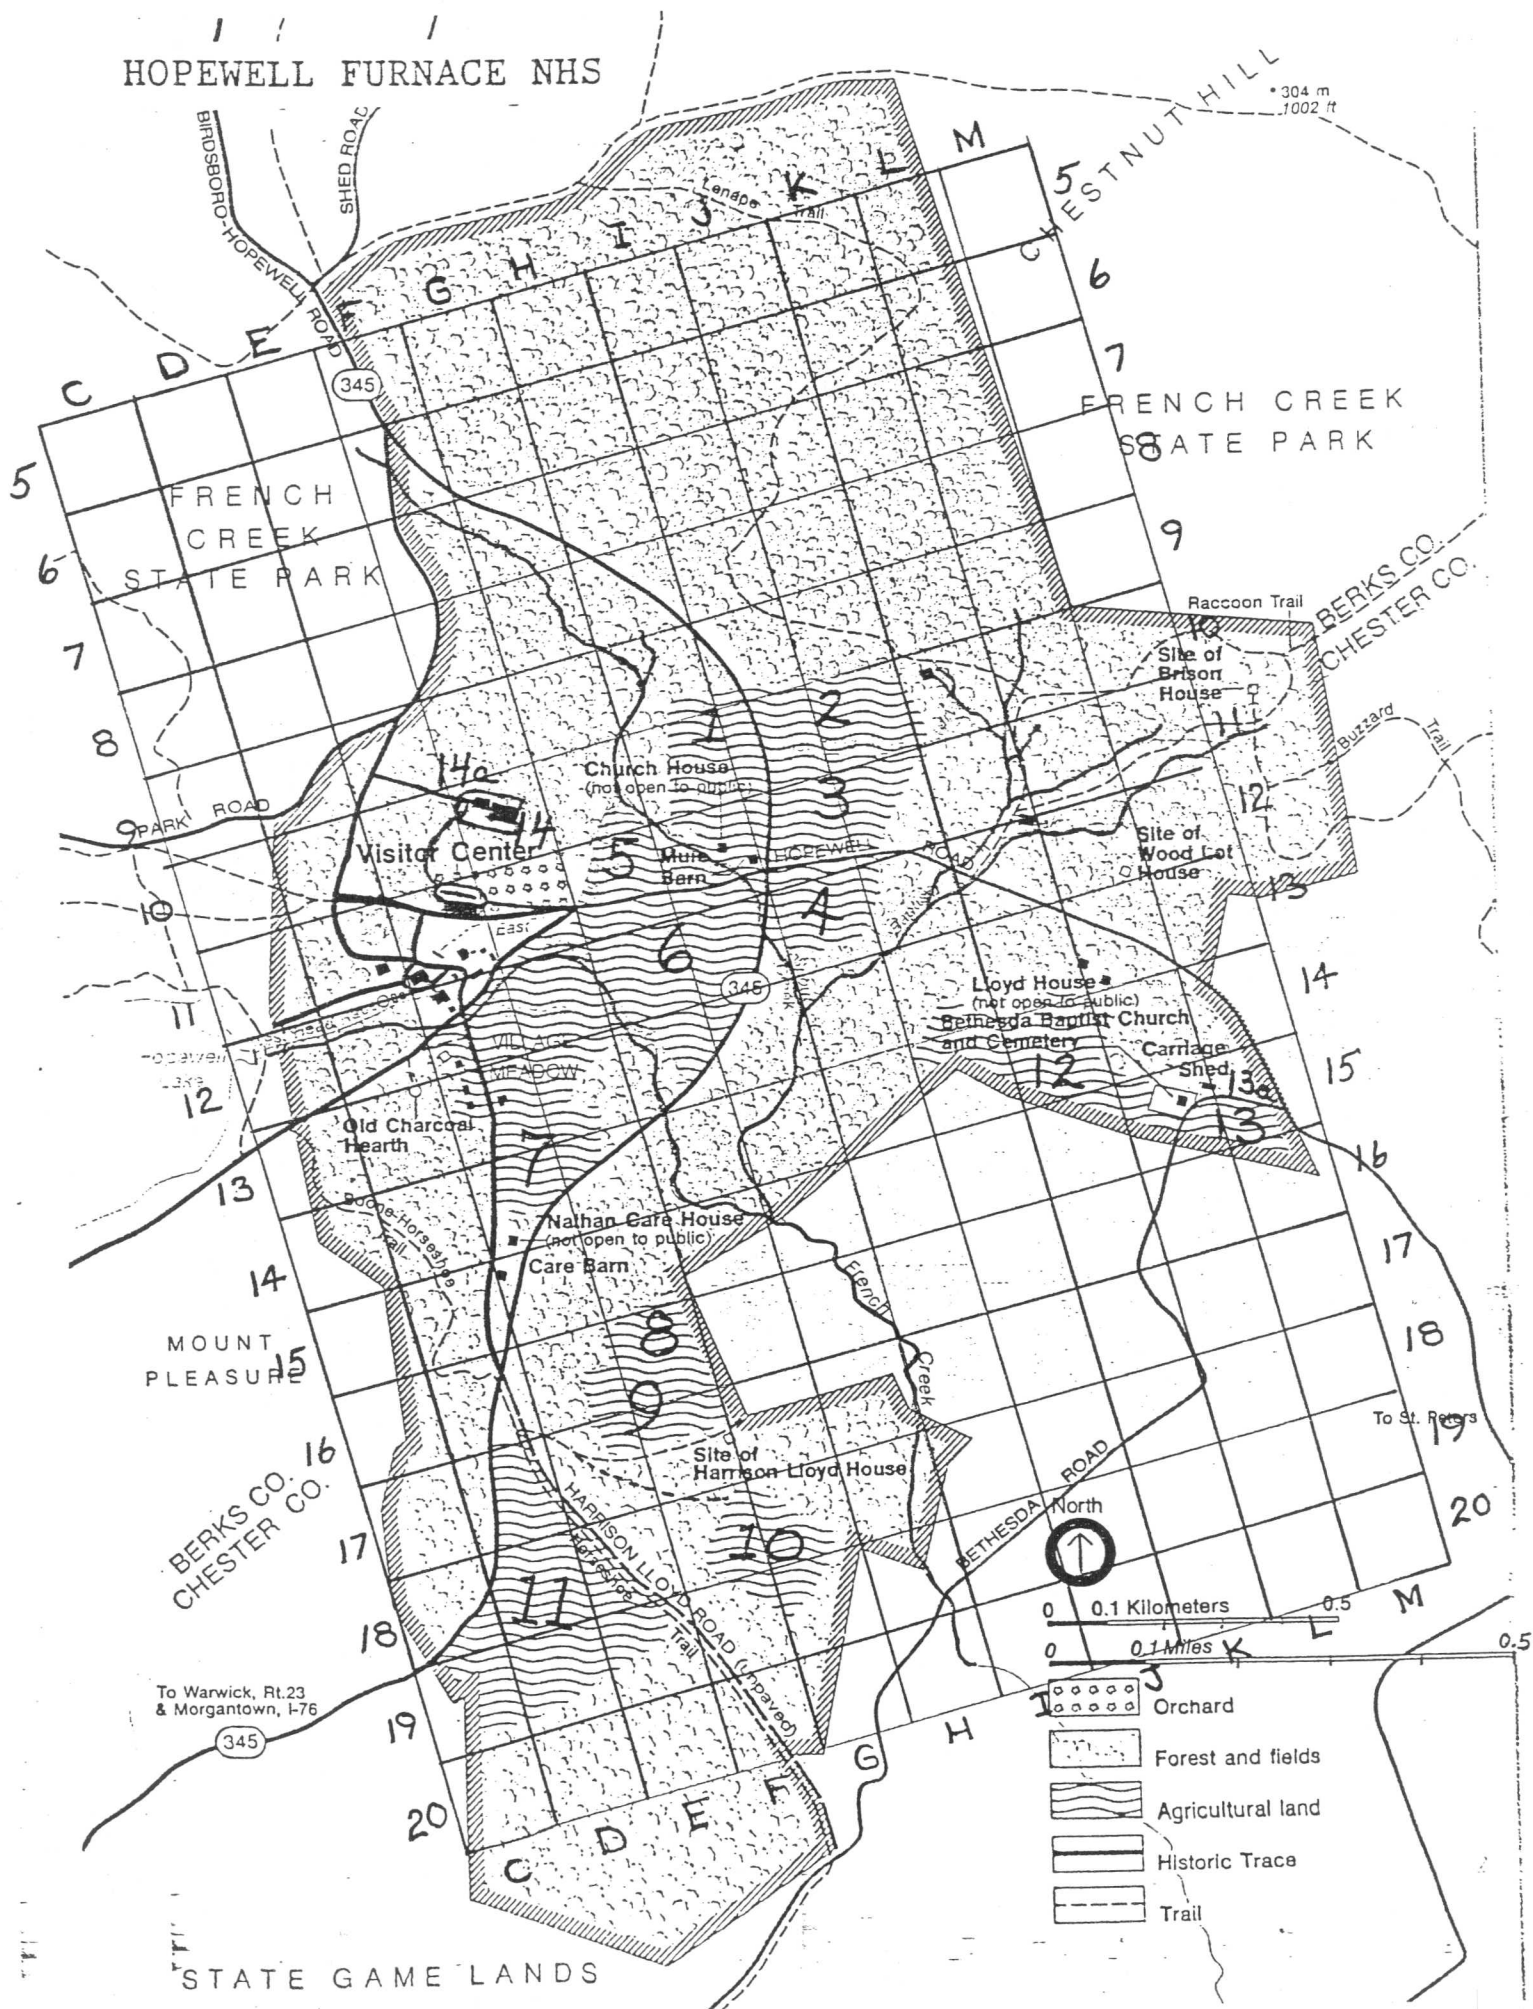

The Natural Habitat column refers to the generally preferred habitat or habitats of the species, not necessarily the specific habitat in which it occurs at Hopewell.

As noted above, this report is preliminary in nature and I look forward to continuing the work in the coming years.

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)					Natural Habitat
<i>Adiantum pedatum</i>	(maidenhair fern)	Common	Russell	N	Rich hardwoods
<i>Asplenium platyneuron</i>	(ebony spleenwort)	Common	Russell & WDV	N	
D12, E18, F19	(Infrequent & Scattered)		Open woods, wooded slopes, rocky banks		
<i>Athyrium filix-femina</i> var. <i>angustum</i> forma <i>rubellum</i>	(reddish lady fern)	Common	Russell & WDV	N	
F13, L12	(Frequent & Scattered)		Low woods, swamps and thickets		
<i>Athyrium filix-femina</i> var. <i>asplenoides</i>	(southern lady fern)	Frequent	WDV	N	
L12	(Infrequent & Scattered)		Wet woods, thickets, swamps and meadows		
<i>Botrychium dissectum</i>	(cut-leaved grapefern)	Frequent	WDV	N	
F14	(Infrequent & Scattered)		Pastures, clearings, old fields and sterile meadows		
<i>Botrychium dissectum</i> forma <i>obliquum</i>	(ternate grapefern)	Common	Russell & WDV	N	
D12, F13, F14	(Infrequent & Scattered)		Pastures, clearings, old fields and open woods		
<i>Botrychium oneidense</i>	(evergreen cut-leaved grapefern)	Rare	Russell	N	Woods
<i>Botrychium virginianum</i>	(rattlesnake fern)	Common	Russell & WDV	N	
D16	(Frequent & Scattered)		Rich deciduous or mixed woods		
<i>Dennstaedtia punctilobula</i>	(hayscented fern)	Common	Russell & WDV	N	
D16, F14, M10	(Common & Widespread)		Rocky, open woods or pastures		
<i>Deparia thelypteroides</i>	(silvery spleenwort)	Frequent	Russell	N	
			Rich woods, bottomlands and shaded slopes		
<i>Diplazium digitatum</i>	(crow's foot)	Common	Russell & WDV	N	
N10, M12	(Frequent & Scattered)		Dry woods, thickets and clearings		
<i>Dryopteris carthusiana</i>	(spinulose wood fern)	Common	Russell & WDV	N	
C14, G14	(Frequent & Scattered)		Low woods, thickets and swamps		
<i>Dryopteris cristata</i>	(crested wood fern)	Frequent	Russell & WDV	N	
G14	(Infrequent & Local)		Boggy or swampy open ground		
<i>Dryopteris intermedia</i>	(evergreen wood fern)	Common	Russell	N	
			Wet to dry woods and thickets		
<i>Dryopteris marginalis</i>	(marginal wood fern)	Common	Russell & WDV	N	
D16, E11, F19	(Frequent & Scattered)		Woods, clearings and rocky slopes		
<i>Dryopteris X bootii</i>	(Boott's wood fern)	Infrequent	WDV	N	
G14	(Infrequent & Local)		Swamps and moist woodland edges		
<i>Equisetum arvense</i>	(common horsetail)	Common	Russell & WDV	N	
K12	(Infrequent & Scattered)		Open low ground		

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Equisetum sylvaticum</i>	(woodland horsetail)	Infrequent	Russell	N	
			Woodlands, thickets and openings		
<i>Huperzia lucidula</i>	(shining clubmoss)	Common	WDV	N	
F14	(Not reported & Local ?)				Cool woods
<i>Lycopodium obscurum</i>	(ground pine)	Common	Russell & WDV	N	
M11	(Infrequent & Scattered)		Woods, copses and clearings		
<i>Onoclea sensibilis</i>	(sensitive fern)	Common	Russell	N	
			Low open ground		
<i>Osmunda cinnamomea</i>	(cinnamon fern)	Common	Russell & WDV	N	
F13	(Common & Widespread)		Swamps, low woods and thickets		
<i>Osmunda claytoniana</i>	(interrupted fern)	Frequent	Russell & WDV	N	
F8	(Infrequent & Scattered)		Moist woods and thickets		
<i>Osmunda regalis</i>	(royal fern)	Frequent	Russell & WDV	N	OW
F8, F13, G14	(Infrequent & Scattered)		Low woods, swales and shores		
<i>Phegopteris hexagonoptera</i>	(broad beech fern)	Frequent	WDV	N	
E11, G7	(Rare & Scattered)		Rich woods		
<i>Polypodium virginianum</i>	(common polypody)	Common	Russell & WDV	N	
C14, D14, D15	(Infrequent & Local)		Rocks, crests of ledges and bases of trees		
<i>Polystichum acrostichoides</i>	(Christmas fern)	Common	Russell & WDV	N	
E18	(Common & Widespread)		Woods and rocky slopes		
<i>Pteridium aquilinum</i>	(bracken)	Common	Russell & WDV	N	
M11	(Infrequent & Scattered)		Open woods, burns and clearings		
<i>Thelypteris noveboracensis</i>	(New York fern)	Common	Russell & WDV	N	
D16	(Common & Widespread)		Dry to damp woods and thickets		
<i>Thelypteris palustris</i> var. <i>pubescens</i>	(marsh fern)	Frequent	Russell & WDV	IA	
F12, F13, L12	(Frequent & Scattered)		Swamps, bogs, and wet meadows		

Gymnosperms at Hopewell Furnace National Historic Site

- 21 Species and varieties known in Southeastern Pennsylvania
- 8 Species and varieties sighted in Hopewell Furnace by either Russell or Vanderwerff
- 3 Species and varieties sighted in Hopewell by Vanderwerff but not by Russell

Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Carex gracillima</i>	(graceful sedge)	Frequent	Russell & WDV	N	
K12	(Infrequent & Scattered)		Woodlands, thickets and meadows		
<i>Carex granularis</i>	(meadow sedge)	Frequent	Russell & WDV	N	
J12	(Infrequent & Scattered)		Calcareous or rich woods, meadows and bottomlands		
<i>Carex grisea</i>	(gray sedge)	Infrequent	WDV	N	
G17	(Infrequent & Scattered)		Rich woods, bottomlands and meadows		
<i>Carex gynandra</i>	(nodding sedge)	Frequent	Russell	N	OW
			Swales, thickets and low woods		
<i>Carex hirsutella</i>	(slightly hairy sedge)	Frequent	Russell	N	
			Open woods, fields, meadows and clearings		
<i>Carex intumescens</i>	(bladder sedge)	Frequent	Russell & WDV	N	
I8, G7	(Infrequent & Scattered)		Alluvial woods, meadows and swales		
<i>Carex laxiculmis</i>	(spreading sedge)	Frequent	Russell	N	
			Rich woods and glades		
<i>Carex laxiflora</i>	(loose-flowered sedge)	Frequent	Russell & WDV	N	
M15	(Not reported & Scattered)		Rich hardwoods and loamy slopes		
<i>Carex lupulina</i>	(hop sedge)	Infrequent	Russell	N	OW
			Swamps and wet woods		
<i>Carex lurida</i>	(sallow sedge)	Common	Russell & WDV	N	OW
E12	(Rare & Local)		Swales, swamps and wet woods		
<i>Carex normalis</i>	(larger straw sedge)	Common	Russell	N	
			Rich woods, thickets and swales		
<i>Carex pennsylvanica</i>	(Pennsylvania sedge)	Frequent	Russell	N	
			Dry open soil and open woods		
<i>Carex prasina</i>	(drooping sedge)	Frequent	Russell	N	OW
			Rich low woods and glades		
<i>Carex radiata</i>	(stellate sedge)	Common	Russell & WDV	N	
D11, G17	(Infrequent & Scattered)		Rich woods and thickets		
<i>Carex rosea</i>	(coiled stellate sedge)	Common	Russell	N	
			Dry woods and thickets		
<i>Carex scoparia</i>	(pointed broomsedge)	Common	Russell	N	
			Moist to dry open ground, thickets and open woods		
<i>Carex stipata</i>	(awl-fruited sedge)	Common	Russell & WDV	N	
F14, G14	(Infrequent & Scattered)		Low grounds		
<i>Carex stricta</i>	(tussock sedge)	Frequent	Russell & WDV	N	OW
F12	(Frequent & Scattered)		In acid or sub-acid swamps, swales and low woods		
<i>Carex swanii</i>	(Swan's sedge)	Common	Russell & WDV	N	
M15	(Infrequent & Local?)		Woods, thickets and clearings		
<i>Carex vulpinoidea</i>	(fox sedge)	Common	Russell & WDV	N	OW
F12	(Frequent & Scattered)		Low ground		
<i>Cyperus bipartitus</i>	(shining umbrella sedge)	Frequent	Russell	N	
			Wet sandy, gravelly, muddy or peaty places		

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Cyperus flavescent</i>	(yellow umbrella sedge)	Infrequent	WDV	N	OW
E12	(Infrequent & Scattered)				Wet sandy soil
<i>Cyperus lupulinus</i> var. <i>macilentus</i>	(sessile-spiked variety)	Not reported	WDV	N	
E12	(Infrequent & Scattered ?)		Dry, rocky or sandy ground		
<i>Cyperus strigosus</i>	(false nutsedge)	Common	Russell & WDV	N	
E12	(Frequent & Scattered)	Meadows, swales, damp thickets and shores			
<i>Dulichium arundinaceum</i>	(three-way sedge)	Frequent	Russell & WDV	N	OW
F12	(Rare & Local)	Swamps and margins of pools and streams			
<i>Eleocharis acicularis</i>	(least spike rush)	Frequent	Russell	N	OW
		Damp shores and low ground			
<i>Eleocharis erythropoda</i>	(bald spike rush)	Infrequent	Russell	N	OW
		Wet shores, marshes and springy spots			
<i>Eleocharis obtusa</i>	(blunt spike rush)	Common	Russell	N	OW
		Swampy ground, bogs and ditches			
<i>Eleocharis tenuis</i>	(slender spike rush)	Frequent	Russell & WDV	N	
		Wet, damp or even dryish sands, gravels and peats			
<i>Rhynchospora capitellata</i>	(clustered beak rush)	Frequent	Russell & WDV	N	OW
F12	(Frequent & Scattered)	Boggy meadows and low open woods			
<i>Schoenoplectus tabernaemontani</i>	(great bulrush)	Frequent	Russell & WDV	N	OW
E12	(Rare & Local)	Brackish or fresh shallow water and marshes			
<i>Scirpus atrovirens</i>	(dark-green bulrush)	Frequent	Russell & WDV	N	OW
E12, J12	(Infrequent & Scattered)	Meadow, bogs and low thickets			
<i>Scirpus cyperinus</i>	(wool grass)	Common	Russell & WDV	N	
F12, L12	(Infrequent & Scattered)	Wet meadows and swamps			
<i>Scirpus expansus</i>	(wood bulrush)	Infrequent	Russell & WDV	N	OW
F12	(Infrequent & Local)	Spring-heads, meadows, borders of rills and thickets			
<i>Scirpus georgianus</i>	(Georgian dark-green bulrush)	Frequent	Russell	N	OW
		Swamps, moist meadows and wet woods			
<i>Scirpus hattorianus</i>	(bulrush)	Infrequent	Russell	N	OW
		Swamps, bogs and moist meadows			
<i>Scirpus polyphyllus</i>	(leafy bulrush)	Frequent	Russell	N	OW
		Low woods, swamps and shores			

Other Monocots at Hopewell Furnace National Historic Site

239 Species and varieties known in Southeastern Pennsylvania

54 Species and varieties sighted in Hopewell Furnace by either Russell or Vanderwerff

8 Species and varieties sighted in Hopewell by Vanderwerff but not by Russell

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Acorus calamus</i>	(sweet flag)	Frequent	Russell	I	OW
		Wet places and borders of quiet water			
<i>Alisma plantago-aquatica</i> var. <i>americana</i>	(southern water plantain)	Frequent	Russell	N	OW PA
		Shallow water, muddy shores and ditches			
<i>Allium canadense</i>	(wild garlic)	Frequent	Russell & WDV	N	
G14	(Frequent & Scattered)	Low woods, thickets and meadows			
<i>Allium vineale</i>	(field garlic)	Common	Russell & WDV	I	
		Disturbed woods, fields and lawns			
<i>Arisaema triphyllum</i>	(jack-in-the-pulpit)	Common	Russell	N	
		Rich woods and thickets			
<i>Asparagus officinalis</i>	(asparagus)	Frequent	Russell	I	
		Fields, roadsides and waste ground			
<i>Commelina communis</i>	(Asiatic dayflower)	Common	Russell & WDV	I	
K12	(Frequent & Scattered)	Gardens, roadsides and stream banks			
<i>Cypripedium acaule</i>	(moccasin flower)	Frequent	Russell	N	
		Dry acid soil of woodlands			
<i>Dioscorea villosa</i>	(wild yam)	Frequent	Russell	N	
		Woods, thickets and rocky slopes			
<i>Elodea nuttallii</i>	(Nuttall's waterweed)	Frequent	Russell	N	OW
		Shallow waters, fresh and slightly brackish			
<i>Erythronium americanum</i>	(dogtooth violet)	Common	Russell	N	
		Rich woods, bottomlands and meadows			
<i>Galearia spectabilis</i>	(showy orchid)	Frequent	Russell	N	
		Rich, mostly calcareous woods			
<i>Goodyeara pubescens</i>	(rattlesnake plantain)	Frequent	Russell & WDV	N	
D15, M11	(Infrequent & Scattered)	Dry or moist woods			
<i>Hemerocallis fulva</i>	(orange day lily)	Frequent	Russell & WDV	I	
G13	(Rare & Local)	Roadsides, borders of fields and thickets			
<i>Hypoxis hirsuta</i>	(yellow star grass)	Frequent	Russell	N	
		Open woods and meadows			
<i>Iris pseudacorus</i>	(yellow iris)	Rare	WDV	I	OW
F12	(Rare & Local)	Marshland, meadows and brookside			
<i>Isotria verticillata</i>	(whorled pogonia)	Frequent	Russell	N	
		Acid or mediacid woodlands			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Juncus dichotomus</i>	(forked rush)	Infrequent	Russell	N	PA
		Dry or moist acid soils			
<i>Juncus effusus</i> var. <i>solutus</i>	(loose soft rush)	Common	Russell & WDV	N	
E12, F12	(Infrequent & Local)	Swamps, wet meadows and moist woods			
<i>Juncus marginatus</i>	(grass-like rush)	Frequent	Russell	N	
		Moist siliceous, argillaceous or peaty soil			
<i>Juncus subcaudatus</i>	(tailed rush)	Infrequent	Russell	N	OW
		Bogs, mossy woods and shaded spring-heads			
<i>Juncus tenuis</i>	(path rush)	Common	Russell & WDV	N	
M15	(Frequent & Scattered)	Damp, wet or dry open soils, roadsides, thickets and swamps			
<i>Lemna minor</i>	(lesser duckweed)	Common	Russell	N	OW
		Quiet waters			
<i>Luzula echinata</i>	(hedgehog wood rush)	Common	WDV	N	
L12, F14	(Common & Widespread)	Moist, rocky woods and wet meadows			
<i>Luzula multiflora</i>	(common wood rush)	Common	Russell	N	
		Woods, swamps and floodplains			
<i>Maianthemum canadense</i>	(wild lily-of-the-valley)	Common	Russell & WDV	N	
K12	(Common & Widespread)	Woods and recent clearings			
<i>Medeola virginiana</i>	(Indian cucumber root)	Common	Russell	N	
		Rich woods			
<i>Narcissus pseudo-narcissus</i>	(daffodil)	Not reported	WDV	I	
E12	(Rare & Local)	Fields and open groves			
<i>Narcissus pseudo-narcissus</i> var. <i>plenus</i>	(double-flowered daffodil)	Infrequent	WDV	I	
I11, E10	(Rare & Local)	Abandoned homesites and gardens			
<i>Ornithogallum umbellatum</i>	(star-of-Bethlehem)	Common	Russell & WDV	I	
G17	(Infrequent & Scattered)	Roadsides, grasslands and thickets			
<i>Platanthera lacera</i>	(ragged orchid)	Frequent	Russell	N	
		Dry to wet meadows, thickets and woods			
<i>Polygonatum biflorum</i>	(smooth Solomon's seal)	Common	Russell & WDV	N	
K10	(Infrequent & Scattered)	Dry to moist sandy, loamy or rocky woods			
<i>Polygonatum pubescens</i>	(hairy Solomon's Seal)	Common	WDV	N	
I9	(Frequent & Widespread)	Woods, wooded bluffs and about boulders in woods			
<i>Potamogeton epihydrus</i> var. <i>nuttallii</i>	(Nuttall's pondweed)	Infrequent	Russell & WDV	N	OW
E12	(Rare & Local)	Quiet waters			
<i>Potamogeton crispus</i>	(curly pondweed)	Infrequent	Russell & WDV	I	OW
E12	(Infrequent & Local)	Muddy, calcareous and brackish ponds and streams			
<i>Potamogeton foliosus</i> var. <i>macellus</i>	(smaller leafy pondweed)	Infrequent	Russell	N	OW
		Lakes and streams			
<i>Sagittaria australis</i>	(Appalachian arrowhead)	Frequent	Russell	N	OW
		By springs, rills and ponds			
<i>Sagittaria latifolia</i> var. <i>pubescens</i>	(hairy arrowhead)	Frequent	Russell & WDV	N	OW
F12, K12	(Infrequent & Local ?)	Moist meadows and river banks			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Siairinchium angustifolium</i>	(stout blue-eyed grass)	Common	Russell & WDV	N	
M15, F12	(Infrequent & Scattered)	Meadows, low woods and thickets and damp shores			
<i>Siairinchium mucronatum</i>	(slender blue-eyed grass)	Frequent	Russell & WDV	N	
D11, E14, F14	(Frequent & Scattered)	Meadows, fields and open woods			
<i>Smilacina racemosa</i> var. <i>cylindrata</i>	(smaller false Solomon's seal)	Common	Russell	N	
		Woods and clearings			
<i>Smilax glauca</i>	(cat brier)	Frequent	Russell & WDV	N	
L12, M10	(Infrequent & Scattered)	Dry to moist sandy thickets, open woods and fields			
<i>Smilax herbacea</i>	(carrion flower)	Frequent	Russell	N	
		Rich, calcareous woods and thickets			
<i>Smilax hispida</i>	(hispid greenbrier)	Infrequent	Russell & WDV	N	
M11	(Frequent & Widespread)	Rich calcareous woods, thickets and bottoms			
<i>Smilax pulverulenta</i>	(carrion flower)	Frequent	WDV	N	
F6, I8, J9	(Infrequent & Scattered)	Rich calcareous woods and thickets			
<i>Smilax rotundifolia</i>	(common greenbrier)	Common	Russell & WDV	N	
F14	(Common & Widespread)	Moist to dryish thickets and woods			
<i>Sparganium americanum</i>	(bur reed)	Common	Russell	N	OW
		Muddy or peaty shores and shallow water			
<i>Sparganium angrocladum</i>	(branching bur reed)	Not reported	WDV	N	OW PA
G14, K12, L11	(Rare & Local)	Muddy or peaty shores and shallow water			
<i>Spiranthes cernua</i>	(nodding ladies' tresses)	Frequent	Russell & WDV	N	
M15	(Rare & Scattered)	Wet or dryish open soil or in bogs			
<i>Symplocarpus foetidus</i>	(skunk cabbage)	Common	Russell & WDV	N	OW
K12	(Common & Widespread)	Wet meadows, swampy woods and thickets			
<i>Typha latifolia</i>	(common cattail)	Common	WDV	N	OW
K12, L11	(Rare & Local)	Marshes and shallow water			
<i>Uvularia perfoliata</i>	(perfoliate bellwort)	Common	Russell & WDV	N	
I8	(Frequent & Scattered)	Thin woods, thickets and clearings			
<i>Uvularia sessilifolia</i>	(sessile-leaved bellwort)	Common	Russell	N	
		Woods, thickets and clearings			
<i>Veratrum viride</i>	(false hellebore)	Frequent	Russell & WDV	N	
D12, G14, H13	(Infrequent & Scattered)	Swamps and low grounds

363 Species and varieties known in Southeastern Pennsylvania

90 Species and varieties sighted in Hopewell Furnace by either Russell or Vanderwerff

10 Species and varieties sighted in Hopewell by Vanderwerff but not by Russell

Updated: Friday, October 21, 1994

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Acer negundo</i>	(box elder)	Frequent	Russell	N	River banks
<i>Acer rubrum</i>	(red maple)	Common	Russell	N	Swamps or uplands
<i>Acer saccharinum</i>	(silver maple)	Frequent	Russell	N	River banks and bottomlands
<i>Acer saccharum</i>	(sugar maple)	Frequent	Russell & WDV	N	
<i>Ailanthus altissima</i>	(tree of heaven)	Frequent	Russell	I	
<i>Alnus glutinosa</i>	(black alder)	Rare	WDV	I	
E12	(Rare & Local)				
<i>Alnus incana</i> ssp. <i>rugosa</i>	(speckled alder)	Rare	Russell	N	Low grounds, swamps and margins of streams
<i>Alnus serrulata</i>	(smooth alder)	Common	Russell & WDV	N	OW
F12	(Infrequent & Local ?)				
<i>Amelanchier canadensis</i>	(oblong-leaf juneberry)	Infrequent	Russell & WDV	N	Swamps, low grounds and thickets
E18	(Infrequent & Scattered)				
<i>Asimina triloba</i>	(common pawpaw)	Rare	Russell	N	Rich woods and alluvium
<i>Berberis thunbergii</i>	(Japanese barberry)	Frequent	Russell & WDV	I	Pastures and open habitats
H12	(Frequent & Scattered)				
<i>Betula alleghaniensis</i>	(yellow birch)	Infrequent	Russell & WDV	N	Rich woods
D15	(Infrequent & Scattered)				
<i>Betula lenta</i>	(cherry birch)	Frequent	Russell & WDV	N	
K8	(Frequent & Widespread)				
<i>Betula nigra</i>	(river birch)	Infrequent	Russell	N	Bottomlands and borders of streams
<i>Broussonetia papyrifera</i>	(paper mulberry)	Rare	Russell	I	Roadsides and thickets
<i>Carpinus caroliniana</i>	(ironwood)	Common	Russell & WDV	N	Rich woods and swamps
K11	(Common & Widespread)				
<i>Carya glabra</i>	(pignut hickory)	Frequent	Russell	N	Dry woods and slopes

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Carya laciniosa</i>	(shellbark hickory)	Rare	Russell	N	
					Rich woods and bottoms
<i>Carya ovata</i>	(shagbark hickory)	Common	Russell	N	
					Rich woods, bottoms and slopes
<i>Carya tomentosa</i>	(mockernut hickory)	Frequent	Russell	N	
<i>Castanea dentata</i>	(chestnut)	Common	Russell	N	
					Dry, gravelly or rocky, mostly acid soil
<i>Catalpa bignonioides</i>	(southern catalpa)	Infrequent	WDV	I	
G5	(Rare & Local)				
<i>Catalpa speciosa</i>	(northern catalpa)	Not reported	WDV	I	
E11	(Rare & Local)				
<i>Celtis occidentalis</i>	(American hackberry)	Frequent	Russell	N	
					Damp to dry woodlands
<i>Cephalanthus occidentalis</i>	(buttonbush)	Frequent	Russell & WDV	N	OW
E12	(Rare & Local)				Swamps and margins of ponds and streams
<i>Cercis canadensis</i>	(redbud)	Infrequent	Russell & WDV	N	
D11, D12	(Rare & Local)				Rich woods and ravines
<i>Clethra alnifolia</i>	(sweet pepperbush)	Rare	Russell	N	
					Swamps, damp thickets and sandy woods
<i>Comptonia peregrina</i>	(sweet fern)	Frequent	WDV	N	
I9	(Rare & Local ?)				
<i>Cornus amomum</i>	(silky dogwood)	Frequent	Russell	N	
					Swamps and damp thickets
<i>Cornus florida</i>	(flowering dogwood)	Common	Russell & WDV	N	
	(Frequent & Widespread)				Acidic woods
<i>Corylus americana</i>	(hazelnut)	Frequent	Russell & WDV	N	
H12	(Infrequent & Scattered)				Thickets
<i>Eleagnus umbellata</i>	(autumn olive)	Rare	Russell & WDV	I	
M15	(Rare & Scattered)				Thickets and roadside banks
<i>Euonymus alatus</i>	(winged burning bush)	Infrequent	WDV	I	
M15	(Infrequent & Local)				
<i>Euonymus americanus</i>	(strawberry bush)	Infrequent	Russell	N	
					Rich woods and ravines
<i>Fagus grandifolia</i>	(American beech)	Common	Russell & WDV	N	
J7	(Common & Widespread)				Rich uplands
<i>Fraxinus americana</i>	(white ash)	Common	Russell & WDV	N	
E11	(Frequent & Widespread)				Rich upland to lowland woods
<i>Fraxinus americana</i> var. <i>biltmoreana</i>	(Biltmore ash)	Rare	WDV	N	
G13	(Rare & Local?)				Rich woods
<i>Fraxinus nigra</i>	(black ash)	Infrequent	Russell	N	
					Swamps and shores

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Fraxinus pennsylvanica</i>	(red ash)	Frequent	Russell & WDV	N	
D11	(Infrequent & Scattered)		Low grounds		and river banks
<i>Gaylussacia baccata</i>	(black huckleberry)	Common	Russell & WDV	N	
F14	(Common & Widespread)		Dry or moist woods,		thickets and clearings
<i>Hamamelis virginiana</i>	(witch hazel)	Common	Russell & WDV	N	
J9, K12	(Frequent & Scattered)				Dry or moist woods
<i>Ilex verticillata</i>	(winterberry)	Common	Russell & WDV	N	
G14	(Infrequent & Scattered)		Swamps, pond margins		and moist thickets
<i>Juglans nigra</i>	(black walnut)	Frequent	Russell	N	
					Rich woods
<i>Kalmia latifolia</i>	(mountain laurel)	Common	Russell	N	
					Rocky or gravelly woods
<i>Ligustrum obtusifolium</i>	(Ebota privet)	Infrequent	Russell	I	
			Thickets, borders of woods		and roadsides
<i>Lindera benzoin</i>	(spice bush)	Common	Russell & WDV	N	
D12	(Common & Widespread)		Damp woods and brooksides		
<i>Liriodendron tulipifera</i>	(tulip poplar)	Common	Russell	N	
					Rich soil
<i>Lonicera morrowii</i>	(Morrow honeysuckle)	Infrequent	Russell & WDV	I	
D11	(Rare & Local)		Roadsides and thickets		
<i>Lyonia ligustrina</i>	(maleberry)	Frequent	Russell	N	
					Wet or dry thickets
<i>Malus domestica</i>	(apple)	Infrequent	Russell	I	
			Roadsides, borders of woods		and clearings
<i>Morus alba</i>	(white mulberry)	Frequent	Russell	I	
<i>Nyssa sylvatica</i>	(sour gum)	Common	Russell & WDV	N	
J7	(Frequent & Widespread)		Low acid woods, swamps		and shores
<i>Ostrya virginiana</i>	(hop hornbeam)	Frequent	Russell	N	
					Rich woods
<i>Paulownia tomentosa</i>	(empress tree)	Infrequent	WDV	I	
D15	(Rare & Local ?)		Roadsides, clearings		and borders of woods
<i>Platanus occidentalis</i>	(sycamore)	Common	Russell & WDV	N	
H12	(Infrequent & Scattered)				Rich soil
<i>Populus grandidentata</i>	(bigtooth aspen)	Frequent	Russell & WDV	N	
D11, E11	(Infrequent & Scattered)		Dry woods, slopes		and recent burns
<i>Prunus americana</i>	(wild plum)	Frequent	WDV	N	
D12	(Rare & Local)		Thickets, borders of woods		and stream banks
<i>Prunus avium</i>	(sweet cherry)	Frequent	Russell	I	
			Roadside thickets		and borders of woods
<i>Prunus serotina</i>	(wild black cherry)	Common	Russell	N	
			Dry woods and fence rows		

Herbaceous Dicots at Hopewell Furnace National Historic Site

1553 Species and varieties known in Southeastern Pennsylvania

302 Species and varieties sighted in Hopewell Furnace by either Russell or Vanderwerff

45 Species and varieties sighted in Hopewell by Vanderwerff but not by Russell

Updated: Friday, October 21, 1994

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Acalypha rhomboidea</i>	(three-seeded mercury)	Common	Russell & WDV	N	
M15	(Infrequent & Scattered)		Roadsides, fields and borders of woods		
<i>Achillea millefolium</i>	(yarrow)	Common	Russell & WDV	I	
M15	(Common & Widespread)		Fields and roadsides		
<i>Agrimonia gryposepala</i>	(tall hairy agrimony)	Frequent	Russell & WDV	N	
D18	(Infrequent & Scattered)		Thickets and borders of woods		
<i>Agrimonia parviflora</i>	(many-flowered agrimony)	Frequent	WDV	N	
F12	(Infrequent & Scattered ?)		Damp thickets and rocky slopes		
<i>Alliaria petiolata</i>	(garlic mustard)	Frequent	Russell	I	
			Roadsides and open woods		
<i>Amaranthus retroflexus</i>	(pigweed)	Infrequent	Russell	I	
			Waste places and cultivated fields		
<i>Ambrosia artemisiifolia</i>	(common ragweed)	Common	Russell & WDV	N	
M15	(Frequent & Scattered)		Roadsides, cultivated fields and waste places		
<i>Ambrosia trifida</i>	(great ragweed)	Common	Russell	N	
			Alluvium, rich openings and waste places		
<i>Amphicarpa bracteata</i>	(hog peanut)	Frequent	Russell & WDV	N	
D10	(Frequent & Scattered)		Damp woodlands		
<i>Anagallis arvensis</i>	(scarlet pimpernel)	Frequent	Russell & WDV	I	
F14, G13, G14	(Infrequent & Local ?)		Waste sandy fields		
<i>Anemone quinquefolia</i>	(wood anemone)	Frequent	WDV	N	
D12, K10	(Frequent & Scattered)		Open woods, thickets and clearings		
<i>Anemone virginiana</i>	(thimbleweed)	Common	Russell & WDV	N	
D18, E11	(Infrequent & Scattered)		Dry or rocky open woods, thickets and slopes		
<i>Antennaria neglecta</i>	(field pussytoes)	Common	Russell & WDV	N	
E12	(Infrequent & Scattered)		Sterile fields, pastures and open woods		
<i>Antennaria neodioica</i>	(mouse-ear cudweed)	Common	Russell	N	
			Dry fields, open woods and rocky barrens		
<i>Antennaria plantaginifolia</i>	(plantain-leaved pussytoes)	Common	Russell & WDV	N	
L15, M15, K12	(Infrequent & Scattered)		Dry open woods, fields and rocky banks		
<i>Apocynum androsaemifolium</i>	(spreading dogbane)	Frequent	WDV	N	
L11	(Not reported & Local ?)		Rich thickets		
			Dry thickets and borders of woods		

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Apocynum cannabinum</i>	(Indian hemp)	Frequent	Russell	N	
		Open ground, thickets and borders of woods			
<i>Apocynum X medium</i>	(intermediate dogbane)	Infrequent	WDV	N	
M15	(Infrequent & Scattered)	Dry or moist ground and rocky shores			
<i>Aralia nudicaulis</i>	(wild sassa-parilla)	Common	Russell	N	
		Woodlands			
<i>Arcium minus</i>	(common burdock)	Common	Russell	I	
		Waste land			
<i>Arenaria serpyllifolia</i>	(thyme-leaved sandwort)	Common	WDV	I	
E11	(Infrequent & Scattered)	Dry sterile fields and roadsides			
<i>Asarum canadense</i>	(wild ginger)	Frequent	Russell	N	
		Rich woods and shaded calcareous ledges			
<i>Asclepias exaltata</i>	(poke milkweed)	Infrequent	Russell	N	
		Rich woods and clearings			
<i>Asclepias syriaca</i>	(common milkweed)	Common	Russell	N	
		Thickets, roadsides and dry fields			
<i>Aster cordifolius</i>	(heart-leaved aster)	Common	Russell & WDV	N	
D11, M15	(Frequent & Scattered)	Open woods, thickets and clearings			
<i>Aster divaricatus</i>	(white wood aster)	Common	Russell & WDV	N	
D11, D12, M15	(Frequent & Widespread)	Dry woods and clearings			
<i>Aster laevis</i>	(smooth aster)	Frequent	WDV	N	
M15	(Frequent & Local ?)	Dry open habitats and borders of woods			
<i>Aster lanceolatus</i> var. <i>simplex</i>	(panicled aster)	Common	Russell	N	
		Damp thickets, meadows and shores			
<i>Aster lateriflorus</i>	(calico aster)	Common	Russell & WDV	N	
E15, F9, M15	(Frequent & Scattered)	Dry to moist fields, thickets, clearings and shores			
<i>Aster pilosus</i>	(heath aster)	Frequent	WDV	N	
F9, M15	(Frequent & Scattered)	Dry thickets, clearings and roadsides			
<i>Aster pilosus</i> var. <i>dermotis</i>	(smooth heath aster)	Common	Russell & WDV	N	
M15	(Frequent & Scattered)				
<i>Aster prenanthoides</i>	(crooked-stem aster)	Frequent	WDV	N	
M15	(Frequent & Scattered)	Damp thickets, rich woods, shores and bottoms			
<i>Aster undulatus</i>	(wavy-leaf aster)	Frequent	WDV	N	
D17	(Frequent & Scattered)	Dry open woods, thickets and clearings			
<i>Barbarea vulgaris</i>	(common winter cress)	Frequent	Russell	I	
		Meadows, brooksides and damp woods			
<i>Barbarea vulgaris</i> var. <i>arcuata</i>	(bow-like winter cress)	Common	WDV	I	
D17, M15	(Frequent & Scattered)				
<i>Bidens connata</i> var. <i>petiolata</i>	(petioled swamp beggar ticks)	Frequent	Russell	N	
		Damp shores and swamps			
<i>Bidens frondosa</i>	(beggar ticks)	Common	Russell	N	
		Damp open habitats and waste and cultivated ground			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Boehmeria cylindrica</i> (false nettle) F12, G14 (Common & Widespread)		Common	Russell & WDV	N	Moist or shady ground
<i>Callitriche heterophylla</i> (larger water starwort) H12 (Infrequent & Scattered)		Frequent	Russell & WDV	N	OW Quiet waters and mud
<i>Caltha palustris</i> (marsh marigold)		Infrequent	Russell	N	OW Swamps, wet meadows and wet woods
<i>Campanula aparinoides</i> (marsh bellflower) E12, F12 (Infrequent & Local)		Frequent	Russell & WDV	N	OW Meadows, swales and wet shores
<i>Campsis radicans</i> (trumpet creeper)		Rare	Russell	IA	
<i>Cardamine bulbosa</i> (spring cress)		Frequent	Russell	N	OW Springs, bottomland woods and meadows
<i>Cardamine concatenata</i> (cut-leaved toothwort)		Common	Russell	N	Rich woods, wooded bottoms and calcareous banks
<i>Cardamine hirsuta</i> (hairy bitter cress) G14 (Infrequent & Scattered)		Infrequent	WDV	I	Roadsides, lawns and old fields
<i>Cardamine pennsylvanica</i> (bitter cress) K10 (Infrequent & Scattered)		Common	Russell & WDV	N	OW Springs, rills and wet clearings
<i>Carduus nutans</i> (musk thistle)		Rare	Russell	I	Fields and waste places
<i>Celastrus orbiculatus</i> (Asiatic bittersweet) D11, F17 (Frequent & Scattered)		Infrequent	Russell & WDV	I	Roadsides, fencerows and thickets
<i>Centaurea jacea</i> (brown knapweed) L15 (Infrequent & ?)		Rare	WDV	I	Roadsides, fields and waste places
<i>Cerastium arvense</i> (field chickweed)		Infrequent	Russell	N	Gravelly, turfy or rocky basic soils
<i>Cerastium fontanum</i> (larger mouse-ear chickweed) D11, F16 (Infrequent & Scattered)		Common	WDV	I	Roadsides, fields and cultivated ground
<i>Cerastium glomeratum</i> (lesser mouse-ear chickweed) F14 (Frequent & Widespread)		Frequent	WDV	I	Waste places, fields and roadsides
<i>Cerastium nutans</i> (nodding chickweed) G17 (Infrequent & Scattered)		Frequent	Russell & WDV	N	Alluvium, rich wooded slopes and calcareous rocks
<i>Ceratophyllum demersum</i> (hornwort)		Rare	Russell	N	OW Quiet waters
<i>Chaenorrhinum minus</i> (dwarf snapdragon) E11 (Rare & Scattered ?)		Rare	Russell & WDV	I	Waste places and roadsides
<i>Chamaecrista nictitans</i> (wild sensitive plant) E12, G13, K12 (Infrequent & Scattered)		Frequent	Russell & WDV	N	Sandy soil
<i>Chamaesyce maculata</i> (wartweed) E11 E16 (Infrequent & Scattered)		Common	Russell & WDV	N	Dry open soil and roadsides
<i>Chamaesyce nutans</i> (upright spotted spurge) F8, J12 (Frequent & Scattered)		Common	WDV	I	Dry open soil, waste places and roadsides

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Chelone glabra</i>	(turtlehead)	Common	Russell	N	OW
		Low grounds, margins of streams and swales			
<i>Chenopodium album</i>	(lamb's quarters)	Frequent	Russell	I	
		Cultivated and waste ground			
<i>Chenopodium ambrosioides</i>	(Mexican tea)	Frequent	Russell	I	
		Cultivated and waste ground			
<i>Chimaphila maculata</i>	(spotted wintergreen)	Common	Russell & WDV	N	
D15, D16	(Infrequent & Widespread)				Dry woods
<i>Chrysanthemum leucanthemum</i>	(oxeye daisy)	Common	Russell & WDV	I	
M15	(Common & Widespread)				Fields
<i>Chrysosplenium americanum</i>	(golden saxifrage)	Frequent	Russell & WDV	N	OW
E12, K11	(Infrequent & Local)				Springheads, rills and cold wet places
<i>Cichorium intybus</i>	(chicory)	Common	Russell & WDV	I	
M15	(Common & Widespread)				Roadsides and fields
<i>Cimicifuga racemosa</i>	(black snakeroot)	Common	Russell & WDV	N	
M14	(Rare & Local ?)				Rich woods
<i>Circaea lutetiana</i>	(enchanter's nightshade)	Common	Russell & WDV	N	
M11	(Frequent & Scattered)				Rich woods, thickets and ravines
<i>Cirsium arvense</i>	(Canada thistle)	Frequent	Russell & WDV	I	
M15	(Common & Widespread)				Cultivated and waste ground
<i>Cirsium discolor</i>	(field thistle)	Common	WDV	N	
F12	(Infrequent & Scattered ?)				Thickets, river banks and prairies
<i>Cirsium pumilum</i>	(pasture thistle)	Frequent	WDV	N	
M15	(Infrequent & Scattered)				Dry open soil
<i>Cirsium vulgare</i>	(bull thistle)	Frequent	Russell & WDV	I	
M15	(Infrequent & ?)				Clearings, pastures and roadsides
<i>Claytonia virginica</i>	(spring beauty)	Common	Russell	N	
		Rich woods, thickets and clearings			
<i>Clematis virginiana</i>	(virgin's bower)	Frequent	Russell	N	
		Low grounds, thickets and borders of woods			
<i>Collinsonia canadensis</i>	(horse balm)	Frequent	Russell	N	
		Rich woods			
<i>Conyza canadensis</i>	(horseweed)	Common	Russell	N	
		Waste places and cultivated fields			
<i>Coronilla varia</i>	(crown vetch)	Rare	Russell	I	
		Roadsides and waste places			
<i>Cryptotaenia canadensis</i>	(honestwort)	Common	Russell & WDV	N	
J12	(Infrequent & Scattered)				Rich woods and thickets
<i>Cunila origanoides</i>	(American dittany)	Frequent	Russell	N	
		Dry open woods, thickets and clearings			
<i>Cynoglossum virginianum</i>	(wild comfrey)	Frequent	Russell	N	
		Open deciduous woods			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status

<i>Ludwigia alternifolia</i>	(seedbox)	Frequent	Russell & WDV	N	
E12	(Rare & Local ?)	Swamps			
<i>Ludwigia palustris</i> var. <i>americana</i>	(water purslane)	Common	Russell	I	OW
		Wet open places, shores or shallow water			
<i>Lycopus americanus</i>	(water horehound)	Frequent	Russell & WDV	N	OW
F12	(Infrequent & Scattered)	Low grounds			
<i>Lycopus uniflorus</i>	(northern bugleweed)	Common	Russell	N	OW
		Low ground			
<i>Lycopus virginicus</i>	(bugleweed)	Common	Russell & WDV	N	OW
L11	(Infrequent & Scattered ?)	Rich moist soil			
<i>Lysimachia ciliata</i>	(fringed loosestrife)	Frequent	Russell & WDV	N	
E12	(Infrequent & Scattered)	Low grounds, thickets, rich woods and shores			
<i>Lysimachia quadrifolia</i>	(whorled loosestrife)	Common	Russell & WDV	N	
K12	(Infrequent & Scattered)	Dry or moist open woods, thickets and shores			
<i>Medicago lupulina</i>	(black medic)	Common	Russell & WDV	I	
D11, E11	(Frequent & Scattered)	Roadsides and waste places			
<i>Melampyrum lineare</i> var. <i>americanum</i>	(cow wheat)	Frequent	Russell & WDV	N	
F14	(Infrequent & Scattered)	Dry woods			
<i>Melilotus alba</i>	(white sweet clover)	Common	Russell	I	
		Rich soil and roadsides			
<i>Melilotus officinalis</i>	(yellow sweet clover)	Common	Russell & WDV	I	
F14	(Infrequent & Scattered)	Waste or cultivated ground			
<i>Mentha arvensis</i>	(wild mint)	Infrequent	Russell	N	
		Damp open soils and shores			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Mentha piperita</i> (peppermint)		Frequent	Russell & WDV	I	
L13 (Rare & Local ?)			Brooksides and wet meadows		
<i>Mentha apicata</i> (spearmint)		Frequent	WDV	I	
E12 (Infrequent & Local?)			Wet places		
<i>Mikania scandens</i> (climbing hempweed)		Infrequent	Russell & WDV	N	
F12, K12, L11 (Infrequent & Scattered)			Thickets, swamps and stream banks		
<i>Mimulus alatus</i> (sharp-winged monkey-flower)		Infrequent	Russell & WDV	N	OW
D12, K12 (Rare & Local)			Swamps and low ground		
<i>Mimulus ringens</i> (square-stemmed monkey flower)		Frequent	Russell & WDV	N	OW
F12 (Rare & Local?)			Shores, meadows and wet places		
<i>Mitchella repens</i> (partridge berry)		Common	Russell	N	
			Dry or moist knolls in woods		
<i>Mitella diphylla</i> (mitrewort)		Frequent	Russell	N	
			Loamy and rocky woods		
<i>Monotropa uniflora</i> (Indian pipe)		Frequent	Russell & WDV	N	
F14, L12 (Infrequent & Scattered)			Woodland humus		
<i>Myosotis laxa</i> (smaller forget-me-not)		Frequent	Russell	N	OW
			In water and wet ground		
<i>Myosotis scorpioides</i> (true forget-me-not)		Infrequent	Russell & WDV	I	OW
E12, G14 (Infrequent & Scattered)			In quiet water or wet ground		
<i>Nasturtium microphyllum</i> (small-leaved watercress)		Not reported	Russell & WDV	I	OW
L12 (Rare & Local ?)					
<i>Nepeta cataria</i> (catnip)		Frequent	Russell	I	
			Roadsides and waste places		
<i>Nuphar lutea</i> (spatterdock)		Frequent	Russell	N	OW
			Tidal waters, pond margins and swamps		
<i>Obolaria virginica</i> (pennywort)		Frequent	WDV	N	
G17, H17 (Rare & Local ?)			Moist hardwoods and thickets		
<i>Oenothera biennis</i> (common evening primrose)		Infrequent	Russell	N	
			Dry open soil		
<i>Oenothera fruticosa</i> ssp. <i>glauca</i> (common sundrop)		Infrequent	WDV	N	
M15 (Infrequent & Scattered)			Swales, meadows and damp thickets		
<i>Orobanche uniflora</i> (cancer root)		Infrequent	Russell	N	
			Parasitic on various plants in damp woods		
<i>Osmorhiza claytonii</i> (sweet cicely)		Frequent	Russell	N	
			Woods and wooded slopes		
<i>Osmorhiza longistylis</i> (aniseroot)		Frequent	Russell	N	
			Rich, often alluvial, woods and thickets		
<i>Oxalis dillenii</i> ssp. <i>filipes</i> (southern yellow wood sorrel)		Frequent	Russell & WDV	N	
F14, I12 (Frequent & Scattered)			Sandy thickets, borders of woods and fields		
<i>Oxalis stricta</i> (yellow wood sorrel)		Common	Russell	N	
			Dry open soil		

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Panax trifolius</i>	(dwarf ginseng)	Common	Russell & WDV	N	
D12	(Common & Widespread)		Rich woods and damp clearings		
<i>Parthenocissus quinquefolia</i>	(Virginia creeper)	Common	Russell	N	
			Woods and rocky banks		
<i>Pedicularis canadensis</i>	(wood betony)	Frequent	Russell & WDV	N	
K10	(Infrequent & Local)		Woods and clearings		
<i>Pedicularis lanceolata</i>	(swamp lousewort)	Infrequent	Russell	N	
		Rich, often calcareous,	meadows and shores		
<i>Penstemon digitalis</i>	(white beardtongue)	Frequent	Russell & WDV	IA	
M15	(Frequent & Scattered)		open woods, meadows, fields and clearings		
<i>Penthorum sedoides</i>	(ditch stonecrop)	Frequent	Russell & WDV	N	OW
D12	(Infrequent & Local ?)		wet low ground		
<i>Perilla frutescens</i>	(beefsteak plant)	Infrequent	Russell	I	
			Roadsides and waste places		
<i>Phryma leptostachya</i>	(lopseed)	Frequent	Russell & WDV	N	
D16	(Infrequent & Scattered)		Rich thickets and woods		
<i>Physalis subglabrata</i>	(smooth ground cherry)	Frequent	Russell	N	
		Shores, meadows, fields,	roadsides and waste places		
<i>Phytolacca americana</i>	(pokeweed)	Common	Russell	N	
		Rich low ground, recent clearings and roadsides			
<i>Pilea pumila</i>	(clearweed)	Common	Russell & WDV	N	
K11, K12	(Frequent & Scattered)		Cool and moist shaded places		
<i>Plantago lanceolata</i>	(English plantain)	Common	Russell & WDV	I	
E14	(Abundant & Widespread)		Grasslands		
<i>Plantago major</i>	(broadleaf plantain)	Infrequent	Russell & WDV	I	
E11, G13	(Infrequent & Scattered)		Roadsides and dooryards		
<i>Plantago rugelii</i>	(Rugel's plantain)	Common	WDV	N	
M15	(Frequent & Scattered)		Damp shores, roadsides and waste places		
<i>Podophyllum peltatum</i>	(May apple)	Common	Russell	N	
			Rich woods, thickets and pastures		
<i>Polygonum arenastrum</i>	(knotweed)	Rare	WDV	I	
23	(Frequent & Scattered)				
<i>Polygonum arifolium</i>	(halberd-leaved tearthumb)	Common	Russell & WDV	N	OW
G14	(Common & Widespread)		Wet places, especially tidal marshes		
<i>Polygonum aviculare</i>	(prostrate knotweed)	Common	Russell	I	
			Disturbed soil, roadsides and gardens		
<i>Polygonum caespitosum</i>	(creeping smartweed)	Common	Russell & WDV	I	
F13	(Frequent & Scattered)		Roadsides, waste places, shores and damp places		
<i>Polygonum hydropiper</i>	(water pepper)	Common	WDV	I	OW
F12	(Rare & Local ?)		Damp soils		
<i>Polygonum pennsylvanicum</i> var. <i>laevigatum</i>	(smooth pinkweed)	Frequent	Russell	N	

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status

			Roadsides, borders of fields and waste places		
<i>Silene vulgaris</i> (bladder campion)		Infrequent	Russell	I	
			Roadsides, borders of fields and gravelly shores		
<i>Sisymbrium officinale</i> var. <i>leiocarpum</i> (smooth-fruited hedge mustard)		Frequent	Russell	I	
<i>Solanum carolinense</i> (horse nettle)		Common	WDV	IA	
I12, J12 (Frequent & Widespread)			Sandy openings, fields and waste places		
<i>Solidago bicolor</i> (silverrod)		Common	Russell	N	
			Dry sterile open soil or thin woods		
<i>Solidago caesia</i> (blue-stemmed goldenrod)		Common	Russell & WDV	N	
M15 (Frequent & Scattered)			Rich deciduous or open woods, thickets and clearings		
<i>Solidago canadensis</i> var. <i>hageri</i> (Hager's Canada goldenrod)		Common	Russell	N	
<i>Solidago canadensis</i> var. <i>scabra</i> (tall goldenrod)		Common	Russell	N	
			Dry to damp thickets, clearings and roadsides		
<i>Solidago juncea</i> (early goldenrod)		Common	Russell & WDV	N	
M15 (Frequent & Scattered)			Dry open soil		
<i>Solidago nemoralis</i> (gray goldenrod)		Common	Russell & WDV	N	
M15 (Common & Scattered)			Dry sterile siliceous or argillaceous open soil		
<i>Solidago rugosa</i> (wrinkle-leaf goldenrod)		Common	Russell	N	
			Damp open soil, thickets and borders of woods		
<i>Stellaria alsine</i> (bog chickweed)		Frequent	Russell	N	OW
			Springheads, borders of rill and wet places		
<i>Stellaria longifolia</i> (long-leaved chickweed)		Frequent	Russell & WDV	N	
G14 (Infrequent & Local?)			Damp thickets, meadows and shores		
<i>Stellaria media</i> (common chickweed)		Common	Russell & WDV	I	
J12 (Frequent & Widespread)			Cultivated ground, waste places, damp woods and thickets		
<i>Stellaria pubera</i> (star chickweed)		Infrequent	Russell	N	
			Rich woods and shaded rocky slopes		
<i>Symphytum officinale</i> (comfrey)		Rare	Russell	I	
			Damp roadsides and waste places		
<i>Taraxicum officinale</i> (dandelion)		Common	Russell	I	
			Grasslands and open grounds		
<i>Thalictrum pubescens</i> (tall meadow rue)		Common	Russell	N	
			Meadows, low thickets and swamps		
<i>Thalictrum thalictroides</i> (rue anemone)		Common	Russell & WDV	N	
G17, H17, N11 (Frequent & Scattered)			Open woods		
<i>Thlaspi arvense</i> (field pennycress)		Frequent	Russell & WDV	I	
E17, G17 (Common & Scattered)			Roadsides, waste places and fields		

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Rubus enalenii</i>	(southern dewberry)	Infrequent	Russell	N	
		Dry or moist open woods and thickets			
<i>Rubus hispidus</i>	(swamp dewberry)	Frequent	Russell	N	
		Moist or dry open soil, ditches, swales and woods			
<i>Rubus occidentalis</i>	(black raspberry)	Common	Russell	N	
		Rich thickets, ravines and borders of woods			
<i>Rubus pennsylvanicus</i>	(blackberry)	Common	WDV	N	
M15	(Infrequent & Scattered)	Thickets, borders of woods, clearings and burns			
<i>Rubus phoenicolasius</i>	(wineberry)	Common	Russell & WDV	I	
M10	(Frequent & Scattered)	Roadsides, thickets and open woods			
<i>Rudbeckia hirta</i> var. <i>pulcherrima</i>	(black-eyed Susan)	Common	Russell & WDV	IA	
M15	(Infrequent & Scattered)				
<i>Rudbeckia laciniata</i>	(cutleaf coneflower)	Common	Russell	N	
		Rich low ground			
<i>Rumex acetosella</i>	(sheep sorrel)	Common	Russell	I	
		Old fields and sour soils			
<i>Rumex crispus</i>	(curled dock)	Common	Russell	I	
		Cultivated and waste soil and old fields			
<i>Rumex obtusifolius</i>	(bitter dock)	Common	Russell	I	
		Roadsides and waste places			
<i>Sagina decumbens</i>	(decumbent pearlwort)	Rare	WDV	I	
D16	(Rare & Local)	Moist to dryish sandy fields and openings			
<i>Salvia lyrata</i>	(lyre-leaved sage)	Frequent	Russell	N	
		Sandy open woods and clearings			
<i>Sanguinaria canadensis</i>	(bloodroot)	Common	Russell & WDV	N	
E12, E18	(Frequent & Scattered)	Rich woods			
<i>Sanicula canadensis</i>	(short-styled black snakeroot)	Common	WDV	N	
D16	(Infrequent & Scattered)	Dry open woods			
<i>Saponaria officinalis</i>	(bouncing Bet)	Common	Russell & WDV	I	
D10	(Infrequent & Scattered)	Roadsides			
<i>Satureja vulgaris</i>	(wild basil)	Frequent	Russell & WDV	N	
D10, F14	(Infrequent & Widespread)	Woods, thickets and rocky or alluvial shores			
<i>Saxifraga pennsylvanica</i>	(swamp saxifrage)	Frequent	Russell	N	OW
		Wet meadows, swamps, boggy thickets and seeping banks			
<i>Scutellaria elliptica</i>	(hairy skullcap)	Frequent	Russell	N	
		Dry woods and thickets			
<i>Scutellaria integrifolia</i>	(hyssop skullcap)	Frequent	Russell & WDV	N	
F12	(Frequent & Local ?)	Borders of woods, thickets and clearings			
<i>Scutellaria lateriflora</i>	(mad-dog skullcap)	Frequent	Russell & WDV	N	
D12	(Infrequent & Local ?)	Alluvial thickets, meadows and swampy woods			
<i>Sedum telephium</i>	(live-forever)	Infrequent	Russell	I	
		Roadsides and borders of fields			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
Polygonum punctatum var. confertiflorum G14 (Infrequent & Local ?)	(slender-spiked water smart)	Common	Russell & WDV	N	OW
Polygonum sagittatum G13 (Frequent & Widespread)	(arrow-leaved tearthumb)	Common	Russell & WDV	N	OW Low grounds
Polygonum scandens	(climbing false buckwheat)	Common	Russell	N	
		Damp thickets, low woods, bottoms and shores			
Polygonum virginianum K11 (Frequent & Scattered)	(Virginia knotweed)	Common	Russell & WDV	N	
			Rich woodlands and thickets		
Potentilla canadensis	(dwarf cinquefoil)	Common	Russell	N	
				March-June	
Potentilla intermedia	(downy cinquefoil)	Not reported	Russell	I	
			Roadsides and waste places		
Potentilla norvegica	(rough cinquefoil)	Common	Russell	IA	
		Thickets, clearings, roadsides and waste places			
Potentilla recta	(rough-fruited cinquefoil)	Frequent	Russell	I	
			Dry fields and roadsides		
Potentilla simplex E14, M15 (Common & Widespread)	(common cinquefoil)	Common	Russell & WDV	N	
		Dry or moist fields, thickets and open woods			
Prenanthes altissima M14 (Infrequent & Scattered)	(tall white lettuce)	Frequent	WDV	N	
				Moist woods	
Prunella vulgaris ssp. lanceolata M15 (Frequent & Widespread)	(lance-leaved heal-all)	Common	WDV	IA	
		Open woods, thickets and roadsides			
Pycnanthemum tenuifolium	(narrow-leaved mountain mint)	Frequent	Russell	N	
		Dry to moist siliceous or argillaceous open ground			
Pycnanthemum virginianum E12, F12 (Infrequent & Local)	(Virginia mountain mint)	Frequent	Russell & WDV	N	
		Gravelly shores, meadows and thickets			
Pyrola americana	(round-leaved pyrola)	Frequent	Russell	N	
			Woods and clearings		
Ranunculus abortivus H12 (Frequent & Scattered)	(small-flowered crowfoot)	Common	Russell & WDV	N	
		Low woods, thickets, clearings and damp shores			
Ranunculus bulbosus D11 (Common & Widespread)	(bulbous buttercup)	Frequent	Russell & WDV	I	
		Pastures, fields, open woods and roadsides			
Ranunculus caricetorum H14 (Infrequent & Local)	(swamp buttercup)	Frequent	WDV	N	OW
		Alluvial thickets, woods and meadows			
Ranunculus hispidus	(hairy buttercup)	Infrequent	Russell	N	
			rich moist woods		
Ranunculus recurvatus	(hooked crowfoot)	Common	Russell	N	
		Damp or swampy rich woods			
Rorippa sylvestris	(creeping yellow cress)	Frequent	Russell	I	
		Meadows, shores and roadsides			
Rubus allegheniensis E12 (Infrequent & Scattered)	(mountain blackberry)	Frequent	Russell & WDV	N	
		Dry clearings and thickets			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)		Natural Habitat			
<i>Prunus virginiana</i>	(chokecherry)	Infrequent	Russell	N	
		Thickets, shores and borders of woods			
<i>Quercus alba</i>	(white oak)	Common	Russell & WDV	N	
E11, F14	(Frequent & Widespread)	Dry woods			
<i>Quercus bicolor</i>	(swamp white oak)	Frequent	Russell	N	
		Bottomlands, stream margins and swamps			
<i>Quercus coccinea</i>	(scarlet oak)	Frequent	Russell	N	
		Dry light soil			
<i>Quercus montana</i>	(chestnut oak)	Frequent	Russell & WDV	N	
J7	(Frequent & Widespread)	Dry or rocky woods, bluffs and crevices			
<i>Quercus palustris</i>	(pin oak)	Frequent	Russell	N	
		Swampy woods and bottoms			
<i>Quercus rubra</i>	(northern red oak)	Common	Russell & WDV	N	
F15	(Common & Widespread)	Dry or upland woods			
<i>Quercus velutina</i>	(black oak)	Common	Russell & WDV	N	
D16	(Common & Widespread)	Dry woods			
<i>Rhododendron periclymenoides</i> var. <i>eglandulosum</i>	(pinxter flower)	Common	Russell & WDV	N	
K8, K10	(Infrequent & Scattered)	Woods, thickets and swamps			
<i>Rhus copallina</i> var. <i>latifolia</i>	(broad-leaved winged sumac)	Frequent	Russell	N	
		Thickets and openings			
<i>Rhus glabra</i>	(smooth sumac)	Common	Russell	N	
		Dry soil			
<i>Rhus typhina</i>	(staghorn sumac)	Frequent	Russell	N	
		Dry rocky or gravelly soil			
<i>Robinia pseudoacacia</i>	(black locust)	Frequent	Russell	N	
		Woods and thickets			
<i>Rosa multiflora</i>	(multiflora rose)	Frequent	Russell	I	
		Clearings, roadsides and borders of woods			
<i>Rosa palustris</i>	(swamp rose)	Infrequent	Russell & WDV	N	OW
E12	(Rare & Local)	Swamps, wet thickets and shores			
<i>Salix nigra</i>	(black willow)	Frequent	Russell & WDV	N	
F12	(Infrequent & Local)	Stream banks, shores and rich low woods			
<i>Sambucus canadensis</i>	(common elder)	Common	Russell	N	
		Wet, damp and rich woods			
<i>Sassafras albidum</i>	(sassafras)	Common	Russell & WDV	N	
G7	(Frequent & Widespread)	Woods and thickets			
<i>Symphoricarpos orbiculatus</i>	(coralberry)	Infrequent	Russell & WDV	IA	
E11, F9	(Rare & Scattered)	Open woods, thickets and dry banks			
<i>Tilia americana</i>	(American basswood)	Infrequent	Russell	N	
		Rich woods			
<i>Toxicodendron vernix</i>	(poison sumac)	Infrequent	Russell	N	OW
		Wooded swamps			

Technical Name	(Colloquial Name)	Occurrence in Southeastern Pennsylvania	Hopewell Sightings	N / I	Special Status
Hopewell Locations (Occurrence and Distribution)				Natural Habitat	
<i>Ulmus americana</i>	(American elm)	Frequent	WDV	N	
G14	(Rare & Local)				Rich soil
<i>Ulmus rubra</i>	(slippery elm)	Frequent	Russell & WDV	N	
	(Frequent & Scattered)				Rich soil
<i>Vaccinium corymbosum</i>	(highbush blueberry)	Frequent	Russell	N	
		Swamps, low woods and even dry uplands			
<i>Vaccinium pallidum</i>	(early low blueberry)	Common	Russell & WDV	N	
D15, K6	(Frequent & Scattered)	Dry open woods, thickets and clearings			
<i>Vaccinium stamineum</i>	(deerberry)	Common	Russell & WDV	N	
K11, K12	(Infrequent & Scattered)	Dry woods, thickets and clearings			
<i>Vaccinium stamineum</i> var. <i>neglectum</i>	(overlooked deerberry)	Infrequent	WDV	N	
M11	(Infrequent & Scattered)				
<i>Viburnum acerifolium</i>	(mapleleaf viburnum)	Common	Russell	N	
		Dry or rocky woods			
<i>Viburnum dentatum</i>	(southern arrowwood)	Frequent	Russell	N	
		Moist or sandy thickets and borders of woods			
<i>Viburnum lentago</i>	(nannyberry)	Rare	Russell	N	
		Stream banks and borders of woods			
<i>Viburnum prunifolium</i>	(black haw)	Common	Russell	N	
		Thickets, borders of woods and shores			
<i>Viburnum recognitum</i>	(northern arrowwood)	Frequent	WDV	N	
G14	(Not reported & Local)				Damp thickets
