Memorandum

To: The Director
Attention: E. W. Reed, Chief, Branch of Water Resources

From: Acting Assistant Regional Director, Midwest Region

Subject: Alien Water Right Dockets 1 through 34, Dinosaur
National Monument, Colorado and Utah

We have found several discrepancies in the numbering of the subject dockets which were forwarded to your Office under separate cover, together with a copy of our memorandum dated December 30, 1965.

We found Alien Water Right Dockets 1 through 4 in our general files which are directly related to three of the new dockets, namely:

1. Alien Water Right Dockets 1 and 2 are related to the new Docket 39.
2. Alien Water Right Docket 3 is related to the new Docket 25.
3. Alien Water Right Docket 4 is related to the new Docket 31.

We will appreciate your advice on whether we should combine the material in the above dockets with the related new dockets, and make one or more parts to each of the dockets as may be appropriate. New Outlines of Assemblies can be made up here and forwarded to each office.
