Memorandum

To: Chief, NODC

From: Superintendent, Cumberland Gap National Historical Park

Subject: Drinking Fountain

With the exception of the drinking fountain to be located at the side of the Interpretive Shelter- Overlook Trail, the water system for the Pinnacles area is complete. The supply pipe for the fountain is in place and stone for the masonry work is on hand.

At your convenience, please furnish us with a plan of an appropriate installation and specifications on a frost-proof fountain. It is our thought that massiveness should be avoided and that the fountain should be of polished brass.

(SIGNED)

Millard D. Guy
Superintendent

Copy to: The Director
Regional Director, Region One
