

11/16/06

1-303-987 6792

- Conference call Bob, Linda, Carol, Eddie, Lisa, Carol, Pat
- Problem (Pod expanded by .7 acres; out of compliance)
- Background
 - 1999 condition
 - 2006 condition
 - Oct 24 conversations
 - 11/16/06 conversations
- Considerations
 - remove to 1999 level
 - compliance to annual plan
- Workover
 - old plans
 - better definitions now
 - done twice before by BWP
 - adamant about it being a workover
 - hold them to plan because it is strong (legally)
 - workover should be allowed
- Pat
 - 2004
 - 2006
 - remove 4" casing
 - could not recover
 - lost plug 130 ft from surface
 - does not appear reasonable & prudent
 - Technical review of proposal
 - existing condition of well bore compared to what's proposed
 - workover report
 - not plugged according to us
- NEPA
 - workover
 - letters to file
 - not workover
 - supplement / EA
 - new plan / EA

10 days

- info

-

for Mike Snyder letter
7 to Russ to contact delegation
and to Mike Steve

letter

- outside plan surface disturbance
- graphic.
- not authorized to use .7 additional acres
- before we can approve down-hole need additional info. to review
- assessment of damages 1955
