Memorandum

To: Chief, Water Resources, San Francisco

From: Superintendent, Redwood

Subject: Report of Water Rights License 9017 (Application 21773)

As discussed with Mr. Chavez this date, enclosed is a copy of the subject report provided to this office by Mr. John White the former owner.

The residential structures have been removed and the only present use of water is for wildlife and fire control. The existing water system consists of three storage tanks of about 10,000 gallon capacity, two of them in useable condition. Future developments may utilize this source for visitor facilities.

We would appreciate your notifying the State Division of Water Rights office regarding the change in ownership and providing us a copy of the water docket when compiled.
