

WATER-RIGHT DOCKET

Redwood National and State Parks

Docket No: 1

HANSETH DIVERSION

Preliminary Docket Information

07-11-1979: water right/source docket information

DOCKET (FILE) TITLE		DATE: July 11, 1979			
REGION	Western	ANMA	Redwood National Park		
SITE	Hanseth Diversion				
STATE	California	COUNTY	Del Norte		
DOCKET NO	WR #1				
LOCATION	NW 1/4 NW 1/4 Sec. 9 T16N R1E				
REGIONAL BASIN	LOCAL BASIN				
ACQUIRED BY	Appropriation				
APPLICATION	12221	PERMIT	7245		
CERTIFICATE	3866				
ACTION DUE	PRIORITY December 31, 1947 RESERVATION				
QUANTITY	4500 gpd	USE	Domestic		
STATUS	Inactive	SOURCE	Surface Water - Stream		
REMARKS	Hydrologic Unit #18010101				
<u>NARRATIVE:</u>					
In 1946 a group of residents of the Hiouchi area constructed a diversion at a spring and a concrete cistern for water collection. Also, a small tank was filled by a spillway below the cistern. A 2-inch pipeline ran to "Marie's Hiouchi Cafe" and from there to five lots just west of the cafe. In 1947 the five residents of the lots made separate filings (App.12221-12225, see below) on the source, all with the same priority date. None of the applicants owned the property on which the source was located, but there was an express agreement in the terms of the subdivision compact giving an easement for pipelines to supply the lower lots in the development. In 1968 Redwood N.P. was established, including two of the above tracts within its boundaries. The water rights appurtenant to the parcels were also purchased. In 1974 the Hanseths left the area and the water system to that residence was capped. The park is currently using the home as an employee residence, with water supplied by the local water district. Wold, the other former lot owner, has a right-of-occupancy until 1994 and continues to be supplied by the system.					
<u>APPLICATION</u>	<u>LICENSE</u>	<u>ORIGINAL OWNER</u>	<u>QUANTITY</u>	<u>STATUS</u>	<u>LOT LOCATION</u>

Re: License 6343 (Application 8183) Saratoga Springs in San Bernardino County
License 5141 (Application 12222) Unnamed Stream in Del Norte County
License 3442 (Application 12228) Unnamed Stream in Del Norte County
License 5125 (Application 14931) Smith River in Del Norte County
License 6740 (Application 18433) Goldbelt Spring in Inyo County
License 7577 (Application 19482) Ranger Spring in Inyo County

Dear Mr. Pankratz:

The National Park Service (NPS) responds to your letter of May 29, 1991, by agreeing to process License numbers 6343, 5141, 3442, 5125, and 6740 as ORDERS CORRECTING THE PURPOSE OF USE AND AMENDING THE LICENSE (Orders) rather than as PETITIONS FOR CHANGE IN PURPOSE OF USE as originally requested (For License number 7577 we also concur with processing the changes as Orders, as indicated in our July 11, 1991, letter). An August 15, 1991, telephone conversation between Jeff Hughes of my staff and Bert Parkinson clarified our concerns in this matter.

Upon further review of our water right files and after discussions with Park personnel, we have determined that the Purpose of Use for License 5141 (Application 12222) should be corrected as Recreation, Fish and Wildlife, in place of Domestic, Fish and Wildlife; and License 6740 (Application 18433) should be corrected as Recreational, Fish and Wildlife, in place of Domestic, Recreational, Fish and Wildlife uses. Please inform us as to the proper course for the NPS in regard to these changes.

If you have any questions, please contact either me or Dan McGlothlin at (303) 493-1441.

Sincerely,

Jeffrey Albright

STATE OF CALIFORNIA—DEPARTMENT OF PUBLIC WORKS
DIVISION OF WATER RESOURCES
STATE ENGINEER

License for Diversion and Use of Water

APPLICATION 12221 PERMIT 7245 LICENSE 3866

THIS IS TO CERTIFY, That **Arthur Hanseth and Florence Hanseth**
1082 Fifth Street
Crescent City, California

do hereby make proof as of August 28, 1952
(the date of inspection) to the satisfaction of the State Engineer of California of a right to the use of the water of
an unnamed stream in Del Norte County

tributary to **Smith River**

for the purpose of **domestic use**
under Permit **7245** of the Department of Public Works and that said right to the use of said water has
been perfected in accordance with the laws of California, the Rules and Regulations of the Department of Public Works
and the terms of the said permit; that the priority of the right herein confirmed dates from **December 31, 1947**;
and that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited
to the amount actually beneficially used for said purposes and shall not exceed **four thousand five hundred**
(4,500) gallons per day to be diverted from January 1 to December 31 of each year.

The right under this license is of equal priority with the rights initiated by
Applications 12222, 12223, 12224 and 12225.

The point of diversion of such water is located south fifty (50) feet and west two thousand
two hundred seventy (2270) feet from E $\frac{1}{2}$ corner of Section 9, T 16 N, R 1 E, HB&M,
being within NW $\frac{1}{4}$ of SE $\frac{1}{4}$ of said Section 9.

A description of the lands or the place where such water is put to beneficial use is as follows:

within E $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 9, T 16 N, R 1 E, HB&M.

All rights and privileges under this license including method of diversion, method of use and quantity of water
diverted are subject to the continuing authority of the Department acting through the State Engineer in accordance
with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or
unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time
to time by the State Engineer.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein
specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Department.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code).

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property can not agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.

Witness my hand and the seal of the Department of Public Works of the State of California, this 22nd day of January, 1954

EDWARD HYATT, State Engineer

By G. R. Merryweather
K 67 Administrative Assistant

FILE IN DUPLICATE

(For full information concerning the filling out of this form refer to Regulation 4 of Rules and Regulations Governing the Appropriation of Water)

STATE OF CALIFORNIA—DEPARTMENT OF PUBLIC WORKS
DIVISION OF WATER RESOURCES
STATE ENGINEERApplication No. 12221 Filed December 31, 1947 at 1:46 P. M.
SEP 10-1948 FEB 13-1948 AMENDED (Applicant must not fill in the above blanks) APPLICATION RECEIVED MAY 24 - 1948

APPLICATION TO APPROPRIATE UNAPPROPRIATED WATER

This application involves in no way the right to construct a dam

I, Arthur Hanseth and Florence Hanseth

Name of applicant

of Crescent City County of Del Norte

Post office

State of California

do hereby make application for a permit to appropriate the following described unappropriated waters of the State of California, *SUBJECT TO EXISTING RIGHTS*:

Source, Amount, Use and Location of Diversion Works

1. The source of the proposed appropriation is unnamed stream

Give name of stream, lake, etc., if named; if unnamed state nature of source and that it is unnamed

located in Del Norte County, tributary to Smith River

2. The amount of water which applicant desires to appropriate under this application is as follows:

(a) For diversion to be directly applied to beneficial use without storage 16,000 gallons ~~xxxxxx~~ per day1 cubic foot per second equals 40
square meter's inches or 646,317
gallons per day

per day

to be diverted from January 1st to December 31st of each season.

Beginning date each season

Closing date each season

(b) For diversion to be stored temporarily and later applied to beneficial use _____ acre-feet

1 acre-foot equals 325,851 gallons

per annum, to be collected between _____ and _____ of each season.

Beginning date each season

Closing date each season

NOTE.—Answer (a) or (b) or both (a) and (b) as may be necessary. The amounts stated must be in definite terms of some established unit of measurement. Neither these amounts nor the season may be increased after application is filed.

3. The use to which the water is to be applied is domestic and irrigation

Domestic, irrigation, power, municipal, mining, industrial, recreational

purposes.

4. The point of diversion is to be located 2270' W and 50 feet South of E $\frac{1}{2}$ Corner of

State bearing and distance or coordinate distances to section or quarter section corner

Section 9, T 16 N, R 1 E

being within the NW $\frac{1}{4}$ of SE $\frac{1}{4}$

State 40-acre subdivision of U. S. Government survey or projection thereof

of Section 9, Tp. 16 N., R. 1 E., HB & M., in the County of Del Norte

5. The main conduit terminates in NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec. 9, Tp. 16 N., R. 1 E., HB & M.

State 40-acre subdivision of U. S. Government survey or projection thereof

Description of Diversion Works

NOTE.—An application can not be approved for an amount grossly in excess of the estimated capacity of the diversion works.

6. Intake or Headworks (fill only those blanks which apply)

(a) Diversion will be made by pumping: Capacity of plant _____ gallons per minute.

(b) Diversion will be by gravity, the diverting dam being _____ feet in height (stream bed to

level of overflow); 8 or 6 feet long on top; and constructed of Concrete

Concrete, earth, brush, etc.

(c) The storage dam will be _____ feet in height (stream bed to overflow level); _____ feet

long on top; have a freeboard of _____ feet, and be constructed of

Concrete, earth, etc.

7. Storage Reservoir

Name

The storage reservoir will flood lands in

Indicate section or sections, also 40-acre subdivisions unless shown upon map

It will have a surface area of _____ acres, and a capacity of _____ acre-feet.

In case of insufficient space for answers in form, attach extra sheets at top of page 3 and cross reference.

FORM 1

8. Conduit System (describe main conduits only)

(a) Canal, ditch, flume: Width on top (at water line) _____ feet; width at bottom _____
Cross out two not used
 feet; depth of water _____ feet; length _____ feet; grade _____ feet per 1,000 feet; materials
 of construction _____
Earth, rock, timber, etc.

(b) Pipe line: Diameter _____ inches; length _____ feet; grade _____ feet per
 1,000 feet; total fall from intake to outlet _____ feet; kind _____
 Conduit of adequate capacity will be installed.
Installed in concrete, wood-stave, etc.
 NOTE.—If a combination of different sizes or kinds of conduit is to be used, attach extra sheets with complete description, also show
 location of each clearly on map.

9. The estimated capacity of the diversion works proposed is 20,000 gallons per day
State cubic feet per second or gallons per minute

The estimated cost of the diversion works proposed is \$1,000 (plus)
Give only cost of intake, or headworks, pumps, storage reservoirs and main conduits described herein

Completion Schedule

10. Construction work will begin on or before January 1, 1948
 Construction work will be completed on or before January 1, 1949
 The water will be completely applied to the proposed use on or before January 1, 1950

Description of Proposed Use

11. Place of Use. 2 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ and 1-1/3 acre in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9,
State 40-acre subdivisions of the public land survey. If area is unsurveyed indicate the location as if lines of the public land survey were projected. In the case of irrigation use state the number of acres to be irrigated in each 40-acre tract, if space permits. If space does not permit listing of all
T 16 N, R 1 E, H. B. & M.

Does applicant own the land whereon use of water will be made? Yes
Yes or No

If applicant does not own land whereon use of water will be made, state what arrangements have been made with owner.

12. Domestic Use. Domestic use is proposed as follows: 10 people week ends, 10 head of stock
watering.
Describe nature of use which may include stock water and the irrigation of domestic gardens not exceeding one-half acre with each place of residence. State number and kind of stock to be watered, number of houses and people to be served.

The amount for which application is made was determined by normal usage
Describe basis of quantity needed

13. Irrigation Use. The area to be irrigated is 3-1/3 Lawn & Gardens acres.
State net acreage to be irrigated
 The segregation of acreage as to crops is as follows: Rice _____ acres; alfalfa _____ acres;
 orchard _____ acres; general crops 3-1/3 acres; pasture _____ acres.

NOTE.—Care should be taken that the various statements as to acreage are consistent with each other, with the statement in Paragraph 11, and with the map.

The irrigation season will begin about May 1 and end about October 15
Beginning date each season Closing date each season

The land to be irrigated has ~~no other~~ water right or source of water supply other than that herein applied for. The nature
 and amount of the additional supply referred to is _____

14. Power Use. The total fall to be utilized is _____ feet.
Difference between nozzle or draft tube water level and first free water surface above

The maximum amount of water to be used through the penstock is _____ cubic feet per second.

The maximum theoretical horsepower capable of being generated by the works is _____ horsepower.
Second feet $\times$ fall $\div$ 5.5

The use to which the power is to be applied is _____
For distribution and sale or private use, etc.

The nature of the works by means of which power is to be developed is _____
Turbine, Pelton wheel, etc.

The size of the nozzle to be used is _____ inches.

The water ~~will~~ be returned to _____ in _____ of
will not Name stream State 40-acre subdivision

Sec. _____, Tp. _____, R. _____, M. _____

DO NOT WRITE IN THIS SPACE

ATTACH EXTRA SHEETS HERE

15. **Municipal Use.** This application is made for the purpose of serving _____
Name city or cities, town or towns. Urban areas only
 having a present population of _____

The estimated average daily consumption during the month of maximum use at the end of each five-year period until the full amount applied for is put to beneficial use is as follows:

16. **Mining Use.** The name of the mining property to be served is _____
Name of claim
 and the nature of the mines is _____
Gold placer, quartz, etc.

The method of utilizing the water is _____

It is estimated that the ultimate water requirement for this project will be _____
Cubic feet per second, gallons per minute. State basis of estimate

The water will be polluted by chemicals or otherwise _____
Explain nature of pollution, if any

and it will not be returned to _____ in _____ of _____
Name stream State 40-acre subdivision

Sec. _____, Tp. _____, R. _____, M. _____

17. **Industrial Use.** The nature of the use proposed is _____
Describe nature and method of use

The amount for which application is made was determined by _____
Describe basis of estimate of quantity needed

18. **Recreational Use.** Water will be used for _____
Describe nature and method of use

The amount for which application is made was determined by _____
Describe basis of estimate of quantity needed

General

19. Are the maps as required by the Rules and Regulations filed with Application? Yes If not, state specifically the time required for filing same _____
Yes or No

20. Does the applicant own the land at the proposed point of diversion? No If not, state what steps have been taken to secure right of access thereto easement reserved for pipe line by subdivision to supply lots in lower subdivision
Yes or No

21. What is the name of the post office most used by those living near the proposed point of diversion?
Crescent City, California

22. What are the names and addresses of claimants of water from the source of supply below the proposed point of diversion?
Kate Woodworth (owner of land at point of diversion) Crescent City, Calif.
(2) Frank G. Curtis and Mildred V. Curtis, Crescent City, Calif.
(3) Kate A. Woodworth and Arthur R. Woodworth, Crescent City, Calif.
(4) Aris and Harriett Manosar, Crescent City, Calif.
(5) Geraldine F. Hunt, Harry E. and Louise F. Suedekum, Crescent City, Calif.

The applicant hereby agrees that this application is to have equal priority with applications 2-3-4- & 5, named above.

[SIGNATURE OF APPLICANT] /s/ A. Hanseth and Forence Hanseth

FORM 61-A

IMPORTANT
[Please Read Carefully]

1. Note the terms and conditions of this permit. Construction work must be prosecuted, and the water applied to the beneficial uses intended with due diligence. Annual reports of progress will be expected from you upon forms which will be furnished for the purpose. When the water has been fully applied to the beneficial uses intended the Water Code requires that you notify the State Engineer thereof.
2. Neither this application nor the permit is a water right, but if the terms and conditions of the permit are observed a water right can be obtained through beneficial use of the water—the extent of the right to be determined by a field inspection which will be made by a representative of the State Engineer.
3. No change in point of diversion, or place of use or character of use, can be made under this application and permit without the approval of the State Engineer.
4. If the rights under this permit are assigned immediate notice to that effect with the name and address of the new owner should be forwarded to the State Engineer, Sacramento, California.
5. Please advise immediately of any change of address. Until otherwise advised communications will be sent to the address used in the letter transmitting this permit.

PERMIT No. 7245

This is to certify that the application of which the foregoing is a true and correct copy has been considered and is hereby approved SUBJECT TO VESTED RIGHTS and the following limitations and conditions:

1. The amount of water appropriated shall be limited to the amount which can be beneficially used, and shall not exceed sixteen thousand (16,000) gallons per day to be diverted as follows:
 - (a) from about May 1 to about October 15 of each year for irrigation purposes and
 - (b) throughout the year as required for domestic purposes.
2. The maximum amount herein stated may be reduced in the license if investigation so warrants.
3. Actual construction work shall begin on or before June 1, 1949 and shall thereafter be prosecuted with reasonable diligence, and if not so commenced and prosecuted this permit may be revoked.
4. Said construction work shall be completed on or before December 1, 1951.
5. Complete application of the water to the proposed use shall be made on or before December 1, 1952.
6. Progress reports shall be filed promptly by permittee on forms appropriate to the purpose which will be provided annually by the State Engineer until license is issued.
7. All rights and privileges under this permit including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Department acting through the State Engineer in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

This permit is issued and permittee takes it subject to the following provisions of the Water Code:

Section 1390. A permit shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code), but no longer.

Section 1391. Every permit shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a permit is issued takes it subject to the conditions therein expressed.

Section 1392. Every permittee, if he accepts a permit, does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any permit granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any permittee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any permittee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Witness my hand and the seal of the
Department of Public Works of the State of California
this 19th day of January 19 49

EDWARD HYATT, State Engineer

GRANT DEED

THIS DEED, Made and entered into this _____ ninth _____ day of
 May _____ one thousand nine hundred and sixty nine _____,
 by and between the undersigned, hereafter styled Grantors, and the UNITED STATES
 OF AMERICA and its Assigns, Grantee.

WITNESSETH, That said Grantors for and in consideration of the sum of _____
Twenty Five Thousand One Hundred Seventy Five and no/100 _____ dollars
 (\$ 25,175.00), in hand paid, the receipt of which is hereby acknowledged,
 do hereby grant, bargain, sell, and convey unto the UNITED STATES OF AMERICA
 the following-described real estate and premises situated in Del Norte _____
 County, California _____, To wit:

STARTING at a point 1372.15 feet South and 1309.83 feet East from the West one-
 quarter section corner of Section 9, Township 16 North, Range 1 East, Humboldt
 Meridian; thence North 0 degree 12 minutes 30 seconds West 37.43 feet to the
 true point of beginning; thence South 72 degrees 19 minutes 47 seconds East
 253.47 feet; thence North 0 degree 33 minutes 40 seconds East 425.09 feet to the
 center line of Highway 199; thence North 77 degrees 41 minutes 00 seconds West
 along said centerline 254.26 feet; thence South 0 degree 12 minutes 30 seconds
 East to the true point of beginning.

Together with the grantors right, title, and interest in and to water rights
 appurtenant to this property.

Together with all the improvements thereon and the appurtenances thereunto belonging.

Subject to existing easements for public roads and highways, public utilities,
 railroads and pipelines, including easements for electric transmission and
 telephone lines as granted by deeds recorded in Book 64 of Deeds, page 191;
 Book 65 of Deeds, page 187; and Book 65 of Deeds, page 354.

Subject also to a right-of-way for road purposes across said property providing
 access to lands conveyed to John A. Siddens et ux, as set forth in a deed dated
 April 10, 1967 and recorded in Book 127 of Official Records, page 63.

Reserving unto the Vendor the right of use and occupancy of the improvements and
 the above described tract of land for noncommercial residential purposes in
 accordance with the provisions of the act of October 2, 1968 (82 Stat. 931).
 Said retained right of use and occupancy shall be for a period of five (5)
 years. If the retained right is a term of years the term shall be calculated
 from the date of the property transfer to the United States.

TO HAVE AND TO HOLD the said premises, with their appurtenances unto the
 UNITED STATES OF AMERICA and its assigns, forever.

And the said Grantors, for themselves and their heirs, executors, and administrators, do hereby agree that the sum received shall be in the full and just compensation and in full satisfaction of any and all claims against the United States by reason of the enactment of P.L. 90-545 (82 Stat. 931) establishing the Redwood National Park.

The Grantors further remises, releases, and forever quitclaims to the UNITED STATES OF AMERICA and its assigns, all right, title and interest which the Grantors may have in the banks, beds, and waters of any streams bordering the said land to be conveyed and also all interest in any alleys, roads, streets, ways, strips, gores, or railroad rights-of-way abutting or adjoining said land in any means of ingress or egress appurtenant thereto.

IN WITNESS WHEREOF, That said Grantors have hereunto set their hands and seals the day and year first above written

P.O. Box 2000
Sacramento, CA 95812-2000

Dear John:

As discussed in our telephone conversation on May 27, 1993, the National Park Service (NPS) is reviewing its water-rights records for NPS units located in California. The following Reports of Licensee for Redwood National Park are missing from our files:

<u>LICENSE NUMBER</u>	<u>YEARS MISSING</u>
003866	1984 - present
005046	1988 - present
005125	1988 - present
005929	1984 - present
005369	1988 - present
003442	1988 - present
009017	1984 - present
005141	1988 - present
007429	1986 - present

If your office has the Reports of Licensee, we would appreciate copies sent to the above letterhead address. If your office has no record of the reports having been filed, please send us blank copies so they can be completed and returned to you.

Thank you for your assistance. If you have any questions, please contact me at (303) 225-3525.

Sincerely,

Denise L. Newberry

Through: Associate Director, Professional Services

From: Chief, Division of Land Acquisition

Subject: C. M. Rocca, et al., v. United States, Court of
Claims No. 27-70 - Redwood National Park

Enclosed is a copy of a memorandum written May 13 by the Associate Solicitor for Parks and Recreation concerning the subject litigation. There is also enclosed a copy of a letter written to this Department April 27 by the Department of Justice requesting certain documents and information concerning the case. Please obtain and send us the items requested by the Department of Justice at your earliest convenience.

Although we had earlier sent to the Department of Justice the names of the soil experts you recommended to us, the Department of Justice in its letter simply says that they are pleased that we are engaging such an expert. In view of this comment, please engage the expert you feel most qualified to do the work if you have not already done so.

To: Director, National Park Service
From: Associate Solicitor, Parks and Recreation
Subject: C. M. Rocca, et al. v. United States, Court of
Claims No. 27-70 - Redwood National Park

We enclose a copy of a letter of April 27 from the Department of Justice in the above-mentioned case.

Please furnish us copies of documents indicated therein for transmittal to the Department of Justice. Apparently, these documents were noted in the title evidence as exceptions to the title in the Rocca tracts.

Mitchell Melich, Esquire
Solicitor
Department of the Interior
Washington, D. C. 20240

Dear Mr. Melich:

Re: C.M. Rocca, et al. v.
United States, C.Cls.
No. 27-70.

We are pleased to hear that the Park Service will engage a soil expert to examine the subject property. We are concerned about the plaintiffs contending that the property was well suited for residential subdivision. It appears from one of the appraisals that the plaintiffs had submitted a subdivision plan to Del Norte County or its planning board. It would be helpful to us if we could get copies of all such documents filed. We also need to know if there are any local regulations that might be applicable to this property or the sale of parcels.

Please furnish us with copies of the following documents:

- (1) Grant of a right of way executed by E.H. Chapman to West Coast Telephone Company of California dated September 14, 1929 and recorded September 16, 1929 in Book 4 of Agreements, page 224, Del Norte County Records;

90-1-23-1544

- 2 -

- (2) Grant of Easement for pole and wire lines and other facilities for the transmission and distribution of electricity and rights incidental thereto executed by Anna Chapman to The California Oregon Power Company, a California Corporation, dated November 17, 1952 and recorded February 2, 1953 in Book 75 of Deeds, page 235, Del Norte County Records;
- (3) Deed of Trust securing the sum of \$22,000.00 and other obligations, Laurence Crivelli, also known as Lawrence Crivelli and Hazel M. Crivelli, his wife, Trustors, The Federal Land Bank of Berkeley, a Corporation, Trustee and The Federal Land Bank of Berkeley, a Corporation, Beneficiary, dated July 31, 1964 and recorded August 11, 1964 in Book 101 of Official Records, page 353, Del Norte County Records. Also affects other property;
- (4) Deed of Trust securing the sum of \$210,257.20 and other obligations, Bill Cotten, Trustee as Trustor, Del Norte County Title Co., a Corporation, Trustee and Lawrence Crivelli and Hazel M. Crivelli, his wife, as Joint Tenants, Beneficiary, dated June 1, 1968 and recorded August 16, 1968 in Book 136 of Official Records, page 209, Del Norte County Records.

Sincerely,

Shiro Kashiwa

WR dockets 1 thru 5

Memorandum

To: Chief, Division of Water Resources, WASO
Attention: Supervisory Hydraulic Engineer

From: Supervisory Hydrologist, Division of Water Resources, SSC

Subject: Transmittal, Redwoods water right dockets

Enclosed for your files are WR dockets one through five which have been established by this office. As further documentation concerning these dockets comes to our attention, we shall transmit it to your Office accordingly.

By copy of this memorandum we are also sending copies of the dockets to the park for their files.

In answer to the last paragraph of your July 2 memorandum, a copy of a letter to the California Division of Water Rights is enclosed.

To: Supervisory Hydrologist, Division of Water Resources, SSC

From: Supervisory Hydraulic Engineer, Division of Water Resources, WASO

Subject: Compilation of Federal Water Right Docket assembly, Redwoods

We are returning herewith our copies of letter dated May 23 to your office from the California State Division of Water Resources and Mr. Ritchie's June 19 letter to the State relating to License 5046 (Application 14833).

A permanent water right docket assembly should be compiled for distribution and should include the above mentioned letters, the letter of assignment, deed, and sketch map showing point of diversion.

Incidentally, in connection with Mr. Stewart's January 19 memorandum to your office regarding the Arcata National Corporation, has the State been contacted for a list of all appropriative rights of the Corporation and of other users within the drainage involved.

Memorandum

To: Regional Director, Western Region

From: Chief, Office of Land and Water Rights, SSC

Subject: Arcata National Corporation - Redwood

This is in response to your memorandum of December 4, 1968, requesting that this office furnish comments and recommendations concerning the desire by the subject corporation for issuance of interim and permanent licenses, permits and leases.

We have no objection to the issuance of these, but caution that licenses or permits for water systems should be accompanied by a statement which retains all existing or implied water rights in the name of the United States.

BY HAND

Mr. George B. Hartzog, Jr.
Director, National Park Service
U. S. Department of the Interior
Washington, D.C.

Dear Mr. Hartzog:

In response to the invitation of Mr. Crafts, I am pleased to present the requests of Arcata National Corporation for interim and permanent licenses, permits and leases, in order that Arcata may conduct certain operations and use certain facilities within the boundaries of the Redwood National Park. The requests are contained in a detailed memorandum, two copies of which I attach herewith.

In addition, I am enclosing two copies of a memorandum submitted today to Mr. Crafts, containing Arcata's requests relating to clarifications and adjustments of the boundaries of the Park.

If you have any questions or need further information, please contact me, John Zentay or Richard Murray.

Thank you very much.

Kind personal regards.

Sincerely,

David Ginsburg
David Ginsburg

Memorandum for
Mr. George B. Hartzog

cc: Mr. Edward C. Crafts

November 22, 1968

REDWOOD NATIONAL PARK

Requests of Arcata National Corporation
For Interim and Permanent Licenses,
Permits and Leases

Pursuant to the request of Mr. Crafts, Arcata National Corporation presents its requests for interim and permanent licenses, permits and leases sufficient to permit it to conduct certain operations and use certain facilities within the boundaries of the Redwood National Park created under PL 90-545.

First, Arcata wishes to emphasize that no logging has been conducted by Arcata within the boundaries of the Redwood National Park for a number of years. We are sure you are familiar with the terms of Arcata's voluntary moratorium agreement, which has been fulfilled by Arcata to the letter.

Second, Arcata would be pleased to make appropriate arrangements with the Park Service for use of roads remaining in Arcata's ownership by Park administrative personnel.

Requests for Licenses, Permits and Leases.

Roads

1) The following roads are those with respect to which Arcata has suggested boundary clarifications or adjustments which would permit ownership to remain in Arcata (see the memorandum this date to Mr. Crafts, a copy of which accompanies this memorandum). Such adjustments would afford the most direct and satisfactory resolution of the related operating problems at the lowest possible cost to the United States in terms of severance damages. In the event that, for some reason, any of the adjustments requested are refused, Arcata must, in any event, continue to use the following roads for general forestry purposes and forest products operations:

a) The A Line Road from Mill A to and including the Berry Glen junction with the B Line Road.

b) The West Side (or "200") Road starting at the County road to the beach, and then northeasterly approximately $3/8$ of a mile to connect with Arcata's heavy equipment shop.

c) Mae Creek Road from the Park boundary to Highway 101.

2) The following roads are those with respect to which Arcata requested no boundary adjustments but which it

must also be able to use for general forestry purposes and forest products operations:

a) The Geneva Road for its entire distance through Sections 23 and 24, Township 11 North, Range 2 East and Sections 19 and 20 in Township 11 North, Range 2 East.

b) Arcata's "500" road (which connects to the Geneva Road in Section 24, Township 11 North, Range 1 East) for its entire distance inside the Park boundary.

c) The old Simpson A Line Road in Sections 16, 17, 20 and 21 of Township 11 North, Range 2 East; also the Holter Ridge Road towards the Bald Hills Road including the crossing of that portion of the Park near the junction of the Holter Ridge Road and the Bald Hills Road.

d) The West Side (or "200") Road from the Mae Creek Road crossing at the north to Arcata's Mill B in Section 22, Township 11 North, Range 1 East.

e) In the event that either of them is donated by the County to the Park, the County Road to the Gold Bluff Beach and the Bald Hills Road.

With respect to all roads within the Park to be used by Arcata, the most practicable arrangement would be leases

from the United States to Arcata which would be without fee but which would obligate Arcata to undertake or pay for its allocable share of maintenance. Arcata is prepared to commence negotiations for such leases immediately following the final determination of Park boundaries.

Water Systems

Arcata requests interim and permanent licenses or permits to continue to use the following water systems and facilities:

- 1) The tank and pumps near an unnamed creek in SE-SE Section 27, Township 11 North, Range 1 East which serve 12 houses at Prairie Creek and Mill A (a 10,000 gallon tank and approximately 1,000 feet of water line).
- 2) The tanks in SE-SE Section 22, Township 11 North, Range 1 East which serve Valley Green headquarters, Valley Green housing, and Berry Glen House No. 26 (one tank of approximately 15,000 gallons, one tank of approximately 1,000 gallons, and approximately 2,000 feet of water line).
- 3) The tank and water system in NE-NE Section 27, Township 11 North, Range 1 East (a tank of approximately 200 gallons, with 150 feet of water line). (For information only; this system serves a house not belonging to Arcata.)

4) The water tank and related fixtures on Arcata's "500" road in SE-SW Section 13, Township 11 North, Range 1 East (approximately 4,000 gallon tank and equipment used for woods fire protection).

5) The following in SE-NE Section 22, Township 11 North, Range 1 East:

a) A steel water tank of estimated 15,000 gallon capacity and associated water lines for fire protection of Geneva yard buildings and housing (generally uphill and north of shop).

b) Shop water system (water lines to catch basin approximately 150 feet uphill from shop).

6) Dirt Reservoir in NW-NW Section 23, Township 11 North, Range 1 East (approximately 600 feet north of point G as designated on Park Service map) used for Geneva location fire protection (approximately 40,000 gallon capacity).

The Humboldt County Fish Hatchery

(For information only; Arcata itself requires no licenses relating to the hatchery.)

1) The hatchery is using a water system originating in SE-NE Section 23, Township 11 North, Range 1 East (a dam approximately 1/2 mile upstream from the fish hatchery and an equal length of 6" or larger pipe which carries water from the dam to the hatchery).

2) The well and holding ponds south of the fish hatchery are within the described Park boundaries, but are required for hatchery operation.

Other Facilities and Operations

Arcata requests interim and permanent licenses or permits respecting the following other matters:

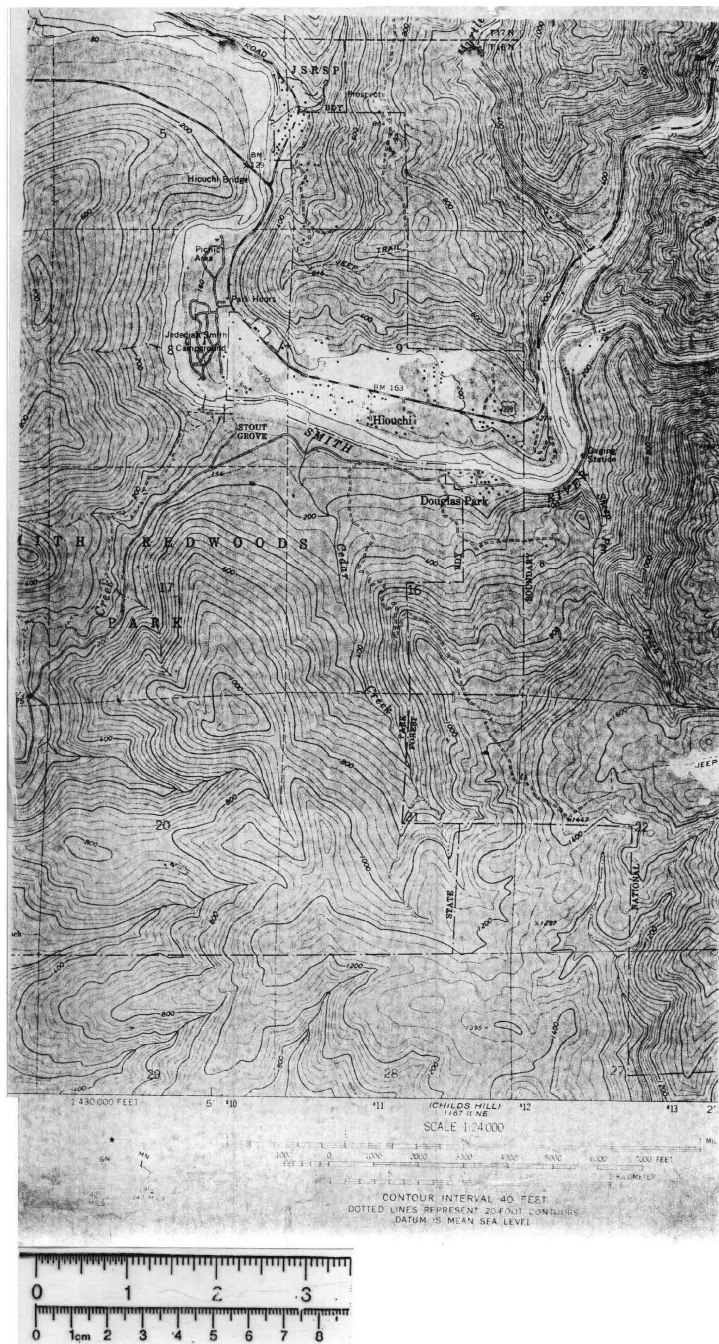

1) Continued use, for normal road building and upkeep purposes, of the rock at the Geneva Road rock pit in Section 23, Township 11 North, Range 1 East and the Simpson rock pit in Section 20, Township 11 North, Range 2 East.

2) Continued use of the two houses occupied by Williams and Buchert located in NE-SW Section 11, Township 11 North, Range 1 East, along with use of water systems and telephone and electric lines leading to main lines along Highway 101. (These houses are on land previously owned by Arcata which are now included within the Park boundaries.)

3) Permission to fly helicopters or other aircraft over the Park in connection with seeding, fire protection and other forest-industry related activities.

Arcata respectfully requests your consideration and approval of these requests. If, as seems possible, additional matters subsequently occur to us, we shall, of course, notify you promptly. If there is any further information you might need, please do not hesitate to call on Mr. David Ginsburg or Mr. Richard Murray.
