

WATER-RIGHT DOCKET

Rocky Mountain National Park

Docket No: 39

ROARING RIVER, TRIBUTARY FALL RIVER, TRIBUTARY BIG THOMPSON RIVER

Preliminary Docket Information

00-00-0000: water right record - id no. romo r120574 af39

WATER RIGHT RECORD

IDENTIFICATION NO: ROMO R, 1 2, 0 5, 7 4, A, F, 3 9,
DITCH/WATER SYSTEM: Horseshoe Pipeline
SOURCE OF SUPPLY: Roaring River, a tributary of Fall River, a tributary of
Big Thompson River
LOCATION: East bank of Roaring River 330 feet north of a point whence the SE corner
of Section 12, T5N, R74W, 6th P.M., bears S52°46'E, 3036,6 feet.

Park: ROMO
Docket Number:
Federal #39
(Former Alien #31)

WATER RIGHT: United States of America, National Park Service
by purchase from McKelvey May 11, 1955, gained possession Dec. 1.1955.
Appropriator:
Application/Permit Number: NP-RM-DO-9052, Filing No. 11322, Sept 8, 1915
State Engineer's Office.
Certificate Record Number:
Date of Priority: Domestic Priority No. 22½, Power Priority No. 2½, Water
District No. 4, both as of June 3, 1915
Quantity of Water: 1.2 c.f.s.
Purpose: Domestic and hydroelectric power.
Irrigated Land Description:

SUMMARY OF STATUS: Decree of the State District Court in Case No. 10077,
June 9, 1942.
Work commenced by survey June 3, 1915.

Docket No. 39.
Formerly Alien Water Right No. 31.

FALL RIVER LODGE WATER SYSTEM

HORSESHOE PIPE LINE

Pipe Line No. $\frac{1}{2}$, Water District No. 4.

MAY 8 1957

USE

Domestic and Hyroelectric Power. Supplies water to Fall River Lodge, Cabins, and Power Plant.

HEADGATE

Point of diversion is from the East bank of Roaring River about 2200 feet Northwest of the main Lodge building at a point which is 330 feet North of a point on said East bank of Roaring River whence the Southeast corner of Section 12, Township 5 North, Range 74 West, bears South $52^{\circ} 46'$ East 3036.6 feet.

PRIORITY

Domestic Priority No. $22\frac{1}{2}$, and Power Priority No. $2\frac{1}{2}$, Water District No. 4, both as of June 3, 1915, in accordance with a Decree of the State District Court in Case No. 10077, June 9, 1942.

AMOUNT OF DECREE

Total decree 1.2 cubic feet of water per second of time as follows: 0.05 cubic feet of water per second of time for domestic use and 1.15 cubic feet per second for power purposes, permitted to flow into the Horseshoe Pipe Line at said Point of diversion on the East bank of Roaring River. Domestic water - 22.44 gallons per minute.

OWNERSHIP and OPERATION

Owned by United States. Acquired by purchase from McKelvey May 11, 1955, and will gain possession on December 1, 1959. Now operated by Russell McKelvey without supervision of National Park Service.

MAPS

NP-RM-DO-9052, Filing No. 11322, State Engineer's Office.

Northern Ranger District.

Upper Horseshoe Park Area.

The Horseshoe Pipeline

1. Source of supply - Roaring River.
2. Point of diversion on East Bank 330 ft. north of point on East bank whence SE Cor. Sec. 12, T 5 N, R 74 W, bears S 52-46E 3036.6 ft.
3. Pipeline consists of 310 ft. of 8"; 180 ft. of 6"; and 1240 ft. of 4" GI pipe with fall of 284 ft. to generator.
4. A 1½" GI pipe 327 ft. in length from point 30 ft. above generator to Fall River Lodge, with additional fall of 5.3 ft. per 100 ft. supplies domestic water.
5. Decreed priority of June 3, 1915:
 - #22½ for 0.05 sec.ft. for domestic purposes
 - # 2½ for 1.15 sec.ft. for power purposes.

SUPPLEMENTAL DECREE
FOR
THE HORSESHOE PIPE LINE.

NOW, on this 9th day of June, A. D. 1942, being one of the juridicial days of the April term, A. D. 1942, of this Court, this matter came on for final hearing and determination and decree, the Petitioner appearing in person and by her attorney, John W. Henderson; and thereupon the Court having heard all the evidence offered in this proceeding, in open Court, and having examined the claim and heard the arguments of counsel, and having considered the same, and now being sufficiently advised in the premises, does render the following findings and decree herein:

ON PRELIMINARY AND JURISDICTIONAL MATTERS,

The Court Finds: That this Court has heretofore inquired into the propriety of allowing the claimant to file her claim herein; that by Order of this Court entered on November 24, 1941, the claimant was given permission to file her claim for The Horseshoe Pipe Line in this proceeding; that said claimant did, within the time allowed by this Court, file herein her statement of claim, and in accordance with the Statute, the matter was set for hearing in the District Court room in the City of Boulder, County of Boulder, and State of Colorado, on Monday, the 6th day of April, A. D. 1942, at the hour of 10:00 o'clock A.M.; that the hearing on said statement of claim was duly continued to this date.

2. That the claimant was entitled to file her claim in this proceeding and is entitled to be heard thereon and is entitled to a Decree for the use of water hereinafter provided.

3. That this Decree is subject to the general conditions and provisions as set forth in the original decree entered in this matter on November 14, 1939.

Subject to the general conditions and provisions of said original Decree entered in the above matter on November 14, 1939, it is

4 pages
Placed in pocket No. 39
per Gunnis Nov. 23-1960
memo.

FOUND, ORDERED, ADJUDGED AND DECREED BY THE COURT: With respect to The Horseshoe Pipe Line, as follows:

1. That the name of this Pipe Line is The Horseshoe Pipe Line.
The claimant of The Horseshoe Pipe Line is Minnie March Service of Estes Park, Larimer County, Colorado.
2. That this Pipe Line was constructed and has been kept, operated and maintained for the diversion of water for domestic and power purposes.
3. The source of supply for The Horseshoe Pipe Line is Roaring River, which is a tributary of Fall River, which, in turn, is a tributary of the Big Thompson River, in Water District No. 4, Water Division No. 1, in the State of Colorado; the place of diversion being on the East Bank of Roaring River at a point which is 330 feet North of a point on the East Bank of said Roaring River, whence the Southeast corner of Section Twelve (12), Township Five (5) North, of Range Seventy-four (74) West of the 6th P.M., Larimer County, Colorado, bears South 52° 46' East, 3036.6 feet.
4. The headgate of The Horseshoe Pipe Line is located at the above described point of diversion.
5. That said Pipe Line runs in a Southeasterly direction from the intake thereof, and the water is diverted from said stream into an iron pipe with an inside diameter of 8" and is carried in said 8" pipe line for a distance of 310 feet; thence carried in a 6" pipe line for a distance of 180 feet, and thence carried in a 4" pipe line for a distance of 1240 feet, an aggregate total distance of 1730 feet, to a water turbine and generator house; that the fall of The Horseshoe Pipe Line is 17 feet per 100 feet, with a total fall of 284 feet from the intake to said power house.
6. A 1½" iron pipe line 20 feet above said power house, branches at right angles from said main 4" pipe line for the supply of domestic water to Fall River Lodge and other buildings owned by claimant. Said 1½" branch pipe, for domestic water, runs 327 feet in a Southerly direction to said Fall River Lodge and other buildings, and the fall thereof is 5.3 feet per 100 feet.
That the water diverted for power purposes by said The Horseshoe Pipe Line is returned to Fall River by means of a tailrace from said power house.
7. That the capacity of The Horseshoe Pipe Line for power purposes is 1.15 cu. ft. per second of time and the capacity thereof for domestic purposes is .05 cu. ft. per second of time, carried by said 1½" branch line, an aggregate capacity of 1.2 cu. ft. per second of time.

8. That the work of construction of The Horseshoe Pipe Line was started by survey on the 3rd day of June, 1915, and said work was prosecuted diligently and was completed on or about the last day of August, A. D. 1917; that since the construction of said pipe lines, water was diverted thereby to the extent of the carrying capacity of said main pipe line and said $1\frac{1}{2}$ " branch pipe line, and the water so diverted was used for power and domestic purposes, and at all times since, whenever water was available therefor, water has been diverted from said stream through said pipe lines for such purposes.

9. That as a matter of law, the claimant is entitled to a Decree to the effect that there may be permitted to flow out of Roaring River, a tributary of Fall River, which in turn is a tributary of the Big Thompson River, and into The Horseshoe Pipe Line, under and by virtue of appropriation as by original construction, so much water as will flow into said pipe lines having the dimensions found in Paragraphs 5 and 6 hereof, but not to exceed in the aggregate 1.2 cu. ft. per second of time, for the benefit of the party or parties entitled to the enjoyment thereof, for use for domestic purposes of not to exceed .05 cu. ft. per second of time, and for use for power purposes not to exceed 1.15 cu. ft. per second of time, with domestic priority No. 22 $\frac{1}{2}$, not to exceed .05 cu. ft. per second of time as of the 3rd day of June, A. D. 1915, and with power priority No. 2 $\frac{1}{2}$, not to exceed 1.15 cu. ft. per second of time as of the 3rd day of June, A. D. 1915.

IT IS THEREFORE, ORDERED, ADJUDGED AND DECREED BY THE COURT: That, under and by virtue of appropriation as by original construction, and for the benefit of the party or parties entitled to the enjoyment thereof, there be permitted to flow out of Roaring River, a tributary of Fall River, which, in turn, is a tributary of the Big Thompson River, through the Horseshoe Pipe Line, so much water as will flow into said Pipe Line, but in an aggregate amount not to exceed 1.2 cu. ft. per second of time, of which not to exceed .05 cu. ft. per second of time is for domestic purposes, and of which not to exceed 1.15 cu. ft. per second of time is for power purposes, with domestic priority No. 22 $\frac{1}{2}$ and with power priority No. 2 $\frac{1}{2}$; subject to the general and paramount provisions of this decree; the appropriation of which water for domestic purposes and for power purposes took effect on, and said priority No. 22 $\frac{1}{2}$ for domestic purposes and said priority No. 2 $\frac{1}{2}$

for power purposes dates from, the 3rd day of June, A. D. 1915.

IT IS FURTHER ORDERED, ADJUDGED AND DECREED, That this decree shall be entered as of the 14th day of November, A. D. 1939, and shall take effect as of that date; and this decree shall have the same force and effect as if this decree were a part of the original decree entered in this proceeding on November 14th, 1939.

Done in open Court this 9th day of June, A. D. 1942, as of November 14th, 1939.

BY THE COURT

/s/ Claude C. Coffin
Judge.

Thirteen (13) to the point of beginning. The East line of Section Thirteen (13) was assumed to be North and South and all bearings are relative thereto. Together with all water rights used in connection with this property including all right, title and interest to 1.2 cubic feet of water per second of time appropriated for the Horseshoe Pipe Line and diverted from Roaring River, and to Domestic Priority No. 22 and Lower Priority No. 2 in Water District No. 4 as decreed by the Boulder County District Court. Subject to the Old Fall River Road and Lawn Lake Trail rights-of-way and to an easement for the existing telephone lines; also subject to reservations in United States Patent, public roads and any and all rights-of-way or easements howsoever evidenced now existing over, across and upon said land, containing 227.66 acres, more or less.

It is the intent of the vendors to sell all real property such as lands, buildings, improvements and fixed facilities connected with this property including water rights and power plants but not to include moveable or personal equipment,

with all its appurtenances, and warrant the title to the same, subject to the above.

Signed and delivered this 11th day of May, A.D. 1955.

J. Russell McKelvey (SEAL)
Florence E. McKelvey (SEAL)

STATE OF COLORADO)
 County of Larimer) ss
