

WATER-RIGHT DOCKET

Rocky Mountain National Park

Docket No: 29

BIG THOMPSON RIVER

Preliminary Docket Information

00-00-0000: water right record

WATER RIGHT RECORD

Park: Romo

Docket Number:

Federal #29

IDENTIFICATION NO: ROMO, R, 0 4, 0 4, 7 3, A, F, 2 9

DITCH/WATER SYSTEM: Camp Woods Pipe Line

SOURCE OF SUPPLY: Big Thompson River

LOCATION: On the south bank of the Big Thompson River in Section 4, T4N, R73W, at a point whence the SE corner of Section 33, T5N, R73W, bears N78°26'E 1069 feet.

WATER RIGHT:

Appropriator:

Application/Permit Number: Map NP-RM-6984, May 16, 1938, Transfers of Decreed Priorities. See Filing No. 16558, Tuxedo Park Pipe Line, accepted by State Engr. 4/28/1939

Certificate Record Number:

Date of Priority: Priority 5/5/1876, transferred from the Hupps and Beaver Ditches in Change-In-Point-Of-Diversion Case No 10050, 1/30/39 Domestic Priority No. 58-(2), Water District No. 4.

Quantity of Water: 0.30 c.f.s.

Purpose: Domestic

Irrigated Land Description:

SUMMARY OF STATUS:

Docket No. 29.

MAY 8 1957

CAMP WOODS PIPE LINE

Pipe Line No. , Water District No.4.

USE

Domestic. Supplies water to the Camp Woods Store and Cabins.

HEADGATE

Point of Diversion is on the South bank of the Big Thompson River in Lot 3 of Section 4, Township 4 North, Range 73 West, about 800 feet Northwest of Jack Wood's Store, at a point whence the Southeast Corner of Section 33, Township 5 North, Range 73 West, bears North 78° 26' East 1069 feet.

PRIORITY

Domestic Priority No. 58-(2), Water District No. 4, as of January 30, 1939, with no greater or different priority than Irrigation Priority No. 58 from which this water right was transferred. This water right was transferred from the Huppe and Beaver Ditches in Change-In-Point-Of-Diversion Case No. 10050, January 30, 1939.

AMOUNT OF DECREE

0.30 cubic feet of water per second of time but not to exceed 85.973 acre-feet per annum (128.64 gallons per minute but not to exceed 27,999,572 gallons per annum) permitted to flow from the Big Thompson into the Camp Woods Pipe Line.

OWNERSHIP and OPERATION

Water right owned by the United States. Acquired by adjudication. Operated by concessionaire, Jack Woods. Part of pipe and part of right-of-way owned by Jack Woods.

MAPS

WATER DIVISION NO. 1
STATE OF COLORADO

JAN 29 1993

Date

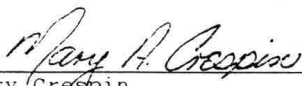

TO: Lynn A. Johnson, Esq.
999 18th St., #945
Denver, CO 80202

STATE/DIV

The Water Court Referee for Division 1 has instructed me to forward this copy of his Ruling in Case No. 85CW344.

Please check your Ruling very CAREFULLY! If any errors are found, notify the Water Clerk's Office IMMEDIATELY.

You have twenty (20) days after the above date of mailing to file with the Water Clerk, any pleading in protest to or in support of the Referee's Ruling. Any such pleading to the Referee's Ruling must be filed on or before FEB 18 1993, plus any additional time allowed by Rule 6(e) CRCP. In the absence of any pleading being received, the Judge of the Water Court will incorporate the Referee's Ruling in the Decree which will be entered after FEB 18 1993.

DISTRICT COURT
Boulder County COLO

DISTRICT COURT, WATER DIVISION NO. 1, COLORADO

CASE NO. 85CW344
(Boulder County CA 4862 and CA 10050)

FINDINGS AND RULING OF THE REFEREE AND DECREE OF THE WATER COURT

IN THE MATTER OF THE APPLICATION OF WATER RIGHTS OF
UNITED STATES OF AMERICA, ROCKY MOUNTAIN NATIONAL PARK,
IN LARIMER COUNTY

THIS CHANGE was filed with the Water Clerk, Water Division 1, on November 26, 1985 to modify the decree in Boulder County CA 10050. The Referee being fully advised in the premises does hereby find:

All notice required by law of the filing of this application have been fulfilled, and the Referee has jurisdiction of this application.

A Statement of Opposition to said application was filed by the Colorado Water Conservation Board and subsequently withdrawn by stipulation. The time for filing additional statements has expired.

All matters contained in the application were reviewed, and testimony was taken where such testimony was necessary and such corrections made as are indicated by the evidence presented.

FINDINGS OF FACT

1. The Hupps Ditch and Beaver Ditch were decreed in Boulder County CA 4862 dated June 29, 1916. The ditch was decreed for irrigation of 120 acres with 4 cfs of water as of May 5, 1876.

85CW344

USA

Page 2

2. In CA 10050 decreed in Boulder County on January 30, 1939, 0.30 cfs was transferred to the South Bank of the Big Thompson River in NE1/4 NW1/4, Section 4, Township 4 North, Range 73 West. The uses at the new point of diversion was domestic, sanitation, fire protection for a lodge, store and house keeping in cabins at Camp Woods and Big Thompson River entrance to the park.

3. Applicant requests this right be changed to wildlife and fish maintenance and propagation and recreation uses all within the natural stream channel of the Big Thompson River.

IT IS HEREBY THE RULING OF THE WATER REFEREE

1. The name and address of the applicant:

United States of America
Department of Justice
Environment and Natural Resources Division
General Litigation Section
999 18th St., #945
Denver, CO 80202

2. The name of the structure:

Hupps and Beaver Ditches at Big Thompson River
aka Camp Woods Pipeline

3. The legal description of the structure:

NE1/4 NW1/4, Section 4, Township 4 North, Range 73
West, 6th P.M., Larimer County, at a point whence the SE corner
of Section 33 bears North 78 deg. 26' East 1069 feet.

4. The source of the water:

Big Thompson River

5. The date of appropriation:

May 5, 1876 as decreed in CA 4862 dated June 29,
1916.

85CW344

USA

Page 3

6. The amount of water:

0.30 cfs but not to exceed 85.973 acre feet per year.

7. The use of the water:

Wildlife and fish maintenance and propagation and recreation all within the natural channel of the Big Thompson River, all limited to use within Rocky Mountain National Park.

8. This change was filed pursuant to a Stipulation for Deletion from Abandonment List in Case Nos. 84CW426 through 84CW466 between the United States and the State Engineer and Division Engineer for Water Division No. 1. In accordance with that stipulation, the United States agrees not to use the water right decreed herein outside of the exterior boundaries of Rocky Mountain National Park unless otherwise expressly directed by statute. Furthermore, the United States agrees not to sell the water right decreed herein unless otherwise expressly directed by statute. Should the United States desire to change the place, manner, or time of use of the decreed water right, the United States agrees to file a change of water right application at such time.

9. This decree was entered pursuant to a stipulation between the United States and the Colorado Water Conservation Board and the issues decided herein were not litigated between the parties. In accordance with that stipulation, the parties shall not be collaterally estopped from asserting any factual or legal claims or defenses in any other case as a result of this decree. Additionally, the parties agree they shall not cite this decree as precedent in any other case.

10. Due to the unique location of this water right and the limitation contained herein, water rights of others will not be injured by this change.

11. This change shall be subject to reconsideration by the water judge on the question of injury to the vested rights of others for a period of 5 years from the date of this decree pursuant to CRS 37-92-304(6).

Reception No. 480428 Stanley A. Curtis, Recorder

STATE OF COLORADO,)
COUNTY OF BOULDER.) ss.

IN THE DISTRICT COURT
No. 10050.

IN THE MATTER OF PRIORITY)
OF WATER RIGHTS IN DISTRICT)
NO. 4.)

ON PETITION OF THE UNITED STATES
OF AMERICA TO CHANGE POINTS OF
DIVERSION OF A PORTION OF THE
WATER HERETOFORE AUTHORIZED TO BE
TAKEN AND USED UNDER PRIORITIES
NUMBERED 57, 58 AND 68.

FINDINGS AND DECREE.

THIS MATTER NOW COMING ON TO BE HEARD in open Court this 30th day of January A. D. 1939, upon the petition of the UNITED STATES OF AMERICA, praying for authority to make changes in points of diversion of a portion of the waters authorized to be taken under adjudication priorities numbered 57, 58 and 68, in Water District No. 4, within and for the State of Colorado.

And the petitioner, appearing by Worth Allen and Wayne C. Williams, special assistants to the Attorney General of the United States, and the objectors or protestants or others appearing in person or by counsel as follows: Eleanor E. Hondius in person and by her attorneys, Fred W. Stover and Dale E. Shannon.

And this cause having been originally set by order of this court made on August 11, 1938, for hearing on the 28th day of September, 1938, and having been duly continued from time to time by order of this court, each continuance having been made at or before the time for which the matter previously had been set,

And the Court having heard and received evidence, and heard argument of attorneys, and being fully advised in the premises, finds that:

1. All parties who may be affected by the proposed changes in points of diversion have been duly notified, as by law required, and that the following named persons and corporations, in written instruments filed with the Clerk of this Court, acknowledged service upon them on the dates set opposite their respective names, of a printed copy of the notice issued by the Clerk of this Court:

Gertrude H. Grant, August 22, 1938.

The Farmers Irrigating Ditch and Reservoir Company, a corporation, by T. M. McKee, President, August 24, 1938.

Florence E. Kistler,
by Clarence L. Ireland, her attorney, August 26, 1938.

Alice G. Henry, August 27, 1938.

The Eaton Investment Company, a corporation,
by Robert G. Smith, its attorney, September 1, 1938.

2. The Petitioner, United States of America, is now the lawful owner of and is entitled to exercise the rights in and to, said adjudicated priorities numbered 57, 58, and 68, in Water District No. 4, within and for the State of Colorado, having acquired said rights as appurtenances to land purchased by it from Pieter (Peter) Hondius in the years 1923, 1924 and 1932, which said lands are described in detail in the petition filed herein, and which said conveyances are more particularly described as follows:

Warranty deed dated September 22, 1923, filed for record as Instrument No. 269762 in the office of the County Clerk and Recorder of Larimer County, State of Colorado, on April 8, 1924, and recorded in Book 481, page 101 of the public records of said county.

Warranty deed dated May 8, 1924, filed for record as Instrument No. 274366, in the office of the County Clerk and Recorder of Larimer County, State of Colorado, on June 19, 1924, and recorded in Book 481, page 360 of the public records of said county.

Warranty deed dated February 18, 1932, filed for record as Instrument No. 390196, in the office of the County Clerk and Recorder of Larimer County, State of Colorado, on March 15, 1932, and recorded in Book 623, page 424 of the public records of said county.

The Petitioner has made continuous use of the full amount of water authorized to be taken under and by said priorities numbered 57, 58, and 68, except as to Priority Right Number 57. Under said priority right number 57, it has continuously used nine hundred and eighty three one thousandths (0.983) of one cubic foot of water per second upon eleven and eight-tenths (11.8) acres of land. It has not used and is not entitled to use water under said priority right upon any more land than 11.8 acres.

3. The changes in points of diversion sought in the petition to be made will not injuriously affect the rights of any water users in said Water District No. 4.

Authority should, therefore, be granted to the petitioner to make the changes in points of diversion as prayed, but with a proviso and condition that, in taking water from the new points of diversion, the rights of the petitioner to water shall not become superior with respect to the matter of priority to any rights that are now senior thereto. In other words, a condition should be made to the effect that no greater priority right shall be obtained by reason of making a domestic or other use of the water taken from said new points of diversion than such right or rights as are now held in connection with the use of water taken under said adjudicated rights for irrigation purposes.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that authority be and the same is hereby granted to the United States of America to make the following changes in points of diversion of a portion of the water authorized to be taken under said priority rights numbered 57, 58 and 68, in Water District No. 4, State of Colorado, the points of diversion, the new use, and the amount of water in both second feet, and acre feet per annum, to be used from both the original and new points of diversion, being stated as follows:

PRIORITY NUMBER 57.

THE JONES DITCH.New Points of
Diversion.

- (1) Springs tributary to Fall River in the Northwest quarter (NW $\frac{1}{4}$) of the Northwest quarter (NW $\frac{1}{4}$) of Section 21, Township 5 North, Range 73 West of the Sixth Principal Meridian* from which the Northwest corner of said section bears North 79° 06' West 1236.12 feet.

*The Sixth Principal Meridian is hereafter referred to as the 6th P. M.

- (2) On the right or South bank of Hidden Valley Creek, a tributary of Fall River, in the Southwest quarter (SW $\frac{1}{4}$) of the Southeast quarter (SE $\frac{1}{4}$) of Section 18, Township 5 North, Range 73 West of the 6th P. M. from which the Southeast corner of said section bears South 85° 02' East 2309.1 feet.

New Use.

Domestic supply, sanitation, fire protection, in Aspen Glen (Public) Campground.

Domestic supply, sanitation, fire protection, at camp in Little Horseshoe Park and adjacent (Ashton) ranch, and public campground to be built and established.

Quantity to be
Used from New
Point of Diversion.

0.064 second-feet, but not to exceed 11.407 acre-feet per annum.

0.044 second-feet, but not to exceed 10.493 acre-feet per annum.

Quantity hereafter
to be used from
original point of
diversion.

0.875 second-feet, but not to exceed 13.5 acre-feet per annum.

PRIORITY NUMBER 68.

THE HORSESHOE DITCH.

<u>New Points of Diversion.</u>	<u>New Use.</u>	<u>Quantity to be Used from New Point of Diversion.</u>
(1) Three springs, being headwaters of Sundance Creek, a tributary of Fall River, in the Northwest quarter (NW $\frac{1}{4}$) of Southwest quarter (SW $\frac{1}{4}$) of Section 16, Township 5 North, Range 74 West of the 6th P. M., and from which the Southeast one-sixteenth (1/16) corner of Section 14, Township 5 North, Range 74 West of the 6th P. M., bears as follows: From Spring No. 1, South 86° 24' East 13,319 feet. From Spring No. 2, South 85° 54' East 13,328 feet. From Spring No. 3, South 86° 15' East 13,304 feet.	Domestic, sanitation and fire protection at the Trail Ridge Road Maintenance Camp.	0.004 second-feet, but not to exceed 1.35 acre-feet per annum.
(2) On the right or South bank of Hidden Valley Creek, a tributary of Fall River, in the Southwest quarter (SW $\frac{1}{4}$) of the Southeast quarter (SE $\frac{1}{4}$) of Section 18, Township 5 North, Range 73 West of the 6th P.M. from which the Southeast corner of said section bears south 85° 02' East 2309.1 feet.	Domestic supply, sanitation, fire protection, in Little Horseshoe Park and adjacent (Ashton) ranch, and public campground to be built and established.	0.145 second-feet, but not to exceed 34.499 acre-feet per annum.
(3) The North side of a nameless tributary at the headwaters of Fall River in the Northeast quarter (NE $\frac{1}{4}$) of the Northeast quarter (NE $\frac{1}{4}$) of Section 1, Township 5 North, Range 75 West of the 6th P.M., and from which point the Northeast corner of said Section 1 bears North 21° 48' East 549 feet. (The corner being a scribed stone of GLO survey of 1882).	Domestic, sanitation and fire protection at Fall River Pass Museum, public comfort station and parking area.	0.100 second-feet, but not to exceed 16.947 acre-feet per annum.

THE HORSESHOE DITCH - (Continued)

<u>New Points of Diversion.</u>	<u>New Use.</u>	<u>Quantity to be Used from New Point of Diversion.</u>
(4) Chiquita Creek, a tributary of Fall River, in the Southwest quarter (SW $\frac{1}{4}$) of the Northwest quarter (NW $\frac{1}{4}$) of section 11, Township 5 North, Range 7 $\frac{1}{2}$ West of the 6th P. M., at a point from which the Southeast corner of said section bears South 58° 53' East 5173.6 feet.	Domestic, sanitation, fire protection, at Endovalley Campground.	0.118 second-feet, but not to exceed 20.736 acre-feet per annum.
		<u>Quantity hereafter to be used from original point of diversion.</u>
		4.633 second-feet, but not to exceed 181.468 acre-feet.

PRIORITY NUMBER 58.

THE HUPPS AND BEAVER DITCHES.

<u>New Points of Diversion.</u>	<u>New Use.</u>	<u>Quantity to be Used from New Point of Diversion.</u>
(1) Springs tributary to Big Thompson River in the Northwest quarter (NW $\frac{1}{4}$) of the Northeast quarter (NE $\frac{1}{4}$) of Section 34, Township 5 North, Range 73 West of the 6th P. M., from which the North quarter corner of said Section 34 bears North 85° 44' West 376 feet.	Domestic, industrial and fire protection, in Park Utility and employees' residential area.	0.015 second-feet, but not to exceed 11.16 acre-feet per annum.
(2) South or right bank of Big Thompson River in the Northeast quarter (NE $\frac{1}{4}$) of the Northwest quarter (NW $\frac{1}{4}$) of Section 4, Township 4 North, Range 73 West of the 6th P. M., at a point from which the Southeast corner of Section 33, Township 5 North, Range 73 West of the 6th P. M. bears North 78° 26' East 1069 feet.	Domestic, sanitation, fire protection, for a lodge, store and housekeeping cabins at Camp Woods and Big Thompson River Entrance to Park.	0.300 second-feet, but not to exceed 85.973 acre-feet per annum.

THE HUPPS AND BEAVER DITCHES (Continued)

<u>New Points of Diversion.</u>	<u>New Use.</u>	<u>Quantity to be Used from New Point of Diversion.</u>
(3) Springs tributary to Bear Lake, which is tributary to Big Thompson River through Glacier Creek, in the Northeast quarter (NE $\frac{1}{4}$) of the Northwest quarter (NW $\frac{1}{4}$) of Section 14, Township 4 North, Range 74 West of the 6th P. M., from which point the NSSW 1/256 corner of Section 7, Township 4 North, Range 73 West of the 6th P. M. bears North 77° 46' East 10,696 feet. (Corners of Section 14 burned out about 1898.)	Domestic sanitation, fire protection, for hotel, museum, ranger station, and parking area at end of motor road at Bear Lake.	0.086 second-feet, but not to exceed 24.658 acre-feet per annum.
(4) Right bank of Boulder Brook, a tributary of Big Thompson River through Glacier Creek, in the Northeast quarter (NE $\frac{1}{4}$) of the Northwest quarter (NW $\frac{1}{4}$) of Section 18, Township 4 North, Range 73 West of the 6th P. M., from which the North quarter (N $\frac{1}{4}$) corner of said Section 18 bears North 50° 15' East 1332.6 feet.	Domestic, sanitation, fire protection, at Sprague's Hotel, Glacier Basin Campground, and Mountain side Lodge.	0.589 second-feet, but not to exceed 112.242 acre-feet per annum.
(5) Springs tributary to Fern Lake, which is tributary to Big Thompson River through Fern Creek, in the Southwest quarter (SW $\frac{1}{4}$) of the Southwest quarter (SW $\frac{1}{4}$) of Section 3, Township 4 North, Range 74 West of the 6th P. M., at a point from which the Southeast corner of Section 35, Township 5 North, Range 74 West of the 6th P. M., bears North 51° 14' East 9346.94 feet.	Domestic, sanitation, fire protection, at Fern Lodge and Fern Lake Ranger Station.	0.081 second-feet, but not to exceed 18.277 acre-feet per annum.
(6) East or right bank of Fern Creek, a tributary of Big Thompson River in Lot one (1) of the Northeast quarter (NE $\frac{1}{4}$) of Section 3, Township 4 North, Range 74 West of the 6th P. M., at a point from which the Southeast corner of Section 35, Township 5 North, Range 74 West of the 6th P. M., bears North 81° 46' East 3956.1 feet.	Domestic, sanitation, fire protection, at Forest Inn.	0.081 second-feet, but not to exceed 13.297 acre-feet per annum.
		<u>Quantity hereafter to be used from original points of diversion.</u>
		2.848 second-feet, but not to exceed 94.393 acre-feet per annum.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED that the authority hereby granted is subject to the condition hereby made, that in making the said changes in points of diversion, United States of America, and all future owners of the water rights under which water shall be diverted from said new points of diversion, shall acquire no greater or different priority rights by reason of making a domestic or other use of the water so diverted than if the water so diverted were used for irrigation purposes, as authorized in the general adjudication decree made and signed by this Court on June 29, 1916.

DONE IN OPEN COURT this 30th day of January, 1939.

FREDERIC W. CLARK
JUDGE.

I, C. W. ATKINSON, Clerk of the District Court in and for said County, in the State aforesaid, and as such Clerk custodian of the files and records of said Court, do hereby certify that the foregoing is a full, true and correct copy of FINDINGS AND DECREE, in Case No. 10050, duly entered on the 30th day of January, A. D. 1939, IN THE MATTER OF PRIORITY OF WATER RIGHTS IN DISTRICT NO. 4, ON PETITION OF THE UNITED STATES OF AMERICA TO CHANGE POINTS OF DIVERSION OF A PORTION OF THE WATER HERETOFORE AUTHORIZED TO BE TAKEN AND USED UNDER PRIORITIES NUMBERED 57, 58 and 68, as the same appears of record in this Court.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Seal of said Court, at my office in Boulder, this 16th day of February, A. D. 1939.

(SEAL)

/s/ C. W. Atkinson
Clerk.

Memorandum

To: Files
From: Ken Czarnowski
Subject: Use of Article 24 Water

I received a call from Water Division I Commissioner, Don Brazelton for the release of one acre-foot of the park's share of CBT water within the next two days. The water was for replacement for water used by the Aspenglen well during the past summer. I contacted Tom Gibbons, USBR, and asked that the replacement water be made available as soon as possible at the mouth of the Big Thompson Canyon. Tom Gibbons contacted his operators and arranged for the release of 0.5 cfs of CBT water from the system for 24 hours on 9/30.

Memorandum

To: The Director

From: ^{Asst.} Assistant Regional Director, Midwest Region

Subject: Water Rights on Hupps, Beaver, Jones and Horseshoe Ditches.

Enclosed is a copy of Mr. Whitcraft's comments regarding the status of subject water rights. This reply is with reference to Mr. Dunn's August 28, 1962 memorandum.

The following is a tabular summary of the use of subject rights and the availability for transfer:

Hupps - Beaver Ditches

Priority No. 58

System	Quantity	Remarks
Forest Inn	.081 c.f.s.	Abandoned
Fern Lake	.081 c.f.s.	Will use at Fern Lake Patrol Cabin
Camp Woods	.300 c.f.s.	Plan to use at picnic ground, later
Glacier Basin	.589 c.f.s.	In use
Bear Lake Pipeline No. 2	.120 c.f.s.	In use
Utility Area	.015 c.f.s.	In use

Jones Ditch

Priority No. 57

Aspenglen	.064 c.f.s.	In use
Little Horseshoe	.044 c.f.s.	Available for transfer
Federal owned (Jones Ditch)	.875 c.f.s.	(.775 c.f.s. available for transfer (.10 c.f.s. retained to irrigate campground
Estes Park	4.017	(Diverting in pens tack of Handius Cascade pipeline.
Total	5.000	

Horseshoe Ditch

Priority No. 68

Horseshoe Ditch	4.633 c.f.s.	Retained and available for transfer
Little Horseshoe Park	.145 c.f.s.	Availability for transfer
Endovalley Campground	.118 c.f.s.	In use
Trail Ridge Road Camp	.004 c.f.s.	In use
Fall River Pass	.100 c.f.s.	In use

Pending further developments where some of the available water rights can be used, we will hold the dockets in their present status.

Memorandum

To: Regional Director, Midwest Region
From: Acting Superintendent, Rocky Mountain

Subject: Water rights on Hupps, Beaver, Jones and Horseshoe Ditches

Mr. Melaas' September 12, 1962, memorandum asked for a review of the status of the above water rights and if any of them might be transferred or used by new systems in the same drainage areas.

Docket No. 28, Hupps and Beaver Ditches, indicates that we retained a right to use 2.848 cubic feet per second under this right. It has not been abandoned and is used occasionally to irrigate portions of Beaver Meadows. At this time the ditches and headgates are in need of repair. This water right originally had four cubic feet decreed to it, but in the change in point of diversion made in 1939 by the National Park Service, 1.152 cubic feet of water were transferred to water systems at Forest Inn, Fern Lake, Camp Woods, Glacier Basin, Bear Lake and the Utility Area. Of these, the .081 c.f.s. used at Forest Inn has been abandoned and is available for transfer to other systems. The .081 c.f.s. transferred to Fern Lake is not currently being used but it is our plan to move the pipeline to the Fern Lake patrol cabin when Fern Lake Lodge is torn down in the near future. The .300 c.f.s. of water transferred to Camp Woods is not currently being used, as Camp Woods has been removed. However, our long range planning includes a picnic area in this location and therefore only part of this right is available for transfer to other locations. Water transferred in 1939 to Glacier Basin, Bear Lake and the Utility Area is still in use.

In the same 1939 adjudication .108 c.f.s. of the Jones Ditch water right was transferred to Aspenglen (.064) and the Little Horseshoe Pipeline (.044). The Aspenglen water is being used for the campground but the water at Little Horseshoe has not been used since the Public Health Department declared it unsafe for human consumption at the Little Horseshoe residences. This .044 c.f.s. is available for transfer to the other systems. The remainder of 4.892 c.f.s. of decreed

water left in Jones Ditch is divided between the United States (.875 c.f.s.) and the Town of Estes Park (4.017 c.f.s.). The United States-owned water is allowed to run through the campground in the original Jones Ditch where it helps maintain plant growth in the heart of the campground. The Town of Estes Park is now diverting its share of the water further up in the penstock of the Hondius Cascade Pipeline. Headgate repairs are needed on the Jones Ditch point of diversion. A large share of the .875 c.f.s. owned by the United States would be available for transfer to some other system as .10 c.f.s. would be adequate for the ditch flow through the campground.

Horseshoe Ditch (Docket No. 35) retains a decreed right of 4.633 c.f.s. and is used several times a year to irrigate the meadows in Horseshoe Park. In the 1939 change in point of diversion .367 c.f.s. of the original 5 c.f.s. was transferred to Little Horseshoe, Endovalley Campground, Trail Ridge Road Camp, and Fall River Pass water systems. These are all in use with the exception of Little Horseshoe mentioned above concerning Jones Ditch.

Much of the 4.633 c.f.s. retained in the Horseshoe Ditch right is available for transfer to other systems.

At the time of this writing, there are no new systems in the drainage areas occupied by the Hupps, Beaver, Jones and Horseshoe Ditches which are in need of water right protection which could be gained by transferring parts of the above rights thereto. We are grateful, however, to Mr. Dunn for suggesting this review, as it reminded us of the .081 c.f.s. available for transfer from the abandoned Forest Inn Pipeline and the .189 c.f.s. now in disuse at Little Horseshoe Park residence area.

Memorandum

To: Superintendent, Rocky Mountain National Park

From: Acting Assistant Regional Director

Subject: Transmittal of 14 individual dockets, 25 through 38, for the Jones, Kuppys-Beaver and Horseshoe Ditches and the 11 water systems to which parts of these rights have been transferred, Rocky Mountain National Park

Attached is a copy of Mr. Dunn's memorandum of August 11 on the above named subject. Under separate covers we are sending you a set of Dockets 25--38 inclusive and 14 prints of drawing No. 6984 for insertion in them in line with Mr. Dunn's advice. We regret we have not acceded to his suggestion that this office insert the drawings in the sets intended for you and for the Western Office of Design and Construction, but the combination of absences and current moving around of personnel and furniture in this office have made it advisable not to attempt to undertake Mr. Dunn's recommended insertions except for this office.

Signed

Harvey P. Benson

To: Regional Director, Region Two

From: Chief, Water Resources Section

Subject: Transmittal of 14 individual dockets, 25 through 38, for the Jones, Hupps-Beaver and Horseshoe Ditches and the 11 water systems to which parts of these rights have been transferred, Rocky Mountain.

By memorandum of December 7, 1953, in connection with the L-1 form for Forest Inn property, I pointed out that there were appurtenant water rights which had been overlooked because the records were buried in Docket 1. In replies of January 19 and 26, Messrs. Canfield and McLaughlin concurred in the proposal to set up individual dockets for rights appurtenant to each water system.

Under separate cover we are transmitting three copies each of fourteen docket folders. Each folder contains a copy of a portion of the decree which gives pertinent details of each of the transferred rights. Before your copies are filed, and the copies are forwarded to the area and to the Western Design Office, a print of drawing NP-RM-6984 should be inserted below the enclosed portion of the decree. Since we sent the tracing of the drawing to you in May, 1953, the prints will have to be supplied by you or the Western Office of Design and Construction. There will be a total of 56 prints, of which 14 should be sent to this office. This will leave the existing print of the drawing in Docket 1, with the water systems all colored, near the bottom of the top section of the Docket marked "Adjudication of Changed Points - Decreed Priorities 57, 58 and 68."

In our assemblies, we are marking the portions of the decree in color which relate to the particular water system in each of the new dockets, and propose to color the related water system on the map in the same color. It is suggested that the same action be taken in each office after the assemblies are distributed.

The new dockets, 25 through 38, supersede the sub-sections for individual water systems at the bottom of the aforesaid top section Docket 1, and their contents should be transposed to the top

of contents of the new dockets. Apparently there are items to transpose to the dockets 33 and 34 for the Glacier Basin and Bear Lake Water Systems. We are then removing the separators for the sub-sections.

You will note that each main fly of the new docket folders includes a cross reference to Docket 1. In a like manner we are inserting the following statement on fly of Docket 1: "For Individual Water Systems, see Dockets 25-38."

In my memorandum of December 7, I pointed out that water rights had been transferred to 10 pipe lines and the proposed Trail Ridge Road Camp Water System, but that we had no record that the latter had ever been constructed. Under the Colorado water laws, the right to the appurtenant 0.004 sec. ft. of water will not lapse. Moreover, the right is partially exercised if water is packed from the designated springs to the camp. However, while I was stationed at the Park, most of the water was hauled from a roadside spring to the west. We should keep in mind that the right should be transferred to some operating system before the water laws are amended to cover lapse of rights. However, such an amendment does not seem to be imminent, and I do not believe the present U. S. Attorney would attempt to adjudicate the transfer at this time.

Memorandum

To: The Director

Docket # 29

From: Associate Regional Director, Midwest Region

Subject: Composite Listing of Water Right Docket Outline of
Assemblies, Rocky Mountain National Park, Colorado

This office has prepared a composite listing of the outline of assemblies of water docket received from the Area and your Office, which shows the comparative contents of water right docket in each office.

To provide identical contents for each water right docket, it will be necessary to provide many copies of data which are missing from one or the other docket files.

Some of the documents, as shown in the individual outline of assemblies are difficult to identify and some of the items may refer to the same document. In other words, a particular document may be listed in the outline of assembly a little differently by the area, the Regional Office, and your Office.

It appears that each office should review the composite outline of assemblies and provide copies for the files of the other offices which do not list the document. A program of funds to cover these costs should be set up in our annual schedule of projects under M&P Accounts.

We shall appreciate your consideration of this project and suggestions regarding its accomplishment.
