Mr. Mike Grimm
Amoco Production Company
Southeast Business Unit
Post Office Box 3092
Houston, Texas 77253-3092

Dear Mr. Grimm:

Enclosed for your information is a copy of the Finding of No Significant Impact/Decision Record and the Statement of Findings for the National Park Service's decision to approve Bright and Company's Plan of Operations for Exploratory Drilling and Production of the Dunn-McCampbell No. 1 Natural Gas Well within Padre Island National Seashore, Kleberg County, Texas.

Pursuant to your request, the Plan of Operations and Environmental Assessment for this project were sent to you on July 28, 1994. Notices of availability of the documents were published in the Federal Register on July 22, 1994, and in the Corpus Christi Caller Times on July 10, 1994. Following an evaluation of public and agency review comments, it has been deemed appropriate for this office to issue a Finding of No Significant Impact/Decision Record and a Statement of Findings related to this project. The National Park Service has informed Bright and Company of its approval and intends to permit Bright and Company to implement the described action following a 15-day period from September 30, 1994.

Your interest in Padre Island National Seashore is appreciated.

Sincerely,

/s/ Ernest V. Ortega
