+ Indicates Presence of Bacterial Organisms of Coli-Aerogenes Group.

0 Indicates None Found in Portion Tested.

Sample From Baldface Spring

Justification:

This job was installed by CCC Camp NP-3 to serve a drinking fountain in the Baldface Parking Overlook. The supply is by gravity and installation progressed without unexpected trouble.

A connection was made from the spring box to the Camp water system so that all water not used in the drinking fountain will go into the camp supply.
