STATE OF MARYLAND
BOARD OF NATURAL RESOURCES

TELEPHONE RECORDING 1 1071

DEPARTMENT OF GEOLOGY, MINES AND WATER RESOURCES

1021 LATROBE HALL, THE JOHNS HOPKINS UNIVERSITY
BALTIMORE 18, MARYLAND

PERMIT TO APPROPRIATE AND TAKE GROUND WATER

AND NOW, to wit, January 17, 1956 the application of The United States of America, National Park Service, Interior Building, Washington, D. C. having come on for public hearing before the Department of Geology, Mines and Water Resources of the State of Maryland, after due notice in compliance with Chapter 526, Acts of 1933, permission is hereby granted the National Park Service to take and use an average of 3,600 gallons of ground water daily during 12 months of the year and not to exceed an average of 6,500 gallons a day during any one month of the year from 1 well or from 2 wells, having a diameter of 6 inches and depth of 100 feet to 125 feet, located on the premises of the National Park Service at Camp 1 in Catoclin Mountain Park, Frederick County, Maryland for sanitary, recreational and fire protection purposes at Camp 1 and other Camp units to be provided in Hunting Creek drainage area in Catoclin Mountain Park.

The permit is limited to the taking and use of the quantities of water herein specified from the well and/or wells herein described on the described premises and to the purposes herein described. This Permit is further subject to all rules and regulations now in effect or that may be subsequently adopted by the Department of Geology, Mines and Water Resources and may be revoked at any time that it may be at variance with the policy and the laws of the State, or that the applicant may fail to comply with the provisions of the permit.

In witness whereof, the Department of Geology, Mines and Water Resources of the State of Maryland has hereunto caused to be attached the signature of this duly authorized officer, the 17th day of January 1956.

/s/ Joseph T. Singewald, Jr.
Director

NOTICE TO HOLDERS OF PERMITS
TO
USE AND APPROPRIATE GROUND WATER

The attached permit is valid only so long as the owner complies with Maryland laws and rules and regulations of the Department in the maintenance and use of the wells from which the water is taken and with the quantities of water authorized.

Attention is directed to the following sections of the 1945 law:

Section 27: Owners of wells shall maintain wells in accordance with the rules and regulations of the Department. The owner of a well shall upon abandonment of any existing well or test hole so notify the Department and shall effectively seal and fill such wells and test holes in accordance with the rules and regulations of said Department.

Section 28: No owner of a well, whether a pumping well or a flowing well, shall discharge from the well or permit the discharge from the well of water that is allowed to run to waste and not put to useful service.

The regulations for the maintenance of wells are essentially that the casing shall be maintained in good condition and be so placed as to protect the aquifer from which the water is being obtained against leakage and ingress of water from other aquifers penetrated by the well or from the surface and to protect other aquifers against leakage and ingress of water from the well.

The regulations for the sealing and filling of a well to be abandoned are for the owner to submit to the Department a proposed procedure that conforms to recognized good practice. The Department will either approve the procedure as proposed or require whatever modification may be appropriate in the particular case. The approved procedure must then be carried out by the owner.

The regulations against the waste of water require that pumps shall be permitted to discharge only the quantities of water actually used and that flowing wells be capped in such manner as to prevent discharge of water not actually used.

NOTICE
APPLICATION FOR PERMIT TO
APPROPRIATE AND TAKE
GROUND WATER

In compliance with the provisions of
Chapter 556, Acts of 1933, United States
of America, has made application for
a permit to use a minimum of 250 gal-
lons, a maximum of 25,000 gallons, and
an average of 10,000 gallons of water
daily during 12 months of the year from
2 wells having a diameter of 8 inches
and depth of about 125 feet, located on
the premises of the applicant at portion
of Catocin Mountain Park in Hunting
Creek drainage near Park Headquar-
ters as alternative to water now used
by direct diversions from Hunting Creek
when water of Hunting Creek is not
suited in designated use.

The water will be used for the fol-
lowing purposes: Domestic, recreation-
al and fire protection at Park Head-
quarters, camps and other proposed
camp units.

A public hearing on this application
will be held at the Department of Ge-
ology, Mines and Water Resources,
Room 102 Latrobe Hall, The Johns Hop-
kins University, Baltimore 18, Md. at
2:00 p. m. on Monday, January 16, 1956.
Objections to the granting of this per-
mit may be presented orally or in writ-
ing at this hearing.

DEPARTMENT OF GEOLOGY, MINES AND WATER RESOURCES

Washington, D. C.

DEC 14 1955 1955

To the Department of Geology, Mines and Water Resources of Maryland:

IN COMPLIANCE WITH THE PROVISIONS OF CHAPTER 526, ACTS OF 1933,

The United States of America, by Harry F. Thompson, Assoc. Supt., National Capital Parks,
 (Here give name of applicant)

Interior Building, Washington, D. C.
 (Here give address of applicant)

HEREBY MAKE APPLICATION FOR THE PERMISSION OF THE DEPARTMENT OF GEOLOGY, MINES
 AND WATER RESOURCES (Address: The Johns Hopkins University, Baltimore 18, Md.)
 TO USE THE FOLLOWING AMOUNTS OF WATER FROM

One or two wells, 100 ft to 125 ft deep and 6 inch diameter

(Here state number of wells and proposed depths and diameters)

Daily water consumption varies from maximum of 25,000 gpd to minimum of 250 gpd with
 following monthly averages:

Jan.	500 gpd	May	4500 gpd	Sept.	4000 gpd
Feb.	500 gpd	June	6500 gpd	Oct.	2500 gpd
March	750 gpd	July	10000 gpd	Nov.	1000 gpd
April	2500 gpd	Aug.	10000 gpd	Dec.	500 gpd

(Here give the estimated maximum, minimum,
 and average daily water consumption)

for each month of the year)

THE WATER WILL BE TAKEN FROM WELLS LOCATED AT
 Camp 1, in Catoctin Mountain Park, Frederick County, Maryland, approximately 0.75 mile
 northerly from the Park headquarters which is on State Highway 77 approximately
 half way between towns of Thurmont and Foxville.

(Here describe the locations of the wells)

THE WATER WILL BE USED FOR THE FOLLOWING PURPOSES:

Domestic, recreational and fire protection at Park Headquarters, Camp 1 and other
 organized camp units to be provided in Hunting Creek drainage of Catoctin Mountain
 Park. The ground water source is to be used as alternative to existing supply
 (Here give a general description of the uses)

from Hunting Creek due to pollution of surface waters, but surface water system,
 with Chlorination, will be retained for emergency and supplemental supply.

to which the water is to be put)

Return Receipt Requested

Mr. Joseph T. Singewald, Jr.,
Director, Department of Geology, Mines
and Water Resources
102 Latrobe Hall, Johns Hopkins University
Baltimore 18, Maryland

Dear Mr. Singewald:

Enclosed is the receipt for a second copy of the published notice of Application of the United States to Appropriate and Take Groundwater for use at the Headquarters area of Catoctin Mountain Park. This copy was sent to the County Commissioners, Frederick County, Frederick, Maryland, by registered mail (No. 584939) on January 17, and appears to have been received on January 18.

You have been supplied with copies of the previous correspondence. To supplement the information, we find that the first copy of the published notice, with our letter of January 3, was mailed on January 4 under registration No. 584935, but a Special Delivery Stamp was added in the Interior Department mail room, instead of the return receipt.

Assuming that there was no protest, and that no one appeared for the hearing set on January 16, we hope this will permit you to issue the permit at once. We can, of course, request a letter acknowledging the first copy of the published notice from the County Commissioners if that will clear your records for the future.

Very truly yours,

/s/ A. van V. Dunn
