MUSEUM OF ZOOLOGY

18 November 1991

Linda Gregory
Arcadia National Park
P. O. Box 177 (Rt. 233)
Bar Harbor, ME 04609

Dear Linda,

I am enclosing the information that you requested last week. I was able to locate Richard Manville's field notes and xeroxed a copy of them for you. Dr. Tucker printed out the taxir information about the collection and I hope this information is complete for you.

I apologize for the delay in getting this for you, but as I explained on the phone it was a very busy week and I was not sure just when we could get to your request. Please let us know if there are any questions or anything further we can do.

Sincerely,
Gloria Lake
Gloria Lake
Secretary, Mammal Div.
Museum of Zoology

The preparation fields are read as follows:

There are four columns per specimen. Each column contains an X, -, B, or P. X indicates "present;" - indicates "absent" B, "body in fluid"; P, "partial" (usually partial skeleton). The first column is for skins; the second, skulls; the third, skeletons; and the fourth, fluids. Thus,

X X - -	indicates "skin + skull"
X - X -	" " "skin + skeleton (including skull)"
X X - B	" " "skin + skull + body in fluid"
- - X -	" " "skeleton"
- - - X	" " "fluid".

ACADIA NAT'L PARK

No.285. *Perognathus flavus flavus*, ♂.
State: New Mexico. County: Valencia.
Loc: 1 1/2 mi. E Cebolleta.
Hab: Desert plain, sandy clay, sagebrush.
Elev: 6700 ft. Date: June 23, 1939.
Meas: 116-51-17-7. Prep: Skin only.

No.286. *Sciurus hudsonicus gymnicus*, ♀.
State: Maine County: Hancock.
Loc: Mt. Desert Island, N end Eagle Lake.
Hab: Pine woods.
Elev: 280 ft. Date: July 2, 1939.
Meas: 300-116-45-29. Prep: Skin + skull.

No.287. *Sciurus carolinensis leucotis*, ♀.
State: Maine. County: Hancock. *
Loc: Mt. Desert Island, S end Bar Harbor,
near ball park.
Hab: Streamside in maple woods.
Elev: 40 ft. Date: July 12, 1939.
Meas: 500-210-64-34. Prep: Skin + skull.

No.288. *Tamias striatus lysteri*, ♀.
State: Maine County: Hancock. *
Loc: Schoodic Peninsula, 3 mi. N Winter Harbor
Hab: Coniferous forest.
Elev: 80 ft. Date: July 19, 1939.
Meas: 266-102-34-19. Prep: Skin only.

No.289. *Clethrionomys gapperi ochraceus*, ♀.
State: Maine. County: Hancock.
Loc: Mt. Desert Island, S end Jordan Pond. *
Hab: Cedar marsh; spruce, Vaccinium, grass.
Elev: 300 ft. Date: July 21, 1939.
Meas: 144-39-16-14. Prep: Skin + skull.
coll: Lois Fowler

No.290. *Sciurus carolinensis leucotis*, ♂.
State: Maine. County: Hancock. *
Loc: Mt. Desert Island, Kebo Mountain road,
1 mi. SW Bar Harbor.
Hab: Coniferous forest.
Elev: 250 ft. Date: July 23, 1939.
Meas: 503-230-66-34. Prep: Skin + skull.

No.291. *Sciurus hudsonicus gymnicus*, ♀.
State: Maine. County: Hancock.
Loc: Mt.Desert Island, Otter Point.
Hab: Coniferous forest.
Elev: 100 ft. Date: July 24, 1939
Meas: 320-125-43-24. Prep: Skin + skull.

No.292. *Rattus norvegicus*, ♀.
State: Maine. County: Hancock.
Loc: Mt.Desert Island, S end The Tarn. ✓
Hab: Beech-maple forest.
Elev: 150 ft. Date: July 24, 1939.
Meas: 339-150-38-18. Prep: Skin + skull.

No.293. *Sorex cinereus cinereus*, ♂.
State: Maine. County: Hancock. ✓
Loc: Mt.Desert Island, S end Jordan Pond.
Hab: Cedar marsh.
Elev: 300 ft. Date: July 27, 1939.
Meas: ~~109~~43-11-8. Prep: Skin + skull.

No.294. *Peromyscus maniculatus abietorum*,
juv. ♂. ✓
State: Maine. County: Hancock.
Loc: Mt.Desert Island, summit Mt.Cadillac.
Hab: Coniferous forest; in rangers' cabin. e.
Elev: 1500 ft. Date: July 27, 1939.
Meas: 169-81-19-17. Prep: Skin + skull.

No.295. *Peromyscus maniculatus abietorum*, ♀.
State: Maine. County: Hancock.
Loc: Mt.Desert Island, Breakneck Ponds.
Hab: Spruce and cedar forest.
Elev: 300 ft. Date: July 30, 1939. e.
Meas: 175-86-19-18. Prep: Skin + skull.

No.296. *Clethrionomys gapperi ochraceus*, ♂.
State: Maine. County: Hancock. ✓
Loc: Mt. Desert Island, Breakneck Ponds.
Hab: Streamside; spruce, Vaccinium, grass.
Elev: 300 ft. Date: July 30, 1939
Meas: 141-38-19-16. Prep: Skin + skull.
