00-00-0000: statement concerning harthoorn lateral enlargement

Statement Concerning Harthoorn Lateral Enlargement

The proposed diversion and appropriation of water will be made by the Savage and Mormon Row Ditches, without enlargement or extension; and by the Harthoorn Lateral, which will be enlarged and slightly extended in Section 33, T 43 N, R 115 W, as shown on accompanying map - Drawing NP-GT-6959. The land to be irrigated in SW¼ of Section 33 is owned by the United States, is under the jurisdiction of the National Park Service, and is to be irrigated and used by the Fish and Wildlife Service under existing interbureau agreement to produce hay for elk. The portion of the Savage and Mormon Row Ditch to be used is all on the land of the United States and Wendell S. Wilson

Due to shifting river channel, the designated NE corner of Section 1 and the original point of diversion have been destroyed. The existing point of diversion, of unknown age, bears S 79°28'E 4613 feet from the NW corner of said Section 1, and there are tracings of an old ditch along the river bank between authorized and existing points of diversion.

We the undersigned, Roy and Bera Casey, Gayne W. Norton et us, Grady C. & Ruth M. Skelton, Peter P. & Margaret Novotny, Nell Rouch, Clara K. Smith, Irving Zirpel, Jr., Lillian Winters, Ann Novotny and Wendell S. Wilson, Albert W. Gunther, Jr., Arthur F. Lange, Clayton C. Rudd, J. Winstanley Briggs, Hildred D. Nash, Reece and Roy Chambers, T. A. Moulton, Claude M. Thompson,/Frank Esther B. Allan, Reginald K. Laubin, Esther Craighead & Margaret Craighead, and John Craighead/and Dr. William F. Gordon, the sole owners along with the United States Government, of the Savage and Mormon Row Ditch, taking water from the Gros Ventre River under Permit No. 4975E for and in consideration of proportionate maintenance, we do hereby give free and voluntary consent to the enlargement and extension of, and to the use of the additional water through, the said ditch, for the irrigation of 160 acres (SW¼ of Section 33, T. 45 N., R. 115 W.), by The United States Government, according to the terms of the application for enlargement.

FORM S—1M—8-52 THE HILLS COMPANY, RIVERTON, WYOMING

Fee Paid $ 2.00 Map filed "E"

NOTICE

An application for permit providing for the appropriation of more water, or for the additional use of water through the point of diversion of an existing ditch, must be filed on this form. Where a portion of an existing ditch is to be used, but the water is to be diverted at a different headgate, an application form for an original permit should be used.

A Manual of Regulations and Instructions for Filing Applications will be furnished by the State Engineer's Office upon request. By carefully complying with the instructions contained in the Manual, much trouble and delay will be saved the applicant, the surveyor, and the State Engineer's Office.

This application must be accompanied by maps in duplicate, prepared in accordance with the Manual, and by a filing fee of two dollars.

Applications returned for corrections must be resubmitted to the State Engineer within ninety days with the corrections properly made; otherwise the filing will be canceled.

This application when approved does not constitute a complete water right. It is your authority to begin construction work, which must be commenced within one year from the date of approval of this application.

Notice of commencement of work, completion of the work, and of application of the water to the beneficial uses described in the permit, should be filed in the State Engineer's Office before the expiration of the time allowed in the permit.

Requests for extensions of time within which to begin construction, to complete the work, and to make beneficial application of the water must be in writing, stating why the additional time is required, and must be received in the State Engineer's Office before the expiration of the time allowed in the permit.

To perfect your water right, notify your Division Superintendent that you are ready to submit final proof. This notice should be sent to the Superintendent as soon as possible after you apply the water to the beneficial uses described in your permit. When you have submitted your proof before the Superintendent it will be considered by the State Board of Control, and, if found to be satisfactory, the Board will issue to you a Certificate of Appropriation which will constitute a completed water right.
