Lakes, Streams, and Ponds Monitoring
Invasive Aquatic Plant Surveys 2007

CONTENTS:

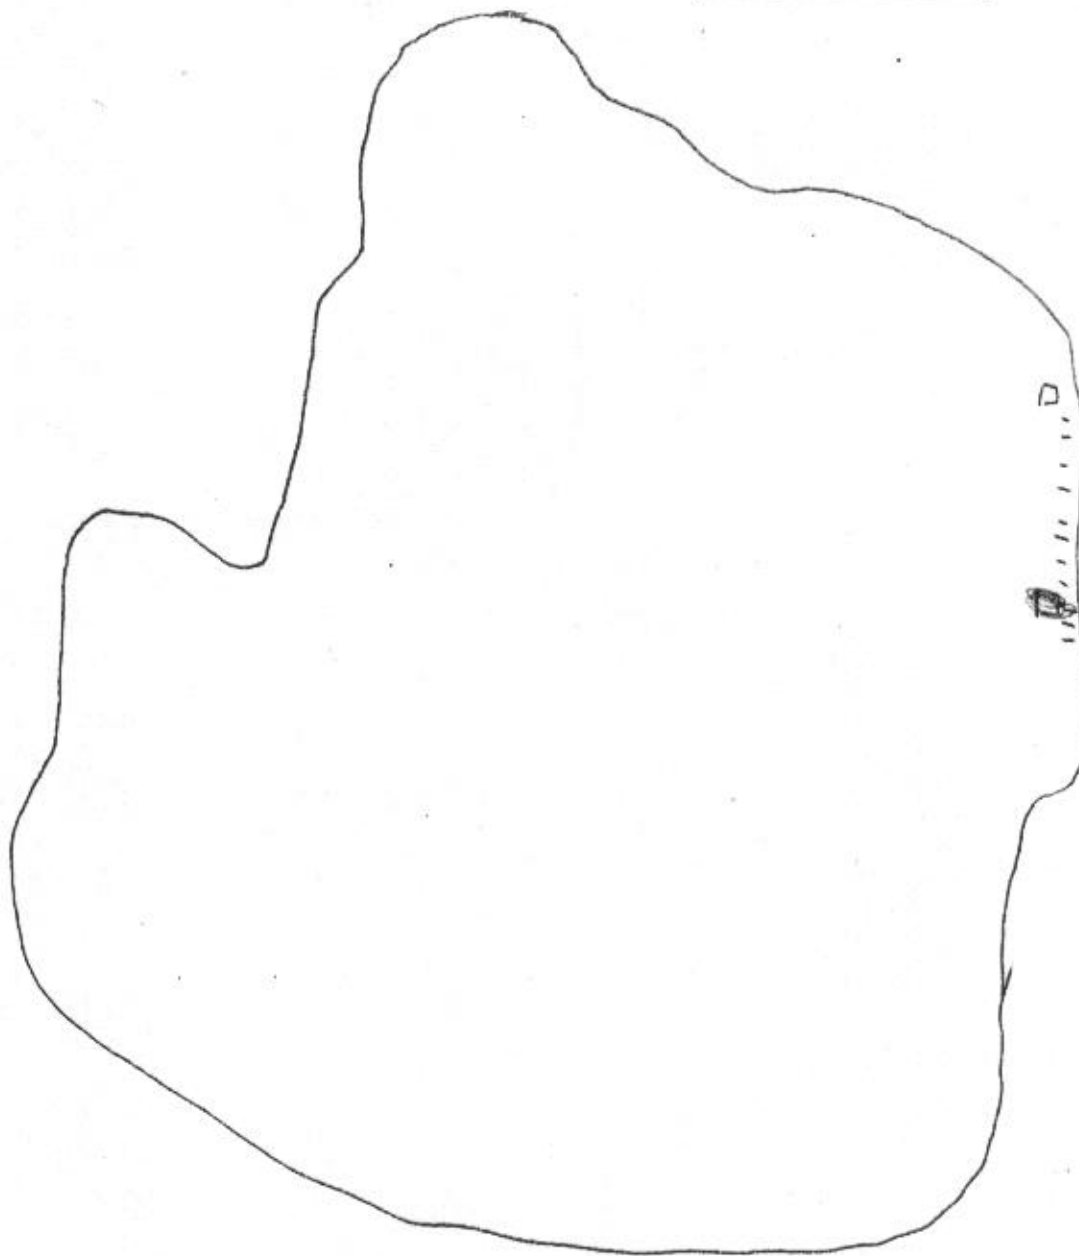

Original datasheets organized by site.

- The Pogue; Marsh-Billings-Rockefeller NHP
- Blow-Me-Down Pond, Saint-Gaudens NHS
- Weir Pond; Weir Farm NHS

1. Flowering Rush

Pogue

08/14/2007

Invasive Aquatic Species Survey Map
Pogue; MABPA; 08/14/2007
Conducted by: E. Davis & D. Freeman

'1's on map indicate location of
flowering rush (*Butomus umbellatus*).

1 purple loosestrife

2 Iris

Blow-Me-Down Pond

SAGA PA

08/14/2007

Invasive Aquatic Species Survey Map
Blow-Me-Down Pond; SAGA PA; 08/14/2007
Conducted by: E. Davis & D. Freeman

'1's and '2's on the map indicate locations of purple loose strife and iris. Davis and Freeman were unable to ID iris as either blue or yellow since they were not flowering. (Yellow iris were detected in subsequent surveys in 2009 when iris was in flower - NETN data manager note.)

Invasive Aquatic Species Survey Map

Weir Pond; WEFAPA; 08/06/2007

Conducted by: E. Davis & D. Freeman

No map was drawn because no invasive aquatic species were found during this survey.
