Mr. F.C. Ryan, Supervisor
Water Division
State Land Department
State of Arizona
State Office Building
Phoenix, Arizona

Dear Mr. Ryan:

We are in receipt of your letter of January 27 which was concerned with the change of ownership of two water wells recently acquired by this Service.

The one well to which you make reference, that drilled by owners C. Theodore Kraft and Pauline Porter Kraft, was purchased by us and we would appreciate your noting the change of ownership to the National Park Service, Department of the Interior.

The other source which is located in the S $\frac{1}{4}$, SE $\frac{1}{4}$, S26, T16S, R29E is a spring which has been cased and capped. We would have thought that this water source would have been registered with you since it has been in use by Mrs. Lillian Riggs and the Silver Spur Ranch, Inc. from 1934 to date. Evidently it was not. We have no discharge data etc. on this source but will have it test pumped and complete the Registration of Well form for submittance to you within the next 30 days.

Thank you very much.

Sincerely,

Ray B. Ringenbach
Superintendent

Memorandum

To: Regional Director
From: Superintendent
Subject: Preparation for Registration of Water Wells

This office has been in telephone communication with Bill Fields, SSC, concerning the registration of the two water sources acquired with the recent acquisitions of property namely, Silver Spur Tract and the Stark Tract. This office is advising the State of Arizona to change the record to reflect ownership of the Stark water well to the United States, since they have record of the well on file.

The water source at the Silver Spur Tract has never been recorded with the State of Arizona. This we wish to accomplish by completing a Registration of Well form for the, however prior to this it appears highly desirable to test pump the well for discharge data, capacity, etc. Mr. Fields has advised that his office will finance the project and we have made local arrangements to perform a 24 hour pump test sometime next week.

Assuming that you concur we will proceed as planned.

Ray B. Ringenbach
Ray B. Ringenbach

Copy to Mr. Fields,
SSC

*A good deal, Bill. Many thanks,
R.*

State Land Commissioner
 State of Arizona
 Phoenix, Arizona

Dear Sir:

In the course of our purchase of two pieces of property, such within the boundaries of this National Monument, two water sources were included. These consisted of two wells both used for residential purposes and are located in Sec. 26, T 16S, R 29E. We do not know whether your office is interested in this change of water well ownership but we wish to go on record. Should you desire additional, detailed information concerning location, etc., please advise.

Sincerely,

Ray B. Ringenbach
