Mr Jewell's Office:

Computer print-outs of the coordinates of all monuments, plus surveyance plats, are in a file cabinet in Mr. Jewell's office.

MAPS MOVED TO REGION

September 26, 1994

1. All Original Mylars (duplicates left at BITH) -- Region will send updates.
2. Everything concerning Village Creek Addition Act has been moved to Region.
3. All land status maps, tobin strips, survey maps, etc., have been moved to Region. These maps were stored on two small map holders.
4. All original work maps have been moved to Region.
5. Maps of pipelines moved to Region.
6. Work maps of original addition which includes entire ownership maps (1985) of Hardin County have been moved to Region.
7. All maps in referenced to the Richard Treat Survey -- Lance Rosier Unit (A-474) have been moved to Region.
8. All strip maps that show ownership of various units in the Preserve have gone to Region.

Note:

All mylars are current. Region will send updates as they occur. When new mylars are sent, all old mylars should be destroyed.
