

WATER-RIGHT DOCKET

Point Reyes National Seashore

Docket No: 9

UNNAMED STREAM. LICENSE #: 007941 APPL#: A020021

Preliminary Docket Information

00-00-0000: water right/source docket information: application no. a020021; permit no. 013336

Application : A020021
Permit : 013336 Issued on February 26, 1962
License : 007941 Issued on April 7, 1967

Primary Owner : U S NATIONAL PARK SERVICE
Mail To Owner : U S NATIONAL PARK SERVICE
POINT REYES NATIONAL SEASHORE
Address : 1201 OAK RIDGE DRIVE STE 250, FORT COLLINS, CO 80525-5596

POD Information :
IN SW¼ of NW¼ of Section 24, T3N, R10W, MDB&M (Marin County)
Water to be diverted from Unnamed Stream
Tributary SCHOONER BAY thence DRAKES ESTERO, PACIFIC OCEAN

Amount :
Maximum Storage : 0.4 acrc-feet/ann

Purpose of Use : Stockwatering
Storage Season : November 1 to April 30

WATER RESOURCES/WATER RIGHTS

DATE: 7/27/73

WATER RIGHT/SOURCE DOCKET INFORMATION

REGION Western AREA Point Reyes National Seashore, CA.
 SITE Rogers property--the Coast Ranch (Inverness)
 STATE California COUNTY Marin DOCKET NO WR #9
 LOCATION SW 1/4, Sec. 24, T3N, R10W, MDB&M
 REGIONAL BASIN _____ LOCAL BASIN _____
 ACQUIRED BY Purchase
 APPLICATION 20021 PERMIT 13336 CERTIFICATE 7941
 ACTION DUE _____ PRIORITY March 6, 1961 RESERVATION July 12, 1971
 QUANTITY .4 acre/feet per year USE Stockwatering
 STATUS Active SOURCE Stream

REMARKS See trip report of August 19, 1975.

NARRATIVE: On July 12, 1971, Mary G. Rogers sold to the United States her property, the Coast Ranch, located within Point Reyes National Seashore. In that deed she also conveyed all her water rights appurtenant to those 398 acres.

Those rights were to use the water flowing in two unnamed streams, which crossed a corner of the Rogers property, for stockwatering purposes. The Rogers' had filed application 20021, to appropriate water from one of these streams, on March 6, 1961; license 7941 was granted on June 6, 1966.

In response to a request from this office, the ownership of license 7941 was changed to the United States, as indicated by a letter from the California Division of Water Rights, of July 9, 1973.

It is suspected that this water source and FORE WR #10 are stream diversions to a pond. A field check of the area is needed.

A field investigation of the Roger's tract was made on July 8, 1975 by Mike Ackerman of Water Resources (See trip report of August 19, 1975 and the maps attached). Mr. Rogers has a well in the vicinity of his home which supplies his domestic needs. He also has a spring nearby which supplies water for his barn and dairying operations (we did not have time to inspect the spring or its location).

Note: Rogers reserved the right to occupy his property and the right to use water thereon for 20 years from the date of sale (July 12, 1971).

DRAFT

L54 (479)
WR/PORE Water Rights
X PORE Dockets #9, #10 & #12

Glenn K. Mork, Chief
Investigation and Compliance Section
State Water Resources Control Board
Division of Water Rights
P.O. Box 2000
Sacramento, CA 95810

Dear Mr. Mork:

In response to your request, enclosed are completed Reports of Licensee for 1985, 1986 and 1987, for the following water rights located at Point Reyes National Seashore:

- Application #20021, License #7941, Unnamed stream;
- Application #20022, License #7942, Unnamed stream; and
- Application #22784, License #10112, Unnamed stream.

If you have any questions or comments regarding these forms, please contact Ms. Pat Larson of the Water Rights Branch, National Park Service Water Resources Division in Fort Collins, Colorado, at 303/221-5341.

Sincerely,

John D. Cherry
Associate Regional Director
Resources Management and Planning
Western Region

REPORT OF LICENSEE FOR

- PAGE 2

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer those questions which are applicable to your project.

CONSERVATION OF WATER (WATER PURVEYORS)

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program ☐; (2) Lining canals ☐; (3) Phreatophyte and aquatic vegetation control ☐; (4) Other (describe in "Remarks") ☐.
18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable ☐; (2) Return flow systems on individual farms ☐; (3) Return flow system areawide ☐; (4) Water pricing to encourage reduced use ☐; (5) Charges for drainage of irrigated lands ☐; (6) Other (describe in "Remarks") ☐.
19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use ☐; (2) Public education program on water conservation ☐; (3) Pricing to encourage reduced use ☐; (4) Assistance to industry in design of recycle systems ☐; (5) Other (describe in "Remarks") ☐.
20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system ☐; (2) Water use for major crops by each farm ☐; (3) Other (describe in "Remarks") ☐.

CONSERVATION OF WATER (WATER USERS)

21. Describe any water conservation efforts you may have started: _____
22. If credit toward beneficial use of water under this license for water not used due to a conservation effort is claimed under Water Code Section 1011, please show the amounts of water conserved (acre feet or mg.):
19__ 19__ 19__

WATER QUALITY AND WASTEWATER RECLAMATION

23. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters: _____
24. After use, the water is (1) retained in reservoir ☒; (2) discharged into a stream or lake ☐; (3) discharged into settling ponds ☐; (4) Other ☐. Describe: _____
25. Does or will water being discharged contain waste materials? YES ☐ NO ☒.
(1) Domestic ☐; (2) Municipal ☐; (3) Industrial ☐; (4) Agricultural ☐; (5) Other ☐. Describe: _____
26. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? YES ☐ NO ☒. Describe: _____

TO THE EXTENT THE FOLLOWING QUESTIONS APPLY TO YOUR LICENSE, PLEASE ANSWER IN REMARKS SECTION BELOW.

27. Are you now or have you been using reclaimed water from a wastewater treatment facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES ☐ NO ☒.
- If credit toward use under this water right through substitution of reclaimed or polluted water in lieu of appropriated water is claimed under Section 1010 of the Water Code, please show amounts of reduced diversion and amounts of reclaimed water used.
28. Are you now or have you been reclaiming or reusing any of the water appropriated under this right? YES ☐ NO ☒.
- If yes, please describe. _____
29. What is present availability or current potential for using reclaimed water from a wastewater treatment plant or polluted water in place of the appropriated water to satisfy all or part of your water needs?
30. What is the current potential for reusing the appropriated water to satisfy part of your water needs?
31. If you produce reclaimed water, or polluted water, is there a potential for others to use it?

REMARKS: (Identify the item you are explaining. Additional pages may be attached.)

29. No potential	
30. No potential	Declaration: The United States gives this notification to the State in the interest of comity, and does not concede that the State has power to regulate the rights of the United States to the use of water.
31. N/A

REPORT OF LICENSEE FOR 1975, 1976, 1977—PAGE 2

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer only those questions which are applicable to your project.

CONSERVATION OF WATER

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program ☐; (2) Lining canals ☐; (3) Phreatophyte and aquatic vegetation control ☐; (4) Other (describe in "Remarks") ☐.
18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable ☐; (2) Return flow systems on individual farms ☐; (3) Return flow system areawide ☐; (4) Water pricing to encourage reduced use ☐; (5) Charges for drainage of irrigated lands ☐; (6) Other (describe in "Remarks") ☐.
19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use ☐; (2) Public education program on water conservation ☐; (3) Pricing to encourage reduced use ☐; (4) Assistance to industry in design of recycle systems ☐; (5) Other (describe in "Remarks") ☐.
20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system ☐; (2) Water use for major crops by each farm ☐; (3) Other (describe in "Remarks") ☐.

WATER QUALITY AND WASTEWATER RECLAMATION

21. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters:

22. After use, the water is (1) retained in reservoir ☐; (2) discharged into a stream or lake ☐; (3) discharged into settling ponds ☐; (4) other ☐. Describe: _____

23. Does or will water being discharged contain waste materials? ☐ Yes ☐ No.
(1) Domestic ☐; (2) Municipal ☐; (3) Industrial ☐; (4) Agricultural ☐; (5) Other ☐. Describe: _____

24. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? ☐ Yes ☐ No. Describe: _____

25. Describe what steps you are taking, have been taking, or can take to reclaim or indirectly reuse the water appropriated:

REMARKS

Please indicate the number of the item you are explaining:

_____ This water right was purchased by the United States appurtenant to a
_____ tract of land within Point Reyes National Seashore. The grantor reserved
_____ a 20 year use of the land and water.
_____ During the late summer months of Aug., Sept., and Oct., the reservoir is
_____ dry.

(If additional space is needed for remarks, attach numbered sheets.)

License for Diversion and Use of Water

APPLICATION 20021

PERMIT 13336

LICENSE 7941

THIS IS TO CERTIFY, That

DAVID ROGERS AND MARY ROGERS
COAST RANCH, INVERNESS, CALIFORNIA

HAVE made proof as of JUNE 6, 1966,
(the date of inspection) to the satisfaction of the State Water Rights Board of a right to the use of the water of
AN UNNAMED STREAM IN MARIN COUNTY

tributary to SCHOONER BAY THENCE CRACKS ESTERO THENCE PACIFIC OCEAN

for the purpose of STOCKWATERING USE
under Permit 13336 of the Board and that the right to the use of this water has been perfected in
accordance with the laws of California, the Regulations of the Board and the permit terms; that the priority of
this right dates from MARCH 6, 1961, and that the amount of water to which this right is
entitled and hereby confirmed is limited to the amount actually beneficially used for the stated purposes and shall
not exceed FOUR-TENTHS (0.4) ACRE-FOOT PER ANNUM TO BE COLLECTED FROM ABOUT
NOVEMBER 1 OF EACH YEAR TO ABOUT APRIL 30 OF THE SUCCEEDING YEAR.

LICENSEE'S RIGHT HEREUNDER EXTENDS ONLY TO WATER NECESSARY TO KEEP THE
RESERVOIR FULL BY REPLACING WATER BENEFICIALLY USED OR LOST BY EVAPORATION AND
SEEPAGE, AND TO REFILL IF EMPTIED FOR NECESSARY MAINTENANCE OR REPAIR.

THE POINT OF DIVERSION OF SUCH WATER IS LOCATED:

SOUTH 1840 FEET AND EAST 320 FEET FROM NW CORNER OF PROJECTED SECTION 24, T3N,
R10W, MDB&N, BEING WITHIN SW1/4 OF NW1/4 OF SAID SECTION 24.

A DESCRIPTION OF LANDS OR THE PLACE WHERE
SUCH WATER IS PUT TO BENEFICIAL USE IS AS FOLLOWS:

AT RESERVOIR WITHIN SW1/4 OF NW1/4 OF PROJECTED SECTION 24, T3N, R10W, MDB&N.

RECORDED AT REQUEST OF

State Water Rights Board

AT 10 MIN. PAST 4 PM

APR 10 1967

Official Records of Marin County, Calif.

R. J. Giacomini
RECORDER

Licensee shall allow representatives of the Board and other parties, as may be authorized from time to time by the Board, reasonable access to project works to determine compliance with the terms of this license.

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1623. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.

GRANT DEED

MARY GROSSI ROGERS, a married woman, as her separate property, in consideration of THREE HUNDRED FIVE THOUSAND AND NO/100 (\$305,000.00) DOLLARS, to her in hand paid, receipt of which is hereby acknowledged, does hereby grant to the UNITED STATES OF AMERICA and its assigns, the following described property located in the County of Marin, State of California, to wit:

BEGINNING at the Southeasterly extremity of that certain course "South 47°47' East 411.20 feet" which forms part of the boundary line of that certain parcel of land conveyed by James and Margaret McClure to R.C.A. Communications, Inc., by Deed dated September 28, 1929 and recorded October 15, 1929 in Book 185 of Official Records at page 93, Marin County Records, (it being assumed in this description that the call "South 47°47' East" above set forth has a true meridian bearing of "South 49°29' East") and running thence North 21°53' East 995.72 feet, North 36°51' East 1133.70 feet, North 45°45' East 593.26 feet, South 57°15'30" East 772.496 feet, South 47°06'30" East 201.90 feet, South 32°55' East 2257.64 feet, South 14°39'50" West 566.61 feet, South 83°06' East 857.93 feet, South 74°36' East 77.77 feet, South 74°43'50" East 443.99 feet and South 74°36' East 235.98 feet to the Southeasterly boundary line of Parcel Two as described in the Deed from Leonard W. David, et ux, to D. Grossi, by Deed recorded August 2, 1939 in Book 383 of Official Records at page 408, Marin County Records, and thence along said boundary line as described in said Deed on a curve to the right whose center bears North 40°39' West and whose radius is 600 feet distance 231.14 feet, thence South 80°25' West 73.43 feet, thence on a curve to the left whose center bears South 9°35' East and whose radius is 300 feet distance 209.44 feet, thence South 40°25' West 401.39 feet, thence on a curve to the left whose center bears South 49°35' East and whose radius is 1000 feet distance 141.37 feet, thence South 32°19' West 143.13 feet, thence on a curve to the left whose center bears South 57°41' East and whose radius is 1000 feet distance 250.75 feet, thence South 17°57' West 76.90 feet, thence on a curve to the right whose center bears North 72°03' West and whose radius is 500 feet distance 215.55 feet, thence South 42°39' West 225.66 feet, thence on a curve to the right whose center bears South 47°21' West and whose radius is 500 feet distance 161.15 feet, thence South 61°07' West 232.05 feet, thence on a curve to the left whose center bears South 28°53' East and whose radius is 1000 feet distance 262.96 feet, South 46°03' West 314.94 feet, thence on a curve to the right whose center bears North 43°57' West and whose radius is 500 feet distance 159.12 feet, thence South 64°17' West 101.06 feet, thence on a curve to the right whose center bears North 25°43' West and whose radius is 400 feet distance 286.70 feet, thence North 74°39' West 137.06 feet, thence on a curve to the left whose center bears South 15°21' East and whose radius is 300 feet distance 237.02 feet, thence South 60°05' West 49.44 feet, thence on a curve to the right whose center bears North 29°55' West and whose radius is 500 feet, distance 211.18 feet, thence South 84°17' West 20.79 feet, thence on a curve to the left whose center bears South 5°43' East and whose radius is 800 feet, distance 345.34 feet, thence South 59°33' West 27.87 feet, thence leaving said surveyed County road line and running South 59°33' West 165.91 feet, thence North 1°17' West 66.93 feet to the most Easterly corner of the R.C.A. Property above referred to, thence along the boundary of said R.C.A. Property on true meridian, North 80°56' West (called North 79°14' West in said R.C.A. Deed) 406.3 feet, thence continuing by true meridian, South 82°40' West 629.70 feet, North 68°34' West 256.2 feet, North 31°31' West 223.0 feet, North 11°05' East 149.80 feet,

North 6°45' East 499.20 feet to the point of beginning.

TOGETHER WITH the Grantor's right, title and interest in and to
water rights appurtenant to this property.

The land is conveyed subject to existing easements of record for
public roads and highways, public utilities, railroads, pipelines,
ditches and canals.

RESERVING to the Grantor, her heirs, executors, administrators and
assigns, possession and use of the above described property together
with the buildings and improvements thereon, in accordance with the
terms and conditions of the contract dated June 22, 1971 and
assigned Contract Number 14-10-9-900-383 on file with the National
Park Service, Department of the Interior.

The land hereinabove described contains 398.00 acres, more or less.

TOGETHER WITH all and singular the tenements, hereditaments and
appurtenances thereunto belonging, or in any wise appertaining and
the reversion and reversions, remainder and remainders, rents, issues
and profits thereof.

TOGETHER WITH the buildings and improvements thereon and all rights
and appurtenances thereto.

TO HAVE AND TO HOLD the same unto said UNITED STATES OF AMERICA and
its assigns, forever.

And said Grantor for herself and her heirs, executors, administrators
and assigns, does hereby covenant with the UNITED STATES OF AMERICA
that she is now seized in fee simple of the property hereby granted;
that the said UNITED STATES OF AMERICA shall enjoy the same without
any lawful disturbances; that title to the property hereby conveyed
is free from any encumbrances except as noted above.

The Grantor further remises, releases and forever quitclaims to the
UNITED STATES OF AMERICA and its assigns, all right, title and
interest which the Grantor may have in the banks, beds and waters of
any streams bordering the said land to be conveyed and also all
interest in any alleys, roads, streets, ways, strips, gores or rail-
road rights-of-way abutting or adjoining said land and in any means
of ingress or egress appurtenant thereto.

The land is being acquired by the Department of the Interior, National
Park Service.

IN WITNESS WHEREOF, the said Grantor has hereunto set her hand this
12th day of July, 1971.

Mary Grossi Rogers

Memorandum

To: Superintendent, Point Reyes National Seashore
From: Chief, Water Rights Branch
Subject: California State Water Resources Control Board Progress Reports and Reports of Licensee

We have reviewed the thirteen reports of licensee and one progress report by permittee (attached) mailed to us in a letter dated October 6, 1997. There is missing information or discrepancies in all of the reports between the authorized beneficial purposes and the reported water uses. Before we can finalize the reports and sign them, we would like your assistance in clarifying these discrepancies. Please review our comments below and return the completed reports and/or call Bill Hansen, of my staff, at (970) 225-3532 to discuss the need for filing change applications so we are in compliance with the conditions of each permit.

Our concerns are listed below and referenced by application and permit number:

Application A029021, Permit 020434, Use of Water (5): Has use of water commenced? If so, is any irrigation use and/or recreational use occurring?

Application A021954, Permit 009630: There is a conflict between the authorized purpose which is stockwatering and the actual uses shown on page 2. If this water is being used for domestic purposes we are in non-compliance with the permit and should file a change application to add domestic use.

No Use

Application A019955, Permit 007931: What type of recreational use is occurring (i.e., fishing, boating, etc.)?

2

Application A019953, Permit 007929: There is a conflict between the authorized purposes which are domestic, recreational, and stockwatering and the actual uses shown on page 2. Is this water is being used for domestic purposes? If not, will it be in the future or should we file a change application to subtract domestic use? What type of recreational use is occurring (i.e., fishing, boating, etc.)?

Application A019952, Permit 007928: There is a conflict between the authorized purpose which is stockwatering and the actual uses shown on page 2. If recreational use is occurring we should file a change application. If it is not, we should not show this use on page 2.

Application A019951, Permit 007927: Is recreational use occurring? If so, what type and it should be shown on page 2.

Application A019950, Permit 007926: There is a conflict between the authorized purposes which are recreational and stockwatering and the actual uses shown on page 2. Is there actually 280 acres being irrigated, or was it intended to show 280 head of stock being watered. If irrigation is occurring we are in non-compliance with our permit. Is recreational use occurring? If so, what kind. If these discrepancies are real we will need to file a change application.

Application A020021, Permit 007941: There is a conflict between the authorized purpose which is stockwatering and the actual uses shown on page 2. If domestic use is occurring we need to file a change application to be in compliance with our permit.

Application A020022, Permit 007942: There is a conflict between the authorized purpose which is stockwatering and the actual uses shown on page 2. If domestic use is occurring we need to file a change application to be in compliance with our permit.

Application A021277, Permit 009049: There is a conflict between the authorized purposes which are recreational and stockwatering and the actual uses shown on page 2. If domestic use is occurring we need to file a change application to be in compliance with our permit. Is recreational use occurring? If so, what type and it should be shown on page 2.

Application A013473, Permit 003827: Are uses occurring in November, December, January, and February? Is irrigation occurring? If not, should we file a change application to be in compliance with our permit?

Application A013322, Permit 003800: Does use occur in January? There is a conflict between the authorized purposes which are domestic and industrial and the actual uses shown on page 2. It appears that the purpose should be changed to stockwatering since this is a beef cattle operation. Was this water used at one time for a dairy operation and the original permittee issued for industrial uses associated with dairy farming?

Application A017417, Permit 006748: There is a conflict between the authorized purpose which is recreational and the actual uses shown on page 2. If horses are being watered we are in non-compliance with our permit and should either discontinue stockwatering or file a change application to add stockwatering. *May need change application*

Application A019954, Permit 007930: What types of recreational use are occurring?

REPORT OF TELEPHONE CONVERSATION

DATE 2/16/88 TIME 10:10 (AM) PM
PROJECT Reports of Licensee - PORE

NPS PERSON ON CALL: Pat Larson ☒ I CALLED ☐ S/HE CALLED

PERSON Jack Williams, Chief of Maintenance

ORGANIZATION Point Reyes National Seashore

ADDRESS Point Reyes, CA 94956

TELEPHONE NO. (415) 663-8522 EXT. _____

SUBJECTS DISCUSSED Initially I asked Mr. Williams about water right records regarding the Park. He said they are non-existent and very little is known about the Park's water rights. Then, I asked if the two Rogers' properties are still supporting cattle, particularly:

WR #9- Unnamed Stream, Appl #20021, License #7941, 130 dairy cattle
WR #10- Unnamed Stream, Appl #20022, License #7942, 130 dairy cattle
(Both on lands previously owned by Mary G. Rogers)

WR #14- Unnamed Stream, Appl #22784, License #10112, 100 beef cattle
(On lands previously owned by Clarence and Rosilda Rogers)

After consulting with John Sansing, Superintendent, PORE, Mr. Williams confirmed that both operations are still active. We agreed that the Reports of Licensee for these three water rights should be submitted the same as the previous reports. No record has been found regarding a water right for stockwatering from an Unnamed Stream, Appl #25498, License #11635, at either the Park or the Water Resources Division.

(Continued on blank page following.)

ACTION TO BE TAKEN Prepare the Reports of Licensee for WR #9, #10 and #12 for Stan Ponce's signature and send them to Dave Cherry for transmittal to the State Water Resources Control Board. For the unknown water rights I will consult with Gerry Witucki and Dave Cherry or Merv Kelipinski to see if anyone has additional information or documentation regarding these water rights.

COPIES TO: PORE WR #9, PORE WR #10, PORE WR #14

2/16/88

PORE - Reports of Licensee (continued)

I asked about a water right for which we need to complete a "Progress Report By Permittee." The project is listed as 2 1/4 acre-feet, for domestic, irrigation, recreation, and stockwatering from an unnamed stream and it was supposed to be completed 12/1/84.

(Appl # 25504, Permit # 18061) Mr. Williams said the only possible water project he could think of was the dam that Niman and Schell were building about that time.

I also asked Mr. Williams about three "Supplemental Statements of Water Diversion" for diversions from an unnamed stream that is tributary to Papermill Creek (listed as "Peppermill Creek" on the forms but an accompanying memo from John Sansing states that it should be "Papermill Creek"). He said he knew nothing about them. I noted that we have until July 1, 1988, to file these three forms.

ISSUE/CONCERN:

Received Reports of Licensee for 1985, 1986 and 1987 for California park units. The package included three reports for Point Reyes N.S.: Application #20021, License #7941 - Docket #9
 Application #20022, License #7942 - Docket #10
 Application #22784, License #10112 - Docket #14

ACTION PLAN:

1. Contact park staff to check status of water use for each application.
2. Prepare Report of Licensee for each application.
3. Transmit to Western Region for submittal to State Water Resources Control Board.

COMMENTS

2/16/88

Originally called Superintendent Sansing, but he referred me to Jack Williams, Chief of Maintenance. I told him I needed to know if water use has changed for the three applications. He consulted Superintendent Sansing and they confirmed that both cattle operations were still operating so water use remained the same as the last report. (App/ # 20021 and #20022 are for a cattle ranch on lands previously owned by Mary G. Rogers. App/ #22784 is for a cattle ranch on lands previously owned by Clarence and Rosilda Rogers.)

Memorandum

TO : L54(WR)PSW
PORE/WR # 9, 10 & 11
Chief, Division of Water Resources, *AW 10/4*
Western Region
Through: Hydrologist Werrell
FROM : Legal Clerk, Water Resources Division,
Western Region
DATE: August 19, 1975
SUBJECT: Field Trip to Point Reyes National Seashore, July 8, 1975

Purpose of the Trip: Trip made to acquire specific physical data necessary to update water right docket - specifically to conduct field investigation of various properties to establish and locate the diversions. Point Reyes has been topographically mapped by the U.S. Geological Survey but unfortunately the range and township survey was not extended over the park. Ranges and townships are shown on adjoining maps but due to the distance over which the survey would have to be extended, and the irregular shape and staggered configuration of many of the sections due to surveying corrections, ranges and townships cannot be accurately projected over the park. Thus a listed range and township location of a specific diversion fails to provide an accurate location. These diversions are in use, being utilized by individuals holding life estates or term leases within the park.

Itinerary: Departed San Francisco the morning of July 8, 1975. Arrived at Point Reyes and remained until late that afternoon at which time I returned to San Francisco.

Companions: None

Accomplishments and Observations: Met with Dick Engle, Park Engineer, who accompanied me to the various diversions.

Nunes Diversion (Water Right Docket #11) - Mr. Nunes had constructed an earthen dam about midway down a small canyon immediately to the south of his residence (see Figure 1). There was a stream flowing at an approximate rate of 3 gallons per minute in this canyon. The source of the stream was several small springs and seeps arising in the hillside to the south of the stream. Mr. Nunes had constructed a spring box and pumphouse over one particular spring opening. This supplies water for his domestic needs and the overflow is piped to the stream to also feed the reservoir. The specific conductance of the water was 700 at 15°C.

Rogers Property (Water Right Dockets # 9 & 10) - Spoke with a member of the family who informed us that their domestic supply was from a well

5010-110

Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan

drilled adjacent to their home, and that their supply for the dairying operations was from a nearby spring. He directed us to the diversion he had made in a canyon and for which he had applied to the State of California for an appropriative right (and for which he had received a license). We drove to a hill overlooking the small stock reservoir which is his diversion. The earthen dam traps the present total flow of water in the canyon. Streamflow is probably due solely to rainfall. Assuming this reservoir is that described in License No. 7942 (Water Right Docket # 10), the only other diversion in the general vicinity of the one described in License No. 7941 (Water Right Docket # 9) is the spring used to supply water to their barn (see Figure 2). However, the description and the location in the license does not describe this diversion. We can only guess that Mr. Rogers filed on the reservoir and spring and received licenses on both, or he has or had made another diversion which he did not mention to us.

Conclusions: The Nune diversion was as described in the application. The future importance of this reservoir may ultimately lie in the fact that it is fed by springs capable of providing a continuous domestic supply year round (as they are used now). In comparison, the Rogers diversions were not as described in the applications and may have no other use than in dairying operations.

Recommendations: The information contained in this trip report should be incorporated into the respective docket files so as to supplement and update the information already contained therein. The pertinent information contained in this trip report should also be transmitted to the park and WASO along with copies of the maps.

Conversation: Subject: Water Rights on the Rogers Property inside the Park

The Superintendent stated that the Rogers have sold their property in the park to the Government, but retained a 20-year reservation of occupancy. They may continue to use the water for their dairy operation, as they did before they sold their property; but any new water sources they develop will become the property of the Government. Thus, the Rogers cannot file an application for any water rights with the State Water Resources division, because the water would automatically be the property of the Government.

There are two streams which cross the Rogers Property. They both cross a corner of the property, and flow into Schooner Bay. They are no doubt used for stock-watering purposes.

The Superintendent has no clear picture of the extent of water usages in the Park. He suggested that a field inspection and inventory of the whole Park would be required to obtain that information.
