

Acadia National Park
Bar Harbor, Maine 04609

Y2621

September 28, 1967

Memorandum

To: Regional Director, NERO
From: Superintendent, Acadia
Subject: Forest Insect & Disease Control

Project proposals for 1968 are enclosed. No forest insect and disease control was necessary during 1967, although the buildup of Larch Sawfly in the Seawall section of the park was closely watched. Control measures may be necessary within the next year.
