MEMORANDUM FOR FILES

I have taken up the question of a new source for the Dun-
geness Forest Camp with Mr. Bartholet of the State Division of Hy-
draulics today.

The state will not charge us for changing the source and it
will not be necessary for us to advertise the change of source.

He suggested that when we have ascertained the exact source
location on a tributary of the Greywold river, that we bring our
permit over to his office and they would correct the permit to suit
the new conditions.
