NARRATIVE:

The California State Water Resources Control Board issued License No. 5125 to H.R. and Adelina Adsit and E.M. Mallett on June 6, 1958, to use 2400 gallons per day from the Smith River for domestic purposes during five months per year. The land to which this water right was appurtenant was apparently acquired by Roderick and Carina Robinson prior to 1969, although E.M. Mallett retained his interest in the water right.

On October 2, 1968, Redwood National Park was established, within the boundaries of which the point of diversion for this water right was located. The Park Service, on March 28, 1969, acquired the land from the Robinsons by Grant Deed, "together with the grantors right, title and interest in and to water rights appurtenant to this property." The water right referred to was License No. 5125. The deed also reserved to the grantor (Robinsons) the right to use the land for residential purposes for 10 years.

The Report of Licensee for License No. 5125 for the years 1973-1975, filed by the Park Service, showed the Owners of Record to be the Park Service and E.M. Mallett. Water use was year-round. By verbal communication with the Park in November, 1975, it was found that the Robinsons are still residing on the property and will do so until 1979.

Telephone conversation with the Park on February 28, 1979, revealed that the Robinsons would probably be granted a one year extension on their right by a special use permit, that Everett M. Mallett formerly owned the parcel adjoining the Robinsons and supplied his land with water under License 5125, that Mallett transferred his interest in that parcel to the Service on May 1, 1969, retaining a 20 year right-to-residence, that Mallett died in 1975 and the right-to-residence was transferred to R.G. Yunker. A subsequent conversation with the State Water Resources Control Board revealed that the State was going to delete the name of E.M. Mallett from the license as the Park Service is the owner of title of all the land involved in the license.

Telephone conversation with Ch. Rngr. Homer Leach on Dec. 3, 1981, revealed that the Robinsons still occupy the prop. through grants of one-year special use permits. A conversation with the State Water Resources Control Board on 12/3/81 verified that the State had deleted the name of E.M. Mallett from the license, leaving the NPS as the sole owner of record.

Dear John:

As discussed in our telephone conversation on May 27, 1993, the National Park Service (NPS) is reviewing its water-rights records for NPS units located in California. The following Reports of Licensee for Redwood National Park are missing from our files:

<u>LICENSE NUMBER</u>	<u>YEARS MISSING</u>
003866	1984 - present
005046	1988 - present

Dear Mr. Pankratz:

As a result of a July 29, 1991, phone conversation between Dan McGlothlin of my staff and Bert Parkinson, an August 16, 1991 deadline was agreed upon for the National Park Service (NPS) to respond to the State's Orders for changing the purpose of use for the NPS water rights cited above.

Please contact either Dan McGlothlin or myself if this is not acceptable or you have any other questions.

To: Associate Regional Director
Resources Management and Planning
Western Region

From: Chief, Water Resources Division

Subject: Transmittal of Petitions for Change in Purpose of Use

Attached are completed Petitions for Change in Purpose of Use forms for water right licenses in Death Valley National Monument and Redwoods National Park. We would appreciate your assistance in transmitting the petitions to the State Water Resources Control Board. We've included for your consideration a draft letter of transmittal.

When staff of the Water Rights Branch prepared the Reports of Licenses for these areas this year, several discrepancies in use of water became obvious. After discussions with park management, petitions were prepared to change the beneficial use of six water right licenses. Copies of the petitions are included for your files.

Payment will be handled through the Rocky Mountain Region's finance office and will be sent to the State Water Resources Control Board in the form of a U.S. Government purchase order under separate cover.

Please contact Ms. Pat Larson or me at (303) 221-5341 if you have questions regarding these petitions or their transmittal.

Division of Water Rights
P.O. Box 2000
Sacramento, CA 95810

Dear Mr. Cornelius:

Enclosed are Petitions for Change in Purpose of Use for six water right licenses the National Park Service holds in Death Valley National Monument and Redwoods National Park.

As Pat Larson of the Water Rights Branch staff discussed with you earlier this year, the National Park Service is updating the status of its water rights in California park units. For many of the water rights, the beneficial uses have changed, so we believe the Petitions for Change are necessary at this time.

The fees for filing these petitions will be sent to your office under separate cover. The fees will be paid by U.S. Government purchase order issued through the Rocky Mountain Region's finance office. When the purchase order is received, your office should follow the instructions provided on the form to obtain payment of these fees.

Please contact Ms. Pat Larson or Owen Williams of the Water Resources Division at (303) 221-5341 if you have questions regarding these petitions.

PETITION FOR CHANGE IN PURPOSE OF USE

Application 14931 Permit _____ License 5125

State Water Resources Control Board
Division of Water Rights
P. O. Box 2000
Sacramento, CA 95810

I request permission to change the purpose of use described in this permit or license as follows:

The water is used for fish and wildlife purposes.

(State all purposes for which water is to be used)

Give reason for proposed change: The water is no longer used for domestic purposes.

Does this change involve any place of use not described in the permit or license?

No. If answer is yes, give legal description:
(yes or no)

THIS CHANGE DOES NOT INVOLVE AN INCREASE IN THE AMOUNT OF THE APPROPRIATION OR SEASON OF USE.

Give names and addresses of persons known to you who may be affected by the proposed change: None

I declare under penalty of perjury that the above is true and correct to the best of my knowledge and belief.

Dated: June 6, 19 88, at Fort Collins, Colorado, ~~XXXXXX~~

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer those questions which are applicable to your project.

CONSERVATION OF WATER (WATER PURVEYORS)

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program ☐; (2) Lining canals ☐; (3) Phreatophyte and aquatic vegetation control ☐; (4) Other (describe in "Remarks") ☐.
18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable ☐; (2) Return flow systems on individual farms ☐; (3) Return flow system areawide ☐; (4) Water pricing to encourage reduced use ☐; (5) Charges for drainage of irrigated lands ☐; (6) Other (describe in "Remarks") ☐.
19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use ☐; (2) Public education program on water conservation ☐; (3) Pricing to encourage reduced use ☐; (4) Assistance to industry in design of recycle systems ☐; (5) Other (describe in "Remarks") ☐.
20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system ☐; (2) Water use for major crops by each farm ☐; (3) Other (describe in "Remarks") ☐.

CONSERVATION OF WATER (WATER USERS)

21. Describe any water conservation efforts you may have started: _____
22. If credit toward beneficial use of water under this license for water not used due to a conservation effort is claimed under Water Code Section 1011, please show the amounts of water conserved (acre feet or mg.):
19__ 19__

WATER QUALITY AND WASTEWATER RECLAMATION

23. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters: _____
24. After use, the water is (1) retained in reservoir ☐; (2) discharged into a stream or lake ☐; (3) discharged into settling ponds ☒; (4) Other ☐. Describe: _____
25. Does or will water being discharged contain waste materials? YES ☐ NO ☐.
- (1) Domestic ☐; (2) Municipal ☐; (3) Industrial ☐; (4) Agricultural ☐; (5) Other ☐. Describe: _____
26. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? YES ☐ NO ☒. Describe: _____

TO THE EXTENT THE FOLLOWING QUESTIONS APPLY TO YOUR LICENSE, PLEASE ANSWER IN REMARKS SECTION BELOW.

27. Are you now or have you been using reclaimed water from a wastewater treatment facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES ☐ NO ☒.
- If credit toward use under this water right through substitution of reclaimed or polluted water in lieu of appropriated water is claimed under Section 1010 of the Water Code, please show amounts of reduced diversion and amounts of reclaimed water used.
28. Are you now or have you been reclaiming or reusing any of the water appropriated under this right? YES ☐ NO ☒.
- If yes, please describe. _____
29. What is present availability or current potential for using reclaimed water from a wastewater treatment plant or polluted water in place of the appropriated water to satisfy all or part of your water needs?
30. What is the current potential for reusing the appropriated water to satisfy part of your water needs?
31. If you produce reclaimed water, or polluted water, is there a potential for others to use it?

APPLICATION 14931

PERMIT 9225

LICENSE 5125

THIS IS TO CERTIFY, That

H. R. and Adelina Adsit and E. M. Mallett
Star Route
Box 285-B
Crescent City, California

September 7, 1956

(the date of inspection) to the satisfaction of the State Water Rights Board of a right to the use of the water of
Smith River in Del Norte County

tributary to Pacific Ocean

for the purpose of domestic use
under Permit 9225

of the State Water Rights Board and that said right to the use of said water has been perfected in accordance with the laws of California, the Rules and Regulations of the State Water Rights Board and the terms of the said permit; that the priority of the right herein confirmed dates from July 23, 1952 and that the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to the amount actually beneficially used for said purposes and shall not exceed two thousand four hundred (2400) gallons per day to be diverted from about June 1 to about October 31 of each year.

The point of diversion of such water is located:
South one thousand eighty (1080) feet and west seven hundred (700) feet from E $\frac{1}{2}$ corner of Section 8, T16N, R1E, H22M, being within Lot 7 (NE $\frac{1}{4}$ of SE $\frac{1}{4}$) of said Section 8.

A description of the lands or the place where such water is put to beneficial use is as follows:
Within Lot 7 (NE $\frac{1}{4}$ of SE $\frac{1}{4}$) of Section 8, T16N, R1E, H22M.

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the State Water Rights Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the State Water Rights Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee gets all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

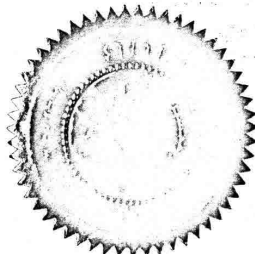

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the valuation of the property for the purpose of taxation by any competent public authority of the service or the price of the services to be rendered by any licensee or by the holder of any license or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or for whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain shall be the purchase price.

GRANT DEED

07-109
THIS DEED, Made and entered into this 28th day of
March One thousand nine hundred and Sixty Nine

by and between the undersigned, hereafter styled Grantors, and the UNITED STATES
OF AMERICA and its Assigns, Grantee.

WITNESSETH, That said Grantors for and in consideration of the sum of _____
THIRTY THREE THOUSAND AND THREE HUNDRED _____ dollars
(\$ 33,300.00), in hand paid, the receipt of which is hereby acknowledged,
do hereby grant, bargain, sell, and convey unto the UNITED STATES OF AMERICA
the following-described real estate and premises situated in Del Norte
County, California, To wit:

That portion of Section 8, Township 16 North, Range 1 East, Humboldt Base and
Meridian; more particularly described as follows:

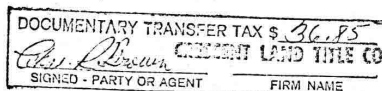

Beginning at a point 1020.82 feet south and 705.55 feet west of the
east quarter section corner of said Section 8, and running thence
north 100.00 feet; thence north 85 degrees 45 minutes west 100.00
feet; thence south to the south line of Lot 7 in Section 8; thence
easterly along said line to a point south of the point of beginning;
and thence north to the point of beginning.

The Grantors also quit claim to the United States of America all of their right,
title and interest in and to a non-exclusive easement providing access to the
subject property, across lands owned by David Zopfi as conveyed by deed recorded
in Book 54 page 470.

TOGETHER WITH the grantors rights, title and interest in and to water rights
appurtenant to this property.

SUBJECT TO existing easements for public roads and highways, public utilities,
railroads and pipelines, including a right-of-way for electric transmission
lines and poles granted by deed dated March 10, 1947, recorded in Book 65 of
Deeds, page 359.

EXCEPTING and reserving to the grantor the right of use and occupancy of
said improvements together with said lands for residential purposes for a
period of ten (10) years. Said use and occupancy to be for noncommercial
residential use in accordance with provisions of the Act of Congress
approved October 2, 1968, (82 Stat. 931). The term of the above mentioned
period of occupancy shall be calculated from the date of the property transfer
to the United States.

TO HAVE AND TO HOLD the said premises, with their appurtenances unto the
UNITED STATES OF AMERICA and its assigns, forever.

And the said Grantors, for themselves and their heirs, executors, and administrators, do hereby agree that the sum received shall be in the full and just compensation and in full satisfaction of any and all claims against the United States by reason of the enactment of P.L. 90-545 (82 Stat. 931) establishing the Redwood National Park.

The Grantors further remises, releases, and forever quitclaims to the UNITED STATES OF AMERICA and its assigns, all right, title and interest which the Grantors may have in the banks, beds, and waters of any streams bordering the said land to be conveyed and also all interest in any alleys, roads, streets, ways, strips, gores, or railroad rights-of-way abutting or adjoining said land in any means of ingress or egress appurtenant thereto.

IN WITNESS WHEREOF, That said Grantors have hereunto set their hands and seals the day and year first above written

To: Associate Regional Director

Western Region

From: Chief, Water Resources Division

Subject: Transmittal of Petitions for Change in Purpose of Use

Attached are completed Petitions for Change in Purpose of Use forms for water right licenses in Death Valley National Monument and Redwoods National Park. We would appreciate your assistance in transmitting the petitions to the State Water Resources Control Board. We've included for your consideration a draft letter of transmittal.

When staff of the Water Rights Branch prepared the Reports of Licenses for these areas this year, several discrepancies in use of water became obvious. After discussions with park management, petitions were prepared to change the beneficial use of six water right licenses. Copies of the petitions are included for your files.

Payment will be handled through the Rocky Mountain Region's finance office and will be sent to the State Water Resources Control Board in the form of a U.S. Government purchase order under separate cover.

Please contact Ms. Pat Larson or me at (303) 221-5341 if you have questions regarding these petitions or their transmittal.

DRAFT

LS4 (479)

Mr. Dave Cornelius
State Water Resources Control Board
Division of Water Rights
P.O. Box 2000
Sacramento, CA 95810

Dear Mr. Cornelius:

Enclosed are Petitions for Change in Purpose of Use for six water right licenses the National Park Service holds in Death Valley National Monument and Redwoods National Park.

As Pat Larson of the Water Rights Branch staff discussed with you earlier this year, the National Park Service is updating the status of its water rights in California park units. For many of the water rights, the beneficial uses have changed, so we believe the Petitions for Change are necessary at this time.

The fees for filing these petitions will be sent to your office under separate cover. The fees will be paid by U.S. Government purchase order issued through the Rocky Mountain Region's finance office. When the purchase order is received, your office should follow the instructions provided on the form to obtain payment of these fees.

Please contact Ms. Pat Larson or Owen Williams of the Water Resources Division at (303) 221-5341 if you have questions regarding these petitions.

Attached are completed Report of Licensee forms for 1985, 1986 and 1987 water usage for water rights at Death Valley NM, Lassen Volcanic NP, Point Reyes NS, Redwoods NP, Sequoia-Kings Canyon NP, Whiskeytown NRA, and Yosemite NP. The Water Rights Branch of the Water Resources Division prepared the forms based upon information received from the respective park units.

The forms need to be transmitted to the State Water Resources Control Board from your office as soon as possible. We have attached proposed letters of transmittal to accompany each park unit's set of forms.

If you have any questions regarding the forms or their transmittal, please contact Pat Larson of the Water Rights Branch at 303/221-5341.

This is in response to your memorandum of December 4, 1968, requesting that this office furnish comments and recommendations concerning the desire by the subject corporation for issuance of interim and permanent licenses, permits and leases.

We have no objection to the issuance of these, but caution that licenses or permits for water systems should be accompanied by a statement which retains all existing or implied water rights in the name of the United States.

Mr. George B. Hartzog, Jr.
Director, National Park Service
U. S. Department of the Interior
Washington, D.C.

Dear Mr. Hartzog:

In response to the invitation of Mr. Crafts, I am pleased to present the requests of Arcata National Corporation for interim and permanent licenses, permits and leases, in order that Arcata may conduct certain operations and use certain facilities within the boundaries of the Redwood National Park. The requests are contained in a detailed memorandum, two copies of which I attach herewith.

In addition, I am enclosing two copies of a memorandum submitted today to Mr. Crafts, containing Arcata's requests relating to clarifications and adjustments of the boundaries of the Park.

If you have any questions or need further information, please contact me, John Zentay or Richard Murray.

Thank you very much.

Kind personal regards.

Sincerely,

David Ginsburg

REDWOOD NATIONAL PARK

Requests of Arcata National Corporation
For Interim and Permanent Licenses,
Permits and Leases

Pursuant to the request of Mr. Crafts, Arcata National Corporation presents its requests for interim and permanent licenses, permits and leases sufficient to permit it to conduct certain operations and use certain facilities within the boundaries of the Redwood National Park created under PL 90-545.

First, Arcata wishes to emphasize that no logging has been conducted by Arcata within the boundaries of the Redwood National Park for a number of years. We are sure you are familiar with the terms of Arcata's voluntary moratorium agreement, which has been fulfilled by Arcata to the letter.

Second, Arcata would be pleased to make appropriate arrangements with the Park Service for use of roads remaining in Arcata's ownership by Park administrative personnel.

Requests for Licenses, Permits and Leases.

Roads

1) The following roads are those with respect to which Arcata has suggested boundary clarifications or adjustments which would permit ownership to remain in Arcata (see the memorandum this date to Mr. Crafts, a copy of which accompanies this memorandum). Such adjustments would afford the most direct and satisfactory resolution of the related operating problems at the lowest possible cost to the United States in terms of severance damages. In the event that, for some reason, any of the adjustments requested are refused, Arcata must, in any event, continue to use the following roads for general forestry purposes and forest products operations:

- a) The A Line Road from Mill A to and including the Berry Glen junction with the B Line Road.
- b) The West Side (or "200") Road starting at the County road to the beach, and then northeasterly approximately $3/8$ of a mile to connect with Arcata's heavy equipment shop.
- c) Mae Creek Road from the Park boundary to Highway 101.

2) The following roads are those with respect to which Arcata requested no boundary adjustments but which it

must also be able to use for general forestry purposes and forest products operations:

a) The Geneva Road for its entire distance through Sections 23 and 24, Township 11 North, Range 2 East and Sections 19 and 20 in Township 11 North, Range 2 East.

b) Arcata's "500" road (which connects to the Geneva Road in Section 24, Township 11 North, Range 1 East) for its entire distance inside the Park boundary.

c) The old Simpson A Line Road in Sections 16, 17, 20 and 21 of Township 11 North, Range 2 East; also the Holter Ridge Road towards the Bald Hills Road including the crossing of that portion of the Park near the junction of the Holter Ridge Road and the Bald Hills Road.

d) The West Side (or "200") Road from the Mae Creek Road crossing at the north to Arcata's Mill B in Section 22, Township 11 North, Range 1 East.

e) In the event that either of them is donated by the County to the Park, the County Road to the Gold Bluff Beach and the Bald Hills Road.

With respect to all roads within the Park to be used by Arcata, the most practicable arrangement would be leases

from the United States to Arcata which would be without fee but which would obligate Arcata to undertake or pay for its allocable share of maintenance. Arcata is prepared to commence negotiations for such leases immediately following the final determination of Park boundaries.

Water Systems.

Arcata requests interim and permanent licenses or permits to continue to use the following water systems and facilities:

- 1) The tank and pumps near an unnamed creek in SE-SE Section 27, Township 11 North, Range 1 East which serve 12 houses at Prairie Creek and Mill A (a 10,000 gallon tank and approximately 1,000 feet of water line).
- 2) The tanks in SE-SE Section 22, Township 11 North, Range 1 East which serve Valley Green headquarters, Valley Green housing, and Berry Glen House No. 26 (one tank of approximately 15,000 gallons, one tank of approximately 1,000 gallons, and approximately 2,000 feet of water line).
- 3) The tank and water system in NE-NE Section 27, Township 11 North, Range 1 East (a tank of approximately 200 gallons, with 150 feet of water line). (For information only; this system serves a house not belonging to Arcata.)

4) The water tank and related fixtures on Arcata's "500" road in SE-SW Section 13, Township 11 North, Range 1 East (approximately 4,000 gallon tank and equipment used for woods fire protection).

5) The following in SE-NE Section 22, Township 11 North, Range 1 East:

a) A steel water tank of estimated 15,000 gallon capacity and associated water lines for fire protection of Geneva yard buildings and housing (generally uphill and north of shop).

b) Shop water system (water lines to catch basin approximately 150 feet uphill from shop).

6) Dirt Reservoir in NW-NW Section 23, Township 11 North, Range 1 East (approximately 600 feet north of point G as designated on Park Service map) used for Geneva location fire protection (approximately 40,000 gallon capacity).

The Humboldt County Fish Hatchery

(For information only; Arcata itself requires no licenses relating to the hatchery.)

1) The hatchery is using a water system originating in SE-NE Section 23, Township 11 North, Range 1 East (a dam approximately 1/2 mile upstream from the fish hatchery and an equal length of 6" or larger pipe which carries water from the dam to the hatchery).

2) The well and holding ponds south of the fish hatchery are within the described Park boundaries, but are required for hatchery operation.

Other Facilities and Operations

Arcata requests interim and permanent licenses or permits respecting the following other matters:

1) Continued use, for normal road building and upkeep purposes, of the rock at the Geneva Road rock pit in Section 23, Township 11 North, Range 1 East and the Simpson rock pit in Section 20, Township 11 North, Range 2 East.

2) Continued use of the two houses occupied by Williams and Buchert located in NE-SW Section 11, Township 11 North, Range 1 East, along with use of water systems and telephone and electric lines leading to main lines along Highway 101. (These houses are on land previously owned by Arcata which are now included within the Park boundaries.)

3) Permission to fly helicopters or other aircraft over the Park in connection with seeding, fire protection and other forest-industry related activities.

Arcata respectfully requests your consideration and approval of these requests. If, as seems possible, additional matters subsequently occur to us, we shall, of course, notify you promptly. If there is any further information you might need, please do not hesitate to call on Mr. David Ginsburg or Mr. Richard Murray.
