

WATER-RIGHT DOCKET

Redwood National and State Parks

Docket No: 2

STREAM. PLAISTED DIVERSION

Preliminary Docket Information

07-20-1979: water right/source docket information: application 14833; permit 9195

WATER RESOURCES/WATER RIGHT DATE: July 20, 1979
WATER RIGHT/SOURCE DOCKET INFO. A. ON
REGION Western AREA Redwood National Park
SITE Plaisted Diversion
STATE California COUNTY Del Norte DOCKET NO WR #2
LOCATION NE¹, SE¹, sec. 8, T16N, R1E
REGIONAL BASIN LOCAL BASIN
ACQUIRED BY Purchase
APPLICATION 14833 PERMIT 9195 CERTIFICATE 5046
ACTION DUE PRIORITY May 28, 1952 RESERVATION
QUANTITY .01 cfs USE Domestic and irrigation
STATUS Active SOURCE Stream
REMARKS Hydrologic Unit #18010101

NARRATIVE:

In 1952 Edna and F.L. Plaisted filed an application to appropriate water from an unnamed stream that was a tributary to the Smith River. The point of diversion was within the boundaries of Jedediah Smith State Park, later included in Redwood NP. Following the establishment of Redwood NP the Plaisted property was purchased along with the appurtenant water right. The Plaisted were given a right-of-residency until 1979. Park plans call for the retention of the structure for park residence or other purpose once Mrs. Plaisted moves out.

Telephone conversation with Ch. Rngr. Homer Leach on Dec. 3, 1981, revealed that the Plaisted had moved from the property and that the structure is presently being used as a residence by a Park employee and his (her?) family, a total of 3 people.

A. McMahon

REDW/Water Rights

Mr. John Wright
State Water Resources Control Board
Division of Water Rights
P.O. Box 2000
Sacramento, CA 95812-2000

Dear John:

As discussed in our telephone conversation on May 27, 1993, the National Park Service (NPS) is reviewing its water-rights records for NPS units located in California. The following Reports of Licensee for Redwood National Park are missing from our files:

<u>LICENSE NUMBER</u>	<u>YEARS MISSING</u>
003866	1984 - present
005046	1988 - present
005125	1988 - present
005929	1984 - present
005369	1988 - present
003442	1988 - present
009017	1984 - present
005141	1988 - present
007429	1986 - present

If your office has the Reports of Licensee, we would appreciate copies sent to the above letterhead address. If your office has no record of the reports having been filed, please send us blank copies so they can be completed and returned to you.

Thank you for your assistance. If you have any questions, please contact me at (303) 225-3525.

Sincerely,

Denise L. Newberry
Water Rights Specialist

REPORT OF LICENSEE FOR

- PAGE 2

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer those questions which are applicable to your project.

CONSERVATION OF WATER (WATER PURVEYORS)

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program ☐; (2) Lining canals ☐; (3) Phreatophyte and aquatic vegetation control ☐; (4) Other (describe in "Remarks") ☐.
18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable ☐; (2) Return flow systems on individual farms ☐; (3) Return flow system areawide ☐; (4) Water pricing to encourage reduced use ☐; (5) Charges for drainage of irrigated lands ☐; (6) Other (describe in "Remarks") ☐.
19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use ☐; (2) Public education program on water conservation ☐; (3) Pricing to encourage reduced use ☐; (4) Assistance to industry in design of recycle systems ☐; (5) Other (describe in "Remarks") ☐.
20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system ☐; (2) Water use for major crops by each farm ☐; (3) Other (describe in "Remarks") ☐.

CONSERVATION OF WATER (WATER USERS)

21. Describe any water conservation efforts you may have started: _____
22. If credit toward beneficial use of water under this license for water not used due to a conservation effort is claimed under Water Code Section 1011, please show the amounts of water conserved (acre feet or mg.):
19____ 19____ 19____

WATER QUALITY AND WASTEWATER RECLAMATION

23. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters: _____
24. After use, the water is (1) retained in reservoir ☐; (2) discharged into a stream or lake ☐; (3) discharged into settling ponds ☒; (4) Other ☐. Describe: _____
25. Does or will water being discharged contain waste materials? YES ☐ NO ☒.
(1) Domestic ☐; (2) Municipal ☐; (3) Industrial ☐; (4) Agricultural ☐; (5) Other ☐. Describe: _____
26. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? YES ☐ NO ☒. Describe: _____

TO THE EXTENT THE FOLLOWING QUESTIONS APPLY TO YOUR LICENSE, PLEASE ANSWER IN REMARKS SECTION BELOW.

27. Are you now or have you been using reclaimed water from a wastewater treatment facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES ☐ NO ☒.
- If credit toward use under this water right through substitution of reclaimed or polluted water in lieu of appropriated water is claimed under Section 1010 of the Water Code, please show amounts of reduced diversion and amounts of reclaimed water used.
28. Are you now or have you been reclaiming or reusing any of the water appropriated under this right? YES ☐ NO ☒.
- If yes, please describe. _____
29. What is present availability or current potential for using reclaimed water from a wastewater treatment plant or polluted water in place of the appropriated water to satisfy all or part of your water needs?
30. What is the current potential for reusing the appropriated water to satisfy part of your water needs?
31. If you produce reclaimed water, or polluted water, is there a potential for others to use it?

REMARKS: (Identify the item you are explaining. Additional pages may be attached.)

Mr. L. K. Hill, Executive Officer
State of California Water Rights Board
Room 1140, Resources Building
1416 Ninth Street
Sacramento, California 95184

Dear Mr. Hill:

Please be advised that we have sold our property, as described in the attached documents, together with all water rights appurtenant thereto, to the United States as represented by the Department of the Interior, National Park Service, Office of Land and Water Rights, 450 Golden Gate Avenue, Box 36025, San Francisco, California 94102. The following application, permit, certificate numbers apply:

Application No. 14835

License No. 5046

together with any others whose identity is more easily identified in your files.

It would be appreciated if you would advise the National Park Service when this change of ownership is corrected in your files.

Sincerely yours,

Grantor

Enclosures

STATE OF CALIFORNIA—STATE WATER RIGHTS BOARD

License for Diversion and Use of Water

APPLICATION 14833

PERMIT 9195

LICENSE 5046

THIS IS TO CERTIFY, That **F. L. Flaisted and Edna R. Flaisted**
1102 K Street
Crescent City, California

have made proof as of **August 1, 1957**
(the date of inspection) to the satisfaction of the State Water Rights Board of a right to the use of the water of
an unnamed stream in Del Norte County

tributary to **Smith River**

for the purpose of **irrigation use**
under Permit **9195** of the State Water Rights Board and that said right to the use of said water has been
perfected in accordance with the laws of California, the Rules and Regulations of the State Water Rights Board and the
terms of the said permit; that the priority of the right herein confirmed dates from **May 28, 1952**;
and that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited
to the amount actually beneficially used for said purposes and shall not exceed **one hundredth (0.01) cubic**
foot per second to be diverted from about May 15 to about October 31 of each year.

The equivalent of such continuous flow allowance for any thirty-day period
may be diverted in a shorter time if there be no interference with other vested
rights.

The point of diversion of such water is located south nine hundred seventy-four
(974) feet and west four hundred fifty (450) feet from NE corner of Section 8, T16N,
R1E, H2M, being within NE of SE of said Section 8.

A description of the lands or the place where such water is put to beneficial
use is as follows: **2½ acres within NE of SE of Section 8, T16N, R1E, H2M.**

All rights and privileges under this license including method of diversion, method of use and quantity of water
diverted are subject to the continuing authority of the State Water Rights Board in accordance with law and in the
interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of
diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time
to time by the State Water Rights Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein
specified and to the lands or place of use herein described.

This license is granted as licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.

Memorandum

To: Associate Regional Director
Resources Management and Planning
Western Region

From: Acting Chief
Water Resources Division

Subject: Transmittal of Reports of Licensee for California park units

Attached are completed Report of Licensee forms for 1985, 1986 and 1987 water usage for water rights at Death Valley NM, Lassen Volcanic NP, Point Reyes NS, Redwoods NP, Sequoia-Kings Canyon NP, Whiskeytown NRA, and Yosemite NP. The Water Rights Branch of the Water Resources Division prepared the forms based upon information received from the respective park units.

The forms need to be transmitted to the State Water Resources Control Board from your office as soon as possible. We have attached proposed letters of transmittal to accompany each park unit's set of forms.

If you have any questions regarding the forms or their transmittal, please contact Pat Larson of the Water Rights Branch at 303/221-5341.

PROJECT Reports of Licensee

NPS PERSON ON CALL: Pat Larson ☒ I CALLED ☐ S/HE CALLED

PERSON Homer Leach, Chief Ranger
ORGANIZATION Redwoods NP
ADDRESS _____

TELEPHONE NO. (707) 464-6101 EXT. _____

SUBJECTS DISCUSSED Mr. Leach and I discussed water usage
for five water rights belonging to the Park. I am
preparing the Reports of Licensee and needed to know
the current use of the following water rights:

- WR #2 Application #14833, License #5046, Unnamed Stream, Plaisted Divers
* No change in use
- WR #3 Application #14931, License #5125, Smith River Diversion
* Domestic use ended in 1987, Wildlife propagation only use now, house being dismantled
- WR #5 Application #10666, License #5369, Unnamed Spring, Archibald Divers
* Uses remain same, increase acreage of garden (from 1/4 acre to 1/2 acre)
- WR #8 Application #12228, License #3442, Unnamed Stream, Hesford Divers
* No longer for domestic purposes - only wildlife propagation - facilities removed.
- WR #12 Application #12223, License #5141, Curtis Diversion
* No change in use since last Report [Note: Irrigation is no longer applicable - need change of use.]

I have noted Mr. Leach's response with each water right.

ACTION TO BE TAKEN Prepare Reports of Licensee for each water right for
Stan's signature, send to Dave Cherry for transmittal to the State
Water Resources Control Board. Also, check into the process of
changing the use for the water rights where changes have
occurred.

Memorandum

To: Regional Director, Western Region

From: Chief, Office of Land and Water Rights, SSC

Subject: Arcata National Corporation - Redwood

This is in response to your memorandum of December 4, 1968, requesting that this office furnish comments and recommendations concerning the desire by the subject corporation for issuance of interim and permanent licenses, permits and leases.

We have no objection to the issuance of these, but caution that licenses or permits for water systems should be accompanied by a statement which retains all existing or implied water rights in the name of the United States.

Washington, D.C.

Dear Mr. Hartzog:

In response to the invitation of Mr. Crafts, I am pleased to present the requests of Arcata National Corporation for interim and permanent licenses, permits and leases, in order that Arcata may conduct certain operations and use certain facilities within the boundaries of the Redwood National Park. The requests are contained in a detailed memorandum, two copies of which I attach herewith.

In addition, I am enclosing two copies of a memorandum submitted today to Mr. Crafts, containing Arcata's requests relating to clarifications and adjustments of the boundaries of the Park.

If you have any questions or need further information, please contact me, John Zentay or Richard Murray.

Thank you very much.

Kind personal regards.

Sincerely,

David Ginsburg

Memorandum for
Mr. George B. Hartzog

cc: Mr. Edward C. Crafts

November 22, 1968

REDWOOD NATIONAL PARK

Requests of Arcata National Corporation
For Interim and Permanent Licenses,
Permits and Leases

Pursuant to the request of Mr. Crafts, Arcata National Corporation presents its requests for interim and permanent licenses, permits and leases sufficient to permit it to conduct certain operations and use certain facilities within the boundaries of the Redwood National Park created under PL 90-545.

First, Arcata wishes to emphasize that no logging has been conducted by Arcata within the boundaries of the Redwood National Park for a number of years. We are sure you are familiar with the terms of Arcata's voluntary moratorium agreement, which has been fulfilled by Arcata to the letter.

Second, Arcata would be pleased to make appropriate arrangements with the Park Service for use of roads remaining in Arcata's ownership by Park administrative personnel.

Requests for Licenses, Permits and Leases.

Roads

1) The following roads are those with respect to which Arcata has suggested boundary clarifications or adjustments which would permit ownership to remain in Arcata (see the memorandum this date to Mr. Crafts, a copy of which accompanies this memorandum). Such adjustments would afford the most direct and satisfactory resolution of the related operating problems at the lowest possible cost to the United States in terms of severance damages. In the event that, for some reason, any of the adjustments requested are refused, Arcata must, in any event, continue to use the following roads for general forestry purposes and forest products operations:

a) The A Line Road from Mill A to and including the Berry Glen junction with the B Line Road.

b) The West Side (or "200") Road starting at the County road to the beach, and then northeasterly approximately $3/8$ of a mile to connect with Arcata's heavy equipment shop.

c) Mae Creek Road from the Park boundary to Highway 101.

2) The following roads are those with respect to which Arcata requested no boundary adjustments but which it

must also be able to use for general forestry purposes and forest products operations:

a) The Geneva Road for its entire distance through Sections 23 and 24, Township 11 North, Range 2 East and Sections 19 and 20 in Township 11 North, Range 2 East.

b) Arcata's "500" road (which connects to the Geneva Road in Section 24, Township 11 North, Range 1 East) for its entire distance inside the Park boundary.

c) The old Simpson A Line Road in Sections 16, 17, 20 and 21 of Township 11 North, Range 2 East; also the Holter Ridge Road towards the Bald Hills Road including the crossing of that portion of the Park near the junction of the Holter Ridge Road and the Bald Hills Road.

d) The West Side (or "200") Road from the Mae Creek Road crossing at the north to Arcata's Mill B in Section 22, Township 11 North, Range 1 East.

e) In the event that either of them is donated by the County to the Park, the County Road to the Gold Bluff Beach and the Bald Hills Road.

With respect to all roads within the Park to be used by Arcata, the most practicable arrangement would be leases

from the United States to Arcata which would be without fee but which would obligate Arcata to undertake or pay for its allocable share of maintenance. Arcata is prepared to commence negotiations for such leases immediately following the final determination of Park boundaries.

Water Systems

Arcata requests interim and permanent licenses or permits to continue to use the following water systems and facilities:

- 1) The tank and pumps near an unnamed creek in SE-SE Section 27, Township 11 North, Range 1 East which serve 12 houses at Prairie Creek and Mill A (a 10,000 gallon tank and approximately 1,000 feet of water line).
- 2) The tanks in SE-SE Section 22, Township 11 North, Range 1 East which serve Valley Green headquarters, Valley Green housing, and Berry Glen House No. 26 (one tank of approximately 15,000 gallons, one tank of approximately 1,000 gallons, and approximately 2,000 feet of water line).
- 3) The tank and water system in NE-NE Section 27, Township 11 North, Range 1 East (a tank of approximately 200 gallons, with 150 feet of water line). (For information only; this system serves a house not belonging to Arcata.)

4) The water tank and related fixtures on Arcata's "500" road in SE-SW Section 13, Township 11 North, Range 1 East (approximately 4,000 gallon tank and equipment used for woods fire protection).

5) The following in SE-NE Section 22, Township 11 North, Range 1 East:

a) A steel water tank of estimated 15,000 gallon capacity and associated water lines for fire protection of Geneva yard buildings and housing (generally uphill and north of shop).

b) Shop water system (water lines to catch basin approximately 150 feet uphill from shop).

6) Dirt Reservoir in NW-NW Section 23, Township 11 North, Range 1 East (approximately 600 feet north of point G as designated on Park Service map) used for Geneva location fire protection (approximately 40,000 gallon capacity).

The Humboldt County Fish Hatchery

(For information only; Arcata itself requires no licenses relating to the hatchery.)

1) The hatchery is using a water system originating in SE-NE Section 23, Township 11 North, Range 1 East (a dam approximately 1/2 mile upstream from the fish hatchery and an equal length of 6" or larger pipe which carries water from the dam to the hatchery).

2) The well and holding ponds south of the fish hatchery are within the described Park boundaries, but are required for hatchery operation.

Other Facilities and Operations

Arcata requests interim and permanent licenses or permits respecting the following other matters:

1) Continued use, for normal road building and upkeep purposes, of the rock at the Geneva Road rock pit in Section 23, Township 11 North, Range 1 East and the Simpson rock pit in Section 20, Township 11 North, Range 2 East.

2) Continued use of the two houses occupied by Williams and Buchert located in NE-SW Section 11, Township 11 North, Range 1 East, along with use of water systems and telephone and electric lines leading to main lines along Highway 101. (These houses are on land previously owned by Arcata which are now included within the Park boundaries.)

3) Permission to fly helicopters or other aircraft over the Park in connection with seeding, fire protection and other forest-industry related activities.

Arcata respectfully requests your consideration and approval of these requests. If, as seems possible, additional matters subsequently occur to us, we shall, of course, notify you promptly. If there is any further information you might need, please do not hesitate to call on Mr. David Ginsburg or Mr. Richard Murray.
