Redwood National and State Parks

Docket No: 5

UNNAMED SPRING. ARCHIBALD DIVERSION.

Preliminary Docket Information

07-20-1979: water right/source docket information

WATER RESOURCES/WATER RIGHT		DATE: July 20, 1979	
WATER RIGHT/SOURCE DOCKET INFORMATION			
REGION	Western	AREA	Redwood National Park
SITE	Archibald Diversion - Unnamed Spring		
STATE	California	COUNTY	Del Norte
DOCKET NO	WR #5		
LOCATION	NE¼ NW¼ Sec.7 T14N R1E		
REGIONAL BASIN		LOCAL BASIN	
ACQUIRED BY	Purchase		
APPLICATION	10666	PERMIT	CERTIFICATE 5369
ACTION DUE	PRIORITY	June 28, 1943	RESERVATION
QUANTITY	2500 GPD	USE	Domestic and irrigation
STATUS	Active	SOURCE	Spring
REMARKS	Hydrologic Unit #18010101		
NARRATIVE:			
In 1943 W.J. and F.S. Archibald filed an application to appropriate water from an unnamed spring for domestic use. The land was then subdivided into five smaller parcels, with the Archibalds keeping one and selling the other four. The water rights application was altered to reflect this change in ownership of the land in 1956. In 1969 the U.S. acquired three parcels in the area for inclusion in Redwood NP, the ones owned by Rose and Louis Rodes, George and H.E. Holiday, and Mary and L.B. Morgan. All three parties assigned their share of the application to the U.S. The application went to license in 1969 with the owners of record listed as: National Park Service, the Archibalds, Elmer and Lavine Jordan, and James and Geraldine Cholwell. The Holidays are also using water from the system to supply their residence (they have a right-of-residence until sometime in the 1980's). There is no other Park Service use of this water.

NOTE: The following questions relate to the Board's continuing responsibility to insure that appropriated water is best developed, conserved, and utilized in the public interest as required by the Water Code. Please answer those questions which are applicable to your project.

CONSERVATION OF WATER (WATER PURVEYORS)

17. What measures are you using or planning to reduce water losses in conveyance systems? (1) Seepage or leak detection program ☐; (2) Lining canals ☐; (3) Phreatophyte and aquatic vegetation control ☐; (4) Other (describe in "Remarks") ☐.
18. What measures are used to encourage consumers to conserve water in agricultural use? (1) Program to encourage more efficient irrigation systems (sprinkler, drip, etc.) where applicable ☐; (2) Return flow systems on individual farms ☐; (3) Return flow system areawide ☐; (4) Water pricing to encourage reduced use ☐; (5) Charges for drainage of irrigated lands ☐; (6) Other (describe in "Remarks") ☐.
19. What measures are used to encourage municipal and industrial consumers to conserve water? (1) Regulations to control wasteful use ☐; (2) Public education program on water conservation ☐; (3) Pricing to encourage reduced use ☐; (4) Assistance to industry in design of recycle systems ☐; (5) Other (describe in "Remarks") ☐.
20. What records are maintained on water use and conservation? (1) Loss rate from conveyance system ☐; (2) Water use for major crops by each farm ☐; (3) Other (describe in "Remarks") ☐.

CONSERVATION OF WATER (WATER USERS)

21. Describe any water conservation efforts you may have started: _____
22. If credit toward beneficial use of water under this license for water not used due to a conservation effort is claimed under Water Code Section 1011, please show the amounts of water conserved (acre feet or mg.):
19__ 19__ 19__

WATER QUALITY AND WASTEWATER RECLAMATION

23. Describe methods you are using to minimize erosion and to prevent the entry of silt into surface waters: _____
24. After use, the water is (1) retained in reservoir ☐; (2) discharged into a stream or lake ☐; (3) discharged into settling ponds ☒; (4) Other ☐. Describe: _____
25. Does or will water being discharged contain waste materials? YES ☒ NO ☐.
(1) Domestic ☒; (2) Municipal ☐; (3) Industrial ☐; (4) Agricultural ☐; (5) Other ☐. Describe: _____
26. Does or will water being discharged contain any specific material which is deleterious to fish and wildlife or which would impair the water for beneficial uses? YES ☐ NO ☒. Describe: _____

TO THE EXTENT THE FOLLOWING QUESTIONS APPLY TO YOUR LICENSE, PLEASE ANSWER IN REMARKS SECTION BELOW.

27. Are you now or have you been using reclaimed water from a wastewater treatment facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES ☐ NO ☒.
- If credit toward use under this water right through substitution of reclaimed or polluted water in lieu of appropriated water is claimed under Section 1010 of the Water Code, please show amounts of reduced diversion and amounts of reclaimed water used.
28. Are you now or have you been reclaiming or reusing any of the water appropriated under this right? YES ☐ NO ☒.
If yes, please describe. _____
29. What is present availability or current potential for using reclaimed water from a wastewater treatment plant or polluted water in place of the appropriated water to satisfy all or part of your water needs?
30. What is the current potential for reusing the appropriated water to satisfy part of your water needs?
31. If you produce reclaimed water, or polluted water, is there a potential for others to use it?

REMARKS: (Identify the item you are explaining. Additional pages may be attached.)

SUBJECTS DISCUSSED Mr. Leach and I discussed water usage for five water rights belonging to the Park. I am preparing the Reports of Licensee and needed to know the current use of the following water rights:

- WR #2 Application #14833, License # 5046, Unnamed stream, Plasted Div
* No change in use
- WR #3 Application #14931, License # 5125, Smith River Diversion
* Domestic use ended in 1987, wildlife propagation only use now, house being dismantled
- WR #5 Application #10666, License # 5369, Unnamed spring, Archibald Div.
* Uses remain same, increase acreage of garden (from 1/4 acre to 1/2 acre)
- WR #8 Application #12228, License # 3442, Unnamed stream (Hosford Div.)
* No longer for domestic purposes - only wildlife propagation - facilities removed
- WR #12 Application #12223, License # 5141, Gurtis Diversion
* No change in use since last Report [Note: Irrigation is no longer applicable - need change of use.]

I have noted Mr. Leach's response with each water right.

ACTION TO BE TAKEN Prepare Reports of Licensee for each water right for Stan's signature, send to Dave Cherry for transmittal to the State Water Resources Control Board. Also, check into the process of changing the use for the water rights where changes have occurred.

License 5369 (Application 10666)
 Unnamed Spring in Del Norte County

The letters of assignment of an interest in License 5369, Application 10666, of Lewis B. and Mary F. Morgan and Louis and Rose Rode to your agency, have been received together with a copy of the grant deeds.

According to our records, the original land served by this license has been subdivided into five parcels owned separately by W. J. and Floralee S. Archibald, Elmer A. and Lavine V. Jordan, James M. and Geraldine Cholwell, Louis and Rose Rode, and George E. and Helen E. Holiday.

We have changed our records to show ownership of the portion of License 5369 formerly held by Louis and Rose Rode under U. S. National Park Service

U. S. Department of the Interior -2- July 15, 1969

(Redwoods National Park). Lewis B. and Mary F. Morgan are not shown on our records as participants in this license. However, if they will have the enclosed assignment form filled out by the original owners from whom they acquired the property and return the form to us, we will make the corresponding change of our records.

Dear Mr. Hartzog:

In response to the invitation of Mr. Crafts, I am pleased to present the requests of Arcata National Corporation for interim and permanent licenses, permits and leases, in order that Arcata may conduct certain operations and use certain facilities within the boundaries of the Redwood National Park. The requests are contained in a detailed memorandum, two copies of which I attach herewith.

In addition, I am enclosing two copies of a memorandum submitted today to Mr. Crafts, containing Arcata's requests relating to clarifications and adjustments of the boundaries of the Park.

If you have any questions or need further information, please contact me, John Zentay or Richard Murray.

Thank you very much.

Kind personal regards.

Sincerely,

David Ginsburg

REDWOOD NATIONAL PARK

Requests of Arcata National Corporation
For Interim and Permanent Licenses,
Permits and Leases

Pursuant to the request of Mr. Crafts, Arcata National Corporation presents its requests for interim and permanent licenses, permits and leases sufficient to permit it to conduct certain operations and use certain facilities within the boundaries of the Redwood National Park created under PL 90-545.

First, Arcata wishes to emphasize that no logging has been conducted by Arcata within the boundaries of the Redwood National Park for a number of years. We are sure you are familiar with the terms of Arcata's voluntary moratorium agreement, which has been fulfilled by Arcata to the letter.

Second, Arcata would be pleased to make appropriate arrangements with the Park Service for use of roads remaining in Arcata's ownership by Park administrative personnel.

Requests for Licenses, Permits and Leases.

Roads

1) The following roads are those with respect to which Arcata has suggested boundary clarifications or adjustments which would permit ownership to remain in Arcata (see the memorandum this date to Mr. Crafts, a copy of which accompanies this memorandum). Such adjustments would afford the most direct and satisfactory resolution of the related operating problems at the lowest possible cost to the United States in terms of severance damages. In the event that, for some reason, any of the adjustments requested are refused, Arcata must, in any event, continue to use the following roads for general forestry purposes and forest products operations:

- a) The A Line Road from Mill A to and including the Berry Glen junction with the B Line Road.
- b) The West Side (or "200") Road starting at the County road to the beach, and then northeasterly approximately $\frac{3}{8}$ of a mile to connect with Arcata's heavy equipment shop.
- c) Mae Creek Road from the Park boundary to Highway 101.

2) The following roads are those with respect to which Arcata requested no boundary adjustments but which it

must also be able to use for general forestry purposes and forest products operations:

a) The Geneva Road for its entire distance through Sections 23 and 24, Township 11 North, Range 2 East and Sections 19 and 20 in Township 11 North, Range 2 East.

b) Arcata's "500" road (which connects to the Geneva Road in Section 24, Township 11 North, Range 1 East) for its entire distance inside the Park boundary.

c) The old Simpson A Line Road in Sections 16, 17, 20 and 21 of Township 11 North, Range 2 East; also the Holter Ridge Road towards the Bald Hills Road including the crossing of that portion of the Park near the junction of the Holter Ridge Road and the Bald Hills Road.

d) The West Side (or "200") Road from the Mae Creek Road crossing at the north to Arcata's Mill B in Section 22, Township 11 North, Range 1 East.

e) In the event that either of them is donated by the County to the Park, the County Road to the Gold Bluff Beach and the Bald Hills Road.

With respect to all roads within the Park to be used by Arcata, the most practicable arrangement would be leases

from the United States to Arcata which would be without fee but which would obligate Arcata to undertake or pay for its allocable share of maintenance. Arcata is prepared to commence negotiations for such leases immediately following the final determination of Park boundaries.

Water Systems.

Arcata requests interim and permanent licenses or permits to continue to use the following water systems and facilities:

- 1) The tank and pumps near an unnamed creek in SE-SE Section 27, Township 11 North, Range 1 East which serve 12 houses at Prairie Creek and Mill A (a 10,000 gallon tank and approximately 1,000 feet of water line).
- 2) The tanks in SE-SE Section 22, Township 11 North, Range 1 East which serve Valley Green headquarters, Valley Green housing, and Berry Glen House No. 26 (one tank of approximately 15,000 gallons, one tank of approximately 1,000 gallons, and approximately 2,000 feet of water line).
- 3) The tank and water system in NE-NE Section 27, Township 11 North, Range 1 East (a tank of approximately 200 gallons, with 150 feet of water line). (For information only; this system serves a house not belonging to Arcata.)

4) The water tank and related fixtures on Arcata's "500" road in SE-SW Section 13, Township 11 North, Range 1 East (approximately 4,000 gallon tank and equipment used for woods fire protection).

5) The following in SE-NE Section 22, Township 11 North, Range 1 East:

a) A steel water tank of estimated 15,000 gallon capacity and associated water lines for fire protection of Geneva yard buildings and housing (generally uphill and north of shop).

b) Shop water system (water lines to catch basin approximately 150 feet uphill from shop).

6) Dirt Reservoir in NW-NW Section 23, Township 11 North, Range 1 East (approximately 600 feet north of point G as designated on Park Service map) used for Geneva location fire protection (approximately 40,000 gallon capacity).

The Humboldt County Fish Hatchery

(For information only; Arcata itself requires no licenses relating to the hatchery.)

1) The hatchery is using a water system originating in SE-NE Section 23, Township 11 North, Range 1 East (a dam approximately 1/2 mile upstream from the fish hatchery and an equal length of 6" or larger pipe which carries water from the dam to the hatchery).

2) The well and holding ponds south of the fish hatchery are within the described Park boundaries, but are required for hatchery operation.

Other Facilities and Operations

Arcata requests interim and permanent licenses or permits respecting the following other matters:

1) Continued use, for normal road building and upkeep purposes, of the rock at the Geneva Road rock pit in Section 23, Township 11 North, Range 1 East and the Simpson rock pit in Section 20, Township 11 North, Range 2 East.

2) Continued use of the two houses occupied by Williams and Buchert located in NE-SW Section 11, Township 11 North, Range 1 East, along with use of water systems and telephone and electric lines leading to main lines along Highway 101. (These houses are on land previously owned by Arcata which are now included within the Park boundaries.)

3) Permission to fly helicopters or other aircraft over the Park in connection with seeding, fire protection and other forest-industry related activities.

Arcata respectfully requests your consideration and approval of these requests. If, as seems possible, additional matters subsequently occur to us, we shall, of course, notify you promptly. If there is any further information you might need, please do not hesitate to call on Mr. David Ginsburg or Mr. Richard Murray.
