.53 inches of moisture were received but this did little to alleviate the drought conditions that have prevailed generally for the past two years.

Special Activites

The Superintendent met with the In-Service Training Committee at the Region Three Office to discuss plans for training tours to Bandelier for Regional Office personnel who do not ordinarily get out to field areas. The first tour is scheduled for June 6.

A staff meeting was held for all personnel to discuss additional plans for the civil defense organization for the area. This was followed by group meetings to formulate definite plans for the various divisions.

The very heavy tr vel toward the last of the month made it necessary for the Superintendent and clerk to spend considerable time guiding tours and checking cars. There is a very urgent need for additional temporary ranger assistance during May. As it is, we practically have to postpone

FOR DEFENSE
BUY
UNITED STATES SAVINGS BONDS AND STAMPS

adminis trative and other matters until the temporary rangers are available.

Inspections

Messrs. Carter, Richardson, and Franke made an inspection, on the 14th, of the propane gas systems, for both the residences and the lodge, in order to prepare plans for a bulk rather than the present bottle system.

General Publicity

The entire issue of the Arizona Highways magazine was devoted to the archeology of the Southwest, as represented by various Monuments and Mesa Verde National Park. The magazine featured reconstruction paintings by the noted artist, Paul Coze, that vividly portrayed Indian life as it probably was hundreds of years ago. The painting for Bandelier showed an Indian weaving at a loom in one of the cavate kivas.

Maintenance

Approximately 5,000 feet of telephone cable was obtained from the Atomic Energy Commission, for taking it up, and part of it was used to run a new line from the utility area to the office. The old cable was giving trouble by picking up induction from the museum lighting circuit and the n ew cable was laid entirely away from any power lines. A much clearer circuit resulted for the grounded system.

The stores supplies were moved to one corner of the warehouse in order to add an additional room to the warehouse quarters. The room was painted and placed in good condition for occupancy by the clerk.

The kitchen and bathroom at the dormitory were repainted this month.

All of the signs along the ruins trails and in the campground were repainted with aluminum paint and generally put in good condition.

Roads and Trails

The campground road was given a dust palliative treatment of MC-1 oil. Volcanic ash was spread on the oil immediately after it was applied, to the road, in an attempt to make a more durable surface.

The parking stripes in the parking lot were repainted, and they have proven to be very effective on busy days.

Work is progressing rapidly on the section of Highway 4 that is being reconstructed by the AEC, and by the end of the month the subgrading was nearly to the checking station.

Concessions

The Lodge reported that business for this month was not quite as good as it was last year, with only 70 guests as compared with 84 a year ago. The unsettled cold weather during the first half of the month was probably responsible for the decrease.

The saddle horse business was generally poor the first of the month, but had increased considerably toward the last.

The delay in the approval of this year's rates has held up the printing of advertising folders by the Lodge, and they are very badly needed to answer inquiries and supply information.

Interpretive Service

There were 1971 visitors conducted on 133 trips to the ruins this month. This is a decrease of 88 persons, but an increase of 21 trips as compared with last year.

Total interpretive contacts this month were 4068, which is an increase of 306 over last year. Most of the increase was due to additional museum contacts.

Travel

The most travel for a single day in the history of Bandelier occurred on May 27, when 1129 visitors were actually counted at checking station. This exceeded the 1094 that were checked on a day in August, 1950, and all facilities were taxed to the utmost. With only one temporary ranger on duty, it was not possible to give the high type of service that we would like to give to the visitors.

Travel for the month was 5,627 which is an increase of 295 over May of last year and brings the total for the travel year to 18,067.

Visitors

May brought the usual influx of school groups that included the following:

Mescalero Apache	23
Abbot School	15
Immaculate Heart Seminary	50
Los Alamos 5th Grade	34
Our Lady of Sorrows, Bernallillo	24
St. Michaels, Santa Fe	27
Pojoaque School	18
Espanola	24
Leah Harvey Junior High, S. Fe	32
San Juan	38
Pojoaque	26
Santa Fe, Grade School	39
Burns, Kansas	15
Taos	19
El Rancho	23

Other visitors included: Daniel Streeter, Brooklyn, New York, who was a former student under Dr. Edgar Hewett, during excavations on the Pajarito Plateau in 1909.

Northern New Mexico Resorts Association members visited Bandelier in two groups on the 25th and the 26th.

Ranger Service

Mr. Harmon Maxson, University of New Mexico archeological graduate, reported for duty as a temporary ranger on May 22.

Forest Fire Control

The very dry weather that has prevailed all spring, coupled with strong winds, caused the fire danger to reach extreme conditions toward the last of the month. No fires occurred in the Monument, but cooperation was given to the Forest Service in the suppression of two large fires.

Three Fire Control Aides entered on duty the first of the month.

Insect and Tree Diseases

Permission was received from the AEC to proceed with the aerial spraying for the control of tent caterpillars, and the operation was accomplished on the 29th, with apparently good results. The few caterpillars that had already begun to form

webs were killed and there was a noticeable reduction in flies throughout the campground and around the residences.

Wildlife

An unusual number of Western tanagers and evening grossbeaks came in to the area during the month.

Personnel

Mr. James M. Shirley reported for duty as clerk on May 7. We wish to welcome Mr. Shirley and his family to the National Park Service and to Bandelier. Mr. Shirley formerly served as a temporary ranger at Organ Pipe Cactus and Tumacacori National Monuments.

Fred W. Binnewies
Fred W. Binnewies
Superintendent

Canyon de Chelly National Monument
Chinle, Arizona

May 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for May, 1951

Visitor Travel: May travel slightly higher than for same period last year. 349 compared with 334. Visitors arrived in 120 cars. Guide and contact service totaled 53 hours, 40 minutes. 69 overnight campers took advantage of our new campground facilities.

Weather: Several showers with a total of .91 of an inch of moisture fell during the month. This, together with .65 for April has helped considerably. High-low temperatures ranged from 84 to 28.

Project Programs: After much delay the Hart Hardware Company, Gallup, New Mexico, finally completed their contract for the alterations to the Superintendent's residence - which included asphalt tile and metal tile for the bath room, asphalt tile flooring for the living room, and all steel fixtures and linoleum for the kitchen, and linoleum for the utility room. Since completion all rooms have been repainted. New oil circulating heaters were purchased for the living room and the two bed rooms.

To date the 14,000 pounds of wire has not arrived from the General Services Administration. The wire is necessary to complete the Water Shed Soil & Moisture Program.

Roads and Trails have been maintained and surfaced as time permits.

Signs: After securing necessary materials and with the aid of a Stanley Letter Router just received, new signs are being made at monument headquarters. When completed they will be installed throughout the entire monument area replacing existing ones. Also, appropriate signs will be placed at the new campground areas.

Interpretive Device: During the first part of the month an appropriate and very attractive combination register, maps and publications display case was constructed. This is a large unit with ample storage facilities. In addition to serving a very useful public service it is pleasure to notice the tremendous increase in SWMA publication sales.

Canyon de Chelly National Monument
Chinle, Arizona

May 25, 1951

Cont. from page 1.

Concessions: The Thunderbird Ranch Concessioner managed to meet the May 15 opening date for tourist accommodations. Looked doubtful for awhile since they have been trying for the last two months to find a cook.

Archeology: David L. De Harport proposes to arrive during the latter part of June, to continue the ruins and site survey initiated for the past two years under the Peabody Museum permit.

Administration: Inspection trips were made in both del Muerto and de Chelly canyons. Eleven days of annual leave were taken by Maintenance man Germain. Extra license plates recently received were placed on all vehicles.

Everett W. Dwight
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Capulin Mountain NATIONAL MONUMENT

Capulin New Mexico,

May 25, 1951. 19.....

Memorandum

To: The General Superintendent
Southwestern National Monuments,
National Park Service
Santa Fe New Mexico,

From: Superintendent, Homer J. Farr

Subject: Monthly areative report;

Visitors: Approximately twelve hundred visitors to the old Volcano during this month, making a total of seven thousand and fifty for the travel year and twenty six thousand two hundred fifty for the fiscal year,

Weather: Five cloudy days, and twenty partly cloudy days rains began about the 10 pf the month and have continued raining most every day until yesterday, bringing us five and onehalf inches of precipitation, the entire n country around here taken on a green cast and every body is all smiles,

Flora and Fauna: We are beginning to have that usual display of wild flowers on and around the foot of the cone, it will probably be about three weeks before they are in full bloom, All trees, shrubs and other flora are certainly soaked to the bottom this spring and should have sufficient moisture for at least two months,

Roads and Trails: The Roads in the park have been graded four times during the month and have been in very good condition all thru the month, In fact the roads now are in better shape than ever before, they always dress smoother in wet weather, The trails and in good condition have had a dressing this spring both the rim and the crater trail,

No special visitors during the month,

Twenty six posts have been set around the rim trail and all have been branded from 1 to 26, they all have been set about two and one half feet deep and properly tamped, we are ready for the new trail booklet,

Our new Register stand has been finished, painted and placed near the east wall in the turn around on top of the crater, A thirty foot flag pole has been painted and erected, the new flag has been received, The Ranger entered on duty May 13,

Information pamphlets ; twenty four have been mailed to inquiries over the country and three hund ed handed to visitors,

Homer J. Farr.Ranger.

MAY 1951
National Park Service
Region Three
Office

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

May 25, 1951

Memorandum

To: General Superintendent, SWMM

From: Superintendent, Casa Grande

Subject: Monthly Narrative Report for May 1951.

General: As "per usual" the weather warmed up. The daily maximum temperatures are bearing down on 100°F, and the staff made the change in uniform from the "greens" to the "suntans", even though -- to listen to the old timers -- it hasn't as yet even began to get hot.

The dreuth like the warm weather "is as usual." One only has to drive through the San Carlos Irrigation Project to see the curtailment in planting. Off the project, the wells are going down as fast as the crews can drill them. Most crews are working 10 to 12 hours a day, seven days a week. There is talk in Coolidge of privately financing a dam where the San Pedro River joins the Gila River since there is some water lost in that area in the deep gravel beds -- an honest attempt to use all the water that could be made available.

Of course, with the coming of the warm weather, the local schools began closing their doors for summer vacations. The staff began taking their vacations too. Rudolph Mack, the Maintenanceman, was first up; He left the 1st of May and by using all the leave that he has accrued, he won't be back until June 20th.

Like the other areas, we shared in the publicity from the current issue of Arizona Highways.

Weather: One has only to look at the vegetation here to tell that the weather is getting warm and drier. That fresh green look of two months ago is gone; everything is browning up nicely.

Maximum temperature for May	102°F.
Minimum temperature for May	42°F.
Total precipitation	.13 inch

Visitors: As expected, the travel continued to decline as the weather warmed up; the hotter it gets the slower the travel. Regretably, to our way of thinking, the number of trips through the "ruins" remains about the same, but the number of persons per trip often drops down to one person. The number of states represented in our travel went down; Florida, Mississippi, North and South Carolina, and Vermont were blanks, as were all the territories except Alaska. Our foreign visitors were a newly wed couple from Switzerland, a young lady from Brasil, and another from China.

	1951	1950
Visitors during May	2,703	2,196
Increase	507	
Visitors for Travel Year	31,282	28,231
Increase	3,051	
Servicemen in May	22	

Interpretive Service: A total of 1,469 people made the trip to the "ruins" in 198 groups, averaging 50.8 minutes per trip. There were 1234 visitors who made only a brief stop and did not see the "ruins"; we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

April 27 -- 80 people from the O.S.Stapley Company, Coolidge, for a picnic.

80 people from the Coolidge Nazarene Church for a "social".

April 28 -- 34 Students of the 7th and 8th grades of the Tempe Grammar School, Tempe, Arizona, for a "ruins" visit.

10 Boy Scouts from Troop 50, Somora, Arizona for a "ruins" trip.

April 29 -- Superintendent Supernaugh and Ranger Leading from Organ Pipe Cactus Nat'l. Mon. for a brief visit on "Offical Business".

May 4 -- 15 4H Club girls from the Kenilmore School for a trip to the "ruins" and a picnic.

May 5 -- 45 Children and their parents from the Coolidge Nazarene Church for a "children's Social".

May 10 -- 40 4th grade pupils from Eloy, Arizona, for a "ruins" visit and a picnic.

May 16 -- 35 5th graders from Coolidge for their annual weiner roast.

May 18 -- 33 5th grade pupils from Mobile, Arizona, for a "ruins" trip.

May 19 -- 15 cubs of Pack 57, Den 1, Casa Grande, Arizona, for a picnic, "ruins" trip, and bird identification session.

May 23 -- 17 cubs of Pack 57, Den 3, Coolidge, Arizona, for a picnic.

Administration and Protection: The Superintendent made a trip to Poston, Arizona, for the General Superintendent; he left early to avoid the heat and nearly froze to death on what turned out to be the coldest day of the month.

There were 5 requests for information during the month; the requested information was mailed to the persons concerned.

The Adamsville site received its usual inspection and there was no new evidence of "pot robbing".

We received a beautiful insect storage case. Now we will be able to properly handle the material which Les Arnberger collected last year. Since each of the drawers are glassed, it will certainly be easier to show them to the public than the present method of digging out the various bones.

We have been threaten again. A Mrs. Rock of Denver requested a photograph of the "ruins" which she could include in an article she was writing -- The Most Enjoyable Side Trip I Ever Took.

Surplus: Hooray -- we unloaded some of this stuff which has been surplus for some time. Four army beds and mattresses were shipped to Navajo National Monument.

Maintenance: The Superintendent has been busying himself with the maintenance work that has to be done while our Maintenance-man vacations in the rivers of traffic among the canyons and buildings of New York City. All the signs are getting a new paint job.

Library: The Southwestern Monuments Association made us a present of a new book for the library. The book is Yuman Indian Agriculture.

Wildflowers and Cactii: According to Pima tradition the New Year started around May 1st this year, that is according to the folks who saw the first blooming of the Saguaro Cactus. The Saguaro here on the monument as just beginning to show buds, so our new year, apparently, wil be a little later.

A. T. Bicknell
Superintendent

RECEIVED
1951 JAN

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

May 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of May, 1951

Weather Conditions

Although some relief from the continued drought came to surrounding areas weather here continued extremely dry with only .14 inches of moisture. Many windy and dusty days were experienced but temperatures remained a little cooler than normal. The minimum was 28 degrees and the maximum temperature was 89 degrees.

Administration

The Superintendent attended two road meetings at his own expense during the month. On May 7 he attended the State Convention of the Highway 66 Association at Grants, New Mexico and on May 15th a meeting of all of the Chambers of Commerce delegates from towns bordering the Navajo Indian Reservation. The purpose of the meeting being to discuss proposed road development on the Reservation with Indian Service officials, and to promote the concerted efforts of the various delegates in working for the Indian Service program as a whole. A great deal was accomplished by the meeting in bringing to agreement conflicting opinions and should bring results in better roads. Delegates attended from Cortez, Mancos, and Durango, Colorado. New Mexico was represented by Gallup, Farmington, and Aztec. Arizona by delegations from Winslow, St. Johns, Holbrook, and Flagstaff. Utah by a delegate from Moab. Mr. Allan G. Harper, General Superintendent of the Navajo Agency, and Mr. Harold Johnson, Road Supervisor represented the Navajo Service.

Considerable time has been spent in other administrative duties concerned with the issuing of bids for the new quarters, etc.

Maintenance

Water piping beneath the surface of the road on both approaches to the bridge had formed large caverns which were discovered, when inspecting the bridge. These were repaired and filled with rock rubble and new surfacing placed on the road. Several more signs were installed and the loose

RECEIVED
MAY 1951
National Park Service
Region Three
Office

rocks removed from the roads. Culverts were cleaned and other road repair accomplished.

Approximately 2,115 feet of two inch water pipe along with valves and unions have been recovered from the old CCC site. There is an undetermined amount of 1½ inch and smaller pipe yet to be recovered.

U.S.I-31800 and USI-31784 were taken to Farmington for repair as will other pieces of equipment be when time permits.

Soil and Moisture

The Soil and Moisture project has been completed as far as available funds permitted. Common willow cuttings were made and planted as well as many cable and tree structures installed. Repair and additions were also made to existing jetties. A crew of from four to seven Navajo workmen have been employed on this and other projects. The Peachleaf Willow plantings made in April are leafing out nicely but unless we get some moisture soon it is doubtful that they will all survive.

Interpretive Services

Thirty five trips with an attendance of 160 people were taken thru Pueblo Bonito. There were 24 Museum contacts totaling 115 persons. A total of 70 hours and 15 minutes was spent in guide and contact time.

Travel

there were 203 visitors in 81 cars. Travel year to date figures show an increase of 43 % with 980 to date.

Visitors

Artist George Petty, the prominent portrayor of feminine pulchritude and W.H.Fawcett Jr. of Fawcett Publications, Norwalk, Connecticut.
Mr. O.C. Havens of Gallup, New Mexico who was a photographer for Neil Judd during the excavation of Pueblo Bonito.

Approach roads

The south approach was graded during the month and is now in as good a condition as it has been for some time. However lack of moisture and the continuous windstorms have pitted it again to some extent.

Permits

Two permits were issued to move stock across the Monument, One to Ed. Sargent and one to Rafell Moscalito.

Meredith H. Guillet
Superintendent

MAY 1951
RECEIVED
National Park Service

Office

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

May 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

Following is a report of activities at Chiricahua for the month of May:

Weather. The month of May was typically dry with rain on the 1st. and the 15th. totalling .11 inches. Temperatures were high for the area at the close of the month with a 93 degree reading on the 25th.

Special Activities. A visit to the Monument was made last month by a representative of Universal studios to inspect the area in regard to filming a technicolor about the life of Cochise. This month, Director Sherman and four of his assistants, returned on the 18th for a detailed study. The decision was reached that Chiricahua provided too few open areas for the equipment and the shots necessary for the picture. Therefore, thought is being given to setting the scene at Texas Canyon, west of Willcox.

Inspections. Chief of Development Vint, in company with Messrs. Davis, Lassiter, and Miller, inspected the Monument on the 30th of April. While in the area, the group marked out four additional trailer sites in the campground and discussed adding more at a later date.
Mr. Dodd of the Chief Forester's office and Mr. Carlson, Regional Forester, inspected Chiricahua on the 25th. of the month.

Maintenance. All of the Monument personnel gave a share of work time this month to the checking and repair of the telephone line. Communication is now very good.
The trailer sites located by Messrs. Vint, Davis, Lassiter, and Miller are about 90% completed.

Approaches to Monument. All of the approach roads, including the drive from Portal over Onion Saddle, are dusty but in good condition. The Monument road remains excellent.

RECEIVED MAY 1951 National Park Service Region Three Office

Interpretive Service. 1338 visitors in 366 parties were contacted in the museum this month. 55 visitors were taken on conducted hikes for a total of 12½ hours. One conudcted auto tour with 5 visitors took one hour. One illustrated lecture of 1½ hours duration was given in the museum to 22 visitors on the night of the 11th. Two visitors used the self-guided nature trail for ½ hour.

Travel. Travel dropped to 1453 visitors as compared to 1805 for May of 1950. This leaves us 871 behind last year for this travel year to date. It has been suggested that the war situation has given the workingman longer hours as well as a reticence to use his car for longer trips. This could in part explain the decrease in travel.

Camper use continued to be good at Chiricahua with 195 visitor days recorded for May. The month brought 90 visitor days to the neighboring guest ranches with the Silver Spur decreasing in count and Faraway increasing.

Ranger Service. A Mr. Alan Anderson of Logan, Utah, will be the Seasonal Ranger St Chiricahua for this summer. Mr. Anderson will report for duty with his brand new bride on the 3rd. of June. The wedding date in May 31. He has spent one previous season with the Service at Bryce Canyon.

Forest Fire Protection. The Chiricahua Look-out, Mr. H.J. Marble, entered upon duty on the 12th. of May. Prior to that time, extensive patrols of the area were made by the local force for detection purposes.

No smokes have been reported on the Monument or on the adjoining Forest Service lands to date.

Ranger Urban Post of the Coronado National Forest, will conduct a fire training school at Rustler's Park on the 1st. and the 2nd. of June. All Monument personnel have been invited to attend.

Clair V. Cooke,
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
May 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

This month, there were 279 visitors who came in 91 automobiles. This is considerably less than a year ago, but the Ice Cave is suffering from the same slump as is Highway 66 according to reports. Of these people, 240 took a trip around the Rock and formed 68 parties. 53 took a trip over the top in 10 parties. 38 persons in 16 parties received an orientation talk.

The warmest this month was today with 89 degrees, and the coolest was 32 degrees Fahrenheit. There was .33 of an inch of moisture which included a snowstorm on the 15th!! The warm weather has been very late in coming this year.

At the beginning of the month, the superintendent attended a fire training school at McGaffey. Old acquaintances were renewed, new acquaintances made and it turned out the the assistant supervisor was an old friend of 15 or 20 years standing. With it all, some fire fighting was learned.

The technician came by and gave the light plants the usual monthly checkup. He spent part of two days here.

The valves were repaired and water turned into the range r cabin.

The concrete tables were located, set up and concreted in place.

The basement had a place for a window, but for some reason, it was apparently never put in. The hole was boarded up, which made the place as dark as a coal mine when the light plant was not running. A large steel sash was purchased and installed in concrete. The HSMP is not afraid to fire the furnace now -- should have thought of that long time ago!!

A trash burner was built which is large, has plenty of ventilation so that every scrap is burned, yet the holes are small enough so that only tiny bits of well burned paper can escape.

A new garbage pit was dug - 12' x 15' by 8' deep. A broad, deep, earthen stairway was built into it. Next season when freezing weather strikes one will be able to walk into the pit instead of sliding in in various positions.

All the wooden window frames on the Office, the superintendent's residence, the rest room and the garage and all the screen doors, wooden doors and large sliding doors on the same were given a coat of linseed oil.

The register stand received two coats of stain and several signs received a coat or two of the same.

One trip was made to Gallup to purchase white gas and other supplies.

The REA representative advise us that some of the materials to bring us power have been bought, but we won't believe it until we see it!

It looks like finally we are to get the piece of land, Section 5, in front of the Monument. I think that this week I have processed the last papers from this end.

We had planned on reemploying our seasonal ranger of last year, but late this spring he informed us that he had decided to attend summer school. He wants to get as much education as he can before he gets yanked back into the army. Therefore, this month, a hurried, one-day, special trip was made to Albuquerque to the University to employ a man who reports for duty on June 6th.

This month, I caught up on the mail which had accumulated while I was gone last month. Upon my return, it was literally stacked up nearly a foot high!

Visitors included Harmon Mowson, ranger at Bandelier, and Leland Abel, ranger at Casa Verde.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

May 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for May 1951

Weather. This month has been very dry and daily high winds were received. Precipitation totalled .11 of an inch for the month, certainly not enough to settle the dust. Maximum temperature averaged about 80 degrees and the minimum about 40 degrees. The area in the vicinity of the monument appears to be in one of the worst drought periods in years. Spotty rains are received but too infrequently to insure good range conditions.

Cooperating Governmental Agencies. The New Mexico Game and Fish Department are conducting a survey of range conditions of the Chupadera Mesa. Game Ranger Earl Turner visited on the 15th and mentioned plans of the Department to take a deer count on the game refuge which lies 5 to 30 miles south of the monument.

District Ranger Euel C. Nave, U.S. Forest Service, has replaced Ranger Harlan Johnson, on the Cibola National Forest. Ranger Nave, formerly of Coronado National Forest which adjoins Chiricahua National Monument, called at the monument to renew an old acquaintanceship with the Superintendent.

Inspections. Messrs. John Davis, Ray Lasaiter, Jerome Miller and Tom Vint spent most of May 2 inspecting the area and visiting Abo and Quarai State Monuments.

Dr. Erik Reed on May 3 to inspect the ruins stabilization and excavation projects.

Special Activities. The Superintendent attended a Chamber of Commerce banquet held in Mountainair on May 2. New Mexico's Governor Ed Mechem, the principal speaker, discussed tourist travel in the State and the improvement of the highway system.

Trails. The Mission Trail was extended to include the recently excavated indian house mound and kiva. This new portion of trail provides the visitor an opportunity for an overall view of the

exposed rooms and also access into the rooms themselves. A protective barrier chain was placed around the kiva for the safety of the visitor.

Two inserts to the current self guide pamphlet were prepared during the month. These were edited and mimeographed by the Naturalist's office and have been included in the self guiding tour.

Excavation and Ruins Stabilization. The stabilization of San Buenaventura mission was completed by Archeologist Vivian and his crew on May 3. Surface drainage was provided for the church and monastery, wall veneer stabilized with caliche and cement, and much patching performed. A small work crew continued on cleanup through May 19.

The excavation work on the Indian pueblo carried on in conjunction with the mission stabilization was completed also this month. Many of the artifacts uncovered by Mr. Vivian have been placed in the temporary exhibit room and the remainder in storage in the equipment shed.

In addition to the stabilization and excavation work, Mr. Vivian and crew partially cleaned out the interior of the nave of San Ysidro mission. The excavation, carried on in the sanctuary section of the church, revealed the remnants of several small rooms, a side altar, pulpit, and several other architectural details. It would appear from these findings that San Ysidro, of the two churches in this Indian village, had received the most extensive use. As time permits, monument personnel will continue the cleanout of the rest of the nave.

Travel. A 31 percent increase in travel was recorded this month. 252 persons in 75 cars visited the area, 80 percent of these New Mexico residents and 20 percent out-of-State.

Interpretive Services. The interpretive program has been expanded to include, within the conducted and self guiding trail trips, that portion of the village recently excavated. 173 persons in 50 parties were conducted through the ruins for an average of 44 minutes per party. 243 persons visited the museum and 20 parties of 79 persons used the self guiding trail pamphlet. 240 of the monuments 252 visitors were contacted.

Personnel. Archeologist Vivian left for Chaco Canyon on May 12. Termination papers were submitted for Wilburn A. Leavelle, laborer.

Roy B. Ringenbach
Roy B. Ringenbach
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

May 27, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Great Sand Dunes

Subject: Superintendent's Narrative Report for May, 1951

Weather Conditions

Beautiful week-day weather with cold windy weekends was the weather story for May. Only one nice Sunday has come along in the last seven weeks and travel was reduced considerably as a result. The maximum temperature was 75° on May 20, the minimum was 22° on May 2, and 0.26 inches of rain fell in light showers during the month. Several "dry" thunderstorms were experienced.

Inspections

Naturalist Les Arnberger visited us May 11 and 12. Les was of particular help in getting us straightened out on the fact file and was of general assistance in a great many more ways than he realized.

Rehabilitation

Every possible minute I could find was spent during the month on rehabilitation and maintenance. The rest of the paint was removed from the front room and bedroom floors and the asphalt tile is now completely installed throughout the house. Asphalt cove base samples were finally received yesterday and the final order and selection is now made. I hope to receive it within the next couple of weeks and get this job out of the way.

The cupboard doors have been received from Wallrich Lumber Company but are not yet installed.

Maintenance

The water storage reservoir at the Lower Mosca Creek Camp-

RECEIVED MAY 1951 National Park Service Region Three Office

ground was thoroughly cleaned and water was turned on for public use on April 30. The large full pane windows in the office were reset to eliminate cracks and a touchup coat of paint was given the outside woodwork preparatory to a full coat I hope to put on next week.

The materials for the plumbing work on the expandable trailer arrived the first of the month and eight days were spent helping Mr. Seaberg of Alamosa put in the bathroom plumbing and fixtures, grease-trap, and outside soilpipe connections to the cesspool. The bathroom partition in the trailer was put in. While he was here, Mr. Seaberg helped me clean out the drainpipe from the laundry tubson the back porch of the house which are now in use for the first time since my arrival. Mr. Seaberg tells me that the trouble, which had completely plugged over 30 feet of pipe, will recur until the kitchen sink is diverted through a grease trap before entering the main line.

The entrance road was graded twice and at the end of the month is in the best shape it has been in this winter. Cleanup of the campground assumed summer magnitude as school groups found napkins and papers impossible to control during the high winds.

Concessioner

The A. W. Graves Saddle Horse Company brought in their horses on May 15. The proper insurance was secured before operation began from the same company which furnished it last year. Business has been very poor so far due to the slow travel and poor weather.

Interpretive Services

Eleven talks were given outside the area during the month. Ten of these were given to the following groups on "National Parks Wildlife" illustrated by the Region Three Office 16 mm. movie.

1. 89 members of Blanca Consolidated School at Blanca, Colorado on April 26
2. 34 members of Alamosa Kiwanis Club at Alamosa on April 26
3. 123 members of Hooper Consolidated School at Hooper, Colorado on April 27
4. 112 members of Mosca Consolidated School at Mosca, Colorado on April 27
5. 27 members of General Biology Class at Adams State College at Alamosa, Colorado on April 27.
6. 42 members of Alamosa Lions Club at Alamosa, Colorado on May 2.
7 and 8. Two groups of 50 and 75 from San Luis Instituto of Arts and Crafts Branch of Adams State College at San Luis, Colorado on May 3
9. 15 members of Wesley Foundation, Methodist Church, Alamosa, Colorado on May 6
10. 38 members of Moffat-Hooper-Mosca Service League, Mosca, Colorado on May 7.

The eleventh talk was given to 34 members of the Hooper Farm

Bureau at Hooper, Colorado. The subject was "Desert Plants and Animals" illustrated with 35 mm. slides from Organ Pipe Cactus National Monument.

Research and Observation

Les Arnberger helped me straighten out the observation section of my fact file and a great many spring observations of birds, flowering dates, and the like are now entered. 17 different species of flowering plants were collected during the month for forwarding to the National Museum.

Many deer observations were made as they moved down into the flats from the high mountains at the time the browse became green. They are almost without exception in excellent shape and went through the winter very well. This was probably due to the mild dry winter.

Dr. Craft, head of the biology department at Adams State College, spent yesterday helping me work out the proposed nature trail. In doing so, he located at least 15 different species of moss in the 300 yeard stretch along Mosca Creek in which we propose to locate the nature trail. Dr. Craft now proposes to do a thorough study of the mosses of the area due to the interest generated by yesterdays work.

Two of our three known native lizard species have been observed enjoying the spring sunshine.

Decrease in Travel

The decrease of 83 visitors was due mainly to the cold winds blowing on each weekend as if by schedule. The trend of the travel the past week has been decidedly toward the genuine out-of-state tourist.

Protection

A temporary flurry of interest in uranium brought several prospectors to the monument looking for a purported body of ore on Section 15 just below Arrastre Canon. The regulations were explained to them and the Alamosa County Records were checked to be sure that no claim had been filed contrary to regulations. This has been covered by special memorandum. Check of the Saguache County records will be made this next week.

MAY 1951
RECEIVED
National Park Service
Region Two
Office

Visitors

School groups visiting the monument included the Rio Grande County High School Band of Monte Vista, the Cheyenne Mountain High School boys of Colorado Springs, a Pueblo Central High School group, Manassa Sixth Grade and Manassa High School of Manassa on different days, Fifth and Sixth Grades from Fort Garland, Stanley School near Alamosa, and Capulin School of Capulin.

A group of 16 Forest Recreation and Game Management Seniors from Colorado A.&M stayed overnight and were entertained by my wife and me for the evening. They were accompanied by Ronald Ryder of the Co-operative Research Unit at the college and Mr. Kobes of the Fish and Wildlife Service.

George White, owner of private in-holdings, was in to check on his place. He intends to bring his cattle in sometime in July.

Accidents

Three Alamosa High School boys, riding around after the Junior-Senior Prom, went to sleep and ran off the road just south of the checking station at 5 A.M. on May 19. One of the boys, Lynn Hiatt, suffered a broken nose and the front end of the car was completely demolished. Fortunately they were traveling at a slow rate of speed. Lois (Mrs. Bean) took the boys to town and delivered them to their parents.

Personnel

Silver R. Jaramillo reported yesterday for duty as temporary ranger. He will work weekends until June 9 when he will go on permanent duty. Silver is being indoctrinated properly as his first job is completion of the cesspool for his house. His arrival means summer travel has begun.

MAY 1961 RECEIVED National Park Service Region Three Office

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

MONTEZUMA CASTLE NATIONAL MONUMENT
CAMP VERDE, ARIZONA.

May 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle.

Subject: Monthly Narrative Report, May 1951.

Weather: For May this has been a rather wet and cool month. Showers fell on five days throughout this report peridd for a total of 1.2 inches of rain. Weather generally has been most pleasant with maximum temperatures reaching 92 degrees and minumum readins averaging in the 40's. A few cold days were experienced during the first and middle of the month when snow fell on the surrounding mountains.

Travel: As it usually does, travel dropped some this month as compared to last month. 2,520 people in 805 cars visited the Castle and 1,081 people in 373 cars saw the Well. This makes a monthly total of 3,591 visitors in 1,178 cars to this area, and compares favorably to last May's travel figure of 5,097 visitors.

Interpretation: Visitors numbering 686 were conducted through the Castle on 163 trips, and approximately 2,200 saw the museum. The Sycamore Trail was used by about 2,000 people. At the Well 193 people visited the museum and 1,081 hiked the LoopTrail.

Ranger Pierson accomplished considerable work on the area's fact files, especially the bibliography section regarding Montezuma Castle. He also worked on the library, placing in in more workable order.

Both Pierson and White took several kodachrome pictures of the many flowering plants at both the Well and Castle. These pictures are to become a part of the photographic file of plants common to this region.

Visitors: On April 28 Road Foreman John McKee and family from Grand Canyon.

On April 28, Dick Shutler Jr. of the Museum of Anthropology, Univ. of California, and Dick Shutler Sr. from San Francisco.

On May 3, Naturalist Grater and Chief Ranger Jolly from Lake Meade.

On May 7, twenty students from Humbolt Public School, Arizona.

On May 13, Automotive Mechanic and Mrs. D.B. Howeth from Grand Canyon.

RECEIVED MAY 1951 National Park Service Region Three Office

On May 15, Lyle Bennett from Regional Office.
On May 17, twenty-eight forestry students from Colorado A. & M., Fort Collins.
On May 22, Mr. and Mrs. Wm. T. Marshall, Director of Desert Botanical Garden, Tempe.
Two groups utilized the picnic area at the Well. The Verde Valley Pioneers Assoc. held their annual picnic on May 6., and the Hiking Club of Cottonwood had a picnic there.

Construction and Maintenance: Again several maintenance jobs were completed this month. Linoleum which was damaged last winter by a broken water line was replaced in the kitchen of Residence No. 1. The pit toilet buildings, located in the public camp ground, were given an outside coat of paint. A small shed was constructed to house the light meter and switches serving the museum building.

At the Well the picnic area was cleaned and many dead branches were removed from the trees in the area.

On May 16, Regional Architect Bennett arrived for the purpose of locating the proposed model of Montezuma Castle. After looking over several possible sites, it was decided to place the model and shelter near where the benches are now situated.

Fire Protection: All fire fighting equipment was checked and placed in good operating condition. Soda and acid extinguishers were cleaned and recharged.

Roads and Trails: At Montezuma Well, a culvert was constructed from empty bitumuls barrels and installed in the entrance road; drainage ditches were cleaned. At the Castle, the paved entrance road was patched in several places and a dmaged culvert head repaired. Tumbleweeds, overhanging branches, and debris were removed from the roadsides. Also, a sign 2½ by 4 ft. reading: Entrance, Montezuma Castle National Monument, National Park Service, Department of the Interior; was installed at the north entrance to the area. The utility area roads potholes were filled and smoothed.

The Sycamore Trail and footpath leading to the base of the ladders were thoroughly swept and all broken sections of trail repaired.

Flora and Fauna. Recent rains have caused may wildflowers to bloom profusely. Mesquites, catclaws and sycamores are agin in full leaf. It has been noted that these trees and shrubs were about thirty days ater than usual in turning green.

Southwestern Monuments Association : While on annual leave, May 5, opportunity was taken to attend the opening of Paul Coze's art show held in Phoenix. The primary purpose of this affair was to show Coze's paintingsof the various Southwestern Monuments, reproductions of which are appearing in the May edition of the Arizona Highway Magazine. This was a very interesting show and, according to the papers, over two thousand people viewed the paintings during the first week.

1,000 copies of the May edition of Arizona Highways have been received and placed on sale. Also, 500 copies of Henry Collin's, "Birds of Montezuma Castle and Tuzigoot", have arrived and these too have been put on sale. Since sales have been off this past month, it is impossible to tell how popular these two new items will prove to be.

Personnel: Harvey N. Keller, of Camp Verde, entered on duty April 25, as Seasonal Park Ranger. He has worked here this past year as Laborer and WAE Guide.

JOHN O. COOK
John O. Cook
Superintendent.

Navajo National Monument
Tonalea, Arizona

May 27,1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Narrative Report for May, 1951

Travel: Ninety-three visitors made their way to Navajo this month, nine less than in May 1950. Seventy-three persons camped one or more nights in the area and several parties camped at Keet Seel Ruin.

Weather: A high of 90° was reached at the end of the month and the low for the period was 25°. There was 1.49 inches of moisture this month, .60 of it in the form of very wet snow.

Approach Roads: Most of the approach roads are in good condition. There are a few dry stretches that have become corrugated but they are not bad at this time.

The A.E.C. has rebuilt part of the road between Dinnehotso and Mexican Water continuing with a new road into Monument Valley to a uranium mine. The new road turns north while the old road continues east and west. There is a sign indicating the route to Kayenta and points beyond but its size and location make it very hard to see. Many visitors have followed the better road to eventually end at the mine.

Land Status: A new land status report was prepared and submitted to the Regional Office. This report was approved and sent to the Washington Office for approval.

Road and Trail Maintenance: We have had enough moisture this month to allow us to get a head start on the sand. Rock removal from the road has taken a lot of time and has made quite an improvement. Much trail work has been accomplished and there is more to be done.

Guide posts were installed to Keet Seel Ruin. More and more people are hiking to the ruin and the markers have proved to be of assistance.

MAY 1951 RECEIVED National Park Service Region Three Office

Building Construction: June 15 should see most of the project completed. Two cement floors were poured, two partitions (one in the old bedroom and one in the new garage) were completed, a clothes closet was built in the new bedroom, the window and door trim was installed, light fixtures purchased and installed and some outside landscaping accomplished this month.

General: To me, the most important item was the raising of the roof in the spring tunnel. This had been done by me before, verbally, but now at long last one can stand erect while working on the water pump. The pump house door is next on the list for remodeling.

A door was built and installed on the tool room. A new corral was constructed farther away from the house. Pipeline was enthusiastic about the new corral but he takes a dim view of building a "saddle hogan" to house his riding equipment.

Two trips were made to Flagstaff for supplies plus hauling two loads of sand, three loads of rock and five loads of poles.

Miscellaneous: A visitor reported seeing a fawn being chased by a coyote near Navajo Mountain. Our local Navajos were very much alarmed at the news. It seems this is "bad" and will bring bad luck to the Indians. Any deer or bear on or near Navajo Mountain (their sacred mountain) causes "bad things" to happen. Several years ago a bear was seen on Navajo Mountain and as a result "all the old medicine men around there died".

John A. Aubuchon
Superintendent

RECEIVED
JUN 1951

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Organ Pipe Cactus National Monument
Ajo, Arizona

May 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Organ Pipe Cactus

Subject: Monthly Narrative Report Lal for May 1951

Weather

Moisture in the form of rain and hail totaled .38 inch from the 26th to the 30th of April. Low minimum temperature of 41 degrees on April 30 and May 2 with a high of 105 degrees on May 25.

Special Activities

The Superintendent and Ranger Leding made a trip to Phoenix April 29 to receive a new Ford Pick-up. It was found that the Veterans Administration had taken our truck by mistake and considerable time and argument was necessary to put them straight and get our car.

Maintenance & Construction

With the seasonal drop in travel, all personnel have been engaged in maintenance and construction work. During the month the new metal power-house was erected and the radio-room addition to the administration building was completed. A new floor is now being poured in the old part of this building.

The outside of the administration building was given two coats of paint, the van body used for storage one coat, and a start made on the pump house.

New poles were set and the new heavy wire was strung for all power distribution. Telephone and radio remote control wires were also strung on the poles.

Soil and Moisture Control

Three laborers were used most of the month on our Soil and Moisture program. Checks and diversion ditches are being built with the water-sheds in the washes being rocked and graveled to prevent further washing. The work will continue through June. A larger crew will be used if men can be hired. The man-power pinch is being felt in this area.

(1) Organ Pipe Cactus National Mon.

Travel and Interpretation

through travel held up and even showed a slight increase but area use and interpretive contacts took their usual seasonal drop. All cars are still receiving service but no one is being used exclusively for contact duty.

Research and Observations

Our Reptile research, as in the past, is again being carried forward. In Laurence M. Klauber's new publication of the shovel-nosed ground snake we were given credit for a new subspecies called Chionactus palarostris organica.

New sight records were made on the Glossy Ibis and Long-billed Curlew, and a very rare record of Roseate Spoonbill on May 26 by Ranger Steele.

Inspections

Mr. Vint of the Washington office, and Messrs. Davis, Cornell, Lassiter and J. Miller of the Region Three office spent April 26 and 27 in the area on master planning and inspection.

Visitors

Dr. and Mrs. H. E. Gloyd, Chicago Academy of Science

Dr. Charles Lowe, University of Arizona

Private Development

Plans have been received and are being forwarded for approval, for Tourist Cabins at Lukeville on the Chas. Like property within the Scenic Easement. This development, if it proceeds according to plan, will be a much needed addition to accomodations for Monument visitors.

William R. Supernaugh
Superintendent

Saguaro National Monument
Tucson, Arizona

May 25, 1951

MEMORANDUM

To: General Superintendent

From: Superintendent, Saguaro

Subject: Report 1st, May 1951

General

It appeared that " Mother Nature " was undecided as to whether summer should begin in May or not. A number of days felt like good old Arizona summer time but two storms in the beginning and middle of the month sent temperatures downward. Approximately 16 inches of snow fell at Manning Camp on April 29 and 30 and good rains occured at headquarters on those days. More wind and snow occured on May 14 in the forested area. The burning index was dormant to moderate throughout the month except for one high reading on May 18.

A later blooming period of the cactuses has caused increased travel during May. Travel decreases sustained in April were off-set by increased travel during May. Travel for the year to date, is very near the total travel for the 1950 Travel Year.

The cactus area was a riot of color during the latter two weeks of the month with prickly pears, ocotillos, and chollas holding the spotlight. A goodly number of Saguaros were also in blossom and received the attention of many photographers.

Temperature ranges (Headquarters Station)

Highest daily high, May 5 . . . . . 98 degrees.

Lowest daily high, May 14 . . . . . 68 "

Highest daily low, May 10 . . . . . 68 "

Lowest daily low May 1 . . . . . 38 "

JUN 1951 RECEIVED National Park Service Region Three Office

Special Activities.

Messrs. Vint, Cornell, Lassiter, Davis, and Jerome Miller made an official inspection of Saguaro National Monument on April 28. The Master Plan and development of the new headquarters site were discussed in detail. It was the concensus of the field party that the new headquarters site should be in Section 29, thus affording an excellent view of the cactus forest from the headquarters area.

The superintendent spent two days in the forested area inspecting trails and various facilities.

Status of Private Lands.

The Service is fortunate to have secured options on Section 5, (Freeman property) and Section 29 (Ellison property) during the course of the month. The options were secured in the amount of the appraised value of the lands. Most real estate values have skyrocketed since the appraisals were made because of the acquisition of large tracts of lands by the Hughes Electronics Company.

General Publicity

The April 28, 1951 edition of the Arizona Farmer carried a long article on the bacterial necrosis of the Giant Saguaros. The article, like many previous ones on the same subject, indicates that Saguaro plants are on the way out as dominant species of cacti. The writer has apparently not visited Saguaro National Monument where hundreds of young plants may be observed on the west and south slopes of the Tanque Verde Mountains.

Maintenance

The cactus loop road was graded periodically following the rains and is in good condition.

The Mud Springs Trail from Spud Rock Ranger Station to our east boundary, was completely rehabilitated during the month. This trail was in very poor condition and required considerable work to restore it to first class condition.

Rehabilitation was also accomplished on the lower two miles of the Happy Saddle Trail during the early part of the month. The lower portion of this trail was heavily damaged by thunder storms during the late summer of 1950.

Approaches to Park Area

Both the Vail and Broadway approach roads are in poor condition at this time and no indication of betterment until after summer rains occur, making it possible to remove the corrugations.

No further work has been accomplished on the Spanish Trail Approach Road since our last report. Rumors are being circulated that part of the alignment of this road may be changed before completion by the Pima County Highway Department.

Interpretive Services

A total of 1,827 persons in 550 parties were given interpretive service at headquarters. This amounted to a total of 116 hours for an average of 13 minutes per party.

Research and Observation

May 1, Elf Owl at headquarters.
May 10, 5 Merriams Turkeys at Spud Rock cabin.
May 14, 2 Stephens Whipoorwills at Manning Camp.
May 18, Many Band-Tailed Pigeons above Madrona Ranger Station.

Travel

A total of 3,445 persons visited Saguaro National Monument in May. This represents a decrease of 1,109 visitors as compared to last month but an increase of 660 visitors over the corresponding month one year ago.

Visitors

April 26, Mrs. Marjorie L. Ellison, Los Angeles, California.
April 28, Messrs. Vint, Cornell, Lassiter, Davis and J. Miller.
May 5, Girl Scout Troop 97, Tucson, Arizona.
May 7, Inis C. Kirk, Park Ranger, Death Valley National Monument.
May 7, Dr. Lehs S. Gill and Craig Bryan, Division of Forest Pathology.
May 9, John F. S. Barr, Park Ranger, Petrified Forest National Mon.
May 9, Al Runkle, Jay Miller, and W. J. McInnis, shooting background process plates for NBC television program.
May 21, Dr. Howard Cloyd, Chicago Academy of Sciences.

Ranger Service

Seasonal Ranger Wendell Bryce was terminated on April 29. We are grateful to Wendell for his fine services and work while assigned to Saguaro and hope he can return next year.

Ranger Benson took his physical examination late in May at the behest of the U. S. Army Reserve Corps., in connection with possible active service.

Forest Fire Control

Fire Control Aid Murray Snyder entered on duty May 1 and is stationed at Manning Camp. He was thoroughly oriented in his duties and made several trips over the various trails to become acquainted with the terrain in the forested area. The Mica Mt. Fire Tower was manned regularly beginning May 8.

One false fire report was received on May 5 at headquarters. A plane flying over the area reported it to the Sheriff's Office from where it was relayed to this office. A patrol was made to check for the fire but no smoke was discovered.

All fire extinguishers were recharged and placed in working condition in the various buildings.

Prefabricated frames for permanent fire tool caches at the secondary lookouts were transported to the forested area.

RECEIVED
MAY 1951

Telephone and radio maintenance was accomplished during the month and at present the communication system is functioning properly.

Insect and Tree Diseases

Dr. Lake S. Gill and Craig Bryan of the Division of Forest Pathology visited the cactus forest on two occasions in connection with the studies being made in the check plots. Immediate steps will be taken to set out new stakes in the various check plots.

Accidents

Trail Laborer Arthur Garcia suffered a severe strain of the back while rolling a log. He was hospitalized for about ten days and returned to duty on May 7.

Samuel A. King
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Sunset Crater

Flagstaff, Arizona

May 25, 51

Memorandum

To: General Superintendent

From: Ranger-in-charge, Sunset Crater

Subject: Monthly Narrative Report, May 1951

Weather Snow, sleet, and strong winds have prevailed during the month. The Monument was snowed in twice this month with six inches on April 28-29 and May 14-15. Cold and windy weather has done much to cut down the travel for the month.

Inspections Superintendent Brueck came up from Wupatki on May 22 for a conducted tour of the monument area.

Special Activities The Monument was officialy opened for the season on May 1 with the ranger entering on duty on that date.

Maintenance Several days were needed to ready the area for the season. Extensive cleanup and painting of signs, register stand, and rest rooms were the main items.

Maintenance Man Joe Dean arrived to blade the entrance road on May 22.

General Publications The view of Sunset Crater in eruption taken from the current issue of Arizona Highways, was installed in the register stand display case. Maybe now people won't confuse it with Meteor Crater.

Interpretive Service A total of 611 visitors in 256 parties were contacted.

In spite of the bad weather 422 visitors in 153 parties took the Lava Flow Trail. A total of 241 books were sold with collections averaging 66¢.

Only 135 venturesome persons in 36 parties made it to the top of the crater.

Four School groups visited the area this month.

Increase in travel. Due to the stormy weather, the travel is quite low compared to last year. Also the usual 60% has not been figured in for this month.

	Cars	Visitors
May 1951	491	1,444
May 1950	818	2,450
This travel year	2,745	7,458
Last travel year	2,805	8,416

Visitors
4/26 Pojuaca Indian School, 36 in party.
5/5 Glendale, Ariz. High School, 45 in party.
5/13 Quarter Circle V-Bar Ranch School, 36 in party.
5/13 University New Mexico School of Mines, 32 in party.

Robert H. Vikland
Ranger-in-charge

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

May 26, 1951

Memorandum

To: The General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, Tonto, May 1951

Weather. Good spring weather here until May 25, when summer hit us suddenly, with temperatures of 103° on the 25th, and 106° on the 26th. Rain on April 30, and rain and cold weather around May 14, gave us a comfortable month, with quite a few flowers blooming due to the rain.

Roads and Trails. Roads fair, a bit rough as usual in the summer. The trail was resurfaced during the month, and the trail man is improving the structure at the start of the cliff dwelling trail.

Visitors. Ranger Lewis Kirk and family of Death Valley National Monument.
Ranger Robert Viklund and father, Henry Viklund, of Flagstaff.
Archaeologist and Mrs. Roland S. Richert, Tuzigoot.
Mr. Ed Stefan of Lollesgard Specialty Company, Tucson, Arizona.
Superintendent and Mrs. Hastings and family, from Walnut Canyon.

Travel. With 1398 visitors for the month, travel was up about 30 percent over May last year.
While adding up the May travel figures, it was found that one tally sheet had inadvertently been left out of the April report, which added 123 visitors for that month. That reflected the usual trend of increasing travel. A corrected April report has been sent in.

Annual Report. The annual report to the Director was mailed on May 25, with copies to the Regional Office.

Personnel. Gilbert R. Wenger of Denver, Colorado, entered on duty May 21 as Archaeologist GS-5, vice Archaeologist Lloyd Pierson. WAE Guide A. J. Cosnor worked several days a week during the period after Mr. Pierson left.

RECEIVED MAY 1951

Public Relations. Superintendent and Mrs. Sharp drove to Phoenix on the afternoon of May 5, to attend the preview of Paul Coze's series of paintings which was featured in the Arizona Highways. The originals were of course even more magnificent than the printings, and the showing apparently a very successful affair. The superintendent, among others, was interviewed on a short radio program.

Two talks, in Miami, and to the Lions Club in Globe, are scheduled for the last week in May.

Fire Danger. Two man-caused brush fires on the surrounding National Forest have marked the beginning of the fire season here. A good crop of annual brome grass covers much of the Monument, and is excellent tinder.

Accidents. While en route to the utility area to work on an exhibit case, WAE Guide Cormer slipped on a steep hillside, and injured his shoulder. He is receiving treatment from a U. S. designated doctor in Globe, and will not have much use of one arm for quite awhile. CA forms were sent in on this, and a separate memorandum will follow.

General. The tent-house was fixed up as much as possible for quarters for Archaeologist Wenger, as there is no local housing available now.

A program of weed cutting and cleanup is under way, as we get time.

The two smaller culverts ordered for the road job are in Globe, and are being brought out by a commercial trucker, as they are too long to haul on our truck.

Charles C. Sharp

Charles C. Sharp
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tumacacori National Monument
Tumacacori, Arizona

May 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for May, 1951

Weather: Temperatures ranged from a maximum of 92 on May 5th and 24th, to a minimum of 30 on May 2. Total precipitation for the period was 1.08", all of which occurred on April 29 and 30, with the latter day producing a heavy snowstorm which lasted for three hours. Miraculously, our plantings did not receive a killing frost as an aftermath, although frost in the district did some damage to cotton plantings, which are very extensive in the valley this year. Precipitation this month was much higher than the average of .36" for the past 13 years. Local ranchers, who have helped finance rain-inducing efforts of the Water Resources Development Corporation since January 1, say the corporation had nothing to do with this rain and snow, since they say the activities were temporarily suspended during planting season.

Visitor Travel: This month: 2,761 persons, in 821 motor vehicles.
Highest previous May : 1,769, for 1949.
Last twelve months - -: 37,250 persons.
Previous annual record: 28,837 persons in Fiscal Year 1950.

A lot of people come to simply see the museum and patio garden. During the 12 month period May, 1950 thru April, 1951, of a visitor total of 36,145, visitors to the mission church and grounds numbered 14,611, or 40.42% of visitor total.

Visitors: May 10 - Mr. and Mrs. Albert J. Abbott. He was the Forest Service ranger in charge of Tumacacori back in 1910.
May 17 - Mr. M. L. Walton, a member of the California Academy of Sciences, and quite interested in the area.
May 20 - Mr. and Mrs. Fred C. Hawley, of Tucson. Mr. Hawley has, on several occasions, been of gratis service to the N.P.S. through giving chemical and spectroscopic analysis of building materials here.

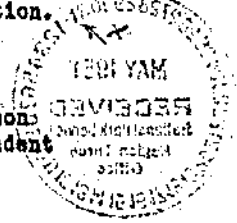
Inspections: April 29 - Tom Vint, Chief of Design and Construction, N.P.S., John Davis, General Superintendent, Southwestern National Monuments, Ralph Lassiter, Regional Engineer, Region Three, Jerry Miller, Regional Landscape Architect, Region Three. Monument affairs were thoroughly scrutinized, and especial attention was given to the problems involved with highway widening in front of the monument area.

Interpretive Service: 1,028 persons went on 208 guided trips through the mission church and grounds, receiving an average of 36.8 minutes per trip. 2,636 persons received combined Information and Interpretation service, and 2,654 saw the museum and patio garden.

Museum and Education: An opportunity has arisen, Ranger Henson has been engaged in setting up observation cards on the native plants of this vicinity, as well as on those exotics which are part of the planting scheme here. These cards give such information as: blooming date (first blooms, peak of bloom, and finish), fruiting date, when fruit comes on and falls off, and when leaves come on deciduous plants and disappear. This data, carried on for a period of a few years, will add to our capacity to predict for visitors when to expect certain flower and fruit displays. In addition, on other cards, Henson and I are jotting down biographical data for the various plant species, so as to capture for easy reference most of the interesting and significant characteristics of the plants.

Six days were spent by the superintendent on a field trip to northern Sonora, studying mission churches of the "Kino" chain, and most especially abstracting historical data from original mission records at Magdalena and Alter. Record photos of the various mission churches seen were made. The data obtained will require some detailed analysis, but it is apparent that no basic alterations in our interpretive story will need changing, although a number of facts emerged which will be of definite assistance in bridging some of the historical gaps for Tumacacori.

Archaeological Research: Archaeologist Sallie P. Brewer, of the Region Three office, was engaged, with a small crew of laborers, between April 23 and May 10, in test trenching and exploration work in a strip of the monument area lying near our west boundary. This is an area which is due to become part of the State Highway Department's right of way, in connection with widening and improving U.S. Highway 89 adjacent to our west boundary. Mrs. Brewer concludes Indians of the mission of Tumacacori undoubtedly used this area west of the mission church, but that the area does not contain buildings of the mission plant proper, or any exhibitable remains of historical importance. Cultural material salvaged from the work has been sorted and added to the study collections of the monument, and samples of certain materials have been sent away for chemical analyses. I am impressed with the care and thoroughness with which this exploratory work was conducted.



Publicity: On May 3 we received copies of a translation of Earl Jackson's article on Tumacacori National Monument, which appeared on the July, 1940 issue of Arizona Highways. Superintendent Jones, of San Juan National Historic Site, with permission of the author, had this translation done by Mr. Julio Marrero, of that area. The translation was published in "La Escuela", published by the Puerto Rican Insular Department of Education for use by 120,000 secondary school children.

Maintenance: A great deal of irrigating and weeding has been necessary this month. A large cottonwood at our north approach from the highway

was killed by a red fungus disease, and had to be taken out and destroyed. Completion of dead mesquite removal from the cemetery was effected. Repairs were made to the miniature of the mission church, which occupies our view room. A trap door for the pump house was made. A cut-off valve was installed in the water line leading to Residence No. 2, and another hydrant was added to the line in front of the same building. The fish pond received its thorough annual cleaning out, and a solution of copper sulphate was put in it, to keep moss and algae under control. Some permanent shelves were installed Residence No. 2. The leaky old "warehouse" roof was taken off, and half re-roofed. Through a slight error the superintendent had ordered only half enough corrugated roofing tin for the re-roofing job. Larvae of the Vidalia beetle were obtained from the Federal entomologist in Tucson, and applied to the Pyracantha tree in the patio garden which has been so badly infested with Cottony Cushion Scale.

Personnel: Seasonal Ranger James W. Shirley completed his last day of duty at this station at the close of April 28. His services were highly satisfactory.

General: Monument affairs are ticking along fine, except for our water system. Our pump simply is producing barely sufficient water, with no margin of safety, and with inadequate water pressure for other uses when requisite amount of watering is being done in dry weather. This lament will be taken up, sob by sob, in a separate communication.

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

May 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report 1ml, May 1951

There follows a narrative report of activities in this area.

VISITORS

1565 visitors in 539 cars. This compares favorably with 1365 in May 1950. There were 18 visitors in the uniforms of the Armed Forces. 100% of our 8-12, 1-5 visitors were contacted.

WEATHER

Two good showers have transformed the area from a lifeless brown tone into one of Spring green tone. While generally appreciated these are also the rains that produce the abundant growth of weeds in the ruin.

M. P. S. VISITORS

Archeologist Art White of Montezuma Well on the 27th, to use our sign shop.

Ranger Louis Kirk and family of Death Valley National Monument on the 4th.

Maintenance Joe and Lizzie Bean on the 5th and 6th.

Sgt. Ward L. Excell, formerly of Zion National Park, now in the U. S. Army, on the 6th.

Supt. John O. Cook of Montezuma Castle on the 17th.

Seasonal Ranger Bob Viklund of Walnut Canyon/Sunset Crater/Tonto-and-back-toSunset, on the 22rd.

Archeologists Pierson and White of Montezuma areas on the 23rd.

OTHER AGENCY VISITORS

Dr. and Mrs. T. A. Munns of Whipple V.A. on the 2nd.

Mr. Kenneth E. Kimball of Food and Drug Administration on the 7th.

REPORTWORTHY VISITORS

Manager Al Brown, accompanied by Mrs. Brown, of the Arizona Automobile Association, Phoenix, on the 19th on a get-acquainted tour of Northern Arizona to lend a tinge of authority to his work.

Mr. and Mrs. Taylor Marshall on May 23. Mr. Marshall, a good friend of the Service, is Director of the Desert Botanical Garden, Tempe.

ORGANIZED GROUPS

12 students from U.C.L.A. on a Spring vacation tour of Arizona, sponsored by the University Recreation Association, on April 29.

Class of 4 eighth graders with their teacher, from Woodruff, Arizona, on April 29.

5-6 grade pupils of the Humbolt, Arizona, School, 22 strong, on May 7.

22 Boy Scouts, Roosevelt Council Troop 5, Phoenix, on May 15.

RESEARCH AND OBSERVATION

A small King snake was captured on the 8th and preserved in rubbing alcohol.

PUBLICITY

Arizon Highway Magazine includes Tuzigoot in the excellent presentation of Southwestern Archeology.

An article in the Saturdaypost of May 28 entitled "Want to Buy a Ghost Town?" contains some excellent photographs of Jerome. While the article does not mention Tuzigoot it is felt that this national advertising will be felt in our visitor count. Copies of this magazine have been placed in the museum for public use.

ROADS AND TRAILS

The county blade smoothed up the entrance road on the 26th.

A single line sign reading VERDE RIVER was routed and will be mounted where the entrance road crosses that river.

A large two post sign was prepared for the fork one half mile west of the museum; to the standard 20" x 48" panel we added one 4" panel at the bottom reading "Clarkdale Dairy" (left hand arrow). This panel is attached by means of countersunk lag screws and is removable.

The numbered stakes for Tuzigoot Trail were sanded and painted a sand tan color with tile red numerals.

Six additional two post 20" x 48" panel roadside directional signs were mortised and assembled unrouted. (When we terminated our labor leadman we also terminated the free use of his router - so in a moment of weakness the Superintendent lugged out 60 of his own hard earned underpaid dollars for a new router to finish the above signs.)

IMPROVEMENTS

Excavation of the much broken sewer line was started on the 27th. Realignment and replacement started on May 8. It was determined that none of the old concrete pipe was reclaimable. 50 feet of vitrified tile was installed at the lower end. 88 feet of Bermico pipe was purchased and used to connect the top of the line to the vitrified tile section. A concrete junction box was constructed where the garage line comes into the Museum/Residence line. The new assembly is carrying sewage safely to the cesspool. Much work remains to be done to backfill the trench and haul away the old pipe and debris (much work but no money.)

The pale green bench on the museum porch was sawed down to normal size and painted Desert Sand color on the 10th.

The following painting was accomplished by the Superintendent mostly at night after an 8-hour day in the museum: kitchen walls and doors, Sunlite Yellow Washable Texolite; upper kitchen cabinets and wall shelves, yellow enamel; east and south walls of the living room, Pacific Blue Spred Satin Latex paint, west and north walls, Texolite Yellow; bathroom walls and ceiling, Texolite Yellow with door and wood trim Pacific Blue Latex. The wood trim and doors in the bedroom were painted Berkshire Green Spred Satin. The residence is now quite livable and gay.

Three single panel signs were routed and painted by the Superintendent on the 17th "Ranger On Duty" and to suppond to it "Rick Richert" and/or "Jimmie Brewer". The purpose of this introduction is to get better acquainted with our visitors on a person-to-person basis.

The oil burning space heater was dismantled in the residence and moved to storage in the museum storeroom on the 18th.

A break in the pipeline on the 17th was repaired by United Verde Utilities Co. at a nominal cost of only $6.71, much cheaper than we could do it.

The Superintendent excavated the trap in the water supply line 50 yards west of the museum on the 10th. The heavily rusted nuts were given several applications of penetrating oil. It is hoped that cleaning this trap may improve the taste and color of the water.

PERSONNEL

Superintendent Brewer was on annual leave 25th thru 29th,

Laborer Landman Wetherill was terminated on the 29th not for a lack of work, only because of exhaustion of funds.

Archeologist Richert was off duty and on annual leave from the 30th to the 18th.

Obviously this was a one man area most of the month.

J. W. Brewer, Jr.

J. W. Brewer, Jr.,

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

May 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly report, May, 1951

Visitors this month, 1024; travel year to date, 9815.

Weather Balmy spring weather prevailed with some hat-loosening winds and three days of very welcome snow that did much to relieve the dry condition of the forest. Recorded precipitation totaled .61 inches from 12 inches of snow.

Special Activities The Superintendent attended an F.B.I. school in Flagstaff for three days this month.

Maintenance General spring cleanup kept the force busy most of the month. The entrance signs along Highway 66 were re-oiled and re-painted. Also the directional signs between Highway 66 and the monument. New water buckets were installed at each of the picnic fireplaces. A new cover for the coal hole at Residence No. 1 was installed. This also forms a step at the back door.

Approaches to the Area Taking advantage of the moisture, the county grader worked over the approach road and spread cinders on some of the worst washboards. The county grader also made one quick pass over our entrance road on the 18th.

Interpretive Service There were 1,511 people in 528 parties contacted. Contact time averaged 11 minutes per party. Interpretive signs noting walnut trees, one-seeded juniper, Gambel's oak, and fern bush were set out. The sign for walnut was placed in the canyon and the others near the museum or between there and the parking area.

On May 7 Ranger Spangle conducted a tour of 28 3rd. grade pupils from Flagstaff around the trail.

MAY 1951
RECEIVED
National Park Service
Region Three
Office

Travel and Use There were 1824 visitors in 643 parties here during the month. The total for the travel year now stands at 9816. There was an increase of 55 visitors or 3% over last month and an increase of 124 visitors or 7% above the same month last year. Forty-four states, 3 provinces of Canada, England, S. Africa, Holland, Sweden, Hawaii, and Alaska were represented during the month.

Of the total visitors, 14 were armed forces personnel. 149 people in 32 parties used the picnic facilities including 20 members of the A.S.C. Religious Council and 35 members of the A.S.C. Social Science Club.

Research and Observations Deer have been seen nearly every morning going to a local stock tank for water. Herds of antelope up to 25 in number have been seen between the monument and Flagstaff. On the 6th a porcupine was seen in the bottom of the canyon east of the Island. Two turkey hens, one broad-tailed hummer, and a Scot's oriole have been noted.

Spring flowers made a nice showing after the two snows. Paintbrush and various kinds of mustards are quite profuse. The broad-leafed yucca and Englemann's hedgehog cactus has also blossomed.

Forest Fire Protection A metal fire tool cache was received from the Forest Service for placing on the south rim of the canyon.

Ranger Spangle attended a two-day forest fire fighting school at Happy Jack under the auspecies of the Coconino National Forest.

Building Fire Protection All the foam and soda-acid extinguishers and most of the carbontetrachloride extinguishers were tested and filled.

Visitors John Barr - Temporary ranger - Petrified Forest
Lewis Kirk and family - Ranger - Death Valley
Bob Viklund - Temporary Ranger - Sunset Crater
J. Aubuchon - Superintendent - Navujo
Art White - Archaeologist - Montezuma Well
Earl Worthington and family - Ranger - Arches
Ranger Blaok on way to Grand Canyon from Carlsbad
Ed Cata and Clarence Howell - Indial Service - Gallup.

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Monthly Narrative, Report No. 1n1

MAY TRAVEL, 1951	TRAVEL YEAR TO DATE
Visitors, 14,698 Cars, 3,230	Visitors, 92,556 Cars, 22,414

GENERAL

May falls back into the black and registers as our best May since any records have been kept. Late, heavy winds have prevailed during the month and, undoubtedly, cut into our attendance. One Sunday we had to close the area to traffic at about 5:00 P.M. due to lack of visibility and, too, drifted sand has making some points on our road a little treacherous.

This is the first time in over twelve years that our area was closed due to poor visibility. Not too many people were inconvenienced, however, because even the highways had little travel. Summer has made itself felt with a high of 95° on 5-20-51, and just to add variety, winter bade farewell on the 5-1-51, with a low of 38°.

INSPECTIONS

Tom Vint of the Washington Office, accompanied by Gen'l. Superintendent John Davis, Ralph Lassiter and Jerry Miller of our Regional Office, were in for a look at our area on April 30. We also visited Dog Canyon for a close check on our springs in that area.

INSPECTIONS - Cont'd

Attention was also given to our picnic area, parking problems, and other matters. It has been a long time since we had seen Tom Vint and we were glad to have him in the area again. Our Regional man we get to see once in a while.

SPECIAL ACTIVITIES

Several group picnics, many senior class groups, and a "Ham" radio convention added to our large attendance. School groups from Colorado, Kansas, Texas, Oklahoma and New Mexico were in.

PUBLICITY

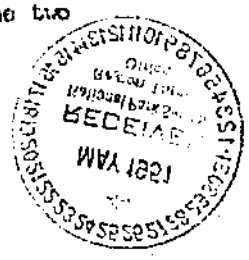
If some of the static heard from some of the "Ham" nets is any indication of the publicity we received this month, I can't vouch for it because what I heard I could not understand at all. But the amateurs seemed to have little trouble, so I guess it is all a matter of having an ear for short wave.

COMPLAINTS

No complaints were received on our area other than through the medium of short wave. One operator was complaining on the air about a charge, etc., and another operator at the gate cut in and said a ranger at his set would be glad to explain if the man wished to know why and he went off the air, so I guess he was just testing.

MAINTENANCE

Heavy winds have made our road work a little heavy, especially for this time of the year. Heavy attendance, of course, had made our clean-up especially heavy. One clean-up job consisted of removing the remains of two newly repaired tables and parts of two shades. From all appearances, it was just a wild party, judging from the beer cans, whiskey bottles, trucks, etc. But no clues have shown up to enable us to check.



Several parties were in but we could not get any information that has helped so far. We just removed a part of one shade, rebuilt the other, and the tables were replaced. Actual loss in replacing would run well over $100.00 but, unless we happen on to the guilty party, I guess it is our loss.

NEW CONSTRUCTION

We have waited a long time to report the completion of our new domestic water system at our headquarters area. Our old line, installed in 1936, was rotten, rusted through, and repair was impossible. We lived in constant fear of a major break, but luck was with us, and we finally got our new 3" transite line installed. One joint of pipe was cracked and had to be replaced, but other than that and minor connection troubles, all went well.

INCREASE OR DECREASE IN TRAVEL

Our increase in travel, amounting to 1,205 people and 295 cars, fits in nicely with our ten thousand increase for the travel year to date. At our present gain we will hit the two hundred thousand mark for the year.

VISITORS

Tom Vint, of the Washington Office
John Davis, of the Regional Office
Ralph Lassiter, of the Regional Office
Jerry Miller, of the Regional Office
Eric Reed, of the Regional Office
Jesse Buchsbaum, of the Regional Office

Mrs. Reed was with Eric and we were glad he brough her along. Several scientists were in, either going to or coming from the El Paso meet.

RANGER SERVICE

All hands at White Sands can qualify now as transite pipe men. Mr. Sloo from Johns-Manville was in to help and then Otis and Dan took over. Harold and Otis gained some valuable experience on transite and cast iron connections. Too, Harold can almost qualify as an expert draftsman, in that we are attempting to actually locate on our Master Plan all utilities, their routing, etc.

Our ditcher cut through our electric cable twice because it was so distant from the location as shown and, while we actually know where most of these lines are now, we are recording the information. Dan is making plans for attending Fire School at Zion and Bryce and following that he plans a few days in Coolidge to keep from losing some time before June 30.

ACCIDENTS

Sunday, a week ago, a couple of Holloman Air Force Base boys were riding on the fenders of a Ford Pickup when the driver of the car turned about abruptly, throwing the boys from the fenders. One of them suffered a bruised ankle and the other one was badly bruised and suffered a slight concussion.

An ambulance came out and took the airmen to Holloman hospital. The last I heard no complications were suffered and it was thought time would heal all wounds.

PERSONNEL

We are very sorry to report the resignation of Frank Cota, our Clerk for the past couple of years. Frank's and Toni's little Cindy requires medical attention best found in Tucson and will be a long time getting back to normal.

In view of this requirement, Frank feels forced to resign and seek employment in Tucson. We are all sorry to lose Frank and Toni and our very best wishes accompany them always.

Frank has served the Service well and I had high hopes for a brilliant future for him in the National Park Service. We are awaiting the register from the Civil Service with a list of names from which to choose his successor.

Johnwill Faris.

Johnwill Faris,
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

May 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report, May 1951

Weather: Most of the month was cloudy with cool and windy weather. It looked like winter was arriving a little late this year with 1 inch of snow on the ground the morning of May 15. We got some much needed moisture for a total precipitation of .95 inches for the month. Snow and rain for a total of .81 inches fell in one day on May 15. Minimum for the month was 32 degrees on May 15 with a maximum of 96 degrees on May 26. High winds dried everything out quite a bit the latter part of the month.

Maintenance: With quite a bit of moisture it was possible to blade the entire Wupatki-Sunset Crater loop road and it is in good condition at p present. Clay plating is being done now from Doney Mountain to Wupatki and then work will be started on plating bad holes in the cinders near Sunset Crater. Rocky places were covered on both sides of the Citadel.

The entire roof on the catchment tank at Heiser caved in filling the tank with cinders, timbers and other debris. The old roof had about 1 foot of dirt on top of the planking. A new roof was put on May 9 and just an inch of dirt sprinkled over the tarpaper. The water line had been in bad shape with no pressure for some time so with all the debris in the lines we replaced the old line with 180 feet of 2 inch pipe and 60 feet of 3/4 inch. The pressure loss could be understood when examing the old pipe. The pipe itself was not bad but every coupling, elbow or valve was almost completely closed up to a hole about the size of a pencil. This job completed on May 16 has more then doubled the pressure in the residences at Heiser.

The old light plant building at Heiser was removed before the wind removed what was left of it and a larger building that was obtained from Walnut Canyon put in its place. There is quite a bit more room to move around in and get at the motor to service it.

Some time was spent on removing the plywood from the inside of the old CCC building.

Interpretive Services: At Wupatki 465 visitors in 178 parties were contacted for an average of 18 minutes per party and a total of 54 hours.

Travel: Travel figures showed a slight decrease at Wupatki of only 10 people for the month. The weather had a lot to do with it with 2 snow storms and cold and quite a few windy days. Twenty cars in one day is still the most we have had. The large decrease at Sunset Crater is due partly to the bad weather and partly due to the fact we had a man on duty the entire month this year. Last year the travel for may was taken from the register and then a certain percent added for non-registrants. It looks from the actual count as if we are going to have to revise our percent of non-registrants and perhaps cut it down quite a bit. Looks like more people are registering then we think.

The month of May showed a total of 295 cars and 752 people. This is 89 cars more and 10 people less then May last year. Travel for the year still shows an increase.

Visitors:

5/1 Park Ranger Louis Kirk and family, Death Valley Nat'l Mon.
5/18 Mr. A.C.Thuring and wife, Park Engineer, Mt. Rainier N.P.
5/20 Mr. A. D. Brodie and wife, Currator of Art, Museum of Northern Arizona.
5/21 Dr. & Mrs. R. Francois, Lyon, France
5/25 Mr. Ed Cata, Indian Service, Gallup, New Mexico
5/25 Mr. Clarence Howell, Indian Service, Gallup, New Mexico
5/26 Mr. Dana Parkinson, Chief of Division of Information, United State Forest Service, Washington, D.C.
5/26 Mr. Clint Davis, Director of Forest Fire Prevention, U.S.F.S. Washington, D.C.
5/26 Mr. Slim Hansen, Chief Division of Information, Region three U.S.F.S., Albuquerque, New Mexico

Research and Observations: One eagle was seen out near the Citadel. A coyote, bobcat and six sandtailed pigeons were seen in the area.

A visitor reported seeing 15 Abert squirrels in one group just out of the boundary on the North-east corner of Sunset Crater.

A Scott's Oriole was noted around the Superintendent's house.

Ranger Service: Superintendent Brusek made a trip to Sunset Crater May 22 and spent the day going over the area, taking a trip into Bonito Park and Oleary Park, going over the Lava Flow Nature Trail and in general just getting better acquainted with the area with Park Ranger Viklund doing the guiding.

Wupatki National Monument

Park Ranger James R. Walker was on sick leave from April 24 to 28th inc.

Two near accidents were noted but never reported to us. The one side of the gate near the earth cracks got in the way of a fast moving car, tearing out the post and short section of fence. Broken headlight glass was scattered around. At Sunset Crater, two of the very large lava boulders used for a guard rail along the Bonito Lava Flow were knocked off the road and down onto the flow. Tire tracks were noted hugging the edge and it looked as if the boulders help them bounce back on the road. If the boulders hadn't been there we would have had a bad accident. They will be replaced and we hope will help to keep the next person from going over the edge.

Building Fire Protection: Ranger Walker has checked and refilled all the extinguishers over the area.

Spring Flow: Wupatki spring has suddenly taken a downward trend even with all the rain, while Heiser has shown a slight increase.

Wupatki Spring 360 GPD
Heiser Spring 2180 GPD

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAVELSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLACE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKS AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; TOTAL ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND GIVEN AWAY.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME
TITLE Clyde A. Maxey, Ranger

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC WHEN CITING TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE OR TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR FURNISHED BY SERVICE PERSONNEL OUTSIDE THE AREA.

MAY 1951 RECEIVED National Park Service

INSTRUCTIONS FOR FILLING IN THE FORM

NAME Fred W. Binnewies
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

MAY 1951 RECEIVED National Park Service

EXPLANATION OF ITEMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETIVE
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND MODES, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL USERS OF EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED BY PARK SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES ARE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, DEVICE, ETC. TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKS AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN ABOVE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; WITH ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE SERVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR DISTRIBUTED.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. ATTACH COPY TO NARRATIVE REPORT. SEND ONE COPY TO REGIONAL OFFICE WITH MONTHLY NARRATIVE REPORTS. SEND OTHER COPIES AS INDICATED. AREA SEPARATE REPORT WITH COPIES FOR CORRESPONDING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DUE THE 10TH OF EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 75, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Edward N. Wright
TITLE Superintendent

MAY 1951
RE
National

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKERS STATIONED OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATTER, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RESULT A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR MAILED.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M2) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME Homer J. Kerr
TITLE Ranger

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIALS OR EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM WILL NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLACE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND DONATED.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN COPIES IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COOPERATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME A. T. Bicknell
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE SERVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, ZOO, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE SERVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATION, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FROM WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS PLACE, THE INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. FIGURE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN CARBONS IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE NOT EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Clair V. Cook
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR AT AN INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, LECTURE ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING ENTRANCE OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL TRAILSIDE EXHIBITS, SELF-GUIDING NATURAL TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR FURNISHED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. ALSO TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY ARE NOT TO BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATIVE SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DUE THE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Irving McNeil, Jr.
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATION, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE EXHIBITS, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PARTICIPATED IN BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES ARE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLACE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY ARE NOT TO BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME AND NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DUE THE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

MAY 1951 RECEIVED National Park Service Region Two Office

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing information rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and rates, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Natural areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, museum collections, etc.). Count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and rates, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside museums, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service Personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using an interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Due due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

NAME JOHN O. COOK
TITLE Superintendent

15 26217822 (illegible) MAY 1951 RECEIVED National Park Service (illegible)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE USE MADE OF USING EXHIBITS-in-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM WILL NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PRESENTED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY ARE NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN COPIES IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DUE THE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
It is estimated that visitors spend 30 minutes observing the natural history exhibits on the Cactus Forest Trail.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, museum collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing information rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside signs, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historic areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using an interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Reports are due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME
TITLE **Superintendent**

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATION, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MEDIA, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM WILL NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. ALSO TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; PAID ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR GIVEN.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATION, SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

~~Contact and museum open daily from 8:00 A.M. to~~ 5:00 P. M.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside [illegible] Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes of travel, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside museums, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be shown.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of stations and devices open to the public. The number of days the stations and devices were available should be shown under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please fill in this column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a figure considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Reports are due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8a1) and 9 (Report 9m3).

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC HERE AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATION, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PREPARED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. ALSO TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY MAY NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN OFFICIAL COPY IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. ARCHES NATIONAL MONUMENT
MOAB, UTAH

June 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Narrative Report for the month of June, 1951

WEATHER: Although we received no measurable amount of precipitation temperatures have been exceptionally low for the month of June.

TRAVEL: During the unusually cool weather 2794 people visited the area in 872 cars. Thirty-eight states, District of Columbia, and seven foreign countries were represented. An increase of 51 % over the same period last year is noted.

INTERPRETIVE SERVICE: Of the 2794 visitors 917 were contacted in the monument and 330 at headquarters. The Cove Nature Trail was used by an estimated 640 visitors and 658 stopped at the Wayside Exhibit. Many comments expressing appreciation of these two interpretive devices appear on the register. Fourteen guided tours were made with a total attendance of 139 people. Ranger Worthington gave 17 illustrated talks while on annual leave and after hours at his residence with a total attendance of 330 people.

PUBLICITY: A permit to film motion pictures was issued to The Universal Motion Picture Company. They started filming "Battle of Apache Pass" on June 21, using locations at Fisher Towers on the Colorado and at the Sand Flats East of Moab. Their present plans are to film in the monument around the first of July. This picture, being made in technicolor should give this area a great deal of publicity.

NPS VISITORS: General Superintendent, John M. Davis, May 29
Landscape Architect, Carl W. Allaman, June 24
Hugh M. Miller, Assistant Regional Director, June 1
Harold M. Ratcliff, Forrester, June 1.

PERSONNEL: Howard M. Williams entered on duty as Seasonal Ranger June 24. Ranger Worthington returned from two weeks annual leave May 31.

ROADS: Due to the lack of funds during the first part of the report period and no moisture, Maintenanceman Winbourn has only been able to do shale plating work on the monument roads; however they are in fair condition.

APPROACH ROADS: Because of the possible motion picture filming in the area the State Highway Department plans to do extensive shale plating on Route #33.

PROTECTION: A case of theft was reported on June 25 by a visitor whose car was broken into and a purse stolen. The window of the car, parked at the Windows Section, was broken and a purse containing $6.00 was taken from the front seatwhile the owners were making a tour to Double Arch. We received the report two hours after the theft was discovered and were unable to get any description of cars or people who were in that area at the time the crime could have been committed. Consequently we were unable to do much of anything except make a report to the local authorities.

EQUIPMENT: One army surplus truck was sold on invitation bid to Robertson Brothers, Moab, the successful bidders.

24 June 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Report 1n1, Superintendent's Monthly Narrative

WEATHER: Excellent weather for the visiting public, with generally clear and warm days. No precipitation.

MAINTENANCE: Repair to the great kiva roof is under way by the laying of heavy felt paper.

Ruins stabilization continues under the direction of Raymond Rixey, Archeologist Aide. The excavation of the south wall is 7/8 completed with numerous interesting features having been uncovered, viz: sunken earthen, storage jar and several grinding bins in place. A special report by Rixey is forwarded on the subject.

APPROACHES TO PARK AREA: The state highway crew has repaired several holes and a poor stretch of road between the town of Aztec and the Monument.

INTERPRETIVE SERVICE: There were 2,191 visitors in 250 parties conducted thru the ruins and 3223 visitors in 570 parties shown thru the museum.

MUSEUM ACTIVITIES AND EXHIBITS: We are replacing the museum case signs with new labels of neater design. One case has been completed and we hope by the close of the year to have the job completed.

RESEARCH AND OBSERVATION: Blue Gross Beaks nesting here again this year are currently instructing their young in the art of flight. Rough winged swallows are nesting in the ruins and numerous nests of Bullocks Orioles and Long Tailed Chats are on the Monument.

Increase In Travel: There were 3,223 visitors in 965 cars from 43 states, Wash D.C., Alaska, Canada, England, Germany and India. This is an approximate 32% increase over the same period last year, which itself was 5% ahead of the previous year.

RANGER FORCE: Frank W. Eddy entered on duty as temporary ranger, June 6. Frank is a senior student in anthropology at the University of New Mexico. Ranger Clyde A. Maxey and Miss Barbara Ann Giauque were married June 17. Barbara is employed by the NPS

Rocky Mountain National Park. She is a graduate of School of Forestry, Ft Collins, Colorado as was ranger Maxey. They both worked together at Rocky Mt and are currently spending a short honey moon in that vicinity.

VISITORS: Jess Lombard visited May 26 and John Davis on the 28th. Barbara Knapp, USGS, Washington D.C. visited on May 30 and Katherine Corbin, State Healthe Department, Santa Fe was in on June 13. We had a group of 18 Boy Scouts from Gallup, N.M. in June 17.

During July we hope to continue our ruins stabilization and excavation, also to fully repair the great kiva roof cover.

Irving D. Townsend
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

June 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for June, 1951

Weather

The weather during the entire month continued to be very hot and dry. Temperatures reached the 90s every day from 15th on with a high of 98 degrees on the 17th and 18th. A short thunderstorm gave us .07 inches of moisture on the 21st, but this was hardly enough to settle the dust.

The fire danger reached emergency conditions the latter part of the month and the Rito de los Frijoles had dried up as far as the campground.

Special Activities

A group of Regional Office employees who do not usually get out to field areas came to Bandelier on June 6 as part of the In-Service Training program. They were given a brief insight into all phases of the operation of an area, including a discussion of the master plan, organization, interpretation, protection, concessions, and maintenance.

Four IN-Service training meetings were held for the temporary rangers which included a tour to the Otowi section and to the San Miguel lookout, and discussions of Service objectives and policies, archeology, and protection.

Inspections

Messrs. Burns Downey and Wilson George from the Washington Office and Regional Chief of Concessions Management, Kochler, made an inspection of the concessions operation on June 3. They were particularly interested in rates, but also became more familier with the physical plant.

Regional Forester Carlson and Forester Dodd from the Washington Office made a short visit to the area on June 16. It was Mr. Dodd's first visit here.

Messrs. Moran and Carter inspected the road oiling jo b on the 14th, and Messrs. Smith and Carter made another inspection of the oiling on the 19th.

Maintenance

Maintenanceman Valencia was gone most of the month to haul four house trailers, that had been acquired at Ft. Sumner, New Mexico for the Southwestern Monuments, to various areas.

The floors of the comfort stations were painted which generally improved their appearance.

Roads and Trails

The approach road was in a deplorable condition by the last of the month, due to extreme dryness. The maintenance crew hauled water to wet down the dust pockets and holes and filled them as well as they could with clay and gravel. The operator general graded the road which improved it to some extent, but it will remain rough and dusty until some moisture is received.

The ruins trails were given a dust palliative treatment of Corvus oil. The oil is non-staining and makes walking on the trails much more pleasant for the visitors.

The ro ad from the checking station to the end of the paving leading in to Frijoles Canyon was given a dust palliative treatment of Mc-1 and 100-120 oil. In spite of watering and rolling the road prio r to oiling, there are numerous soft spots that will require additional treatment.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

The [illegible] on that section of Highway 4 from TA-33 to the west gate of Los Alamos, that is being constructed by the AEC, is nearing completion, and the oiling may start next month. The construction of this road caused a change at our checking station from a Y to a single entrance.

Concessions

A check was made with the concessioner on rates charged for food, to be sure prices conform to approved rates.

The concessioner reported better business at the lodge this month than for June last year. There were 217 guests and 268 lodgings as compared with 192 guests and 229 lodgings last year.

Interpretive Service

A total of 3314 visitors were conducted through the ruins on 181 tours, as compared with 3204 visitors for June, 1950.

The evening lectures were started on June 22 and six were given with a total attendance of 120 visitors.

Travel

In spite of the hot, dry weather, travel continued to increase, although there were considerable fewer visitors on the 24th than on other Sundays of the month. A total of 8098 visitors came to the area compared with 7828 for June of last year. We hesitate to add that this is the most travel for June on record since nearly every month exceeds the travel for the corresponding month in previous years.

Visitors

A group, including Mr. Gore, vice-president of the Metropolitan Life Insurance Co., Mr. and Mrs. Bean, City Manager of Grand Rapids, Michigan, Mr. Babcock, real estate consultant, Washington, D.C., and Mr. Johnson, Atomic Energy Commission, Washington, D.C., visited the area on June 7.

Mr. K. C. Kartchner, Assistant Regional Director of the Fish and Wildlife Service, Albuquerque, New Mexico, visited the ruins on the 10th.

BUY DEFENSE BONDS
BUY UNITED STATES SAVINGS BONDS

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

42 members of the Presbyterian Seminary under the direction of Reverend Orr, Albuquerque, New Mexico, visited the ruins on the 25th.

32 teachers from the eastern and southern states on their way to the National Education Association convention visited the ruins on the 2.th.

Capt. Edward P. Gaston, Field director for the National Commission for Preserving Historic Places, was a visitor on the 26th. Mr. Gaston is at present working on a project to have the remains of Adolph Bandelier removed from Spain and reinterred in Frijoles Canyon.

Rangor Service

Lee Correll, Albuquerque, New Mexico, and Frank Plattenberg, Albion, Michigan, were entered on duty as temporary rangers this month.

Forest Fire Presuppression

The fire danger was unusually high during most of the month and by the last week was considered to have reached emergency conditions.

Two emergency fire control aides were put on duty to give additional protection until the emergency is over. No fires occurred in the area, but several very large fires were burning at various locations throughout the state. The entire Monument was closed to smoking and campfires except for the regular campground and headquarters area.

A two day fire training conference was held for all Service and concession employees on the 14th and 15th.

Ranger Jack Turney attended the Regional Fire Control Conference at Bryce Canyon from June 4 to 8.

Insects and Tree Diseases

The aerial spraying for the control of tent caterpillars that was undertaken the last of May has proved to be very effective. No tents have been observed in the sprayed area although there is a considerable infestation in the Otowi section of the Monument.

Fred W. Binnewies
Superintendent

BUY UNITED STATES DEFENSE SAVINGS BONDS

Canyon de Chelly National Monument
Chinle, Arizona

June 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for June, 1951

Visitor Travel: A very sharp increase in travel - 779 people this month compared with 440 for the same period last year, or an increase of 77 plus per cent. Also, the current travel year is 41 per cent over that of 1950. June visitors arrived in 245 cars. Guide and [illegible]mont service totaled 115 hours, and 15 minutes. 184 overnight [illegible]ers used our new campground facilities.

Weather: Extremely dry. No precipitation of any nature during the month, and as a result only four-wheel drive vehicles can make the trip into the canyon. High-low temperatures ranged from 95 to 55.

Roads: All approach roads, including the one through Saw Mill, are in good condition. Recent bladings by the County Highway helped materially.

Project Programs: Rehabilitation of Buildings Project No. CDC-231.04, alterations to Superintendent's Residence, completed during the month and necessary completion forms submitted.

Due, apparently to the critical shortage of steel our seven tons of wire, necessary for the completion of the Water Shed S & M. Program, has not as yet arrived. Also, Roads and Trails Programs were completed during the past 30 days.

Signs: New, large and attractive directional signs were made and placed throughout the entire monument traveled area. Much favorable comment is being received due to these added facilities.

Special Group: 17 members of boy scout troop No. 55 from Holbrook, Arizona, on June 2 - 3. All camped at Spider Rock campground area.

Noteworthy Visitor: Fred Gurley, President Santa Fe Railways, on June 10-11-12-13.

N.P.S. Visitors: Paul Balch on June 5-6-7-8-9. Les Arnberger and Family on June 23-24-25, and Dan Black, Ranger Grand Canyon N.P. on June 25-26.

Canyon de Chelly National Monument
Chinle, Arizona.

June 26, 1951

Con't. from page 1.

Concession: Due to greatly increased number of reservations the Thunderbird Ranch Concessioner is booked solid through the remainder of the current travel year. Present housing facilities should be at least doubled to handle visitors seeking overnight accommodations.

Maint. & Adm: The gas engine at the pump house was completely overhauled for summer pumping. Water usage for stock consumption, concession needs, etc, is heavy, about 10,000 gallons per day.

Six days of annual leave were taken by Ranger Morris.

General cleanup of grounds continues as time permits.

Everett W. Bright
Superintendent.

UNITED STATES

NATIONAL PARK SERVICE

Capulin Mountain NATIONAL MONUMENT

Capulin, New Mexico

June 25, 19 51

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report:

Visitors: Five thousand and forty visitors registered on top of the Volcano this month. (More than twice as many as last year). This makes a total of twelve thousand and ninety for the travel year, and thirty one thousand, two hundred and ninety for the fiscal year.

Weather: We have had two half inch rains during the month, between the first and fifth. Since that date have had high winds and very dry weather.

Flora and Fauna: Am expecting the largest crop of wild cherries and gooseberries for many years. Some wild flowers, but not as many as usual, due probably to the late spring. All wildlife in the Monument area is in good condition as usual.

Roads and Trails: Roads are in good condition, and have had maintenance work two days during the month.

The trails have proved very popular since we inaugurated the Crater Rim Trail pamphlet, which have induced many more tourists to "Hit the trail" than before.

Special Visitors: A group of 41 students from the Kansas State School of Geology, of Lawrence, Kansas, and accompanied by Dr. Thomas made their annual visit to the Volcano last week.

Information Pamphlets: Twenty pamphlets have been mailed to different parts of the country, and about 4,000 have been handed out to visitors during the month. Now have about 12,426 pamphlets on hand.

Respectfully,

Homer J. Farr
Ranger

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

June 25,1951

Memorandum

To: General Superintendent,SWNM

From: Superintendent,Casa Grande

Subject: Monthly Narrative Report for June 1951.

General: The past two years we have been reporting that the drouth condition in Arizona is serious; this month we can change that to extremely serious. We quote,in part, from two articles published in the Arizona Republic.

A new electronic measuring device is telling Arizona farmers that the big groundwater reservoirs are about empty. Designation of 460,000 acres of Pinal County land as a critical area will do little to slow down depletion of underground water. R.W.Lane,Arizona state land commissioner, states there 395 notices of intention to sink new wells,on file in his office at this time. At present there are 539 wells functioning in the Gila and Santa-Cruz river groundwater basin. Testimony at a public hearing held at Casa Grande showed that in the Stanfield Maricopa district of the basin underground water is being pumped out at a rate 37 times that of annual replenishment.

A strong underground water code,like any other restrictive law, can come only when people understand the danger and want to have uniform restraints imposed on the whole community.

Samuel F. Turner,district engineer for the U.S. Geological Survey, believes that time is near.

Salt River Valley Water Users Association and individual farmers are realizing that drilling their wells deeper is not increasing production. In some cases production has continued to drop as much as 50 per cent.

" There are quite a few crops of cotton in Arizona this year that are not going to be harvested ," Turner declared.

Vacation time is here. Maintenanceman Rudloph Mack returned from annual leave on June 21. Archeologist Jameson left June 20, to vacation in Salt Lake City. He will return July 21. Ranger Clancy and family spent three days visiting with the Cooks at Montezuma Castle.

Casa Grande has reason to be proud of their two fold booklet. Last week a couple from Ohio drove up in a cloud of dust, parked their car signed the visitor register and started to leave. When asked by the Ranger if they would like to make a trip through the ruins he was told there was no need to waste all that time as they had read our booklet and knew all there was to know about the place.

Weather: The weather this month has been very normal. Hot days and cool nights. We expected no rain and sure enough we had none.

Highest Maximum this month	116
Lowest minimum this month	46
Total rainfall this month	0

Visitors: As usual travel during the summer months has been slow, although we have had visitors from all except three of the forty eight states and several foreign counties.

Visitors during June, 1950 ----	1706
Visitors during June, 1951------	2633
Increase for the month	927
Increase for the travel year-----	3978
Servicemen during the month	38

Interpretive Service: A total of 1,260 people saw the "ruins" in 188 groups, averaging 47.8 minutes per trip. There were 1,363 visitors who made a brief stop and did not see the "ruins" we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

May 25,1951 -- 24 students from the Douglas, Arizona Hi-School.

May 31,1951 -- Dale S. King SWNM. Naturalist

June 24,1951---- 18 Air Cadets from Davis-Monson Air Base,Tucson.

Administration and Protection: There were six requests for information this month, all were answered the day received. The Adamsville site was checked and found to be in good order.

Maintenance: About 80% of the signs in the area have been painted and relettered. This has developed into quite a project as all the old paint had to be scraped from the letters before a satisfactory job could be done. This work will continue during the coming month. Painting of the Jameson residence is being done while they are on annual leave.

Library: We received our copy of " Steve Mather of the National Parks" a book the entire Monument personnel enjoyed very much.

Wildflowers and Cactii: Even the most hardy of our desert plants are beginning to show the effects of the drouth, however one good rain will put them back in business again.

Wildlife: A few Western Red Racers have move into the ruin, but to date have had no startling effect on the visitors.

A. T. Bicknell
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

June 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of June, 1951

Weather Conditions

The severe drought continues and efforts of rainmakers have proved fruitless in causing any precipitation in this vicinity. Not even a trace of moisture was recorded during June. Hot, windy weather has prevailed thruout the month. Maximum temperatures were mostly above 85 with a high of 94 degrees. The minimum temperature was 31 degrees.

Administration

All administrative work that comes with the end of each fiscal year has been kept fairly current in spite of pressure of other duties.

Park ranger Elmore returned to duty on June 19th and WAE Guido Williams was terminated and rehired as Laborer foreman.

Maintenance

Much work was accomplished during the month. The road at the top of the big hill was surfaced with gravel and general repair was made to other spots to the extent of available funds. Trails were cleaned and repaired around the office and to Pueblo Bonito. A parking area and self-guiding trail was made around the B.C. sites and to Casa Rinconada. The Well at the old CCC site was completely cleaned of years accumulation of trash, blowsand and decayed matter. A pump was kept operating continually and after completely cleaning it out and scrubbing down the sides a new temporary roof was installed and it was well chlorinated. The balance of the pipe was dug and the greater part of the trenches have been re-filled. The University well was also cleaned and the rock walls strengthened. A new roof was constructed and a motor overhauled and installed. It was also necessary to repair the covering of the Cess pool at the Superintendents residence. The balance of our directional signs are ready for installation.

Travel

In spite of the extremely dry and hot weather and poor road conditions there has been an increase over previous years travel. With only two men on duty there are only three days each week when any time is available for one man to spend on any other activity.

Interpretive Services

A total of 79 hours was spent in conducting 279 visitors thru Pueblo Bonito and in museum contacts. Our museum and orientation contacts totaled 157 with whom 13 hours were spent.

Visitors:

Mrs. Frederick E Hyde of New York City, Widow of one of the brothers who financed the Hyde Exploring Expedition who first excavated ruins in Chaco Canyon.

N.P.S. Visitors

Mr. and Mrs. Don Black, Ranger, North rim, Grand Canyon.

General

Mr. Thomas W. Mathews, former park ranger at Chaco Canyon has returned and entered on duty with the Mobile Unit. The family of Archeologist Vivian has also returned for the summer months.

The Superintendent with the assistance of Gordon Vivian held a "Sing" and watermelon feed for a group of local Navajo boys. There were around 35 attended and some fine recordings were made of various chants and songs. I recorded a number of solos and was also fortunate in getting a chorus of navajo women to record many songs also.

Meredith M. Guillet
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

June 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

Following is a report of activities at Chiricahua for the month of June.

Weather. Weather has remained very dry. One dry lightning storm started a number of fires on the National Forest south of the monument, but we have received no rain and no fires.

Inspections. An inspection of the monument was made by Forester Carlson and Forester Dodd of the Washington Office. Forestry matters were discussed with the superintendent and a trip was made to Sugar Loaf Lookout with Ranger Gaynard.

Naturalist Dale King made a brief stop at Chiricahua, May 28, and discussed nature trail possibilities.

Landscape Architect Marsh spent June 13 and 14 at Chiricahua in connection with bringing the master plan up to date.

Forester Ratcliff conducted a two day fire school at Chiricahua on June 18 and 19.

Plans, Maps and Surveys. Landscape Architect Marsh spent two days on the monument and with the assistance of the superintendent, brought the master plan maps up to date and made plans for additional campground sites.

Approaches to Monument. Approach roads are in fair shape except the dust on the three dirt and gravel roads.

Concessioners. The only concession at Chiricahua is the saddle horse concession which is doing a small business. For meals, Chiricahua visitors have to depend on the Silver Spur Ranch or their own resources. Campground use has been heavy and considerable use has been made of the light housekeeping appartments at Faraway Ranch. While Faraway Ranch does not serve meals, they are keeping a supply of staple groceries on hand so that people who wish to stay over for a day or two can get by in their

housekeeping rooms even though they, the visitors, are not equipped with groceries, cooking utinsils, or bedding.

Cooperating Governmental Agencies. Ranger Urban Post, the new district forest ranger at Portal, Arizona has called at the monument twice and full cooperation in fire protection has been assured between the local Forest Service and the monument force.

Interpretive Service. 1597 visitors were contacted in the museum in 396 parties. Four conducted hikes were taken with a total of 34 visitors, taking a total of 4 hours time for the monument personnel.

Museum Activities and Exhibits. Temporary Ranger Anderson has been working hard, as time permits, on the identification of our collection of bugs, butterflies, and moths which have been on exhibition in the museum for some time.

Travel. 1737 visitors were recorded at Chiricahua the past month This is 41 more than May of last year still leaves us 830 behind last travel year at this date. The only way that we can account for this loss in travel is on the theory that people are saving their cars and tires and do not like to get off of the unsurfaced roads. Our travel so far this year is 11,258. Campground use continues to be good. 172 extra visitor days were recorded for the campground with 1266 extra for the travel year to date. This use is running about 50% ahead of last year. Visitors made use of the Faraway Ranch light housekeeping rooms to the extent of 81 additional visitor days, and of the Silver Spur Ranch for 21 additional visitor days.

Visitors. Fettin A. Kinincuoglu, Karsijaka, Izmir, Turkey, a road engineer who is studying road building in this country, visited the monument in company with an Arizona State road man.

Ranger Service. Alan M. Anderson began work as temporary ranger June 5. Mr. Anderson worked at Bryce last year but came to Chiricahua to find quarters for a newly acquired bride. He is living in one of the Faraway Ranch lighthousekeeping cabins.

Forest Fire Protection. Ranger Gaynard went to Manning Camp at Saguaro to attend the fire school but had to be called home before the end of the training due to sickness of Mrs. Gaynard.

The Forest Service extended us an invitation to attend their fire school at Rustler's Park. Superintendent Cooke attended one day and Operator Marble another day.

Forester Ratcliff conducted a fire school at Chiricahua June 18 and 19 for the Chiricahua force. New methods of demostrating fire behavior were found particularly interesting.

Building Fire Protection. While Mr. Ratcliff was here a short time was spent on building fire protection and demonstration of fire extinguishers, with the ladies of the monument attending. All extinguishers have been

checked and refilled with the exception of the soda-acid ones. Charges for these will be changed when they are received. Four of the five CTC extinguishers have become unserviceable during the past year.

Insects and Tree Diseases. While Forester Ratcliff was here an inspection was made to see if we could ascertain the cause of the death of numerous Chihuahua pine at Chiricahua. No indication of insects or disease could be found in the roots, bark, or leaves so we were forced to conclude that drough was to blame. Other pines have been dieing some but the Chihuahua pines are hit the worst.

Clair V. Cooke

Clair V. Cooke

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
June 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

This month there were 406 visitors who came in 126 automobiles. This is considerably less than a year ago. After many inquiries, it is believed that there are two primary reasons for the drop. One is the fact, learned from a number of sources, that a large portion of the travelers on Highway 66 are on business and not pleasure bent. They are seeking jobs and the like and start early and travel late. As such, they do not have the time nor the inclination to go off on an unpaved by-road purely for pleasure. Another reason is the corrugated or washboard road between Grants and San Rafael (which see below) just where one takes off from Highway 66. We have many reports of visitors turning back there.

374 of the visitors took a trip around the Rock in 99 parties. 57 went over the top of the Rock in 19 parties, 33 listened to an orientation talk and there were 3 overnight campers. In order to halt the downward trend of travel, hotels, the Chamber of Commerce, tourist court operators and the like were contacted in Gallup.

The weather remains hot and dry. The farmers, though a few have planted some crops, are pretty well discouraged. It is reported that the Ramah reservoir will run out of water within two weeks. When it will allow no more water out the gate, the reservoir still has about five feet of water in it, so the fish will not all die. Our pool is getting near to rock bottom. We have our fingers crossed as to whether we start hauling water. The warmest this month was 88 degrees and the coolest was 25 degrees Fahrenheit.

The approach roads except for the stretch near Grants are in good shape. State Senator Gotlieb was in the Monument with State Highway Engineer Burton Dwyre and Chairman of the State Highway Commission Ralph Jones. They promised that the road situation between Grants and San Rafael would be improved and the road oiled, and we heard today that more

oil is planned for other sections of the road in the near future.

Our immediate approach road, from the Highway down to the gate, was graded by the County Grader and the Operator turned in our gate and worked the road up to and around the parking area. We appreciate the cooperation.

Another table was built, but is curing and has not been set up as yet. The forms, loaned to us by Superintendent Bright, have been hauled to Gallup for the Chamber of Commerce to use in making tables and fire places for the city parks so that the underprivileged , who do not have automobiles and can not get out of town, may have picnic suppers too.

A fire tool box was constructed, the top covered with green roofing material and the rest painted bright red and when finished it was placed on saw horses for easier loading on a truck. The fire tools were sharpened and put in it.

The shop was dismantled and rebuilt on the other side of the garage for convenience.

An exceptionally strong frame with a heavy screen was built for the basement window so that when the icicles fall they will not break the window.

The trails have been worked over from end to end and are in fine shape.

On days off, using a commercial product, all the walls and ceilings in the bathroom, kitchen and laundry were cleaned and the floors of the residence were refinished -- spring house cleaning.

For some months the superintendent had heard of "another" Inscription Rock, and it was not far from here. He finally found time to investigate and went fully equipped to bring back copies. All that he found was a date without any signature or initials of June 1888, and some distance away in a different type of lettering were the initials "L.O.T.". Little doubt the 1888 date was authentic because of the weathering of the date in the hard rock and also lichens were growing in the grooves, but the place is hardly deserving of the title "Another Inscription Rock".

Peter Kunkel reported for duty as seasonal Ranger on June 6, is taking hold of things fast, is a great help and seems to be enjoying himself.

National Park Servide visitors included Dale King, Erik Reed, Harold Warsch and Luis Castellun.

Irving McNeil, Jr.
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Gran Quivira National Monument
Gran Quivira, New Mexico

June 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for June 1951

Weather. The weather this month was the same as May except more so - high winds, hot temperatures, and no moisture. Several electrical storms and thunderheads were received but only .04 of an inch of moisture resulted. The week June 16 to 22 received maximum temperatures in the mid 90's, considerably warmer weather than that of a year ago. Minimum temperatures averaged 60 degrees.

Inspections. Naturalist Dale S. King inspected the area on May 26-27 and went over interpretive problems with the Superintendent.

Surveys. Engineer Bradley and Aide Jenkins of the Regional Office spent the period from May 31 to June 13 surveying the monument boundary. We are certainly glad to get this work done- a good job by Messrs. Bradley and Jenkins.

Maintenance. All available spare time this month was spent in removing rubble and fill from the nave of San Ysidro mission. The job is almost complete and the work has improved the appearance of the structure tremendously.

Informational signs in the headquarters area were repainted and self guiding trail signs replaced and repainted.

Visitors. Laura Gilpin, well known New Mexico photographer, was in on the 10th to photograph the mission and indian ruins.

On the same date, Mr. L. Crosby, professional photographer from Albuquerque, to color photo the area.

Mrs. Willard Bradley, Mrs. Zorro Bradley and friends, on the 10th.

Special Activities. The Superintendent made a one day trip to Bandelier National Monument on June 9 to deliver a trailer

and to pick up an air compressor.

Personnel. The Superintendent took six days annual leave to move Mrs. Ringenbach to Tucson where she is to undergo major surgery.

Travel. Travel to the area this month was about the same as May of last year. 284 persons in 80 cars were recorded. Out-of-State travel appears to be on the increase with local travel declining somewhat.

Interpretive Services. Guide service through the mission ruins was provided 36 parties of 138 persons for an average of 45 minutes per party. 33 groups of 131 persons used the self-guiding trail and 195 visitors were given some interpretation at the exhibit room.

Museum. Three flourescent fixtures and tubes were installed in the exhibit cases.

Approach and Entrance Roads. The three approach roads have been dusty and rough. The State Highway has bladed the road in from Mountainair twice this month but with no moisture it's impossible to do a good job.

The State maintainer accomodated us again this month by grading our 3/4 mile of entrance road.

Ray B. Ringenbach
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

June 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Great Sand Dunes

Subject: Superintendent's Narrative Report for June, 1951

Weather Conditions

High winds during the first part of the month were mostly responsible for the decrease in travel. The drouth persists and San Luis Valley farmers have the porrest prospects in recent history. The maximum temperature of 85 occurred today and the minimum of 32 was on June 2. Only 0.05 of moisture was recorded.

Special Activities

I took a very nice pack trip with the saddle horse concessionar on my days off. We went up Medano Creek to the Medano Lakes, crossed into a tributary of Sand Creek at timberline, and then followed down Sand Creek to the dunes and back across to headquarters.

Maintenance

The asphalt cove base for the residence was received during the month but has not yet been installed. The cupboard doors for the kitchen which were received in May were installed.

Completion of the expandable trailer took a great deal of time. The cesspool was finished and covered, electric lights were wired and connected to the power plant, propane gas system was installed and inspected, the entire interior was painted, a wooden back step and a concrete front step were made. Silver Jaramillo did most of the work on the steps and a great many odd jobs on the interior

on his own time.

The entrance road was graded once a week but is in very poor shape due to the extreme dryness.

Approach Roads

The approach roads to the monument are also in very poor shape due to the drouth and high winds although the county has bladed them regularly.

Survey

John Kell, Willard Bradley and James Jenkins of the Region Three Office arrived yesterday to begin a traverse line survey to accurately locate the dunes area in relation to the monument boundary.

Concessioner

Business has continued to be slow for the saddle horse concessioner. However, he now has contracted an eight-day pack trip using 18 horses to the Sand Creek Lakes to start July 9. Pack trips originating within the monument to outside points are his main source of profit.

Interpretive Services

A concerted effort to contact each visitor to the Great Sand Dunes has been made this month. The evening lecture to the Great Sand Dunes District Camporee, Boy Scouts of America, on the evening of June 2 was blown out by the high wind.

Research and Observation

Thirty different species of plants were collected during the month for forwarding to the National Museum.

Five bighorn sheep were seen on the Little Medano section o f the monument on June 5 by George White. Two ewes, two very young lambs, and one yearling made up the group.

Very little was done toward the establishment of the nature trail as maintenance and visitor contact occupied most of our time.

Visitors

The Sand Dunes District of the Boy Scouts of America scheduled their annual camporee for June 1, 2, and 3 but were forced to pick up their tents and go home on the evening of June 2 because of the high wind. Note--the Scout Executive's tent blew down first and flattest of all.

Geology field trips were made to the Great Sand Dunes by Louisiana State University, 79 students under Dr. Tator; Oklahoma University combined with Phillips University, 28 students under G. E. Williams; and Pasadena, Texas High School, 30 students under Mr. Teague. The Redwing, Colorado Grade School held their school picnic here on May 31.

National Park Service visitors included John Kell, Willard Bradley, and James Jenkins who are here to survey a traverse of the sand dunes. Herbert Heger, seasonal ranger-naturalist at Rocky Mountain National Park, visited us with his family.

Decrease in Travel

The decrease in travel of almost 20% was due almost entirely to the bad weather. Out-of-state cars increased from 517 to 768 but Sunday picnics by local people fell off due to the cold high winds.

Personnel

Silver R. Jaramillo changed from weekend to steady employment as temporary ranger on June 9.

(SIGNED)
Glen T. Bean
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

June 24, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly Narrative Report, June 1951

Weather: Although extremely dry, weather conditions have been perfect for the visitor. The only real hot spell was experienced the first part of the month when the mercury reached a high of 107 degrees. Otherwise, days have been warm but not hot and nights remain comfortably cool. Lack of moisture in the region has caused Beaver Creek to almost stop flowing.

Travel: It increased steadly during the month for a total of 6,824 people in 1,813 cars to the area. This breaks down into 4,498 visitors in 1,308 cars to the Castle and 1,326 people in 505 cars to the Well. The complete figure represents and increase of 749 visitors over June of last year.

Interpretation: Guided trips were conducted hourly, including 12:00 noon and 5:00 p.m. for a total of 226 tours. 1,595 people including 262 children between the ages of seven and eleven climbed the ladders to the Castle, and the Sycamore trail was used by 3,000 visitors. The Castle museum was crowded during the month when about 4,200 people viewed the exhibits. At the Well, 338 people visited the museum and 1,326 hiked the Loop trail.

A five hundred word article on Montezuma Castle stressing law enforcement and how it is applied in National Monuments was prepared for inclusion in a future edition of the "Arizona Police Magazine". The edition is to be devoted entirely to Yavapai county of which Montezuma Castle is a part.

Visitors: On May 25, Rev. Brokenshire and 21 members of the Union Church of Carlsbad, California.

On May 30, Ranger Jim Clancy and family of Casa Grande arrived to spend a couple of days in the Valley visiting their many friends.

On June 3, Dale King to discuss naturalist problems and to go over the interpretive setup.

During the month, many small groups of students representing high school honor students, Boy Scouts, etc.

RECEIVED JUL 1951 National Park Service Region Two Office

Numerous visitors are availing themselves of the picnicing facilities at both the Castle and the Well. We are especially happy to receive their many compliments on the improvements and cleanliness of the grounds.

Construction and Maintenance: Principal job completed during the month was the re-roofing of Residence No. One. This job consisted of removable of the existing roof and dirt insulation and installation of a complete new roof. It is felt that the contractor done a very good job and that the new roof should last indefinitely. It was noted that the interior vigas of the house have almost straightened out since removable of the orginal dirt insulation.

After several years of constant trouble, the sink drain serving the kitchen of Residence No. Two finally clogged completely. Rather than break through the concrete floor of the house to make repairs, a complete new drainage line was run out the kitchen wall and connected to the six inch tile sewer which serves house No. One. Twenty feet of of new galvanized pipe were laid.

Roads and Trails: The trail to the Women's toilet in the public picnic area was made safer and much improved by installation of several rock steps. These steps were constructed from river boulders and have added to the attractiveness of the area.

Roadsides were thoroughly policed and the parking area broom swept.

Accidents: On June 4, a visitor's car missed a curve in the road just above the museum at Montezuma Well and ran into a drainage ditch and wire fence. The lady driving the car admitted that she became exited and stepped on the accelerator instead of the brake. None of the occupants were injurked, but damage to the car was estimated at $200.00.

Research and Observation: As authorized by previous correspondence, White and Pierson spent a day removing material from the cave located above the outlet to Montezuma Well. This material consisted of: a bundle of reeds, a good sandal, a cane cigarette with tobacco still in it, numerous pieces of squash rind, part of a weaving batten, numerous small sticks similar to Hopi "paho" sticks, a number of pieces of knotted yucca fiber, and several beans. As far as possible, pictures of the material were taken on site, and proper cataloging will of course be accomplished.

Despite the fact that prolonged drought is covering this region, Montezuma Well is now flowing at the rate of 1,800,000 gallons

per twenty-four hours. This is an official reading made June 14 by the Geological Survey. Usually during this time of year the well is flowing at the rate of 1,500,000 g.p.d.

Southwestern Monuments Association: Final inventory of publications completed today shows sales have again increased at this area. Cash collected from sale of publications for the fiscal year totalled $1,739.60. This is an increase of $384.50 over last year. Losses as a result of "serve yourself" arrangments amounted to 14 per cent of the retail sales.

JOHN O. COOK
John O. Cook
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Natural Bridges National Monument

June 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of June 1951, Natural Bridges National Monument

GENERAL: The monument was officially opened for the summer season on May 29 and John Wiley Redd was employed as Laborer Foreman to work the trails, cleanup the trash of seven months accumulation, and afford protectionto the area until July 1, when he will enter on duty as Seasonal Ranger.

WEATHER: Exceptionally dry but unusually cool weather prevailed during the entire report period.

TRAVEL: Although the monument was officially closed November 10, 1950, people continued to visit the area and 523 people signed the registor between November 10, 1950 and May 29, 1951. During this June report period 634 people visted the area in 164 cars. The continued winter travel, due to oil and uranium mining activities, is responsible for the 92% increase over the same period last year in the travel year count.

INTERPRETIVE SERVICE: Of the 634 visitors who came to the area, 525 were contacted at headquarters. Total contact time amounted to 61 hours. Twelve guided tours were made with a total attendance of 33 people. Thirteen visitors were contacted at Mr. Redd's residence in Blanding, on his days off.

PUBLICITY: Jack Breed, prominient photographer and writer spent May 27 in the area obtaining pictures and material to be used in an article for National Geografic magazine. He was accompanied by Dr. Ben Cornwall, Supt Wilson, and Tug Wilson.

INSPECTIONS: General Superintendent John M. Davis visited the area with Superintendent Wilson, making a general inspection, on May 31.

ROAD SIGNS: At the suggestion of Mr. Davis the locations of two direction 1 signs were changed at the junction of the monument and Hite roads, making them visible from both directions.

UTILITIES: The ancient wood kitchen range and kerosene refrigerator were replaced by propane units on May 17 and 18. Considerable trouble was experienced in getting the proper adjustment on the refrigerator and after two unsuccessful attempts to do this job ourselves it was necessary to obtain the services of an experienced gas-Maintencoman from the Eastern Utah Gas Co. at Monticello.

TRAILS: The Kachina Bridge ladder trail is fast becoming more popular with the visitors; however signs have been placed at the register and at the top of the first ladder not recommending the trail to inexperienced climbers.

Bates E. Wilson
Bates E. Wilson
Superintendent

Navajo National Monument
Tonalea, Arizona

June 25,1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Narrative Report for June 1951

Travel: 155 persons registered here during June. Due to a group of 20 visitors camping for nearly a week, the visitor days count for the month was 258.

Weather: Two days of 90 degree temperature this month but the average high was slightly less than 84° Only two traces of moisture were received.

Inspections: General Superintendent and Mrs. John Davis visited the area June 18th.

Museum Activities: The 2X4 partition in the contact station was removed and the building made into one large room. Now we have the problem of installing a small museum. A few of the artifacts on hand have been temporarily put on exhibit. Two perfectly preserved planting sticks were recently obtained and put on display. In a few weeks I hope to obtain an original prehistoric ladder for exhibit.

Informal campfire talks were given two nights.

Construction Project: The construction project has been completed. Linoleum floor covering was placed in the office and service hall, the finish wood work trim has been installed, a badly needed storage rack was built in the garage and put to immediate use.The Monument office has been moved to its permanent location inthe partitioned section of the new garage.

The landscaping for the house addition has been all but finished. A rather large flagstone terrace was laid outside the front door, the back yard patio wall and fireplace is in and an extension of the stone wall paralloling the driveway was finished. A flagstone walk was laid from the museum to the office and gravel laid on part of the driveway. Stone entrance steps to the new office and garage were completed. As soon as the summer rains come some and garage were completed. As soon as the summer rains come some native grasses will be planted to hold the excavated soil near the house and a few more shrubs and plants transplanted.

Maintenance: The water pump was serviced as required. Both Kohler light plants were overhauled and cleaned. All doors in the residence were rehung among other small repair jobs.

General: A table and a sink and cabinet combination were built for the hogan. Two new signs were made and put up.

Visitors: Barry Goldwater, Phoenix, Arizona
Mr. and Mrs. Tad Nichols

John A. Aubuchon
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Organ Pipe Cactus National Monument
Ajo, Arizona

June 25, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report, Mal, June 1951

Weather

Summer has once again come to Organ Pipe Cactus. We recorded numerous temperatures in the high nineties and low hundreds. The high recording for the report period was 104° on June 19 with a low recording of 66° on June 8. No rain fell during this period.

Special Activities

Ranger Leding mad a trip to Phoenix to purchase various supplies and arrange for various equipment repairs on June 3, 4, and 5.

Ranger Steele was away from the area from June 1 to June 15 attending the Bryce Canyon and Saguaro Fire Schools. He began his annual leave following his return to the monument and is at present visiting in Texas.

Maintenance and Construction

The exhibit room of the administration building was completed and the floor painted. With the construction of three cabinets we will be ready to install our exhibits.

The pumphouse was given two coats of paint.

Twenty handcarved directional road and trail signs were completed and await placement on the loop road. These will greatly facilitate visitor use of this road.

Approximately two miles of secondary road along the south boundary were graveled.

The remnants of the old trail to Dripping Springs and the overlook on the ridge above were cleared, repaired, and

extended. The hike to the Spring is now a safe one and one that can be made by nearly any and all of our visitors.

The Bureau of Animal Industry bulldozer was again borrowed and with it two steep narrow grades on the Dripping Springs road were flattened and made safer. Also, about one quarter mile of wash above headquarters was cleared of debris and blocked into its own channel. This should prevent future flooding of the shop area during the summer flash floods.

Soil & Moisture Control

Soil & Moisture work was drawn to a close with the complete expenditure of available funds. This work is being covered in a separate report.

Travel

Monument visitation has dropped to its usual summer minimums. Highway travel remains heavy with reportedly good fishing at Punta Penasco.

Research

Dr. & Mrs. Cloyd and Dr. & Mrs. Shannon visited the area on May 30. Plans were laid to initiate and continue certain phases of reptile observation and study. Continued snake hunts by monument personnel gave additional record material for the files.

Inspections

Forester Ratcliff visited the area on the 15, 16, and 17th of the month. Local grazing problems were investigated and discussed.

William R. Supernaugh
Superintendent

Saguaro National Monument
Tucson, Arizona

June 25, 1951

MEMORANDUM

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Narrative Report, June 1951

General

With the exception of a week long warm spell, days and nights were pleasant during the month of June. Southern Arizona residents and visitors enjoyed the lower maximum temperatures and increased visitation to Saguaro was reflected in the travel figures.

There is every indication that summer time travel to Southern Arizona is becoming more popular and hot weather is no longer a substantial factor in deterring visitors to these climes.

The display of Saguaro blossoms was spectacular throughout the cactus forest, attracting both amateur and professional photographers.

A record day for visitors was established on June 2 when 613 persons visited the monument; needless to say, our facilities were bursting at the seams.

The annual fire control training conference for this area was held at Manning Camp over the period June 13 and 14, reports indicate a most successful conference.

The annual Tucson Chamber of Commerce picnic was held at Saguaro on June 5, the superintendent and his family attended as guests of the group.

Saguaro National Monument momentarily became an international cross-road on June 17, when Dr. Guiseppe Scortecci, Director of the Zoological Institute, University of Genoa, Italy, met Dr. Nadir Giannitrapani of Milan, Italy, at our headquarters office. Neither was aware of the others travel plans and after they were introduced, a lively conversation ensued in their native tongue which had all the earmarks of success.

DEPARTMENT OF THE INTERIOR
UNITED STATES

Temperature ranges (Headquarters Station)

Highest daily high, May 26 and 28 . . . . . 108 degrees

Lowest daily high, June 1 . . . . . 88 "

Highest daily low, June 20 . . . . . 78 "

Lowest daily low, June 4 . . . . . 64 "

Special Activities

Regional Forester Carlson and Forester Dodd of the Washington Office visited the area May 27. Fire Control activities were reviewed and discussed.

Forester Harold Ratcliff of the Regional Office attended the Saguaro Fire School on June 13 and 14.

Status of Private Lands

Mr. Paul Cutter of the Bureau of Land Management called at this office on June 4, and reported that progress is being made on the exchange of lands with the State of Arizona. Mr. Cutter is to report to the U.S. Army for a period of six weeks after July 1, which will mean that the appraisals on the state lands will be held up until his return from active service.

Maintenance - Roads and Trails

The Cactus Forest Looproad was graded once during the month and is in fair to good condition.

Maintenance work was accomplished on two-thirds of the Spud Rock Cabin - Manning Camp Trail and this portion is now in first class condition. Work progressed on the Cow Head Saddle - Manning Camp Trail during the month and should be complete by the end of the first week in July.

Approximately one-half of the Patrol Trail from Mica Tower to Mica Mt. Secondary was brushed out and water bars replaced during the month.

Approaches to Park Area

The Pima County Board of Supervisors has requested funds to surface the Spanish Trail Approach Road from Pantano Wash to Monument Headquarters.

Accessions

One model GFF mid range radio was transferred to Saguaro from Navajo National Monument. This set will be used when scouting the north slopes of the Rincons for fires after the Forest Service lookout has been terminated.

Interpretive Services

A total of 1,568 persons in 389 parties were given interpretive service at headquarters. This amounted to a total of 82 hours for an average of 13 minutes per party.

Research and Observation

June 1, First family of young quail observed.
" 13, One Scott's Oriole observed at Headquarters.
Many observations were recorded on White-Tail Deer.
One Merriam's Turkey is a frequent visitor to the Spud Rock Cabin area.

Mr. Craig Bryan of the Division of Forest Pathology has completed installation of the new stakes in connection with mortality studies of the giant Saguaro.

Travel

A total of 3,178 persons visited Saguaro National Monument in June. This represents a decrease of 267 visitors as compared to last month but an increase of 1,279 visitors over the corresponding month one year ago.

Visitors

May 27, Forester Jack Dodd of the Washington Office and Regional Forester Carlson, Santa Fe, New Mexico.
June 2, Mr. Homer Rush, Pomona College, California - Photographing desert plants.
" 4, Mr. Paul Cutter, Bureau of Land Management, Albuquerque.
" 5, Mr. Luis Castellium, Administrative Officer, Santa Fe, N.M.
" 6, Mr. Ernest H. Hill, Naturalist, Mesa Verde National Park.
" 7, Dr. A. Richards, Professor Emeritus, Zoology, Univ. of Oklahoma, Norman Okla.
" 9, Dr. Alfred M. Bailey, Director, Denver Museum of Natural History, Denver, Colorado.
" 17, Dr. Guiseppe Scortecci, Director, Geological Institute, Genoa, Italy.
" 17, Dr. Nadir Giannitrapani, Milan Daily Tummnita, Milan, Italy.

Ranger Service

Ranger Zorbey attended the Region Three Fire Control Training Conference at Bryce Canyon. He indicated that all of the trainees were impressed by the demonstration of Fire Behavior using a "fire table" for illustrative purposes. Actual suppression of two fires prompted the trainees to request that this means of training should be used more frequently. Another suggestion was that inexperienced personnel could be trained by setting up an actual fire camp which would be used as a base of operations for training sessions, suppression of fires, and the mechanics of timekeeping, cooking, dispatching, etc.

The trainees received a fine reception by both NPS and concessioner personnel at Bryce Canyon.

Forest Fire Control

Messrs. Leon Doerner and Donald Dixon entered on duty as Fire Control Aides on June 1, 1951 bringing the fire control organization to full compliment. The Mica Mt. Fire Tower has been manned regularly since that date as well as daily patrols to the several secondary lookouts.

The annual fire control training conference was held at Manning Camp over the period June 13 - 14. In addition to local personnel, we were favored with the presence of Assistant Regional Forester Ratcliff, Ranger Grover E. Steele, Organ Pipe Cactus; and Ranger Cliff Gaynard, Chiricahua. There was every indication of a most successful conference as evidenced by the enthusiasm of the trainees. Good discussion ensued on each phase of fire control; likewise the practical applications of various techniques of fire control were well received. A small fire was set (with due precaution) near Manning Camp and was suppressed by the trainees. This fire was also observed from the Mica Mt. Tower, and dispatching and reporting procedures were simulated.

Personnel

Fire Control Aides Leon Doerner and Donald Dixon entered on duty June 1, 1951.

Trail Laborer Lars Garrison entered on duty June 8, 1951.

Trail Laborer Pat O'Brien resigned June 18, 1951.

Miscellaneous

The annual Tucson Chamber of Commerce Picnic (for employees) was held at Saguaro on June 5. The Superintendent and his family attended as guests of the group.

A new Ranger was added to the staff at Saguaro National Monument, by the arrival of a son to District Ranger and Mrs. F.M. Benson Jr., in the wee hours of the morning on May 30. With his early arrival future Ranger Robert Martin Benson won quite a collection of gifts from local merchants as the first baby born on Memorial Day. The father encouraged the collection of the loot and is still woozy over the indulgence in his prize wine, etc., and the natural button popping tendencies so apparent in a new father.

Interpretation - (Supplemental)

One hundred and twenty four members of the 419th Brigade, 834th Aviation Engineering Group, from Fort Huachuca, made a tour of the Cactus Forest. This group was given interpretive service at headquarters, and a conducted tour by the rangers of the cactus area.

Samuel A. Kir-
Superintendent

NATIONAL PARK SERVICE
Sunset Crater
National Monument

Flagstaff, Arizona

June 25, 1951

Memorandum

From: Ranger-in-charge

To: General Superintendent

Subject: Monthly Narrative, June 1951

Weather Except for a total lack of precipitation the weather has been very favorable the past month. Most of the time has been warm and sunny with a few cloudy days and a slight breeze to keep the clear days cool.

Inspections General Superintendent Davis accompanied by Mrs. Davis visited the monument June 19. Superintendent Brueck came up from Wupatki during Mr. Davis' visit.

Maintenance General cleanup and minor work on the Lava Flow trail together with some oiling of signs was done during the month. Most of the time was devoted to contacting visitors.

Roads and Trails The entrance road was bladed on June 8. Due to the dry weather it has been quite a task to do anything with the roads this month. Mr. Bean has spent most of his time trying to keep the back road to Wupatki in shape.

Interpretive Service Of the total visitors for the month, the Rangers contacted 2784 people in 860 cars. With two men on duty on Sundays and one man on every day of the week, 77% of the total travel was contacted.

The Lava Flow trail is still going strong. An average of 30% of the the visitors took the trail. 306 parties and 1112 people in all went over the trail.
The trail booklets are still selling at a good pace. Collections ran 92% on the 661 books sold. The total cash amounted to $61.00 showing a loss of $5.10.
The steep and hard climb to the Crater Rim kept all but 381 people in 115 parties from going to the top.

Research and Observation Ranger Yarnell has started a collection of the plant life of the monument. He intends to make a complete herbarium file with colored pictures of the plants mounted together with the specimens.

RECEIVED JUN 1951 National Park Service Region Three Office

Travel Summer finally arrived and with it the travel is back to normal with an increase of 14% ofer June of last year.

Forest Fires Due to the extreme fire danger, the Forest Service has had men patrolling all the fire roads around Sunset. Their first large fire destroyed 1100 acres west of Flagstaff on June 16. On June 25 a small fire was observed on the east side of the Peaks.

Personnel Seasonal Ranger Erwin Yarnell entered on duty May 31. He is assisting both at Sunset and Wupatki.

Ranger Service Three cars had to be pulled out of the cinders this month. All cases were due to carelessness on the part of the driver. The cinders are so dry at this time that any attempt to drive off of the road results in becomming stuck.

From: Superintendent, Tonto

Subject: Narrative Report, June 19 51

Weather: Hot month, with maximum temperatures ranging from 100 to 108°. Many hot nights during last half of June. Dry, no rains, strong winds. Worst fire hazard month for man-caused fires, as usual.

Roads & Trails. Trail in good condition. A considerable improvement was made at the trail entrance by putting up rock pillars and a panel which will eventually have cutout letters same as the large sign at the road entrance. The old warning sign was removed. Entrance road is rough, due to considerable travel and no maintenance.

Visitors. Naturalist Dale King, on June 2, to inspect the nature trail and get a look at the Monuments latest improvements.
Ranger Ernie Hill and family, of Rosa Verde National Park.
Robert Sharp, Lincoln, Nebraska, brother of the superintendent.
Maintenanceman Tony Valencia of Bandelier, with the housetrailer for quarters here.

Travel. 1302 visitors in 398 cars, to set another record for June. This compares with 1133 for June 1950, an increase of about 15%. Despite the desert heat, we are getting people from the eastern and midwestern states, whom we would ordinarily expect only in the winter season.
I would again like to emphasize that there is no "slack Season" in the Southwest any more, only a comfortable season and an uncomfortable one. Our heaviest travel occurs in the winter, but we put in longer hours and work harder in the summer, under less favorable conditions to accomplish work. The visitor pressure is of course much less, but a lot of time is required anyway.

Personnel. Laborer-leadman Eugene P. Cook finished his job on trails on June 1.

Public Relations. Two talks were given by the Superintendent at the last of May, one to a Ward church group, the other to the Globe Lions Club, chiefly on what the National Park Service is, is trying to do, and its relationship to the interests of the people of Arizona.

Fires. Two very bad forest fires are burning in Arizona. The Pinal fire near Globe will have bad effects on the watershed of that town. Superintendent Sharp made an emergency trip to the fire camp near Globe June 23 to deliver telephone wire to Forester John Pomeroy, and take Bob Sharp's jeep in, where he is helping the Forest Service on the fire. Part of the Coconino Forest is closed, with the Mogollon rim near here as the south boundary.

Quarters. The 33 foot housetrailer was spotted in the only accessible shade on Tonto, leveled up, and connected to the utilities. It is a very well built and complete trailer with considerable room, complete with a demi-tasse bathroom. Solidly built and nicely finished, it is good quarters and we are pleased with it. Archaeologist Wenger will now have a chance to recover from the many and varied insect bites he got in the tenthouse, where tritomas, scorpions, and centipedes shared quarters with him.

General. Archaeologist Wenger made a trip to Denver, June 19 to 23, to bring back Mrs. Wenger and the baby.

Considerable work has been required to prepare the trailer site, level it up on the slope, and connect utilities.

Some extra work was entailed by delivery of the culverts.

A big cottonwood branch fell in the tool shed area, but missed all installations. Major damage was to mesquite trees. This answers our standing question as to how to fell the branch without wrecking the tool shed.

The radio batteries have responded to longer hours of battery charging, inaugurated after we decided that our last barrel of gasoline would last out the fiscal year.

Charles C. Sharp
Superintendent

JUL 5 1951
REGIONAL DIRECTOR
SOUTHWEST REGION

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

June 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for June, 1951

Weather: It has been a little dry this month, with precipitation of .000", compared with the average rainfall of .25" in June for the past 13 years. Temperature reached a balmy high of 107 on May 28, a low of 45 on June 9 and June 10. San Juan, who is traditionally supposed to make it rain in the border country and southward on June 24, failed to deliver the goods this time.

During the month the Santa Cruz Valley Ground Water Users Association was formed, with the organizing meeting held a few days ago at Kinsley's, 10 miles north of here. This Pima and Santa Cruz counties group will endeavor to work out ways and means, and propose legislation if necessary, to see that more economical use is made of ground water resources of this drainage.

Visitor Travel: This month: 3,021 persons, in 808 motor vehicles.
Highest previous June : 1,992 persons, for 1950.
Percent increase - - - : 34.1
Fiscal year - - - - - :38,279 persons
1950 Fiscal Year - - - :28,837 persons
Percent increase - - - : 24.7

On reviewing visitor attendance during the past 12 months, it becomes clearly apparent that Tumacacori National Monument is no longer a "winter" monument. It is a "12 months a year" monument. Our "slack" season in the summer, when of old we got caught up on things which had hung fire during the busiest months, is no longer slack. It is simply a little quieter than winter.

Part of our phenomenal visitor increase of late months can be attributed to new war defense industries in Tucson, and to the re-occupation of Fort Huachuca. However, we are convinced most of the travel increase is in bona fide tourists, who are deciding southern Arizona is not too hot for summer vacationing.

Visitors: Among our visitors was a group of 39 on May 27 from Davis-Monthan Air Base, in Tucson.

On June 17 we were visited by County Attorney Suffo Espinosa.

JUL 1951 RECEIVED National Park Service Regional Office

Inspections: May 26 - Jack B. Dodd, Chief, Administrative Branch, Forestry Division, and Regional Forester S. T. Carlson.
May 29 - Naturalist Dale S. King, Southwestern National Monuments.
May 30 - Administrative Officer Luis Castellum, Region III Office.

Interpretive Service: 1106 persons went on 203 guided trips through the mission church and grounds, receiving an average of 33.22 minutes per trip. 2886 persons received combined Information and Interpretation Service, and 2923 saw the museum and patio garden.

Museum and Education: During scant periods of opportunity, Ranger Henson has continued the task of collecting and pressing plants to get our herbarium collection started, and of posting blooming, fruiting dates, etc., to plant cards in our fact file.

The superintendent has done some posting of information to our historical fact file cards, and a lot of work on fiscal paper work. I am beginning to believe a monument superintendent should be a C.P.A.

After many years of suggesting to literary visitors that they allow the Park Service, when convenient, to check articles on Service areas for factual accuracy, I finally had one chicken come home to roost. A Miss Beula M. Wadsworth, of Tucson, wrote asking a number of questions about Tumacacori, so that she could write an article about the area for Desert Magazine. A lengthy historical reply was made. Then she came to visit the monument. I gave her all the information I could. Then she went home and wrote the article, and sent me a carbon copy of it, asking that I correct anything that needed correcting. This was done. We may now anticipate that a forthcoming issue of Desert Magazine will have a very accurate article on Tumacacori.

As result of a field trip to northern Sonora mission churches in May, the superintendent has written a report, which has already been submitted through channels. In compliance with the desire of Governor Ignacio Soto, of Sonora, detailed attention was given in the report to stabilization possibilities at Cocospera Mission, in Cocospera Valley, Sonora. Because a new road is being built between Cananea and Imuris, which will pass directly by the historic old church, Governor Soto is hopeful the ruined structure can be restored. Mr. Leopoldo G. Urquides, Governor of the Magdalena and Cananea Lions Clubs, told us that his organization has requested permission of the Mexican government to restore the church.

Through the office of General Superintendent Davis we were able to secure a copy of the National Park Service Stabilization Manual. This we were able to send to Governor Soto, with a copy of the field trip report. Another copy of the field trip report was sent to Senor Urquides.

We have proferred any advisory assistance to the Sonora authorities that we may be able to give in regard to stabilization of Cocospera Mission, and we feel immensely encouraged that our neighbors to the south are about to do something to preserve some of their priceless historic sites. We hope

that stabilization of Cocospera will be only a beginning, and that we will live to see a long range Sonoran program aimed toward protection and preservation of many other of their historic sites. The Sonoran people are deserving of any cooperation we can legitimately give toward realization of such an ideal.

As was hoped, mastication and digestion of historic data obtained on the Sonora field trip are beginning to bear results in improvement of the interpretive story being told here by Ranger Henson and myself.

Maintenance: A large part of Maintenanceman Barney's time this month has been spent on removal of the heavy coat of gravel which had covered our parking area, entrance road spurs, service road, and the mission trail. This has been accompanied by patching holes and rough places with emulsified asphalt. Much watering of plants has been necessary. Some patch plastering was done on the porch bedroom of the Residence No. 1. Interior of this room was painted, gratis, by Jackson boys, under supervision of the maintenanceman. A large olive tree in the patio garden which had been sick for a long time was dug up and removed. Root samples sent to the University of Arizona showed infection with a disease which normally does not seem to attack olives. Pruning of dead growth, sulphur dusting for mildew, spraying for various insect pests, was done. Re-roofing of the "warehouse" was completed. The water system was tested, and found to be producing barely enough water for dry weather needs, with no margin for safety. A pump expert is due to call here this week to discuss best methods of improving our water production.

Personnel: Archaeologist Brewer, of the Region III Office, helped us during parts of these days in the early part of the month, with contact work and library and research problems.

Ollie Barney was on sick leave for 11 hours.
Ranger Henson was on annual leave for 8 hours.
Sup't. Jackson was on annual leave for 12 hours.

General: Everything seems to be going all right here. But how in the heck does one manage to put more than 24 hours into a day and night? Always we are so busy, even in this "slack" summer season, that we wonder, one day to the next, how we will manage to find time enough to do everything that should be done. The eight hour day is a pleasant myth.

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

June 26, 1951

Memorandum ....., 19....

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report Iml, June 1951

There follows a narrative report of activities in this area.

VISITORS

2829 visitors in 956 cars. This compares favorably with 2771 in June 1950. 100% of our 8-12, 1-5 visitors were contacted. The Tuzigoot Trail Guide leaflet was available for all visitors arriving before 8:A.M. and after 5:00 P.M.

WEATHER

Dry, but with the exception of a sudden hot spell the latter part of May, temperatures have been below normal for June. Smoke from the 1200-acre forest fire in the Coconino National Forest four miles west of Flagstaff during the middle of the month was readily visible in Clarkdale, 66 miles from the man-caused blaze.

H. P. S. VISITORS

Foresters Sture Carlson, Region Three Office, and Jack Dodd, Washington Office, on May 28, enroute to Bryce Fire School.

John Cook, Montezuma Castle, and Jimmie Clancy, Casa Grande, on June 1.

Naturalist Dale King on June 2 and 3. Dale and Satch arrived after a long hot trip thru the southern monuments. We got along fine with Satch but Dale stopped up the bath tub.

Administrative Assistant Fred and Mrs. Quesenberry, Petrified Forest, on June 10.

Archeologist Al Schroeder, Lake Mead, June 14.

RECEIVED JUN 1951 National Park Service Region Three Office

OTHER AGENCY VISITORS

Mr. and Mrs. Harold Levene, Bureau of Mines (Oil Research), Louisiana, Missouri, on June 10.

Mr. Herman Levine, U.S. Treasury Department, on June 12.

Mr. Ward, Arizona State Department of Health, Phoenix, June 15.

REPORTWORTHY VISITORS

Dr. and Mrs. E. H. Colbert, Paleontologist, American Museum of Natural History, on May 26.

Stan Davis, formerly a representative of Lollesgard's, Tucson, now a freelance photographer, on May 31.

Georgia White of Colorado/San Juan River Fame, on June 5.

ORGANIZED GROUPS

The three following groups arrived on May 31:

12 students of Southland High School of Southland, Texas.

Navahopi Tours brought in a group of three visitors.

Boy Scout Troop 242, Phoenix, 18 strong.

MAINTENANCE

The water pressure fell to a new low on June 17 and inspection of the line failed to reveal a leak on the surface. The guage indicated on the 19th that 89,000 gallons of water had passed thru it. We recruited the professional help of United Verde Public Utilities Co. and they excavated 75 feet of the line as it crossed the swamp at the head of the tailings pond. 70 feet of rotten pipe was removed and all of the new pipe we had on hand was installed. The meter continued to show some leak, although a lot less. A ten foot trench was dug 50 feet below the meter and at this point five leaking clamps were uncovered. If a couple of lengths of one-inch pipe can be located they are going to install them at this point.

IMPROVEMENTS

A new panel of screen was put into the museum door on May 28.

The air cooler was installed in the east window of the west wall in the living room on May 30.

The museum door and frame was stained burnt umber (Old Colony) on June 15.

The museum furniture (tables, desk and chairs) was stained where needed.

Inside of the Men's Room door was stained to cover scratches and splashes.

An attractive combination register and leaflet box was installed at the museum entrance door. The box, finished in burnt umber stain with white lettering, is four inches deep and two feet square, and is mounted flush with the wall by means of lag bolts and shields. A cover is provided which opens to writing desk height on which is tacked a register sheet. The cover closes in vertical position by a peg latch. Two compartments, one for the Trail Guide (which visitors may use free in the area or take home by depositing ten cents in the coin slot), and one for the free leaflet are provided, with appropriate captions.

ROADS AND TRAILS

Trail guide stakes 1 to 19 were set up on June 8 and 9. Some had to be cemented into solid limestone which required a considerable amount of drilling.

The large and deep pot holes in the entrance road were repaired on June 15, 16 and 17, but only after the Superintendent had phoned half a dozen influential citizens.

A two post sign bearing the legend "Tuzigoot National Monument", left arrow, "Narrow Bridge Drive Slowly" was routed on May 31, painted on June 21 and installed on the 22nd.

A similar two post sign captioned "Tuzigoot National Monument", right hand arrow, "Verde Valley Country Club" was installed on same date about 500 feet from the first sign at an entrance road jog in lower Clarkdale.

INTERPRETIVE SERVICE

The Tuzigoot Trail guide pamphlets were received on June 8 and previously prepared stakes were given a second coat of dull sand-tan paint. The stakes were installed on June 8 and 9 at which time the guided trail was declared officially open. Visitor acclaim has exceeded our fondest hopes.

RESEARCH AND OBSERVATION

A Red Racer was observed between the residence and the garage on June 1.

On June 7, while locating trail guide stakes Number 18 in Room 2 of Group I Archeologist Richart observed a Gambel Quail nest containing 14 eggs. An abundance of feathers indicated that the setting parent had been destroyed by a predator. The eggs and feathers were collected.

J. W. Brower, Jr.

J. W. Brower, Jr.,
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

June 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly report, June, 1951.

Visitors this month, 4472; 13288.

Administration William T. Beaver reported for duty as Seasonal Ranger on June 3. He is new to the National Park Service but in 1950 he managed the Navajo Arts and Crafts Exhibit for the Museum of Northern Arizona so is familiar with the area. Since Mr. Beaver reported for duty, we have been keeping a man on contact duty from 7:30 A.M. until 7:00 P.M.

On June 20 General Superintendent Davis and Superintendent Hastings met with the Flagstaff manager of the telephone company to discuss the possibilities of getting a new telephone line built to the monument. Application for this line is being submitted.

Use of Monument Facilities by The Public There were 4472 visitors in 1367 parties. This is 1086 visitors or 32 per cent more than were counted in June, 1950. Parties contacted were 1213 including 4059 people. There were 1354 parties including 4141 visitors in the museum. Seventy-three picnic parties included 406 people.

Roads and Trails Our approach road from Highway 66 has remained very rough and dusty. Despite the lack of moisture, the County graded the road on June 6 without much improvement.

On June 12 a project was started with two laborers to remove the cinders on the parking area to picnic ground walk. The path was channeled out two inches and covered with a cinders and road oil mix obtained from the County.

Maintenance Repainting the main entrance sign at our gate and all signs on the monument was completed.

The top of the incinerator was reinforced and a new cover made.

The sink drain at Residence No. 2 stopped twice and both times required considerable work with a sewer auger to get it cleared.

Fire Protection On June 9 a trip was made to scout out the location for a fire tool cache on the south side of Walnut Canyon across from the administration building. On June 12 we hauled the box and tools as far as we could by pick-up and then carried them about two miles on litters. This is the first time the National Park Service has had a fire tool cache on the south side of Walnut Canyon

Ranger Spangle spent two nights and Ranger Beaver three assisting the Forest Service on a bad fire west of Flagstaff.

Communications It was again necessary to repair the telephone line where it crosses Highway 89. Our line crossed under the telephone company's wires which made it low enough to be broken by high loads using the highway. Our line was re-arranged so that insulated wire was used for the crossing and it was placed above the telephone company's wires where it should clear the highest load.

National Park Service and Other Visitors

May 27 E. H. Colbert - American Museum of Natural History
May 28 Regional Forester Carlson and Jack B. Dodd from the Forestry Division, Director's Office

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendents Monthly Narrative, Report No. 1m1

JUNE TRAVEL, 1951 — Visitors, 19,958 Cars, 4,548

TRAVEL YEAR TO DATE — Visitors 112,514 Cars, 26,962

GENERAL

June shows only a few under one thousand people gainover any previous June and we are pleased with even this slight gain. Late winds still continue and these hot winds send further to dolet what little moisture remains in the ground. Several hot days have prevailed and the high for the month was 105 on June 19 and the low was 44 on seventh of June, Moisture nill. Many visitors complain about the heat but all so far seem to stand it.

SPECIAL ACTIVITIES

Toward the close of school many school groups from nearby towns come by for school picnics etc. As the days warm up our visitation at sunset increased and large groups come out late in the evening for their picnics. We went on night differential on May 27th so staying open until 8:00 PM helps a lot. One trip was made to El Paso by Ranger Chittum in regards to supplies and information on the new bull dozer.

PUBLICITY

We never lack for publicity and the local papers, El Paso, Roswell and Los Cruces papers are all giving our 4th of July celebration

PUBLICITY - Cont'd

a good play. The Chairman has worked up a good program and Governor Mecham has promised to be present. Along the lines of publicity, I have made it a point to check the cards going out with pictures of the White Sands or mention of the visit to the White Sands and if this spot check can be used as a basis, somewhere in the neighborhood of 1200 to 1500 cards are going to all parts of the country mentioning or picturing White Sands each month.

COMPLAINTS

None have been received except on the weather and these are mostly in the spirit of fun. No complaints have been received on our White Sands Service Co. The manager of the service company complained that his schedule of prices for 1951 were not yet approved and wondered if he should get in his price schelule now for 1952 and endeavor to operate one year on an approved price schedule.

MAINTENANCE

Joe is in 7th heaven now since the delivery of the new TD-14 crawler type tractor bull dozer to White Sands. For the first time in our history we can now clear our roads in case of heavy drifts without borrowing equipment. It is hoped we can from time to time clear out our worst drifts and yet not interfere with our scheduled work too much. Dry spells are making a portion of our clay road rough and dusty but little can be done until we get some moisture.

Otis has been busy with repairs on our rest rooms mostly and too, trying to keep water in both our domestic and other use systems. On Sundays and busy days now our toilets, especially the womens side, never get a chance to to even fill the flush bowl before they are flushed again and as a result our toilets are only about one-half flushed, handles are being twisted off and ball stops torn off etc. in an effort to flush. Due to lack of adequate water our lines stop up and our toilets are a mess as well as our being out of water in its running through three toilets almost constantly. On a Sunday often 3000 gallons of gyp water flows through these outlets and little satisfaction is realized from it. We are ordering new insides complete for all our toilets and we have hopes of this helping some. Our water in the sands well is not holding up and we are forced to haul water two and often three times a day from Alamogordo. This alone takes about 90 minutes per load at best so three loads a day leaves little time for other chores. With our increased crowds our cleanup is a daily two hour job at best so being short a temporary , one ranger at Fire School and

MAINTENANCE - Cont'd

short a clerk and dry wells - we have had a time at White Sands. We hope the Region will excuse us for awhile, I am sure the quality of our letters from the standpoint of typing is obvious to our superiors.

INCREASE OR DECREASE IN TRAVEL

Our increase for the month of slightly under 1000, still allows our Travel Year increase to pass the 11,000 mark to date. Heavy crowds visit late and on a recent patrol, 135 cars were counted in the area between 8:30 and 9:00 PM.

VISITORS

Dale King of the Regional Office
Mr. and Mrs. Marsh of the Regional Office
The Fire School boys from Carlsbad and Big Bend
Lonnie and Mrs. Schafer from Hot Springs
Ranger and Mrs Earl Steele and family from Organ Pipe

RANGER SERVICE

Ranger Davis attended the Regional Fire Control Conference at Brice Canyon and spent a couple days in Coolidge on annual leave and is now all set for visitor contact work. George Hall of Alamogordo is again employed as a seasonal ranger and the other seasonal position is as yet unfilled. We hope to fill this soon. Chittum has been on the gate a lot and I have tried after a fashion to hold the clerks job down, which we have been unable to fill so far. Much we had planned to do is still undone and we seem to be getting even further behind.

GENERAL

Ranger Davis fortunately was granted a four month extension on a recall to active duty to Camp Polk, La. on July 11. Dan figures by living right he might do even better and I am sure I can make better use of him at White Sands this summer than they could at Camp Polk.

Our 4th of July celebration anticipates a crowd of between 10 and 12 thousand for the fireworks but I am afraid they are a little optomistic, I would guess a little nearer 8,500 although I imagine it will seem like 20,000 to my boys before it is all over, with this start we should run close to 30,000 for the month.

ACCIDENTS

One evening on a late patrol I came upon a freshly overturned car with four scared kids in it. None were seriously hurt although minor glass cuts here and there. The car drove off under its own power but was a sorry looking vehicle. Some 380.00 dollars damage was done to the car. Of course the kids claimed they were not going fast but it was on a curve and some remarkable skidding took place for slow speeds. One of the boys involved had been escorted to the entrance a few days before because of reckless driving, so I guess he will believe us now.

NATURE NOTES

Our Pallid bats (Antrozous Pallidus) in the utility area are separated, males and females, and of the 15 or so observed all were female and all had two babies.

In a recent bull dozing operation in the dupp grounds, several rattlesnakes were uncovered but by the time the bull dozer got through with them it was impossible to tell what variety they were.

Earlier this spring our two types of hedgehog cactus and our prickley pears put out some beautiful blooms and were much enjoyed by the visitors. The yucca throughout the monument have been in bloom for several weeks now and are quite pretty. There are a few wildflowers but the extremely dry weather has held them back considerably.

Johnwill Faris.
Johnwill Faris,
Superintendent.

RECEIVED
1934

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

Memorandum

June 28, 1951

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report for June 1951

Weather: The weather continues very dry with no precipitation recorded for the month. The maximum temperature to date was 97 degrees on June 17 and a minimum of 42 degrees June 3. The maximum temperature for May was broken when it hit 100 degrees on May 28 which is an all time high for May since records have been kept.

The readings from the six rain gauges scattered over the area were taken June 1 and the report mailed to Museum of Northern Arizona.

Inspections: On June 5 Naturalist Dale King visited the area and went over the Nalakihu and Citadel ruins trail and other problems. Changes suggested by Mr. King were carried out with the Nalakihu ruin getting a general house cleaning.

General Superintendent John M. Davis visited the area June 19 and went over our problems.

Roads and Trails: Some clay plating was done between the Citadel and Highway 89. Most of the work this month has been in the cinder area from Sunset Crater to about 5 miles north. This stretch has never been completely covered and with the dry weather is becoming very soft and cars are beginning to get stuck. On June 25 it was necessary to close the road one way from Wupatki to Sunset Crater. It is still open on the down grade from the Crater to Wupatki. The Crater entrance road has been bladed several times during the month.

Interpretive Services: At Wupatki 1207 people in 393 parties were contacted for an average time of 17 minutes per party and a total of 93 hours.

Travel: For the first time in three months travel figures show an increase. The month shows a total of 551 cars and 1643 people which is 84 cars and 200 people ahead of June 1950. The greatest amount in one day was 28 cars. Most of the travel continues to come down the loop road from Sunset Crater. On one day when we had 23 cars total, 18 came from Sunset Crater and only 5 from highway 89.

RECEIVED JUN 1951 National Park Service Region Three Office

Visitors:

5/30 Mr. Ken Lott, Highway Engineer U.S.F.S. Albuquerque, N.M.
6/3 Dan Davis, Park Ranger, White Sands National Monument
6/3 Jack Turney, Park Ranger, Bandelier National Monument
6/4 Dr. Frank E. Peabody, Zoology Dept. U. of Kansas
6/4 Dr. Walter Sorenson, Dept. of Geology & Paleontology, Museum of Natural History, N.Y.
6/4 Dr. E. H. Colbert, Dept. of Geology & Paleontology, Museum of Natural History, N.Y.
6/5 Dale King, Naturalist, Southwest Monuments, Santa Fe, N.M.
6/6v Paul F. Spangle, Park Ranger, Walnut Canyon National Monument
6/11 Fred W. Quensenberry, Adm. Aid. Petrified Forest Nat'l Monument
6/15 Lloyd Pierson, Park Ranger, Montezuma Castle, Nat'l Monument
6/16 Prof. Bernhard Peyer, Zurich, Switzerland.
6/16 Prof. Chas. A. Camp, Univ. of California
6/16 Prof. S. P. Walles, Univ. of California
6/19 John M. Davis, General Superintendent, Southwest Monuments, Santa Fe. N.M.

Wildlife: A coyote was seen at Heiser Spring June 16 and also a Bull Snake along the road near Wupatki. Clyde Peshlaiki reported seeing 5 deer watering at the tank near Wupatki Spring on June 17. They better tank up as the overflow will be dry within a week. A porcupine was seen at Heiser on June 22.

Scorpions may not be wildlife but 4 have been found in the Superintendent's residence in the past week. If this keeps up should have a bottle full by fall.

Personnel: Mr. Erwil Yarnell who has been attending college at Flagstaff entered on duty at Sunset Crater May 31 as seasonal ranger. There are now two men on duty which gives 7 day a week interpretive service and also furnishes a relief for Wupatki 2 days a week.

James R. Walker, Park Ranger terminated his services on June 2 and left for Albuquerque on a years leave of absence to finish his education.

Mr. William C. Bullard Jr. Arrived at Wupatki June 5 to take over the duties vacated by Mr. Walker leaving. Mr. Bullard entered on duty June 7 as Park Ranger.

Ranger Service: Most ranger work was confined to taking care of the visitors. On June 9 Superintendent Brueck made a trip to Crack-in-Rock ruin and CO Bar cattle company camp to get acquainted with that area. June 17 Ranger Bullard and Viklund made a trip to Crack-in-Rock ruin and surrounding area and returned by way of Black Falls Trading Post.

Spring Flow:	Wupatki	240 GPD	Same as last year this time
	Heiser	1650 GPD	Half of what it was last year

Frederick R. Brueck
Superintendent

Ranger Worthington gave 17 illustrated talks with a duration of 1 hr. and a total attendance of 550 people. These talks were given while he was on leave and at his residence after hours here at the monument.			

REMARKS: With the completion of the Wayside Exhibit this month the visitors have found it a very interesting and helpful interpretive device. Many comments appear on the register and have been made to us verbally. By proper signing the Core Nature Trail the use of this trail became so heavy that 200 leaflets were used in one week.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME: Bates Wilson
TITLE: Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

Please read them carefully.

JUL 1951
RECEIVED
National Park Service
Region Two
Office

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME Edward M. Boyle
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS; SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Revised May 1949.

NAME Homer J. Farr
TITLE Ranger

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATIVE
"OTHERS" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, MUSEUM ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR FURNISHED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. FOOT TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY, SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. NAME A. T. Bidwell
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), WORK BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL TRAILSIDE EXHIBITS, SELF-GUIDED NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHALL NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. NAME Harold M. Stiller
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY QUALIFIED SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR STATION INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR READ.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Claud Crooke
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SEE, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS GIVEN, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS WERE OPEN TO PUBLIC USE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATES; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Irving McNeil, Jr.
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MEDIA, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE HOURS OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as: "Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Superintendent on leave part of month.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total all column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic location, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical Areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE account of time of each class of Service, or the average time spent by visitors in using an interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8n3) and 9 (Report 9n3).

NAME John O. Crane
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, HORSE, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT USE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT NPS-3) AND 9 (REPORT NPS-3).

NAME
TITLE John A. Aubuchon Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE MATERIAL TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATES; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. NAME Hal. R. Supercaugh
TITLE ~~Superintendent~~

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE AUSPICES. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLACE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DUE DAY EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, Vol. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME Samuel A. King

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
The Superintendent gave a talk on the flora and fauna of Saguaro National Monument, before the Sertoma Club of Tucson.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic observation at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Data due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 832) and 9 (Report 913).

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO BUILDING AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC WHEN OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, CAR, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETAVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND SERVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND SERVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES.. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Earl Jackson
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. FIGURE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR HELD.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: Is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

Office

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accomodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please [illegible] this column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8a3) and 9 (Report 9a3).

REMARKS:

INSTRUCTIONS FOR FILLING OUT THIS
Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

July 27 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Narrative Report for the Month of July, 1951

WEATHER: Temperatures between 100° 107° have prevailed for the last three weeks. Although higher temperatures have been recorded this is the longest continued high temperature on record.

One light rain fell in the Monument; However a heavier rain fell west of highway 160, in the head of Courthouse Wash, which ran enough water to make the crossing on State route #93 Impassible, for half a day.

TRAVEL Due to the continued excessive heat & the presence of the Motion Picture group in Moab our travel shows a decrease of 10% from the same period last year; However our annual travel shows an increase of 28% over last year. during this July period 2554 visitors entered the Monument in 807 cars Representing 43 States and 4 Foreign Countries.

INTERPRETIVE SERVICES: Of the2554 Visitors 1202 were contacted at the Wayside Exhibit and 253 were contacted at Monument Headquarters. 0Guided tours with a total attendance of 59 people were made. Ranger Worthington gave 2 illustrated talks with a duration of 1hr. each to at his Residence to 10 people after hours.

The Cove Nature Trail was used by 906 People and many comments of appreciation were recieved verbally and found on the Register.

All visitors who stopped at the Wayside Exhibit expressed their interestin the information it affords.

PUBLICITY The Universal Picture Inc. started filming the Battle of Apache Pass in Court House wash in Arches National Monument on July 1 1951 and completed their work on July 8th, the entire cast of 120 people and 40 head of horses were used.

The Filming was done in the bottom of the Wash and on the slick rock rimms no damage was done and their $1.000 Bond was turned back as soon as the area was cleaned up.

EQUIPMENT MATERIAL An almost new Tron wood trailer house was delivered on July 14th by Tony Valdez ria of Bandilier Nat'l Monument. It was leveled up on blocks near the Wayside Exhibit, and will serve as quarters for our seasonal Ranger when all utilities are installed. Ranger Howard Williams has improved our Radio Transmission 100%.

An electric welder was recieved from Casa Grande, courtesy of Bill Supernaugh's pickup; However it has not yet been used as it is a 3 phase Motor and requires more voltage than we can produce.

From Grand Canyon we recieved a drill Press & 800 Ft, of #4 under ground cable.
This cable should make a great improvement in our power lines, not only in looks but in ifficiency.

NPS VISITORS: Mr & Mrs Jerome Miller & Daughter Regional Office
Tony Valencia Bandalier National Monument.

ROADS: Maintenance Man Winbourn took advantage of the one light rain recieved in the Monument and Bladed all Roads, The State highway Dept. spent 3 days shaling the worst stretches of approach Road # 95, This work improved the condition of the sand holes, but considerable moisture is needed for a good Blading job.

ACCIDENTS: This narrative report is being written in a rough draft for Ranger Worthingtons completion.
At this writing I am now taking my ease in the Grand County Hospital, Following an Accident which occured on July 26 at the Wayside Exhibit. While attempting to hitch a compressor, mounted on a 2 wheel trailer, to a pickup, I recieved a deep cut on the back side of my right leg, just above the knee, when the tongue of the trailer swung unexpectedly and caught my leg against the license plate bracket of the pickup. The cut is over 2" long with one main muscle severed, but thanks to the quick and efficient 1st aid action of Ranger Worthinhton and Maintenanceman Winbourn, And Dr, H.V. Temples Skilled stitching job no complications are expected.

T. Earl Worthington

T. Earl Worthington
Acting Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 July 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Report 1ml, Superintendent's Monthly Narrative

WEATHER: Warm, and conducive to unprecedented travel by the visiting public. During this report period we have had three storms in which the total amount of precipitation recorded was just a trace.

INSPECTIONS: Dr. Erik Reed inspected the ruins stabilization the 17th.

MAINTENANCE: The great kiva roof has been repaired by laying a new paper cover over the torn portions. We are currently working on the roof of the garage-storage building.

Ruins stabilization is being carried on until Aug 1, when archeologist aide, Raymond Dixey will be transfered to White Sands.

INTERPRETIVE SERVICE: There were 2,084 visitors in 280 parties conducted thru the ruins and 4,306 visitors in 473 parties shown thru the museum.

RESEARCH AND OBSERVATION: We have received much favorable comment on the new signs recently placed naming the local shrubbery.

We are able to report for the first time the presence of a virginia rail on the monument.

INCREASE IN TRAVEL: About 31% over July 1950 with 4,306 visitors in 1,270 cars from 46 states, D.C., Alaska, Brazil, Canada, Hawaii and Venezuela. It is physically impossible to give the proper type of service to the ever increasing numbers of visitors with our present personnel of 2 permanent and 1 temporary rangers. We trust those not able to see the ruins on our regularly scheduled trips will not be too harsh in their condemnation of the ranger service at Aztec.

VISITORS: June 27, Ranger and Mrs. Don Black, North Rim Grand Canyon. July 9 a group of 34 graduate students in geology from the University of Illinois under the leadership of Dr. H. R. Wanless. July 10,13 girl scouts of Troop #5 Glenwood Springs, Colo. with Mrs. Geo. Wilson. July 12 Dr. J E Weimiek and family visited enroute to Mexico City. He is from the Univ. Mich. on an anthropological study. July 22, Don P. Cordz USIS, Dulce, N.M.

RECEIVED JUL

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

July 30, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for July, 1951

Weather

July proved to be the hottest month on record with an average maximum temperature of 96 degrees. Minimum temperatures were generally in the fifties but 43 degrees were recorded on the 10th. The hottest day on record occurred on the 8th when the temperature went to 106 degrees.

Practically no rain was received until the evening of the 13th when .80 inches brought tempor_) relief from the severe drought conditions. Altogether 1.39 inches of moisture were received, which is far below normal.

The Rito de los Frijoles went dry in the campground the last of June and did not start to flow again until July 24. This is the longest period that old timers have know the Rito to be dry this far up the canyon.

Special Activities

Mrs. Mary Nogi Clubwalla, Madras, India, who is in this country as a guest of the State Department, visited the area on July 17. Naturalist Arnberger brought her out from Santa Fe and she was accompanied by Mrs. Bailey, Indian Service, Albuquerque, New Mexico. This is the first Service area that Mrs. Clubwalla has visited and she seemed to be very much impressed the the National Park objectives. She is an ardent conservationist, and is working for the establishment of parks and recreation areas in India.

SAVINGS
BONDS
AND STAMPS

The Superintendent and General Superintendent Davis attended several meetings with the Los Alamos County Commissioners and the State Highway Commission relative to the allotment of secondary road money for the improvement of Highway 4 between White Rock and the end of the new construction about 1½ miles from the checking station. The county commissioners are favorable to designating this section of road as number one priority in the county, and it now remains for the State Highway Department and Bureau of Public Roads to agree on the construction. It is anticipated that the available money will construct all but about two miles of the remaining unpaved portion of the approach road.

The second In-Service Training group from the Region Three Office visited the area on the 18th. The group was in charge of John Kell and Dale King.

The Region Three Office Woman's Club sponsored a party at Frijoles Canyon Lodge on July 13. Seventy-two persons attended, which included most of the Bandelier employees.

Inspections

Regional Soil Conservationist Balch made an inspection of soil erosion along the lower Frijoes and Rio Grande canyons in connection with the inclusion of Bandelier in a soil conservation district. An inspection was also made of the slope in back of Frijoles Canyon Lodge, and remedial measures were recommended.

General Superintendent Davis and Architect Saunders visited Bandelier on July 25 to inspect facilities and discuss the rehabilitation program.

Maintenance

The maintenance man spent the first half of the month delivering house trailers, that were received from Fort Sumner, to various areas.

Considerable work was accomplished in cleaning the cases in the museum. Part of the cases in the first and all cases in the second room were cleaned.

The power transformers were rewired to give better power distribution and this also eliminated the necessity of purchasing a new master meter for the area.

Approaches to Monument

The approach road was in a deplorable condition until the middle of the month when a good rain made it possible to grade it effectively. It has been graded once a week since then and is smooth although dusty.

The large entrance sign was erected on a temporary installation pending completion of the section of Highway No. 4 that is now under construction near the checking station.

Two new signs were carved that will be installed 200 yards on each side of the entrance road to warn visitors that they are approaching it.

Concessioner

Lodgings at Frijoles Canyon Lodge took a decided drop under the number for July, 1950, and were less than the number for June of this year. There were 165 guests and 208 lodgings as compared with 276 guests and 386 lodgings last year. Much of the decrease is thought to be due to the widespread publicity asking people to stay out of the forests because of the high fire danger. Although the restrictions applied to the national and state forests, the general public did not make any distinction between those areas and the Monument. Many people thought that the Monument was closed entirely and expressed surprise at finding it open.

Interpretive Service

There were 174 conducted tours to the ruins that were attended by 3471 persons. This is a decrease of four trips and 273 persons under July, 1950.

The trailside information station, that includes a reconstruction drawing, was installed at Tsankawi Ruin.

Travel

Travel took a decided drop during the first part of the month due to the high forest fire danger, but increased during the last half. There were 7453 visitors as compared with 7557 last July. The decrease in actual count was due to the fact that checking was from 8:00 A.M. to 6:00 P.M. last year and from 8:00 A.M. to 5:00 P.M. this year.

Visitors

The J group from the Los Alamos Laboratories, under Dr. Graves, held a party at Frijoles Canyon Lodge. This is the group that was in charge of recent atomic experiments at Eniwetok.

Louis Kirk, ranger at Death Valley, and his family were visitors on July 13.

Chet Miller, ranger at Lake Mead, and his family were also visitors on July 13.

Mr. Oliver Milton, game department, Tanganyika, East Africa, visited the area on July 14.

Mr. W. Taylor Marshall, Director of the Desert Botanical Garden, Tempe, Arizona, was a visitor on July 15. Mr. Marshall identified several cactus plants for the information of the rangers.

Mrs. Patraw with her nephew, Guyon Morsereau, Montreal, Canada, visited the area on July 18.

Forest Fire Control

Emergency forest fire danger existed during most of the month. Two emergency fire control aides were on duty until July 14 and one until July 27. They were stationed at Upper Crossing in Frijoles Canyon and at Base Camp in Capulin Canyon. No forest fire occurred, for which we were all very thankful.

The fuel moisture sticks dried out to 1.5% which is the lowest on record, and at the same time the burning index went to 94. All of the area except the campground and headquarters was closed to smoking and campfires during the emergency period.

Building Fire Protection

A routine inspection for fire hazards was completed by the supervisory ranger this month.

Fred W. Binnewies
Superintendent

Canyon de Chelly National Monument
Chinle, Arizona

July 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for July, 1951

Visitor Travel: Very definitely on the increase. 642 this month compared with 417 for the same period last year. Also, the current travel year shows a 44% increase over that of 1950. 167 were overnight campers. Guide and contact service totaled 99 hours, 50 minutes. The increased visitation is surprising considering the bad conditions of some of the roads.

Weather: Showers on the 18, 19, 21 and 22 for a total of .79 of an inch. This is below normal for July, however, it has been far below normal for the past two years. Also, it has been well over a year since water has flowed in the canyon - consequently canyon travel is impractable. A four-wheel drive vehicle is necessary for the trip.

Roads: About 30 miles south of the monument, on the road from Ganado, the Highway Department succeeded in tearing up a stretch of about four miles and then abruptly stopped work - due, apparently, to lack of funds. Visitors are having a very difficult time getting through. Many turn around and go back without seeing the monument. The Saw Mill road is passable but muddy. Monument roads are in good condition.

Special Groups: 50 members of the Presbyterian Church Traveling Seminar from 17 states on June 28. Also, one group of 15 boys from the Mountain Meadow Ranch, Prescott, Arizona, on July 18-19. All camped overnight and were given conducted tours.

N.P.S. Visitors: Louis Kirk, Death Valley N. M. on July 12, and James Youse, Petrified Forest on July 16-17. Also, William B. Sanborn, N.P.S. Collaborator on July 15-16-17.

Archeology: David L. DeHarport arrived on July 1 to continue the ruins and site survey initiated in 1948 under the Peabody Museum permit.

Everett W. Bright

DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Capulin, Mountain NATIONAL MONUMENT

Capulin, New Mexico

July 25, 1951

Memorandum
To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr
Subject: Monthly narrative report

Visitors: Five thousand two hundred and fifty visitors registered on top of the Volcano this month, makint a total of seventeen thousand three hundred and forty for the travel year and five thousand two hundred and fifty for the fiscal year to date.

Weather: Have had only about one inch of rain during the month, with much warmer weather throughf the month than we have had for many years.

Flora & Fauna: Good rains in May gave us a good start of vegetation, but June and July were very dry. So far vegetation has maintained it's green cast, but is very sadly in need of rain. The wildlife is doing fine, and our State Game Warden tells me of an extra heavy deer population in this district.

Roads and Trails: The trails have had no maintenance work done on them this month, but the road has been kept in excellent condition by smoothing and grading for three days.

Special Visitors: Our friendly General Superintendent, Mr. John M. Davis, accompanied by Mrs. Davis was here to pay his annual visit on July 18. Mr. Davis and the ranger went over several minor things for the Monument, and Mr. Davis, like all our visitors who walk around the rim, complimented our trail and trail booklet.

Information Pamphlets: 12 pamphlets have been mailed to various people requesting them, and 4,500 have been given to visitors, leaving 7,914 on hand.

Very truly yours,

Homer J. Farr, Ranger

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

July 25, 1951

Memorandum

To: General Superintendent, SWNM

From: Superintendent, Casa Grande

Subject: Monthly Narrative Report for July, 1951.

General: We have had ideal Arizona Shirtsleeve weather this month; a maximum of 115°, a low maximum of 106°, and a mean maximum of 110°. Worst of all, the humidity has been terrific; for the first time in years people have been dieing from heat prostration. Inspite of the hot humid weather, our travel shows a very slight increase over the same month last year.

As usual, the drouth is the important topic of conversation; the .22 inch of rain that we received during the month did not even settle the dust. Several wells in the region have been pumped dry within the past few weeks. However, inspite of the drouth, the cotton crop looks good and with any luck at all, this will certainly be a bumper year. (We are afraid to even think about another year with the water table dropping as fast as it is; another 600 years from now may find the archeologist tracing a migration from the valley -- dated some time around 1952.)

Weather: Plenty hot and plenty sticky.

High Maximum temperature	115°
Low Maximum temperature	106°
High Minimum temperature	81°
Low Minimum temperature	65°
Total precipitation	.22 inch

Visitors: Travel has been slow but steady with an increase of only 25 visitors over the same period last year. It has been interesting to note that during the extremely hot weather that most of our visitors are from a radius of 100 miles and that 90% of them gripe about the heat; one can not help but wonder if these same people visit Alaska during the winter.

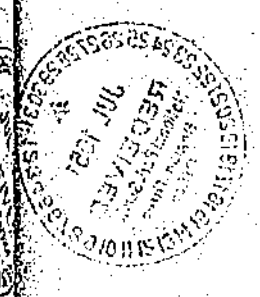
	1951	1950
Visitors during July	1,871	1,846
Increase	25	
Visitors for travel year	35,786	31,783
Increase	4,003	
Serviceman	7	

Interpretive Service: Of the 1,871 visitors to the area, 867 made the trip to the "ruins" in 150 groups, averaging 44.2 minutes per trip. There were 1,004 visitors who made only a short stop and did not go to the "ruins"; some 70 % of these did spend some time in the museum.

Administration and Protection: There were 5 requests for information, which were answered the day that they were received. Fire extinguishers were checked during the month; all buildings were inspected for fire hazards. Adamsville received its monthly check.

Maintenance: The plaster was repaired in residence 2-4, and the living room, kitchen, bathroom, hall and sleeping porch were painted. When this work was completed, work was started on residence 4-4. The painting and relettering of all signs continued; another 26% was accomplished, bringing the total about 70% of all the signs. It is hoped to have all the signs completed this month.

Museum: Another panel was added to the multi-plex. Thanks to Arizona Highways, we were able to make up a series of cactii blossom pictures. A second panel showing the use of the Saguaro Cactus by the Indian is being prepared and should be up before to long. The printing of new labels for the bird study skins is also nearing completion.



Wildlife: What seems to be an unusually friendly kit fox has been seen behind the museum twice during the past month.

RECEIVED JUL 1951 National Park Service Region Three Office

Wildflowers: The Night Blooming Cereus at the west end of the museum has had five blossoms during the month.

Library: Thanks to the Southwestern Monuments Association we have received a copy of Lieutenant Emory Reports -- which appears to be an edited version of Notes of a Military Reconnoissance which was published in 1848.

A. T. Bicknell
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

Memorandum

July 26, 1951

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of July, 1951

Weather Conditions

Although a few light showers have occurred in surrounding areas the severe drought condition continues. We had a total of .04 inch of precipitation for the month but it came a trace at a time and hardly dampened the ground. The underground flow in the wash has lowered considerably and it is necessary to pump both wells in order to get enough water for each days use. Water for Mobile unit work is being hauled from the CCC well. At present it looks as if the situation might be relieved soon as showers are occurring near by.

The heat and dryness have undoubtedly affected visitor use and travel. Our highest temperature was 98 with the mercury staying mostly around 95 degrees. Nights were generally cool with a minimum of 51 degrees.

Administration

Administrative work during the month has been kept up to date along with getting property records straightened out and working on records and files.

Maintenance

The refilling of the trenches dug for recovery of pipe was completed. A small pump was installed at the CCC well to furnish water for Ruins stabilization activities. Four carved wooden signs were made and installed around headquarters.

The many years accumulation of tumbleweeds were cleaned from around the clumps of greasewood and all noxious weeds cut and cleaned from Pueblo Bonito and the trash mound. Curbstones were relined and the whole area generally cleaned up.

Twelve loads of fill material was hauled on the dyke or road in front of Wijiji and some work was done on other S&MC structures.

RECEIVED JUL 1951 National Park Service Region Three Office

Travel

Road conditions have not been conducive to travel yet we had 353 visitors which is an increase of 42 percent over July of last year. Travel year to date figures show an increase of 25%.

Visitors

Tung Li Po of Amoy, China
Marmelore Ludvig of Heidenbein, Germany.
Mr. Fred Eiseman and 12 lads with the Prairie Trek Expedition.
Dr. Keinholtz and 32 members of University of Connecticut School of Forestry.

N.P.S. Visitors

Dr. Eric Reed, Regional-Archeologist to lecture to the University of Connecticut group on July 16.

Interpretive Services

A total of 52 trips were made thru Pueblo Bonito with 312 visitors. A total of 74 hours and ten minutes was spent in Guide and Contact time.

The Superintendent gave two talks to the Prairie Trek Expedition. One an illustrated lecture and one informal talk on the Navajo.

Dr. Eric Reed gave a talk to 32 members of the University of Connecticut Forrestry Group.

Personnel

Jack R. Williams was terminated from the Laborer Foreman Position and has reported to Navajo National Monument for Seasonal Ranger duties.

Raymond Rixey who has been serving as Archeologist Aide with the Mobile Unit has accepted a transfer to White Sands National Monument where he will report for duty around the first of August.

Meredith H. Guillet
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

July 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

Following is the July Narrative Report for Chiricahua.

General. Operator Marble took eight days leave during the month in connection with trips to Douglas where Mrs Marble underwent a surgical operation. Superintendent Cook took three days leave to take Mrs. Cooke to Tucson where a second Xray showed a so called sprain of three months ago to be a broken foot bone.

Weather Conditions: The drouth has at last been broken. We had our first good rain July 12. To date, we have had 1.51 inches of rain in July. Light rains have been falling every day or two so we feel somewhat easier in regard to fires.

Maintenance. The clutch in our road grader quit working and it has been necessary to build a frame to lift the engine out to make repairs. We now have the grader "laid up" awaiting parts at the time when it is needed most due to the rainy season.

Approaches to Monument. Rains have settled the dust on the approach roads and they are now in quite good conditions.

Interpretive Service. Interpretive activities were quite good this month and consisted of 5 hikes averaging 1/2 hour each, 1 horseback trip of 6 hours, 2 illustrated lectures, slide shows, of 2 1/4 hours each. and one orientation talk at Massai Point of 1 hour. 1617 visitors were contacted in the museum in 364 parties.

Travel. 1706 visitors came to Chiricahua this month. This is a decrease of 116 below July of last year.

Visitors. Ranger and Mrs. Leding of Organ Pipe Cactus made an overnight visit to Chiricahua during the month.

Forest Fire Protection. The recent rains have eased the fire situation some. There have been a number of fires on the National Forest to the south of the monument, but none have reached any large size. Campgrounds in the National Forests have been closed for about six weeks. This has kept some campers away from the monument, due to the usual confusion, in the minds of visitors, of Forest Service and Park Service. An article was sent to the five local newspapers to try to remedy this, and campers have started coming to our campground again. No smoking while traveling signs were posted in June and will be left up until we feel a little surer of the rainy season.

Accidents. Temporary Ranger Anderson upset the pickup in connection with meeting a visiting car on the road. No damage to the visitor's car and no bodily injuries occured. Informal bids were secured for repair of the pickup. Accident damage will amount to about $200.

Clair V. Cocke

Clair V. Cocke
Suporintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

July 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for July 1951

Weather. Several heavy rains broke the drought spell that has been with us so long. We had three inches of rain at headquarters during the month with heavier rains reported south of the Monument. Over six inches was reported at Claunch, New Mexico, 14 miles south and east. About twenty days of this report period could be classified cloudy or partly cloudy. Maximum temperatures for the month averaged about 92 degrees with the temperature reaching 100 degrees only once and that on July 8. Minimum temperatures averaged about 65 degrees.

General. The farmers of the vicinity again report a poor year. High winds and very little moisture prevented extensive planting and only a small percentage of crop planted will reach maturity. Winter wheat and feed grass were the two main crops attempted this summer.

Maintenance. The cleanout of San Ysidro mission was completed during the month. Excavation near the entrance to the church revealed four holes in the floor, evidently for the vertical timbers which supported the choir loft. No timbers, however, were found in the rubble.

Four man days were spent on the entrance road patching washouts and leveling.

A new repeating coil was installed on the telephone line by the Superintendent. Lightning burned out the line at three different points during the month and four man days were necessary to place it back in operation.

Flora. The staghorn cholla cactus in the area bloomed profusely again this year, but conspicuous in its absence were last years blue asters. It might be that the area will have a late flowering due to so little moisture the past few months.

Public Health. Results of the rodent survey conducted by the Department of Health several months ago were received. The State laboratory informs us that 8 pack rats collected were positive for tularemia, in species Sylvilagus audoboni and Neotoma albigula.

RECEIVED JUL 1951 NATIONAL PARK SERVICE

Personnel. Termination papers were submitted for Laborer Jess A. McGrady.

Exhibits. Two easel exhibit stands were constructed for placement along the mission trail. The Naturalist's office is preparing the material and these interpretive aids will be located sometime next month.

Approach Roads. The State Highway grader bladed the approach road in from Mountainair several times during the month so it is in good condition. Heavy rains closed both approach roads for short periods which undoubtedly influenced travel to the area, but on the whole, road conditions are improving.

Travel. 352 visitors in 96 cars entered this month, a decrease of 19 percent under last year. Threatening weather held back a good deal of our visitors this month.

Interpretive Services. Guide service was provided to 224 persons in 54 parties for an average of 46 minutes per party. 274 persons in 69 parties visited the exhibit room and 41 parties of 128 persons used the self guide visitor trail through the mission.

Ray B. Ringenbach
Superintendent

JUL 1951

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
July 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

There were 610 visitors during July. This is a 20 per cent increase over a year ago. These people came in 171 automobiles. Of these visitors, 506 took a trip around the Rock in 111 parties, 167 persons in 28 parties received an orientation talk and 75 persons in 15 parties went over the top of the Rock.

The weather has remained dry. Although July is usually the rainy month, we have only had three light showers totaling .27 of an inch of rain. The pool sinks lower and lower. The local farmers are getting more and more discouraged and are still moving out. The Ramah reservoir is still passing a little water through its gates. Incidentally, the fishing is fine. For example, my father and I caught 32 fish today.

The approach roads are in good shape. Again this month, the county grader came in and gave our roads a good working over which included not only our immediate approach road but the road and parking area within the Monument. If it would really rain once, the grader could do so much more.

Several small jobs were accomplished. The last concrete table was erected and concreted in place. The floors in the Office and residence were refinished. The ranger cabin roof was patched. All the large wooden signs on the Monument received several coats of stain and paint. Cal Clawson is working on the surfaced trail by putting a new coat of bitumuls and sand on it. We have a heavy roller and after the sand is sprinkled he rolls it. Certainly does help the appearance.

The technician came by last month, checked our light plants and corrected their speed and voltage output. This month, as he was here the week of the 4th, here merely called to be sure both plants were working O.K.

The old refrigerator, 17 years old, was replaced with a new one. The new one was so large and heavy that the ranger and superintendent could

not very easily unload it and place it in position alone. Several of our neighbors heard of our plight and volunteered their services to help install it.

One Sunday, just at closing time, we received a call to go on a forest fire. The ranger and I left immediately and it was 3:00 o'clock the next afternoon before our relief came. The fire was in the volcanic malpais country and was a rough fire to fight. A good many men just quit because of the rough country. A few days later, some visitors reported another fire nearby, but fortunately is was under control in a short time.

As there is no telephone in any of the residences in Ramah, it is impossible to get a telephone message through to there at night. We have taken several emergency messages for the townspeople. It was our sad duty to take a death message late one night a week or so ago.

In the way of research, we just keep pegging along, hampered principally by lack of time to devote to it. At long last we finally got in touch with a man in Mexico City who is in a position to give us some information on some of the Spanish names on the Rock. As a matter of fact, we now have several men in various capacities in the City who are interested. We have received some mighty nice cooperation in this project. However, it is not something that can be done over night. Securing complete information on both the Spanish and English names will be a long drawn out process, but we are making good headway.

One National Park Service visitor, Paul Balch, was in for a day. We learned a good deal from him as he was preparing a map for the Soil Conservation program and we appreciated his stay.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

July 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Great Sand Dunes

Subject: Superintendent's Narrative Report for July, 1951

Weather Conditions

The extreme drouth in the San Luis Valley continues. Only 0.03 inches of precipitation were recorded this month and I believe that the decrease in travel is due directly to the dry conditions since out-of-state travel has increased. Road conditions are very poor due to the same drouth.

The maximum temperature for the month was 90 degrees on July 7 and the minimum recorded was 46 on July 9 and 24.

Special Activities

A special trip to Medano Pass was made on July 9 with Messrs. Stewart and Dulaney of the Zapata Ranch to check on the amount of water being diverted over the pass into the Wet Mountain Valley. This water was turned back into Medano Creek on July 15. The stream was so low at that time that we were concerned about the fish in it.

Inspections

Mr. and Mrs. Davis visited the Great Sand Dunes on July 11 and 12 for a general inspection. Particular attention was devoted to the possibility of fire from several hazards we have here at headquarters.

Maintenance

The only job accomplished other than the routine was removal of the propane tanks from the side of the expandable trailer to a site 20 feet away. This will be finished this week to eliminate a bad fire hazard.

The road was bladed once a week but it is still very rough.

Approach Roads

Alamosa County bladed the approach road weekly during the month

RECEIVED JUL 1951 Mathematical Service Region Three Office

but it is steadily getting worse. Last Sunday we put markers on one very bad hole which developed suddenly near the Zapata Ranch headquarters. The county expects to bring in trucks next week to fill the worst holes.

Survey

Both Ranger Jaramillo and I spent a great deal of time with Messrs. Bradley and Jenkins on the traverse line survey of the dunes. The survey party, which was here until July 13th, also located the boundaries of the property outside the monument which the Service purchased from Lingers. This will be posted with boundary signs before hunting season.

Mr. Bradley also made a triangulation on one of the dunes opposite headquarters and found it to be 615 feet higher than the campground.

Concessioner

The A. W. Graves Saddle Horse Concession has done very little business in the monument during the month. The two week pack trip to Sand Creek Lakes (outside the monument) was quite profitable, however, as 18 horses were used.

Research and Observations

Thirty two more species of flowering plants were collected during the month for identification by the National Museum. None of the specimens taken this year have been forwarded yet but I expect to send one shipment this next month.

Silver Jaramillo and I tracked a black bear from Sawmill Gulch to the mouth of Mosca Creek Canyon on the morning of July 16. The track of 7½" length indicated that he was average in size.

Visitors

National Park Service visitors during July were Mr. and Mrs. Davis of the Southwestern National Monuments and Willard Bradley, James Jenkins, and John Kell of the Region Three Office.

School groups visiting the Great Sand Dunes on field trips included a group of 45 geology students from the University of Illinois and another group of 46 students from the high school at Pasadena, Texas.

Decrease in Travel

The total number of visitors during July, 2915, dropped almost a third from that of last year. This came in spite of an increase of 99

visitors from out-of-state.

REMARK OF THE MONTH--made by an elderly lady to three others in her party--"You had better go the restroom even if you don't need to--it's so nice and clean."

(SIGNED)

Glen T. Bean
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

July 24, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, July 1951

Weather: It has been hot and it has been dry. Maximum temperatures for the past twenty-eight consecutive days have read from 101 to 109 degrees. Nights have also been warm, and only .15 inches of rain fell during this report period. Light rains in the surrounding mountains have caused only a humid condition here in the valley. Beaver Creek has stopped flowing but still contains enough water for the area's wildlife.

Travel: The hot weather seemingly has not affected travel to this area. In fact, a record for any given month was established this July when 6,775 people in 1,936 cars visited the monument. This amounts to 284 people more than came last year in August, the previous record month. Broken down the figures show 4,841 people and 1,334 cars to the Castle and 1,934 people in 619 cars to the Well.

Interpretation: Full priority was given to interpretation work throughout the month. 229 tours were made to conduct 1,691 people through the Castle, and about 3,500 visitors used the Sycamore Trail. The museum was visited by 4,500 people. At the Well, 619 visitors saw the museum and 1,934 hiked the Loop Trail. On several occasions, special interpretive talks were given large school groups.

Archeologist White prepared a tentative outline for the proposed interpretative talk to be given at the Castle after the model is installed.

Visitors: On June 29, ten Boy Scouts from Port Arthur, Texas.
On July 6, Artist Paul Coze and a group of art students from Phoenix.

On July 6, twenty-eight boys from summer camp at Prescott.
On July 6, Sanitary Engineer Craun, State Board of Health, Phoenix.

On July 10, Ranger and Mrs. Bill Bullard, Wupatki, and on July 18, Ranger Bob Vickland, Sunset Crater. Also during the month, Ranger and Mrs. Paul Spangle, Walnut Canyon.

Visitors, continued: On July 10, twelve boys from summer camp at Prescott.

On July 13, a group of Boy Scouts from Redlands, California.

On July 14, thirty-two foreign students from the Quakers Internation Seminar now being held at the Verde Valley School.

On July 16, twenty-six students from Arkansas State Teachers College.

On July 22, fifteen Y.M.C.A. boys from San Diego.

On July 22, thirty-five students from North Texas Sate Teachers College.

On July 25, thirty-five students from East Texas State Teachers College.

Construction & Maintenance: The shelter for the model of Montezuma Castle was constructed in Cottonwood and delivered to the area. This shelter rests on skids pending permanent location and is complete with the exception of doors and windows which will be installed later. Nothing has been heard regarding the model which is being constructed in Washington.

The large sign, made last winter, designating "Montezuma Well, National Park Service, Department of Interior" was installed on a rock foundation just east of the museum. Also at the Well, two foot bridges were installed across the irrigation ditch surrounding the picnic ground.

Public Health: Following a request from this office, Sanitary Engineer Braun of the State Department of Health arrived to look over the headquarter's water system. To eliminate positive water samples, Mr. Craun suggested that the well again be heavily chlorinated. Since he could find nothing wrong with the physical system, he was of the impression that contamination might have occurred at time of drilling and that previous chlorination was not heavy enough to remove bacteria that had built up. Following Mr. Craun's suggestion, the well was subjected on July 16 to over 100 p.p.m. chlorine which was held in contact for over twelve hours. Water smples are being collected regularly since that time in an effort to determine if the trouble was in the well or in the water supply itself. No report has as yet been received from the State laboratory.

Traffic Count: Following our request for a traffic counter, the Arizona State Department of Highways even went so far as to send a man up from Phoenix to install one for the monument. This meter is located on the highway just before entering the loop parking area at the Castle. Installation of the counter has made the counting of cars much easier and of course much more accurate.

Publicity: An article, prepared by the superintendent, on law enforcement at Montezuma Castle appeared in the July issue of the

"Arizona Police Magazine." A picture of Montezuma Castle and of the monument personnel also appeared along with the article.

Personnel: Seasonal Ranger Harvey N. Koller resigned effective July 21, to accept a permanent position with the Forest Service as Assistant Forest Ranger, Beaver Creek District. He will be replaced by Joe Bowden from Pittsburg, Penn.

JOHN O. COOK

John O. Cook
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

July 27 1951

Memorandum

To: General Superintendent

From: Superintendent Arches

Subject: Monthly Narrative Report for the Month of July 1951, Natural Bridges National Monument.

Weather: The same as any place in Southeastern Utah " Hot & Dry;

Travel: A total of 559 people visited the area in 176 cars. These figures show an increase of 88% over the same period last Year.

INTERPRETIVE SERVICE: Of the 559 Visitors, 373 were contacted at Headquarters and 25 at Ranger Redds Residents in Blanding Utah. Two guided tours were made with an attendance of 5 people, Total contact time ammounted to 43 Hours.

SIGNS: The two new warning signs placed on the Kachina ladder trail have drawn a number of appreciative comments from the visitors. Sixty Nine people used this trail during the Month.

TRAILS: The lag screws in the rungs of all new laddors were tightened and a guard rail on the Sipapu trail was rewired. No maintenance due to flood water has been necessary. But Ranger Redd reports liquid dust ankle deep in the Canyon bottoms.

COMMUNICATIONS: Ranger Williams Arches, spent two days adjusting and testing the Radio set assigned to Natural Bridges. He has also constructed a vertical aerial which can be easily errected and taken down.
A trip was planned to make this Radio installation on July 27th; However it was necessary to postpone the trip due to an accident which put the Superintendent in the Hospital.

T. Earl Worthington

T. Earl Worthington
Acting Superintendent

Navajo National Monument
Tonalea, Arizona

July 30,1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report, 1ml, July, 1951

Travel: The first two weeks of this report period indicated a slump in the number of visitors for July, however, the total visitation went from 104 in 1950 to 167 in 1951.

Weather: We seem to be sharing the weather so prevalent in the Southwest this year - very hot and d-

Roads: We have had no opportunity to do any road work due to the dry condition. The road from Tuba City is very corrugated but there are not many sandy spots.

Visitors: Gordon Vivian and family from Chaco Canyon. Ranger Louis Kirk and family from Death Valley. Messrs. Farmer, Sloight and Cheney, working in behalf of the Navajo Tribal Council. Mr. and Mrs. Sanborn. Dr. Wyman and Dr. Flora Bailey.

Museum: A few Navajo craft items have been added to the museum. A large photograph of Inscription House Ruin was received from Barry Goldwater for display. The floor of the museum was removed and cement pillars poured. The joists are 2 X 4's, 9½ feet long and had no extra support. It seems quite solid now. The SWNMA has donated $50.00 to be used in the Navajo museum project.

General: The hogan roof was temporarily repaired in case we do have rain. A new sign for use at Inscription House was made and a registration box to be used there. The sign from Betatakin was brought up and repainted. Stakes for use on the Keet Seel self guiding trail were made and painted. Some native grasses were planted in the headquarters area and much to my surprise some of it was up one week later. Some work was done on Sandal Trail and it is ready for marking.

Personnel: Seasonal Ranger Jack R. Williams reported for duty July 16. We are glad to have his services for the rest of the season.

Special Interest: After going through all the records available, it was found that no more than 1,049 persons had visited Keet Seel Ruin since its discovery in 1894, through June 1951. No actual count of visitors was kept for several years so an estimate was made which I think was fairly accurate. We are using this number as a basis for registering future visitors to that area.

John A. Aubuchon
John A. Aubuchon
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
P. O. Box 38, Ajo, Arizona

July 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Organ Pipe Cactus

Subject: Monthly Narrative Report, Ml, July 1951

Weather

July has been hot with several days of high humidity for this area, which has caused some discomfort. High for the report period was 111 degrees on July 6 with a low of 60 degrees on June 26. While light showers on six occasions produced .79 in.of rain in the headquarters area, heavy rains have occured in the Ajo Mountains and caused considerable flood damage to the highway at Alamo Wash and filled many others with sand.

Special Activities

Supervisory Ranger Lofting spent July 1 to 13 at Saguaro National Monument on pre-supervisory activities.

Maintenanceman Guinn made a trip to Santa Fe to exchange the new Ford Pickup for a coupe pickup.

An investigation was made of public lands for recreational purposes and use by Pima County. A special report covers this in detail.

Maintenance & Construction

The telephone system was installed in the headquarters area during the month, which will save a lot of time and shoe leather between buildings.

Cabinets were built for exibits and displays in our remodeled administration building.

Mexico - New Construction

Of interest to this area is a new road now under construction from Santa Anna to San Luis via Sonoyta. The survor is completod with construction moving rapidly in several locations along the routs. This road will follow near the International Boundary from San Luis and east of the Sonoyta gate where it then turns southeast toward Santa Anna. This will probavly take most of the trucks from the Monument highway and will make much shorter the route to California.

Visitors

Doctor Giuseppe Scortecci, Director of the Zoological Institute of The University of Genova, Italy, spent June 25 to July 4 in the area studying American deserts.

W. Taylor Marshall and Jim Blakley of the Desert Botanical Garden, Tempe, Arizona.

Personnel

Ranger Steele returned from annual leave July 20, Ranger Leding left on leave about July 17, and Superintendent Supernaugh will leave August 4. Maintenancoman Ginn will return about Aug. 1.

William R. Supernaugh
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

July 25, 1951

MEMORANDUM

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Narrative Report, July 1951

General

High temperatures and high humidity joined together to produce hot sticky weather for the month of July. No heat records were set, but the dogged continuance of these conditions broke a record. For 37 consecutive days Saguaro recorded a daily high of 100° or better.

Thundershower activity, which usually commences around July 1, did not start until the eleventh of the month. The forested area received very light showers on a number of days which tended to partially alleviate the extreme drought conditions of the first part of the month.

Emergency conditions were in force in the forested area from July 1 - 13. All employees were on overtime or standby status on these days. Ranger Leding of Organ Pipe Cactus was assigned to Saguaro for this period. Ranger Clancy of Casa Grande was alerted for possible fire fighting duty. The emergency passed without incident, however. The first showers were quite gentle and accompanied by little or no lightning. Toward month's end the shower activity subsided, and it appears at present that the drought may once again bring a return to emergency conditions.

Visitation was good throughout the month considering the abnormal temperatures. Apparently the fear of excessive summertime heat in Southern Arizona has been dispelled completely.

The hauling of water to Madrona Ranger Station had to be undertaken during the middle of July. At present, prospects are poor for any alleviation of this condition.

Temperatures at Headquarters ranged from a low of 72° on July 16 and 17 to a high of 110° on July 6.

Total rainfall at Manning Camp measured 1.03 inches.

Maintenance - Roads and Trails

The Fire Control Aids accomplished considerable work on the Patrol Loop trail in the Rincons. Only a minimum amount of time was spent on this work on account of the high fire danger requiring constant patrols.

Approximately four miles of the Cow-Head Saddle Trail - Manning Camp has been rehabilitated . The trail crew will continue this project until it is completed.

The Cactus Forest Looproad was bladed during July and is in good condition at present.

Approaches to Park Area

All All approaches were bladed during the month and are in fair condition.

The Pima County Board of Supervisors has approved $150,000 for the paving of the Spanish Trail Approach Road. This appropriation must now be approved as part of the state highway department budget which will not be acted upon for another 60 to 90 days.

Accessions

A 32 foot Ironwood house trailer was delivered to Saguaro in July by Maintenanceman Valencia of Bandelier. This is a fine trailer and will be used by the Headquarters Ranger as living quarters.

Interpretive Services

A total of 878 persons in 260 parties were given interpretive service at headquarters. This amounted to a total of 60 hours for an average of 13 minutes per party.

Research and Observation

July 10, One White Tailed Deer (Buck) observed in forested area.
July 18, One Mohave Rattlesnake in process of devouring a lizard photographed by Ranger Benson.
July 18 and 19, Night Blooming Cereus plants bloom at Headquarters.

Travel

A total of 1,597 persons visited Saguaro National Monument in July. This represents a decrease of 1,581visitors as compared to last month but an increase of 87 visitors over the corresponding month one year ago.

Visitors

June 27, Dr. Lyle Sowls, U.S. Fish and Wildlife Service, Tucson, Arizona.
" 30, Nine Scouts from Boy Scout Troop #42, Tucson, Arizona.
July 4, Mr. and Mrs. P.H. Elwood, 3243 Camino Campestre, Tucson, Arizona. Mr. Elwood is the former head of the Dept. of Landscape Architecture, Iowa State College.
July 17, Mr. William H. Carr, noted writer and naturalist, Tucson.
July 20, Mr. and Mrs. Walter A. Weber, National Geographic Society, formerly with the National Park Service.

Wildlife

Dr. Lyle Sowls continued collecting coyote scats during the month in connection with the effect of coyote predation on the white-tailed deer population.

Forest Fire Control

On June 28 the Fire Control Aids commenced making one extra patrol each day. On June 30 all personnel except the packer and headquarters ranger were on standby in the forested area because of the high fire danger. This emergency continued until July 13 when gentle rains relieved the situation somewhat.

One class A fire occured on July 16 near Deer Head Springs. It was observed at 5:40 A. M. by Fire Control Aid Doerner. Two men were dispatched from Manning Camp and they had the fire under control at 7:15 A. M. It is gratifying to note the early hour this fire was detected.

Accidents

The axle on the much used water trailer broke on July 19 while enroute from Randolph Golf Course to Saguaro. We are desirous of getting the trailer back into service as soon as possible because of the added service load of hauling to Madrona for the stock.

Considerable damage was sustained by the tank, which had to be welded in order to close large holes. Fortunately there were no personal injuries as a result of the accident.

Mr. Arthur C. Barton of Larchmont New York, high centered his car on a rock while straddling a grader wind-row on the Cactus Forest Loop Road. The crank case was smashed and it had to be towed from the area. Mr. Barton admitted that he should not have been straddling the wind-row. Equipment working signs were also in place at the time.

Personnel

Fire Control Aid Donald Dixon resigned July 5, 1951.

Fire Control Aid George Nimmo entered on duty July 8, 1951.

Samuel A. King
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Sunset Crater

Flagstaff, Arizona

July 25, 51

Memorandum

To: General Superintendent

From: Ranger-in-charge, Sunset Crater

Subject: Monthly Narrative Report, July 1951

Weather On July 17 the first rain of the season fell. Since then we have had light showers almost every day. The rain fall has been very spotty with some areas getting too much and others none. The thunder showers which should have begun about the middle of June came over a month late. The light shower received on the 17th was the first since the snow on May 15.

Inspections Mr. & Mrs. W.B. Sanborn, N.P.S. collaborator, together with Superintendent Brueck, who came up from Wupatki, visited the area on July 22 to go over the interpretive service of the monument.

Special Activities A campfire lecture and a conducted tour of the Lava Flow Trail was given to a group of students from the Cottonwood Gulch Educational School of Thoreau, New Mexico. There were ten in the party.

Maintenance General cleanup and minor work on the Lava Flow Trail together with some rearranging of interpretive signs was done during the month.

Roads Until the coming of the rains all the roads were in pitiful condition. Mr. Bean spent considerable time trying to keep the entrance road into Sunset in servicable shape. The rain has packed down the clay that was put on the boggy spots and the road is in excellent condition at the present.

The back road from Wupatki to Sunset was closed on June 25 due to the dry weather making it impassable. On July 10 the road was closed both ways. At the present time we have not had enough rain to improve the condition of it.

Interpretive Service With a total of 4,376 people in 1,269 cars the travel this month has increased 10% over July of last year. Of this total 3,764 persons in ~~1,016~~ 1,016 cars were contacted by the rangers.

The Lava Flow Trail is still a popular feature of the area with 1,456 persons in 483 parties taking it. Of the 787 trail booklets sold, $74.52 was collected showing a return of 95%.

The hot and dry weather at the first of the month and the rain during the

end discouraged all but 254 persons in 92 parties from climbing the Crater.

Travel In spite of the bad road conditions, hot and dry weather, together with rain showers the latter part of the month, travel is showing a slight increase over last year.

	Cars	Visitors
July 1951	1,269	4,376
July 1950	~~1,150~~ 1313	~~3,987~~ 4299
This travel year	5,347	15,463
Last travel year	~~5,084~~ 5201	~~15,552~~ 15863

Visitors
7/1 Mr. & Mrs. Tad Nichols, Photographer, Tucson, Arizona
7/2 The Railway Club of S. Calif. Bus with 33 in party.
7/3 Ranger and Mrs. J.R. Young, Petrified Forest.
Mr. Chester Beaver, Professor at ASC Flagstaff, Ariz.
7/5 Mr. Baylor Brooks, Professor of Geology, San Diego State College.
7/6 Mr. & Mrs. Weldon Heald, Photographer, Portal, Arizona.
7/7 Mr. Brody, Artist, Museum of Northern Arizona.
7/13 Tufts College, Mass. Group of 12 Geology students.
7/17 Arkansas State Teachers College, Conway, Ark. Bus with 27 on field trip.
7/20 Cottonwood Gulch Educational group, Thoreau, New Mexico, camped overnight, 10 in party.
7/22 Mr. & Mrs. W.B. Sanborn, N.P.S. collaborator.
7/24 East Texas Teachers College, Corsicana, Tex. Bus with 38 in party.

Forest Fires The Forest Service had to close certain sections of the forest to all travel during the first part of the month. The precaution paid off as they have not had any serious fires during the record dry spell.

Numerous lightning fires have occured since the thunder storms began. The Ranger from Sunset Assisted on a small spot fire east of the monument July 23.

Ranger Service The Rangers had to serve as tow-car operators and fender repair men when a car jumped the road about five miles down the back road toward Wupatki on July 9. In the process of leaving the road the car hit and knocked down a good sized pinon tree and bent the fender and bumper against the front wheel. This had to be straightened before we could tow the car back to Sunset.

Robert H. Vikdund
Ranger-in-charge.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

July 28, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, July, 1951, Tonto

Weather. Another hot month, as usual. Maximum temperatures up to 110, many days of high humidity with high temperature, not much rain yet, though the surrounding area has received a few severe storms. Six tenths of an inch rain this week.

Roads & Trails. State Highway Maintenancemen Sanders bladed the entrance road on the 28th, putting it in good condition for awhile. Slow progress is being made on cutting out masonite letters for the trail entrance marker.

Visitors. Colonel Douglas Frazier, on leave at Roosevelt.

Travel. 885 visitors for travel month, compared with 820 last July. Most of these are bona fide tourists who ask us how we stand to live in this awful heat, and then climb up the half mile to see the cliff dwelling, nearly killing some member of their party on the trail. They ask how many trips we make up the hill, exclaim fervently that one is enough, then climb in their cars and leave, and the next one does it all over again. Travel is unpredictable, but as heavy on some week days as it is in the winter.

Personnel. Archaeologist Wenger and family had to make an emergency trip to Denver, July 14 to 20, due to the unexpected death of Mrs. Wenger's father. Mrs. Wenger remained in Denver for awhile. WAE Guide Cosner was on duty 3 days during Mr. Wenger's absence.

Wildlife & Related Subjects: Two scorpions have been sighted in the little house by surprised women visitors. One had rather a personal encounter with the scorpion, and left in a hurry amid wild yells, but was not stung. One Ohio woman asked Ranger Cosner where the rest rooms were but upon seeing that it was Very Early Colonial, said " Oh, no, you dont get me in one of those things, full of insects and what not", and refused to avail herself of Government hospitality.

General. Visitors, office work, and work around the trailer quarters have kept the staff busy despite the tropical weather. Archaeologist Wenger has worked nearly every evening til dark, to make the trailer site livable, and quite a bit remains to be done yet. Work has been started on quarters appraisal material.

Everyone on the Monument has received a good series of triatoma bites this season, which has had the effect of slowing us down, and causing a general malaise and lack of ambition. This with the heat and humidity conditions, which remind me of New Guinea and Guadalcanal, has made the summer rather trying. Gil Wenger and his Colorado energy keep the place from looking like a southwestern Tobacco Road.

Dr. Herbert Stahnke of Arizona State College made a trip to the Ruins, and also gave us some very interesting first hand material on the latest Gila Monster research. He showed no ill effects from his recent Gila Monster bite, and said that his experience had opened up some new questions for research, and added considerably to existing knowledge on treatment of such bites. Dr. Stahnke plans to put out a report on this presently.

Charles C. Sharp
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Tumacacori National Monument
Tumacacori, Arizona

July 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for July, 1951

Weather: Maximum temperature, 107 on July 7; minimum temperature, 55 on June 25. Precipitation since June 24 has been 3.39 inches, compared with average July rainfall of 2.96 inches during the past 13 years. Rains were a little later than usual starting, and haven't as yet thoroughly wet all of Santa Cruz County's ranges. Considering the state as a whole, the deadly hand of drowth has not been lifted.

Visitor Travel: This month: 2,601 persons, in 717 motor vehicles.
Highest previous July -: 1,908 persons, in 1950.
Percent increase - - --: 26.7%
Visitors in last year +: 38,972

On July 21 Mr. and Mrs. Harvey Rictor, Prescott, Arizona, bought guide ticket numbers 99,999 and 100,000.

During this season, with Ranger Henson on annual leave, with W.A.E. guide help for only 24 hours a week, it is impossible to handle all the work necessary to keep the affairs of this tiny monument current during daylight hours.

Visitors: Among those present were:
July 7 - 19 University of Arizona summer school students.
24 members of a charter bus party from Eloy, Arizona, consisting of 4H Club girl contest winners, who got the border trip as a prize. They were an exceptionally well mannered group of kids, and it was a real pleasure to show them the mission.
July 17 - Reverend and Mrs. O. A. Smith, of Nogales, Arizona, and guests. Reverend Smith (United Fellowships Church) says he is the only Protestant minister, to his knowledge, who ever held regular church services in Tumacacori Mission Church. (This was many years ago).
July 18 - George Owen and family, of Phoenix. Owen is State Director of Civilian Defense.

Education: July 10 Superintendent Jackson delivered a luncheon talk to the Nogales, Arizona Lions Club, giving brief history of the Park Service and significance of Tumacacori National Monument.
During the month we received from headquarters 119 mounted photographs which have now become a valuable part of our picture files.

Cooperating Agencies: Dr. Alice Boyle, Plant Pathologist, from the College of Agriculture, University of Arizona, came at our request to examine sick Olive trees in our patio garden. This examination concluded work which had started with bacterial and microscopic examination of diseased root and stem specimens from the trees. As a result, Dr. R. B. Streets, Associate Plant Pathologist for the university, recommended that, inasmuch as the olive trees are affected badly by Verticillium albo-atrum, a root-rotting fungus which has over 200 different host plants, we remove the olive trees, and plant something in their places which is not so susceptible to this pest. He recommended blue palo verdes and Monk's pepper (Vitex agnus-castus).

Mr. L. B. Curtis, District Entomologist, from Tucson, who had previously provided us with Vidalia beetle larvae with which to combat the Cottony Cushion Scale which had become serious in the patio garden, came in at our request on July 3 to consult about the problem. He discovered, greatly to our satisfaction, that the beetles are doing their job, so that this particular worry is off our minds for this year.

Publicity: County papers have given excellent publicity to our fiscal year end travel releases, to a Lions Club lecture in Nogales, and at least one Phoenix radio station broadcast the fiscal year travel data.

Beulah M. Wadsworth, of Tucson, who had us check an article she had written on Tumacacori last month, has written that Desert Magazine has accepted the article.

Personnel: Ranger Henson entered on annual leave July 3.

Maintenanceman Barney took 15 hours annual leave, and 4 hours of sick leave.

Sup't. Jackson took 10 hours of annual leave.

John F. Upson, who will teach in a nearby private school this winter, entered on duty as W.A.E. Guide on July 5, to work 24 hours a week during absence of Ranger Henson.

Maintenance: More gravel has been removed from roads and trails, and much cleanup has been accomplished. Many patches were put on the defective roof over the museum lobby and office. The trash pit (a huge old borrow pit) was given its annual burning out. Maintenance of minor nature was done in residence area, such as replacing broken french door glasses, putting in a cement sill for a door at Residence No. 1, taking out and replacing the front door frame of residence No. 1, which was never secured solidly originally and with any slamming always broke out wall plaster on the interior, and other small residence items. A CO2 fire extinguisher, in an unsafe place in the garage, was remounted near a door opening. The faulty safe lock was taken apart and repaired. A broken light fixture (spot light) for the mass diorama in the museum was repaired and re-installed. A large Pomegranate tree in the patio garden, blown half over by wind, was guyed to a "dead men" and straightened up. A large wooden sign, made in Nogales for the museum entrance, arrived, and considerable work has been done in jig-sawing 1/8" thick masonite letters for it. With the rains on, the patio garden has required a lot of weeding and some pruning.

Repairs to Mission Church: The annual going over was given to the exterior of the mission church, filling new small cavities which had weathered in to the adobe wall through more disintegration of original lime plaster. A large gaping hole in the south wall of the baptistry interior, just beneath the south window, which has been there for years, was filled with adobe bricks and mud mortar. The ply-wood door, which lies flat over the top of the stair tunnel leading to the bell arches of the church, had been tipped loose from its moorings by winds, and was repaired and fastened more securely.

It should be pointed out, (although this will be taken up in detail by separate special report) that most of the original plaster of the west exterior of the mission church was in such poor condition, and is crumbling so fast, that patching on this section was out of the question. We shall have to remove the old plaster from most of the west side and replaster it with our own cement-lime mix.

General: Very busy, very hot, very sweaty! The time is fast coming when a second permanent ranger, in lieu of a winter seasonal ranger, will be more than just a plain need, but an absolute necessity. We are very close to 40,000 visitors a year. Unless I have slipped somewhere in my thinking, 40,000 visitors a year will require, for adequate visitor service alone, that two employees be available every day in the year to offer a minimum of 15 guided trips a day through the old mission church and grounds.

Maybe the above sounds like too large a staff, until one realizes that the average number of visitors who went on each guided trip in the last 12 months was just a fraction under 6 persons! That constitutes a highly personalized and detailed type of service, for 15,516 visitors who went through the church and grounds on the trips in the period referred to, on a total of 2,626 guided trips. And this guided visitor total is much less than half of the number that came into the area, visited the museum and patio garden, and needed to be greeted, talked to and chatted with.

To say that visitors receive all the service they should, when only one man is on guide duty, and is constantly flooded with paper work which must injected into any moments that can be squeezed in, would be the wildest untruth that could be stated. During such days there are great numbers of people who come into the museum building during lunch hour, wish they could take a guided trip through the mission church but can't wait, and leave the area, never seen by a Park Service employee. Also (and this is something most people don t believe unless they've tried it) a guide who is taking one party after another on walking lecture tours all day long, sometimes for as much as six straight trips without more than an occasional five minute break between, cannot put as much pep and personality into his rendition at the end of the day as he did at the beginning. That is a big reason why the times when only one person is on guide duty for a whole day should be cut to an absolute minimum.

We are doing the best we can.

Earl Jackson

Earl Jackson
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

July 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report lml, July 1951

There follows a narrative report of activities in this area.

VISITORS

2942 visitors in 890 cars. This compares with 2493 visitors for July 1950 and represents an increase of 18% over last year. 100% of our 8-12, 1-5 visitors were contacted. 2553 visitors in 749 parties were contacted in the museum, and 2870 visitors in 865 parties took the trip through the ruins.

WEATHER

Hot and dry! Every day of the month the temperature was 100° or more which is something of a record for the past five years at least. A rain of approximately one-half inch on the evening of July 18 allayed the dust and gave brief respite from the heat. Maximum temperature of 113° occurred on July 8 and July 13. Minimum reading of 61° was recorded for July 26, 27 and 28.

N. P. S. VISITORS

Superintendent and Mrs. Homer Hastings of Walnut Canyon, accompanied by their daughter Anita, on June 28.

Seasonal Ranger and Mrs. John Muelder, and Fire Control Aide and Mrs. William Hazel, all from Grand Canyon National Park, on July 4.

Jim Felton, former Superintendent King's Mountain National Military Park, enroute to Bryce-Zion as Chief Ranger, on July 21. Jim is no stranger to the Southwest; in fact, he is a native of Arizona and was with Southwestern National Monuments in the '30's prior to a stint in Region One.

Temporary Naturalist and Mrs. James R. Youse of Petrified Forest on July 23.

OTHER AGENCY VISITORS

F. M. Moore and M. R. White, U.S. Treasury Department, on June 26.

Roy D. Conte, Petroleum Geologist, Bureau of Mines, U.S.D.I. on June 26.

REPORTWORTHY VISITORS

Artist and Mrs. Ted De Grazia of Tucson, on June 28. Mr. De Grazia kindly gave us a sample set of booklets and color cards which are reproductions of paintings of Papago and Navajo subjects.

Author and Mrs. Weldon Heald, Portal, Arizona, enroute to Southwestern Writer's Conference and Workshop, held at ASC campus, Flagstaff; on July 2.

Artist Paul Coze, on July 6, with five of his students from the "Studio Workshop" Pasadena. Mr. Coze will be long-remembered for his Arizona Highways issue, now plans to move to Phoenix where he will open a studio at Cudia City near Camelback Mountain. His reason for abandoning California? Too much smog. Coze's group was followed about an hour later by Mr. and Mrs. Robert Boissiere. Mr. Boissiere is Assistant to Coze. With Mr. Boissiere were Mrs. Braun and daughter of Caracas, Venezuela.

ORGANIZED GROUPS

Caravan of 7 cars bringing 35 people, from Circle D Trailer Ranch, Phoenix, enroute to Pow Wow at Flagstaff. Mounting white pennants (which on close examination revealed a Circle D) floating in the breeze, these cars suddenly swooped down on the Monument in a cloud of dust and reminded us with a start of the current truce effort in Korea.

MAINTENANCE AND IMPROVEMENTS

On July 18 the drinking fountain in the museum was repaired. The valve-diaphragm fitting by which the height of flow is adjusted was completely worn out and perforations in the fountain-head were badly lime-incrusted causing an uneven, twisted spray which overshot the catch basin. A new diaphragm was fashioned out of Neoprene, the water spout perforations cleaned, and height of flow regulated. This fountain is badly in need of replacement. It is more correct to say that new fittings are required, but since the fixture is long out of style, fittings are nearly impossible to find on the market. Portions of the museum sidewall which had been stained by water overshooting the fountain were spot painted and the floor scraped free of lime deposit.

The garage doors were given a primer coat of sand tan paint on

July 14 and a finish coat on July 21.

Cracks and uneven surfaces in the cement floor of the office were filled with a new Gypsum Cement Product (Perf-A-Tape), purely as an experiment. So far, this surface has worn amazingly well, and we now know that the product can be used effectively in providing an even base for possible asphalt tile installation.

Large cracks in the museum wall produced by settling of the foundation were also filled with this preparation during the month.

Soda acid fire extinguishers were refilled on July 21.

ROADS AND TRAILS

Despite excessively dry weather, the county bladed the approach road on July 2. By setting the blade deeper on the first go-around and pushing this borrow to the middle, then the other side, the road was noticeably improved and corrugations eliminated temporarily at least.

A two-faced two post sign bearing the legend "Tuzigoot National Monument" right-hand arrow "2 Miles". "Open 8:00 A.M. to 5:00 P.M.", and the reverse side bearing the same legend but with a left-hand arrow was routed, painted and installed at the "Y" in Lower Clarkdale formed by the junction of U.S. Highway 89A and Main Street, the latter constituting the first portion of our approach road. The new sign replaces an old one which had succumbed to the ravages of time.

INTERPRETIVE SERVICE

We revamped the orientation case during the month, putting more life and color into it by inserting Paul Coze's painting of Tuzigoot which we "lifted" from the May 1951 Issue of Arizona Highways. New, concise labeling has streamlined this case greatly, reducing a bottleneck in visitor traffic, and facilitated interpretation by giving a quickly understood summary of "what happened here".

PERSONNEL

Superintendent Brewer entered the Ft. Whipple Hospital, Veterans Administration, Prescott, Arizona, on July 1 for observation and treatment for arthritis. He was on sick leave from July 2 to July 9 inclusive.

Mr. Stephen T. O'Brien was hired as a Temporary Guide for two days a week, permitting Mr. Richert to take his days off.

Mr. Richert was on sick leave July 10 and 11 because of an acute case of sinusitis.

RESEARCH AND OBSERVATION

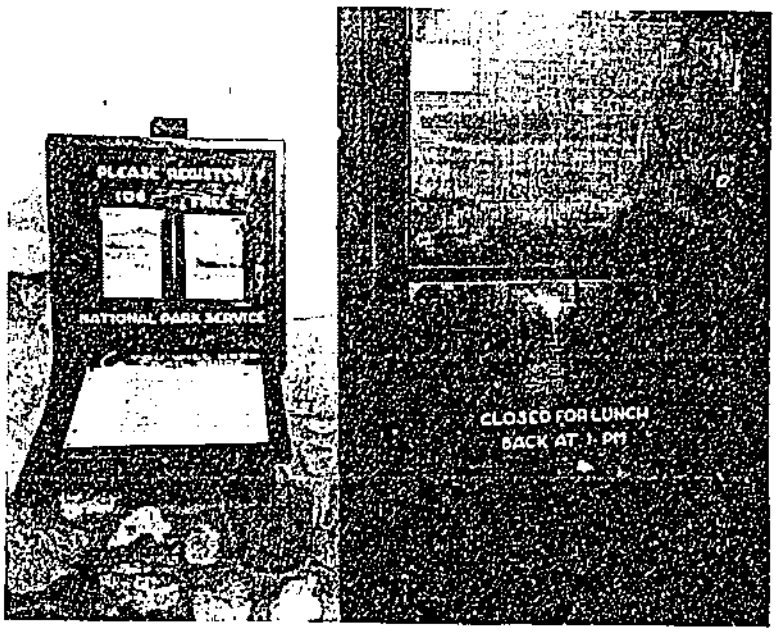
By June 26, the first brood of Say Phoebe's which had nested on the south side of the museum in one of the sandstone niches, were able to fly after trying their wings for a few days.

A single, Long-billed Curlew was seen on Peck's Lake early in the month.

The chatter-gaze heron rookery on the tailings pond, where half a dozen dead or partially dead cottonwood trees serve as supports for large, bushel basket shaped, unwieldy nests, is relatively quiet again, the young having left the nests during the month.

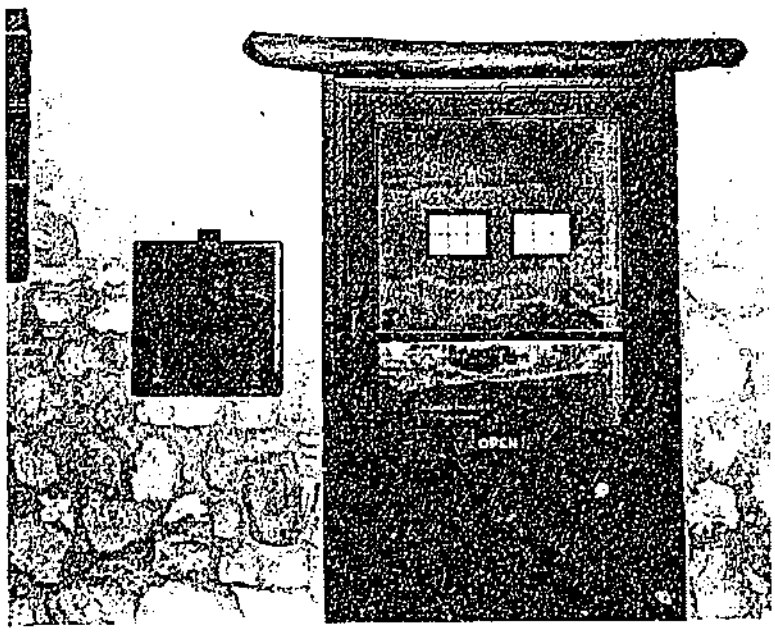
OTHER

Northern Arizona Light and Power Company took over Upper Verde Public Utility Jerome-Clarkdale electricity distribution on July 16. Water distribution, however, will continue to be the responsibility of the UVPU.



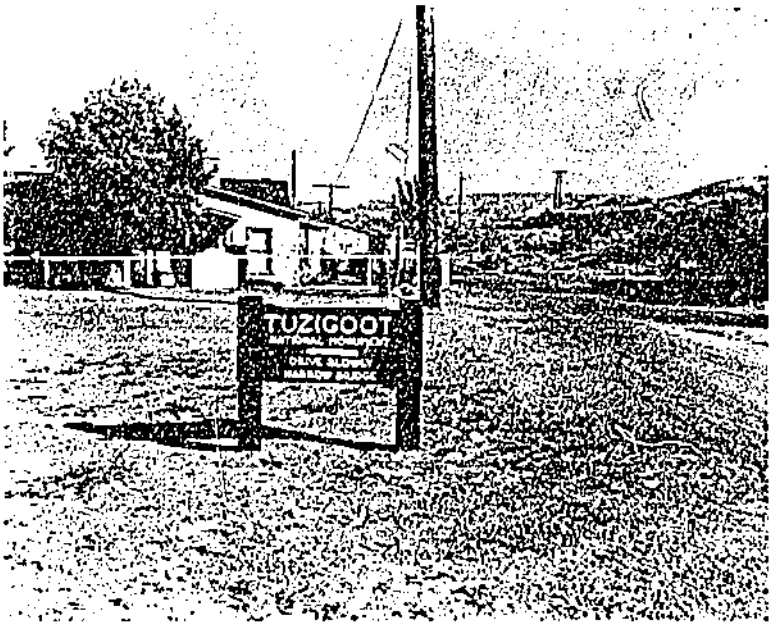
GENERAL

The new register box and pamphlet dispenser (see photos on the following page) is giving us a more accurate count of our travel. Last month 117 people were registered. No estimate is made of the percentage of early and late visitors who do not sign the register.

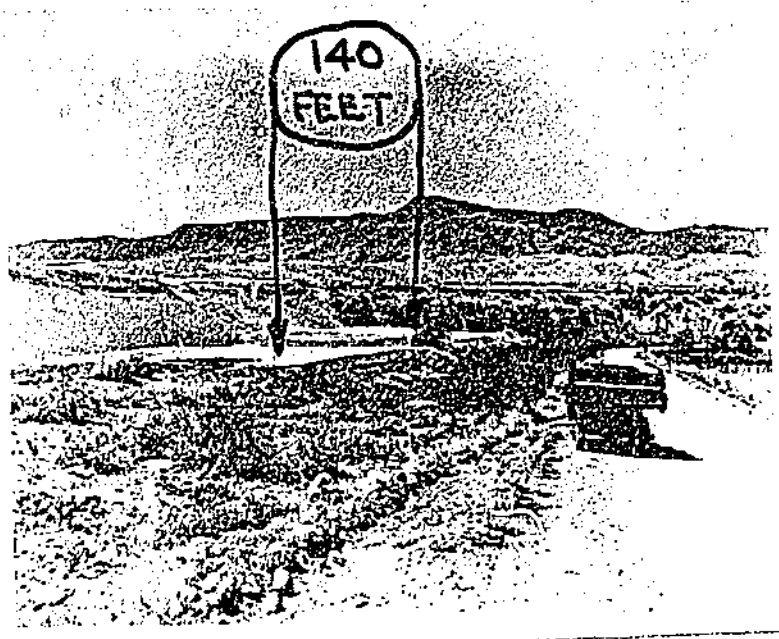


This device, making pamphlets available to the early and late visitors, is an improvement in our service to the public.

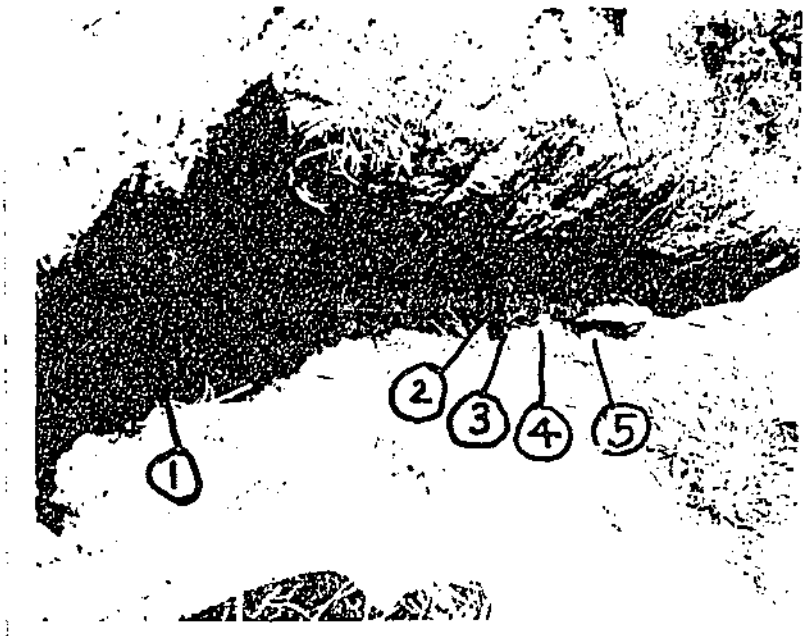
J. W. Brewer, Jr.



J. W. Brewer, Jr.,
Superintendent.



Visitor register and pamphlet dispenser installed on the museum porch for early, late and noon-time visitors. (The museum is closed at noon four days a week).



When the museum is open the register box is closed.

Entrance road sign installed near Verde River.

140 ft. of leaking pipe replaced.

This rotten pipe with 5 makeshift clamps in 7 feet of leaking pipe is still in use! !

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

July 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly report, July, 1951.

Visitors this month, 5152; travel year to date, 18440.

Weather The first rain in several weeks came on July 15 and since that time we have received a total of .81 inches. The fire hazard had become so great that all roads off the main thorofares in the Coconino National Forest were closed. The thunder storms brought lightening which in one day started 50 fires in the Coconino. The nearest was on Fisher Point on the north side of Walnut Canyon about four miles away.

Maintenance and General Work A new screen operated by a counter weight was made for the incinerator.

Rocks and litter was cleaned from the steps on the "Island Trail".

The main sewer line stopped up on July 4 and after bailing ten barrels of sewage (?) out of a man-hole and borrowing an auger from the City of Flagstaff, we were finally able to clear the line.

The sump at the head of the Walnut Canyon water line was drained and cleaned. Most of the water ran out of the line due to its being turned off too long and a lot of difficulty was encountered with excess air when restoring pressure in the line. It was necessary to close the public restrooms for portions of two days.

Temporary repairs were made to the roof over the museum porch and the eave trough joints at both residences were re-tarred. Some repairs were also made to the roof over the kitchen at the Log Cabin.

Roads and Trails Since the rains came the entire approach road has been graded by the County, and the entrance road by monument personnel.

Publications A shipment of new 2-fold leaflets has been received. Although the order was for 10,000 leaflets, we received approximately 7,777. Various revisions make the new leaflets an improvement.

RECEIVED JUL 1951 National Park Service Region Three Office

Travel and Use There were 5152 visitors who came in 1376 groups. This is the largest count ever recorded in any one month at this monument, the previous record being in August, 1945 when there were 4510 visitors. The increase was 24 per cent over the same month last year. Contacts totaled 4876 in 1276 groups and there were 4333 people in 1295 groups in the museum. Picnic parties totaled 121 with 839 people. Visitors came from 45 states, the District of Columbia and the following foreign countries: Canada, Mexico, Germany, China, Phillipine Islands, Norway, Australia, Switzerland, and Argentina.

Twenty-six members of the Mental Hygiene Class and 40 members of the Camp Leadership Class at the College had a joint picnic on June 28.

July 4th brought 387 visitors, the largest number counted in one day at Walnut Canyon. Several Indian visitors attracted by the Flagstaff Pow-wow stopped at the monument. Those came from the Navajo, Hopi, Laguna, Choctaw, San Carlos Apache, and Chemehuevi-Mojave tribes.

Forty Hopi girls and 8 counselors from the Mennonite Mission were here July 13, and on July 19 a group of 31 Hopi boys from the same mission.

On July 24 we had 50 members and friends of the Indian Study Group at Arizona State College and a group of 12 children from the Training School at the College. On the same day we also had a group of 17 from the Sundown Ranch near Heber.

Research Specimens of black walnuts were collected at the request of Richard A. Scott, Museum of Paleontology, University of Michigan. Mr. Scott is studying a comparison between present day black walnuts and those of Eocene times.

A check-up was made to see that all herbarium specimens had Ethnobotany File Cards and missing cards were made.

Vandalism A sign explaining a fire pit on the Island Trail was set on July 6 and by July 17 it had disappeared. A new sign is being made to replace it. Stake No. 15 was recovered and re-set after being thrown nearly to the bottom of the canyon.

Return of Souvenirs On July 20 a small collection of potsherds, corn cobs, and bits of rock was returned through the mail by Mrs. Wm. M. Cook, 324 N. Old Ranch Road, Arcadia, California. The collection was made in 1923 and according to Mrs. Cook "before the area was made a monument".

Southwestern Monuments Association On July 2 we placed copies of " "Flowers of the Southwest Mesas" and "Flowers of the Southwest Deserts" among the self-service items. This is the first time we have offered an item costing as much as $1.00 on the self-serve basis.

A first prize Hopi rug to be paid for by Southwestern Monuments Association was purchased at the Hopi Craftsmen Exhibit for use in our museum.

Forest Fire Protection On June 27 we placed a "No Smoking On Trail" sign at the head of the Island Trail and left it there until the rain on July 15.

A field telephone connected to the office was placed in the new fire tool cache on the south side of Walnut Canyon and on June 28 communication by telephone was made for the first time with that side of the monument.

A foam-type fire extinguisher was placed in the Log Cabin and a back-pack pump and fire tools were left in a nearby shed.

Visitor Safety White stripes were painted on the steps on either side of the museum lobby and a new "Please Watch Your Step" sign was placed just outside the north doors. Visitors continue to fall on these steps, and an Indian woman, Imogene Bearhead, received a sprained ankle.

Publications A shipment of new 2-fold leaflets has been received. Although the order was for 10,000 leaflets, we received approximately 7,777. The various revisions make the leaflets an improvement.

National Park Service Visitors

July 1 - Supt. and Mrs. Bright from Canyon de Chelly
Archeologist Gordon Vivian and family from Chaco Canyon
July 3 - Temp. Ranger and Mrs. Youse from Petrified Forest
July 5 - Naturalist and Mrs. Arnberger from Regional Office
July 20 - Seasonal Ranger Wray from Petrified Forest

Newsworthy Visitors

July 7 - Dr. Ross Calvin, author of "Sky Determine" and others
July 9 - Dr. Paul D. Kenner, Dept. of Plant Pathology, College of Agriculture, University of Arizona
July 10 - Bertha Dutton and party of 20 Senior Girl Scouts
July 15 - Everett Newcomer, photographer and writer for Arizona Republic
July 21 - Collaborator and Mrs. William Sanborn studied our interpretive program

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendents Monthly Narrative, Report No. 1ul

JULY TRAVEL, 1951	TRAVEL YEAR TO DATE
Visitors - 30,433, Cars - 6,649	Visitors - 142,947, Cars - 33,611

GENERAL

July is again the best month in the history of the Monument but only the gain in our Fourth of July fireworks made it so. The travel excluding the 4th was slightly under last year but with the 4th we show a gain of almost 2,000 over any previous month. Our travel is not the only record broken - the weatherman dished out a couple of days with 110 degree temperatures which is the hottest recorded at White Sands. Last winter we set a new low record of 10 below so I guess this is just a year for broken weather records. In all this heat no moisture has fallen here although it has rained all around us and some of our days have been sticky hot but no rain. Several hot nights added to our discomfort but on the whole July has been a swell month.

SPECIAL ACTIVITIES

Of course the 4th of July fireworks was the event of the month and on the afternoon of the 4th high winds occured at intervals of a couple hours driving many people inside for confort. In checking in cars the dust and dirt was terrible, in spite of all this over 2,000 cars and 10,221 people were checked through our checking station. The crowd was very orderly and no accidents resulted from the congestion and heavy traffic.

Considerable Traffic confusion did exist immedintely following the program and next year some definite arrangement must be made to control the traffic after the event. Concentration is so heavy at the checking station that service personnel are always tied up at the gate and I was only present at the program for a few minutes. Heavy winds blow some sparks over on some stored fireworks destroying in one big display about a third of the material on hand. A soldier was burned about one hand but nothing too serious. This is the second time that stored fireworks have been ignited and exploded prematuraly. The Superintendent and wife were invited to a picnic lunch held for Gov. Ed Mechem and his party but we had to decline due to the rush at the gate. Fire fighting in Apache Forest took one of my rangers and his loss was very evident during our rush.

PUBLICITY

Plenty of publicity was given to our fireworks on the 4th as evidenced by over 10,000 people present. Wide coverage was also given to the crowd present after the event was over.

MAINTENANCE

Heavy winds and lack of moisture have made our road maintenance a nightmare. Our roads have been rough and full of chuck holes even a couple hours after working on them. The winds and dry spell are also taking a terrific toll of our clay surfacing which will have to be replaced as we can get to it. Current maintenance has given us little time to clear out many drifts we had hoped to move before this.

Water and toilets still require a major portion of Mick's time. new insides for the toilets have helped some but we have found several kinks in the trouble proof type installed, they are a decided improvement over what we had, however. Our wands well is as yet not up to par and we have experienced considerable trouble in an attempt to keep even enough gyp water to keep our storage tank together. These 110 degree days surre separate the staves if we don't have enough water in the tank. Our exterior paint on woodwork is suffering as well. Windows on the Adm. building and rest rooms were given a good heavy coat of paint. Most of the old paint, some only 2 years old, had to be scraped off as it was so cracked.

Increase OR DECREASE IN TRAVEL

Our increase in July puts us just about 12,000 ahead of this same time last year on the Travel Year. With a good August and September we should hit the 200,000 mark for this travel year.

VISITORS

Governor Edwin Mechem
Melvin Drake, State Tourist Bureau Director
Charles Du Tant, Social Secretary for the Governor
J.W. Henderson, State Tourist Bureau
Mr. and Mrs. Ray Rixey, Chaco, Aztec etc.

RANGER SERVICE

Our force increased this month with the assignment of Elvin "Bosco" Jordan to one of the seasonal ranger positions. Bosco is a P.E. teacher and coach in the Alamogordo Schools and we are fortunate in having him with us this summer. He and Geo. Hall both got a good start on the seasonal work on the 4th. Ranger Davis was called to help fight the fire in Apache National Forest and obtained a lot of valuable experience.

GENERAL

We are extremely sorry to report that Otis and Ethel Hicks are being transferred to the Grand Canyon. Otis has been with us a little over a year but it will be many years before he is forgotten at White Sands. We have enjoyed Otis and Ethel very much and the quality of work Otis puts out and the Spirit in which he does it will always be appreciated.

It is possible that Ray and Pat Rixey of the Stabilization Unit may be associated with us and if so we extend them a hearty welcome.

INTERPRETIVE SERVICES

Superintendent Faris talked to a group of Cal Tech students on July 11 and on July 13 Ranger Davis gave a talk to 30 students on a Univ. of Connecticut conservation tour.

Johnwill Faris,
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

July 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Report for July, 1951

Weather: The drouth continues but has taken a back seat to the heat this month. The maximum for the month was 105 degrees on July 9 which is the highest ever recorded here since weather records have been kept. The minimum for the month was 61 degrees on July 4. Precipitation only toteled .30 inches for the month. Just a brief comparison with last July shows this year the first 24 days averaged 99 degrees with .30 precipitation while July 1950 averaged 91 degrees with 3.04 precipitation. Quite a difference which is beginning to show on vegetation and spring flows.

Three evenings, July 13, 14 & 15 starting about 7:30 P.M. we had high winds and bad dust storms that seemed to start down around the Little Colorado and work its way up here obscuring the surrounding landscape and putting a nice layer of dust over everything.

Inspections: On July 22 I met Mr. William Sanborn at Sunset Crater and went over the area with him mainly on interpretive problems. We were accompianed by Ranger Viklund who is well acquainted with the area and its problems. On July 23 I drove the Sanborn's to Crack-in-Rock ruin and we talked over interpretive problems pertaining to Wupatki.

Maintenance: Ranger Bullard spent a day going over the trail at the Citadel and put another brace under the sagging roof at Nalakihu Ruin. He cleaned out one fire pit at Wupatki and checked some of the drainage tiles.

Superintendent Brueck overhauled the light plant at the residence, ground the valves and general over-all check. It is now running fine and will carry the full 1500 watts.

Superintendent Brueck and Maintenanceman Bean gave the roof on the Superintendent's residence the final coating of tar. It happened to be the day it hit 105 degrees so the tar and sweat was running freely.

With the record breaking heat it became necessary to get screen doors for the front doors on all the residences. Two were purchased and Ranger Bullard made one for his trailer as it was an odd size.

Interpretive Services: At Wupatki 893 people in 265 parties were contacted for an average time of 10 minutes per party and a total of 73 hours.

Travel: The travel took a nose dive this month due mainly to bad roads and hot weather. It was necessary to close the back loop road to all travel which cut down our total cars by about 5 per day. We ranged from a low of 3 cars to a high of 21 cars per day. This month showed a total of 343 cars and 1120 people which is 122 cars and 360 people less then last year this same time.

Visitors:

6/28	Park Ranger Russell Dickenson, Grand Canyon National Park
7/1	Gordon Vivian, Archeologist, Chaco Canyon National Monument
7/5	Paul Coze, Artist, California
7/17	Mr. E. D. Newcomer, Photographer, Arizona Republic, Phoenix
7/22	Mr. William Sanborn, Univ. of Washington, Seattle, Wash.
7/24	Mr. Taylor Brown with 38 teachers from East Texas State Teachers College, Commerce, Texas.

Roads and Trails: On July 10 due to extremely dry conditions it was necessary to close the Wupatki-Sunset Crater loop road to all travel. With very little rain so far it has not been possible to re-open the road. Joe Bean graded the Wupatki entrance road and it is in better condition but very dusty and the entrance road to Sunset had some good showers on it so is in good condition. Clay plating was put on the bad cinder holes and with more moisture to pack it down it will be possible to get over it. Joe Bean worked overtime on July 21 and 22 to blade the road as that is the only showers we have had so far this spring.

Police Protection: The register box at the Citadel has been broken into three times this month and the money taken. The first time the first week in the month the light hasp was pried loose, the second time about one week later the entire hasp was ripped off. The third time was the evening of July 24. We had put a heavy hasp and bolted everything down but they just tore the heavy plywood door all to pieces. We estimate that in the three times we lost about $6.00. We check the box at least every 3 days so there is never much money in it. Last night after a bus load of teachers had stopped there and bought all the books was probably the largest haul for about $3.00. I had just collected the money the day before so it could have been worse. It may be some of the local Indians finding a meal ticket there on their way to town. We will do our best to make it heavy and use more bolts and at present are keeping close track of all trucks and cars going by on this road and trying to pin it down. If any old Army man read this and know of a good booby trap please get in touch with us.

Miscellaneous: A new Jeep 4 wheel drive pickup was received on June 30. The four wheel drive has come in handy several times already. The truck runs fine and is a fine addition to our equipment.

Spring Flow:

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

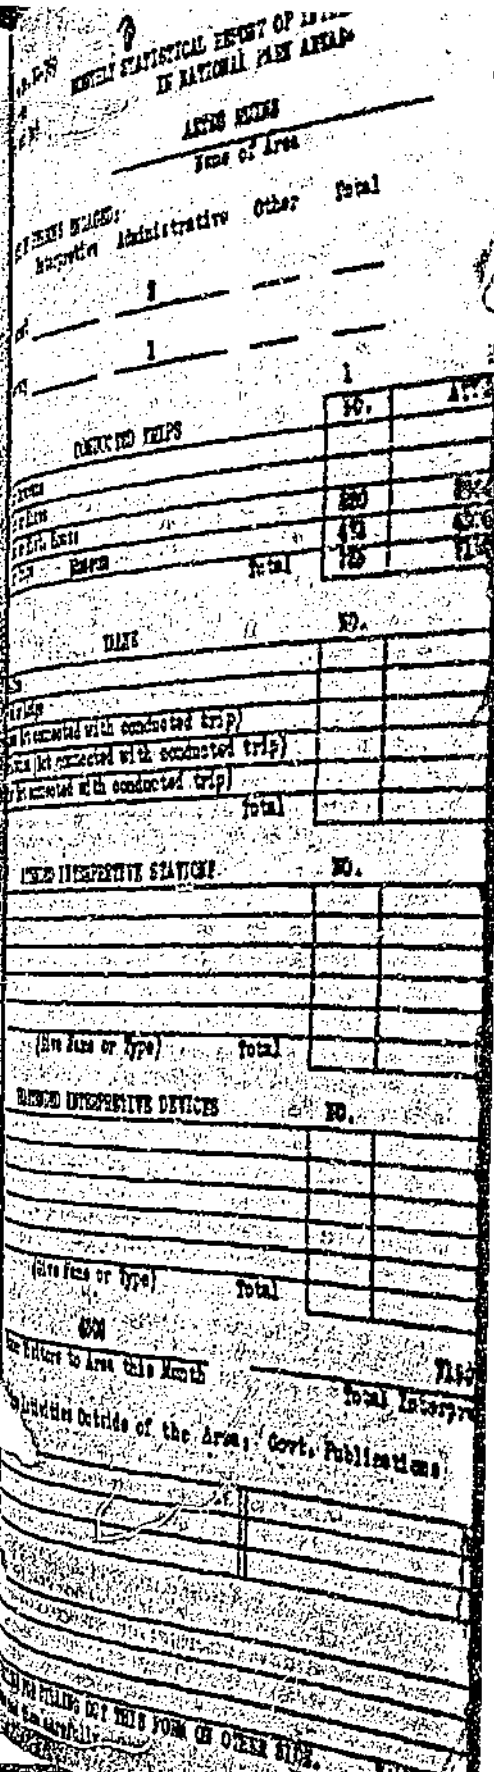
INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORD THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATE THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.



INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

Fred W. Binnewies
NAME Fred W. Binnewies
TITLE Superintendent

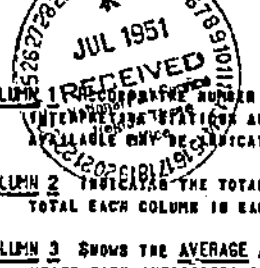
THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO SITES AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKY, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.



ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT EXCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE OFFICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

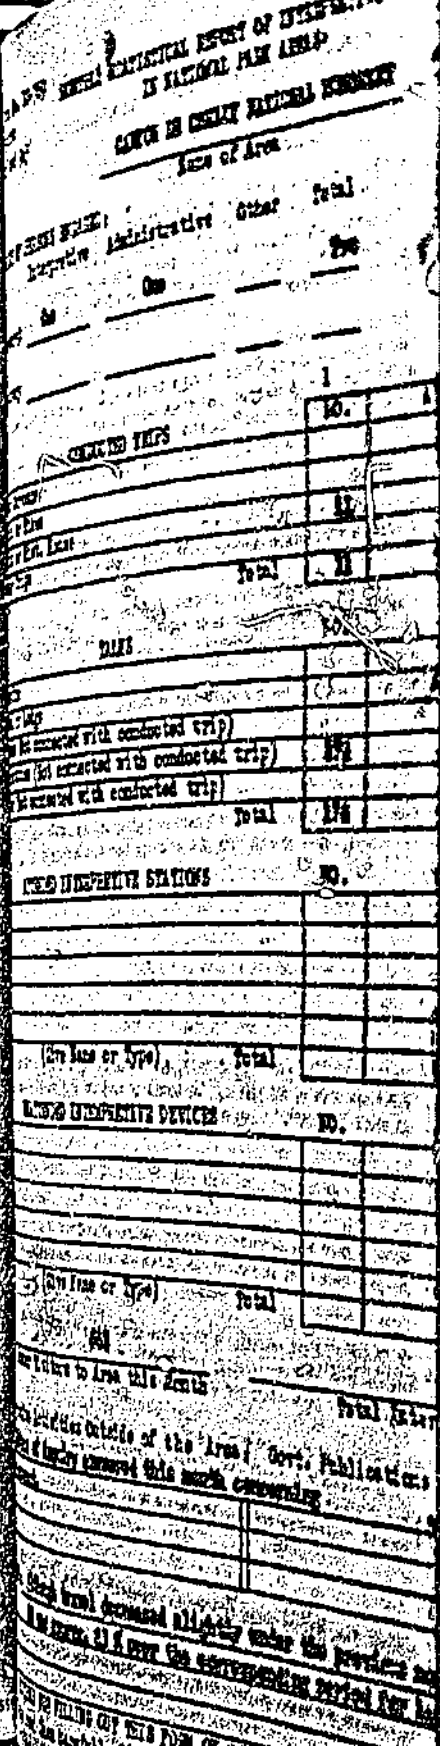
INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 INDICATES THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE ONLY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.



INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME Chas V. Cowles
TITLE Superintendent

JUL 1951
RECEIVED
National Park Service
Region Three
Office

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

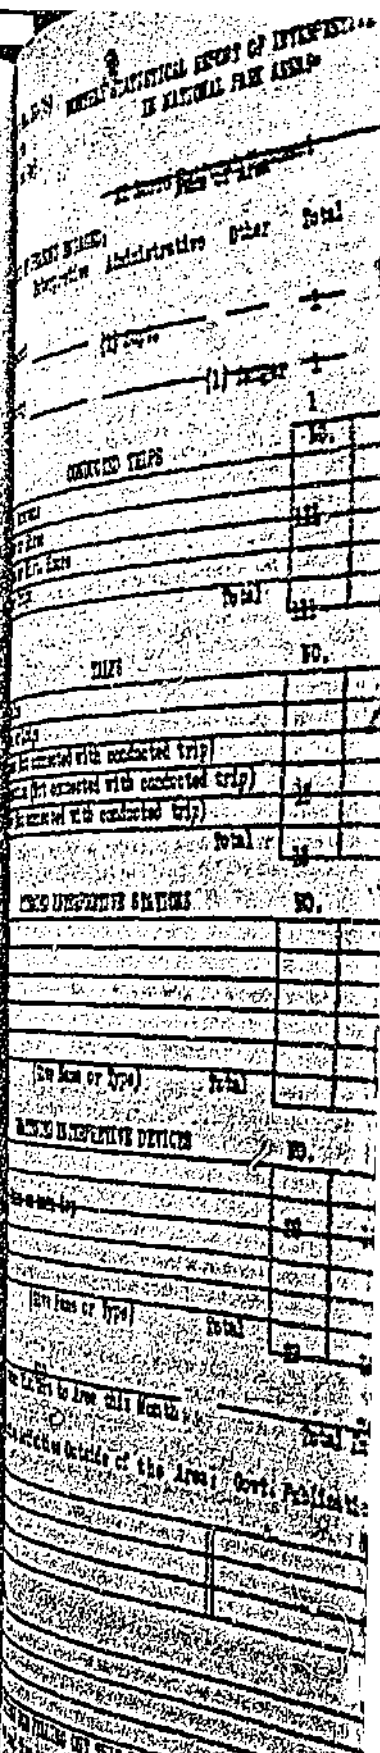
INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.



INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE ONE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 9M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel Are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Motel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Data due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

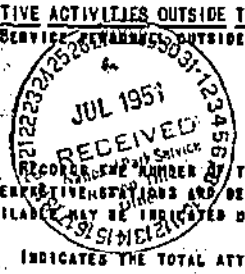
"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.



ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE DURING THE MONTH INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED ON TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, BUS, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Interpretive Activities Outside of the Area:

Govt. Publications	Sold	On Hand

REMARKS: WAE Guide on 3 days, during absence Archaeologist. Lower percentage of visitors make hike to ruins, due to uncodly heat. Summer travel increasing here, no real off-season any more.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

NAME Charles C. Sharp
TITLE Supt.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL: 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season"; "naturalist on sick leave", etc.

Contact and museum open from 7:30 A.M. - 7:00 P.M.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill In Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.). Count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m).

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME

TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

ARCHES NATIONAL MONUMENT
MOAB, UTAH

August 27, 1951

Memorandum

To: General Superintendent

From: Superintendent Arches

Subject: Narrative Report for the month of August, 1951

WEATHER: Temperatures remained above 100 degrees until the last week of the report period when two light rains brought welcome relief.

TRAVEL: We again show a decrease in travel from the same period last year, amounting to 34% and believe it can be attributed to excessive heat. Our total visitor count amounted to 2749 people in 859 cars, representing 34 states and five foreign countries.

INTERPRETIVE SERVICE: Of the 2749 visitors 1665 were contacted at the Wayside Exhibit and 205 at Headquarters. The Cove Nature Trail was used by an estimated 1665 people. On August 13, Ranger Williams moved into the Trailer House recently parked at the Wayside Exhibit. His being stationed in the area five days a week gives us a great many more contacts, better control & protection and also saves 30 miles per day on equipment operation.

ROADS: Moisture from the two rains that fell in the area was sufficient for a complete blading job of all our roads; however it took three full days to repair all wash crossings. Approach road # 93 is in fair condition.

NPS VISITORS: Kenny Saunders on August 14
Natt Dodge on August 25

PERSONNEL: As the result of an accident I was on sick leave for 56 hours during the month and then took emergency Annual Leave in order to take my daughter to a clinic in Albuquerque for alergy tests. I returned via Santa Fe and spent one and one half days in the Regional Office.

24 August 1952

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Report 1nl, Superintendent' Monthly Narrative

WEATHER: Pleasant, warm days interspersed with welcomed showers for a total amount of precipitation of 1.3 inches. Travel is ever on the upswing with more recorded visitors than any other equal period in the Monument's history. Our travel year is now exceeding, in total visitation, the record total of any travel year on record.

MAINTENANCE: Ruins stabilization is progressing nicely under laborer foreman, Archuleta. With the present job outline we are about 85% complete.

INTERPRETIVE SERVICE: There were 5,793 visitors in 564 parties shown the museum, of this number 4072 were conducted on 301 guided parties thru the ruins.

Research and OBSERVATION: The following are first recorded visits to the Monument, Bush Tit(Psaltriparus minimus)Lead colored. Virginia Rail(Rallus limicola limicolla)recorded for July should have been accredited to Aztec.

INCREASE IN TRAVEL: With 33% increase over August 1950, which itself was 14% above the previous August, we have had 5,793 visitors in 1,640 cars from 45 states, D.C., Hawaii, Canada, Germany and Angola Africa.

VISITORS: Aug 7, Don Rhoton, Scoutmaster and 60 scouts from Snowflake, Ariz. Aug 8, Lincoln Borglum, wife and daughter from Mt. Rushmore, S.D. Mr. Borglum and his father were the sculptures of the statues in Mt. Rushmore National Monument. Aug 9, 17, Dr. Earl Morris, wife and friends. Ranger L C Kirk, wife and 2 sons, Death Valley Natl Monument. Aug 12 Chester Choromiah and family USIS, Ft Defiance, Ariz. Aug 15, A C Kemp Director Methodist Boys Travel Troupe, Glen Elder, Kas and 53 members. Aug 15, C W Allison, Chemical Engr. with W E Long, Mechanical Engr. Bureau Mines, Amarillo, Texas. Aug 16, Miss Frances Gilmore, Authoress and member of the faculity Univ Arizona at Tucson. Aug 18, Dr. Robt. S. Rogers, Director, Atlanta Art Institute, Atlanta, Ga. Aug 20 Lt. Col. and Mrs. A. R. Woolums, Commanding Officer Ft. Huachuca, Ariz. Aug 20, Dr. Walter Rudin, Professor Mathematics, MIT, Boston, Mass. and Dr. and Mrs. John Kelly and family Professor Mathematics, Tulane University, New Orleans, La. Aug 22, Mr. and Mrs. Wm Sanborn Seattle, Wash. Mr. Sanborn is currently working visitation problems and naturalists projects in the NPS.

Irving D. Townsend

Aztec

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

August 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for August, 1951.

Weather

The prolonged drought of the past two years was effectively broken this month when 5.63 inches of rain was received. The rains were fairly well distributed throughout the month, and three of them amounted to over 1 inch of moisture. The Rito de los Frijoles resumed its normal flow, and vegetation has greened up and is putting on good growth.

Temperatures were generally cool and there was only one hot day on the 14th when the maximum reached 98 degrees. A low of 45 degrees was recorded on the 9th and 10th.

Special Activities

Two meetings were held with state highway engineers to discuss the proposed construction, with secondary road funds, of the unpaved section of Highway #4 from White Rock to the AEC Technical Area 33. An inspection of the road was made with Mr. Erwin on the 9th, and the problem was further discussed with Mr. Howard on the 21st. Preliminary requests for the construction have been received by the Highway Department from the Los Alamos county commissioners, and there now remains only the mechanics of getting it in to the highway construction program.

Inspections

Mr. John Digge accompanied Mr. R. M. Coates, Chief, Economics and Statistical Branch, Washington Office, for a short visit to the area on August 4.

Engineer Tom Smith made an inspection of the ruins trail oiling project on the 14th. He also observed the condition of the campground road and the approach road.

Maintenance

A metal septic tank was purchased for the concession quarters at the stables and the work of installing it was begun the last of the month.

A leak developed in one wall of the museum during a heavy rain, and it was necessary to excavate along the wall and plaster it with cement.

The drainage ditches behind the Lodge were cleaned out after the heavy rain on the first had filled them to overflowing.

Road and Trails

The rains made it possible to effectively grade the approach road several times and it was maintained in fairly good condition all month. A few places washed out during some of the rains and it was necessary to repair them.

Work was started on oiling the ruins trail with emulsified asphalt and about two thirds of the trail was completed by the end of the month. It was necessary to mix clay with the soil to provide a firm base before the oil was applied. Sand and gravel for the surfacing were hauled a distance of 22 miles from the Rio Grande.

The oiling of the 7.3 miles of Highway 4 that is now under construction had progressed to within one-quarter of a mile of the checking station by the end of the month.

Concession

Business at Frijoles Canyon Lodge continued to be poorer than last year with 425 lodgings compared with 504 for August, 1950.

It was noted that visitors who are interested in souvenirs are looking more than in previous years, and the demand is for items under one dollar rather than more expensive ones.

Interpretive Service

Mr. William Sanborn, Collaborator, who is making a study of interpretive services in areas of the Pacific coast and southwest, spent August 16 and 17 at Bandelier. The first day was devoted to inspection of the museum, nature trail, and Indian ruins in Frijoles Canyon, and the second day was spent on the ruins tour and in the Otowi section of the monument.

A total of 181 tours, that were attended by 4606 visitors, were conducted through the ruins.

Thirty evening lectures were given to 1181 visitors and in addition a talk was given at Puye ruins to 100 Boy Scouts from Houston, Texas.

Travel

For the second consecutive month travel decreased slightly under the same periods last year. There were 8884 visitors as compared with 9354 for August, 1930. Much of the decrease was due to a heavy rain on Sunday, August 5, that cut the visitation for that day to almost half of the expected number of persons.

Visitors

Mr. Melvin Drake, the new director of the New Mexico State Tourist Bureau, and his family spent the weekend of July 29 at Frijoles Canyon Lodge.

Mr. D. L. Leisher, BPR, Santa Fe, brough three guests of the State Department to Bandelier on July 30. They were Messrs. Morris, East Africa, Van Henle, Belgian Congo, and Guglsh, Brazil.

Ranger James Clancy, Casa Grande, visited the area on August 12.

Dr. Fermi, one of the top atomic scientists, was a visitor on August 12.

Dr. Maurice Roe, Regional Medical Director of the U. S. Public Health Service, Dallas, Texas, was a visitor on August 18.

100 Boy Scouts from Houston, Texas took the tours of the ruins on August 22.

Forest Fire Control

The rains during the month reduced the forest fire hazard to moderate and low, and, although there were several severe lightning storms, no fires occurred in the Monument.

All fire control aides were released from duty by August 26.

Building Fire Protection

Six new dry powder type fire extinguishers were installed in various buildings to replace or supplement the carbon tetrachloride extinguishers.

Fred W. Simmonds
Fred W. Simmonds
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Canyon de Chelly National Monument
Chinle, Arizona

August 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for August, 1951

Visitor Travel: For the first time in the travel history of the monument visitation passed the one thousand mark. This broke all previous records for any one month. 1092 this month compared with the former high of 871 for the same period last year. The 1092 people arrived in 275 cars. We are amazed at the great increase in the use of the recently installed campground fireplaces and picnic tables. 461 were overnight campers. Average stay per camper was from two to three days. Guide and interpretive services totaled 154 hours.

Weather: Three showers fell during the month for a total of .68 of an inch which is much below normal. High-low temperatures ranged from 97 to 52. However, in general the entire month has been pleasant and cool.

Special Groups: 10 from the Good Shepherd Mission, Fort Defiance, on July 28. 12 from the Prairie Trek Expedition, Thoreau, New Mexico, on July 29, 30, 31. 85 boys and girls from the Quarter Circle V Bar Ranch School, Mayer, Arizona, on August 10, 11, 12, and 21 members from the Timberline Ranch for girls, Vernon, Arizona on August 21. All were overnight campers and were given conducted tours and lectures during their stay.

N. P. S. Personnel: Steve Leding and family, Organ Pipe Cactus N.M. on August 4,5,6. John Davis on August 11-12, and Alan Vedder on August 11.

Noteworthy Visitors: Frank Olsen, Sec'ys Office, Dep't. of the Interior, Washington, D.C. on July 27. Merle Armitage, Editor Look Magazine, on August 9-10-11.

Anthropology and Archeology: David Dellarport working under a Peabody Museum permit continued his work through the major part of the month. He has accomplished a considerable amount of site surveying and mapping since he started last July 1.

Concession: The Thunderbird Ranch Concessioner has enjoyed the most prosperous year since establishment, and gross revenue exceeds by far anything in the past. The tourist take would be much larger if more accommodations were available. Due to the extreme dryness of the sand their canyon cars have been doing a big business.

Canyon de Chelly National Monument
Chinle, Arizona

August 25, 1951

Continued from page 1.

Roads: With the exception of a few muddy spots all approach roads are from fair to good condition. Some grader work has been done on the road this side of Ganado and is now passable.

General: One Squaw dance was held in the canyon near Antelope Ruins and many visitors were able to see and hear this ceremony.

Maintenance: Due to heavy interpretive and guide duties we were able to do little maintenance work. However, we did manage to perform general grounds cleanup work as time permitted. Along all campground areas were cleaned up twice a week.

Everett W. Bright
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Capulin Mountain ..... NATIONAL MONUMENT

Capulin, New Mexico

August 25, 19 51

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Ranger Homer J. Farr
Subject: Monthly narrative report

Visitors: Eight thousand one hundred fivitors registered on top of Capulin Mountain this month, making a total of twenty five thousand four hundred and forty for the travel year and thirteen thousand three hundred and fifty for the fiscal year to date.

Weather: Precipitation for the month has measured about two and one half inches. The first part of the month was warm, but early fall temperatures have prevailed the latter part of the month.

Flora & Fauna: The vegetation on the monument and in the area is in good condition, with recent rains brightening it up a lot. Quite a number of deer have been observed in the area recently, and all wildlife seems to be in fine condition.

Roads and Trails: Trails are in fine shape, and the road has been smoothed and graded three times after recent rains. About one third of the work contemplated when Mr. Davis was here has been completed.

Special Visitors: To my knowledge we have had no special visitors this month.

Information Pamphlets: Five thousand pamphlets have been distributed to Monument visitors during the month, leaving about 2,914 on hand.

Very truly yours,

Homer J. Farr
Ranger

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

RECEIVED AUG 1951

August 25, 1951

Memorandum

To: General Superintendent, SWRO

From: Superintendent, Casa Grande

Subject: Monthly Narrative Report, August, 1951.

General: The first cotton is being picked and the gins are beginning to run. Unfortunately for some of our farmers, our well known drouth sun-seared many of their fields into patches of bare black stalks; in spite of drouth, if the cotton surveys are correct, we will have the best cotton production year that Arizona has known. Which brings us to another job -- the picking of the cotton -- once again it seems that there is an acute shortage of pickers, both human and mechanical.

Our area was blessed with some publicity of a sort. The current drouth has attracted nation-wide attention. LIFE magazine gave the "Casa Grande" a full page spread, but failed to give the picture a full label; we are just a national monument, with no caps. A photographer from the NBC-TV gave the "ruins" a 25 foot squirt with his camera. This, he said, was for a television newscast which was set for August 24. The NBC-TV claims that the newscast has 20 million viewers.

Weather: The humidity, which has been so bad this summer, eased up somewhat this month, but even so, the weather continues HOT and CLAMY. We had our one good rain storm, 0.58 inch.

High maximum temperature	113°
Low maximum temperature	94°
Mean maximum	105.7 °
High minimum temperature	83°
Low minimum temperature	69°
Mean minimum	75.2°
Total precipitation	0.92 inch

Visitors: The travel seems to go on forever, without any end. On those especially hot days when a person hopes to catch up on an old job, they still keep coming, in one's and two's. Sunday, August 19th, was the best travel day that we have had since May 15, mostly family groups taking an afternoon drive.

	1951	1950
Visitors during August	2,077	1864
Increase	213	
Visitors for Travel Year	57,863	53,647
Increase	4,216	
Servicemen	22	

Interpretive Service: There were 2,077 visitors to the area during this month. Some 1,027 of them suffered through the heat and sunshine for an average of 54.4 minutes in 160 groups to see the ruins. There were 1050 visitors who made only a brief visit and because of either a lack of time or the heat did not take the tour; of these, at least 735 looked through the museum before leaving.

Visitors of Note and Special Groups:

July 27 -- W. Taylor Marshall from the Tempe Botanical Gardens

July 27 -- LIFE correspondent John Berryson and LIFE photographer Jack Birns

July 31 -- Collaborator and Mrs. William Sanborn

August 3 -- 12 youngsters from the Church of the Nazarene

August 3 -- Former Casa Grande Guide Seeger and family

August 4 -- 10 University of Arizona students

August 16 -- Mr. John Davis, General Superintendent, SWNM

August 17 -- Mr. Thomas R. Burney, NBC-TV News Photographer

August 24 -- Mr. Willard L. Bradley and Mr. James L. Jenkins

Administration and Protection: Some 8 requests for information were answered during the month. The Adamsville site was given its usual inspection which revealed no new evidence of vandalism.

Our inventory was completed and submitted; the inventory is one task which we are always glad to put behind us.

Maintenance: Residence 4-4 was given its first paint job in seven years. It was completely repainted throughout. The porch for this house was also recovered. The ditches were dragged and the shoulders of the road patched where it was necessary. The shutters and wood trim on some of the buildings were given a new coat of creosote.

Personnel: Ranger Clancy went on annual leave and spent part of his time soaking up the cool, comfortable mountain air in Los Alamos, New Mexico.

Cactii Blossoms: The compass and cholla cactii blossoms gave their bit of color to what is a patched-brown landscape. Unlike the earlier blossoms, these did not start any particular interest in our kodachrome slides. The rain refreshed the creosote bushes with a scattering of their yellow blossoms.

Wildlife: Our kit fox continues to make his appearance. Apparently he has learned that he can do pretty much as he pleases for he has been seen either cutting across the ruins or skirting the ruins while parties are making the tour. Something which the public enjoys nearly as much as being shown a snake in the walls of the Casa Grande.

A. T. Bicknell
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

August 28, 1951

Memorandum

For: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of August, 1951

General

The month of August 1951 is noteworthy in the number of records broken. It had thellargest number of visitors ever recorded in one month, the greatest number of paid admissions and ruins trips, and the highest runoff of water within the memory of our oldest employees among the navajo indians. The Chaco Wash reached a high mark of 9.6 feet under the bridge, on August 22. It ran again on August 24 reaching a high of 7.6 feet. It completely covered our lower well and did considerable damage. The C C C well recently cleaned and repaired for use at the new headquarters site was also under water and a considerable amount of silt was deposited which will have to be removed. The rain on the 24th was of cloudburst proportions and did considerable damage to our roads and completely isolated the new headquarters site until road fills and the upper crossing can be fixed.

Weather Conditions

The long drought spell was broken and a total of 1.95 inches was registered during the month. The maximum temperature was 100 degrees on July 30 and the minimum temperature was 50 degrees on August 15.

Administration

A trip was made to the Regional office by the Superintendent on July 30 and 31 to discuss various items of business. Administrative matters were kept as current as possible under the load of heavy travel and maintenance work.

Maintenance

All weeds and trash were removed from Pueblo Bonito and regular maintenance work was increased by the damage done by rains to wells and pumping equipment. All fire extinguishers were refilled and more time spent on trying to straighten out equipment records.

N.P.S. Visitors

General Superintendent John M. Davis on August 9 - 10. Archeologist Steen, Regional Archeologist Reed, and Naturalist Dale King on 13 and 18.

Interpretive Services

A total of 93 hours was spent in guide and visitor contact time. 373 visitors were conducted thru Pueblo Bonito in 66 trips. There were 353 people in 67 groups contacted at the Museum.

Visitors

Collaborator William b. Sanborn and wife spent almost two days, August 20 - 21 at Chaco Canyon on their interpretive field studies.

Travel

Although there has been no great improvement in road conditions, our travel exceeded that of any month on record with 556 visitors arriving in 154 cars.

Meredith M. Guillet

Chiricahua National Monument
Dos Cabezas, Arizona

August 27, 1951

Memorandum

To: General Superintnedent

From: Superintendent, Chiricahua

Subject: Superintendent's Monthly Narrative Report

Weather: The month started quite wet and then turned dry. Weather has turned damp again as this is being written, with a number of light showers and .80 inches of drizzling rain during the past 48 hours.

Inspections. Collaborator William Sanborn spent two days at Chiricahua, August 4 and 5. Two trips were made covering the high lights of the monument on the roads and trails, and the general interpretive setup was reviewed with him in the office. It is thought that a number of good points were suggested by his visit.

Engineer George Smith from the Regional Office spent the afternoon of August 8 and the forenoon of August 9 at Chiricahua inspecting roads and layings plans for the proposed oiling of the 8 miles of highway inside the monument.

Maintenance. The road grader was laid up for repairs during most of July. However , repairs were received and the road was put back in shape before the rain damaged it too much.

One day was spent by Gaynard and Cooke repairing the telephone line near Portal on the east side of the mountains.

Approaches to the Monument. Approach roads have remained in fair shape although they have been damaged by flash floods some during the past few days.

Interpretive Service. 8 conducted tours were made during the month. The outstanding one was a 7 hour hike around the high lights of the monument with 31 boy scouts. One lantern slide lecture was given in the museum to 17 visitors. 2149 visitors were contacted in the museum.

Increase in Travel. 2367 visitors came to the monument this month. This compares with 1578 for August, 1950, and brings our travel close to last years total for this month

Ranger Service. Ranger Gaynard resigned, effective September 1, to accept other employment. We are sorry to see him leaving as he has proven to be a very good Park Service man, but wish him luck in his new work. Temporary Ranger Anderson left August 20 to accept a position with the Forest Service. Mr. Phillip Wellies began work today, August 27, as Temporary Ranger.

Forest Fire Protection. Ranger Gaynard and Operator Marble spent three hours putting out a fire for the Forest Service just outside our boundary. Ranger Gaynard and I went to another fire of doubtful location, which turned out to be on the Forest Service. We worked a total of five hours until the fire was controled and then turned it over to the Forest Service crew.

We have been getting slow soaking rains for the past 48 hours so the Sugar Loaf fire lookout job has been terminated.

August 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

This month tops any previous month, as far as we can find, in number of visitors. We had 908 visitors in 229 automobiles. This is a 20 per cent increase over a year ago this month. 905 persons took the tour around the Rock in 116 parties. 239 people went over the top of the Rock in 36 parties and 88 persons received an orientation talk.

Since last report, we have had 2.76 inches of rain. Rain, you know, that wet stuff! The coolest was 46 degrees and the warmest was 92 degrees Fahrenheit.

The approach roads have remained in good shape. Some work was done on our road and repair work on the cattle guard was accomplished. Thus, the Monument road is back in shape.

National Park Service visitors included Stu Carlson, John Davis, J. Miller, Dale Ring, Carl Allaman and Ed Ladd seasonal ranger of last year. Collaborator and Mrs. Sanborn, as their time had been cut short, could only spend 24 hours with us but we thoroughly enjoyed their stay.

Every rain since we have been here has resulted in a sort of bog in the trail at the point of the Rock. Finally, this month, we built a bridge about 10 or 12 feet long with a low railing on one side. The bridge in its final form is very attractive, blends with the setting and keeps people from getting mud above their shoe tops.

The old ramshackle loading dock was dismantled and in its place a strong, sturdy, loading dock was built with a railing on two sides. It is arranged so that the dump truck can be backed up to one side and at that point the dock is just the right height for that truck and the other open side just exactly fits the pickup. The dock is large enough so that we can store our propane tanks, oxygen tanks, as well as a few barrels and the like. It was

built at Mr. Carlson's suggestion that we get the extra propane tanks away from the house and the oxygen and acetylene tanks away from the generator house.

We replaced the old log barrier at the Office.

A good part of the trails were resurfaced with bitumuls. After the application of the bitumuls, gravel was placed on them and then they were rolled with a heavy roller.

The fire tools received a coat of red paint around their handles.

In anticipation of receiving a gallon carbon tetrachloride fire extinguisher, a post was placed in the ground near the gas pump. We fastened a box to the post and painted it red. The box was faced away from the prevailing bad weather so that the extinguisher, when received, will be handy but not in the worst of the weather.

The rains finally came. Just a few days before I figured that I would find it necessary to haul water, we had about a half inch of rain which gave me a respite. A few days later, we had 1.20 inches of rain which with the several smaller amounts of precipitation gave us enough water to last through February unless we have some unforeseen drain on the pool. By February, we should have some snow.

The technician came by to see us this month, but we are having no trouble at all with the light plants.

We have had no time to do any research this month. We did receive some information on a man named Gunn whose name appears on the Rock. A relative of his sent the information to Superintendent Aubuchon who kindly forwarded it to me.

We are looking forward to another increase in visitors during September.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

August 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for August 1951

Weather. We continued to get our share of moisture during August. 3.35 inches of rain were received on 8 days, most of this of the slow penetrating variety with very little runoff. Maximum temperatures averaged 90 degrees and the minimum 57 degrees.

Roads and Trails. An estimated hundred feet of asphalt-mix trail was constructed between the exhibit room and comfort stations. Six man days were necessary for the work.

Maintenance. With winter and wet weather approaching maintenance demands increased. Several days were spent in the mission removing fallen wall rubble and improving drainage. It was necessary to stabilize portions of three rooms in the excavated indian house and clean out several fireplaces for stabilization. Two days were spent cleaning out the interior of the kiva. Several truckloads of fill were necessary to alter the grade of the mission trail at the entrance to the indian house and two small culverts were installed for drainage.

Both water storage cisterns were pumped out, cleaned and disinfected, and 10 tank truck loads of water hauled from Mountainair.

The air compressor recently received by transfer was completely overhauled by the Superintendent and placed in operation.

Heavy weed growth on the mission trail and in the mission was grubbed. Experiments were conducted with a new weed killer compound with only fair results but tests will be continued throughout September.

Inspections. Engineer Moran of the Regional Office visited on the 21st and discussed road and trail problems with the Superintendent.

Approach Roads. The heavy rains played havoc with our approach roads this month and they were generally in poor condition. Several washouts were reported on the Carrizozo side and the Mountain-air road was muddy and corrugated.

Travel. This has been our heaviest travel month this year though number of visitors decreased slightly. 404 persons in 117 cars entered compared to 457 visitors in 115 cars last year.

Interpretive Services. This has been a month of constant "go" with heavy visitation demanding services. 276 persons in 71 parties were provided guide service through the mission for an average of 46 minutes per party and 392 persons given information and interpretation at the exhibit room. 32 parties of 114 persons used the self guiding trail. Ten before-or-after hour parties were accomodated and the exhibit room kept open in the p.m. for late visitors. Three groups camped overnight in the picnic area.

Publicity. The El Paso TIMES carried an interesting article on Gran Quivira in it's Sunday edition, July 26, clipping attached. Of late, several inquiries have been made of the Superintendent concerning the location of "the two little hills".

Roy B. Ringenbach,
Superintendent

Treasure May Be Buried Near Gran Quivira Ruins

By JOE FARRISH

Somewhere south of the imposing ruins of Gran Quivira there lies buried "between two little hills" an incredibly huge Spanish treasure—estimated to total about $20,000,000.

Yes, that's 20,000,000 frogskins. And in the face of today's inflated dollar it probably would amount to more than that.

If you want to get technical about it, the treasure is reported to consist of 270 burro loads of solid gold bullion. It was buried in 1678 by Spaniards who were fleeing the Mescalero Apache Indians. Or so says De Vargas, who tells about it in his chronicle.

"We traveled to the southward," De Vargas says, "fighting all the way. We had 270 burro loads of treasure. We buried it between two little hills, burning brush over the spot."

NOT VERY FAR

If you want to go digging for the treasure, it's not very far from El Paso. The Gran Quivira ruins lie only 190 miles due north; therefore the loot should be even closer. But the landscape can change an awful lot in 279 years, and there are a lot of hills between here and Gran Quivira.

However, the ruins are there. They're something to see, too.

Gran Quivira originally was a group of 18 Indian pueblos perched atop a low rolling hill overlooking a valley north of the Oscura Mountains. They were inhabited by the Jumanas Indians, and the first pueblo was built in about 1300 A.D. Farming in the valley below was good, there was water in an intermittent lake nearby, and the village grew.

In 1616 came the Conquistadors. They conquered the pueblo and in 1627 Father Francisco Letrado built a small mission just below the crown of the hill. Other missions were established at nearby Abo and Quarai.

BEGUN IN 1659

The huge, imposing ruin, all that is left of a tremendous mission, school and convent, was begun in 1659, a year after the construction of the mission in Juarez was started.

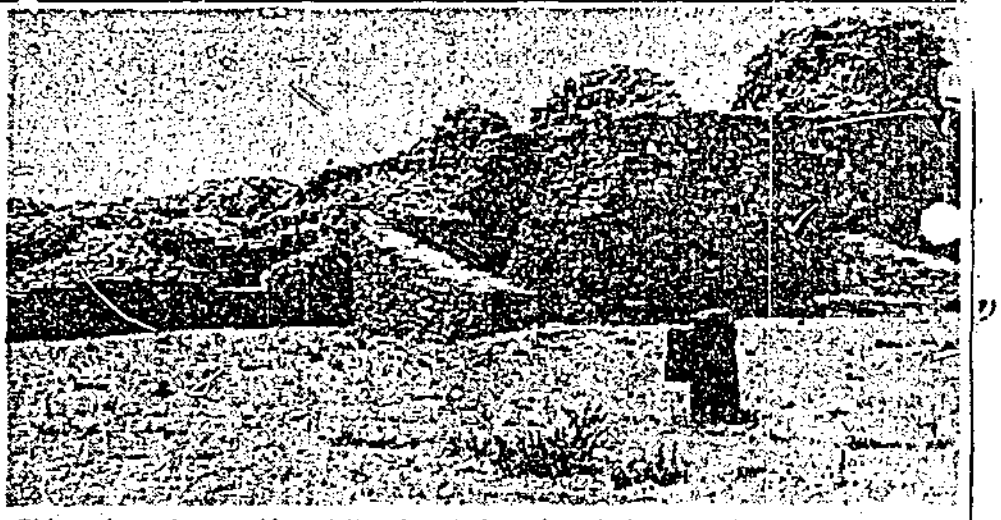
This "new" church is built, as are the Indian pueblos and the original mission, of small sandstone slabs dug out of a quarry at the foot of the hill and put together with mud. The difference is, its walls are 8 feet thick and still stand 20 and more feet high.

The walls are painstakingly fitted together like a jig saw puzzle to give a smooth exterior surface and square corners. Breaking up all the rock was no easy job, either, for the stone has no natural cleavage and each piece had to be shaped by hand.

The church never was finished. Before the padres could get the roof on it, the Mescalero Apaches, who had moved into the White Mountain area about 1500, went on the warpath. The Apaches, coming on the heels of a prolonged drought and crop failure, proved too much for the colony.

In 1678 it was decided to abandon Gran Quivira. Most of the inhabitants moved to Socorro, N. M., on the Rio Grande, and a few came to Paso del Norte, now Juarez. But those who had gone to Socorro soon joined their friends in Paso del Norte, for in 1680 the Pueblo Indians uprose and drove every Spaniard and Christian Indian out of New Mexico.

SETTLED ON MESA



The Jumanas settled on the mesa north of Fabens, where remnants of their camps still can be found by those who know how to look for them. But their flight was to no avail, for the fierce Apaches sought them out and slaughtered every member of the tribe.

After their reconquest of New Mexico in 1692, the Spaniards never rebuilt Gran Quivira. In late years the National Park Service has done a little excavation, but the ruins still stand much as they did almost 300 years ago.

And the stupendous treasure the Conquistadores reportedly buried "between two little hills" is still there.

Several men have met death searching for it. One man was slain by his partner during the early 1930s after the pair fell to quarreling over division of the loot. The slayer served his time in the New Mexico Penitentiary, and when released came back to Gran Quivira to dig some more.

Before the Park Service took over the ruins the area was pockmarked with holes dug by excited treasure seekers. But the Park Service put a stop to that, letting only those persons dig who could get a permit to do so. And no permits have been issued in about 12 years.

This picture gives an idea of the size of the ruins at Gran Quivira National Monument, 190 miles north of El Paso. Shown here is a portion of all that is left of the tremendous mission and convent founded in 1627 by the Spanish Conquistadores and abandoned in 1678 after attacks by the Mescalero Apaches drove them out. Note the excellent rock work in the walls, which in places are 8 feet thick.

Luxurious Comfort!

AUG 4 1951 RECEIVED National Park Service

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

August 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Great Sand Dunes

Subject: Superintendent's Narrative Report for August, 1951

Weather Conditions

The extreme drouth in the San Luis Valley has finally been broken with 2.03 inches of precipitation falling in scattered showers during the month. Travel picked up to normal for the first time this year immediately after the first rain on August 3.

Cooler temperatures accompanied the showery weather with 85 degrees on August 13 being the maximum recorded and 44 degrees on August 11 being the minimum.

Maintenance

Routine jobs, cleanup, and visitor contact kept us very busy but Ranger Jaramillo managed to paint all but two of the trash barrels at the campground. Forest green was used as the main color and verses similar to those at the Grand Canyon were put on in white. We have noticed quite an improvement in visitor use of the painted barrels.

The monument road was bladed once a week and is in much better shape now as a result of the moisture received. Two days during the month were spent cleaning another of the culverts plugged by gravel. Larger culverts should be placed in several places when the entrance road is finally oiled.

Approach Road

No rain fell on the approach road until last week and it was in terrible!!! shape until then. The county went over the road right after the first rains and it is in as good a shape now as can be expected for that type of road.

Concessioner

The increase in travel in August resulted in slightly

AUG 1951 RECEIVED National Park Service Region Three Office

increased business for the horse concession but it is still very much a marginal operation. No pack trips to points outside the monument were taken.

Interpretive Services

Both Silver Jaramillo and I have spent most of our time contacting visitors. People are spending much more time out on the dunes since we received a little moisture.

One talk outside the monument was given to 46 members of the Monte Vista Kiwanis Club on August 13. The subject was "Desert Reptiles" illustrated with slides from Organ Pipe Cactus National Monument.

Research and Observation

The dry weather of July hindered plant growth and only 15 species of flowering plants were collected during August.

One of my days off was spent in the field collecting mosses with Dr. James Craft of Adams State College. To date four species have been returned to us by Dr. H. S. Conard who is making final identifications. These are now properly labeled and catalogued as the nucleus for the bryophyte section of the herbarium. Two liverworts, Cocephalum conicum and Marchantia polymorpha, have also been added to the herbarium.

Visitors

Larger groups visiting the monument during the month included another field trip from Louisiana University (54 people), the Alamosa Kiwanis Club (56 people), Lisle Foundation group from Golden, Colorado being entertained by San Luis Valley church groups (64 people), Monte Vista Girl Scouts (15 people), and a Prairie Trail Expedition (Cottonwood Gulch Foundation) from Thoreau, New Mexico (25 members).

Ranger Service

A number of dry lightning storms occurred during the first part of the month and patrols along the east portion of the monument were made after each to be sure that no fires were started.

Two horseback patrols were made on my days off--one completely around the dunes and the other along the east boundary.

Decrease in Travel

Travel picked up to normal immediately after the advent of rainy weather and less than 2% decrease occurred as compared with a drop last month of almost a third. As in July, out-of-state cars increased over last year.

General Publicity

A very nice picture appeared in the August 5 Magazine Section of the Denver Post.

Southern Colorado newspapers all carried news items commenting on the July decrease in travel to the monument.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

August 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly Narrative Report, August 1951

Special Activities: July 28 was spent with Mr. W. B. Sanborn, Collaborator, Natural History Division, Reviewing the interpretive program as carried on in this area. Mr. Sanborn, as you know, is making a study of interpretive programs in the various units of the National Park System.

Most of August 8 was spent with Messrs. King, Miller and Alleman in locating a site for the new model and seating arrangements which are to be installed this fall. An excellent spot along the old creek channel was decided upon, but information just discovered shows this location subject to flood. It will probably be necessary to move the site to higher ground. The model has arrived in Clarkdale and will be delivered tomorrow, August 27.

Both Pierson and White represented this area at the Point of Pines Archeological Conference held August 16 and 17. Their trip was somewhat marred by an accident to White's car. A front tire blew out causing the car to leave the road and run over several small pines. Damage to the car amounted to several hundred dollars, but fortunately none of the occupants was injured.

Weather: It remains hot with most days averaging well over a maximum temperature of 100 degrees. Rains falling the first part of the month did cause the mercury to drop for a few days, but this comfortable weather was short lived.

Interpretation: With August as always the record month for visitors, interpretation has occupied the full time of all monument personnel. Tours totalling 236 were made to conduct 1706 visitors through the Castle. 4,600 people saw the Castle museum and 4,000 used the Sycamore Trail. At the Well, 449 people visited the museum and 1,608 hiked the Loop Trail. Also, as usual for August, this has been a "hurry up" month with people anxious to see what there is to see and then rush on to the next place.

Interpretation (cont.): Between contacts while attending the museum, Archeologist White completed some work on a relief model of the Montezuma Well area. Since this is the first work of this type for White, the model is more or less an experiment.

Travel: As usual another record for travel was established this month when 6,982 people in 2,045 cars visited the area. This figure when broken down shows 5,374 people in 1,533 cars to the Castle and 1,608 visitors in 512 cars to the Well. Increase in total visitors over last August is 491.

Visitors: On July 28, Mr. & Mrs. W. B. Sanborn, Seattle, Washington.

On July 28, Supt. and Mrs. Homer Hastings, Walnut Canyon.

On August 8, Messrs. King, Miller, and Alleman, Regional Office. On August 9, Mrs. Wanda Kerns, Personnel Clerk, same.

On August 19, A. H. Schroeder, Boulder City, Nevada.

On August 20, Dr. Stewart and thirty students from Arizona State College summer camp at Geronimo.

On August 21, Supt. Jackson and family from Tumacacori.

Public Health: Water samples collected following sterilization of the domestic water well continue to show positive for bacteria. Samples collected from the domestic water well at Montezuma Well proved satisfactory.

Observation: A Lazuli Bunting was recorded this month at the Well. This bird was mentioned in Jackson and Taylor's report of a Biological Survey in 1916, but no record of it since.

Also noted near the Well area were three deer, two bucks in velvet and a doe.

The skunk population at both the Well and Castle seems to be on the increase. These little hedgehog skunks are very tame and enjoy feeding out of the garbage cans.

NATIONAL PARK SERVICE

Natural Bridges National Monument

August 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of August, 1951, Natural Bridges National Monument

WEATHER: Ranger Redd reports the biggest flood he has ever seen in Armstrong Canyon on August 2 and another heavy rain fell on August 4.

TRAVEL: A total of 460 visitors came into the area in 147 cars. A slight decrease from the same period last year is noted.

INTERPRETIVE SERVICE: At Headquarters Ranger Redd contacted 229 visitors, 72 people signed the register during his absence and 159 ladder climbers used the Kachina Trail. Six parties were contacted at Ranger Redd's residence in Blanding.

TRAILS: Considerable damage was done to the trails in both Armstrong and White Canyons during the heavy rains; however all debris has been cleared and the trails remarked.

ROADS: Three culverts from Arches were delivered by Ranger Worthington and will be used on the spur into Headquarters. Mr. Palmer, the local State Maintenanceman, has been persuaded to install them and will also shale the road when his equipment is in that vicinity.

COMMUNICATIONS: The radio assigned to Natural Bridges was installed by Ranger Williams on July 9 and contact was made with Colorado National Monument. Further operation is at a standstill awaiting a set of batteries and a charger.

BOUNDARIES: Until last year the exact location of only one corner, i.e., Corner #1, of the monument boundary, was known. Last year, Ranger Redd, after many hours of climbing, finally located Corner # 2 and reports having found Corner # 3 this month. This completes the triangle.

Bates E. Wilson

Bates E. Wilson
Superintendent

Navajo National Monument
Tonalea, Arizona

August 28,1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report for August, 1951

Travel: Total visitation for August was 156 people which represents a drop of 56 from August a year ago. We cannot blame the Weatherman for this.

Weather: Very little rain fell during August but it has been wonderfully cool and excellent weather for hiking.

Roads: Several days work on our entrance road made a big improvement. The small amount of moisture that we did have was enough to pack the blow sand and allow us to push it out of the roadway. The scarifier we used extensively to dislodge a lot of rock that was in the road. The trader and Indian Service employees at Shonto have done some work on Shonto Hill. Mr. Harper, Navajo Reservation Supervisor, has offered to oil the Shonto Hill and improve the road leading to the Monument. All of this is dependent upon the Indian Service appropriation so it may never come to pass.

Special Visitors: Milton Wetherill, former ranger at Navajo and member of the famous Wetherill family.
Dr. John McGregor, Archeologist
Buck Burshears, Kaibab supervisor
Carl Parlasca, former executive secretary of the Boy Scouts
Superintendent and Mrs. Hastings, Walnut Canyon
Seasonal Ranger Robert Viklund, Sunset Crater

Interpretive Activities: Superintendent and Mrs. Hastings, Robert Viklund, Ruth and I, spent two days at Keet Seel Ruin establishing a self guiding trail. Small lettered stakes were made and placed near the main points of interest in the ruin. Information pertaining to each stake has been compiled in a small leaflet for visitor use. We will use mimeographed leaflets until the system proves to be satisfactory.

A register book was placed at Keet Seel to enable us to keep a more accurate count and to give the visitors the pleasure of knowing just how few people have preceded them.

A sign indicating "Keet Seel Ruin, Navajo National Monument" was installed.

A first attempt to mark Sandal Trail was made and seems to be satisfactory, at least in basic principle. Sandal prints have been painted on that portion of the trail passing over bare rock. We will do more experimenting before we finish it.

A small exhibit box with cover was made and painted. This box will be placed at Betatakin Point at the end of Sandal Trail and will house material concerning Betatakin Ruin. Many visitors see the Ruin only from the rim of the canyon and this interpretive device should prove to be of interest.

Rose Laughter, wife of our Navajo laborer, has set up a loom near the museum. The visitors are delighted to watch her weave and have taken innumerable photographs and movies. Much favorable comment has been received on this "live" exhibit and I may add that Rose enjoys her fame immensely.

General: A screen door was made for the ranger hogan and two coats of tar applied to the hogan roof. This cement roofed building leaked badly during the July rains.

A sump was made for the intended sewer for the hogan, further progress on this project depends upon funds for pipe..

We have been in a mild state of excitement due to the prospect of obtaining a bulk butane storage tank. Any change that will end having to haul butane bottles 140 miles is bound to be welcome.

The surplus desk and chair from Saguaro were repaired and refinished.

Buildings: The roof of the garage portion of the storage sheds became soaked with water during a .35 of an inch rain and completely collapsed. As it fell, it so loosened the connecting walls and roof of the generator room that that roof had to be removed, also. This garage was being used for working space and storage and if it had fallen between eight and five might easily have caught someone under it. We all recognize the necessity fo improvising but some times it can be the most expensive method in the long run. We staked the poles from the old roof and put the dirt and juniper bark on the road. Now all we need is some money for a new equipment and generator shed.

Local: George Stinke, more commonly known as "Whitey," was killed in an auto accident north of Flagstaff, the night of August 5th, while returning to the Red Lake Trading Post. "Whitey" had worked for several years guiding visitors to Rainbow Bridge and had only recently been employed at the trading post.

Rainbow Lodge, jointly owned by Barry Goldwater and Bill and Katherine Wilson, was completely burned the night of August 12. The cause of the fire is unknown but thought to be the result of faulty wiring. There was no insurance coverage and the loss was estimated to be over $10,000.00. The Wilsons are still operating as their sleeping cabins were not damaged. No plans for rebuilding or continued operation beyond this season have as yet been made.

John A. Aubuchon
Superintendent

Fire damage at Rainbow Lodge, Rainbow Bridge National Monument

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
Ajo, Arizona

August 28, 1951

Memorandum

To: General Superintendent

From: Acting Superintendent, Organ Pipe Cactus

Subject: Monthly Narrative Report, lml, August 1951

Weather

Numerous thunder and rain storms brought resulting high humidity on several days. High winds and one attending dust storm preceeded nearly all rains. A total of .88 inch of precipitation was recorded. Twenty six days brought temperatures of 100° or higher making an average maximum of 105°. The monthly maximum was 110° recorded on two days and the minimum was 68°.

Mining Activities

The Arizona-Montana Mining Company has set up a camp and remained active at the Milton Mine site west of Headquarters during the entire month. An average of six men have been involved in stock piling ore at the mine site preparatory to trucking it over the monument highway to Ajo and Gila Bend. From Gila Bend the ore will go by rail to El Paso for smelting. The operation thus far has included an ore bin, track and ore car, a large air compressor, a small bulldozer, trucks, and considerable blasting. The Company is in the process of establishing a tent camp for the labor crew at the site.

Maintenance and Construction

Messrs. McFadden and Steenhagen from the Washington Office and Region One Office respectively arrived August 20 to install and adjust the newly received FM radio equipment for this area. A 66 foot antenna tower and antenna, a 250 watt transmitter-receiver, a 60 watt transmitter-receiver, three 60 watt mobile units, four Handie Talkie units, and a pack set were installed, adjusted, and checked out. Tests indicated excellent coverage of the area.

While erecting the FM antenna tower a new AM antenna was installed for 6150 frequency operation making it possible to dismantle the vertical AM antenna staff and thus remove the clutter of two vertical masts at the headquarters area.

Two man days were devoted to fence patrol and repair along the north boundary. Heavy rains in that section caused damage to fence line wash crossings.

Approximately thirty miles of secondary roads were bladed to erase rain damage.

Protection

Accidents on the Ajo-Sonoita highway have increased during the two week vacation shut-down at the Cornelia mine. On the afternoon of August 18 three Indians were involved in a near accident about 1/2 mile south of headquarters. Rangers Steel and Leding investigated and cautioned the driver. On that same evening two of the same party were stopped on the highway for drunken driving and taken to the sherrif's office in Ajo.

Enroute to Ajo we picked up another driver who had been injured as his auto left the road at a dangerous wash crossing and dropped into a deep washout. A separate report will be submitted covering this.

Collaborator Activities

Collaborator W. B. Sanborn visited this area on Aug. 1. Mr. Sanborn was impressed with the comprehensive development of the monument herbarium and study skin collection and research program as conducted in this area.

Personnel

Superintendent Supernaugh departed August 2 for a month's annual leave. Ranger Leding returned from annual leave August 18. Maintenance man Guinn returned from leave August 7.

W. S. Leding
Acting Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

August 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Narrative Report, August 1951

General

Good rains and hot weather were evident throughout the month of August. During the first five days of the month 4.70 inches of precipitation were recorded at the Mica Mountain weather station. Daytime highs were nearly always in the 100's as the rain was not generally accompanied by cooler weather.

Precipitation

	5 year average	1951
July	5.12	1.19
August	3.25	6.76

Two severe lightning storms - one on August 5 and one on Aug. 14 caused a total of nine fires. Ample precipitation accompanying these storms kept most all fires to minimum acreage. The largest fire occured just West of Manning Camp and burned a total of 2.4 acres. This fire smouldered unobserved for four days before it finally attained enough size to spread. Milder lightning storms caused three more class "A" fires on August 16 and 17 bringing the monthly total to twelve.

Travel was good throughout the month. The fish-hook cacti in the arboretum bloomed on and off throughothe whole month much to the enjoyment of visitors. The Vail approach was passable during most of the month although one or two sandy washes were difficult to cross.

Chiminea Creek began running the first part of August thus bringing the three month period of water hauling at Madrona Ranger Station to an end.

Temperatures at Headquarters varied from a low of 66° on Aug. 15 to a high of 109° on July 30.

Special Activities

Mr. William B. Sanborn, N.P.S. collaborator, visited the area on August 5 and inspected the interpretive devices used at Saguaro.

Highway Engineer Smith of the Region Three Office spent August 8 at Saguaro lining up equipment for the addition of a dust palliative to the Cactus Forest Loop road. Mr. Smith found several washes which will supply a suitable amount of good chips for application to the road.

Mr. Robert M. Coates, Chief of the Economics and Statistical Branch of the Division of Lands, was another Saguaro visitor on August 8. Mr. Coates was particularly interested in the method of arriving at travel counts and the variety of vegetative types found in the area vis a vis the recreational uses thereof.

General Superintendent Davis inspected the area on August 14 and discussed various problems with the Superintendent.

Status of Private Lands

After a conference attended by Messrs. Chambers and Goyette of the Saguaro Land Committee, together with Mr. James Converse and the Superintendent, and agreement was reached whereby the Tucson Chamber of Commerce would sell the Chamber of Commerce well property to the Federal Government at the appraised value.

While in Tucson, General Superintendent Davis conferred with Messrs. Chambers and Goyette of the Saguaro Land Committee and contacted Univ. of Arizona officials with regard to the proposed land exchange in Saguaro National Monument.

The Tucson Chamber of Commerce Board of Directors approved sale of the Chamber of Commerce well property to the Government at the appraised value. An option was secured on August 22.

Surveys

Engineers Bradley and Jenkins of the Region Three Office were at Saguaro from August 7 to 24 in connection with surveying the new water line and topographic layout of the proposed new headquarters development.

General Publicity

In a local radio interview, Mr. Art Mann of the Tucson Chamber of Commerce said that there are two musts when visiting Tucson. These are the Saguaro National Monument and Tucson Mountain Park.

Roads and Trails

The Cactus Forest Looproad was graded at various times during the month and in spite of heavy rains is in good condition.

The Cow-Head Saddle - Manning Camp Trail rehabilitation was completed during August. Approximately ½ mile of the Mica Tower - Manning Camp, and one mile of the Pack Trail were rehabilitated during the month.

Approaches to Park Area

The Broadway Approach was bladed twice in the previous month and except for two or three rough dips is in good condition.

The Vail Approach in spite of grading was in poor condition throughout August. Several sandy washes make passage very difficult.

Interpretive Services

A total of 836 persons in 243 parties were given interpretive service at headquarters. This amounted to a total of 56 hours for an average of 14 minutes per party/

Ranger Benson gave an illustrated lecture on Saguaro National Monument to more than 110 members of the Tucson Kiwanis Club on July 27.

Observations

August 14, One Western Box Turtle, terrapene ornata, found near South Boundary along Rincon Creek.

Travel

A total of 1,695 persons visited Saguaro National Monument in August. This represents an increase of 98 visitors as compared to last month and an increase of 273 visitors over the corresponding month one year ago.

Visitors

Aug. 3, Mr. William B. Sanborn, Univ. of Washington, Seattle, Wash.
" 6, Mr. and Mrs. Dick Youse, Petrified Forest National Monument.
" 7, Engineers Willard Bradley and James Jenkins, Region Three Office.
" 8, Highway Engineer Smith, Region Three Office.
" 8, Mr. Robert M. Coates, Chief of Economics and Statistical Branch, Division of Lands, Washington D.C.

Visitors (Cont'd)

Aug. 12, Superintendent and Mrs. Branch, Petrified Forest National Monument.
" 14, General Superintendent Davis, Region Three Office.
" 20, Ranger and Mrs. Honson, Tumacacori National Monument.

Forest Fire Control

Most of the month was spent either fighting fires, mopping up or sharpening tools in preparation for the next fire.

On Sunday, August 5, a "hot" lightning storm caused six fires, four of which were suppressed by the next day. The other two were "sleepers" which did not appear until later in the week when burning conditionn were higher. Another severe storm struck on the night of August 14 causing three more fires. These latter were easily controlled because the storm was accompanied by almost an inch of rainfall. Two other storms on Aug. 16 and 17 were responsible for three more fires bringing the total for the month to 12.

Both the desert and forested portions of the area are well drenched due to better than average August precipitation.

All members of the Saguaro fire control organization are to be commended for their perseverance in suppressing these fires. Teamwork and individual judgement plus just plain hard work were evident throughout the fire emergencies.

Building Fire Control

The Superintendent conducted an official inspection of building fire hazards and control facilities during the month. A report of the findings was forwarded to the Regional Office.

Accidents

Trail Laborer Lars Garrison sufferod a cut on the thumb and Trail Laborer George Doolittle a cut finger during the month. Both men received medical attention in Tucson.

Public Health

Fire Control Aid George Nimmo developed a bad carbuncle on his neck which necessitated medical attention.

Lillian King was stricken with "Valley Fever" on August 17 and will probably be confined to bed for several months. The attending physician has indicated that the virus, cocci diodomycoses, is

FUNGUS

Coccidioidomycosis
Coccidiodes immitis

transmitted to humans by contaminated dust particles from rodent holes which are breathed by the victim. Lilion has already passed the crisis and with plenty of rest should be well in several months. She may go to school but can not participate in any physical education classes.

An application of DDT powder was sprinkled on all runways and burrows of rodent nests and holes in the area adjacent to the headquarters residence. It is hoped that this might help prevent further spread of this disease.

Personnel

George L. Doolittle entered on duty as trail laborer on July 26.

Samuel A. King
Superintendent

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Sunset Crater

Flagstaff, Arizona

August 25, 51

Memorandum

To: General Superintendent

From: Ranger-in-charge, Sunset Crater

Subject: Monthly Narrative Report, August 1951

Weather Most of the month has been very favorable with cloudy and cool days interrupted by several good thunder showers. We are still below average on our rainfall.

Inspections Regional Forester Carlson visited the area on August 1 and Superintendent Brueck came up from Wupatki to meet him.

Mr. Natt Dodge of the Regional Office together with Mr. Brueck went over the interpretive service of the monument on August 16.

Mr. Al Schroeder of Lake Mead Recreational Area passed through on his way to Wupatki August 21.

Special Activities Ranger Bullard of Wupatki came up for the day on July 29 to become acquainted with the area.

Maintenance Three new signs were constructed and erected to replace those of CCC era. Spot work on the Lava Flow Trail continued throughout the month.

Roads With the opening of the back road to Wupatki on July 27, the road conditions of the Monument have been excellent. Mr. Bean bladed the entrance road twice during the month.

Interpretive Service The latter part of the month showed a very large increase in travel. A total of 2,153 persons in 649 parties took the Lava Flow Trail. The Trail Books outsold any previous month with $103.11 collected on 1,178 books. Collections amounted to 8%.

Due to the cool weather, more visitors than ever found the energy to climb to the top of the Crater. In all 704 persons in 176 parties made it.

Ranger service was extended to 80% of the total travel during the month. 4,836 persons in 1,304 cars were contacted.

Travel Very heavy travel during the latter part of the month has increased the travel 42% over August of 1950.

	Cars	Visitors
August 1951	1,693	6,072
August 1950	1,315	4,274
This travel year	6,840	21,535
Last travel year	6,389	19,826

Visitors
July 31, Major Brady, Museum of Northern Arizona.
Aug. 1, Mr. S.T. Carlson, Regional Forester, Santa Fe.
6, Woodcraft Rangers, Los Angeles, 31 in party.
11, Sundown Boys Ranch, Airapine, Ariz. 19 in party.
16, Boy Scout troop #1, Boston Mass. 3 in party.
Boy Scout troop, Louisville, Ky. 97 in party.
Quarter Circle V-Bar Ranch, Meyer, Ariz. 63 in party.
Mr. Matt Dodge, Regional Office, Santa Fe.
20, Ranger and Mrs. Jack Williams, Navajo Nat'l Mon.
21, Arch. Al Schroeder, Lake Mead Recreational Area.
23, Arizona State College, Tempe, Ariz. 70 in party.

Forest Fires The frequent showers during the month has kept the fire hazard very favorable. Two lightning struck trees near the monument were attended to by the Forest Service.

Ranger Service A very severe wind and lightning storm on July 28 caused a tree to fall across the road four miles down the back road to Supatki. The tree was moved to permit travel to Supatki.

Robert H. Vikland
Ranger-in-charge.

Tonto National Monument
Roosevelt, Arizona

August 23, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, Tonto, August, 1951

Weather. Hot, often high humidity. About 2 inches of rain in the early part of the month. Maximum temperature about 108, minimum about 75, at night.

Roads and Trails: Apache Trail rough, and getting worse. Entrance road a bit rough, as state maintenanceman is on his vacation.

New signs, gate and rockwork at entrance to cliff dwelling trail now are complete, and help appearance of area considerably.

Visitors: Mr. & Mrs William Lenhorn, NPS Collaborator, spent most of a day here, July 30. The Tonto staff enjoyed talking with them, and believe that he is doing some valuable research.

Mr. C.H. Lowe, Department of Zoology, University of Arizona, August 4. Dr. Lowe commented favorably on interpreted trail, and gave us some good information on the lizards here.

General Superintendent Davis, August 13, the discuss Monument business.

Archeologist Al Schroeder, August 14, en route to Point of Pines, and again August 18 on way back, accompanied on return by Archeologists Pierson, Art White of Montezuma Well, and Mr. & Mrs Mc Ginnes who have been doing work for the Peabody Museum.

Travel: 1838 visitors record in, to set a new record for August, and makes us wonder if the tenuous psychological barrier which is all that keeps large numbers of tourists out of this area in summer, had not given away.

A graph of travel by months, prepared by the superintendent to study travel here from the summer of 1941 to present, shows that the winter peak has decreased slightly, but that the summer months travel has climbed steadily to give us as many visitors any summer month as we used to have in December. Only one month this year, July, has brought in less than 1000 persons. By observations would indicate that when travel approaches 1000 person per month, two men on duty everyday can just about keep office work and maintenance current, and have a little time for other routine activities. This year, we could well justify a third permanent employee.

This trend will no doubt continue, in the absence of a full scale war.

There are enough new residents coming into the state to keep our visitor numbers up, even if nation wide tourist business did not increase.

General: Work continues on the tree trunk the trailer quarters. An electric meter was borrowed from the Arizona Power Company in Globe, to help make an accurate estimate of current consumption for quarters and trailer.

The superintendent made a trip to Phoenix Saturday August 25, for supplies, and was glad to get back out of that hot valley.

Conference: Archeologist Gumerman and Mrs. Gumerman attended the Joint Indian Conference. From the description of mishaps to automobiles attending that event, I fully expect to hear that the next one will be held at some big garage and repair shop.

Archeology: The discussion with Archeologist Schroeder brought out some interesting ideas on population movements of the Ancient Indians. I hope that the results of the Lastest conference can be correlated, and the information sent out to the southern areas soon.

Charles C. Cleary
Superintendent

AUG 1951
RECEIVED

Region Three
Office

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Tumacacori National Monument
Tumacacori, Arizona

August 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Acting Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for August, 1951

Weather: Temperatures this month ranged from a maximum of 103 on three different days to a minimum of 61 on three different nights. (Somehow that doesn't read as hot as it seemed to be.) There were 2.49 inches of precipitation which is just a little below normal. Average precipitation for August of the last 13 years is 2.93 inches.

Visitor Travel: This month there were 2,386 visitors to the area in 663 motor vehicles. August of last year had the largest number of visitors up until now, with 2,148 visitors to the area. At this time in our Travel Year there has been an increase of almost 10,000 visitors over the number for last year at this time.

Visitors: Among our visitors were:
July 29 - A group of 14 from Arizona Sunshine School, Tucson, Arizona.
August 2 - Mrs. Hugo Miller and daughter. Mr. Miller is the one who donated several fragments of a bell which at one time may have belonged to the mission.
- Mr. Lloyd M. Martin, Entomologist at the Los Angeles County Museum.
August 4 - Mrs. Sam "Cactus Pete" King from Saguaro Nat'l Mon't brought Mr. and Mrs. Fred Saunders to the area.
August 5 - A group of 28 girls and 5 counselors from Kennerly's Finishing Ranch, Amado, Arizona.

Inspections: General Superintendent John Davis was in for a few minutes on August 15.

Interpretive Service: There were 166 guided trips this month and 918 visitors went through the mission church and grounds. The average trip took about 32.66 minutes. 2,318 visitors received combined Information and Interpretive service and 2,313 saw the museum and patio garden.

Museum and Education: Alfred F. Whiting, former W.A.E. Guide here and friend of the Service, donated some interesting recent photos and notes concerning some of the Sonora missions.

We have also received a Multiplex, from Santa Fe. We are now trying to determine the best way to make use of it.

Personnel: Ranger Henson returned to active duty August 1 and Superintendent Jackson started his annual leave August 2.

W.A.E. Guide John F. Upson continued working 24 hours a month during the Superintendent's absence.

Maintenance: In addition to the routine maintenance, quite a bit of time was spent on the new entrance sign. Masonite letters were cut out, linseeded and painted and the sign itself was treated with woodhealth. All that remains now is to stain it, nail the letters on and then plant it out in front of the museum. A good part of the outside woodwork on the museum has been linseeded and the floors and drainboard in the Superintendent's residence were also given a coat of linseed. Some palo verdes were planted in the patio garden in the space left vacant by the removal of a diseased olive tree. A cement ramp was made at the north view room door. There is a step just outside the door and since an accident could happen there very easily, we decided to anticipate it and remove the hazard. In the next few days we plan to put similar ramps at two other steps. Four loads of manure were hauled from the SantaCruz Valley School. Of course, the summer rains brought out our usual nice crop of weeds and a lot of weeding was done.

Ruins Stabilization: The Ruins Stabilization Report for the period August 7, 1947 thru June 6, 1951 was completed and sent to Santa Fe. In Superintendent Jackson's report were recommendations for work necessary in order to protect the historic structures from further deterioration. We hope that the recommended work can be started soon.

Research and Observation: For a few days at the first of the month we had a regular plague of large yellow caterpillars. It was hard to walk two steps without stepping on one. As close as we can tell, they were the larval stage of one of the Striped Sphinx moths. Then the day they finally disappeared into the ground, the usual influx of grasshoppers started. These evidently are the Valley Grasshoppers. They are huge critters, blue heads, blue joints and have a stub of a wing - red with black spots. Pretty things to see and the visitors certainly enjoy seeing them. If they stay here much longer our plant collecting will have to stop. As it is, there is a race between the caterpillars, the grasshoppers and the Ranger. So far he is barely holding his own.

Albert G. Henson
Acting Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

August 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly narritive report, August, 1951

Visitors this month 5301; travel year to date 24741.

Weather Welcome rain fell during the last of July and the first part of August. In the latter part of August storms threatened a few times, but we are dry as a bone again. One severe lightening storm battered the monument but no fires resulted. Temperatures have been dipping to the low 40's the past week.

Special Activities The Superintendent is about ready for a wheel chair since he found out that he is now "grandpappy".

Seasonal Ranger Beaver was responsible for the return of a shrine stone to the Hopi village of Shungopovi. The stone had been missing for about five months and had found its way into the State Museum in Tucson.

Superintendent and Mrs. Hastings made a trip to Navajo National Monument on August 13 to return their pick-up and bring back ours.

Ranger Spangle and Seasonal Ranger Beaver attended a seminar at the Museum of Northern Arizona to hear a lecture by Dr. John O. McGregor on the Cohonia culture.

Inspections August 1 Reg. Forester Carlson
August 7 Naturalist Dale S. King, Landscape architects Alleman and Miller
August 16 Reg. Naturalict Natt N. Dodge
August 20 Archeologist Schroeder
August 21 Reg. Engineer Lassiter, Soil Conservationist Paul Balch, and Landscape Architects Harold A. Marsh and John A. Williams
August 23 Asst. Reg. Forester Ratcliff

Maintenance and General Work Several contractors checked over the roofing jobs to be done on the museum porch and the garage.

The visitor trail was swept and policed several times during the month.

An axe with a special support was placed on the picnic ground for the convenience of all picnickers.

A new telephone pole was set where our line crosses Highway 89.

Repainting of screens and window frames on Residences A and 2 continued through the month.

Weeds were removed from around the parking area.

Roads and Trails The Superintendent conferred with a contactor about oiling the entrance road. The approach road and entrance road were bladed once by the County but the "washboards" are back again.

Travel and Use 5301 visitors in 1496 parties visited the area. Of the total 5123 visitors were contacted. 532 visitors in 100 parties used the picnic area. There were 17 members of the armed forces included in the total number of visitors. Visitors were recorded from 45 states, District of Columbia, Hawaii, four provinces of Canada, England, Germany, Australia, British Honduras, India, Columbia, Holland, and Guam.

This months travel is the highest ever recorded for the monument. It is 948 visitors or 18 per cent above the same period last year and 3 per cent or 149 visitors above July, 1951.

Interpretive Service 5183 visitors in 1429 parties were contacted. 5137 visitors in 1433 parties visited the museum.

On July 31 Ranger Spangle gave a slide lecture on Flowers of Northern Arizona to the Alpine Garden Club of Flagstaff.

On August 9 Ranger Spangle talked to a group of 15 students of Natural Resource Management. They were from Arizona State College at Flagstaff.

Work was started on a card catalog of pictures and articles in Arizona Highways Magazine beginning with those for 1938.

Museum Activities and Exhibits Seasonal Ranger Beaver has started work on a sherd board and has completed classifying the Weatherill Collection of pottery.

Wildlife Late at night on August 5 several dogs were heard in the canyon probably running a deer. An unsuccessful attempt was made to locate them.

Building Fire Protection All fire extinguishers were checked and those not previously filled because of lack of supplies, were filled.

Visitors

National Park Service

July 26 - Supt. and Mrs. Aubuchon from Navajo
30 - Tom Mathews from Chaco Canyon
31 - Ranger Morris and family from Canyon de Chelly
Otis Hicks transferring to Grand Canyon

August 4 - Supt. and Mrs. Brueck from Wupatki
Supt. and Mrs. Baggley and daughter from Lake Mead
5 - Supt. Brewer and friends from Tuzigoot
8 - Ranger Leding and family from Organ Pipe Cactus
10 - Mrs. Kerns and daughter from the Regional Office
19 - Supt. Jackson and family from Tumacacori
20 - Ranger Steele and family from Petrified Forest
Seasonal Ranger Frock from Grand Canyon
Ranger and Mrs. Jack Williams from Navajo

Others

July 26 - Dr. and Mrs. Faye Cooper Cole and Mr. and Mrs. Moles from the University of Chicago
27 - 31 faculty members of West Illinois State College
C. H. and Mrs. Love from the University of Arizona

August 4 - Rangers McDermaid and Brewster from the Coconino National Forest
9 - 50 children and their sponsors from the Southwest Bible Conference near Flagstaff
12 - A group of radio hams picnicked here
31 members of the Summer Music Camp at ASC
15 - W. S. Glock, collaborator with the Smithsonian Institution who is doing tree growth study in this area

August 26 51

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendents Monthly Narrative, Report No. 1ml

AUGUST TRAVEL,1951 — TRAVEL YEAR TO DATE

Visitors - 27,288, Cars - 6,145 — Visitors - 170,175, Cars - 39,756

GENERAL

This August shows a gain of 1,366 visitors over last August making this the higest August in our history, this Travel Year shows a gain of 12,834 over last years travel to date. We had hoped to crack 200,000 this Travel Year but there is little chance of getting the needed 30,000 during September, but we won't miss it far.

Mr. William Sanborn, a N.P.S. Collaborator from the University of Washington was here on August 9th on his study of interpretive programs, we were fortunate in being able to show him quite a bit of activity as a group of 600ø 4-H members from all over New Mexico visited the Sands for a picnic and program that afternoon. Mr. Sanborn was apparently quite pleased with all he saw here , both the scenery and the operation of the area.

August hasn't been quite as hot as Julys 110° weather, only got up to 105 about a dozen times but those 5 degrees weren't very noticable when we were reaming out the sewers. The minimum recorded was 63 and we had several drops of rain but nothing we could record so the drought continues to get worse.

PUBLICITY

A photograph of the White Sands appeared in one of the recent issues of Coronet Magazine but it was not identified as to the area.

MAINTENANCE

The clay road between the end of the pavement and the loop is still terrible, rough and full of chuck holes etc., but there is nothing we can do until we get some rain. We now have hopes of paving this bad stretch as Mr. Moran was down on the 19 and 20th to look the road over and while he was here he helped us get started on our trail repairs. Our Sewers, toilets and water have been causing us grief all month. We have had to borrow from Alamogordo and the Air Base all month to keep going, borrowed sewer cleaning rods three times this month to open our sewers, Ray Rixey can really say he started at the bottom when he started in at the White Sands. We had to borrow the city water truck for several days while ours was in the garage for repairs and it has been in off and on most of the month. We rigged up an emergency tank on the flat bed and it can be used in a pinch but it is a much smaller tank than our regular water truck. By using city water in the rest rooms we have been able to build up enough gyp water in the tank to save the tank which was about to dry out and fall apart.

John Diehl and Merritt Barton were here on the 7,8 and 9th of this month working out the details for our water line from the air base.

With the water line and the addition to the pavement this year, Johnwills aspirin consumption should be cut in half.

NEW EQUIPMENT

The new Chevrolet Dump Truck finally arrived and it was welcomed with open arms, the old dump was still running but its number was about up and without a dump truck we'd be sunk with the use the picnic area has been getting.

VISITORS

Mr. Robert Coates, Washington Office
Mr. John Diehl, Region III Office
Mr. Merritt Barton, Region III Office
Supt. and Mrs Taylor Hoskins, Carlsbad Caverns N.P.
Mr. Moran, Region III Office
Mr. and Mrs William Sanborn, N.P.S. Collaborator

PERSONNEL

Otis Hicks and family left for his new position at Grand Canyon on July 30th. Ray Rixey and family arrived on the 3rd of August and reported for duty on the 6th taking the Maintenanceman job . Although we were all

sorry to see Otis go, we are more than happy to have Ray, Pat and the kids with us.

Bosco Jordan, one of our seasonal rangers, resigned at the close of business on August 4th due to the starting of football practice, he is the Alamogordo Junior High Coach.

LEAVE TAKEN

Superintendent Faris took two days of annual leave to go to Norman, Oklahoma to pick up his father and two more to go to Santa Fe and visiting the Regional Office while there. Joe Sheppard took two days to attend a family reunion in Texas.

Dan E. Davis,
Park Ranger.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

August 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report for August, 1951

Weather:

We finally received a little precipitation but all within a week from the end of July to August 5 when 1.02 inches was recorded. Conditions are still very dry in the Wupatki Basin with the vegetation looking better in the Citadel region. The high for the month was 100 degrees with a low of 55. The Colorado River has stopped running and is dry enough to drive across near Black Falls Trading Post.

Inspections:

Regional Naturalist Matt Dodge arrived on August 16 and went over interpretive problems for Wupatki and Sunset Crater.

Archeologist Al Schroeder visited the area on August 21 and went through the ruin checking on public use and gave us a lot of good advice on stabalization work that could be done.

Forester Harold Ratcliff inspected range conditions in the Wupatki Basin on August 23. We went over the Wukoki area and the area around one of the winter hogans. Vegetation is dying and in very bad condition mostly between Wupatki and Heiser Spring.

Maintenance:

A new vent pipe was installed on the hot water heater at the Superintendent's residence in accordance with approved plans.

Ranger Bullard spent two days working on the ruin. Bracing a weak roof and in general repairing roof leaks and fallen walls.

Part of the roof of the basement that is used for an office and museum was repaired. We hope this will eliminate the worse leaks and are looking forward to some rain to give it a test.

A small dry toilet that was stored at Heiser was moved over to the campground area.

Roads and Trails:

The entire loop road was graded after the rains and put in fair shape. Rains have been so spotty that some sections of the road still need moisture to get them into shape again. Four loads of clint were hauled in to be used in paving the trail from the office to the ruin later in the fall. Four loads of sand were hauled to be used in installing the cattle guard at the earth cracks and to finish the floor in the quonset hut.

Interpretive Service:

At Wupatki 1711 people in 462 parties were contacted for an average time of 18 minutes per party and a total of 110 hours.

Travel:

With all roads open the entire month the travel totaled 672 cars and 2389 people which is 28 cars and 302 people over August last year. We had several large groups which helped boost the count the latter part of the month as follows; Aire Pine Camp from Show Low, Ariz. with 20 members, The Arizona State College from Tempe, Arizona with 65 in the group.

Visitors: 8/4 Bill Beck, Deputy Sheriff, Grand Canyon, Arizona
8/13 Homer Hasting, Superintendent, Walnut Canyon Nat'l Mon.
8/15 Mr. Keeney, Supervisor of Coconino National Forest and party of U.S.F.S. men
8/16 Mr. Ed Kessel, Ass't Curator Entomology, California Academy of Sciences.
8/16 Regional Naturalist Matt Dodge, Santa Fe
8/21 Archeologist Al Schroeder, Region Three Office
8/23 Forester Harold Hatcliff, Region Three Office

Research and Observation:

Twenty-seven Nighthawks were counted at Heiser at sundown one evening. Four Bluebirds were seen at the earth cracks and 1 red tailed hawk at the Citadel. Clyde Peshlakai reported seeing 6 deer at Heiser Spring. Two road runners have been seen near Heiser and small flocks of pinyon jays are seen occasionally.

Ranger Bullard is revising the observation records and putting them in shape according to the last memorandum on the subject. He is also working on the Wupatki Library and getting together all the books we feel we will not need for this area as well as puting what we have in shape so we can find what we need when we need it.

Public Health: W

Water samples were taken at Heiser and Wupatki and taken to Flagstaff for testing. All samples were found satisfactory. The drinking fountain at Wupatki is getting a strong sulphur order which is probably due to some iron pipe in the line. We will have to dig up the line and change some of the pipe when travel slacks off.

Miscellaneous:

The trading post at Black Falls has been closed the latter part of the month while Mr. Kellam has been on a vacation in California.

On August 20 the Superintendent and Ranger Bullard went to Black Falls for the annual sheep count for this area. The thing noted most was that all the indians are running much less sheep then their permits call for.

Spring Flow: Wupatki - 120 GPD Less than half of last year and at present my storage tank is almost empty so will have to start hauling water in about 2 weeks from Heiser.

Heiser - 1650 GPD This is a little more than half of what it was last year this time.

Frederick R. Brueck
Superintendent

SOUTHWESTERN NATIONAL MONUMENTS MONTHLY TRAVEL STATISTICS

TITLE: [illegible]

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT SH3) AND 9 (REPORT SH3).

NAME Homer J. Farr
TITLE Ranger

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO MINES AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 9M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME Irving McNeil, Jr.
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONVERSATION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO GEOLOGIC AND HISTORICAL SUBJECTS SHOULD BE REPORTED ON LINE 2. BE SPECIFIC WHEN OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: USERS THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical Aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic location, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originated. Coordinating superintendents also should be provided with a copy. Data due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8a3) and 9 (Report 9a3).

NAME [signature]
TITLE SUPERINTENDENT

REVISED MAY 1950

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
Ranger Benson gave an illustrated lecture on Saguaro National Monument to 110 members of the Tucson Kiwanis Club on July 27. Reports indicate that the talk was well received.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE. From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME

TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. NAME Allen Henderson
TITLE Acting Sup't

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, BUS, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST, THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

Lecture by Supt. on August 9 to 26 members		
of the Cottonwood, Ariz., Lions Club.		

REMARKS: There are only two men assigned to duty at Tuzigoot. Because of the travel pattern and the physical layout no ruin guiding is possible. There are only 18 hours when two men are actually on duty. 18 hours a week are insufficient to accomplish the cleaning, policing, and maintenance of the area.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Contact and museum open 7:30 a.m. to 7 p.m.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads. Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Data due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OUTLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATES; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

ARCHES NATIONAL MONUMENT
MOAB, UTAH

September 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Narrative Report for the month of September, 1951

WEATHER: The rains during the latter part of August brought a little moisture to this country and lowered the maximum temperatures down to the low 90s. The last two weeks of September have been cool and pleasant.

TRAVEL: Our travel has finally come back to normal with only a decrease of eleven visitors from the same period last year. The count for this month amounted to 2965 visitors in 934 cars, representing 38 states, District of Columbia, and 5 foreign countries. Our annual travel of 18,441 visitors and 5944 cars shows an increase of 18% over the annual travel last year.

INTERPRETATIVE SERVICE: Of the 2965 visitors, 1879 were contacted at the Wayside Exhibit by Rangers Worthington & Williams and 319 at Headquarters. The Cove Nature Trail was used by an estimated 1879, or all visitors contacted at the Wayside Exhibit.. Ranger Williams was stationed at the Wayside Exhibit and lived in the trailer-house until September 11, when he was terminated. Many more contacts would have been made if we had been able to keep him on the job during the entire month.

PUBLICITY: Arches was given two "Plugs" in the Moab Times Independent for national park status, by Dr. William Sanborn and writer Burt Hamerstean.

NPS VISITORS: Leo Diederich, John Kell & Harold Marsh, September 8. Naturalist Dick Burns, September 24. Enroute to Lake Mead from Great Smoky Mts. Nat'l. Park.

NOTED VISITORS: Dr. & Mrs William B. Sanborn, Burt Hamerstean(Tygyne Rebel) Edward M. Groth, American Consulate General, Nairobi, Kenya Colony, Africa(retired).

PERSONNEL: Ranger Howard Williams was terminated on September 11. Howard did a good job in the monument and we are greatful for all the expert electrical and radio advice.

SIGNS: At the junction of State Route #93, our approach road, and US-160 the State Highway Department will very soon erect a new directional sign for this area. They also will place two warning signs one mile on each side of the junction. Thanks to Rish Taylor, who has been appointed to the five man Advisory Council, Dept. of Engineering, State Road Commission, we are getting immediate action on these signs.

ROADS: All roads in the monument are in excellent condition. State Route # 93 is in fair condition; however it still needs a great deal more shale plating.

TRAILS: Ranger Worthington and I spent a full day working out and measuring a route to Delicate Arch from the end of the new spur road. The best route measured exactly 3/4 of a mile and a report of our findings is being prepared.

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

25 Sept 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Report 1nl, Superintendent's Monthly Narrative

WEATHER: After the showers of August we have had no rain, however the weather has been excellent and again we have surpassed all records for the month of Sept in numbers of visitors to the area, as we did for the month of August.

MAINTENANCE: The roof of the great kiva has demanded more attention and we have laid more new roof paper. Ruins stabilization continues smoothly under the immediate direction of foreman Archuleta, with occasional personal inspection by Gordon Vivian. The south wall of the main ruin is now being stabilized.

INTERPRETIVE SERVICES: There were 4,164 visitors in 362 parties shown thru the museum(the greatestnumber ever to visit the museum during September), of these 1,828 were conducted thru the ruins in 252 trips.

RESEARCH-OBSERVATION: We have another "first" for the area in recorded observations of migratory birds, this month with Cassins Vireo(Vireo solitarius Cassini). Of the unusual this Fall, we have noticed large numbers of the Lewis' Woodpecker(asyndesmus Lewis), in migratory groups.

INCREASE IN TRAVEL: September this year has shown an increase of approximately 39% over September last year, which itself was 19% over September 1949. We have had 4,164 visitors in 1213 cars from 43 states, D.C., Austria, Canada, England, France, Germany, Hawaii, Indonesia, Mexico, Netherlands, Nicaragua, Japan, Scotland, Switzerland, Venezuela and the West Indies. This is the greatest travel month for September on record, as was August preceding. The Travel Year with 24,614 visitors in 7,262 cars is 30% over 1950 travel year.

VISITORS: Aug 25 O M Patton, state forester, Missoula, Mont. Sept 1 Mr. and Mrs. Ed McKee and family, musuem Northern Arizona. Sept 2 F B Brown and wife USIS, Juan Lake Ind School, N.M. S Starkovisch and family, State Hghy Engr Gallup, N.M. Mr. and Mrs. F. Bickers State Hwy Engr Santa Fe, N.M. Sept 7, Ken Armitage, Naturalist

VISITORS, CONT'D:

Yellowstone. Sept 7, Chief Clerk and Mrs. Farrol Mesa Verde. Sept 9, Miss Sigrid Pedersen, Director Nurses, USIS Clinton, Okla., and and Miss Ingeborg Garrison USIS, Dulce, N.M. Maidie Munn and Catherine Seymour AEC Los Alamos. Sept 12, Jim Stiles and Clair Williams seasonal rangers, Mesa Verde. Sept 16, C E Tow and family, state highway patrol Farmington, N.M. Sept 17, Supt. John Aubuchon Navajo Natl Monument. Sept19, Messrs Carnes, P E Smith, H Miller and J Miller Reg Three Office Santa, Fe. Sept 21, H Miller and Supt Hoskins Carlsbad Caverns.

PERSONNEL: Sept 2, seasonal ranger Frank W. Eddy completed his tour of duty and returned to his senior year at the University of New Mexico, Albuquerque. Frank, very gentlemanly said as he left, " I have had a wonderful time at Aztec this summer with the longest merry-go-round ride, and as soon as my head clears from those crowded trips thru the ruins, I'll write you a note of thanks". Toward the end of the summer, Frank of course, became familiar with the buzzing round trips thru the ruins on the hour every hour, all day long, with the largest crowds ever to visit Aztec Ruins. His note of thanks arrived 2 weeks later.

Ranger Al Maxey took a couple of days off and went north to claim his bride who deserted him on his honey moon and stayed up in Rocky Mt. Natl Park to work for the NPS while he came home to enjoy the fruits of labor at Aztec. There is something about the National Park Service that seems to be stronger than love, when newly weds split up to return to their ranger jobs in widly separated areas. Mrs. Maxey was a ranger naturalist at Rocky this summer, as she has been during previous seasons.

Irving D. Townsend
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

September 30, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for September, 1951

Weather

The weather during September was very typical of New Mexico fall with clear, bright days and cool nights. Only one rain occurred on the 7th, and it accounted for .73 inches of moisture. Temperatures ranged from 95 on the 14th to 34 on the 16th, with the average high in the 80s and the average low in the 40s.

Special Activities

We were very unhappy to learn that the Los Alamos county commissioners have diverted the $95,000.00 of secondary road money from the proposed improvement of Highway 4 between White Rock and Los Alamos technical area 33, and will apply it to widening part of the Los Alamos highway. It seemed certain last month that the money would be allotted on the approach road, but it is now doubtful unless other funds can be obtained. The Atomic Energy Commission is reportedly trying to obtain additional funds for widening the Los Alamos highway and if they are successful the secondary road money will be released for use on Highway 4.

Inspections

Engineer Richardson and Mr. E. M. Perry, Inspector, New Mexico Public Service Commission, inspected the underground butane tank and gas appliances at the Lodge kitchen on September 20. The tank was found to be in very good condition, but some minor corrections are needed in the kitchen.

Maintenance

Three sets of forms were completed for the cement picnic tables and four tables were ready for assembly by the end of the month. Some experimenting is necessary to obtain the desired chocolate brown color for the tables by the use of powdered cement colors.

About 250 feet of underground power cable was laid from the power house to the new location for the transformers, and a pole was set in preparation for constructing the transformer platform. The transformers will be moved in October after the Lodge closes.

Trails

The road and trail crew spent one week working on the lower end of the trail along the Rio Grande and put it in fairly good condition. This portion of trail had been washed badly in several places to the point that it was nearly impassable.

The oiling of the ruins trail with emulsified asphalt was completed and visitors can now see the ruins with considerable more comfort and safety. Formerly the trail was exceedingly dusty during dry weather and walking on it was disagreeable.

Approaches to Monument

All of the plant mix matte and most of the seal coat has been completed on the 7.3 miles of Highway #4 now under construction by the Atomic Energy Commission. The completion of this section of road provides paving all of the way from Los Alamos and has been a factor in the increase in travel for September.

Concessions

Frijoles Canyon Lodge reported generally better business this month than for the same period last year. There were 172 guests and 247 lodgings as compared with 157 guests and 207 lodgings last September.

The saddle horse concession had the best month of the season and it is planned to keep the horses available during most of October.

Interpretive Service

There were a total of 152 conducted tours of the ruins that were attended by 2552 visitors this month. Seven evening lectures were given to 152 persons.

Museum Activities

The tree ring case was rearranged slightly to improve the lighting, missing pieces were replaced, and the whole case was generally improved.

Temporary Ranger Harmon D. Maxson donated a number of Indian prayer plumes to the museum. He also prepared a very detailed description of each plume that will be of considerable value for interpretive services.

Travel

Travel this month exceeded that of last September by over 1000 visitors with a total of 5695 as compared with 4691. The increase was due, to a large extent, to the near completion of the paved road to Los Alamos and to the very nice weather that prevailed all month.

The travel year ended with a total of 48,122 visitors, which is an increase of 2,568 over the 1950 travel and is the largest number of visitors for a single year on record. It more than doubles the travel of only four years ago. New Mexico residents accounted for about 3/5 of the total with visitors from Texas, California, Colorado and Illinois leading those from out-of-state.

Visitors

Visitors during September included the following persons:

Mr. Stinson, Bureau of Public Roads, Denver, Colorado.

Superintendent and Mrs. Glen Bean, Great Sand Dunes National Monument.

Miss Ruth Simpson, Assistant Curator, Southwest Museum.

Dr. Hans Curjel, noted Swiss artist, who was brought to the area by Mrs. Sally Brewer, Region Three Office.

Ranger Service

All temporary rangers were terminated this month as follows:

Frank Plettenberg-----September 3
Lee Correll----------September 9
Harmon Maxson---------September 15

Wildlife

Wildlife began moving down from higher elevations this month. Several bear tracks have been seen near the headquarters area and along the Rio Grande, four wild turkeys were seen near the big kiva, and deer are becoming more numerous.

Forest Fire Control

One forest fire was reported, by the pilot of the airlines plane flying between Los Alamos and Albuquerque, as being on the Monument lands, but it proved to be a false alarm. A crew spent some time searching for the fire but finally decided that the reported location was in error.

Fred W. Binnewies
Superintendent

OCT 1951

Canyon de Chelly National Monument
Chinle, Arizona

September 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for September, 1951

Visitor Travel: The 1951 travel year came to a close showing the greatest visitation since the monument was established. 4,688 people a new record compared with the previous high of 3,715 for 1950 or an increase of approx. 26%. However, September travel was slightly under that of 1950. 669 compared to 705. 195 were overnight campers. It is interesting to note that during the past 4 months alone we have had well over 1000 overnight campers. More and more people are using the new campground facilities. Guide and interpretive services totaled 132 hours.

Weather: Mild and pleasant with high-low temperatures ranging from 91 to 53 degrees. No precipitation of any nature during the month.

Special Group: A large number of Senior Boy Scouts from the Explorer Post No. 4 Pasadena, California, on August 30.

N.P.S. Visitors: Ranger Black, N. Rim Grand Canyon on Sep't. 6.
Kenneth and Mrs. Saunders, Helen Mc Lane, and Mollie Vigil all from Region Three Office on Sep't. 12.
Sup't. and Mrs. Hastings on Sep't. 13 to pickup surplus supplies.
Sup't. and Bob Strickland on Sep't. 14 to observe and study sbil erosion control work at de Chelly.
Messrs. Carmen, P. E. Smith and Jerome Miller on Sep't. 21.
Special visitors included Laura Gilpin and Elisibeth Forester on September 16-17.

Anthropology and Archaeology: David DeHarport continued his work throughout the month on site surveying and mapping. David is working under a Peabody Museum permit.

Roads: All approach roads leading to the monument are in good shape. A 14 mile section from Ganado has been widened and improved and should be covered with gravel before the winter months. All monument roads have been bladed and they are now in good condition.

Canyon de Chelly National Monument
Chinle, Arizona

September 26, 1951

Continued from page 2.

Concession: With the closing of the 1951 travel year the Thunderbird Ranch Concessioner finds that it has enjoyed the most prosperous year in all of it's 39 years of existence. The gross revenue this year almost doubled that of any previous high and the future appears even more encouraging. In fact, the number of visitors have grown and will continue to grow to such an extent that present accommodations are becoming inadequate.

Canyon Tragedy: Rarely does one hear of a suicide among the Navajo people. However, such was the case on the 19th of this month. Paul Angal, a young Navajo who lives a short distance up in del Muerto Canyon, informed his friends that due to many complications, domestic and otherwise, life had become sad and that his hours were numbered. Paul then proceeded to climb a long narrow trail to the top a cliff about 700 feet in height. Having a last farewell to his friends down on the canyon floor he then plunged to his death.

Maintenance: After almost 18 months of continuous service the water well ceased to function. Investigation disclosed that the 3 1/2 inch tubing had broken. Recruiting a five-man force and welding equipment necessary repairs were made - the rod was pulled and new leathers were installed on the plunger - the sump was completely drained and cleaned and everything is in good operating order once more.

The interior of the living and dining rooms of the Superintendent's quarters were repainted.

Capulin New Mexico,

September 26, 1951

Memorandum
To; The General Superintendent
Southwestern National Monuments,
National Park Service
Santa Fe New Mexico,

From, Ranger, Homer J,Farr
Subject Monthly narrative report,

Visitors: Three thousand one hundred fifty, visitors to this National Monument this month, bringing the total visitors for the travel year to date, Twenty eight thousand five hundred ninety, and the total visitors for the fiscal year to date sixteen thousand five hundred,

Weather; Only about one half inch rain during the month and considerable highwinds, This vicinity is extremely dry at this writing, Our first frost which was also a fair sized freeze going to 20 for several hours was on the night of Sept 16, warm weather since to date,

Flora and Fauna; We still have our purple yellow centered daisy/eye which was about the only flower that was able to withstand the hard freeze, The oak,the lemon berry and the woodbine are all now in their brightest colors, The entire Monument area is fairly aflame with color, With a fair crop of acorns (but no pinon nuts) all the squirrels and deer are doing fine,

Roads and Trails: The road have been graded three times during the month and is now in probably the worst condition it has been for several years, and until if and when, we get some moisture there is little hopes of it being much better regardless what we do to it, The trails are in fairly good condition,

Special visitors; One September 4th we were paid a visit by Senor Robertito Castrellon Murgas, of Chiriqui, Panama Central America The Senor is representative of that country,
September 9th we had Jawaharlal Pandit Azzh, from Bagdad Iraq,
and on September 24th Miss Ruth Simpson, Assistant curator of the Southwest Museum from L A, Miss Simpson was accopanied by her Mother Miss Simpson displayed to the Ranger here a beautiful Collection of spear points and other artifacts from the Little Lake site in California, Miss Simpson visited the Folsom site while here, A very nice personality and a smrt girl,

RECEIVED FEB 1951

Information pamphlets Two thousand distributed,leaving on hand about one thousand,

Very sincerely

Ranger

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

September 25, 1951

Memorandum

To: General Superintendent, SWNM

From: Acting Superintendent, Casa Grande

Subject: Monthly Narrative Report for September, 1951.

General: We will not discuss the dreuth this month, instead let's talk about the wonderful rains which we had on the 27, 28, and 29 of August. It should be stated here that one nice thing about an Arizona rain is the fact that it has so much moisture in it. On the three days a total of 2.28 inches of precipitation were recorded; the largest three day total since July of 1946. It was one of those storms that you wish for, but seldom get, a nice steady drizzle that really soaked in. Unfortunately, due to the runoff, some areas in the state had considerable damage -- particularly the highways to the west. The closing of these highways affected the travel for about a week.

This year's travel will be the largest that we have on record here. Previously, 1948 had been the big travel year with 35,929 visitors; 1950 was nearly as high with 35,795 visitors. Way back in 1938, before Guide Fees, there were 34,096 visitors to the area. Here's hoping that we can have another bumper-to-bumper crop of visitors next year.

Cotton picking is in full swing. We have had our first fatal shooting in the county since last cotton picking season so the season has offically started. Business is, of course, booming. A shooting gallery, non-fatal type, has been set-up on Main Street in Coolidge to insure possible contestants in the fatal type of shootings more equal chances. All the local merchants are wearing broadest smiles -- business is so good -- and the monument personnel are staying away from Coolidge on Saturday nights.

The Coolidge Boosters, the local softball team, won the state softball tournament for the 3rd year in a row. They reached the semi-finals in the regional tournament played at Casper, Wyoming. Which we think is "pull-enty goods".

RECEIVED SEP 1951

Weather: The days continue hot, but without the high humidity of the early summer. The nights, a real pleasure to report, are cool -- almost cool enough to sleep under sheets. And as mentioned before, we had some wonderful rain.

High Maximum	108°
Low Maximum	89°
High Minimum	77°
Low Minimum	59°
Total Precipitation	2.28 Inch

Visitors: The travel has held its own this month in spite of washed out roads, the 250 birthday of Detroit, the 2,000 birthday of Paris, and the Festival of Britain. The month showed a small increase over the same month last year, but the big increase was in the whole travel picture -- this has been the largest travel year yet recorded at Casa Grande.

	1951	1950
Visitors during September	2,541	2,148
Increase	393	
Visitors for travel year	40,404	35,795
Increase	4,609	
Servicemen September	29	

Interpretive Service: There were 2541 visitors to the area during this month. Some 1121 of them suffered through the heat and the gnats for an average of 52.3 minutes in 162 groups to see the ruins. There were 1420 visitors who made only a brief visit and because of either a lack of time or the heat did not take the tour; of these, at least 994 looked through the museum before leaving.

Visitors of Note and Special Groups:

September 1 -- Director and Mrs. Demaray, Mrs. Anderson, and General Superintendent Davis

September 13 -- Former Casa Grande Guide Clifford E. London and Family

September 15 -- 18 young members of the L.D.S. Church from Lehi, Arizona

SEP 1951
RECEIVED

Administration and Protection: requests for information totaled [illegible] this month. The Adamsville site was checked several [illegible] found to be in good condition.

Maintenance: A great deal of time was spent repairing roofs this month. After the heavy storm all leaks were spotted and repaired then a coat of aluminum roofing seal applied to the entire roof surface of several of the buildings. Sanitation, cleanup and roadwork kept the maintenanceman busy the balance of the time.

Personnel: Superintendent Bicknell has been on annual leave since the 2, of September he will return to duty the 1, of October. Ranger Clancy received word of the death of his brother G. E. Clancy September 21.

Research: Archeologist Jamesnn has been going over past weather records planning to use the data for a multiplex panel.

James N. Clancy
Acting Superintendent

SEP 1951
RECEIVED

Chaco Canyon National Monument
Bloomfield, New Mexico

September 29, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument for the month of September 1951

Weather Conditions

A total of .27 of an inch of precipitation fell this month two rain storms on the 28th and 29th of August. This brought the total precipitation since this time last year to 3.74 inches, which is just about one-third of our normal rainfall. The maximum temperature for the month occurred on the 2nd of September, the temperature reaching 92° F. 32° F. was recorded the morning of September 22nd.

Administration

Administrative duties were kept fairly current and additional time was spent on matters concerning the construction of the two new houses. Contract for the construction of the two new residences was awarded to Robert R. Jenkins of Farmington, New Mexico and construction should be underway soon.

Maintenance

Repair to the well damaged by the August floods was completed. The roads which were also badly damaged were repaired and made safe for traffic. The roads to the new headquarters site were also worked and made passable. Routine cleanup work was continued.

Soil and Moisture

The seeding project was carried on throughout the month and was completed with the exception of hand seeding a few of the dams.

N.P.S. Visitors

W. G. Carnes and P. E. Smith of the Washington Office accompanied by Hugh and Jerry Miller of the Regional Office on September 18th.

J. H. Conn from the 24th through the 28th of September.

Noteworthy Visitors

Mr. and Mrs. Milton C. Davis of Mexico, Distrito Federal on August 27th.

Mr. and Mrs. V. F. Johnson from Portland, Michigan on the 28th of August. This couple is on an extended vacation visiting all of the National Parks and Monuments.

Mr. and Mrs. Henry S. Goodwin, Aruba, Netherlands West Indies on the 11th of September.

Miss Ruth D. Simpson from the Southwest Museum, Los Angeles, California and her mother. They spent the better part of three days here on September 16th, 19th and 20th.

Travel

A total number of visitors of 314 visited Chaco Canyon this month, coming in 100 cars. This is an increase of 200 visitors and 61 cars over September 1950. In spite of the poor conditions of the roads most of the year, especially the south approach road, this year has been the greatest travel year in the history of the monument. 2604 visitors arrived in 843 cars, an increase of 733 visitors and 292 cars over last travel year.

Interpretive Services

A total of 70 hours was spent in guide and visitor contact time. 233 people were contacted through Pueblo Bonito in 53 guided trips. There were 225 people in 52 groups contacted in the museum. Two trips were made up the canyon to Chetro Ketle, Hungo Pavi and Una Vida, with one of the trips also including Wijiji and Shabik'eshchee Village. These were both special parties and a total of nearly three hours were spent with the groups.

NATIONAL PARK SERVICE

Chiricahua National Monument
Dos Cabezas, Arizona

September 25, 1951

Memorandum

To: General Superintendent

From: Acting Superintendent, Chiricahua

Subject: Superintendent's Monthly Narrative Report

General: Superintendent Cooke left for his vacation on September 5. He will return October 4 after attending the October 2-3 session at the Botanical Gardens, Phoenix.

Weather: We have had only .04 inches of rain this month. It fell in extremely light showers during September 6,7 and 8.

Maintenance: Operator Marble made routine repairs on the roads.

The powder house signs and the signs warning the campers away from the spring were repainted.

Approaches to Monument: Approach roads are in good condition. The road to Willcox by Dos Cabezas is dusty as are the roads on the monument itself.

Interpr etive Service: Due to limited personnel this month, only three conducted trips were made. One was to Massai Point and two were on the Nature Trail. Average time was 1/2 hour for each trip. Attendance was fourteen.

Observations: Ten new birds for our check list were observed on or near the monument by Mrs. Ward Shelby of Sahuarita and by Ranger Welles.

A probably new species of ant was found on the monument by Dr. W.S.Creighton. (See Travel)

Superintendent's Monthly Narrative Report
Continued

Travel: 2116 visitors came to Chiricahua this month, an increase of 321 over September of last year. Total visitors for the travel year were 17,447, an increase of 164 over last year. A record year was chalked up.

Among our visitors were Mr. and Mrs. Chuck Abbot (Esther Henderson), well known photographers of Tucson, Mr. Arthur C. Davis of the Automobile Club of Southern California and Dr. and Mrs. W.S.Creighton. Dr. Creighton, author of "North American Ants", is working on a Guggenheim fellowship on ants of the U.S.-Mexican border. He was kind enough to reclassify some of the insects displayed in the museum.

Cooperation with State Authorities: Mr. Ralph Morrow, State Game Ranger, sent word he would visit us before deer season to work out plans for patrolling.

Fire Prevention: Although the fire lookout has been abandoned and there is little danger from lightning, we will have to be on the watch for fires started on adjoining land during the approaching deer season.

Philip Welles
Acting Superintendent

El Morro National Monument
El Morro, New Mexico
September 26, 1951

Report 1m1

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

This year tops any previous one. We had 4189 visitors. This is approximately 11 per cent greater than a year ago, 36 per cent greater than two years ago and 90 per cent more than three years ago.

When I sat down to write this we had one less visitor then this month last year, but while I was writing two visitors drove in which put the figure at one more than last year this time or a total of 553. These visitors came in 169 automobiles, 467 of them formed 96 parties around the Rock, 144 of them in 29 parties went over the top of the Rock and 50 persons in 17 parties received an orientation talk.

The weather has again turned dry after the August respite. We had no rain over the equinox. It has been windier than usual for September. The coolest was 32 degrees and the warmest was 87 degrees Fahrenheit. A total of .16 of an inch of rain fell early in the month.

The approach roads have remained in good shape as have the Monument roads.

After so long a time, the section of land east of the Monument has finally come into the hands of the Government. It has a well on it and it is hoped that now we can get some pipe laid, a pump set up and no longer have to depend on the vagaries of the weather for our water.

Mentioning water, we took a sample of our water and sent it to the State Health Laboratory and it came back marked satisfactory. We have never had anything but satisfactory reports since we have been here, thank goodness.

Peter H. Kunkel was terminated as seasonal ranger on September 8, and Cal Clawson was signed up as WAE guide to work on my days off for a while.

One of our light plants broke down this month. The technician came by and while repairing it, he put it in shape for the winter by grinding the

valves. The superintendent pulled the end off the engine, cleaned out the lower part and put in new oil and a new oil filter. This plant should be in first class shape for the winter.

A lady visitor asked the NSWP if she didn't get lonesome out here, and my wife laughed out loud. The visitor wanted to know what was so funny. Sylvia then explained that we had 300 neighbors. In the past two weeks, for example, we have been to or had at our home - 4 dinner parties, two meetings of the square dance club which Sylvia helped organize, one pie supper and dance, three picnics and one evening of card games besides other visiting with the neighbors and most of this time, most of the summer in fact, we have had house guests!

The Mormon elders of this district had a picnic here on Labor Day, and the Community Church at Grants had a picnic here this month.

The dump truck was taken to Ramah and the pickup into Gallup to get general checkups, radiator repairs, tuning and the like before winter sets in.

National Park Service visitors included Mr. and Mrs. Merrit Sarton from the Regional Office, Seasonal Ranger and Mrs. Williams from Navajo and the seasonal ranger from Aztec Ruins who forgot to sign the register, therefore we do not have his name.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

September 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for September 1951

Weather. Our hopes for a wet month were not realized as the rains again passed us by. One small shower amounting to .10 of an inch was received on the 21st which brought the yearly precipitation total to 9.57 inches. This is .30 of an inch less moisture than that received through September of 1950. This lack of moisture is reflected in range conditions in the vicinity - grasses and other vegetation are colorless and without life.

Gene l. This last year has seen a marked decrease in population in and around the village of Gran Quivira. Crops have been poor or non-existent and a large percentage of the farmers have called it quits and moved to greener pastures. The grammar school in the village has but twelve pupils in comparison to 20 odd last year and the school bus into Mountainair which transported 50 pupils last term now carries about a dozen. Unofficially, the school board states that this will be the last year for a grammar school for Gran Quivira. It was only twelve years ago that this village boasted both a grammar and high school with over a hundred students.

Roads and Trails. The U.S. Forest Service grader and road crew worked a half day on our 3/4 mile of entrance road. Ditches were pulled, road shoulders reworked, culverts cleaned and the road bladed. A little rain now and some work with the drag will finish the job.

We began the job yesterday of constructing the asphalt trail between the office-exhibit room to the parking area. 30 man days are estimated before we run out of bituminls.

Maintenance. The monument stake truck USDI 13878 finally collapsed and was taken into Mountainair for repairs. 8 broken valve springs were replaced, valves ground and reseated, and the engine tuned.

Routine trail and mission maintenance continued all month.

Visitors. Sheriff Felipe Alderete and Deputy Manual Griego from Torrance County on the 10th.

Mr. E.H. Russell, Anthrpology Department, University of Arizona, on August 30.

Approach Roads. This situation remains generally poor. Several groups of monument visitors remarked on the corrugated condition of the Carrizozo approach, and cussed and discussed New Mexico's highway system. The Mountainair approach remained in fair condition.

Bouquets. The monument received two complimentary letters this month regarding facilities and services. Also, several notations in the register book of a complimentary nature.

Travel. Visitation to the area increased this month. 405 persons in 120 cars were recorded which brings travel for the year to 3015 persons, an increase of 6 percent over the 1950 travel year. No definite trends in travel were noted this year and the monument's slight increase is comparable to that reported by the Mountainair Chamber of Commerce for that vicinity.

Interpretive Services. The Superintendent conducted 295 persons in 85 parties through the mission and indian ruins for an average of 40 minutes per party. 35 parties of 112 persons used the self guide trail and 69 parties of 346 persons were contacted and given some interpretation in the exhibit room.

Ray B. Ringenbach,
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

September 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Great Sand Dunes

Subject: Superintendent's Narrative Report for September, 1951

Weather Conditions

Typical fall weather was predominant during September with fall colors in full display at the end of the month. The minimum temperature was 30 degrees on the 22nd and the maximum was 83 on the 2nd.

One shower with 0.34 inches fell on September 21. The total precipitation for the past year was 5.14 inches.

Maintenance

Travel held up very well during the month so most of our time was taken up with visitor contact, campground cleanup, and road grading. We were able to move and rebuild one of the outdoor comfort stations at the lower campground, to finish painting the trash barrels at the campground, and to put 2 coats of enamel on the floors of the checking station comfort stations.

Approach Road

The approach road is in about as good condition as can be expected for that type of road. The Alamosa County Road Foreman tells me that they expect to widen and raise the grade of the road in the vicinity of the McKinley Ranch some time this fall.

Concessioner

The A. W. Graves Saddle Horse Company took out their horses on September 5 but have not yet submitted the report of visitors served during the summer. Business was so poor this year that I do not expect them to return next summer.

Research and Observation

The collection of 13 herbarium specimens finished plant collecting for this year. 111 different species of flowering plants were collected during the summer for forwarding to the National Museum.

The tracks of two small bears have been seen by Silver Jaramillo on two occasions this month just below the old Denton Wood Camp. The dry conditions and lack of berries in the high country seem to have brought the bears down into the monument more than usual.

One horseback patrol was made along the east side of the monument with Richard S. Pillmore, the Colorado State Game and Fish Department technician for deer and elk in this section. In spite of the drouth, the browse is in good condition. Mr. Pillmore is using the growth and size of mountain mahogany at the Great Sand Dunes as a normal standard against which to compare the mahogany in over-browsed areas in the valley.

Visitors

The only National Park Service visitor during the month was Naturalist Richard Burns who was enroute with his bride to his new appointment at Lake Mead Recreational Area. Clarence S. Ross and Robert L. Smith of the U. S. Geological Survey, Washington, D. C. visited here on September 22. Technician Richard S. Pillmore of the Colorado State Game and Fish Department was here twice during the month.

Larger groups visiting the area were Boy Scouts from La Jara and Mosca, the Monte Vista Baptist Young Peoples Union, a University of Denver field trip, and the Denver Motorcycle Club which entered the monument from Mosca Pass.

Increase in Monthly Travel

An increase in travel of almost 20% for September was the first increase shown during this travel year. The usual sharp drop in out-of-state tourists was noted after Labor Day but the usual Sunday picnics by local people kept travel up.

Decrease in Annual Travel

Annual travel dropped to 36,938 visitors in 4855 cars from the 19,744 visitors in 4905 cars of 1950. This was despite an increase of 90 visitors from out-of-state. The local drouth conditions were chiefly responsible for the drop of 2896 Colorado visitors this year.

Personnel

Silver R. Jaramillo, seasonal ranger, returned on September 18 to his position as Instructor at the San Luis Institute branch of Adams State College. However, he will be able to work on weekends for some time yet. He will be terminated as seasonal ranger on September 30 and employed as intermittent laborer after that time.

(SIGNED)
Glen T. Bean
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

September 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly Narrative Report, September 1951

Weather: The extreme hot spell was broken on August 27 when the rains finally arrived. Rain falling on the 27, 28 and 29 totaled 3.04 inches, the most precipitation recorded in many a month. Weather since that time has been ideal, with maximum temperatures averaging in the mid 90's and minimum temperatures reading in the low 50's.

Travel: Consistant with past Septembers, travel remains heavy. During the Labor Day weekend the area was jammed on occasions when 896 people came to the Castle. For the complete month, 4537 people in 1366 cars were recorded at the Castle and 1589 visitors in 491 cars were counted at the Well. This makes a total of 6126 visitors in 1857 cars to the area.

Although it is a common yearly occurrence and therefore not especially news anymore, it is interesting to note that another record for a travel year has been established at this area. Final figures show that 48,101 people visited the Castle and the Well for the travel year 1951. This represents an increase of 5996 visitors or 14 per cent over last year.

Interpretation: The summer time interpretive schedule was maintained throughout the month with 185 trips made to conduct 1292 people through the Castle. The museum was kept open 31 days, 10 hours per day, to accommodate about 4,000 visitors, and about 2,500 people used the Sycamore Trail. At the Well, 488 people visited the museum and 1589 hiked the Loop Trail.

10,000 copies of the new revised edition of the Montezuma Castle 2-fold were received and will soon be placed in service. This new pamphlet is quite attractive and we have been unable to find errors in the text.

Suggestions for minor changes in the Sycamore Trail Booklet were worked up and submitted to Region along with an order for 5,000 new copies.

Ranger Pierson spent several hours gathering up the loose

pictures scattered about the office and brining the photofile up to date.

The long awaited model of Montezuma Castle arrived during the month and has been installed in the shelter which was previously constructed for it. The shelter and model have been temporarily placed in front of the present benches and this interpretive unit will be placed in service when the conducted tours through the Castle are discontinued October 1.

The model shows very good workmanship and is a good replica of the Castle. This is especially noteworthy when we stop to consider that it was made in the Washington office using nothing but photographs for a guide.

It is of course too early to tell just how well this replica which shows the interior of the Castle will aid in the overall interpretation of the area. It is one of those things with which we must experiment and adjust accordingly.

Publicity: An article explaining the discontinuance of guided tours through the Castle was released through the Arizona Daily Sun and to the Verde Independent. The news has already appeared in the Flagstaff papers and should appear in other state papers this week. The Verde Independent, a weekly, will run the release this week. Along with the press release was a picture showing the model framed by a ranger and two visitors. Jimmy Brewer came over from Tuzigoot to take the pictures and then stayed up half the night developing them so that we could get the release out as soon as possible. Jimmy did his usual fine job of picture taking, and we appreciate his cooperation.

Maintenance and Construction: The walk in front of the residence at Montezuma Well was rebuilt and given a coat of bitumuls.

Also, at the Well, a new cattleguard was constructed on the road serving the residential area. The old unsightly gate and fence was torn down and new fence installed connecting the cattleguard and the southwest corner of the museum. This work has improved the appearance of the Well area.

Visitors: On August 31, Mr. & Mrs. Demaray, their daughter Mrs. Anderson of Tucson, and Mr. Davis visited both the Well and the Castle.

On September 9, Bert Lauzon and wife from Grand Canyon stopped by for a visit.

On September 18, Jimmy Brewer from Tuzigoot to take pictures of the model.

On September 20, Seasonal Ranger and Mrs. Jack Williams from Navajo.

Community Activities: Through no fault of my own, I was appointed chairman of the booth committee for Camp Verde's booth which appeared at the Yavapai County fair held in Prescott last week. I commissioned Seasonal Ranger Joe Bowden, who is an interior decorator, to help design the booth and cut out letters. He done a fine job and our booth which represented "600 years of Progress in Camp Verde" won third prize.

In regards to community activities, I was appointed Zone Chairman for the Lions Clubs in this district. The district is made up from clubs in Camp Verde, Cottonwood, and Black Canyon. It is my job to hold several meetings a year among officers of the respective clubs with the object of bettering club relations and improving activities. My first meeting was held this month at Black Canyon (Mayor, Arizona) with about twenty Lions present.

Observations: Five Red-breasted Mergansers and a Great Blue Heron were observed on the Well. While there is no doubt that both of these birds had been on the Well before, they had not been previously recorded.

Miscellaneous: On August 25, a Mrs. Jones from Flagstaff lost a diamond engagement ring while wading in the irrigation ditch at the Well campground. After looking for it until long after dark, the search was abandoned for the night. Next day Mr. Jones returned and after he and Art. White had looked for a couple of hours the ring was found. Plenty lucky.

JOHN O. COOK
John O. Cook
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Natural Bridges National Monument

September 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the Month of September, 1951, Natural Bridges National Monument.

WEATHER: Cool and dry.

TRAVEL: A total of 561 visitors in 126 cars came into the area and an increase of 20% over the same period last year is noted. The annual travel of 3010 visitors and 887 cars shows an increase of 49% over last year.

INTERPRETATIVE SERVICE: At Headquarters Ranger Redd contacted 345 visitors. The register was signed by 33 people during his absence from the area and 160 visitors used the Kachina Trail. Five parties were contacted at Ranger Redd's residence in Blanding.

NOTED VISITORS: Dr. & Mrs William Sanborn.

TRAILS: More work was necessary in remarking and clearing the trails in both Armstrong and White Canyons.

ROADS: Mr. Palmer, local State Maintenanceman, bladed the headquarters road to the last steep turn, where he ran out of surface material. He again promised to set the new culverts and shale this bare stretch of road.

COMMUNICATIONS: The batteries and charger were received and installed on September 24 and although an attempt to contact Arches was unsuccessful, due to Supt.'s radio ignorance, another attempt will be made on September 28.

INSPECTIONS: An inspection was made on September 24 and everything found to be in good shape, except for some writing vandalism, which is being investigated.

Bates E. Wilson

Bates E. Wilson
Superintendent

Navajo National Monument
Tonalea, Arizona

September 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report for September, 1951

Travel: The travel for September (138 persons in 61 cars) was less than the travel for the same month last year (163 persons in 63 cars.) The annual travel figure for this travel year is 1,047 persons compared with 1,034 in 1950. The most significant change in our travel trend seems to be that nearly 100% more visitors used our campground facilities this year than before. A total of 56.6% of our visitors camped overnight in the area. I am pointing out the obvious when I mention that our three little picnic sites were not enough.

388 persons visited Rainbow Bridge National Monument during this travel year.

In February of this year we received some publicity in the LOS ANGELES TIMES which resulted in over 100 letters requesting information concerning the trip to Keet Seel. A recent check of the letters indicates that 26% actually arrived at the Monument and took the trip.

Weather: We had .03 of an inch of moisture, a high temperature of 84 degrees and a low of 47 degrees during this report period. The warm days and cool night made ideal weather for visiting the Monument and surrounding areas.

Roads: We think our own roads in good condition and most of the approach roads are fair. The road leading north through Monument Valley to Monticello, Utah, is in fine shape for a change.

Visitors: Miss Francis Gilmore, University of Arizona
Mr. Warren Stratton, a member of Dean Cumming's expedition excavating in this area in 1913.
Katherine and Bill Wilson, Rainbow Lodge
Seasonal Ranger and Mrs. Beaver, Walnut Canyon

Inspections: A representative of the U.S. Weather Bureau inspected and checked our weather station.

General: A large mail box was constructed and installed on the Kayenta road. The materials for the box were supplied by the Shonto trader and we built the box. The mailing address is the same. We now enjoy better mail service with less driving.

A new sign was made and installed at Segi Point.

A brush shelter was erected to shade the picnic table near the contact station. Brush was also used near the residence to hold the soil and give native grasses a chance to grow.

Gasoline was ordered in July and 57 days later was received.

Museum Accession: A well preserved prehistoric sandal, with lacings still in place, was donated to our museum.

Personnel: Seasonal Ranger Jack R. Williams was terminated September 21. Williams was not employed until mid July so we had his assistance at Navajo a little over two months.

Local: Early in September I went to Rainbow Lodge, on my days off, to help recover any items possible, from the burned lodge. About $100.00 in paper money, $25.00 in silver, a quantity of sterling silverware and a few other things were found. The paper money, which had been clipped together and placed in an envelope, in a desk, was found completely charred bu can be redeemed. My two day stay at Rainbow was extended to a week. I took annual leave and guided trips to Rainbow Bridge for the Wilsons since they were without a wrangler. Dude wrangling for a week is good fun and experience but one week is enough.

John A. Aubuchon
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
Ajo, Arizona

September 26, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report, lml, September 1951

Weather

Like nearly all other portions of the southwest Organ Pipe Cactus received its goodly portion of precipitation this period. A total of 4.73 inches of rain fell on three different occasions. The end of the month was marked for its noticeably cooler days and very pleasant nights. The maximum recording for the month was 106° noted on two days and the minimum was 60°.

General

Some damage was sustained from the heavy rains. The monument highway was temporarily closed on August 27 because of heavy wash runs. The Dripping Springs - Bonita Well Loop road was damaged somewhat and requires complete grading. The Bates Well - Quitobaquito road was completely erased at the Growler Wash and much of the roadway south of the Wash was carried away.

However, the benefit received from the rains, of course, has far outweighed the damages. Heavy grass stands have appeared throughout the area, the ocotillo and other plants have taken on lush growth, and water runs in canyons in the mountains long since dry.

Maintenance and Construction

A five KW Witte Diesel power unit was received and installed and is now in operation. The new unit provides much more efficient and consistent power than received from the gasoline operated plants we have had in use. This completes the FM radio equipment and accessory installation at this area. To date, with a few adjustments and repairs, the installation has proved very successful.

The Quitobaquito road, the scenic loop road, and the Gray ranch road were re-worked and bladed. At the present we are awaiting delivery of clutch and transmission parts for the grader so that we may complete road repairs to the Dripping Springs - Bonita Well Loop.

Fence repairs were again made along the north boundary. One wash section was completely removed by flood waters.

Inspections

Inspection and exploration trips were made into the Bates Well area and into Arch Canyon in the Ajo Mountains. Considerable water was found flowing in Arch Canyon after the rains making the hike into the Canyon a rather unusual experience.

An inspection trip was made to the Milton Mine site where the Arizona - Montana Mining Co. is currently operating. Considerable ore has been moved from the site and hauled to Gila Bend where it is taken by rail to El Paso.

William R. Supernaugh
Superintendent

Saguaro National Monument
Tucson, Arizona

September 25, 1951

MEMORANDUM

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Narrative Report, September 1951

General

Warm days and cool nights prevailed throughout the month of September with light thunder showers over the forested area during the early part of the month.

Travel was light on week days but week end travel was generally brisk and totals for the month exceeded the corresponding month of 1950. A new all-time travel record was established at Saguaro for the 1951 Travel Year when some 39,861 visitors were recorded.

Substantial increases in the local population because of several new industries was certainly a factor in this increased visitation to the monument. Recent estimates disseminated in Tucson, indicates a population increase of up to 225,000 total residents for Tucson by 1953. The Hughes Electronics Plant near the Tucson Municipal Airport is being constructed at a rapid pace. When finished and implemented for the production of electronic products, several thousand workers will be employed on a year long basis. It is also reported that an expansion program is under way to increase production at the Grand Central Aircraft Plant located at the former Consolidated plant. Increased populations in this vicinity are definitely indicated as a result of these industries and visitor use of adjacent recreational facilities will no doubt transpire.

Many of the perennials blossomed for the second time as a result of the abundant rains during August.

Status of Private Lands

Notice of approval to purchase the following private lands within the exterior boundaries of Saguaro National Monument were received: Section 29, 640 acres, Section 5, 502 acres, SE¼ of Section 15, 160 acres. We also received approved contracts to purchase the Tucson Chamber of Commerce property, which assures a dependable source of water for the headquarters area.

The acquisition of the Ellison property paves the way for the physical development at the new headquarters site, a goal, we are about to achieve after many years of effort on the part of the Service and interested local civic organizations.

Special Activities

Director Demaray and John Davis inspected the new headquarters site on September 2 and discussed the Saguaro Master Plan with the superintendent. Mr. Demaray concurred in the selection of the site and indicated it was the most advantageous selection, all factors considered, especially since it affords a view of the cactus forest from the headquarters area.

Maintenance

The Cactus Forest Loop Road was completely graded during the month and is in good condition at this time. Damage from the heavy rains occuring in August was minimized because of the slight crown in the road-bed accomplished by proper grading.

Maintenance work on the Madrona-Manning Camp Trail was accomplished to a point 3.5 miles below Manning Camp. Additional work on this trail will be accomplished next month after the trail crew is moved to Grass-Shack. The trail crew is presently engaged in rehabilitating the Craig Ranch Trail and will move over on the Mica Tower Trail when the former is finished. These trails have not been repaired for several years, necessitating the reconstruction of the tread in many places.

Master Plans

We were pleased to receive two copies of the newly accomplished Saguaro Master Plan. It is evident that a great deal of effort was expended in completing these plans and the various individuals who did the work are to commended for an excellent job.

Surveys

Copies of the topographical map comprising the new headquarters site and the adjacent terrain were received during the month. These maps will prove invaluable during the construction program to be inaugurated this fall.

Approaches to Park Area

The Broadway Approach Road was graded twice during the month and is in fair to good condition. The Spanish Trail Road is being used by many of the local residents and a good portion of the out-of-state visitors to Saguaro.

The Chairman of the Pima County Board of Supervisors has indicated that surfacing of the newly constructed Spanish Trail Approach Road (from Broadway) will be accomplished within the next sixty days. This work was originally planned as part of the over-all construction of the road extending through to Vail Junction, but as Federal funds are not immediately available, it will be accomplished through the use of regular county road funds.

Interpretive Service

A total of 887 persons in 278 parties were given interpretive service at headquarters. This amounted to 6½ hours for an average of 13 minutes per party.

Marvin H. Frost Sr. (W.A.E. Guide) gave an illustrated lecture on the plant and animal life of Saguaro at the regular meeting of the Ajo Rotary Club on September 20.

Research and Observation

A long nosed LeConte snake, Rhinocheilus lecontei was observed at headquarters on August 26, this is the first record of this reptile in four years at Saguaro.

Increase or Decrease in Travel.

A total of 1,362 persons visited Saguaro National Monument during September. This is an increase of 228 visitors over the same month last year. Total visitors for the 1951 Travel Year amounted to 38,861 visitors, a new all-time travel record.

Visitors

September 2, Director Arthur E. Demaray and Mrs. Demaray.
2, General Superintendent, John Davis.
5, Dr. Lyle Sowls, U. S. Fish & Wildlife Service.
8, Assistant Chief Ranger Carl Lehnert, Grand Canyon.
19, Craig Bryan, Pathologist, University of Arizona

Construction

The Ironwood house trailer was set up on concrete blocks and leveled, also a 6' X 20' concrete slab was installed in front. All utilities were connected including the sewere line to the septic tank.

A permit was granted by the Pima County Board of Supervisors in favor of the National Park Service, to excavate a pipe line along Houghton Road for a distance of one mile. This pipe line is for the purpose of conveying water from the Chamber Of Commerce well to the new headquarters site.

Forest Fire Control

All three Fire Control Aids were terminated as of August 31, after an eventful but satisfactory fire season. Both District Ranger Benson and the Fire Control Aids are to be commended for being alert and confining the some 13 fires to a minimum of burned acreage.

Personnel

Fire Control Aids Doerner, Nimmo, and Snyder were terminated August 31, 1951.

Laborer George Doolittle resigned as of August 31.

Charles Allen entered on duty as Laborer as of September 6.

Lars Garrison was terminated as of September 4, in order that he might enter school at Flagstaff.

Laborer Arthur Garcia resigned his position as of Sept. 14.

Ranger Ben Zerbey went on annual leave commencing September 12, he and Mrs. Zerbey will visit relatives in Pennsylvania.

Irvin Western entered on duty September 21 as Laborer.

Miscellaneous

The superintendent gave an illustrated lecture on the plant and animal life of Saguaro, before 25 members of the Tucson Traffic Club on September 24.

Our faithful saddle horse "Navajo" was bitten by a rattlesnake on the right leg, September 21. It appears that he will recover and return to service within a week.

Samuel A. King
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

September 28, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, Tonto, September, 1951

Weather. A magnificent rain, starting August 26, fell for three days, giving Tonto about 6 inches of rain. This was gradual enough that it did little damage, though the approach road was guttered badly. This cooled off the country a lot, and since then, Fall has gradually and reluctantly approached. Low temperatures run about 66 to 70 degrees, highs from 88 to 95 at present. This is a little closer (than 105) to Ellsworth Huntingtons idea of the climatic optimum for intellectual work, which may or may not be reflected in this report.

Visitors. Director A. E. Demaray, Mrs. Demaray, their daughter Mrs. Elise Anderson, and General Superintendent John Davis, were here the evening of August 31. We were glad to welcome them to Tonto, and glad that the big rain had made this part of Arizona much cooler during their trip.

Mr. & Mrs. Hermil Bryant and family, en route to Grand Canyon, on September 9.

Seasonal Ranger & Mrs. Jack Williams of Navajo, September 19.

W. B. McFarland, nephew of Arizona's Senator McFarland.

Mr. & Mrs. Fred Lieb, Corps of Engineers, Albuquerque.

Wm. Shoecraft, Manager Radio Station KWJB, Globe, Arizona.

Travel. For September, 1125 visitors. For 1951 Travel Year, 19,057.

This compares with 934 for last September, 18,481 last travel year. This year has had only one month, July, with travel of less than 1,000.

Wildlife. A specimen of Tarantula Whitei was captured here, and identified by Dr. Stahnke. A few scorpions have been given to Dr. Stahnke's scorpion drive, which is a serious campaign to collect thousands of the arachnids, from which to make anti-venin. Two Western diamondback rattlers were collected at the front door of the superintendents house, are now preserved and on display in the museum.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

General. Odds and ends of improvements are in progress, as we get a little time between visitors. A sliding panel lookout hole in the office door has been converted to a display panel for Kodachrome slides, with light derived from the radio batteries. Archaeologist Wenger is working on another book display case for sales publications.

A mighty record has been established by the Onan power plant which was overhauled last Christmas and is still running. We finally got time to overhaul its companion plant. We attribute this long run to white gas, at 25 cents a gallon, and to good luck.

The Tool Shed, former Scorpion Shed, was restored to some degree of order. Not enough space for the equipment we have. A large and ambitious pack rat contributes to the confusion by swiping spark plugs, gaskets, boxes of screws, and even larger items, and dragging them under the tool racks where we cant get them out. This will raise hob with the inventory if it is not stopped. We have posted the shed with Warning, U. S. Property signs, but so far the pack rat has ignored them.

A little more time was available this month because for some reason many visitors did not show up til about noon. If we could just run the area on that basis, it would work out a lot better.

Local Publicity. Occasional local radio news items concerning the continuing efforts to obtain Gila Pueblo for the Park Service have kept up local interest. Globe people in general seem to be quite in favor of the project, but do not seem to know what the NPS intends to do with it. Everyone thinks it would make a nice National Monument, and the Phoenix papers report it that way. If the project goes through, I believe that a little judicious education of the business men, Lions Club, Chamber of Commerce and such groups, will be worthwhile, and will undertake to edify the proper sections of the populace, in a modest way.

Soshul Season. The Soshul Season at Roosevelt Lake was quietly inaugurated by a picnic at the airstrip Monday evening. So many transfers and replacements have been made among the Salt River Power District employees that we will have to get acquainted all over again. Our friend and co-operator, Forester John Pomeroy, has moved to Globe, and a new man replaces him at Roosevelt.

Tumacacori National Monument
Tumacacori, Arizona

September 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for September, 1951

Weather: Maximum temperature of 102 occurred on the 14th and 15th; minimum, 50 degrees, was on September 1. Precipitation in the past 31 days was 1.66", occurring on August 26,27,28, and on September 7. Nary a drop since. Total rainfall so far this year is 11.51", compared with average per annum rainfall here for 1947,48,49,50 of 10.56". Rainfall in 1950 was 8.39".

Visitor Travel: This month: 2,741 persons, in 778 motor vehicles.
Highest previous September: 2,127 persons, in 1950.
Percent Increase - - - - -: 28.8
This travel year - - - --: 39,624 visitors.
1950 travel year - - - -: 29,983 visitors.
Percent Increase - - - --: 32.8

Visits and Inspections by N.P.S.:
September 3 - Director and Mrs. A. E. Demaray, and General Superintendent John Davis. The party included the daughter and son-in-law of the Demarays, Mr. and Mrs. Anderson, and Superintendent and Mrs. Sam King, and daughter, of Saguaro National Monument.

Other Visitors: Among those present were:
September 1 - Mr. Joe Wise and numerous daughters and grandchildren. Mr. Wise is one of the real old-timers in this region, prominent in cattle and ranching circles, and has contributed to our fact files with personal reminiscences of this district as it appeared in the 1880's.
September 12 - Mr. Juan Mendez and daughter. He is the son of Carmen Mendez, the homesteader who relinquished to the federal government in 1908 the tract of land which is now Tumacacori National Monument.
September 19 - Colonel Gil Proctor (retired) U.S. Army, now owner of the famous Pete Kitchen ranch, 12 miles south between here and Nogales.

Interpretive Service: 196 guided trips were conducted through the mission church and grounds, as compared with 165 for the same month of 1950.

Museum and Education: Henson continued with spare time plant collecting (mostly his own time) to make our dream of an herbarium closer to a reality. Jackson worked in free time organizing notes made on his Sonora history research trip of last May.

Personnel: Jackson returned to duty from annual leave on September 1. During leave the Jackson family visited Montezuma Castle National Monument, Walnut Canyon National Monument, Grand Canyon National Park, Davis Dam, and Hoover Dam. At the latter spot, while waiting at the ticket window for the start of the guided trip down into the dam's plumbing system, I asked the girl at the ticket window if there was any waiver of fee for National Park Service employees. She looked at me in puzzlement and said "Park Service? Why - - I've had requests for waivers from every other type of government agency, but this is the first I've had for the Park Service. Just a moment, and I'll look it up." She opened a thick book, and after a minute said, "Yes, there is a fee waiver for Park Service employees."

Incidentally, our Reclamation Service guide who conducted the trip inside the dam was very good. He was courteous, clear, concize, and eager to answer questions.

Maintenance: Much watering and weeding was done, and such of the plantings as could take manure at this season were fertilized. An experimental plot in the patio garden has been spaded, fertilized, trellised, and screened (against pre-frost grasshoppers) in preparation for an attempt to have winter Sweet Peas. Patch plastering and wainscote painting were done in the museum View room. The new entrance and information sign was completed and set up in front of the museum entrance, and is quite attractive. Some spraying was necessary to cope with insect pests. Some pruning was done. Burnt adobe bricks lining front walk to the museum were set in concrete. A skunk proof door was installed at the clean-out port on our incinerator. This was not popular with our large skunk population, but makes it possible to keep the skunks from scattering papers, cans, and bottles all over the landscape. The most thorough cleanup in six years was done in the warehouse, with elimination of an immense amount of pure junk which the superintendent's Scotch temperament had previously been unable to part with. Saws and tools were sharpened, and the maintenanceman and ranger did a job of neatening and rearranging in the shop which makes that room far more functional than ever before.

Ruins Stabilization: Rains of late August washed away more small portions of old plaster and adobe wall from the corridor leading east from the church sacristy, and weakened an old door opening in unprotected walls of room ruins north of the corridor. The door opening in the latter walls, and the door opening at the east end of the corridor, were braced with board headers supported by steel fence posts running from header to ground on either side of each opening.

On September 10 and 11 two experimental coast of the Horn Company's product "Dehydratine", No. 2A, Colorless, were applied to selected portions of outside plaster on west wall of the church, to study preservative effect on rotten original plaster. The tests were done with free samples.

First Aid: At 3:00 A.M. on the morning of Labor Day the superintendent and wife were roused from deep sleep by crashings and bangings, and rushed to give first aid in a two-car ~~XXXXXXXXX~~ collision which occurred on Highway 89 at a spot about 100 yards south of the mission. Nobody killed, or even critically injured.

Earl Jackson

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

September 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report 1ml September 1951.

There follows a narrative report of activities in this area.

Visitors:

All previous records for the month of September were broken when 2974 visitors entered the area in 864 automobiles. This figure even exceeds our heavy July travel which was 2942.

2859 visitors in 970 parties made the trip thru Tuzigoot--2518 visitors in 828 parties were contacted in the museum.

353 visitrs in 133 parties registered in the Night Ranger pamphlet dispenser.

100% of our 8-12, 1-5 visitors were contacted.

Weather:

Generally fair weather prevailed with a maximum temperature of 99 degrees on the 2th and a minimum of 55 degrees on August 30th.

A storm from August 26-29 brought 2.71 inches of rain. The Verde River was in flood stage on the evening of the 29th. Hundreds of valley people came to our entrance road bridge to see what hasn't happened since 1937.

N.P.S. Visitors:

Mr. and Mrs. Bert Lauzan of G.C.N.P. on the fourth.

Ranger and Mr. Bill Bullard of Wupatki National Monument on the tenth.

Ranger and Mrs. Jack Williams of Navajo National Monument on the nineteenth.

Other Agency Visitors:

Mr. and Mrs. Ernest Holy, Bureau of Reclamation, on August thirty.

Mr. and Mrs. Franklin Carroll, United States Forest Service, Heber Ranger Station.

Mr. Whiting, United States Indian Service, Keams Canyon, on the third.

Mr. Jennings, State Fish and Wildlife, on the twentyeighth.

Mr. Mark Jones, United States Forest Service, on the twenty-ninth (with Mr. Albright).

Reportworthy Visitors:

Mr. and Mrs Cliff London, formerly of the National Park Service on the eleventh.

Maintenance:

Maintnenace is almost current. In addition to our routine cleaning of glass and porcelain, sweeping and dusting, about one hour each day, we have been able to keep pace with the rapid growing Russian Thistle thanks to our new weed burner.

Drains in thr ruin have been kept open but a large drain thru the museum roof and onto base # six has not yet been repaired. The roof also leakes over both porches of the residence.

Improvements:

Museum: The original oil painting of Paul Coze was suitably framed by cutting down some old out-of-use frames.

In this frame, the picture is now hung over the never-used fireplace where it also serves to conceal the Apache Rosetta Stone (or whatever it is).

Roads:

Powdered clay was applied by the county, to hills at Peaks Lake on the twentysith. Rain on the 27-28 made the road treacherous.

Arterial roads are OK. Feeder roads are badly washed—Black Canyon road washed out at Dewey and Mayer on the 28th. On the 29th we had to help dig a car out of the mud just inside our back gate.

The county grader bladed the storm damage out of the entrance road on the 11th.

Research:

Archeologist Richert worked arduously to finish the rough draft of the museum display section of the prospectus. Ranger Maxson will type this lengthly document in manuscript form and forward a copy to Rick for changes and a copy will be furnished your office.

Personnel:

Archeologist Roland Richert terminated here on the 23rd. We and all of the Richerts' other friends in the Verde Valley are going to miss them. Our loss is Chaco Canyon's gain and we wish the Richerts a pleasant and successful stay in their new location.

Ranger Harmon (Max) Maxson entered on duty here September 24th. Max slipped into the harness like an old fire horse. His training at Chaco, El Morro, Mesa Verde, and Bandelier will make him a valuable asset to this area.

Publicity:

As requested by Superintendent Cook of Montezuma Castle National Monument, this superintendent went to the Castle on September 18 to photograph visitor enjoyment of the new scale model of the Castle. Eight by ten copies were forwarded to your office.

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

September 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly narrative report, September, 1951

Visitors this month 3670; travel year to date 28411.

Weather Dry fall weather has prevailed throughout the report month. No signs of frost have been seen although one night the temperature dropped to 24°.

Administration William T. Beaver was terminated as seasonal ranger on September 15 and since that time our hours of contact have been from 8:00 A.M. to 5:00 P.M. except on Sundays when contacts are made from 8:00 A.M. to 6:00 P.M.

Maintenance, Improvements, and Repairs In the outer office at the Museum an electrical outlet behind storage shelves was moved to where it is now accessible. The light outlet in the heater room at the office was repaired.

A short circuit in the lights for Museum Case No. 12 caused some excitement when the fluorescent reflector was blackened, a tube destroyed, and the outlet box ruined, but no further damage was done. Repairs were made the same day.

Minor repairs were made to two picnic tables. A load of waste wood from a planing mill was hauled and sawed for the picnic area.

A Trail To Ruins sign near the Island disappeared and was replaced.

A flood light was installed over the back door at Residence No. 2.

The large bedroom at Residence No. 1 was completely repainted.

TUZIGOOT NAT
CLARKDALE, ARI

A dead tree at the edge of the canyon of the south side of the museum was removed. Samples from this tree were sent to Dr. Paul D. Kenner, Plant Pathologist, University of Arizona to see if the cause of the tree's death could be determined. Specimens of Gambel's oak which appear to have been struck with wilt were also sent to Dr. Kenner.

A shadow board was made for hand tools kept at the museum.

Repainting of window and screen frames at Residence No. 2 has continued as time permitted.

Travel and Use There were 3670 visitors who came in 1150 cars. This was 591 visitors or 19 per cent more than were counted in September, 1950. Visitors contacted numbered 3542 in 1068 parties with a total of 93 hours spent in contact. There were 3564 visitors in 1104 parties in the museum. Seventy-nine picnic parties included 441 visitors. Nineteen members of the armed forces were among the visitors counted.

Roads and Trails The County grader worked our entrance road once, but due to the dry weather, our approach and entrance roads have become very rough.

Upon completion of his assignment as seasonal ranger, William T. Beaver signed as laborer on Road and Trail work. Walks leading to the museum and to the restrooms have been patched with bitumuls and sand.

Fire Protection The telephone line and telephones for the fire tool cache on the south side of Walnut Canyon were checked and found in good working order.

Interpretive Service Ranger Beaver completed a sherd identification board covering the types of pottery found at Walnut Canyon and vicinity.

Ranger Spangle completed a card index of all copies of Arizona Highways Magazine beginning with 1938, our first bound volume. This card index has already been helpful in finding information on Coconino County for the County Fair exhibit now being made.

Supplies and Equipment Two oil burning heating stoves and a Servel refrigerator were brought from Canyon de Chelly. Also the Barco jack hammer.

Five barrels of bitumuls were taken to Montezuma Castle.

Patrols Ranger Spangle made his first visit to that section of the monument near the Santa Fe Dam.

Accidents On September 9 Melvin E. Oliver, age 11 of 507 "H" Street, Winslow, Arizona fell from a tree in the picnic area and broke his leg. He was rushed to the hospital in Flagstaff.

National Park Service Visitors On August 30 Director and Mrs. Demaray and their daughter and General Superintendent Davis paid the monument a surprise visit. They made a brief inspection of the area including the quarters.

Ranger G. C. Gaynard and family were here from Chiricahua on September 2.

On September 14 Architect Saunders inspected our rehabilitation needs. In the party with Mr. and Mrs. Saunders were Helen McLane and Amalia Vigil from the Regional Office.

Mr. and Mrs. John Stratton from the Regional Office were here September 19.

On September 23 Jerome C. Miller, Regional Landscape Architect, William G. Carnes, Chief Landscape Architect, and Harold G. Smith, Budget Officer visited this monument.

Chief Clerk Carl O. Walker and family were here from Grand Canyon on September 23.

Superintendent

WHITE SANDS

Alamogordo, New Mexico

September 23, 1951

MEMORANDUM

To, General Superintendent,

From, Superintendent, White Sands,

Subject, Superintendent's Monthly Narrative, Report No 1nl 6

SEPTEMBER TRAVEL 1951 — TRAVEL YEAR TO DATE Total

Visitors, 22,431 Cars, 5133 — Visitors 192,624 Cars 44,889

GENERAL

My September Report 1950 closed with this paragraph. " So we close this most successful year in our history and start in on one which we hope we can say the same thing on September 30, 1951."

We are happy to say our hopes at that time have materialized. On September 30, 1951 we again close the most successful year in our history. Last year too, I stated that each contact man had served an average of over 35,000 visitors without one written complaint to this office. This year the same thing holds true but instead of each man serving over 35,000 visitors each contact man this year served over 38,000 visitors and no complaints to our knowledge. Of course credit is due too to Joe Otis and later Rixey for their share of the load. Such a record would not be possible without the combined efforts of all my boys and I am proud of them all and know that you share this pride with me.

The weather has pleased nearly all but those wanting rain. It has been hot during the days and cold at night. A maximum of 101 was reached and a low of 44 was recorded. Rainfall totaled .78 in several rains, and Dan figured the years total so far and it only amounted to 2.14 considerable below our yearly average of between seven and ten inches. The mountains are dry and dusty, making it a little unpleasant even for the beautiful colors that may be seen in the higher elevations this time of the year.

Two visits to the Regional Office were made by the Superintendent this month. One while on annual leave and the other in connection with official matters.

GENERAL PUBLICITY

Fall season seems to be one of the most popular for the sands and these evenings are ideal for pictures. County fairs in several instances and the State Fair give recognition to the sands. A NBC hookup give us quite a plug on one of their quiz programs.

MAINTENANCE.

The ole Ford water truck broke out at the seams again this month and we lucked out with just a broken wheel and the loss of a new tire. One of the rear duals sheared all the lug bolts allowing the load to drop. Forutnately no one was hurt and damage to the truck was slight but somewhat costly. Work is progressing on the water line from Holloman Base and by the next travel year we hope to be connected with that source. The museum and administration building was given a good scrubbing with the close of the heavy travel and the cleanup will ease up a little now. Our sewer line had to be cleaned a couple of times and a new manhole was installed in hopes of assisting us in this work.

NEW EQUIPMENT

Not to be outdone by Joe the Superintendent is driving a new Ford Coupe pickup. This is a nice unit and we are proud to have it in our area. I can not vouch as yet as to its ability to take the dunes. I fear that the Dodge will have to carry that load.

VISITORS.

Willard Bradley Region Three Office
James Jenkins Region Three Office
Mrs Shannan, Carlsbad Caverns National Park.

RANGER SERVICE

Another seasonal ranger resigned this month when George Hall was forced to drop out of service in order to get back to teaching. This was George's third stretch and he is quite a veteran by this time. Ranger Davis is learning all the ins and outs of being a Game Warden by attending a Game Wardens course being given at Holloman Air Base. The Rod and Gun Club sponsor the series.

RECEIVED OCT 1961

NATURE NOTES

Many teal are resting on the water now and a few crane have been noted. Several small [illegible] have been seen on the sands road. A couple of cow birds hang around the picnic area hopping right up to the cars. Many visitors report a dick bird. They even enter the building and eat flies that we may swat for them.

TRAVEL.

The annual travel report covers this angle and we will not go into that in any detail. We are all glad that we are still showing a steady increase and just wonder what effect the numerous road blocks will have on our travel next year.

Johnnie Faris
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

September 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report, Wupatki & Sunset Crater

Weather:

We finally received a little rain on August 28 & 29 which totaled .99 inches and sure did give the grass and shrubs a boost. This month has been quite dry again with only .05 inches for the month. Our maximum thermometer was broken during the first part of the month but the minimum was 50 degrees on September 13. On September 7 a very heavy hail storm along the back road about 5 miles north of Sunset Crater covered the cinder hills and the road to a depth of about 1 inch and it looked like winter was getting an early start for a few hours.

Mr. Harry Schwartz from the Weather Bureau in Phoenix checked our weather station and found everything to be in good condition.

The rain gauges scattered over the area were measured the first of the month and the report sent to the Museum of Northern Arizona.

Inspections:

On August 30, Director Arthur Demaray, Regional Director Miner R. Tillotson and General Superintendent, John M. Davis visited the area and made a trip through Wupatki and then to Sunset Crater going over some of our local problems.

Mr. Kenneth Saunders from the Region Three office visited us September 15 and went over rehabilitation work that is to be undertaken in the near future.

Mr. J. Miller, Regional Landscape Architect and Mr. P. E. Smith and Mr. W. G. Carnes from the Washington Office stopped by on September 25 and looked over the water system and the location of the new propane bulk tank.

Maintenance:

The fuel oil stoves were cleaned and made ready for cold weather. Ranger Bullard brushed out many of the Russian Thistle around the Heiser area. The windcharger was erected on the roof of the small storage shed and hooked up but is not quite adjusted correctly at this time. This will be in operation in a short time. Work was started clearing a place to

...rect the 500 gallon propane tank at the Superintendent's residence.

Sunset Crater is now operating itself. We gathered up the tools and cleaned up the area and buttoned things up for winter. A weekly trip is made around the area for cleanup work, checking the register stand and guide booklets and just a general patrol.

Roads & Trails:

After the rains the last of August the entire loop road was bladed and put in good condition. Maintenanceman Joe Bean left on annual leave September 16 for the balance of the month. The dump truck was taken in to the Forest Service shop for minor repairs on September 19

Interpretive Service:

At Wupatki 985 people in 269 parties were contacted and given a short informal talk at the ruin over-look for an average time of 17 minutes per party and a total of 68 hours.

At Sunset Crater 1126 people in 426 parties took the Lava Flow Nature Trail. Making the trip to the rim of the crater were 1262 people in [illegible] parties

There was no one on duty at Sunset Crater after September 18.

Travel:

Travel went ahead with Wupatki showing a count of 486 cars and 1387 people which is 4 cars and 38 people ahead of last September. At Sunset Crator there were 1266 cars with 3975 people for an increase of 60 cars and 436 people for the month.

With the travel year ending this month our figures show Wupatki was host to 3410 cars and 10,135 people. This is the first time that the travel for any one year has exceeded 10,000. This year shows an increase of 203 cars and 440 people over last year. Sunset Crater ended the year with 8106 cars and 25,510 people which is 384 cars and 1,834 people ahead of last year.

Visitors:

9/4 Paul Spangle, Ranger, Walnut Canyon National Monument
9/15 Hollie Vigil, Region III Office, Santa Fe, New Mexico
9/15 Helen McLane, Region III Office, Santa Fe, New Mexico
9/16 Howard B. Stricklin, Chief Ranger, Grand Canyon National Park
9/16 Clyde Moose, District Ranger, U.S.F.S. Moqui District, Kaibab
9/21 John Stratton, Region III Office, Santa Fe, New Mexico

Visitors:

The trip to the crater rim must be tough as noted by the following comment written on the register box. Quote, Dear Sirs: I saw the sign which said "walk to crater rim in 1 hour, well sir thats as bad as some of the democrats promises. Walked for 2 hours, had to dig for water twice. If I buy a booklet will you build a cable car to the top?

That visitor should have been there the day the disabled war veteran with only one leg hiked up to the top using his crutches and thought it was an easy trip. To top that he was accompianed by his wife who carried their 9 months old baby.

Then down at Wupatki one day a man drove up and got out with 2 gallon jugs,(empty of course) but he said that the last time he was here just one drink of our water gave him relief from his skin ailment and he never felt better in his life. Guess we will have to drink more of it our selves and find out. He filled up the jugs and left but hasn't been back since. Must be a little bit of it goes a long ways.

Research and Observation:

The following animals were noted this month; Antelope Squirrel, Coyotes, Bobcat, Jack Rabbits, deer and antelope.

The following birds were noted; Roadrunner, Brewers Blackbird, Violet Green Swallows, Golden Eagles, Humming Birds, Least Sandpipe, Common Goldfinch, Marsh Hawks, Scotts Oriole, Western Dove, Poor Will, Pinon Jay, Rock Wren, Coopers Hawks and Robins.

Personnel:

The services of Seasonal Ranger Erwin Yarnell were terminated on August 30 and Ranger Robert H. Viklund on September 18. There is no personnel on duty from now until next spring at Sunset Crater.

Spring Flow: Wupatki - 144 GPD This is still running just half of what it was for this time last year.

Heiser - 1660 GPD This is still only a little more than half of last September.

Frederick R. Brusek
Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND SERVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT Em3) AND 9 (REPORT Sm3).

NAME [illegible]
TITLE [illegible]

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME

TITLE Acting Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO MINES AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE EXHIBITS, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLACE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE KNOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PREPARED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CORRECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO BIRDS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE OVERLOOKS, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE SERVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR GIVEN.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.). Count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each colum in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME JOHN D
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICER DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

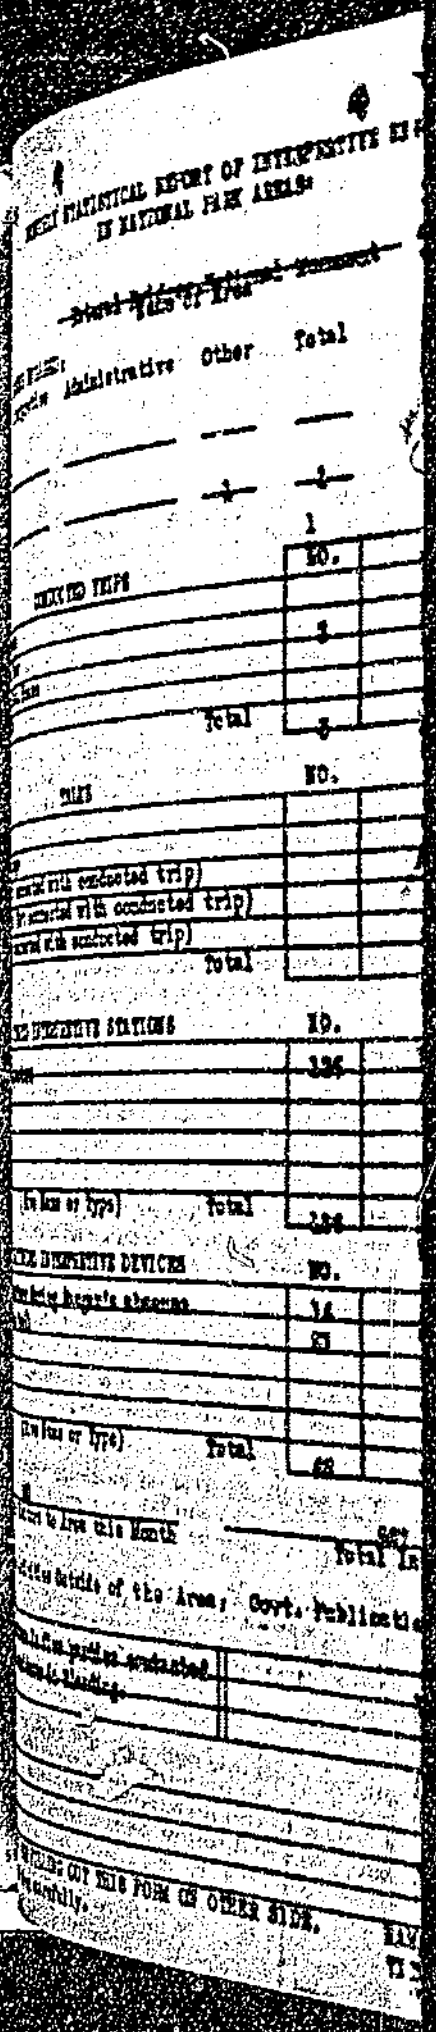
INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR SERVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.



INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 9M3) AND 9 (REPORT 9M3).

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

NAME Samuel A. King

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

The superintendent gave an illustrated talk at the Tucson Traffic Club on Sept. 24.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, museum collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing information rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in respect to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

.. Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.). count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accomodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Region Three
Office

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

ARCHES NATIONAL MONUMENT
MOAB, UTAH

October 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Narrative Report for the month of October, 1951, Arches

WEATHER: Very pleasant warm days and cool nights have prevailed during the entire report period. The one rain, received on October 22, brought a touch of fall and a small, but welcome amount of moisture.

TRAVEL: Our travel for October took it's usual nose-dive from the heavy count of September; however it is interesting to note that the decrease this year was only 135% as compared to the 215% decrease of last year. More and more visitors are learning that October is an ideal time to visit Arches.

A total of 1266 visitors in 402 cars entered the area during this October, representing 31 states and 4 foreign countries. An increase of 27% is noted over the same period last year.

INTERPRETIVE SERVICE: Of the 1266 visitors 321 were contacted at the Wayside Exhibit and Headqaurters. The Cove Nature Trail was used by an estimated 296 people. Our Ranger Contacts have taken a decided decrease due to limited funds for the operation of equipment. We are limited to two trips a week into the area. If a visitors happens to die in the area we are hoping that he will pick Wednesday or Sunday, for the body could become quite ripe in three days.

PUBLICITY: Acolored picture of Delicate Arch appears on the Standard Oil Company's Road Map for 1951. There is also a title line reading "Arches National Monument".

NPS VISITORS: Eugene T. Mott, Supervisor, Construction & Maintenance October 15 through October 19.

ROADS: Inspite of very little moisture Maintenanceman Winbourn did a light job of blading all roads in the area, before bringing all road equipment into headquarters for winter servicing.

UTILITIES: Gene Mott arrived on October 19 and spent four days bringing all our propane systems up to standard. He also gave us a lot of help in the laying of our new power line and a great deal of good advice on other rehabilitation projects. We certainly appreciate his good advice and help.

UNDERGROUND LINE: Eight hundred feet of underground cable were laid according to the Master Plan, from the generator to Superintendent's residence and the Ranger Quarters. This line being No. 4, 2 conductor, improves the looks of the place and gives us much better service than the old CCC salvaged line which ran on poles and rambled along the top of the ground with very ragged insulation.

GENERAL: All three employees took to the timber on opening day of the deer hunting season returning with a 66 2/3 % success. Ranger Worthington was the only one to fail to bring home the bacon, but he still has three days to get the job done.

Bates E. Wilson
Bates E. Wilson
Superintendent

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 October 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Report 1m1, Superintendent's Monthly Narrative

WEATHER: Beautiful Fall weather, with cold nites and generally clear, cloudless days, interrupted by one stormy period when we enjoyed 0.03 inch rainfall. Weather and travel have been excellent, with the latter far ahead of last year.

RUINS STABILIZATION: This work is progressing nicely with work completed in the east wing of the ruin and rapid progress being made in the stabilization of the south wall. A special report by Archeologist Richert will cover the subject.

INTERPRETIVE SERVICES: There were 1,647 visitors in 276 parties shown thru the museum and 1,093 visitors in 179 groups conducted thru the ruins.

INCREASE IN TRAVEL: It seems to be the same story each month, nearly always with an increase over the same period last year, and that period an increase over the year previous. For October we have had 1,647 visitors in 541 cars from 37 states, D.C., Canada, Denmark, Hawaii, Japan, Norway, Switzerland, Virgin Islands. This is an increase of approximately 27% over October 1950, which itself was 32% over October 1949.

INSPECTIONS: Mr. and Mrs. Kittoridge, Paul Baish and Gene Mott arrived Sunday the 21st. Mr. Baish and his party stayed only a short time, with Gene Mott remaining for a day to help us install our fluorescent lights in the museum.

VISITORS: Supt. Rose, Mesa Verde stopped in to say hello while enroute to Santa Fe the 21st. Seasonal Ranger Bob Vielund from Sunset Crater visited the 29th. Grace Metcalf and Kitty Lassiter, daughter of Regional Engr Lassiter, visited the 10th.

DONATIONS: Mr. and Mrs. M.E. Coburn Rosevillo, California former residents of the Aztec area have donated a number of excellent arrow points and a small pottery jar taken from this area in the early days.

Irving D. Townsend
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

October 29, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for October, 1951

Weather

The weather during most of the month consisted of bright days and cool nights with a maximum temperature of 82 on the 11th and a minimum of 23 degrees on the 14th and 24th. Light rains occurred on five days and amounted to 1.01 inches of moisture.

Special Activities

The Superintendent attended the final inspection of the new road from the Los Alamos west gate to Tl-33. Present at the inspection were Mr. Carter, Region Three Office, Mr. O'Rourke, Atomic Energy Commission, Mr. White, State Highway engineer, Mr. Merker, Santa Fe National Forest Supervisor, Mr. Van Buskirk, Bureau of Public Roads engineer, and Mr. Adams, the contractor. The road was found to be acceptable to all concerned.

Inspections

General Superintendent Davis made an inspection of the picnic tables and ruins trail oiling job on October 17.

Maintenance

All of the Lodge cabins and the campground comfort station were drained and closed for the winter.

New Construction

Work was started on the enlargement of the parking area on October 15 and was progressing well by the end of the month. Most of the trees have been cleared and replanted and more than half of the old curb was removed. It is necessary to work carefully in the removal of the stones in the curb since they will be used in the construction of the new curb.

Mr. Carter staked out the parking lot change on October 11.

A total of 14 cement picnic tables have been poured and four installed in the campground. After some experimenting with various mortar colors, it was decided that burnt umber was the most satisfactory.

Concessions

All concession activities except the saddle horses were closed on October 1. The horses will be kept available through October and as long as the weather will permit in November.

Total revenue from all concession operations showed a 12% increase over last year. Part of the increase is due to higher rates and part to the increased number of meals served. Occupancy of the cabins was lower than last year.

Interpretive Service

The Statement of Significance, on which we have been working for some time, was finally completed and installed in the museum lobby on October 8.

A total of 126 tours to the ruins were conducted by the rangers that were attended by 1358 persons.

Travel

Travel took a decided slump this year under the same period last year. There were 2694 visitors as compared with 3214 last year. Most of the decrease occurred after the middle of the month and was noted generally in the Santa Fe area.

Visitors

On September 30, 24 representatives of the Republican State Chairmen visited the area following their meeting in Santa Fe. Twenty midwest and western states were represented.

Mr. and Mrs. H. Miller brought Mr. and Mrs. Leslie Mitchell, park planner from Rhodesia, and Mr. Smith, Washington Office, for a visit to Frijoles Canyon on October 7.

Other visitors included:

Mr. and Mrs. Garner Greer, Mammoth Cave National Park. Mrs. Greer is secretary to the Superintendent at Mammoth Cave.

Mrs. John Davis and Mrs. Ralph Lassiter accompanied Mr. Davis on his inspection on the 17th.

Mr. Baxter, former governor of Maine and an ardent conservationist, was a visitor on October 25. He was accompanied by Les Arnberger, Region Three Office.

Chief Judge and Mrs. John Biggs, Wilmington, Delaware, were visitors on October 25. Mr. Biggs is Chief of the 3rd Judicial District and Virgin Islands.

Twenty-four students of Mrs. Ellis' sociology class from the University of New Mexico took a ruins tour on the 28th.

Wildlife and Fish Cultural Activities

A russet-backed thrush was found dead by the big window in the museum lobby where it had apparently tried to fly through the glass. This is the first report of this bird in the area since 1936.

700 rainbow trout were received from the Seven Springs State Fish Hatchery and planted in the Rito de los Frijoles this month.

Forest Fire Prevention

A float depicting the difference between a burned and unburned forest was constructed and entered in a fire prevention parade at Los Alamos.

Miscellaneous

Superintendent and Mrs. Binnewies, Mrs. Sallie Brewer, and Judge and Mrs. Biggs, located the second Stone Lions shrine, just south of the Monument boundaries, that was reported by Adolph Bandelier in his final report in 1890. Apparently the shrine is relatively unknown even to the Indians, but is is still in the

same condition as reported by Bandelier. One lion was destroyed prior to 1880, but the one remaining is till in very good condition. It is about the same size but of more stylized design than the famous shrine that is located in the Monument.

Fred W. Binnewies
Superintendent

Canyon de Chelly National Monument
Chinle, Arizona

October 26, 1951

Memorandum:

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for October, 1951

Visitor Travel: The first month of the new travel year shows an increase of 6% over the same period last year. 402 people arrived in 149 cars. Another record breaking year may be in store. Due to much colder nights we had only 62 overnight campers. Guide and contact services totaled 83 hours.

Weather: Very pleasant most of the month with one rain of .38 of an inch on October 1. High-low temperatures ranged from 82 to 22 degrees.

N.P.S Visitor: Archeologist Albert Schroeder and Family on October 18.

Projects: Within 5 days after notice of available funds work was started on the exterior plastering and reroofing of the Superintendent's residence. To date the roofing job has been completed. 1000 pounds of insulation was used followed by two layers of roofing felt and 75 pound roofing paper. Required metal and wood flashing and roof coatings were used to complete the project. This is a good job and should last for many years, 1040 Sq. Ft. of exterior plaster was removed from the residence and 1 inch mesh wire installed. Replastering and the removing of old plaster will continue on into next month.

Archeology and Anthropology: David DeHarport continued his work throughout the month on site surveying and mapping in de Chelly canyon.

Roads: All approach roads leading to the monument are from fair to good condition. All monument roads are in good shape.

Maintenance: The 3 HP gas water pump engine was completely overhauled. The head was removed and new intake and exhaust valves seated. Also, the magneto removed and new parts installed.

A new and larger capacity oil storage tank was erected for use at the Superintendent's residence and feeder lines laid to all heating stoves.

NATIONAL PARK SERVICE

~~Capulin Mountain~~ NATIONAL MONUMENT

Capulin, New Mexico,

Oct. 27, 19 51,

Memorandum

To: The General Superintendent,
Southwestern National Monuments,
National Park Service
Santa Fe New Mexico,

From: Homer J. Farr, Actg Sup't,
Subject: Monthly Narative Report,

Visitors: Estimated to be about eighteen hundred, during the month, making a total of eighteen hundred for the travel year and eighteen thousand three hundred for the fiscal year,

Weather: Extremely dry and windy all thru the month except of Oct 27, about one third inch of rain,
Rather warm thru the month,

Flora and Fauna:

I see no change in the flora and Fauna from my report of last month,

Roads and Trails: The road in the Monument was dressed on the first of the month but the weather has been so dry that very little was accomplished, Both trails are in fair condition, and have been used extensively this past summer,

Special Visitors

None,

Information pamphlets, about fifty was handed out during the month and we have on hand nine hundred fifty,

Very Respectfully,

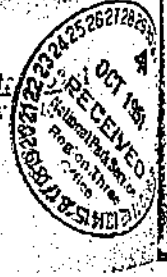
UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

October 25, 1951

Memorandum

To: General Superintendent, SWMM

From: Superintendent, Casa Grande



Subject: Monthly Narrative Report for October, 1951.

General: Cotton is King in Arizona this month, particularly in what the local folks call the "Casa Grande Valley." Everyone talks cotton; cotton bolls litter the sides of the roads; even the grocery stores carry cotton picking sacks as part of their regular stock, usually well displayed among the vegetable bins. Lots of people are picking cotton; perhaps, there are not enough to satisfy the cotton ranchers, but from the looks of the Coolidge business district on a Saturday night, there are lots of folks who follow the crop.

The local Jaycees held their annual rodeo and most of the male population and some of the female raised beards to show real western spirit. Even the carnival came to town to make this the most usual of our usual months.

The Southwestern Monuments Association made a present to the monument of the original painting by Paul Coze which expressed Mr. Coze's ideas of a reconstructed Compound "A". Mr. Coze brought the painting from Phoenix and, without any ceremony, presented the painting to us in behave of the Southwestern Monuments Association. The picture was framed by the Superintendent and hung in the best lighted corner of the large room in the museum. It will be adequately labeled, giving the proper credit where it is due. We certainly appreciate the gift, and it is receiving many favorable comments from our visitors.

Weather: Our weather remains about the same for October. To those out-of-state visitors who are coming from something colder into something warmer, our mild days (with temperatures in the low nineties) seem awfully hot. However, the weather has broken, and those pleasant autumn days are certainly with us.

High Maximum	102°
Low Maximum	85°
High Minimum	67°
Low Minimum	41°
Total Precipitation	0.0 inches

Travel: The visitors were steady all month; we had one slow day when there was only two visitors who wanted to make a ruins trip. Our records show that we had 920 more visitors thisk month than we had for the same month last year. With the weather changing over the nation, our travel should begin its upward trend.

	1951	1950
Visitors during October	3,028	2,108
Increase	920	
Visitors for Travel Year	3,025	2,105
Increase	920	
Servicemen	24	

Interpretive Service: During the travel month there were 3,025 visitors to the area; of these visitors, 1,559 took advantage of our tour through the ruins. There were 176 tours, lasting on an average of 55.8 minutes each. Another 1,466 visitors made just a short orientation stop; about 1,028 people visited the museum from this group.

Visitors of Note and Special Groups:

October 3 -- Superintendent Sam King from Saguaro National Monument and Ranger Henson from Tumacacori National Monument.

October 8 -- 69 7th and 8th grade students from Queen Creek Grade School, Queen Creek, Arizona.

October 9 -- U.S. Representative John Phelps from Banning, California.

October 11 -- Naturalist Leslie P. Arnberger, former Casa Grande Ranger, from Southwestern National Monuments, Santa Fe.

October 18 -- 32 members of the Girls' Athletic Association, Coolidge High School, Coolidge, Arizona.

October 21 — 50 members of the Arizona State Society of X-Ray Technicians.

An unusually large group of 32 Maricopa Indians.

October 25 — 28 7th grade pupils from Kenilworth School, Coolidge.

Administration and Protection: During this month the members of the staff attended the course on Desert Vegetation which was given by W. Taylor Marshall at the Desert Botanical Gardens at Tempe, Arizona. Everyone enjoyed the class and were given a new insight into desert vegetation, particularly the cactus.

There were fifteen requests for information which were promptly answered. The Adamsville Site was checked during the month and there was no new evidence of "pot robbing".

Maintenance: Maintenanceman Mack was busy painting the trim on the houses during the month. He also spent some time repairing the road drainage and shoulders.

Museum: Besides the Reconstruction of Comp[illegible] "A" painting, a colored picture panel on the birds of the desert was added to the multiplex. All this was possible by virtue of the excellent assortment of pictures and painting of birds through the past issues of the Arizona Highways.

A. T. Bicknell
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

October 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of October, 1951

Weather Conditions

The weather for October was about normal with a maximum temperature of 84 degrees and a minimum of 21 degrees on October 23. Moisture conditions show signs of returning to normal with a total of .58 inches which is the highest amount recorded in October since 1947, and we are having another nice, gentle rain at present writing.

The first heavy frost of the season occurred on October 6 and there were 11 days on which the minimum temperatures reached 32 degrees or lower.

Administration

Regular administrative duties have been kept fairly current in spite of the many other time consuming Activities.

Ranger Elmore started on Annual and Military leave October 25th. This will leave us considerably short handed until December 3 when he will return from his month of active training in the Naval Reserve.

New Construction

The Contractor began work on the new residences on October 8 with the excavations for the footings which were poured on October 22. The pipe line to the new headquarters site was layed to the site so that our part of the bargain would be met. A shortage of two inch pipe necessitated using a thousand feet, of 1½ inch pipe which will be replaced on receipt of another 1500 feet of 2wo inch. The concrete footing for the pump and engine was poured as was the roof of the well, The new pump installed and the line tested with the exception of about five hundred

New Construction (Continued)

feet in the bottom of the Chaco Wash which was covered by run-off before the rest of the line was completed. Foutz and Bureom of Farmington dug the trench with their digging machine in two and one half days which included the uncovering of the 1,000 feet of 1½ inch pipe at the lower well. A total of 5,196 feet of trench was dug.

Soil and Moisture

Some work in seeding the new earth dams was carried on during the month as time permitted and studies were made preparatory to starting more bank protection and repair to existing structures as soon as the Crew finishes with the pipeline and road repair.

Maintenance

The light plant which has been out of working order since last December was repaired and put in working order. Two trips were made to Gallup to take it in and return it. Roads were graded as moisture permitted and minor repairs made. Automotive equipment was drained, flushed and new Anti-freeze installed.

Travel

Despite poor approach road conditions we had 164 visitors in 64 cars which is an increase of 8 visitors and 11 cars over the corresponding period last year.

Interpretive Services

Thirty trips totalling 119 persons took the trip thru Pueblo Bonito. Thirty eight museum talks were made to 132 people. A total of 41 hours was spent in guide and contact work.

Ranger Elmores time other than public contact has been spent almost entirely on fact files, Observation records, photo filing and like duties, and we will soon have this phase of Monument operation in tip-top shape.

N.P.S. Visitors

Architect Kenneth L. Saunders, Chief Engineer and Mrs. Kittredge accompanied by Soil Conservationist Baloh, Maintenance Supervisor Gene Mott and Wife, Chief Clerk Harry Linder, and Mrs. Ruth Ferril of Mesa Verde National Park, Park ranger Bob Vicklund of Sunset Crater, and Ken Wallace of Mesa Verde.

Important Visitors

Dr. and Mrs. Thomas D. Noble of Indianapolis Indiana who were accompanied by Dr. and Mrs. J.A. Teeson of Kansas City, On October 10th Kathryn Brown and Lydia Thompson of Keighly and Northumberland, England.

Meredith M. Guillet
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chiricahua National Monument
Dos Cabezas, Arizona

October 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Superintendent's Narrative Report

General. Superintendent Cooke returned from his vacation in Northern Arizona, October 5, having been on leave from September 5 to September 30. On returning he attended the October 2-3 session of the Botanical Gardens, Phoenix. The information received at the Gardens was of great interest and very valuable in interpretive work concerning desert flora.

Weather Conditions. We have had no measurable rainfall this month. Traces were recorded for the 22nd. and 24th. The weather has remained comparatively warm for the time of year.

Inspections. Naturalist Arnberger spent October 16 on the monument helping with the planning of a nature trail at Massai Point and interpretive devices at the Heart of Rocks.

Maintenance. Our boundary and "No Hunting" signs were checked and replaced where necessary, especially in the vicinity of Pickett and Whitetail canyons, where hunting pressure is likely to be heavy.

Approaches to Monument. All approach roads are in fair condition, although the dirt and gravel roads are quite dusty and washboardy.

Cooperation with State Authorities: Mr. Ralph Morrow, deputy State Game Ranger for Cochise County, dropped in to discuss state game laws related to enforcement in a National Park or Monument. One interesting point that Mr. Morrow brought up is that it is difficult to prosecute, in a state court, a hunter found in a Park Service area. The only possible charge, in Mr. Morrow's opinion, is trespass and damage to the area must be proven. In case a hunter has killed a deer, he can be charged with illegal possession. Mr. Morrow suggested that an effort be made to have the area proclaimed a state refuge by the Arizona Game Commission. Hunters could then be prosecuted for having firearms in possession on a refuge. This interests us because other NPS areas have had bad luck getting the Federal Court to handle small cases.

Interpretive Service. Six conducted tours were made. Forty three visitors attended and the walks averaged two hours. The most important trip was that of the Dons Club of Phoenix, which twenty six members attended. The Dons are planning regular scheduled tours this winter.

Research and Observation. As time has permitted Ranger Welles has investigated and made notes on game conditions at Chiricahua. The largest addition to our game supply seem to havalines. Mr. Welles observe nine in the Northwest section of the monument. Five was the largest number observed last year.

Travel. 1229 visitors came to Chiricahua this month, making an increase of 153 over October of last year or 14%.

Visitors. Mr. Walter G. Dungey of the Los Angeles Department of Recreation and Parks spent over a week at Chiricahua. Mr. Dungey was extremely interested in all phases of park work and especially in self conducted nature walks which Los Angeles is planning for its city parks. Miss Nell Murbarger, spent two days on the monument taking pictures and gathering material for an article on Chiricahua. She informed us that she had one article on Chiricahua published in a trailer magazine, but we have not received a copy. Cavern Guide and Mrs. Foy Young from Carlsbad Caverns spent a night at Chiricahua with the superintendent and were shown around the monument the next day.

Clair V. Cooke
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

El Morro National Monument
El Morro, New Mexico
October 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

There were 248 visitors to El Morro this month. This is a considerable slump as compared to a year ago this month, but believe that it is accounted for in that we had several week-ends of inclement weather. These visitors came in 69 automobiles. 186 of them took a trip around the Rock in 63 parties. 39 of them went over the top of the Rock in 17 parties and 66 people in 21 parties received an orientation talk.

The coolest this month was 16 degrees and the warmest was 75 degrees Fahrenheit. There was .44 of an inch of rain. The approach roads have been in bad shape several times during the past 30 days due to the moisture. The Monument roads have been thoroughly worked over by the County grader crew and are in fine shape.

We got most of our annual coal hauling done. Again, this year, it has been necessary to dig down and work over the stop and waste valves. However, it is better to get it done now than to have to do it in sub-zero weather. We have pulled the end of the other light plant, cleaned out the inside, changed oil filters, and put anti-freeze in it. Anti-freeze was put in the two trucks. The floors of the residence were refinished.

In preparation for the new road, Harold Marsh, Willard Bradley and James L. Jenkins were out. Mr. Bradley and Mr. Jenkins stayed several days surveying the route. We are very happy to see this road begin totake shape.

Leslie Arnberger was out, the first time he had ever visited the area. It was good to get acquainted with him.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

October 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for October 1951

Weather. We must be repetitious again this month and report "no precipitation". Cumulous cloud buildups were received overhead on several occasions but high winds dispersed them and brought heavy dust instead. Temperatures dropped during the month indicating an early approach to winter, the maximum averaging 70 degrees and the minimum 32 degrees.

Wildlife. Several mule deer were observed within the monument boundary during the month. These were the first sight records in over four months although deer tracks have been observed frequently. The State Game and Fish Department has opened the Chupadera Mesa refuge, which lies South of the Monument, to hunting this year, which makes us believe our deer population will increase shortly after the first few shots are fired.

Correspondence was carried on with the U.S. Fish and Wildlife Service, Albuquerque, concerning the placement of 1080 stations within three miles of the monument.

Roads and Trails. Most of the Superintendent's time this month was spent preparing for and constructing an asphalt trail from the parking area to the mission area. About 400 feet of trail, 5 feet wide, 2½ inches in depth, was completed before lack of material and freezing weather halted activity. About one third of the Mission trail is now surfaced; the remainder, loose gravel.

Two man days were spent removing loose rock from the entrance road and raking the parking area.

N.P.S. Visitors. Naturalist Leslie Arnberger on the 18th to discuss with the Superintendent the needed stabilization of San Isidro mission, and the placement of easel exhibits in the mission area.

Public Health. Water samples were submitted to the State laboratory for bacteriological analysis and were reported back negative.

Travel. Visitation to the area this month again increased slightly with about 5% more persons than that of a year ago. 262 people in 84 cars entered the monument, a goodly portion of these being from out-of-State. Travel is holding up very well and we look for very little let down in the coming winter months.

Interpretive Services. Pressure of maintenance duties prevented full interpretive services this month but guide services were provided to 133 persons in 34 parties for an average of 47 minutes per party. 125 people in 41 groups used the self-guiding pamphlet. 210 visitors were contacted and 208 of these visited the museum.

Ray B. Ringenbach
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

October 26, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Narrative Report for October, 1951

Weather Conditions

Below normal moisture is the still recurrent cry throughout the San Luis Valley. During October 0.11 of precipitation was recorded on the 21st. This dryness, coupled with high winds, has resulted in the deposition of considerable sand on the mountain near Little Medano Creek--more movement of the sand in that vicinity has taken place in the last four months than had previously occurred in five years.

A minimum of 22 degrees on October 22 and a maximum of 71 on October 11 marked the monthly extremes of temperature.

Maintenance and Rehabilitation

Eugene Mott's visit highlighted the activities of the month. While here he not only familiarized himself with our physical plant and helped me with innumerable suggestions and bits of advice but also accomplished the following jobs: (1) Planned and cut pipe for the installation of the gasoline pump on the bulk storage tank. The pump has not yet arrived. (2) Planned the installation of an electric fuel pump on the Onan power plants so that I can bury the storage tank outside. (3) Installed vent pipes on the automatic hot water heaters in both residences. (4) Investigated possible locations for a bulk propane gas tank so that plans can be formulated upon his return to your office.

Miscellaneous maintenance jobs accomplished in October included interior painting of the four campground comfort stations, installation of conduit on the underground electric power line from the power-room to the expandable trailer quarters, painting of the storm windows, replacement of cracked window panes and reputtying of others in the residence and office, drainage of the campground water system in preparation for winter, and placing antifreeze in automotive equipment and light plants.

Approach Road

The condition of the approach road remains the same--pretty darned rough!!! High winds and dry weather make it impossible for the county to accomplish much in the way of improvement.

Concessioner

The report of A. W. Graves on the summers revenue from the horse concession was made. Only $217.00 was realized from the regular service to people at the campgrounds. $880.00 from a 10 person pack trip to Sand Creek Lakes brought the receipts to total $1097.00. It is doubtful if Mr. Graves will return next summer as no request for renewal has yet been received.

Interpretive Service

One campfire lecture to the Half-Century Club of Alamosa was made on September 30.

Research and Observation

The deer are still very high in the mountains except on the Little Medano and Medano Creeks. This is primarily because the smaller streams have dried up so that water is available only at locations high in the mountains.

An observation not directly in connection with the Great Sand Dunes was made as an extension of the moss and lichen survey of the monument. A moss I collected in August for Dr. Crum of Adams State College in the vicinity of Wheeler Ex-National Monument has been identified by Dr. H. S. Conard as a species never previously found south of northern Montana.

Increase in Travel

October visitation increased almost 7% from 1950 to 1039 people in 294 cars. Three hikers and one horseman were included among the visitors.

Visitors

Supervisor of Construction and Maintenance Eugene T. Mott and Mrs. Mott were with us from October 8 to 13 on a general inspection of facilities. Our real appreciation for Gene's help and advice is difficult to express in a narrative report--suffice it to say that we are already looking for his return soon.

The only organized group visiting the area during the month was the Half-Century Club from Alamosa on October 30.

Ranger Service

Almost all my time since the opening of deer and elk hunting season on October 15 has been spent patrolling the area. I have tried to do quite a thorough job as I believe it will save me considerable time and effort in years to come. No violations have occurred to-date.

Personnel

Silver R. Jaramillo was terminated as seasonal ranger on September 29 and employed as intermittent laborer on September 30. He can only come up on occasional weekends but has been a great deal of help.

Montezuma Castle National Monument
Camp Verde, Arizona

October 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly Narrative Report, October 1951

Special Activities: On October 1, Ranger Pierson left for the Desert Botanical Garden near Tempe where he attended the training session on desert vegetation held October 2 and 3. He then continued on to Tucson where he spent two weeks on research work in connection with his paper on the Tonto ruin dig of last winter. He has spent the balance of the month working on the report.

I spent part of October 8 with Naturalist Armberger in going over the monument's interpretive service.

On October 11, Landscape Architect Alleman arrived for the purpose of locating the new seating arrangement and shelter for the model of Montezuma Castle. He returned to the area on October 16 & 17 at which time we located and staked out the new trail to the seating arrangement and reviewed work to be done in completing the Montezuma Well Loop Trail.

Part of October 11 was spent with Sanitary Engineer Carlson, U. S. Public Health Service, San Francisco, and with Sanitary Engineer Craun of the State Health Department in checking the area's sanitation setup.

Also, on October 11, Engineers Feth and Johnson of the U. S. Geological Survey arrived to make a survey and record the monument's domestic water wells. It was interesting to note that the water table as appearing in the domestic water well at the Castle has not dropped within the last year, when the well was first put in service.

I made a trip to Santa Fe on October 20 to accept delivery of a new Dodge pickup which had been purchased for use at Montezuma Well. This pickup replaces the old 1938 Chevrolet which was sold to Lee Barker of Camp Verde.

Weather: Common for fall in the Verde Valley, weather has been perfect. The first cold of the season was felt October 23 when

the mercury dropped to 27 degrees. Days are clear and sunny with temperatures averaging in the 80's. Rain falling the first part of the month caused .8 inch precipitation.

Travel: The excellent weather is causing travel to hold up well. A record 2,886 people in 1,009 cars were counted at the Castle and 1,195 people in 383 cars visited the Well. This makes a combined total of 4,081 visitors to the area as compared to 3,316 for the corresponding month of last year.

Interpretation: With the elimination, October 1, of the guided tours through the Castle, interpretation techniques for this area have undergone a change. In place of the guided tours, visitors are now contacted at the bottom of the cliff to the Castle and there given the story of the area. Contact time is averaging about ten minutes per party and, because the size of the parties is small, contact is on an informal visiting type basis. After giving the people a brief history of the area, it is suggested they hike the Sycamore Trail and visit the museum. These three interpretive contacts seem to hold visitors in the area for around 45 minutes to one hour which is fifteen to thirty minutes less than before the ladders were taken down. The great majority of visitors seem to go away satisfied, and we have not experienced any great disappointment among people because they could not climb into the Castle. The few complaints have come from those who have taken the guided tours and as a result bring friends back to enjoy the same. This condition which is definitely not serious will adjust itself within a few months.

The model of the Castle, although a fine piece of workmanship, is not holding the interest of the public. It is felt that it must be given more life by perhaps showing it in a state of actual inhabitation. This problem was discussed with Mr. Armberger during his visit here.

From the beginning of the last report period to Octoberl, 37 trips were made to conduct 197 people through the Castle. The last ticket which was No. 52,121 was sold to Stanley Wiley of Camp Verde. Thesa means that 52,121 admission tickets were sold between May 1938 and October 1951. This of course does not include tax tickets and children who climbed free.

Ranger Pierson continues to improve the library by securing additional books and publications. By corresponding with various groups, he has been able to secure back and current copies of the "Ciba Symposia", Ciba Review", and "Medallion Papers". These publications are all free and they deal with various phases of history. They will be of value in

interpretation work.

Publicity: This area's travel figures for the year ending September 30, 1961 along with appropriate remarks appeared in most northern Arizona papers.

An interesting editorial by Platt Cline appeared in the Arizona Daily Sun. Because Mr. Cline's remarks in a way pertain to other southwestern areas as well as Montezuma Castle, the editorial is quoted here:

"Times Change: This month marks the closing of an era in northern Arizona, for beginning on the first day of October, visitors will no longer be taken through Montezuma Castle.

The Castle, as everyone knows, is a prehistoric Indian apartment house in the Verde Valley, estimated to be around 800 years old.

Superintendent John C. Cook points out that the ancient dwelling is in a bad state of repair; that the thousands of sight-seers who have passed through it have taken their toll, and that crowds are just simply getting too big to conduct up the ladders and through the ancient doorways.

Of course it had to be. The same thing has happened at Mesa Verde National Park in southwestern Colorado, which also features prehistoric Indian dwellings.

But oldtimers in these parts, in years to come, will recall the "good old days" when the trip through the Castle was the thing when one had relatives or friends visiting from out the state; and older oldtimers now recall, perhaps with nostalgia, the days before guide service was established and the sightseer just took himself through the ancient building.

The fact is, our wide open spaces are not as wide open as they used to be, and it looks like the "congestion" is going to continue and get worse.

We like newcomers, and we hope more of them move in, but we're glad we're old enough to remember when the spaces WERE wide open---phenty wide."

Maintenance & Construction: Considerable road and trail work was accomplished during the month. The paved entrance road was patched and drainage ditches cleaned. A farm tractor with blade attachment was hired to grade the campground and service roads. Part of the Sycamore trail was widened and given a coat of bitumuls.

Work is progressing nicely on the new seating arrangment location and on the trail leading to it. All clearing has been

made and the crew is now in the process of applying gravel to the area.

The ladders to the Castle were taken down and all signs referring to guided tours removed.

At the Well, the front room of the residence was given a coat of paint. Also, the front bedroom was painted. Art. White spent one morning getting the bats out of the windowsills of his house and plugging up the cracks where they had entered.

Personnel: Seasonal Ranger Joe Bowden resigned effective October 3, to accept employment in New York.

Local Items: The Verde Valley pioneers held their semi-annual picnic at the Well on September 30, with about 100 in attendance. Part of the days entertainment was furnished by song Too Cook who gave several Indian dances in costume made by Art White. Art also furnished the music and taught Too the dances.

John O. Cook
Superintendent

THE OLD

THE NEW

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Natural Bridges National Monument

Memorandum

October 27,1951

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the Month of October, 1951, Natural Bridges National Monument.

Weather: Cool and Dry. except for one light rain.

Travel: A total of 342 people entered the area in 81 cars ..this is a 34% increase over the same period last year.

Interpretive Service: Of the 342 visitors 246 were contacted at headquarters and 76 used the Kachina Ladder trail. Twenty one people arrived during the Rangers absence.

NPS VISITORS: Frank A. Kittridge, Chief Engineer & Mrs Kittridge accompanied by Paul L. Balch Soil Conservationist, visited the area on Oct, 24th.

Roads : Mr Johnson, State road Maintenanceman, started shaling the entrance road and placing the culverts on Oct, 25th.

State Road: A large Survey party has started work just below Blanding on the new all weather road, which will skirt the Elk Mountains and tie into the present road approximately 10 Miles east of the Monument.

This road will continue on to Hite where it will serve the Mill and the many uranium mines enroute.

INVESTIGATIONS: On Oct 24th Frank A. Kittridge accompanied by Paul Balch investigated the possibilities of making the attractionsin the area more accessible to the public, Supt, Wilson and Ranger Redd accompanied Mr, Kittridge and Mr Balch thru the area.

CLOSING OF AREA: The area was closed officially on Oct, 25th and all tools and equipment including the new Refrigerator were transported to Arches by Supt. Wilson and Maintenanceman Winbourn, Ranger Redd stayed on thru the 27th to help Mr, Johnson install the culverts and get some pictures of the Kachina Ladder trail desired by Mr, Kittridge.

Bates E. Wilson

Bates E. Wilson, Superintendent

Navajo National Monument
Tonalea, Arizona

October 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report for October, 1951

Travel: There were 63 visitors to Navajo during October this year in comparison to 66 last year. 16 persons in 6 parties took the horseback trip to Keet Seel.

Weather: We had about of slightly more than 1/4 of an inch of rain during October.

Roads: Nothing to complain about except for a few days during the week of the 7th, at which time the approach roads had some bad mud holes.

Visitors: Dr. and Mrs. E.Z. Vogt, Jr. and family, from Ramah, New Mexico. Dr. Vogt is the son of the first Custodian at El Morro and has served as seasonal ranger in several of the Southwestern National Monuments.

Inspections: Engineers Kittredge and Balch were in on the 17th to inspect the area.

Rehabilitation and Maintenance: Funds were allotted to replace the roof on the generator room and open end garage. After the old roofs were removed it was found that the post walls were too weak, not plumb, square or level and they too, were torn down. A somewhat smaller shed is being built to replace the old one, with less storage space, but a more safe and weather proof building. We were happy to have Kittredge and Balch agree that rebuilding the roof on the old post walls would not be satisfactory.

The installation of a 600 gal. butane storage tank has taken much of our time. The tank was hauled from Flagstaff, October 5 and was put into service on the 13th. A trench 275 feet long was needed to carry the fuel line from the tank to the residence. The protective fence has not yet been purchased. The cheapest bid thus far received for the fencing amounts to nearly $100.00 more than the tank, itself, cost.

General: The furnace and furnace flue were cleaned and put into operation. The old contact station was emptied of all its contents and made ready to spray paint. Several large loads of wood were collected and hauled. A long pole was cut and prepared for use as a radio antenna mast.

A worked sandstone implement was found in the excavation for the butane gas line. This stone, cylindrical in shape, was found approximately 15 inches below the surface in apparently undisturbed soil.

Personnel: Seasonal Ranger R.H. Viklund was on duty at Navajo as Laborer Foreman for about 10 days.

Miscellaneous: While attending a local Yeibitchai ceremony I saw a drunken Navajo man fall into a camp fire. With the traditional Indian stoicism a bystander observed, "Too much Hadacol!"

John A. Aubuchon
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
Ajo, Arizona

October 26, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report, 1ml, October 1951

Weather

Once again the desert southwest has come into its own cool days and cold nights replacing the summer heat. The mean maximum temperature for the month was 93° while the mean minimum was 50°. The high temperature for the month of a 103° occurred October 10 and the lowest temperature of 50° was recorded on several nights. A trace of precipitation was recorded September 29.

General

With the hot weather broken here and cold weather coming to the northern climes travel to Organ Pipe in on the increase and our campers are beginning to drift in.

All Organ Pipe administrative and protective personnel attended the botanical training conference sponsored by and held at the Desert Botanical Garden in Phoenix. We feel the meeting was quite worth while and successful.

Ranger Steele was called away for 14 days due to the death of his brother in Muskogee, Oklahoma.

Messrs. Kurth and Cassidy of the Consolidated Aerial Surveys of Tucson flew over to investigate the reason their aerial photos of the headquarters area were faulty. It was finally determined there evidently is a difference in air pressure over this portion of the area from surrounding check points thus throwing off the instrument controlled altitude at which the pictures were made.

Maintenance

The ARIZONA DESERT TRAIL was re-worked to clear it of loose rock and to fill washed areas in preparation for the winter travel.

Parts were received and the grader repairs were completed making it possible to grade, and in some places rebuild, the west-side Quitobaquito to Bates Well road. The Dripping Springs-Bonita Well Loop blading was completed. This totals approximately fifty miles of road work.

New roofing was applied to the older section of the office building.

Inspections

Naturalist Lee Anrberger came in on the 12th and 13th to assist with interpretive problems.

Accidents

An airplane accident occurred during the afternoon of October 21 near the Quitobaquito-Monument Highway junction. One Mr. Krumtum of the Krumtum Construction Co. of Phoenix in company with passenger Paul Kelsey clipped the top from a mesquite and settled into the brush in a Brocupe low wing two passenger plane. The fuel system had failed as they were attempting a landing on the highway. The plane was more or less a total loss and Mr. Kelsey sustained a cut over one eye. Arrangements have been made to permit them access with a tractor and remove the remains

William R. Supernaugh
Superintendent

Saguaro National Monument
Tucson, Arizona

October 25, 1951

MEMORANDUM

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Narrative Report, October 1951

General

Pleasant weather conditions prevailed throughout the month with warm days and cool nights. An early influx of winter visitors to Southern Arizona was indicated by many cars bearing out-state licenses. Travel for the month exceeded the corresponding month last year. It was also noted that visitors spent more time reviewing the exhibits and asking questions pertaining to the biology, indicating a more leisurely type of visitor.

Many families are moving to Tucson attracted by the establishment of new industries and expension of existing facilities in the field of aviation electronics. Current reports are that the U. S. Air Force will purchase the $7,000,000 Hughes Plant now nearing completion at Tucson. This will have no effect on the operation of the plant as to products and number of employees and, may be returned to the Hughes Company at the conclusion of the national emergency.

A general rain fell over the area on September 29 amounting to about .39 inches. Some damage to the " Loop Road " was sustained where it crosses the arroyos,,but repairs were made in due coures.

Status of Private Lands

Abstracts and drafts of deeds were received from the Tucson Title Insurance Company and forwarded to the Regional Office on the following private lands within the monument: Tucson Chamber of Commerce, 20 acres, Marjorie L. Ellison, 640 acres, S. L. Freeman, 502 acres, L. Nelson Garwood, 160 acres. The Chamber of Commerce land is actually outside the exterior boundaries.

General Publicity

The October issue of " Saguaroland " a bulletin published by the Arizona Cactus and Native Flora Society Inc., contained over two pages of information relative to Saguaro National Monument. The article was well written and it is felt that it was very favorable publicity for this area.

Maintenance

The Tower Trail from Mica Mountain Fire Tower to Manning Camp was completely rehabilitated and is in excellent condition. Laborer Western was moved to Grass-Shack on October 12 from where he will work on the main trail. Laborer Allen spent two weeks filling holes on the road into Madrona Ranger Station.

Six man days were expended in repairing the telephone circuit between Esmond and Madrona Ranger Station. The worst damage occured near the Lazy V Ranch where a passing truck with a high rock, tore out four pleas and left the wire in a shambles.

Approaches to Park Area

The Spanish Trail approach road was graded during the month and is in good condition, it is becoming popular with local residents. Houghton Road still bears most of the traffic to the monument from Broadway, it likewise was graded during the month.

Construction

Invitations to bid on construction of Residence No. 19 were mailed to local contractors, the Tucson Contractors Association and the Postmaster, Tucson, Arizona.

Interpretive Services

A total of $\frac{\text{[illegible]}}{\text{575}}$ persons in $\frac{\text{330}}{\text{}}$ parties were afforded interpretive service at headquarters. This amounted to $\frac{\text{73}}{\text{}}$ hours for an average of $\frac{\text{13}}{\text{}}$ minutes per party.

Museum Activities and Exhibits

New labels are being made to replace the weather beaten cardboard labels in the arboretum. As was suggested by Les Arnberger, we are placing the labels between two pieces of plexoglass and sealing the edges with acetone. This makes a waterproof covering for the label and much more attractive. This manner of protecting labels is far superior to any other method used here and we recommend the method to any area having a label problem.

Research and Observation

A gray Fox, Urocyon-cinereoargenteus scotti and a Kit Fox, Vulpes-macrotis neomexicana are regular daily visitors at Madrona Ranger Station. Marvin Frost Sr. was able to obtain excellent motion pictures of the gray Fox going through a variety of antics.

Travel

A total of 2,027 persons visited Saguaro National Monument during October. This is an increase of 369 visitors over the same month last year. If present travel trends continue, a new record high will probably be established during the 1952 Travel Year.

Visitors

October 10, Dr. Lyle Sowles, U. S. Fish & Wildlife Service, attached to faculty University of Arizona.
14, Les Arnberger, Naturalist, Regional Office.
18, Dr. Elbert C. Cole, Biologist, Williams College, Williamstown, Mass.
22, Craig Bryan, Bureau of Plant Industry, Division of Forest Pathology.

Forest Fire Control

All fire tools were brought in from the caches and stored at Mannii, Camp. The fire tower was closed and various instruments used in the weather station were stored for the winter.

A mobile radio set was installed in the Dodge pickup, installation was accomplished by technicians of the U. S. Bureau of Prisons stationed at the Catalina Prison Camp. The work was done gratis. It operates on the 2770 k. c. frequency and should prove invaluable during the fire season.

Personnel

Forrest Benson went on annual leave starting October 24 and expects to return to duty on November 17.

Miscellaneous

Norma King won second prize (Red Ribbon) at the Pima County Fair with her exhibit of prickly pear jelly. We understand that the official tasters (judges) ate the jelly with gusto. " Theres food in them thar deserts and its been a wasting since the aborigines accepted the ways of the white man ".

Samuel A. King
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

November 3, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, Tonto, October 1951

Weather: A rain storm early in the month provided .7" of moisture and brought the long and hot summer to an end. Cooler temperatures were common for the month with the nights now becoming very cool.

Visitors: Former archeologist Malcolm Bull and his wife visited the area on September 27th.

Regional Naturalist Les Arnberger October 8th.

Ranger Lloyd Pierson and family from Montezuma Castle and Mrs Harry Viklund on October 13th.

Messrs B. T. Croon and H.R. Carlson from the U.S. Public Health Service on October 13th.

Landscape Architect Carl Alleman on October 14th.

Forest Ranger and Mrs Charles Ames, new district ranger for this district on October 15th.

Travel: October of this year established a new travel record for this month with 1231 visitors in the area as against the previous high of 1101 in 1949.

Personnel: Engineer J. Conn arrived at Tonto October 9th to begin the north approach road project.

Joe Cosner entered on duty as laborer October 15th.

Joe Mc Carthy entered on duty as labor leadman October 10th

Andres Cano entered on duty October 18th. as laborer.

Adolph Garcia entered on duty as laborer, October 22nd.

Approach Road Project: The north entrance approach road project at Tonto National Monument began on October 10th. The completion of this road will eliminate a hazardous curve. Engineer Conn surveyed the area and the construction started. With the arrival of the bulldozer from White Sands National Monument the immense job became a reality.

The lack of power hoisting equipment has caused some delay in the laying of the large multiplate nine foot culverts. At present, the dump truck has been converted into a hoisting boom and must serve until proper equipment arrives from Platt National Park.

Road Project Cont: The non-availability of laborers in Globe has resulted in a serious manpower shortage for the project. The Superintendent has contributed considerable personal time to help during this shortage. Archeologist Wenger has aided the project also.

The approach road to State Hiway 88 continues to be in poor condition even though it was graded by the State Maintenance Man.

General: Regional Naturalist Les Arnberger consulted with the personnel concerning the nature trail, herbarium practice and wildlife observation procedures.

Messrs. B.T. Croon and H.R. Carlson of the U.S. Health Service inspected the spring and water systems at Tonto on October 11th.

Landscape Architect Carl Allemen spent the 14th discussing and inspecting the area for the proposed new comfort station.

Technical Training: Archeologist Wenger and wife attended the first Counts training session at the Desert Botanical Gardens at Tempe on October 2-3.

Superintendent and Mrs. Sharp attended the second session and had very favorable comments for this meeting.

The Desert School was considered to have been a success as voiced by those who attended, and compliments were extended to E. Taylor Marshall for his generous offer of this training session. The regional naturalists and staff are to be congratulated for this long needed and overdue study to standardize the information that is given to the public concerning desert vegetation. The personnel from this monument recommend other conferences on other phases of natural sciences as an excellent contact aid.

Flora: The heavy rains in August and again in early October have resulted in the second flowering of the spiderwort and a second crop of nuts on the Simmondsia chinensis. The Cereidium and Foquieria spendoons produced heavy leafling due to the rains.

An infestation of what appears to be a cottony cushion scale has appeared on the Simmondsia chinensis and several samples are being sent to the U.S. Entomological Laboratory at Tempe for examination.

Wildlife: Cooler temperatures permitted the rattlesnakes to start moving during the days and a number were seen around headquarters and on the entrance road. Several Gila monsters obliged the public by coming out into the parking area and allowed themselves to be photographed, much to the joy of our visitors.

Tarantula spiders were observed commonly along the entrance road, on the nature trail and in the utility area. One amusing event occured when Archeologist Wenger was conducting a tour to the ruins and spotted a tarantula hole with a spider just inside the entrance. While the visitors stood aside and watched, Wenger proceeded to push his oversharp pencil into the hole with hopes the tarantula would grab it and it could then be pulled out. Suddenly the tarantula grabbed and Wenger is now without his oversharp, and somewhat red-faced.

Wildlife: Engineer Conn observed a herd of about ten javelina's on the entrance road early in the month. A flock of eight white pelicans flew over the museum on October 13th.

Publicity: In the 1951 November edition of the "Buick Magazine" an article by Weldon F. Heald describes Tonto National Monument as the chief interest- "Along the Apache Trail."

As a result of this article numerous requests for information have been received and answered.

Comment of the Month: During the latter part of the month after a ruins trip, a visitor asked , "Why don't they have Rangers like you fellows at Grand Canyon, Yellowstone and other large parks for it would be so much more interesting."

Charles C. Sharpt
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

October 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for October, 1951

Weather: The month has been open, pleasantly warm, and highly inducive to tourist travel. Maximum temperature occurred on September 28, with 102 degrees. Minimum temperature of 40 degrees occurred on October 23. Precipitation in the past 30 days has been .51 inches.

Visitor Travel: This month: 2,672 persons, in 794 motor vehicles.
Highest previous October : 1,906 persons, in 1950
Percent Increase - - - - : 40.1
Last 12 months - - - - - :40,590 visitors
Previous 12 months - - - :30,226 "
Percent Increase - - - - : 30.9

Visitors: Among our visitors were:
September 26 - Ranger and Mrs. Forrest Benson and family, of Saguaro National Monument.
October 3 - Physicist and Mrs. Louis G. Collyer, of Denver University, Denver, Colorado.
October 4 - Guide and Mrs. Foy Young and family, of Carlsbad Caverns National Park.
October 8 - Mrs. Howard C. Speakman, wife of Superior Court Judge Howard C. Speakman, of Pima County.
October 15 - Mr. and Mrs. Walter Edwards. Mr. Edwards is a picture editor on the staff of the National Geographic Magazine.
October 22 - Ranger and Mrs. Don Black, of Grand Canyon National Park.

Inspections: October 15 - Naturalist Leslie Arnberger, of the Southwestern National Monuments headquarters staff.
October 23 - Naturalist Dale S. King, of Southwestern National Monuments. Mr. King was here through part of the 24th.

Interpretive Service: 203 guided trips were conducted through the mission church and grounds, as compared with 171 trips for the same month in 1950.

Museum and Education: Ranger Benson took a large number of pressed plant specimens to the University of Arizona herbarium for identification.

He has also spent considerable time (his own time) in preparing study collections on grasshoppers, and on bats salvaged from the mission church at the time we evicted them by the installation of metal screens which close the building entrances at night.

Conferences: Ranger Henson attended the first of the two training sessions held at Desert Botanical Gardens, near Tempe, Arizona. Sup't. Jackson and his entire family attended the second of the sessions. These sessions, conducted by Mr. W. Taylor Marshall, director of the Gardens, and held by him specifically to assist National Park Service employees of southern Arizona National Monuments in being more accurately oriented in their public relations discussions on cactus and desert plants, were extremely interesting and valuable, and our sincere thanks are due to Mr. Marshall, Mr. and Mrs. Earle, of his staff, and interested associates who assisted.

Maintenance: Much watering and weeding was done. More manure was hauled for the patio garden and compost pit. Front doors of the mission were not entirely bat proof, and were fixed. Steps from the sacristy to the pulpit of the church, restored over 30 years ago, were badly worn, and top bricks were replaced. A Horn product "Ducorex" was applied to surfaces of all the modern brick steps in the mission church, to arrest abrasion. Ducorex was applied to bricks in the lobby floor of the museum. Woodwork in the exhibit rooms was given an attractive coat of medium stain. Completion of linseeding on all exterior woodwork of the museum building was effected. A ramp at the north steps leading from the museum was repaired. The huge front doors of the museum were re-hung to keep out winter breezes. Cement floor of a bedroom in [illegible]se No. 1 was painted with Ducorex, to which pigment had been added. In the garden frames were made for Sweet Peas, and insect proof screens put over the young plants. A great many Hierembergia plants in the garden were removed because of age and replaced with young transplants. The museumdrinking fountain was painted. Mr. Barney completed the task of putting NPS stamp marks on government tools.

First Aid: During the month Ranger Henson and Sup't. Jackson made night time trips into Nogales to take an Advanced Course in Red Cross First Aid.

General: Constantly increasing travel (record breaking each month) keeps such a heavy work pressure on us that we are again at the point where the work week simply does not provide enough time in which to get everything done that must be done. The situation this autumn is simply more acute than previously, and will be increasingly so, because funds for winter seasonal ranger help are so reduced that we cannot put the winter ranger on until after the first of the year.

The situation is in hand, and we are holding down the fort.

Grady Jackson
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

October 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot National Monument.

Subject: Report 1ml October 1951

There follows a narrative report of activities in this area.

VISITORS

1927 visitors entered this area in 724 cars. Of this number 44 were in uniforms of the armed forces.

1720 visitors in 626 parties went thru the museum.

1686 visitors in 694 parties made the trip thru the ruin.

167 visitors in 75 cars entered early-late-or-noon and signed the out-door register where trail guide pamphlets were available.

100% of our 8-12, 1-5 visitors were contacted.

This year's travel shows almost 25% increase over October 1950's travel of 1571.

N.P.S. VISITORS

Seasonal Ranger John Barr of Petrified Forest National Monument on the 4th.

Naturalist Arnberger, SWM Headquarters, on the 7th.

Landscape Architect, Carl W. Alleman on the 12th, 13th, and 16th.

OTHER AGENCY VISITORS

Mr. Curt Earl of the Arizona State Fish and Game Department on September 20.

Messrs: J.H. Fetch, P.W. Johnson, and K.J. DeCook of the U.S. Geological Survey---Branch of Groundwater, on October 10.

Mr. and Mrs. Wesley E. Cater of Cuyamaca Rancho State Park, California on the 24th.

ORGANIZED GROUPS

34 U.S. Air Force Personnel on the 29th.
21 University of Arizona professors on the 7th.
A party of 32 from the Quarter Circle V Bar Ranch on the 21st.
31 Children from the Clemenceau Grade School on the 26th.

WEATHER

Generally windy, causing many extra hours of glass polishing in the museum (due to the wind carried dust which sifts down thru the ceiling).

INSPECTIONS

Naturalist Arnberger made a general inspection on the 7th.

MAINTENANCE

Russian thistles were pulled up from the museum, residences, and drive areas, and stacked for drying preparatory to burning. This was accomplished Before the seeds had matured.

The truck radiator was soldered in several places where it had broken loose from its frame.

The last big rain disclosed several roof leaks in the museum and porch of the superintendent's residence. Asphalt cement was applied to the leaks.

In preparation for winter, the stove for the superintendent's residence was given a new coat of paint and installed for the winter.

IMPROVEMENTS

On the 12th and 13th Landscape Architect, Alleman visited Tuzigoot and laid out the new ruins trail.

Ranger Maxson put in some 18 hours revamping the monument files. Files which have been missing since 1941 were brought to light.

RESEARCH AND OBSERVATIONS

On the 5th Ranger Maxson reached out and grabbed a rattlesnake by the throat. It had been sunning itself on the west wall of Room 9 group V. Too large for any of our jars or cans the snake was killed in a carbon tetrachloride chamber improvised with a pail and lid.

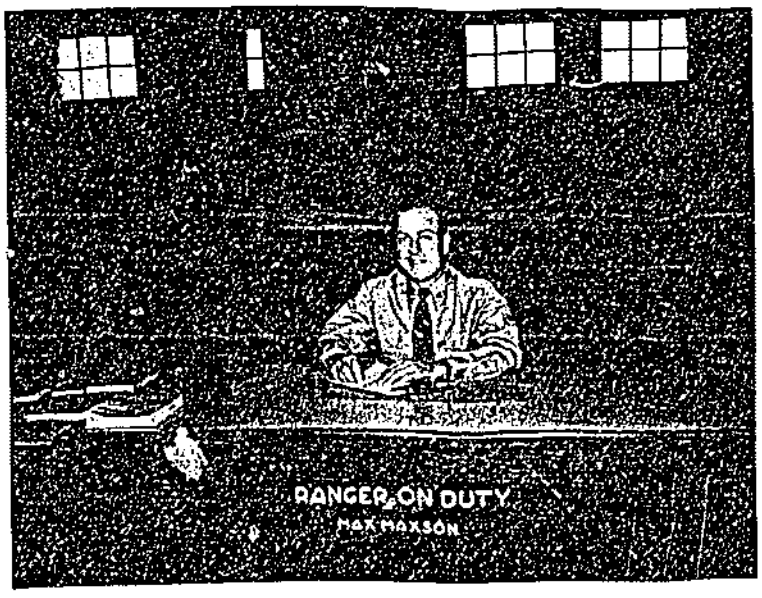
The training sessions at the Desert Botanical Garden at Tempe, Arizona were attended by Ranger Maxson on the 2nd and 3rd and by Superintendent Brewer on the 9th and 10th. A copy of Mr. Maxson's notes taken at the meetings were forewarded to the Naturalist Division of the S WM.

Ranger Maxson spent two of his days off gathering information on the historical development and decline of the nearby copper mining town of Jerome. A high percentage of monument visitors ask about this town.

5 ruins on mesas ajacent to the monument were also visited by Ranger Maxson during off duty hours. These ruins showed evidence of years of pot hunting--parts of 11 human skeletons may be seen on the surface.

PERSONNEL

Superintendent Brewer was reappointed an Associate Member of the Museum of Northern Arizona, Northern Arizona Society of Science and Art for the year 1951-1952.



ROADS

The county grader worked the road into smooth shape on the 17th and 19th.

The entrance road was policed of tin cansand debris on the 19th.

J. W. Brewer, Jr.

J. W. Brewer, Jr.,
Superintendent.

This photograph was prepared for the Mather Collection. It serves here to further acquaint the National Park Service with Ranger Harmon D. (Max) Maxson.

TUZIGOOT NATIONAL MONUMENT

October 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly narrative report, October, 1951

Visitors this month 2329; travel year to date 2329.

Weather Light frosts until late October made the oaks unusually colorful with their golden leaves brightening the canyons and woodlands. No snow has fallen on the San Francisco Peaks as yet.

Schools of Instruction Ranger Spangle attended the School of Desert Flora at Desert Botanical Gardens on October 2 and 3 and Supt. andMrs. Hastings attended the school on October 9 and 10. All who attended were enthusiastic about the school.

Exhibits The National Park Service again had a booth at the Coconino County Fair in Flagstaff. The booth centered around a colored map of Coconino County made by Elsie Spangle. The location of all Park Service areas were spotted on the map and ribbons were run from these to pictures of the areas. A gold ribbon for special merit was awarded the booth. Mr. Hal Jackson, Secretary of the Flagstaff Chamber of Commerce requested the map and pictures for use in the Chamber of Commerce office. Since the pictures used in the booth were borrowed from our museum, we had to substitute black and white pictures which have been turned over to Mr. Jackson.

Roads and Trails Surfacing of the paths around the parking area with cinder and road oil mix was completed.

Carl Alleman was here October 9, 10, 17, and 18 to get Project R-7 started for improvement of the ruins trail. Steps leading from the terrace on the south side of the museum will be emiminated by a ramp, the terrace will be extended, the cable railing will be replaced by a pipe railing, and a sunken space on the north side of the museum will be filled in. This latter spot is hazardous and numerous people have fallen here.

Use of Monument Facilities by the Public On October 8 and 9 Prof. Beaver of the Arizona State College at Flagstaff brought his classes of biology students to Walnut Canyon where they were given field trips by Ranger Spangle.

A good crop of pinion nuts attracted numerous Sunday visitors. On October 14 there were at least 72 people who came to pick pinion nuts and took time out to visit the ruins and museum.

There were 2329 visitors in 748 parties. This was 392 visitors or 20 per cent more than were counted in October, 1950. Parties contacted totaled 577 with 1364 visitors. There were 2216 visitors in 703 parties in the museum. Thirty-three picnic parties included 215 people and there 16 members of the armed forces among the visitors.

Supplies and Equipment Anti-freeze was placed in the radiators of both trucks.

The water meter at the head of the Walnut Canyon line ceased to function and was found to be completely worn out. No repairs could be found in Flagstaff or Phoenix for a Buffalo meter of the one inch size so a new meter has been ordered.

Water was removed from the back-pack pump and storage cans in the fire tool cache on the south side of Walnut Canyon.

Maintenance Two coats of varnish were given the drainboards in both residences. The kitchen floor in Residence No. 2 was repainted.

Two sides of the monument garage were repainted.

More window frames at Residence No. 2 were repainted as time permitted.

Communications Representatives of the telephone company were in to consider the survey of a line they may build for a toll station at Walnut Canyon.

Vandalism Several self-service items were taken without payment and in three days we lost three Flowers etc. books. A small thermometer was stolen from the ladies restroom and two informational and one directional sign were removed on the Island Trail. These signs have been replaced. After spending considerable time, one party who took "for sale" items was located and collection was made for the items taken.

Sanitation On October 11 Mr. Harry Carlson, U. S. Department of Public Health and Mr. B. T. Braun, State Department of Health inquired about our water supply and sewage disposal systems.

Personnel William T. Beaver, last summer's seasonal ranger at Walnut Canyon, exercised his 10-point veterans preference and took a special Civil Service examination for Archeologist.

On October 18 Robert H. Viklund signed up as laborer-leadman on our trail improvement project.

Research and Observation The approach of winter was evidenced by the appearance of Red-backed and Oregon juncos. On October 11 a band of 30 turkeys was observed back of the ranger's quarters. They were apparently going into the canyon. On October 23rd 6 turkeys were seen near the Superintendent's residence. Other birds of note that were observed were: Red naped sapsucker, California woodpecker, Williamson sapsucker and a yellow-shafted flicker. Although an observation of the later bird is uncommon here, the bird, a male, was observed at close range several times for positive identification.

Deer have been seen quite often, antelope are common close to the area, and one porcupine was seen on the monument.

National Park Service Visitors

October 6, 7 Leslie P. Arnberger, Regional Office
17 Charles H. Blake from the Director's Office and Thomas Moran from the Regional Office
Oct. 9, 10, 17 and 18 Carl Alleman, Regional Office
Oct. - 22 Supt. John O. Cook, Montezuma Castle

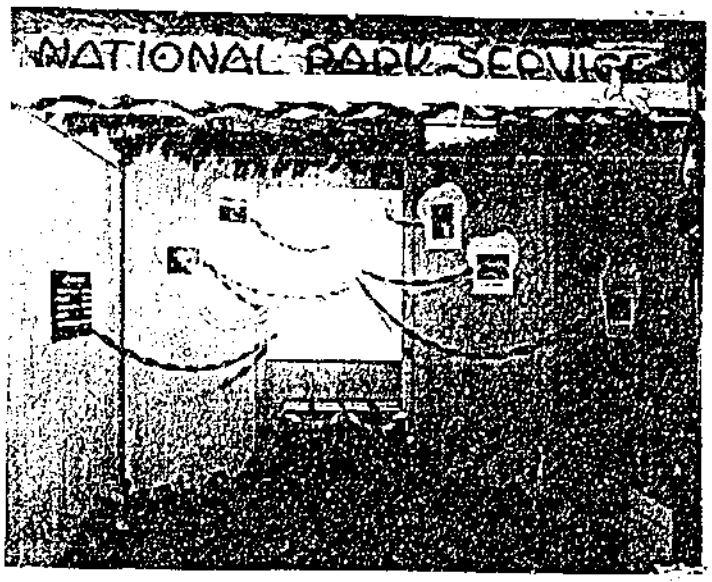
ARK SERVICE OOTH TAKES RAND PRIZE

Winning Items Will Be Taken To State Fair

Coconino county's annual air closed Sunday evening fter having set new records or attendance and number f exhibits.

Food and clothing entries especially showed a big increase, according to County Farm Agent Bill Brechan.

Attendance during the three ays of the fair has been esti- mated at slightly over 6000, a great increase over last year.



Special merit award for out- standing adult booth went to the National Park Service.

In the 4-H field, the Cinder Hill Billies 4-H club of Doney Park won first place; the Oak Creek Canyon club placed second and the Parks club took third.

The Girl Scouts booth awards included first for Flagstaff troop No. 7 and second for the Navajo Ordnance Depot troop.

All awards will be published in the SUN beginning today and con- tinuing tomorrow. For further in- formation about the fair, see the SUN women's page.

WHITE SANDS

Box 251, Alamogordo, New Mexico

October 24 51

Memorandum

To: General Superintendent

From: Superintendent, White Sands

Subject: Superintendents Monthly Narrative, Report No. 1m1

October Travel, 1951	Travel Year to Date
Visitors - 11,724; Cars - 2,905	Visitors - 11,724; Cars - 2,905

WEATHER:

Beautiful weather has probably been partially accountable for a 1,450 visitor gain over any previous October. It has been dry and warm with some late winds, nights have been quite cool. A high of 96 was reached on September 22nd and a low of 33 occured on the night of October 16. There was a trace of rain on September 29 but nothing recordable.

SPECIAL ACTIVITIES:

Ranger Davis has completed a course in game protection given by District Game Warden Luttrell at the Holloman Air Base Rod and Gun Club. As some home work, so to speak, Dan has been making early morning patrols to Carton Well since duck season opened. On one occasion we did stop a couple of air base boys who claimed they were merely going over to the house to look around. We assured them that we would take good care of the Government property so they returned to their car which was parked about a quarter of a mile away. Likely they were going to scare the ducks and some confederates would hide at another pond and make the kill. Carton Well is about the only pond to survive the drought in this area and most of the ducks collect there, in the past there have been plenty of ponds on the air base to provide ample hunting for the men stationed there but this year they are all dry. Some of the boys feel that because they are military we can't keep them from hunting but we have assured them all that anybody caught hunting on the monument will be taken before the proper authorities and so far, none have challenged our authority.

INSPECTIONS:

No regular remote area inspections were made this month, nor have any been made for some time. Dan and Ray did, on their own time, take a trip over toward the south boundry and all seemed to be quiet in that section.

An inspection of our Butane installation was made by a State inspector along with Paul Franks from the Regional Office. This unit was found to be in excellent shape, much to our surprise.

STATIS OF PRIVATE LANDS:

Private lands or holdings of any sort other than army in this area are just about a thing of the past. The filling station just south of us on the highway has been closed and all of the ranchers on the area a re disposing of or moving all their stock. Other private holdings on the White Sands Proving Grounds are being uprooted and the entire area is becoming more military. Rumors have it now that the WSPG are to double their number next month.

GENERAL PUBLICITY:

Yearly travel figures as well as the monthly travel figures, official visitors and local visitors bringing friends to the area have kept us well before the local press .

COMPLAINTS:

N o complaints have been received by this office on any phase of our unit. It was quite a feeling to fill the the annual report on complaints with all boquets and not one complaint.

MAINTENANCE:

Fortunately, with the exception of the water truck, no major breakdowns have occured. The water truck had to have a new motor and we secured a rebuilt motor for it and at the time of this writing it is again in the garage in A lamogordo and will be for two weeks as the rebuilt motor was defective and has to be replaced and it will be almost two weeks before they can get the new motor. We do have a small standby tank mounted on our flatbed to use at times like this but the tank is only a third the size of the regular truck making it necessary to make that many more trips for water, with the large regular water truck it takes two loads a day and usually three on Sunday, trips average out about an hour and fifteen minutes per trip. This truck has been in use for 13 years and has over 100,000 miles on it and the heavy use is taking its toll. We are hoping to secure a new water truck especially since we will have to haul water into the sands if we get the new toilets. Joe ha s been able to do a little work on the trails this month and Ray has assisted him some and we soon hope to have a treated trail system at headquarters. Other maintenance seems terribly slow but perhaps it is more lack of patience on my part than the fact the maintenance is lagging. However, we can do little more than hold our own as long as our visitors continue to run over 11,000 a month and vacations facing us in the next couple of months. Joe is hoping the winds do not play too many tricks with his dozer at Tonto.

NEW CONSTRUCTION:

In checking back just one year ago I see under the heading of NEW CONSTRUCTION that bids were rejected for the toilets and we hoped to readvertise. A year later and while we do have a lot of material on the ground we are faced with additional problems over which we have no control. Labor is especially going to be a terrible problem in addition to obtaining materials. Our ceiling for laborers for wage board is below the lowest wage paid in the vicinity how and we can't even get our wage scale changed and approved as fast as wages change.

PUBLIC SERVICES:

Our concessioner spent a part of his vacation this month in Mexico, going down to Mexico City. In spite of his absence, the concession has done a good business, probably ahead of the same month last lear. We seem to be having some trouble getting a price schedule approved but I am submitting another one today for approval.

INTERPRETIVE SERVICE:

Les Arnberger of the Regional Office was in for a short visit. Unfortunately, I was away but I am sure that Les could see little improvement in his field and he will likely not see any improvement for some time. Fortunately we do have a marvelous museum and unless we can figure out a scheme to give improved service to ever increasing crowds with less personnel and less operations money, the museum will have to carry our load several more years.

INCREASE OR DECREASE IN TRAVEL:

October, 1961 visitors total 11,724 people in 2,905 cars, an increase of over 1400 people during the same period in the past. Any increase in the local army base units will without doubt show up in our attendance. How much longer we can expand without bursting out at the seams I guess time alone will tell.

VISITORS:

Gov. Edwin Mecheam,	Santa Fe
W.G. Carnes	Washington Office
P.E. Smith	Washington Office
Harvey Cornell	Region Three
Jorry Miller	" "
Paul R. Frank	" "
Les Arnberger	" "
Kenny Saunders	" "

ACCIDENTS:

A couple of cars were invilved in a slight accident right in our checking line, a car was being checked in by Ranger Davis when another car rammed into it from behind and a little to the side . The rear car had to jump the curb to even hit the front car. Both parties agreed between themselves as to a settlement and no great damage was done and no injuries received. During the governors speech a young kid driving a pickup lost control and swayed back and forth and finally headed into a bank of sand. No one was hurt but it was obviously an out and out case of reckless driving and since a couple of highway patrolman were present they

handled the case. A couple of sundays ago we had one of those days when everyone seemed to be in a reckless mood and during the peak we had to keep two patrol cars on the roads to keep traffic slowed down to a reasonable safe speed. We were sure glad when that day was over. We made no arrests but we certainly slowed down a raft of drivers.

GENERAL:

So, we look forward to November, likely another banner month, with Ray on vacation, Harold and Joe taking some leave for hunting and myself having to take or loose annual leave, not a very bright picture to view with any hopes of doing a great deal other than routine and likely crowding us to keep up there. We shall, however, carry on as best we can.

Johnwill Faris,
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

October 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report, Wupatki and Sunset Crater National Monuments

Weather:

The weather has been ideal all month with warm days and cool nights. The maximum temperature was 84 degrees on October 10 with a minimum of 30 degrees recorded on October 27. The month was fairly dry with only .45 inches of precipitation in two small storms.

Inspections:

Naturalist Les Arnberger visited Sunset Crater on October 7 and went over interpretive problems of the area with Ranger William Bullard.

Mr. R. O. Baird, Bureau of Reclamation from Phoenix, Arizona visited Wupatki on October 17. I took Mr. Baird to Crack-in-Rock ruin to make elevation checks and see what effect the backing up of the water from the proposed Coconino Dam would have. The Bureau of Reclamation had a map showing approximately where the water would go and it was agreed the water would not go as high as Crack-in-Rock Ruin which was the purpose of Mr. Baird's visit. He also visited Black Falls trading post to appraise the property as the water may back up around the vicinity of the post.

Mr. Tom Moran from the Region III Office and Mr. C. Blake from the Washington Office visited the area and discussed a few problems.

General Publicity:

The Coconino County Fair was held on September 28, 29 & 30. Ranger Bullard and Superintendent Brueck took over the National Park Service booth the opening night from 6 to 9:30 P.M. The booth was well received by the visitors and received a gold ribbon for, Special Merit Award.

Maintenance:

The propane tanks at the trailer residence at Heiser were removed from the side of the building and re-installed at a safe distance away from the residence. The tanks were put in a metal cabinet on a solid base.

Two large steel sash windows were erected in the trailer residence. One on the south side and one on the west side.

The work on the bulk propane continues at the Superintendent's residence. The tank was erected and filled with gas and the line installed to the appliances. The tank is in use at present but the complete job is still a long ways off. Rock has been hauled to build about 20 feet of rock wall, quotations are out for the fence material and the fire extinguisher has been ordered.

Roads and Trails:

A little clay plating has been done around the headquarters area. Work was started on the cattle guard at the earth cracks. The forms have been poured and will be ready for the cattle guard in a few days.

About 60 feet of trail from the office towards the ruin at Wupatki was paved with the road oil we obtained last August. The work on this will continue as time and weather permit.

Interpretive Services:

At Wupatki 235 people in 92 parties were contacted for and average time of 15 minutes per party.

No one is on duty at Sunset Crater but the nature trail is still in use with the guide booklets available in the register box. Percentage on collection has dropped to about 60 % with no ranger on duty.

Travel:

With the good weather travel showed a good increase. We registered 320 cars and 779 people which was 124 cars and 276 people over last October.

Sunset Crater totaled 744 cars and 1941 people which was 29 cars and 9 people over last year. We one is on duty so a combination of the count from the register box plus 20% for non-registrants was used to compute the travel. We had been using 30% but we found by keeping an actual count that this figure was too high so have reduced it to 20%.

Research and Observations:

An antelope was seen 2 miles south of the Citadel Ruin on Monument lands.

On the trip to Crook-in-Rock Ruin a cactus,"Echinocactus Xeroanthemoides" was found just below the ruin about ¼ of a mile. This is not supposed to be very common over this area.

Personnel:

Superintendent Brueck was on annual leave from October 7 to 11 inc.

Public Health:

Three samples of water were taken, two at Heiser and one at Wupatki and all tested negative.

Spring Flow: Wupatki - 200 GPD this has picked up considerably but is still about 100 gallons per day under this time last year.
Heiser - 1650 GPD Still only a little more than half of of last October.

Frederick R. Brueck
Superintendent

NAME
TITLE Park Ranger

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

RECEIVED OCT 1951 National Park Service Region Three

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

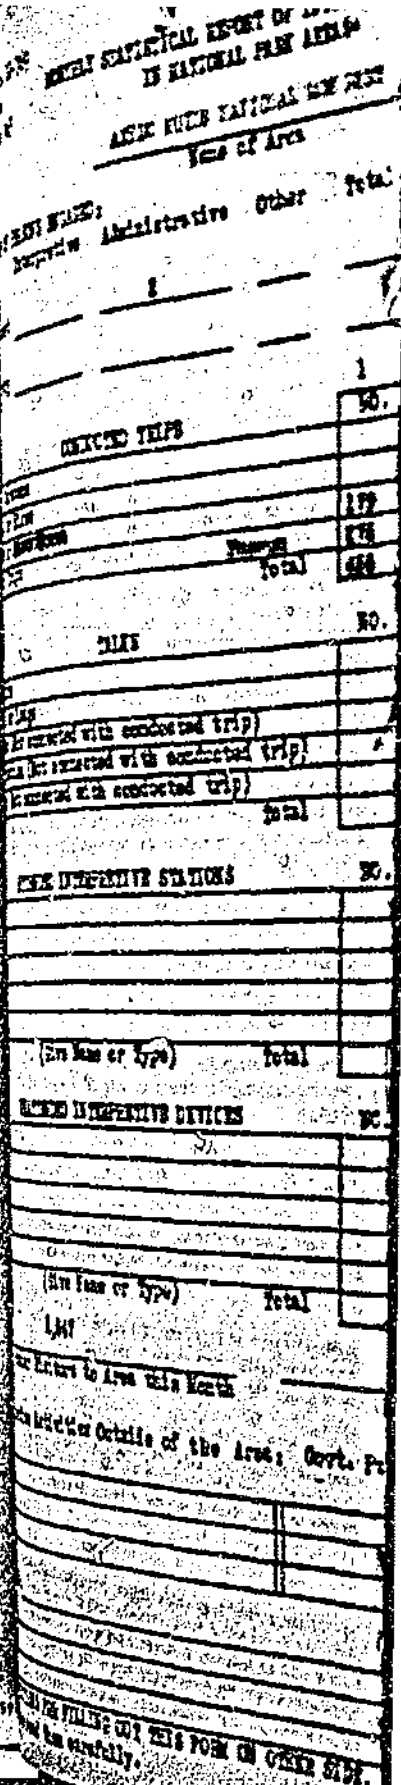
INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.



INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME [signature]
TITLE Ira Townsend, Supt.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE SERVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND OR MAILED.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME Elliott Barker
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical Aides. "ADMINISTRATIVE" are Superintendents, Asst. Superintendents, etc., called on to assist with interpretation. "OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area. "CONTACT" is a connection, interpretive in character, between a person and a National Park Service employee or a park interpretive device, exclusive of radio, book, pamphlets, and the like.

CONDUCTED TRIPS: Caravan or hiking trips conducted by N.P.S. personnel for general field activities. Trips specific to ruins and historical houses should be reported on line 3. Be specific under Other Trips as to type of conducted trip such as boat, ski, or other organized activity.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or officer dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, motel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area.

RECEIVED OCT 1951 National Park Service Region Three Office

INSTRUCTIONS FOR FILLING IN THE FORM

(Fill in Only Those Blocks That Apply)

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in each block. Space for a total of all Interpretive Contacts is provided.

COLUMN 3 Shows the AVERAGE amount of time of each class of service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should NOT be included in the totals. Give type of activity; such as talk, broadcast, exhibit, etc.; date; attendance; and other data necessary to describe the activity.

TOTALS: Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

GOVERNMENT PUBLICATIONS: (For historical areas) indicate by name or number the copies sold and on hand.

THIS REPORT DUE: From all National Park Service areas providing interpretive services. Retain original in area files. In areas employing naturalist this report to be attached to his monthly narrative reports. In other areas it should be presented as a separate report with copies for coordinating Superintendent, Regional Director and Director forwarded through administrative channels. Date due each month in accordance Administrative Manual, Vol. 15, Chapter 8 (Report 8M3) and 9 (Report 9M3).

NAME A. T. Bidwell
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
Much of Supt's. time spent on work projects during month.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (library, contact station, exhibit room, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report Sm3) and 9 (Report Sm3).

NAME Glen T. Bean
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE REPORT OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A DAILY BASIS FOR ALL P.I.P. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CLERKS OR OTHERS WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND OTHERS WHO MAY BE CALLED ON TO HELP INTERPRET THE AREA. "CONTACT" IS A CONVERSATION, INTERPRETIVE IN CHARACTER, BETWEEN A VISITOR AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE SERVICE, EXCLUSIVE OF TALKS, RADIO, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR MOTORED TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL PUBLIC ACCOMMODATION. TRIPS SPECIFICALLY FOR SCHOOL AND EDUCATIONAL GROUPS SHOULD BE REPORTED AS USUAL. FOR SPECIFIC SCHOOL TRIPS, TRIPS ARE THE TYPE OF CONDUCTED TRIP WHICH MAY BE MADE, SAY, BY OTHER ORGANIZED AGENCIES.

TALKS: VISUALIZED INTERPRETIVE TALKS WITHIN SERVICE AREAS PRESENTED ENTIRELY BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SUPERVISION. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE SERVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS WITHIN THE STATION (MUSEUM, CONTACT STATION, SCENIC POINT, STUDY EXHIBITION, ETC.), ACCEPT BELOW VALUE BY SERVICE PERSONNEL OR ATTENDANCE. CHECKING STATIONS OR OFFICES SUPPLYING INFORMATION WITHIN AREA INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION: ALL FACTUAL MATTER RELATIVE TO HISTORICAL DEVELOPMENTS, HISTORICAL FACILITIES, GEOGRAPHIC CONDITIONS, ROADS AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND MILEAGE, HOTEL ACCOMMODATIONS, BUS AND PRIVATE CONVEYANCE, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION: IS AN ACCURATE EXPLANATION OF THE SIGNIFICANCES OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS—WAYSIDE, INTERPRETIVE STATIONS, AND OVERLOOKS, MOTION PICTURES SHOWING INTERPRETIVE SUBJECTS, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CHANGING MUSEUMS, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL HAVE NO PART CHARGE THAT THESE SECTIONS OF THE FORM CROSS OUT.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THESE INCLUDE ALL INTERPRETIVE ACTIVITIES PERFORMED AND CREDITED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

((FILL IN ONLY THOSE SECTIONS THAT APPLY))

COLUMN 1: RECORD THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS GIVEN, THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2: INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLACE TOTAL EACH COLUMN FOR EACH SECTION. TRACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS FOR PUBLISHED.

COLUMN 3: RECORD THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT CERTAIN REGULAR INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY, SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE SERVICES, THIS ATTENDANCE MAY EXCEED TOTAL CONSIDERABLY THE NUMBER OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: ((FOR HISTORICAL AREAS)) INDICATE BY NAME OR NUMBER THE HANDBOOK SHOULD HAVE ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PRODUCING INTERPRETIVE SERVICES. ATTACH ORIGINAL TO AREA REPORT. NO AREAS EMPLOYING NATURALIST TYPES NEED TO BE ATTACHED TO THEIR MONTHLY NARRATIVE REPORTS. NO OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR PROGRAMMING THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, SEC. 35, CHAPTER 5 ((REPORT DUE)) AND 9 ((REPORT DUE)).

REVISED MAY 1948.

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CORRECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS CONTAINING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME
TITLE Samuel A. King Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical Aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accomodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1: Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2: Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3: Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the Area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Data due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8x3) and 9 (Report 9x1).

NAME
TITLE Superintendent

[illegible] OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS IN A UNIFORM BASIS FOR ALL PARKS AREAS.

DEFINITION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE RANGERS, NATURALISTS, HISTORIANS, AND ARCHEOLOGISTS. AREA-
"ADMINISTRATIVE" AND SUPERINTENDENTS, CHIEF, CHIEF RANGER, ETC., SHOULD BE TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED ON TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATURAL PARK SERVICE EMPLOYEE
OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF TRAVEL, BOOK, PAMPHLET, AND THE LIKE.

CONDUCTED TOURS: NUMBER OF ORGANIZED TOURS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL PUBLIC ACTIVITIES.
SUCH EXCURSIONS TO NATURAL AND HISTORICAL OBJECTS SHOULD BE REPORTED ON LINE 14. DO NOT INCLUDE SCHOOL
TRIPS. LIST THE TYPE OF CONDUCTED TRIP (BOAT, BUS, OR OTHER ORGANIZED ACTIVITY).

TALKS: REGULARLY SCHEDULED TALKS GIVEN BY PARK SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE
SPEAKERS UNDER SERVICE SPONSORSHIP. DO NOT INCLUDE ANY TALKS THAT ARE PART OF A CONDUCTED TRIP OR OTHER
INTERPRETIVE SERVICES.

ATTENDED INTERPRETIVE CONTACTS: ACTUAL COUNT OF PERSONS WHO (1) VISITED (LOBBY), CONTACT STATION, EXHIBIT
ROOMS, SCENIC OVERLOOKS, ETC., AND CONTACTED PARK OR SERVICE PERSONNEL OR ATTENDED ... INCLUDE VISITORS
WHO ATTENDED INTERPRETIVE ... INFORMATION: MATTER THAT INTERPRETIVE SERVICE SHOULD OR IS CONSIDERED AS ATTENDED
INTERPRETIVE CONTACTS.

INFORMATION: IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, RECREATIONAL LOCATIONS,
ROADS AND TRAILS, ETC. OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES
DATA ON HOTELS AND CAMPS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTER OUTSIDE OF
THE AREA BOUNDARIES WHICH VISITORS REQUEST.

INTERPRETATION: IS THE ACCURATE EXPLANATION OF THE CHARACTERISTICS OF NATURAL, HISTORY AND HUMAN HISTORY FOUND
WITHIN THE AREA.

UNATTENDED INTERPRETIVE SERVICES: INCLUDE THOSE MEANS EMPLOYED TO INTERPRET AND ACCURATELY AND POSITIVELY ALL VISITORS
WHERE CONTACT IS NOT MADE, SUCH AS WAYSIDE EXHIBITS, AUDIO-VISUAL DEVICES, AND PUBLICATIONS. INTERPRETIVE SERVICES
INCLUDE CONTACTS, SUCH AS BOOKLETS, PAMPHLETS AND LISTS DISTRIBUTED FREELY, AND THE SALES OF SUCH SERVICE
PUBLICATIONS AT POINTS OF SALE. HISTORICAL AREAS WILL OFTEN USE MANY SIMILAR TYPES SECTION OF THIS FORM MUST
BE USED.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED
BY PARK OR PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(Fill in Only Those Blocks That Apply)

COLUMN 1: RECORD THE NUMBER OF TALKS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF
INTERPRETIVE CONTACTS AND SERVICES MADE TO THE PUBLIC. THE NUMBER OF DAYS THE CONTACTS AND SERVICES ARE
AVAILABLE MUST BE INDICATED UNDER "REMARKS".

COLUMN 2: INDICATE THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TOUR, TALK, CONTACT, OR SERVICE. PLACE
TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3: DURING THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, AND THE AVERAGE TIME SPENT BY VISITORS IN
EACH CLASS INTERPRETIVE SERVICE. SOME ESTIMATE OF VISITOR HOURS MUST BE MADE WITH REASONABLE ACCURACY AT
REASONABLE INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD
NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, SCENIC, ETC.; DATE;
ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE DURING THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE
SERVICES OFFERED. SINCE EACH VISITOR MAY HAVE SEVERAL DIFFERENT INTERPRETIVE SERVICES, THIS ATTENDANCE MAY
BECOME A TOTAL GREATER THAN THE NUMBER OF VISITORS WHO ENTERED THE AREA DURING THE SAME PERIOD. FOR
COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE GIVEN.

GOVERNMENT PUBLICATIONS: (FOR INFORMATION ONLY) INDICATE BY NAME AND NUMBER THE GOVERNMENT PUBLICATIONS USED.

TIME REPORT DUE: FORMS ARE FOR NATIONAL PARK SERVICE AREAS PERFORMING INTERPRETIVE SERVICES. REPORTS SHOULD
BE MADE MONTHLY. THE AREAS COMPLETING MATERIALS FOR THIS REPORT TO BE ATTACHED TO THEIR MONTHLY NARRATIVE
REPORTS. THE REGIONAL DIRECTOR SHOULD BE FURNISHED AS A SEPARATE REPORT WITH COPIES FOR CHIEF, DIVISION OF
PARKS INTERPRETATION, REGIONAL DIRECTOR AND DIRECTOR. SUMMARIES THROUGH ADMINISTRATIVE CHANNELS. DATA FOR
EACH MONTH IN ACCORDANCE WITH INTERPRETIVE MANUAL, PART II, CHAPTER 4 (REPORT 3442) AND 5 (REPORT 3443).

REVISED MAY 1946.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 8m3).

Office

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2. INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Arches National Monument
Moab, Utah

November 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of November, 1951, Arches National Monument

WEATHER: The entire month has been cold and cloudy with very little precipitation until November 24, when we received a 12 hour drizzle which was capped by three inches of snow at the 5000 foot elevation in the monument.

TRAVEL: A total of 167 cars carrying 532 people entered the area this month. Sixteen states and 2 foreign countries were represented and an increase of 34% over the same period last year is noted.

INTERPRETIVE SERVICE: Of the 532 visitors who entered the area only 111 were contacted on the two weekly trips. The Wayside Exhibit is certainly serving it's purpose and many compliments are noted on the register. An estimate of 230 people used the Cove Nature Trail. Maintenanceman Winbourn gave two illustrated talks using Ranger Worthington's set of pictures.

PUBLICITY: The Salt Lake Tribune, Grand Junction Sentinel and The Times Independent carried articles with many pictures about the construction of our new entrance road next year. We are very glad to read about this good news, but sofar we have heard nothing official about it.

NPS VISITORS: Harry Linder, Mesa Verde National Park November 3
Ruth Ferril, " " " " " "
Bob Upton, ? November 15
Mr. & Mrs Art Gilmore, Region Three Office November 24

SIGNS: With perfect sign weather we have started construction of a new Headquarters Entrance sign. This is our rush job at the moment, for we are using a borrowed router and have promised to return it to Colorado National Monument on December 1.

GENERAL: Material has been purchased for the repair of the roof on our Ranger Cabin and a 2 X 4 nailing strip has been fastened around the edge of the roof, but foul weather has held up the hot tar job. The new power line was permanently wired to the switchboard in the generator house and an estimate has been obtained on the shop and office rewiring job. Two new tires were received and mounted on the AC Loader. All equipment was winterized and outside water hydrants were cut off.

Bates E. Wilson
Bates E. Wilson
Superintendent

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

26 Nov 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Report 1ml, Superintendent's Monthly Narrative

WEATHER: Quite generally rugged for this time of the year with all the weather man could throw at us, hail, sleet snow and rain.

RUINS STABILIZATION: The crew under the direction of Archeologist Richert closed operations for the year Nov 17. The south wall of the main ruin has been stabilized and a great deal was completed in the east wing of the ruin. We hope they may return next year to finish the job.

Interpretive SERVICES: There were 900 visitors in 182 parties shown thru the museum, of these 632 took the guided trip in 115 parties thru the ruins.

INCREASE IN TRAVEL: There was an 11% increase over November 1950, which itself was 14% over Nov 1949. We enjoyed some 900 visitors in 287 cars from 32 states, Alaska, England, France, Persia and Puerto Rico.

INSPECTIONS: General Superintendent, John Davis, visited the area November 13.

VISITORS: Mr. W. O. Rucker, wife and daughter visited Nov 5. Mr. Rucker in the newly appointed Boy Scout Executive for northwestern new Mexico and northeastern Arizizona, with headquarters at Gallup, New Mexico.

Mr. Harold Vokoun, Dept. Indian Affairs Washington, D.C. was in Nov 18.

Mr. M. Saunders and family, USFS, Durango, Colo were in 18th.
Dr. T N Louis, Dept Anthropology, Univ Tenn visited 24th.

Irving D. Townsend
Superintendent

AZTEC

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

DEC 1951
RECEIVED
National Park Service
Region Three

November 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for November, 1951

Weather

The weather during November has been generally clear and colder than average. The high was 67 degrees on the 4th and the low was 8 degrees on the 10th. A total of .58 inches of moisture was received on two days with .40 being in the form of rain, snow, sleet, and hail on the 24th.

Special Activities

The big game hunting season from November 10 to 21 interfered considerably with the normal activities and projects and it was not possible to accomplish as much as is usually expected. All employees took some leave and also assisted with protection patrols during the hunting season.

New Construction

Fifteen cement picnic tables have been installed and are now ready for use with the exception of applying the waterproofing compound. The use of granular volcanic ash instead of gravel aggregate seems to be working out very satisfactorily. It is estimated that the weight of the table tops is reduced by about 150 pounds by using this material.

The cold weather has slowed up the work on the enlargement of the parking lot and also a breakdown with the grader has caused further delay. Arrangements were made with the State

Highway Department for the loan of a front end loader, and it is hoped to get the bulk of the dirt removed before any more snow is received.

Roads and Trails

Engineers George Smith and Charlie Blake made an inspection of the roads and ruins trails on November 13, and discussed the 1953 estimates.

Concessions

Several meetings were held with Mrs. Frey to discuss the management of the dining room for next season. Messrs. Gilgis and Baker who have managed it the past two years will not return next season so that it will be necessary to find a new manager. A chef, who has had many years of experience, is interested in coming to Frijoles Canyon Lodge, and it has been decided to request approval of a subconcession agreement covering the dining room operation.

A new 100 gallon electric water heater has been ordered for the lodge kitchen to replace the two smaller gas units.

Interpretive Service

There were 708 visitors conducted on 89 tours of the ruins this month as compared with 96 tours and 932 persons for the same period last year.

Travel

Travel continued for the second month to take a decided slump under last year. There were 1526 visitors this month compared with 2007 last November. It is assumed that the snow and cold weather through the middle west has been partly responsible for the decrease.

Visitors

Visitors to the area included the following persons:

Ranger and Mrs. Joe Kulesza and Guide and Mrs. Cecil Cutliff, Mammoth Cave National Park, October 30.

Mr. Davis accompanied former Director Horace Albright, Mr. and Mrs. Palmer, Mr. and Mrs. Kramer, Mr. and Mrs. Spears, and Mrs. Shanklin for a visit to the area on November 18. It was Mr. Albright's first visit for a good many years.

Mr. and Mrs. Ludovic Kennedy, England, with Witter Bynner and Mirandi Masocco, Santa Fe, were visitors on November 22. Mrs. Kennedy is the world famous dancer, Moira Shearer, who played the lead in "The Red Shoes".

District Ranger Fred McLaren, Rocky Mountain National Park and Forester Ratcliff, Region Three Office, spent an afternoon at Frijoles Canyon on November 26.

Wildlife

It was necessary for all of the employees to assist with patrols to prevent hunting in the Monument during the big game season. Two Indians were found just inside the boundary of the Otowi section and some evidence was found that a deer may have been killed in the south end of the Monument. Other than these no other violations were noted.

Miscellaneous

General Operator Edd Wendland married Mrs. Brownie Bilyeu on November 16.

Supervisory Ranger S. J. Keefe has been appointed Commanding Officer of the Naval Reserves Electronics unit at Los Alamos, New Mexico.

Fred W. Binnewies
Fred W. Binnewies
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Capulin Mountain ..... NATIONAL MONUMENT

..... Capulin, New Mexico .....

November 25, ... 19 51

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Homer J. Farr, Acting Superintendent
Subject: Monthly Narrative Report

Visitors: One thousand fifty visitors to the Monument during November, making the total visitors for the travel year two thousand eight hundred and fifty, and nineteen thousand three hundred and fifty for the fiscal year to date.

Weather: There has been about five inches of snowfall during the month, with generally nice weather. Only about four cloudy days, but nights have been exceptionally cool.

Flora and Fauna: More deer than usual have been noted in the Monument Area, due to hunters in the surrounding territory. They instinctively go to the area for protection. Vegetation is in good condition.

Roads and Trails: Nothing has been done on the trails this month. Roads have been graded at two different times, and rocks cleared off. The road has been kept in good condition the entire month.

Special Visitors: There have been no special visitors to the Monument this month to my knowledge.

Information Pamphlets: About two hundred pamphlets have been distributed to visitors and one hundred were sent to the Regional Office. Now have about six hundred fifty on hand.

Very truly yours,

Homer J. Farr
Superintendent

CANYON DE CHELLY NATIONAL MONUMENT
CHINLE, ARIZONA

November 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for November, 1951

Visitor Travel: The second month in the current travel year continues to show a substantial increase over the previous November high. In fact an increase of 65%. 238 people in 71 cars this month. This travel year is running 22% over last year. It is surprising to note that in spite of subfreezing nights 108 of the 238 visitors were overnight campers. Guide and contact services totaled 48 hours.

Weather: Very much colder with nights hovering around the 14-15 degree marks. High-low temperatures ranged from 69 to 14. This fall has been much wetter than 1950. .85 of an inch of rain on October and so far in November we have had .7& of an inch of precipitation. No moisture fell during the corresponding months of last year.

N.P.S. Visitors: John Davis on November 11, and Sally Brewer on the 18th. Visits made by folks from the Regional Office are always deeply appreciated. Please come more often.

Noteworthy Visitors: Congressman and Mrs. S. J. Crumpacker, Jr. from Indiana on November 20.

Special Group: 61 students from the Verde Valley School, Sedona, Arizona on November 1-2. All camped out overnight and were given special campfire lectures at the headquarters campground area. Also, the entire group received a full day conducted tour into the canyon.

Archeology: David DeHarport, who arrived on July 1, terminated his summer work on the ruins and site survey of the canyons on November 6. He proposes to return again next summer.

Projects: Good progress is being made on the exterior plastering and reroofing of the Sup'ts. residence. The reroofing job has been completed and we are making every effort to finish the exterior work before severe freezing weather starts. The exterior job calls for more work than we had anticipated. First several thousand square feet of old plaster must be removed then a secure covering of 1 inch mesh wire followed by three separate coatings of cement and lime plaster with a final spread of cement paint.

CANYON DE CHELLY NATIONAL MONUMENT
CHINLE, ARIZONA

Continued from page 1.

Roads: Most of the approach roads leading to the monument are in good shape. The Saw Mill road, however, is impassable at this time of the year. Improvements are still being made on the 14 mile section north from Ganado and there is considerable talk of hard surfacing the road from Ganado to Window Rock. The monument roads are in good condition.

Administration: Two trips were made to Gallup to secure supplies for the resident rehabilitation project, also, work continued throughout the month, as time permitted, preparing individual building reports for Concession-owned facilities. This will be quite a report since there are many buildings of all shapes, sizes, and ages.

Maintenance and Improvements: The old inefficient fireplace was removed from the headquarters office and a new 42,000 BTU capacity circulating oil heater installed and connected with one of the oil feeder lines. This provides efficient heating and will eliminate the necessity of hauling tons of winter fire wood. Also, a new 48" fluorescent light was placed in the office for better lighting. All of which means a much neater and cleaner office in which to work.

Everett W. Bright

Everett W. Bright
Superintendent

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

CASA GRANDE NATIONAL MONUMENT

COOLIDGE, ARIZONA

November 25, 1951

Memorandum

To: General Superintendent, SCRE

From: Superintendent, Casa Grande

Subject: Monthly Narrative Report for November, 1951.

General: In Southern Arizona in the fall there is only one crop, one topic of conversation, one industry, and almost one God—COTTON. You can not live here and not be a part of it. The moment's visitors are sometimes farm workers (cotton choppers to the local people) or sometimes out-of-state people who want to talk cotton. There are times when even the knowledge of the "cotton future quotations" are worth hearing. But this has been a hard year for the cotton ranchers; first the water shortage, then a shortage of pickers—mechanical or human—, now a shortage of gins, and worst of all, the rain which at the present time is staining the cotton and lowering the grade. The crop is big enough to worry all the present facilities.

Normally during November we have the annual travelcade of the Phoenix Zoos, however, this year their visit will be too late to be included in this report. The publicity is "out" and we had a small three-column print of the Casa Grande in the Arizona Republic.

Weather: To improve upon the scientific forecast of rain we have tacked an old rain stick to the back of our gatepost. The forecast is rain the stick hangs as limp as a wilted tomato during one of our summer hot spells; if the forecast is no rain, the stick is as tangled as a fisherman's line. This month the rain stick had a good chance to show its stuff; there were three slow drizzle rains. In all there was 1.41 inches of rain. It was wonderful for everyone except the cotton ranchers. Also the weather was mild— one beautiful day after another.

High Maximum	88°
Low Maximum	69°
High Minimum	57°
Low Minimum	35°
Total Precipitation	1.41 inch

Travel: One of the big figures in our annual travel is the Phoenix Dons' Travelcade, and we thought that we would certainly show a decrease in this month's travel figures without it. However, our figures show an increase over the same month last year. This is also the first month where we have the comparative figures for the serviceman visitors. Considering our close location to four active airfields, we do not have very many members of the armed forces. who visit our area.

	1951	1950
Visitors during November	4,339	3,131
Increase	1,208	
Visitors for Travel Year	7,364	5,236
Increase	2,128	
Servicemen	52	6

Interpretive Service: Of our total of 7,364 visitors, 2,407 persons made the tour through the ruins in 202 groups, spending on an average 57.0 minutes for the tour. 1,352 persons stayed only long enough to see the museum; this represents about 70% of the people who merely stopped for a brief orientation. During the summer we had more visitors stopping for the museum than taking the ruins tour; now with the cooler weather, the situation has been reversed with more going to the ruins than staying just for the museum.

Visitors of Note and Special Groups:

November 3 — Eleven 12th graders from the Union High School, Parker, Arizona.

November 10 — 48 students and 6 instructors from the Santa Rosa Boarding School, Papago Reservation, Sells, Arizona.

November 12 — Hal Johnson, Tour Chairman For Dons' Travelcade; Sid Monk, Dons' Tour Leader; Wells Moore, Secretary of the Coolidge Chamber of Commerce; all here to arrange with the Superintendent for the Phoenix Dons' Travelcade on November 25, 1951.

November 15 — Archeologist Odd S. Halseth and Mrs. Halseth from Phoenix.

November 18 — Ranger and Mrs. R. L. Nelson, and family, Sequoia National Park, California.

Administration and Protection: The Adamsville site was given its inspection and new evidence of "pot robbing" was not found.

During the month we received ten requests for information which were promptly answered.

Maintenance: During the month Maintenanceman Mack installed the stoves. The last two rains showed that there were several leaking roofs which were repaired. Mr. Mack made some new warning signs for our power sub-station. The recirculating pumps from the coolers were cleaned in preparation for next Summer's use.

Library: We have received two excellent additions to our library from the Southwestern Monuments Association. These books were as follows:

Arizona Flora, Thomas H. Kearney, Robert H. Peebles, and collaborators.

Rudo Ensayo, an anonymous padre.

Research: Shades of 1694!!! In an exchange of letters, an 82 year old informant passed along to Archeologist Jameson a remarkable observation about the names on the walls of the Casa Grande. The husband of the informant had written on the walls in 1886 and her father had been an early American in Arizona. When asked about her father's name, since he might have visited the ruins, the lady answered as follows: My father was killed (by the Apaches) before that place was discovered. So of course his name wouldn't be on that ruin.

A. T. Bicknell

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

Memorandum

October 26,1951

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the Month of November, 1951

Weather Conditions

Weather was back to normal for the month with a Maximum temperature of 63 degrees and a minimum of 11 degrees. Moisture was registered in five gentle rainstorms and one light snowfall for a total of 1.07 inches during the month.

Administration

Ranger Elmore has been on Annual and Military leave throu-out the entire month and with many other duties we've gotten a little behind on some phases. The annual inventory was started and all matters pertaining to the Construction projects are current.

New Construction

The New residences are now well under way with the cinder block walls going up. So far there has been no need for the use of the University buildings for other than storage.

The Pipe line project was almost completed with the exception of installing the 10,000 Gallon tank when it arrives. Forms were removed from the well and all permanent installations there completed. A bulldozer was hired to cover the pipe line as there was danger of freezing. All exposed pipe was insulated against freezing. The Bulldozer was also used to grade the back of the residential sites for drainage and back yard. The new site for the Tank was graded and leveled and cables installed from the top of the cliff so that we can move the tank into place when it is received.

Soil and Moisture

The Bull dozer brought out by the contractor was rented for $ 9.50 per hour and eight hours were used in repairing the earth dam at the South Gap which was badly damaged by the August flood.

Soil and Moisture (Cont'd.)

One rock and wire silt dam was constructed below the bridge and future work was layed out for the balance of the program All stock was removed from the Monument and Fences were repaired.

Visitors N.P.S.

Mr. Charles H. Blake of the Washington Office...November 9
Thomas M. Moran of the Regional Office.....November 9
General Superintendent John M. Davis.....November 12

Travel

Travel shows a decrease over last year but this is undoubtedly due to the road and weather conditions. There were 52 persons in 18 cars.

Interpretive Services.

As travel was slow and the many other duties were pressing we did not offer as good interpretive service as desired. A total of four Conducted tours and seven short talks were given to 28 persons in which atotal of ten hours was spent.

Meredith M. Guillet
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

November 25, 1951.

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

Weather. The 1951 drouth has improved somewhat during this report period. Five rains, including one light snow, fell during the month for a total of 2.54 inches. Most of these fell on week ends and holidays which undoubtedly slowed our travel some. However, we were glad to see moisture even if it arrived a little late.

General Publicity. An article on Chiricahua was published in the "Saguaroland Bulletin", official publication of the Desert Botanical Garden of Arizona. Pictures of the recent training groups on desert vegetation were published in the same issue.

Maintenance. Mr. Julian H. Coon of the Region Three office and Archaeologist Wenger of Tonto borrowed Chiricahua's dump truck for use at Tonto for three weeks. It is planned for Operator Marble to work principally on trails during the absence of the road truck.

Approaches to Monument. The Rodeo-Portal road over the mountain has been quite poor since the recent rains, and visitors are being advised to avoid it. This road, of course, is poor at its best. All other approach roads are in good condition.

Interpretive Service. Three 30 minute conducted walks were made from Massai Point with twelve visitors. Ten visitors made use of the self guided Nature Trail. 913 visitors were contacted at the museum for an average of 15 minutes each.

Superintendent's Monthly Narrative Report
Continued

Research and Observation. Considerable wildlife research was carried on by Ranger Welles during this month, and a special report was made on deer in addition to the regular wildlife report. Our javelina seem to be increasing as 14 were observed in one bunch by Mr. Welles. This is the largest number seen to date on the monument. Mountain lion signs were observed on four different occasions. Visitors have reported seeing lions on the monument on two occasions. Knowing how seldom they are seen, we keep our fingers crossed in regard to these reports.

Travel. Although on three different weekends, including Armistice Day weekend, we had cold, wet weather at Chiricahua, 1070 people visited the monument this month, an increase of more than 10% over the 966 visitors of November 1950.

Police Protection. An attempt was made to maintain a good patrol of the monument during hunting season. A number of hunters was warned off the monument but no deer are known to have been killed on the area.

Claire V. Cooke
Claire V. Cooke,
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

El Morro National Monument
El Morro, New Mexico
November 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

This month, because of inclement weather conditions which we did not have last year this time, we had only 167 visitors. Of these visitors, 128 took a tour around the Rock in 41 parties. 17 hardy souls went over the top of the Rock in 5 parties; and 30 persons in 12 parties received only an orientation talk.

Because of the wet weather, the approach roads have been in bad shape a good part of the month which deterred the visitors. The Monument roads have been in good shape throughout the month.

The warmest this month was 62 degrees and the coolest was 9 degrees Fahrenheit. There was a total of .62 of an inch of moisture here at the Monument, but more fell on the approach roads.

The superintendent attended a road meeting and banquet in Gallup. At the meeting were, among others, State Highway Engineer Dwyre and other representativesof the State Highway Department as well as representative of the Indian Service. One of the primary purposes of the meeting was an effort to get rolling the project of paving the Zuni Reservation roads. This will be of great benefit to the Monument.

A good many of our signs are in various stages of being painted. The wet weather, again, deterring us from completing some along the highway. Also, we painted the weather station.

The office and residence floors were refinished and the concrete floor in the rest room was treated. The roof of the ranger cabin was repaired and the cabin drained for the winter. The superstructure of the chlorinating tanks gave way, so it was entirely removed. It has not been replaced as yet. A new set of steps had to be cut into the garbage pit to prevent us from tobogganing into it every time we hauled garbage or ashes.

One of the light plants quit operating and I hadn't had time to repair it. Then, one of the coldest nights of the season, so far, I went out to start the other one and found that the carburator, lines, pump, sediment bulb and gas tank all had water in them. I worked on the plant late - until the water began to freeze and I could do no more good. Then, turned to the other one and tinkered with it until I got it going. Next day, by noon, the other one was running. When the technician came by to check the plants, they were both in good working order.

Because of our shortage of water, we nearly always check the rest room after each party of visitors to see that they didn't leave the water running. Slipped up this month and lost two tanks of water.

National Park Service visitors were Luis Castellum and Hugh Miller.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

November 25, 1951

Memorandum

To: General Superintendent,

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for November 1951

Weather. November has been a cold month with temperatures dropping near or below freezing every night. A minimum of 8 degrees was recorded for November 2; maximum reached was 65 degrees on November 9. One slow penetrating rain, received on the 11th with .50 of an inch of moisture recorded, somewhat alleviated the dryness which has prevailed most of the year.

Protection. The monument boundaries were patrolled daily during hunting season. Two cars of hunters passing through the monument were stopped, checked for game, and advised of the location of the refuge.

Special Activities. In cooperation with the State Game and Fish Department, the Superintendent, as a Deputy Warden, spent one day checking deer hunters in the vicinity. Four hunters were checked out in Gran Quivira, all legitimate kills.

While on annual leave in Tucson the Superintendent visited the University of Arizona to view the Gila Pueblo Archaeological Collection.

Maintenance. Forty cloth boundary signs were mounted on wooden brackets and installed on monument boundaries prior to the opening of hunting season.

Minor repairs were made to two miles of fence on the South boundary. Some new wire was installed, several posts relocated and replaced, and general stabilization performed.

Picnic tables were given a coat of paint and a new disposal barrel painted and lettered.

The exterior of the office building was repainted and minor repairs made to the roof.

Winter rest rooms were renovated, both monument vehicles winterized, water hauled for the residence cisterns, road and trails raked and dragged, and other various and sundry jobs performed.

Inspections. Thomas Moran, Region Three, and George Blake, Washington office, on the 14th, to inspect monument road and trails.

Personnel. Extension of employment papers for Doyle B. Chaney, Laborer, were submitted and approved.

The superintendent took 5 days annual leave over the holidays.

Travel. A considerable decrease in travel was noted this month as 174 persons in 60 cars visited, in contrast to 233 persons of a year ago. Inclement weather on two week-ends undoubtedly discouraged many travelers from attempting the approach roads.

Interpretive Services. Two talks were given to five people in the museum who were unable to take the guide trip. Of the 174 visitors to the monument 126 were guided through the ruins in 33 parties for an average of 44 minutes per party. Forty three persons in 27 parties used the self guide pamphlet through the missions.

Ray B. Ringenbach
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

November 25, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Narrative Report for November, 1951

Weather Conditions

Nasty cold weather for the greater part of November hampered both the work activities and travel to the monument. 0.93 inches of moisture fell during the report period in the form of light snows on 10 different days. High wind and freezing temperatures accompanied the snow.

The minimum temperature recorded was 5 degrees below zero on November 16 and the maximum was 52 degrees on November 9. On four different days the maximum temperature did not rise above 32 degrees and the ground is frozen deeper now than it was in January of last winter.

Maintenance and Rehabilitation

All of our efforts this month were turned toward maintenance and rehabilitation. The cold weather hampered us considerably, though, so Mr. Taylor was terminated on November 20.

Miscellaneous jobs we were able to complete included placement of the perforated pipe in Morris Gulch Spring; reconstruction of the lids for the two water storage tanks and the settling tank including covering them with galvanized tin; cleaning the settling tank at Morris Gulch Spring; construction and installation of a new urinal in the men's comfort station at the campground; construction of a wood-box for the back porch of the residence; construction of a neat pole fence around Mosca Spring; partial installation of the new gasoline pump on the bulk storage tank (pouring the concrete base will have to wait until next spring); installation of the asphalt cove base in one bedroom and the dining room of the superintendent's residence; and installation of the storm windows on the superintendent's residence. The comfort stations at the checking station were drained and closed for the winter.

NOV 4 1951
RECEIVED
National Park Service
Region Three
Office

Six loads of gravel were hauled to the Mosca Creek Campground Parking Area to patch the holes which developed last fall.

Approach Road

The condition of the approach road is slightly better due to the moisture received. The county bladed the road twice during the month.

The Moffat-Hooper-Mosca Service League is attempting to revive the Mosca Pass Road project and requested the addresses of several National Park Service officials in connection with this. I talked with officers of the Service League and they are convinced that their first efforts should be toward securing pavement of the already existing road before trying to get new construction.

Research and Observations

An interesting observation of deer feeding habits was made on the Little Medano where they are now coming out on to the sand in late evening and early morning to get the seeds of the Indian Rice-grass (Oryzopsis hymenoides).

Three sight records of porcupines were made during the month. No observations of extensive damage to pinon trees by porcupines have been made yet this fall, though.

Decrease in Travel

Bad weather conditions restricted travel to 398 people compared to 632 for November of last year. We frankly hope in this connection that we have such a nasty winter that travel almost ceases. The loss in travel would easily be made up next spring if the San Luis Valley should have an abundance of snow.

Visitors

Geophysicist H. Winkle of the New Mexico School of Mines visited here on October 28 with his laboratory truck. He wanted to use the Disappearing River (Medano) to check equipment which he had been using in testing springs in Northern New Mexico. We were unable to get the truck upstream far enough to use the equipment, however.

Technician Richard Pillmore of the Colorado State Game and Fish Department made one trip to the monument. Congressman Crumpbacker of Indiana and his wife were here on November 18 and camped overnight. They were in too great a hurry to make a proposed patrol trip with me to the Medano area.

Sr. Enrique Sagárnaga, Director of Education of Bolivia, La

Paz, Bolivia, who spent a week here at Adams State inspecting their extension class program, spent Armistice Day with us.

Ranger Service

One day was spent driving eleven of George White's cattle back to his place and repairing about a quarter mile of fence. A ponderosa pine had fallen across the fence to cause the trouble.

The hunting season ended without further incident. The kill in this part of the state was lower than usual although the total figures for the state showed an increase.

Personnel

Mr. Ralph H. Taylor of Blanca, Colorado was employed on October 29 to help on road and rehabilitation work. The ground froze up so badly that his work was discontinued on November 20 although he will not be terminated until next spring.

(SIGNED)

Glen T. Bean
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

November 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly Narrative Report, November 1951

Weather: For the most part, it has been good. However, the first real storm of the season arrived on the 23 rd. and last until yesterday, the 24th. During this period, .9 inches of rain fell at the Castle and snow may now be seen covering the surrounding mountains.

Travel: It remain. teady, and 1,851 people in 651 cars were counted at the Castle. An additional 760 people in 256 cars were counted at the Well, thus making a total of 2,611 visitors in 907 cars to the area.

Interpretation: Because of the time consuming construction and maintenance jobs now under way, interpretation did not follow a set pattern this month. Nevertheless, an effort was made to contact all visitors to the area in either the museum or at the base of the Castle, and it is felt that we were ninety per cent successful. During Sundays and Holidays, a ranger was stationed at the model of the Castle and all visitors contacted.

About 1800 people enjoyed the Castle museum and approximately 1600 hiked the Sycamore Trail. Because of relief duty at the Castle, the Well museum was opened only 20 hours during the month and was visited by 41 people. All visitors to the Well of course walked the Loop Trail.

Inspections: Mr. John Davis spent November 9 going over the area and discussing monument problems with the superintendent.

Carl Alleman and Bob Plattenberg of the Regional Staff stopped by on November 10 for the purpose of inspecting the construction work now in progress.

Visitors: On November 10, Miss Kathrine Bartlett and Mrs. Colton of the Museum of Northern Arizona visited the area.

On November 16, Archeologist Wenger and family from Tonto paid us a visit.

On November 21, Ranger Dean Dasey and a group of friends from Grand Canyon stopped by.

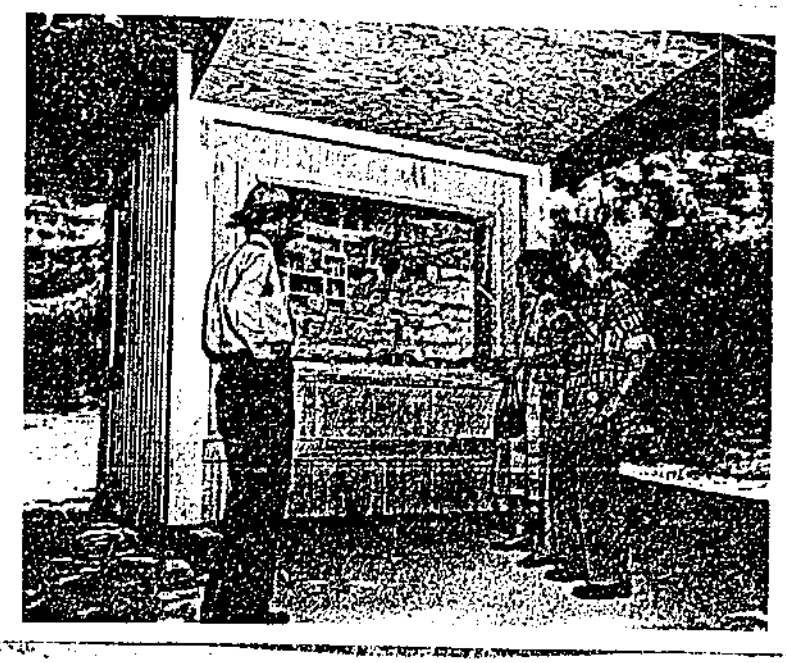
Maintenance & Construction: The location for the new seating arrangement and model was leveled and graveled during the month. Benches are now being made in shop at Cottonwood and should be delivered this week at which time they will be installed. Cinder block to be used in placing the benches is already on site as a result of a trip to Flagstaff on November 19. A 3/4" water line was extended 120 feet from a point near the present benches to the new location and will be connected to a drinking fountain made from native river boulders. If weather permits, we should complete this 1961 P. Y. job within the next thirty days.

New trails connecting the seating arrangement with the old entrance trail and with the Sycamore trail were completed, with the exception of bitumuls, during the month. The trails are covered with four inches of gravel, but bitumuls will not be applied until next spring thus giving the trails time to compact.

The trail crew moved last week to the Well where work was started to complete the Loop Trail. First on the schedule is bitumuls work to be followed by landscaping. Thirty yards of fill material was purchased and has been delivered for the landscape work.

The hypo-chlorinator which was purchased for the domestic water supply at the Castle arrived this month. It has been installed in the basement near the pressure tank. To offset pooper installation, it was necessary to alterations to both the plumbing and electrical systems. While at it, we removed the temporary electrical line running from the switch to the pump and replaced it with a neater and permanent installation. The chlorinator will not be placed in service until a crock for mixing chlorine solution is received. In this connection, it is noted that samples collected this month from the water supply proved negative.

After three years of talking about it, we finally started converting the basement storage room into a carpenter shop. Artifacts previously stored here have been moved upstairs and placed on shelves constructed for that purpose. A sturdy workbench has been built along one side of the room and a shadow board for hand tools installed. All carpenter tools now mixed in with machine tools at the garage will be moved to the basement. In addition to facilitating both mechanical and carpenter work, this arrangement will make it easier to keep account of all tools.



The Sycamore Trail was widened to an even four feet and all but one section given a coat of bitumuls. Since this trail is now used by almost all visitors, it is given full attention along with other major trails.

Personnel: Park Ranger Pierson took annual leave November 1 and left for Illinois where he has spent the balance of the month visiting relatives. While in Chicago, he attended a meeting of the American Anthropological Association. He and family will return November 27.

Wildlife Observation: Four deer were observed on November 6 in the front yard of the residence at the Well. Also, throughout the month numerous ducks have been using the Well as a resting place on their journey to warmer climates.

A full grown grey fox was seen at the Castle, and a lone coyote observed just outside the boundary.

JOHN O. COOK
John O. Cook
Superintendent

Model of Montezuma Castle

Navajo National Monument
Tonalea, Arizona

November 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report for November, 1951

Travel: There were 21 visitors this month - the lowest November count in four years.

Weather: Two snow storms have accounted for slightly less than 1½ inches of moisture. There is nearly a foot of snow on the ground at this time. Freezing weather has been encountered all month with a low of 11 degrees and a high of 63 degrees.

Roads: Several loads of wood chips, slack coal and other waste material suitable for road fill has been placed on the sandy sections of the Monument road. The approach roads were graded this month but high winds soon blew the loose fill away and the roads are again quite corrugated.

Visitors: Congressman Crumpacker and wife from South Bend Indiana, were visitors to the area on Thanksgiving Day.
Naturalist Robert Upton and wife were here for a few days. Upton has recently been transferred and promoted from Yellowstone to the new position of Naturalist for the Black Hills areas.

Inspections: General Superintendent Davis inspected the new utility shed and the bulk propane gas installation, November 6.

Rehabilitation and Maintenance: The utility shed roof has been completed and all that remains to be done to the structure can wait until warmer weather. A large part of the cement plaster on that portion of the old shed still standing, must be replaced or patched. New tool racks and shelf and cabinet storage will be constructed as time and funds permit. No new work has been done on the propane gas system.

Museum Activities: An attempt was made to spray paint our museum building but the paint gun refused to function.

A nice old (1890) buckskin rope was obtained from former Seasonal Ranger Jack Williams. This rope, of nine strand flat plait construction, will be used in the proposed Navajo ethnological exhibit. The purchase of this rope was made possible by SHNA.

Miscellaneous: On Tuesday morning, October 30, the atomic bomb explosion at Las Vegas, Nevada, was plainly heard at Navajo. Dishes and windows in the superintendent's residence rattled and banged.

John A. Aubuchon
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
Ajo, Arizona

November 25, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report, Inl, November 1951

Weather

Rain came in unusual amounts for this time of year. A total of one and ten hundredths inches of precipitation was recorded for 8 scattered days of rain. It is quite possible this will attribute to a better than average flower season in the Organ Pipe desert. The high temperature recorded for this period was 85° on October 29 with the low recording falling to a chilly 37° on November 24. The average daily temperature fell in the mid 70's.

General

A trip to Phoenix was made by the Superintendent on November 5 to secure quotations on pipe and equipment for a central propane gas system installation.

Landscape Architect Alleman spent November 9 with us checking master plan developments, especially concentrating on camp ground road locations.

The annual inventory of all non and semi-expendable property was made, appropriate property survey forms prepared, and submitted.

Publicity

Considerable publicity was given by the press and radio to the speech given recently by Secretary Chapman concerning the possible change of this area to National Park status.

Maintenance & Construction

A grease rack and pit has been constructed, from materials on hand, which will make for much more efficient and simpler maintenance of our equipment.

Although this is the ideal time of year in this climate to carry on construction work we have been delayed in initiating work on the camp ground road and central gas distribution system. Upon receipt of plan approval from the Regional Office we shall plan to begin work on these projects.

Research

We welcomed Archaeologist Schroeder and Collaborator Ezell on November 16 who arrived to initiate the archaeological survey of Organ Pipe. Field trips were made to several sites through out the area the 17th to the 20th to acquaint Mr. Ezell with the general layout of the monument. He will return the 26th to begin the intensive survey.

Travel

With the coming of snow and its attendant cold to the more northern climes travel and visitor use at Organ Pipe has increased rapidly. Camp ground usage is somewhat ahead of past early seasons.

Visitors

Superintendent King and family of Saguaro visited the monument on the Armistice Holiday.

Ranger Ben Zerby, of Saguaro, was over to pick up the front end loader and see the area.

Former Seasonal Ranger John Rassmussen and family are here for a week's vacation camping on the area.

Tomas Segundo, President of the Papago Council, visited on November 17th.

William R. Supernaugh
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

November 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Narrative Report, November 1951

General

November weather was excellent in all respects. Warm days and cool nights prevailed throughout the month. Two general soaking rains were received on October 29-30 and November 10-11. Total precipitation for the month is estimated at 2.50 inches. Chiminea Creek at Madrona Ranger Station was at flood stage for several days following the latter storm and is still running at this date.

The unseasonable rain brought some of the desert wildflowers into bloom. A number of Desert Marigold and Brittle Bush blossoms were noted around headquarters.

Travel records continue to be set at Saguaro. A record Thanksgiving Day with 394 visitors was instrumental in topping last November.

Special Activities

Landscape Architect Alleman and Architect Plattenberg visited the area on November 9 in connection with the selection of a site for residence No. 19.

The Basic Survival School for Davis-Monthan Air Force Base personnel got underway during the month. Three crews have been trained thus far in the art of survival after crash.

Investigations of Boundary Changes

The Boundary Status Report for Saguaro National Monument was compiled and submitted to the Region Three Office in November.

General Publicity

An article concerning the relocation of the Basic Survival School from Davis-Monthan to Saguaro National Monument appeared in the November 14 issue of the Arizona Daily Star.

Maintenance - Roads and Trails

A front-end loader was borrowed from Organ Pipe National Monument to continue work on replacing tread materials to the "Loop Road". Some 40 tons of fill have been applied so far to a few of the rough spots. Laborer-leadman Stansberry graded a substantial portion of the entrance road at Madrona Ranger Station.

Rain caused some damage to the "Loop Road". Washed across running wash for several days near the Javelina Den. Recent grading has kept the road in good condition.

Work is progressing nicely on the Pack Trail below Grass Shack. If weather conditions remain good this work should be finished by the end of next month.

New Construction

Account 332.06, Utility Extensions - Headquarters: Contracts were let for 8,000 feet of pipe and fittings, a deep well power pumping assembly, and a 1,000 gallon pneumatic water storage tank. The storage tank has already been delivered. Pipe deliveries will be made in small lots as it becomes available. Materials were also purchased for the erection of a pump house at the well site.

Account 331.05, Residence - Headquarters: Bids were received in the regional office from several contractors. Low bid of $15,950 by Frontier Const Co. was accepted and construction should start in the near future.

Approaches to Pork Area

The Broadway and Spanish Trail Approaches were bladed once during November and at this time are in fair condition. The Spanish Trail road is better drained than the Broadway Approach which makes it a more suitable all-weather road.

Cooperating Government Agencies

Pathologist Craig Bryan of the Bureau of Plant Industry presented plans for construction of a lath house to be used in germinating Saguaro seeds. This project would be a worthwhile undertaking. Approximate costs of the building would be $200.00.

County Legislation

The Superintendent and Ranger attended a public hearing on the county wide zoning ordinance for Pima County. The land adjacent to the Monument has been zoned Suburban Ranch and General Rural. The Suburban Ranch zone allows a minimum of 144,000 square feet per dwelling unit. The Spanish Trail Approach Road has been designated as a Scenic Route and no billboards are permitted within 500 feet of such road. Passage of this measure would help to keep out undesirable structures and preserve the ecology of the area.

Much criticism was leveled at the ordinance at the hearing and it appears that a number of sections will be revised before it is enacted into law.

Interpretive Services

A total of 1,522 persons in 525 parties were afforded interpretive service at headquarters. This amounted to 112 hours for an average of 14½ minutes per party.

The Superintendent gave an illustrated lecture on Saguaro National Monument to 30 members of the Speedway Methodist Church Troop of the Boy Scouts of America.

Observations

Oct. 26 - 50 Bandtail Pigeons in the Rincon Mountains.
" 31 - Two Mule Deer, one buck and one doe.
Six Javelinas.
One Badger.
Nov. 4 - Seven Mule Deer.

Travel

A total of 3,356 persons visited Saguaro National Monument during November. This is an increase of 1,209 visitors over last month and an increase of 228 visitors over the corresponding month one year ago.

Visitors

Nov. 3 - Mr. and Mrs. Gerald J. Crowley, Yosemite Park and Curry Co., Los Angeles, California.
Nov. 7 - Mr. Craig Bryan, Bureau of Plant Industry, U.S.D.A.
" 9 - Landscape Architect Carl Alleman, Santa Fe, New Mexico.
Architect Robert Plettenberg, Santa Fe, New Mexico.
" 22 - Majid M. Al- Ansary, Bahgdad, Iraq.
Sylvain Serkis, Baghdad, Iraq.
Mahdi Majid Al-Shukvi, Bahgdad, Iraq.

Ranger Service

Boundary Patrols were maintained through the deer hunting season.

A warning notice of the Monument boundaries printed in the Arizona Daily Star apparently discouraged many hunters because none were contacted during patrols.

Personnel

Ranger Benson returned from annual leave on November 17.

Superintendent King was on annual leave over the Thanksgiving weekend.

Jeffrey V. Schweikert entered on duty as Trail Laborer on November 6 and was terminated on November 13.

Local Items

All employees contributed to the Tucson Community Chest Campaign.

Samuel A. King
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

November 27, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, Tonto, November 1951

Weather: Three slow soaking rains during the month brought nearly 2 inches of moisture to Tonto. During the latter part of the month snow fell on the mountains directly north of the monument and reminded us that winter does occur. The rain caused some delay in our road project.

Travel: November travel was 1240, an increase of 272 over last year for the same month. Travel continued good despite some inconvenience caused by the road project.

Visitors: Visitors from France, Spain, Switzerland, Nova Scotia, Canada, Alaska and the Philippines represented our foreign groups to Tonto during the month.

Landscape Architect Carl Alleman on November 10th.

Architect Bob Plattenburg on November 10th.

Ranger Harmon Maxson from Tuzigoot National Monument on November 16.

Personnel: Mr. Eugene Cook entered on duty as laborer on November 2.

Mr. Maryam K.I. Campbell and Mr. Bud Brewer, entered on duty as laborers November 5th.

Mr. Adolph Garcia terminated as laborer November 2.

Mr. Andres C[illegible]no terminated as laborer November 16th.

Mr. Joe Donner terminated as laborer November 16th.

Mr. Eugene Cook terminated as laborer November 15th.

Mr. Johnnie R. Mc Comas entered on duty as truck driver November the 19th.

Approach Road Project: The entrance road project continued during the month of November. The two large culverts were completed, but further road work was held up by the lack of equipment from Platt National Park.

Archeologist Wenger made a trip to the Grand Canyon, Walnut Canyon and Chiracahua to obtain equipment needed in the construction.

The State maintenance man has aided the project on several occasions. He also bladed the entrance road and it is now in good condition.

Road Project Continued: The tractor and front end loader from Platt National Park was delivered to a ranch 20 miles from Tonto National Monument. One day was spent trying to locate the unit after being informed that it had been delivered. An additional day was spent driving the unit back to Tonto.

Inspections: Architects Alleman and Plettenburg inspected the parking area for the proposed new comfort station and administration building.

Engineer J. H. Conn and Archeologist Wenger inspected the Trailer quarter at Tonto and found that the unit complied with safety requirements.

General: Superintendent Sharp and Archeologist Wenger patrolled the upper portion of the monument shortly after the deer season opened. No violations occurred.

Superintendent and Mrs. Sharp left Tonto on November 5th for a two weeks vacation in Colorado. Enroute back to the monument the Superintendent spent one day at Region Offices discussing monument business.

Wildlife: Cold weather apparently forced the rattlesnakes and most of the other wildlife into cover for the coming winter. Tarantulas continued to be observed around headquarters.

Public Relations: During the month, sixteen inquiries were received and answered. This is slightly higher than our average for the month, but in all liklihood was caused by the recent article in the Buick Magazine describing the Apache Trail and Tonto National Monument.

Charles C. Sharp
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tumacacori National Monument
Tumacacori, Arizona

November 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for November, 1951

Weather: Weather has been exceptionally warm and wet for this season, without freezing yet at night, and with a total of 3.73" of precipitation in the past 31 days. Minimum temperature was 34 on November 3, maximum was 84 on November 4.

On October 30 came a rain of 2.55", which is the heaviest rain for any 24 hour period in our records. Rainfall to date this year is 15.75", higher than for any previous annual figure here in the past 13 years, with the runner-up the 15.01" which fell in the calendar year 1946.

Benign weather conditions, combined with the largest acreage of cotton plantings in history in this valley, have caused the farmers of the district to consider trading in their old Cadillacs on newer and fancier models. Even the long-suffering water table will doubtless benefit measurably from the rains.

Visitor Travel: This month: 3,281 persons, in 982 motor vehicles.
Highest previous November: 2,223 persons, in 1950.
Percent Increase - - - -: 46.6
Last 12 months - - - - -: 41,628 visitors
Previous 12 months - - -: 30,373 "
Percent Increase - - - -: 37

Visitors: Among those present were:

October 27 - A bus load of 22 delegates to the Tucson convention of the National Association of State Aviation officials.

Dr. Ned Danson, professor of anthropology at the University of Arizona, and Mr. Charles C. diPeso, anthropologist with the Amerind Foundation.

November 4 - Dr. Emil Haury, head of the department of anthropology, University of Arizona, and visiting anthropologist Dr. Clifford Montague.

November 15 - Ranger Harmon D. Maxson, Tuzigoot National Monument.

November 17 - Mr. and Mrs. Earle, of Desert Botanical Gardens, near Tempe, Arizona, which served as effective host to southern Arizona N.P.S. employees recently in a very interesting "Cactus College" session.

November 24 - Ranger C. G. Harkings, of Petrified Forest National Monument.

Museum and Education: On October 30 we received a re-issue of the Tumacacori 2-fold information leaflet, 25,000 copies.

Ranger Henson has assembled and placed on exhibit several of the displays for the recently acquired Multiplex display rack.

Sup't. Jackson finished typing abstracts of Sonora mission records obtained in May of this year, and sent them in to headquarters.

The Southwestern Monuments Association publication "Tumacacori's Yesterdays" arrived and was placed on sale for the service of the more interested visitors.

Maintenance: Routine maintenance was kept current. Considerable weeding and watering was done, although much weeding remains to do. Rains lessened the usual watering load. More manure was hauled for winter garden and compost pit use. Maintenanceman Stansbury of Saguaro National Monument came down for some old corrugated tin roofing, and left a dump truck load of manure. A roof leak over the office was patched. A shelf was mounted in the kitchen of Residence No. 1. Residence heaters were cleaned and installed for the winter. Batproofing was done on the entrance doors of the mission church. The massive wooden doors and their frame, (between sanctuary and sacristy of the church) which were installed over 30 years ago by Frank Pinkley, were removed. We have long since reached the conclusion that restored features of problematical accuracy, not essential to stability of the mission church, in most cases should be removed. Their presence is mainly confusing, requires time spent in explaining which is better spent in interpretation of authentic original features, and in time such features involve money spent in stabilization on them.

Personnel: On October 31 Maintenance Ollie O. Barney, Jr., completed his last day of active duty, prior to his resignation from the National Park Service. Because of a little matter of financing, this position has been left vacant for the time being.

A touch of "flu" hit the monument staff late during the first half of November. Ranger Henson was sick for only a couple of days, Sup't. Jackson was sick on and off during the greater part of a week. It was necessary to hire Judy England as W.A.E. Guide, for seven hours of duty on November 12 and 13.

First Aid Stations: Although Ranger Henson and Sup't Jackson have recently renewed Advanced Red Cross First Aid certificates, it was decided to discontinue operation of the official First Aid station, and the equipment was returned to county chapter headquarters. For some time the local chapter had questioned necessity of maintaining a station here, since the State Highway Patrol is quite active at answering emergency calls and in patrolling this route.

General: Collection of tax on guide fees was discontinued on November 1, which was a welcome reduction in red tape.

Everything seems to be operating adequately, and we are very busy.

Earl Jackson
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

November 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot National Monument

Subject: Report 1ml November 1951

There follows a narrative report of activities in this area.

VISITORS

1359 visitors came to this area in 490 cars. This is an increase over the 1219 for the same month last year. Of this number 8 were in uniform of the armed forces.

1238 visitors in 435 parties went through the museum.

1329 visitors in 478 parties made the trip through the ruin.

123 visitors in 55 cars entered early-late-or-noon and signed the out-door register where trail guide pamphlets were available.

100% of our 8-12, 1-6 visitors were contacted.

Our travel promised to swell way above last year's figures but the cold rains over the Thanksgiving holiday weekend trimmed the invasion from California to a minor patrol action.

N.P.S. VISITORS

District Ranger Jack K. Anderson and wife from Sequoia King's Canyon National Park on the 2'nd.

Mr. and Mrs. Carl Lehnert, Grand Canyon National Park, on the 14th.

REPORTWORTHY VISITORS

Josef and Joyce Muench, who need no further introduction, on the 20th.

INSPECTIONS

General Superintendent John Davis inspected the proposed trail location through Tuzigoot Ruin on the 10th and recommended shortening the approach to Room 14.

MAINTENANCE

One half day was spent, on the 20th, drilling and bolting the split and warped floor boards in the bed of the pick-up. They are now secured to the channel iron with carriage bolts.

Russian Thistle was burned in the parking area and in the ruin rooms.

IMPROVEMENTS

An unsightly masonry bench was broken up and removed from its place along the exterior east wall of the museum and used as fill to cover the exposed sewer line. The sewer line was further covered over with dirt to cover all traces of the masonry.

ROADS

The entrance road was bladed and withstood the late November rains in fair shape.

RESEARCH AND OBSERVATIONS

Ranger Max Maxson spent three days of his own time visiting Casa Grande, Tumacacori, and Tonto National Monuments in an effort to familiarize himself with these areas. On the same trip Max visited the Gila Pueblo Archeological Exhibit at the University of Arizona in Tucson, with the partial purpose of observing any new museum display techniques adaptable to the Tuzigoot Museum.

GENERAL

The Superintendent, at the request of a committee, routed a 20" x 48" sign for the newly named Mingus High School, in his off-duty time.

J. W. Brower Jr.

Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

November 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly narrative report, November, 1951

Visitors this month 1153; travel year to date 5462.

Weather Most of the month has brought cold clear weather. Snow fell on October 25 and a storm starting on November 22 brought about 8 inches of snow which still covers the ground. The coldest so far this fall was a minimum of 1 above zero on November 24.

Administration Considerable time has been spent getting materials, tools, and supplies for the trail improvement project and in keeping the records pertaining to it.

Work is being done on our annual inventory.

Travel and Use There were 1153 visitors in 404 parties. This is a drop of 73 visitors below the total counted in November 1950. The snow storm which began November 23 has all but eliminated travel. Parties contacted numbered 345 with 951 people. There were 415 parties including 1134 people in the museum. Three picnic parties included 18 people and there were 8 visitors in military uniform.

Protection Deer season was from October 26 to November 18 inclusive. During this time frequent patrols were made, some at dawn and others at dusk. Comparatively few hunters and fewer deer were noted. One party was seen hunting on the Monument but elicited apprehension.

Trail Construction and Improvement A drainage grill has been installed on the Museum side, or north of the Museum in a sunken area that was filled with masonry. This area was hazardous and numerous people have fallen here.

On parts of November 20 and 21 it was necessary to close the trail to traffic but November 22 it had been opened.

The stone terrace south of the museum has been extended east to the edge of the canyon and the sub grade for a new ramp from the terrace to the cable railing is almost complete. Arrangements are being made to secure a pipe railing to replace the cable railing.

Maintenance Outside water hydrants were turned off or winter proofed. Fire barrels were emptied and the buckets stored.

All water-base fire extinguishers were emptied and dried.

Improper combustion was indicated in the furnace at Residence #1. Mr. Runke, Maintenance Superintendent at Arizona State College made several adjustments and gave some suggestions for improving the draft.

The restroom stove and flu were cleaned and a fire is now kept there daily.

One half day was spent resettling the humidifier in the furnace at Residence # 1, so it would be level.

Scraping old paint on the garage is complete and repainting 90% complete.

A coating of asphalt and asbestos was applied to the roof over the museum and to the shop roof.

Equipment A small circulating heater was left at the Mon at by Supt. Brewer on a down visit. This heater has been hooked up in the Supt's. office where there is a flu but no heater has been used there previously. A small hole was drilled through the stone wall so the heater could be connected to an outside tank. The flu is shaded by a tree and difficulty has been encountered in getting proper draft for this stove.

One of the Superfex heaters recieved from Canyon de Chelly was dismantled, cleaned, and provided with a carburetor so it could be connected to an outside tank. This is functioning in the outer office.

Six sacks of sawdust to be used in winter-proofing air vents on the water line were hauled from Columbine Canyon.

On August 6 aluminum roofing was ordered for the garage. Part of the shipment was recieved in a few days and the rest of it did not come until November 13. It is doubtful if weather will permit laying this until next spring.

Accidents William Beaver was taken to a doctor when he was threatened with blood poisoning following a skinned knuckle.

Signs A new directional sign was set near the Barker Village turn off to Walnut Canyon.

Communications Line connections were made with a new telephone pole set several weeks ago near Highway 89. The old pole was removed.

Publications Sales A new edition to the vertical display rack was installed.

Wildlife A flock of at least a dozen wild turkey has been seen several times around the parking and residential areas and their tracks in the snow are everywhere. After the flock was startled on one occasion, it was observed flying across the canyon and according to report, sounded like a formation of bombers.

National Park Service Visitors

October 27.	Supt. Brewer, Tuzigoot
Nov. 3	Ranger and Mrs. J.E. Anderson, Saqoia -Kings Canyon
Nov. 5, 11	Carl Alleman, Regional Office
Nov. 8	John M. Davis, Regional Office
Nov. 9	Supt. Brueck, Wupatki
Nov. 11	Mr. Platenburg was here with Carl Alleman
Nov. 12, 13	Ranger Leding and family, Organ Pipe Cactus
Nov. 15	Hugh Miller and Lewis Castellum, Regional Office
Nov. 17	Gil wonger and family, Tonto
Nov. 17	Ranger Nelson and family, Saquoia - Kings Canyon

Adios It appears this will be the last report this Superintendent will write from Walnut Canyon. It has been a pleasure to work here and I hope my successor, Supt. Guillett, will enjoy it as much as I have. It is with reluctance that Mrs. Hastings and I leave the many good friends we have found in Flagstaff.

Homer F. Hastings

WHITE SANDS

Box 231, Alamogordo, New Mexico

November 28 51

Memorandum

To: General Superintendent

From: Superintendent, White Sands

Subject: Superintendents Monthly Narrative, Report No. 1m1

November Travel, 1951 — Travel Year to Date

Visitors - 9875; Cars - 2510 — Visitors - 21,599; Cars - 5407

Armed Forces

Visitors - 907 — Visitors - 1651

GENERAL:

November has been a very pleasant month and kept up with past months in exceeding all other Novembers in visitors. Beautiful fall weather, with warm days and crisp nights have prevailed throughout the entire month. Some winds have caused slight drifts. High temperature for the month was 79 on October 25th and a low of 18 was reached on the night of November 7.

SPECIAL ACTIVITIES:

Not exactly special but aside from our regular routine, several trips were made to Alamogordo and one to El Paso in connection with our comfort station project. This is the first activity in over a year we can report on this job, it is sure nice to get it under way.

PUBLICITY:

No lack of publicity ever prevails at White Sands. Radio Station KALG gives us a few minutes each week to broadcast White Sands items of interest. This is true,also, of any papers in this region, they all print all the news they can get on White Sands National Monument.

MAINTENANCE:

The same old story of never catching up is still with us. We are fortunate in having Gene Mott with us for some work and Ray has been trying to help him some, not nearly as much as we would like but even the little he does help seems to cut in on our numerous chores needing attention every day. Water, as usual, is our heavy problem and with our big tank

laid up most of the month, the additional time necessary to haul with the small tank was noticable. Ray was off hunting, as was Joe so maintenance for November was slow.

INCREASE OR DECREASE IN TRAVEL:

Our 9875 people in over 2500 cars gives us an increase for the travel year of slightly over 1,000 visitors per month. For our off season a gain of over 1,000 per month puts us squarely up against the problem of taking care of our increased visitor count with reduced force, due to vacations, personnel cuts etc. Your office knows, however, that we will always do the best we can under any circumstances.

VISITORS:

We have had several Regional Office men in on our construction work - comfort stations, water and roads.

ACCIDENTS:

Now we have a new one, the driver of a packard sedan lost control of his car just as he was turning into the south gate to the parking area and crashed through our adobe wall leaving a gap about 12 feet wide and a Packard Sedan where the wall was. Fortunately, noone was hurt and the State Police hung a Driving Without Licinse charge on the driver after he agreed to pay all costs. A $153.00 repair bill to the wall was paid off even before the job was completed. It occured on a Sunday afternoon when a line of cars were waiting to be checked and had the driver turned to the right instead of the left, the story could have been tragic.

GENERAL:

Gene and Martha Hott are here in connection with the comfort stations and we are certainly glad to have them. Gene is doing a wonderful job against almost unsurmontable odds, and we do appreciate not only his genial company but his attitude and skill.

FLASH:

Dan and Joan Davis have a brand new 7 lb 9 oz baby girl, Terry Ann Davis, born Thanksgiving Day. All is well with Dan again, Joan and the baby have been for several days.

Johnwill Faris.

Johnwill Faris,
Superintendent.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

November 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report, Wupatki and Sunset Crater National Monuments.

Weather:

The weather has been cooling off a little this month but has been generally fair. The maximum for the month was 67 degrees on Nov. 4 with a minimum of 17 degrees on Nov. 17th. Precipitation in the form of rain and snow over Thanksgiving totaled .38 inches which was all for the month.

Inspections:

General Superintendent John M. Davis visited the area on Nov. 7 and went over local problems.

Assistant Regional Director Hugh H. Miller and Administrative Office Louis Gastellum visited our area Nov. 13 and went over office and fiscal problems.

Maintenance:

A 16,500 B.T.U. Panel ray floor heater was installed in the bedroom in the trailer residence at Heiser this month.

Roads and Trails:

All personnel were busy with road and trail work most of the month. The cattle guard at the Earth Crack was open to traffic on Nov. 6 and the job is now complete. The cattle guard just off of Highway 89 was repaired and both sides were built up with a mixture of oil and gravel so there is no sign of a bump when cars go over it.

The trail to the Wupatki Ruin from the office and along the overlook was paved with oil and is a big improvement. There is about 30 feet left to do below the rim portion.

On November 9 work was started on clay plating a 3 mile stretch in the cinder area from the Turkey Tank turn off North. This stretch has never been covered before and when it gets dry in the summer the road has to be closed. A total of 125 loads have been hauled to date and there is only about ½ mile left and then the bad places to go over again and patch. It is hoped the results of this plating will enable us to keep the road open all spring and summer next year. The dump trucks from Walnut Canyon and Navajo National Monuments are in use along with our own truck.

Interpretive Services:

At Wupatki 100 people in 39 parties were contacted for an average time of 16 minutes per party.

No one is on duty at Sunset Crater but the nature trail is still open and has been in use all month.

Travel:

Travel still showed an increase over last November. Wupatki had 177 cars and 427 people and Sunset Crater totaled 379 cars and 948 people.

Visitors:

11/7	John M. Davis, General Superintendent, Southwest Monuments
11/7	Meredith M. Guillet, Superintendent, Chaco Canyon National Mon.
11/10	Homer Hastings and Wife, Superintendent, Walnut Canyon N. M.
11/13	Hugh H. Miller, Assistant Regional Director, Region III
11/13	Louis Gastellum, Administrative Officer, Region III

Personnel:

The population at Wupatki went up by one when a baby boy was born to Park Ranger and Mrs. William C. Bullard at the Cottonwood hospital.

Spring Flow: Wupatki - 360 GPD This is about 50 GPD less then last year this time.

Hoiser - 1440 GPD About 700 GPD less then last year.

Frederick R. Brusch
Superintendent

NAME Peter E. Wilson
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, Vol. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME A. T. Mitchell
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Meredith M. Guillet
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, BUS, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TOURS SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

NAME Albert T Bean
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

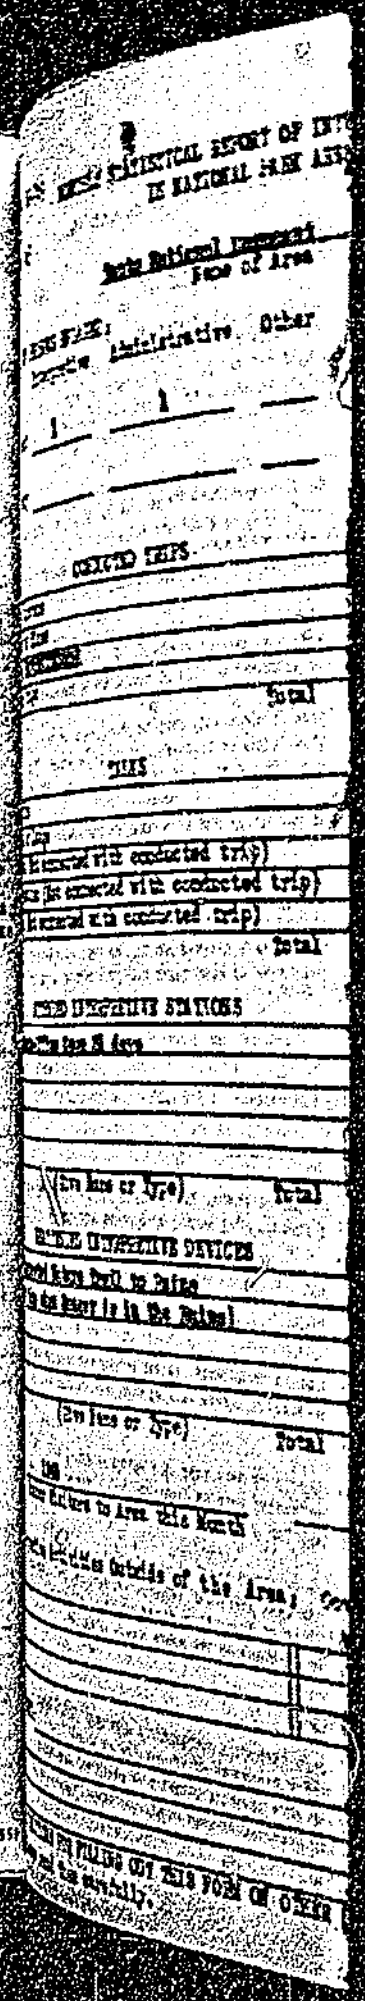
INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.



INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

NAME John A. Aubuchon
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO EXCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND SERVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1: RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2: INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3: SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE EXCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8a3) and 9 (Report 9a3).

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

RECEIVED NOV 1 1951 National Park Service Region Three

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. *INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

NAME J. W. Brewer, Jr.
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical Aides.
"ADMINISTRATIVE" are Superintendents, Asst. Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.
"CONTACT" is a connection, interpretive in character, between a person and a National Park Service employee or a park interpretive device, exclusive of radio, book, pamphlets, and the like.

CONDUCTED TRIPS: Caravan or hiking trips conducted by N.P.S. personnel for general field activities. Trips specific to ruins and historical houses should be reported on line 3. Be specific under Other Trips as to type of conducted trip such as boat, ski, or other organized activity.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area.

INSTRUCTIONS FOR FILLING IN THE FORM

(Fill in Only Those Blocks That Apply)

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in each block. Space for a total of all Interpretive Contacts is provided.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should NOT be included in the totals. Give type of activity; such as talk, broadcast, exhibit, etc.; date; attendance; and other data necessary to describe the activity.

TOTALS: Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

GOVERNMENT PUBLICATIONS: (For historical areas) indicate by name or number the copies sold and on hand.

THIS REPORT DUE: From all National Park Service areas providing interpretive services. Retain original in area files. In areas employing naturalist this report to be attached to his monthly narrative reports. In other areas it should be presented as a separate report with copies for coordinating Superintendent, Regional Director and Director forwarded through administrative channels. Date due each month in accordance Administrative Manual, Vol. 15, Chapter 8 (Report 8N3) and 9 (Report 9N3).

NAME Horace K. Hastings

TITLE Park Naturalist

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
Contact was made and museum was open 8:00 A.M. to 5:00 P.M. daily.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" Are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report Nm3) and 9 (Report Nm).

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

(List No. 1.)

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Arches National Monument
Moab Utah

December 26, 1951

Memorandum:

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of December, 1951, Arches National Monument

WEATHER: The stormy weather which started November 24 has continued through the entire month, giving us over 2 inches of precipitation in the form of snow and rain. Snow reached a depth of six inches in the monument. In the intervals between storms the minimum temperatures dropped to 10 degrees above zero, which is cold for this country.

TRAVEL: Due to the exceptionally cold and stormy weather our travel shows a decrease of 328 percent from the same period last year. Only 76 people came into the area in 23 cars, representing 11 states.

INTERPRETATIVE SERVICE: At headquarters and in the monument only 31 of the total visitors were contacted. All visitors signed the register and apparently took advantage of the Wayside Exhibit. It is estimated that the same number used the Cove Nature Trail. Nineteen requests for information were answered.

PUBLICITY: A great deal of material on Natural Bridges, The Needles, and country adjacent to Arches was sent to Jack Breed for use in his forthcoming articles in the National Geografic. Articles continue to appear in the Salt Lake Tribune & Deseret News about our "Roped-For" entrance road, and they have almost convinced us that we will get it.

NPS VISITORS: John G. Lewis and Family, Bryce Canyon Nat'l. Park
Russell Mahan, Colorado Nat'l. Monument
Monte Finch, Colorado Nat'l. Monument

SIGNS: The panel for our new headquarters entrance sign was completed and six large juniper post were cut, hauled, and peeled for the framing. The whole assembly should be ready for planting by January 1. Three eight foot "ROA D CLOSED SIGNS" were also made.

ROADS: After the soaking rains during the last of November, Maintenance-man Winbourn was able to do a splendid job of blading on all monument roads and all snow was cleared after the recent storms.

EQUIPMENT: "Old Smokey", our 18 year-old saddle horse was surveyed. Our order for grader tires, placed last February, was finally completed this month, giving us new tires all-around on the D-12 and one old one for a spare. Five 6:50 x 16 tires, which will replace the 6:00 x 16 tires on the new pickup, were received.

REHABILITATION: The rewire job on the warehouse was completed December 24. The 10-KW light plant was overhauled and will be in perfect running order when two governor parts are received. These jobs are under Account 231.02. All the material for jobs under Accounts 231.01 & 231.03 have been purchased or ordered and those jobs will be started as soon as weather permits and skilled labor is available.

Bates L. Wilson
Bates L. Wilson
Superintendent

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 December 1951

Memorandum:

To: General Superintendent

From: Acting Superintendent, Aztec Ruins

Subject: Report 1a1, Superintendent's Monthly Narrative

WEATHER: We have had several nice snow storms with eight inches on the ground at one time which is more than our total snow fall for last winter. The snow contained 1.63 inches of moisture which will certainly help alleviate a little of the drouth conditions on the surrounding range lands. The lowest temperature for the month was sixteen degrees below zero, and the high was a balmy sixty.

MAINTENANCE: The ceilings of the covered rooms continue to leak whenever we have any moisture. So many patch jobs have been done that it is difficult to determine just where the present trouble is. Part of the trouble may be seepage down through the walls rather than a roof leak. Some time was spent in salvaging the pipes and plumbing fixtures from the abandoned living quarters next to the garage.

INTERPRETIVE SERVICES: There were 387 visitors in 128 parties shown through the museum; of these, 198 took the guided trip in 42 parties through the ruins.

DECREASE IN TRAVEL: Travel took quite a drop during the month with 229 fewer visitors than during December 1950. The sharp drop was probably due to the icy conditions of the roads and the general cold weather during the month.

MUSEUM REHABILITATION: Fluorescent lights were installed in the cases in the museum and certainly help to light up the dark corners.

VISITORS: Natasha Smith Boyde who did much of the sculpturing for our museum figures visited the area. It was interesting to learn a little more about how our museum displays were made. The figures of Mountain Sheep and Antelope took her over four months each to make.

Clyde A. Maxey

Clyde A. Maxey
Acting Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

December 31, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for December, 1951

Weather

The weather was unseasonably cold during most of the month with low temperatures of 4 degrees below zero on the 10th and 2 degrees below zero on the 21st. Daytime temperatures ranged from 5° on the 1st to 30 on the 9th.

A total of .55 inches of moisture was received on seven days this month with most of it in the form of snow. The heaviest snowfall occurred on the 19th and 20th when a total of 5 inches was received. This is quite a contrast to the weather last December when only .11 inches of moisture was received in one snowfall and is responsible to some extent for the decrease in travel this month.

Special Activities

The superintendent was on annual leave the last half of the month and enjoyed a trip down the west coast of old Mexico as far as the very picturesque town of Alamos.

Maintenance

The bank of power transformers that was located on the hill side at the rear of the power house was moved further up the side of the canyon to get it out of sight and to provide greater safety. The old location was too easily accessible to children

and others and might have been the cause of a serious accident. The new location is not visible from roads or the parking area and will be provided with a woven wire fence. All personnel had to assist in this project since no mechanical equipment could be used and the transformers had to be carried up the hill by manpower.

The bad weather provided an opportunity to work on the reconditioning of signs and a number were repainted and treated with oil. Work was started on carving the large entrance sign to make a double faced sign out of it.

New Construction

The freezing weather made it impractical to work on the enlargement of the parking lot and little was accomplished on it. A breakdown of the grader further retarded this project.

Two additional picnic tables were constructed but the cold weather prevented further progress on this project also.

Concessions

Several meetings were held with the concessioner, Mrs. E. C. Frey, concerning a subconcession agreement for the operation of the dining facilities next season. A rough draft based on the saddle horse subconcession agreement has been prepared and sent to the Regional Office for comment.

A new electric water heater for the Lodge kitchen has been ordered. This will replace two small, obsolete, gas heaters.

Interpretive Service

There were several days this month on which no visitors came to the area and only 28 tours attended by 211 persons were conducted to the ruins.

Travel

For the third consecutive month travel showed a decrease under the corresponding period last year. There were 450 visitors as compared with 662 last December. The bad weather was responsible for part of the decrease but reports from surrounding communities indicate that tourist travel is generally less than last year.

Visitors

Visitors this month included:

Jack O'Connor, President, Territorial Sportsmen Association, Juneau, Alaska.

Congressman and Mrs. Harris Ellsworth, Roseburg, Oregon.

Wildlife Activities

The snow on the 19th and 20th made it possible to conduct patrols to make wildlife observations. It was noted that most of the deer and other animals are concentrated on the lower elevations and along the Rio Grande.

Miscellaneous

The mother of Mrs. James Shirley, Mrs. C. E. Thomson, passed away very suddenly at Santa Fe, New Mexico, while on her way to visit the Shirleys. Mr. Shirley is the clerk at Bandelier.

Fred W. Binnewies
Superintendent

Our best wishes for a Merry Christmas and may the New Year be better than ever for the National Park Service.

Canyon de Chelly National Monument
Chinle, Arizona

December 20, 1951

Memorandum

To: General Superintendent

From: Acting Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for December, 1951

Visitor Travel: For the first time in many months there has been a sharp decrease in travel. The entire month has been very cold and travel conditions are unfavorable. 31 people in 16 cars this month, about one third as many for the corresponding month last year. Guide and contact time totaled 10 hours.

Weather: Old man winter made an early appearance. Temperatures ranged from 58 to 2 below zero and for periods of three to four days the temperature remained below freezing. Rain and 4 inches of snow gave us an added .53 inches of precipitation bringing the past three months total to 2.82, almost as much as we had all last year.

Noteworthy Visitors: M. N. Lewis, Dept. of Anthropology, University of Tenn., on November 30.

Administration: Individual building reports for concession-owned facilities, Thunderbird Ranch, were prepared and submited to the Regional Office. Two trips were made to Gallup to secure supplies for the resident rehabilitation program and other items needed for the preparation of winter.

Maintenance: Fiberglass insulation was placed on the ceiling of the utility room of the Sup't. residence to prevent water pipes from freezing. A new oil feeder line was laid to the ranger quarters. All heating units at monument headquarters are now served from a central oil storage tank. The kitchen, utility room, hallway and two bedrooms of the Superintendt's residence were repainted.

Roads: All approach roads in fairly good condition, except the Sawmill road which is closed, however, they are muddy in some stretches and at higher elevations there is a good cover of snow, making them quite icy. The same conditions prevail here on the monument.

Projects: Due to continued cold weather, plastering the exterior of the Superintendent's residence is not quite completed. A very small area yet remains, just a few hours of warmer weather are needed to bring this project to completion.

Continued from page 1.

General: On December 6, a Mr. Anderson an experienced mountain climber from Norway, went down the White House Trail to do some hiking and return by coming out at the mouth of the canyon near our headquarters. About a mile and a half from his destination, for some unknown reason, he turned around and started in the other direction. On the 7th, the de Chelly staff tracked him until dark and returned for flashlights. In the meantime, Mr. Able Garcia, from the Canyon de Chelly Trading Post, was informed by a Navajo that the man was seen in upper del Muerto still going the other way, away from home. Just before we were ready to leave for a continued search Mr. Garcia came in with the lost party. Mr Anderson admitted he was lost, but he thought there was just one canyon, de Chelly. He was very hungry and glad to be back with his wife and small child who were staying at the Catholic Mission. He had spent the night in a hogan where he had borrowed an overcoat and some extra shoes. When found he had forced his way into another hogan—— Navajos do not live in the canyons in the winter---and was prepaired for the second night. The overcoat was badly burnt, evidently he had fallen asleep too near the fire. After some bickering the Navajo got a new overcoat from the Catholic Mission and a $5.00 bill from his overnight guest, so all parted company as friends. Strange as it may seem, he had entered two hogans that belonged to the same family, they were four miles apart.

Superintendent Bright is spending Christmas in Phoenix.

Robert L. Morris
Acting Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Capulin Mountain NATIONAL MONUMENT

Capulin, New Mexico,

December 27, 1951.

Memorandum
To; The General Superintendent
Southwestern National Monuments,
National Park Service
Santa Fe New Mexico,

From; Homer J, Farr, Acting Superintendent
Subject; Monthly Narrative Report,

Visitors ; Approximately six hundred visitors to the Volcano this month making a total of three thousand four hundr d fifty for the travel year to date and Nineteen thousand nine hundred fity for the fincal year to date,

Weather; Only three inches of snow for the month, but rather cold most of the time, Three nights during the month as low as eight below, Mostly clear skies and three days of heavy wind,
Generally speaking the country around Capulin is extremely dry down deep with only very slight moisture a few inches near the surface,

Flora and Fauna: The trees and brush are in fair condition altho One can not see how they thrive, This past week I saw four doe and two very fine buck buy the side of the road in the Monument,
It appears that we have about our usual amount of deer and they are all f fine, Much less birds this winter than common, some winters our robins are with us all winter but they have drifted farther south this fall,

Roads and Trails; High winds have rolled many rock into the road this month as it always does in dry weather, there fore I have used the tractor grader three days this month and in that manner have kept the road in good condition most of the time,
Nothing haw been done towards the rail this month,

No special visitors have been with us this month,

Information Bamphlets ; Two hundred pamphlets have been handed out and mailed upon request during the month,
Certain schools over the country appear to be teaching geography and the pupils are requesting information pamphlets, so far I have been able to fill all requests, don't know how much longer my patience will hold out, I now have on hand about four hundred fifty,

Sincerely Yours,
Homer J. Farr
Acting Sup't.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

CASA GRANDE NATIONAL MONUMENT

COOLIDGE, ARIZONA

December 26, 1951

Memorandum

To: General Superintendent, SWNM

From: Superintendent, Casa Grande

Subject: Monthly Narrative Report for December, 1951.

General: The month seemed to slip past without any significant event other than the Phoenix Dons' Travelcade. The local scene is the same as any small town in the clutches of the yuletide; not big enough to do it right with a Santa Claus on every corner, and not small enough to forget about it. Christmas decorations consisted of window trimmings and a few colored lights. One local citizen rigged a light display in the form of a chimney near the top of his 60 foot television aerial -- we have wondered if Santa recognized in for what it was; if not, it would be too bad for Santa.

Cotton picking goes on. The high winds that we had during the month did considerable damage; blowing the cotton onto the ground. Often heard on the streets in Coolidge is a new singing arrangement of The Night Before Christmas which included "he looked like a cotton chopper dumping his sack".

Weather: Uniform of the day: Long Johns with ear muffs. This is a cold year everywhere, but to Arizona's valley of the sun residences, it has been a low blow, high winds and temperatures down into the low 20's. Not only have we had cold weather, but we have had a fog that limited visibility to a few feet in places and a few hundred feet in others. From the museum we could hardly make out the form of the old Casa Grande. The public, however, is never daunted by such conditions. and none of our worst days were some of the busiest, while the beautiful days went begging for someone to stop in.

	1951	1950
High Maximum	81°	88°
Low Maximum	52°	65°
High Minimum	53°	42°
Low Minimum	20°	31°
Total Precipitation	0.15 inch	0.00 inch

Travel: The Sunday of November 25, 1951, was the biggest day to date here at the Casa Grande. The Phoenix Dons brought their annual travelcade, plus the usual Sunday crowds so that we sold a total of 479 tickets. It was a good beginning for what has been a good month as far as the travel is concerned, in spite of the cold, the fog, and the generally threatening weather. During the month we had visitors from all forty-eight states, the territories of Alaska and Hawaii, and five foreign countries (Canada, Germany, Finland, Denmark, and Switzerland).

	1951	1950
Visitors during December	4,673	3,400
Increase	1,173	
Visitors for Travel Year	11,937	8,636
Increase	3,301	
Servicemen during December	42	14

Interpretive Service: During the month 2,457 visitors braved the fog, high wind, cold, and cold mist, and, on occasions, sunshine in 201 groups to see the ruins; an average tour took 56.5 minutes. There were 1,480 persons who zipped in for information or to stand around the stoves and warm up; these people amounted to approximately 70% of our runaround travel.

Visitors of Note and Special Groups:

November 25 -- The Phoenix Dons' Travelcade, 450 people from 26 states, Alaska, and Canada.

Charles C. Morris, San Francisco, California; Raymond Archibald, San Francisco, California; S. W. Mayo, Berkeley, California; G. L. Malans, Phoenix; all are from the Bureau of Public Roads.

December 5 -- Senator Carl Hayden of Arizona and Sergeant-at-arms Joe Hunt of the 82nd Congress.

General Superintendent and Mrs. John M. Davis of SWNM, Santa Fe, New Mexico.

December 8 -- Archeologist Arthur White of Montezuma Well, Arizona.

December 13 -- Dr. T. M. N. Lewis, Archeologist, Department of Anthropology, University of Tennessee, Knoxville, Tennessee.

December 20 -- 11 Cub Scouts of Den 2, Pack 35, Coolidge, Arizona.

December 22 -- 7 Scouts of Troop 667, Los Angeles, California

December 23 -- Representative and Mrs. Morris Poulson, Los Angeles, California, a member of the 82nd Congress.

The Phoenix Dons and their Annual Travelcade to Casa Grande: The Phoenix Dons have for the past few years been using the trip here to the Casa Grande Ruins as the opening of their season; trips which will take winter visitors and local folks panning gold in Wickenburg, bargain hunting in Nogales, reliving the Indain Wars at Apache Pass and Fort Bowie, and finally hunting the Lost Dutchman Gold Mine in the Superstitions while enjoying a fine bar-b-que and song fest. If all their trips are as precise as their handling of our visit, things should make for an excellent season.

Last year the tour arrived an hour and a half late; this year the travelcade arrived about 15 minutes ahead of schedule. In about the time it takes to park 80 cars and two buses, the museum was engulfed in a sea of humans inquiring about tickets and shoving money from all directions to those of us selling the tickets.

The tours through the ruins came off as smooth as silk. Every effort was made to control the size of the group so that the people could get the most out of the tour, without being tied up with more people than could squeeze into one of the rooms in the ruins.

The Coolidge Chamber of Commerce brought out steaming milk cans of coffee, pounds of literature which was propoganda for Coolidge, and yards of ribbon reading "Coolidge" and showing a picture of the Casa Grande ruins. Each individual was button-holed with a ribbon, given a folder telling the marvels of Coolidge, and handed a scalding cup of coffee to drink while they ate their lunches to the tromping tunes of the Circle-C Square Dancers or stared at the two bales of cotton which was to be an additional part of their education after leaving the ruins. (The usual two-thirds-naked Indian braves who whooped and hoop danced to the tune of a rattle and a drum did not make their annual appearance though they were expected; since it was a cool day it may have been better because those dances aren't quite the same when done in a blanket or long woolen underwear.)

The whole affair was over by 2:30 and the Travelcade loaded up for the next leg of their journey which included a trip through a cotton gin and a visit to the Clements' ranch to see some feeding pens in action.

For the Staff, this was the best Dons' visit yet. Less confusion, lots of assistance, and a really friendly attitude on the

part of the visitors really helped out. We hope that next year's visit will be as pleasant.

Administration and Protection: There were ten requests for information during the month; these were promptly answered. By courtesy of the Naturalist's Office, we loaned some slides on Arizona's National Park and Monuments to the South School in Casa Grande.

The Adamsville site was given its monthly inspection, and it did not appear to have any new digging marks.

The Pipe Line: It has long been the hope of the personnel here at Casa Grande to some day hook-up to the Coolidge city water system. During the past few years with the water supply becoming so critical, we wondered whether the well would hold out until the connection could be made. At last the pipe line is becoming more of a reality, the announcement for bidding on the pipe are out and the bids themselves should be in the Regional Office. So far, at this end only the ground survey has been run, but things are beginning to move.

Maintenance: From the weather, one would never have thought it would have been needed, but maintenanceman Mack spent some time preparing the museum cooler for next Summer's use. Then some window frames and sills in the utility area that never had been painted since they were put in years ago were given a new coat of paint.

Publicity: Our friend , Taylor Marshall, of the Tempe Botanical Gardens, has given us a cut and a column in his bulletin, The Saguaroland. This doesn't have the circulation of the Arizona Republic, but we certainly appreciate it any way.

On December 9th, the Arizona Republic inserted a whole sentence about the Casa Grande in the course of a discussion about the Pueblo Grande, the Phoenix City archeological park.

Research Aids: All the weather data for the past four months was given to Mr. Otto A. Sonntag, Agriculturist for the American Cyanamid Company; Mr. Sonntag is preparing a report for his company concerning weather and the defoliation of Cotton.

Seen At Casa Grande or the boiling point: One morning when we were sitting on the [illegible] looking out at a cold world with a temperature of minus som[illegible]g or other (Less than 32°F), a California family was seen filling two large water bags and hanging them to their bumper. When asked if they had a leaking radiator, they replied, "Oh no!! Our radiator is fine, but we have that long desert drive and the car might boil!!!"

Unoffical: A HAPPY NEW YEAR TO ALL.

A. T. Bicknell
Superintendent

Chaco Canyon National Monument
Bloomfield, New Mexico

December 24, 1951

Memorandum

TO: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of December 1951

DEC 1951 RECEIVED National Park Service Region Three Office

Weather Conditions

Weather seems to have been below normal for December this year. The maximum temperature for the month reached 60° on the first. There was a heavy frost on the 3rd. On the 7th, 10th and 21st temperatures of one degree below zero were recorded, climaxed by four below zero on the 11th. We had a total of five inches of snow occuring on the 4th, 5th, 6th and 9th. As of this date there is quite a bit of scattered snow patched about the canyon.

Administration

Park Ranger Elmore returned from two weeks military duty on the 1st of December. He reports having a very pleasant visit with Davy Jones in San Juan, Puerto Rico. Superintendent Guillet commenced annual leave on the 10th but returned to duty status from the 11th through the 14th to make a trip to Walnut Canyon National Monument to get some underground table for Chaco Canyon and incidentally take a load of his household goods to Walnut Canyon in preparation for move to Walnut Canyon where he will assume the duties as Superintendent after the first of the year. Superintendent Homer F. Hastings reported for duty as Superintendent of Chaco Canyon the afternoon of the 16th. Much of the time since has been spent in going over administrative details.

After thirteen years of twenty-four hour electricity and daily mail service, the Superintendent finding it necessary to make a few adjustments here. As a consequence most of his electrical appliances are still packed away. Ranger Elmore adds a hearty Amen to t is.

Inspections

Architect Kenneth M. Saunders was here on the 20th to make an inspection of the new houses, which, by the way, are progressing nicely. (See report under New Construction).

Investigations

Archeologist Vivian completed his survey five sections of monument land in view of the possibility of exchanging them for more desirably located land. His conclusions were that three of the sections could be exchanged as there were no ruins on two of these and on the other had only one site of archeological value, but that it was inconspicuous and isolated.

The problem of stocking Chaco Canyon National Monument with antelope has been gone into with the following conclusions.

1. At least two windmills or wells would have to be developed to assure year-round water supply for the animals.
2. At present, if the new Soil and Moisture seeding project develops as expected, too much of this might be consumed by the antelope.
3. Antelope are not canyon-loving animals, preferring open range. They would probably leave the Monument and trasspass or other persons range.
4. If it is still desirable to stock Chaco Canyon with antelope, then no more than 20 head should be brought in.

Maintenance

Just the usual problems with the well, light plant and roads.

New Construction

As stated before the new houses are coming along nicely. All of the block walls are in place, some of the studding and sheathing, and the roof is started on one of the houses. The fuel oil tanks have been installed and most of the plumbing has been roughed in.

Approach Roads

The State Highway grader came in in the middle of the month and graded the north approach road, but since that time there has been more snow which has drifted badly across the road in numerous places.

Monument Roads

The Monument roads were graded on the 17th and 16th and are in fair shape.

Interpretive Service

Travel has slowed down considerable mainly due to the weather. A total of three conducted tours were made through Pueblo Bonito with a total attendance of 8 people. These tours lasted an average of 45 minutes. Five short talks were given 10 persons in the museum which lasted an average of 23 minutes.

Travel

Travel has dropped off to about half of what it was a year ago, due, no doubt, to the weather conditions. There were a total of 18 visitors registered. These came in 9 cars.

Visitors

Mr. Björn Endreson and family from Bekkeslua, Norway on the first.

Homer F. Hastings
Superintendent

Chiricahua National Monument
Dos Cabezas, Arizona

December 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

Weather. Generally speaking the weather has been bad and worse, with wind, rain and snow hitting us quite frequently. I believe we had more unusual weather than I have seen before in December, at Chiricahua.

Status of Private Lands. A trip was made to the Court House in Bisbee to collect all the necessary data for the [illegible]-3 reports for lands inside the monument. This was the first revision of our land plans since 1945.

Maintenance. The upper end of the monument highway was closed one Sunday by snow, and opened the next day with the road grader. Numerous small rock falls have occured on the road as a result of the moisture, freezing and thawing. None of these have been serious but it has been necessary to make several trips over the road to throw the rocks out.

Approaches to Monument. The road over the mountain from Rodeo and Portal has been closed most of the month, with snow. Other approach roads, while wet and muddy have remained passable.

Interpretive Service. A map was made of the Heart of Rocks Loop Trail and copies mimeographed in the Regional Office. These maps are on letter sized sheets and are given to visitors who are known to be taking the Heart of Rocks Trail, to help them find the main features of that vicinity.

794 visitors were contacted in the museum in 196 parties. One conducted three hour trip was made with 119 Dons Club visitors. Another 1 1/4 hour auto trip was made with 4 visitors up Bonita Canyon and around Massai Point.

Travel. 863 visitors came to Chiricahua this month. This is a loss of 198 or 19% from December of 1950, but leaves us 60 ahead for the travel year to date. We blame the weather for the loss in travel this December. Extra visitor days on the campground and guest ranches are running nearly double last years use:- 554 extra visitor days as compared with 23 for this time last year.

Visitors. Superintendent and Mrs. Sharp from Tonto, and Mr. and Mrs. Cosner, NAE Guide, made a trip to Chiricahua to return the dump truck which they had borrowed to use on Tonto's road construction.

Ranger Service. Temporary Ranger Welles left at the end of November. This leaves Chiricahua without a ranger as the permanent ranger position has not been filled since Ranger Gaynard resigned last August.

Accidents. Two visitor cars collided on the monument mountainside road. The result was a badly mashed fender and headlight on each car, but no personel injuries. The cause seems to have been too much speed and both cars to far to the wrong side of the road on a blind curve.

Clair V. Cooke

Clair V. Cooke
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
December 19, 1951

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

Our visitor travel has dropped to practically nothing. The obvious reason for it is that people simply will not leave the Highway in bad weather, and we have had snow on the ground nearly all month. There were 34 visitors in 12 automobiles. Of these travellers, 29 took a trip around the rock in 9 parties. 17 persons sat around the fire and listened to an orientation talk in 5 parties. 12 hardy souls went over the top of the Rock.

The coldest this month was minus 15 degrees, which occurred on two occasions, and the warmest was 49 degrees Fahrenheit. There was .51 of an inch of moisture which is equal to about 5 or 6 inches of snow.

In the way of approach roads, it is believed that the contract has already been awarded for building and oiling more of the road between here and Grants. The maintenance of the approach roads has been good, under the circumstances, to us in the back country, but to the Highway traveller it has been bad -- from what the few who came in had to say. The County Grader came in and cleared snow off the Monument roads, so they have been in good shape.

One of the coldest night, just at sundown, we were nearing the Monument when suddenly the pickup refused to operate. We tried road repairs which failed to work; then one of our neighbors came by and pushed us for a way, but because of the snow, he couldn't push far. We tried pulling it with a big truck and the truck stuck. Tried to put chains on the neighbors truck -- no gloves, of course. Because of the cold the chains stuck to our fingers and our fingers got so cold that they would hardly move before the neighbor discovered that he had the wrong set of chains with him. Finally managed to get the truck home and over to Ramah a few days later for repairs. The dump truck was repaired this month, too. During the cold spell, one of the light plant engines went bad. When the weather turned a little warmer, it was repaired.

When the technician came by for his monthly check, both light plants were in good operating condition.

Several signs were painted, several were taken up and one new sign was installed at the bottom of the Cinder Hill.

We took inventory this month. Fortunately, everything was on hand, though some of the items were in such bad shape that survey action was requested.

We have spent several days this month shoveling snow. The trail gets mighty long when one is shoveling snow off it, but not nearly so long as last year when all we had was a regular square pointed shoval. Then, it was bend and up every 8 or 10 inches. Now, we have a snow shoval. It is manually operated, but the pushing beats the stooping and squatting.

After so many years of being so close and not being able to attend it, we finally got to Shalako. Crunchy snow underfoot and a nearly full moon made the night nigh perfect, and it was a never-to-be-forgotten experience.

The HSWP has taken the job as Musical Director of the El Morro School. It is M and WP. She goes down to the school several times each week and has the entire school enrolled in a Rythm Band. Their first performance was at a Christmas Celebration on December 19.

Visitors included Ed Ladd, seasonal ranger of several years back, and Jack Diehl.

This is written a few days early for we are taking a little annual leave at Christmas time. Our WAE Guide Cal Clawson will be on duty in our absence.

Merry Christmas and Happy New Year to you all.

Irving McNeil, Jr.
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

December 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira National Monument

Subject: Monthly Narrative Report for December 1951

Weather. Several heavy snows were received this month totalling 1.21 inches of moisture. This brings the yearly precipitation total to 11.84 inches, almost two inches more than received in 1950. Maximum temperatures averaged 45 degrees and the minimum 28 degrees. Terrific winds accompanied the snow storms on the 7th and 20th.

Visitors. Major General Patrick J. Hurley, former U.S. Ambassador to China, and Mrs. Hurley, on the 30th.

Mr. Herbert J. Slaughter, Office of the Solicitor, Interior, on the 23rd.

Maintenance. Several man days and a lot of luck were necessary to repair the deep well pumping system which broke down early in the month. In some manner, check valve and leathers worked loose and dropped to the bottom of the cylinder. The broken parts were finally fished out at a 900 foot depth with a home made grab and removal of the drop pipe was unnecessary. Cylinder leathers were replaced and one length of sucker rod repaired.

Interior and exterior of the outside rest rooms were painted during the month and the gas pump repaired and painted.

Road maintenance consisted of cleaning of borrow ditches and several levelings with the drag.

It was necessary to completely clean out the interior of San Ysidro mission following the heavy snows. Wall veneer is loose with very little binder left and a constant slough off is apparent. Temporary patching of walls was made as time and weather allowed.

Approach Roads. Eight and a half inches of snow from the 7th through the 20th made the approach roads impassable to all but the few who were forced to travel them for supplies.

Visitors, Travel. Visitors to the area decreased this month in comparison to last year. Seventy-nine people in twenty-eight cars entered, most of these in the first and last weeks of this report period.

Interpretive Services. The Superintendent made 17 tours through the ruins with 45 people for an average of 46 minutes per party. Nine parties of 24 persons used the self guiding trail trip.

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

December 28, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Narrative Report for December, 1951

Weather Conditions

December weather was somewhat more normal for the Great Sand Dunes than it has been for several years. The minimum temperature was -4 on the 10th and the maximum was 45 on the 12th. 6.2 inches of snow fell with considerably greater amounts falling in the mountains to brighten the prospects for next summer.

Special Activities

One unofficial visit was made to Santa Fe while I was on annual leave. A number of items in connection with the installation of a bulk propane system were straightened out while I was there.

Maintenance and Rehabilitation

A great part of my time this month was spent on the "housekeeping" jobs that are continually cropping up. Another day was spent working on the home-made firepot in the furnace which we hope to soon replace with a good one. The air compressor was taken apart and cleaned and the little gasoline motor for the compressor was overhauled. The garage doors were rehung so they would open and shut easily. Some time was spent on sign construction.

The plans for the propane gas system have been partly drawn and the tank was purchased in Santa Fe by Engineer Richardson.

Approach Road

Alamosa County bladed the approach road only once during the month but it is in fair condition.

Communications

The short-wave radio went out of commission on December 12. The radio maintenance man at the Colorado State Highway Department shop in Alamosa fixed it for us. When I reinstalled the radio on December 23, I changed the arrangement of the aerial and ground and believe that I have improved transmission considerably.

Interpretive Service

Material for the Montville Nature Trail on Mosca Creek was submitted to your office and Les Arnberger is preparing the leaflet. Developed 4x5 Kodachromes were returned by the Eastman Kodak Company and 17 4x5 black and white negatives were developed here yesterday. They will be forwarded next week.

Two talks were given outside the area during the month. One of these was given to 21 members of the Adams State College Faculty Dames on November 26. The subject was the Great Sand Dunes illustrated by 35 mm. slides. The second was given on November 30 to 63 members of the Cub Scouts of Del Norte and their parents. The subject was Desert Animals illustrated by slides from Organ Pipe Cactus National Monument.

Research and Observation

The deer are just beginning to come down from the high country. Most observations of deer have been made in the foothills where the snow has melted more rapidly than in the flats.

Decrease in Travel

Visitation decreased only 9 people from December of last year despite the bad weather conditions. 204 visitors in 51 cars were recorded.

Visitors

Naturalist Dale King of your office visited here yesterday on his way home from Denver. We hope that Dale and others will make this a stop more often since the route through the San Luis Valley is the quickest way from Santa Fe to Denver.

Technician Richard Fillmore of the Colorado State Game and Fish Department was here once during the month. We made a patrol trip up the Medano on a deer survey but didn't get far due to the snow.

Ranger Service

Two days of my annual leave were spent wrangling the Medano Ranch cattle. Two bad sections of the fence in the southwest corner of the monument were fixed to no avail as the cows are now going around and coming through the buried section near Little Spring. Repair of that part would be a major construction job so I am reconciled to chasing

cattle until the weather warms up just a little so they will have to stay closer to water.

Personnel

I started annual leave on December 13. The time has been spent here on the area.

(SIGNED)
Glen T. Bean
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona.

26 December 1951

Memorandum

To: General Superintendent, Southwestern Monuments

From: Acting, Superintendent, Montezuma Castle.

Subject: Monthly Narrative Report, December 1951

Weather: Cold, cloudy and rainy. Lows of from 14 to 31 above, highs of from 43 to 68, and .55 inches of rain during the month. Snow on the peaks most of the month and one day of heavy snow in the mountains which practically closed the Verde Valley to traffic from the outside.

Travel: Slow during the middle of the month but picking up during the holidays. 684 people in 219 cars visited the Castle and 324 people in 118 cars at the Well. A total of 1008 people and 332 cars. This is compared with 2179 visitors in Dec of 1950, an exceptional month, and 975 visitors in Dec. of 1949.

Interpretation: The Well museum was open 44 hours during the month and 79 people visited it. Approximately 645 people visited the Castle museum and 550 took the Sycamore trail. 324 people used the Loop Trail at the Well.

Archaeologist White drew up plans and drawings for the human figures to be placed in the Castle model. Plans were made for placing exhibits in the two side display cases in the model shelter.

Inspections: Tom Onstott spent Oct. 29 discussing the interpretation setup and the figures for the Castle model.

Visitors: On Dec. 8; T.M.N. Lewis, Dept. of Anthroplogy, University of Tennessee. On Dec. 9, Platt Cline, Editor of the Arizona Daily Sun, Flagstaff. Also on the 9th, Dr. and Mrs. H.S. Colton and Miss Katherine Bartlett of the Museum of Northern Arizona, Flagstaff. On the 15th Mr. Knox of the U.S. Fish and Wildlife.

Publicity: Sunset Magazine for November had a short article on the Verde Valley and how to reach the more importan points of interest, including the Castle and the Well.

Construction and Maintenance: Benches were installed at the new contact area in fron t of the Castle. The foundation was built for the model shelter. Both benches and shelter were painted. A drinking fountain was constructed near the benches. All that remains to be done to completer the project is to place the shelter on the foundation and the finishing of the trail.

At the Well 30 yards of dirt were used as fill along the Loop trail. White has under construction several signs for the Castle and Well to replace some of those made obsolete by the new construction work. The fence around the residence was completed and now White will only have to fight the gophers for his lawn as the cows have been excluded.

Personnel: Archaeologist White took Annual leave the week of Dec. 3. Supt Cook commenced annual leave the 15th and will be back on duty the 1st of the new year. The three trailmen were laid off the 21st until after the first.

Happy New Year!

Lloyd M. Pierson
Acting Superintendent.

Navajo National Monument
Tonalea, Arizona

December 17,1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report for December, 1951

Weather: Starting in late November and continuing to date, snow and freezing weather has prevailed with 14 inches of snow on the ground at one time. The low temperature was 5° above and the high to date is 41 degrees.

Travel: There were no visitors to this area this month.

Roads: A few hours were spent clearing snow from the roads. There were many drifts of several feet in depth. A set of heavy chains were loaned us by the Indian Service for use on our Galion Motor Patrol.

General: much time was spent on routine chores that always developpin winter weather.

The cast iron grate in the residence furnace broke and was taken to Flagstaff for repair.

Two trips, one to Tuba City and one to Shonto, were made, with sick people who needed hospitalization.

The winter coal supply was obtained.

Personnel: I am taking a few days leave during the Christmas season and will return by January 1, 1952.

We wish all our NPS friends a Merry Christmas and a Happy New Year.

John A. Aubuchon
Superintendent

RECEIVED DEC 1951

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
P. O. Box 38, Ajo, Arizona

December 26, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report, lml, December 1951

Weather

December has been unusually cold for this area and several cloudy days of strong cold winds have occurred. Rain fell in small amounts on the 13th and 24th for a total of .21 inch for this report period. This brings our total rainfall for the year to 10.53 inches which is a new record for the 8 year history of the weather station here and somewhat of a contrast to the record low of last year of 3.38 inches. High for this month was 80 degrees on the 30th of November with a low of 27 degrees on the 8th of December.

General

Most of the month was taken up with routine maintenance and visitor contact.

One of the extra Bureau of Animal Industry tent frames was converted to a laundry room to relieve the crowding of this equipment in the small temporary houses here.

Research

Collaborator Ezell continued the Archeological survey in the area. From the great number of sites and variety of material it seems that Organ Pipe Cactus was as popular, as a resort, in prehistoric times as it is now. All time that could be spared from other duties was given in assistance with this project.

Travel

We are now reaching the height of our visitor travel season with the usual number of campers and area use. The forty mile loop and natural history trail are very popular with the interested visitor.

Visitors

General Superintendent and Mrs. Davis were welcome visitors to the area on December 6 & 7th.

Mr. Nelson of the Region Three office and Mr. Ludden of the Washington office stopped in for a short visit on Dec. 7.

Ranger Forrest M. Benson of Saguaro was in the 15th to get the surplus light plants.

Personnel

Supervisory Ranger Leding and family are in Phoenix for Christmas. Leding also made an offical trip to Phoenix December 6 to procure parts and supplies.

Subject: Monthly Narrative Report, December 1951

General

Cool days and cold nights prevailed throughout most of the month of December. A number of storms occured with light rains falling on November 25, December 5, 12, and 20, also a very light snow on December 7.

The desert has responded to the above average rainfall. The Ocotillos, Brittle Bush and other plants have leafed out and many of the cacti are fat and succulent looking. If this type of weather should continue, Southern Arizona will probably have an excellent show of wildflowers and cacti blossoms in the Spring.

In spite of inclement weather on several peak days, which seemed to retard visitation, the month of December totals ran well ahead of last year. Prospects are good for another crop of winter visitors. Early estimates by the Tucson Sunshine Climate Club indicate a substantial upswing is in store for the Tucson area.

Special Activities

General Superintendent Davis, accompanied by Superintendent King, met with Dr. Harvill, President of the University of Arizona, to discuss the pending land exchange.

A short meeting was also held with George Chambers, Chairman of the Saguaro Land Committee, relative to the acquisition of lands.

Director Emeritus and Mrs. Demaray visited Saguaro on Dec. 16.

DEC 1951
RECEIVED
Region Three
Office

Status of Private Lands

Final deeds were acquired on the Freeman and Ellison properties on December 19 and were mailed together with supporting papers to the Regional Office. When the final opinion on these deeds is accomplished in the Attorney General's Office, it will mean that the green light can be given on the long awaited construction program at the new headquarters site. Much time was spent in obtaining the deeds, titles, etc. and searching records. We expect to obtain the deeds from the Garwood and Chamber of Commerce properties in the near future.

The State of Arizona has selected lands near Yuma to exchange for State owned lands in Saguaro National Monument. Latest word indicates that consummation of the exchange is close at hand.

Maintenance

Application of trend material to the Loop Road was continued through the month. Recent rains have helped to pack this material and, as a result, the loop road is in good condition.

Most of the upper section of the Pack Trail between Green Shack and Madrona Ranger Station has been rehabilitated.

All equipment was winterized late in November with Prestone anti-freeze.

New Construction

Account 332.06, Utility Extensions - Headquarters: 4,500 feet of 1½ inch pipe was received from Crane O'Fallon, Pueblo, Colorado. 630 feet of 1¼ inch pipe was delivered by Crane Co., Phoenix, plus a number of assorted valves and fittings. The Fairbanks-Morse water pump, sucker rod, and casing was received from Ronstadt Hardware Co., Tucson, Arizona.

Accessions

Two Onan Power Plants were transferred from Organ Pipe Cactus National Monument to Saguaro. It is planned to replace worn parts on our present plants from those acquired.

Thirty-two coils of No.10 telephone wire were acquired gratis from Mountain States Telephone and Telegraph Co.

Interpretive Services

A total of 1,332 persons in 425 parties were afforded interpretive service at Headquarters. This amounted to 98 hours for an average of 14 minutes per party.

Approximately 500 trail guide leaflets were distributed to visitors during the month attesting to the popularity of this media of interpretation.

Observations

A Western Robin was observed near the Loop Road on December 18. Resident birds are not as numerous at headquarters as in former years.

Ranger Don Zerbey observed a male javelina from a distance of twelve feet near the Peccary Den on December 9. Other than raising his hackles and sniffing the air in the general direction of Ben, he gave no other indication of being disturbed.

Travel

A total of 2,714 persons visited Saguaro National Monument in December. This is a decrease of 622 persons as compared to last month but an increase of 425 over the same month last year. If present travel trends continue, a new travel record for this area may be established for the 1952 Travel Year.

Visitors

Nov. 28 - Mr. & Mrs. R.J. Thornburg, Ornithologists, Tucson, Arizona.
Nov. 30 - K.L. Kwong, President, Bank of Canton, San Francisco, Cal.
Dr. Henry Tsang, San Francisco, Cal.
Dr. P.H. Elwood, N.P.S. Collaborator, Tucson, Arizona.
Ranger Harmon Maxon, Tuzigoot National Monument.
Dec. 3 - Dr. Marvin Fowler, Sr. Pathologist, Bureau of Plant Industry, Washington, D.C.
Dec. 7 - General Superintendent and Mrs. John Davis, Santa Fe, N.M.
Dec. 9 - Dr. Phillips, Botany Department, U. of Arizona.
Dec. 13 - Naturalist Richard Prasil and family, Carlsbad Caverns National Park.
Ranger Al Henson and family, Tumacacori National Monument.
Dec. 16 - Arthur E. Demaray, Director Emeritus, National Park Service.
Dec. 17 - Superintendent and Mrs. Charles Sharp, Tonto Nat. Monument.
Guide and Mrs. Joe Cosner, Tonto National Monument.
Leland Case, Associate Editor Rotary Magazine, Tucson.
Dec. 21 - Superintendent and Mrs. Harry J. Liek, Wind Cave Nat. Park.

Ranger Service

Supervisory Ranger Henson divided his time between interpretive activities at headquarters and maintenance work on the telephone lines. Park Ranger Zerbey accomplished office work and interpretive service at headquarters as well as general policing of the Loop Road and picnic area.

Personnel

Word was received here of the transfer and promotion of Forrest M. Benson Jr. to the position of Chief Ranger, Hot Springs National Park, effective some time in January. Our best wishes go with Forrest in his new assignment and added responsibility which we feel, he will discharge with proper decorum. I should also like to thank Mary Benson for her many courtesies extended to Service personnel, especially during the times when fire emergencies existed on the Rincon.

Catastrophe

Some time during the latter part of the month, when strong winds prevailed, the wind mill tower on the Chamber of Commerce well was blown down. We expect to be able to salvage it however, and eventually place it over the Converse Well in Section 16.

Samuel A. King

Tonto National Monument
Roosevelt, Arizona

December 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, 1ml, December, 1951

Weather. Rain on December 5, 12, 19, with a total of about 2 inches. A little snow on December 7. Winter arrived early this year, with many cold days, and freezing in the canyon several nights.

Visitors. There were visitors this month from Iran, Germany, France, Switzerland, Canada, and Alaska. NPS and others as follows:
General Superintendent and Mrs. John M. Davis, Santa Fe.
Mr. & Mrs. Kenny Wallace, Mesa Verde National Park.
Mr. Charles G. Burdick, U. S. Forest Service, Juneau, Alaska.
Robert, Mac, Lynn, and Mrs. O. O. Sharp, family of supt. Sharp, in for holidays.

Travel. Travel to Tonto showed a slight decrease of 64 persons, over the same month last year, with 1138 this December, 1202 last. This could easily be due to the construction on the entrance road, and to a few days of bad weather.

Personnel Action. Johnnie R. McComas was terminated from truck driver, on December 14. Mr. Robert H. Viklund was on duty as truck driver December 17 through 21, terminated, and entered as seasonal ranger, December 22.

Entrance road project. Considerable progress has been made on the entrance road. A large amount fo fill was required over the culverts, and a lot of earth moved, with bulldozer, loader, and trucks. Quite a bit of grader work will be done after Engineer Conn returns. Some blasting was necessary, and much rock removed from road shoulders. The road has been rough but passable since late November.

Residence-Utility area project. This road has been roughed in, a lot of boulders removed, and the utility area partially cleared.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Water System project. This project was started, and part of the pipe line ditch dug. Work on the reservoir has been postponed, as the location will be changed. 1675 feet of 1 1/2 inch line, and 289 feet of 2 1/2 inch pipe have been received, with about that much more to be delivered later.

General. Archaeologist Wenger and Supt. Sharp made a trip to Grand Canyon to borrow a dump truck. Mr. Wenger continued to Santa Fe, to pick up a water heater, trail booklets, and discuss Monument business.

Engineer Conn went to his home at Ardmore, Oklahoma, on leave over the holidays.

A new oil-burning heater was purchased for the trailer quarters to replace the L. P. gas heater, which would not work even after an overhaul in Globe.

The Onan power plant was worked over again, is now in operation. All equipment was tested for radiator antifreeze protection.

Superintendent Sharp returned the Chiricahua truck, December 17.

Wildlife. Several javelinas, and a raccoon were observed.

Flora. Quite a few wild buckwheat, desert marigold, and brittlebush plants have been in bloom this month.

Education. Occasionally our visitors contribute some remarkable information to our interpretive program. This month a woman from New York told us about how the Hohokam had learned the value of milk as a binding agent in adobe, and had used it in the plaster at Casa Grande. We carefully refrained from getting into any discussion as to the only possible source of milk available to the Hohokam at that time, long before the Spaniards brought in domestic animals.

Charles O. Sharp
Superintendent

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

December 28, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for December, 1951

Weather: Rainfall for the month was 1.24", more than average for December, but not remarkable. There was an early snowstorm, on the 7th. Maximum temperature of 77 occurred on December 1, minimum of 19 on December 9, neither being unusual. Cold weather was somewhat slow in arriving this autumn, and most of the autumn has been marked by an exceptionally few really clear days.

As of the close of December 24, rainfall here this year totalled 14.99", which is far higher than any other year in the past 13 for this area and vicinity. Much local speculation has been indulged as to how much if any of this extra moisture is "Krick Water." (Referring to Dr. Irving Krick, head of the Water Resources Development Corporation, which has done contract silver-iodide cloud seeding over this part of Arizona in the past year.)

Visitor Travel: This month: 3,123 persons, in 946 motor vehicles.
Highest previous December: 2,468 persons, in 1950.
Percent Increase - - - - + 26.5
Last 12 months - - - - - $ 42,283 visitors
Previous 12 months - - - : 30,540 "
Percent Increase - - - - : 38.4

Visitors: Among those present were:

November 30 - Congressman and Mrs. Harold (Porque) Patten, of Arizona, and Congressman and Mrs. Olin Teague.

December 4 - Regional Director and Mrs. M. R. Tillotson and daughter-in-law.

December 5 - Milton J. McColm, Regional Chief of Land and Recreational Planning, and Robert W. Ludden, Chief, River Basin Study Branch, National Park Service.

December 6 - Archaeologist Arthur White, Montezuma Castle Nat'l Monument. We didn't see him, but he signed the guest register.

December 7 - Chief Ranger and Mrs. Jack Wade and kids, Mesa Verde National Park.

December 9 - Mrs. Sam King and daughter Lillian, wife and daughter of Sup't. King of Saguaro National Monument.

Mr. and Mrs. Hub Chase. He was formerly maintenance superintendent at Grand Canyon National Park.

December 9 - Mr. V. F. Johnson, Portland, Michigan, who, on the current trip to date, had visited 83 National Park Service Areas in 3 months and 4 days. He has seen every National Park Service area in Arizona.

December 11 - Park Naturalist and Mrs. Dick Prasil and kids, of Carlsbad Caverns. They spent several days of annual leave visiting Ranger and Mrs. Henson here.

December 15 - J. C. Rintelen, Jr., Professor of Metallurgy, Texas Western College, El Paso, Texas. He was quite interested in our nature trail in the Patio garden.

December 16 - Miss Randi Digregrind, of Narvik, Norway. She is a student on a scholarship in a local private school. She says she feels the cold weather here more than she does at home, north of the Arctic Circle!

December 17 - Dr. Alexander Ruthven, famed zoologist and former president of the University of Michigan.

December 18 - Ranger and Mrs. Dan Zerbey, Saguaro National Monument.

December 22 - Mr. and Mrs. A. E. Demaray, who need no introduction. With them were Superintendent and Mrs. Harry J. Lieske, Wind Cave National Park.

Inspections: December 9 - General Superintendent John Davis. With him were Mrs. Davis, Mrs. Sam King and daughter, and Mr. and Mrs. Hub Chase.

December 19 - Park Landscape Architect Charles D. Carter, and children.

Maintenance: Maintenance work, of necessity, was reduced to the bare limit necessary to keep the area neat and intact, strictly routine for the most part. A gas line leak in the garage was repaired, some pruning and dead summer growth removal effected in the patio garden, planting of larkspurs was made in the poppy bed, some weed raking was done.

The annual equipment inventory was done. One business trip was made to Tucson to get further data on proposed new lamp purchases for the museum.

General: The superintendent prepared and submitted a revised boundary status report. Ranger Henson prepared a Weed Report for submission to the Weed Control Committee of the Interior and Agriculture Departments, thru channels.

The staff attended a night meeting of the Pimeria Alta Historical Society, at Colonel Gil Proctor's Pete Kitchen Ranch, 12 miles south of here. It was not long after the publication of Jackson's little book "Tumacacori's Yesterdays," and this brought about great quantities of back slapping and lengthy historical reminiscences by old-timers. At the end of the meeting we of Tumacacori left with a definite impression that we stack up OK with the numerous influential citizens of Nogales who attended.

The annual Christmas Eve party, held on the mission grounds in front of the church, was again a success. It was not as heavily attended as on some occasions, because a drizzling rain was falling during the entire proceedings, but many children of the District received Christmas stockings from a very real looking Santa Claus.

The holiday season has brought an avalanche of vacationers on us. We are acutely short-handed, without a maintenanceman or winter seasonal ranger. A replacement for the vacant maintenanceman position was due to go to work on the 20th of this month, but he caught the "flu" and has been knocked out since then. He will probably be able to report for duty by January 2. On that same date our winter seasonal ranger will enter on duty for a four month period.

We approach the close of our year with a fervent wish that the races of man may enter the new year with more tolerance and less fighting, more understanding and less haste, and a great deal more of real happiness than 1951 brought.

Earl Jackson
Superintendent

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

December 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot National Monument

Subject: Report 1st December 1951

There follows a narrative report of activities in this area.

GENERAL

Acquisition of The United Verde Copper Company was made for the monument library. The book, which contains a series of articles describing the organization, operations, and activities of this company in the Jerome mining district of Arizona, was donated by Mr. H.V. Young of Clarkdale, Arizona.

SPECIAL ACTIVITIES

On December nineteenth Ranger Max Maxson gave a luncheon talk for the Clarkdale chapter of the Kiwanis Club. The talk, as requested, was given on the subject of Peyote. A Peyote plant and old newspaper clippings were used as illustrative material. In addition to giving the history on the use of the plant, and singing a Peyote song for the group, Max told of his own experience with Peyote. The talk was well received.

VISITORS

449 visitors entered the area in 180 cars. This is a decrease of 44% from the December figures for 1950. There were no uniformed visitors from the armed forces.

405 visitors in 153 parties went through the museum.

458 visitors in 154 parties visited the ruin.

Of the total visitors, 68 in 20 cars entered early, late, or at noon and signed the out-door register where the Tuzigoot Trail Guide and two-fold leflets are available.

100% of our 8-12, 1-5 visitors were contacted.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

-1-

Organized Groups

On December 8, 16 members of Boy Scout Troop 28 from Jerome, Arizona visited the monument and camped on the nearby meadowland of the Clarkdale Dairy.

WEATHER

Weather was intermittently clear and rainy all month. On the bright, sunny days, several parties of visitors walked to the monument from Clarkdale, two miles away. Nighttime temperature reached a low of eleven above on December 20—this is the coldest recorded in several years. The cold was also accompanied by the first snow received at Tuzigoot in several years.

MAINTENANCE

The office desk was completely disassembled and all joints were glued and clamped. It is now back together in A-1 condition.

Museum roof leaks which had been spattering museum cases for some time were finally traced along a devious seepage track to a faulty gonola (rain spout) located several yards below the leak area. The leaks are now stopped.

Old Colony stain was applied to the rear door and door frame of the museum, to both doors and frames of the residence, to the service porch washes, and to the ½ mile road sign.

IMPROVEMENTS

A new screen was installed on the front ~~casement~~ door of the residence, and a new electric switch was installed in the kitchen wall.

New latches replaced the old on both screen doors of the residence.

A new lock was installed in the rear door of the museum.

Automatic oil feed for residence' two-therm space heater:

To eliminate the long-standing wasteful method of refueling the storage drums with stove oil for the residence, a completely automatic pumping arrangement was installed. Formerly it was necessary to negotiate the loan of a hand rotary pump, lower it into the furnace fuel tank, fill a five gallon can and empty it into the residence heater drums. Twenty trips were required to fill the two drums. Then the pump had to be returned. At a cost of less than the price of a rotary pump we installed a three-eighths inch copper tube from the furnace return line to the residence supply drum

(only one drum is now required). Inside the drum is a float valve which stops the flow of oil at three-fourths capacity. Thus normal operation of the furnace provides a constantly ample supply of oil for the residence heater.

Diseased plants and wind blown debris were removed from the cactus garden and the grounds were raked.

PITS

Dirt was raked around the cattle guard at the monument entrance to smooth the approach to it.

The entrance road was bladed on December nineteenth, following light rains. It is now well peaked and in good shape.

WILDLIFE OBSERVATIONS

On the nineteenth a flight of fifty-seven geese was seen wending its way south along the Verde River Valley, passing directly over the monument. Another flight of sixty-four was observed on the twenty-second flying west along the face of Mingus Mountain eight miles south of the monument.

On the twenty-first Maintenanceman Milton Retherill reported a flight of sixty robins passing south over the monument.

Two Western Mountain Bluebirds were seen on the twenty-second.

PERSONNEL

Ranger Maxson was on annual leave from November thirtieth --December third inclusive. During this period Max visited Saguaro and Chiricahua National Monuments, taking in the eight mile horseback trip at Chiricahua. Both of these visits were Max' first to these areas and were thus very enjoyable and informative.

Milton Retherill entered on duty as Maintenanceman on December first to help care for the monument while Ranger Maxson and Superintendent Jimmie Brewer were on annual leave.

Superintendent Brewer entered on annual leave on December fourth, remained on leave during the remainder of the month, and spent the Christmas Holidays with his family in Pasadena, California.

Submitted in the Superintendent's absence by:

Harmon D. Maxson

Harmon D. Maxson
Park Ranger

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Walnut Canyon National Monument
Flagstaff, Arizona

December 27, 1951

Memorandum

To: General Superintendent

From: Acting Superintendent, Walnut Canyon

Subject: Monthly Narrative report, December, 1951

Visitors this month 267; travel year to date 3749.

Weather Winter struck with a vengeance bringing more than a foot of snow in two heavy falls. A low of minus ei ght prompted donning the "woolies". Several spring-like days have melted all but the largest drifts in sheltered spots.

Administration On the 17th Supt. Hastings said farewell to Walnut Canyon and moved to Chaco Canyon to take over the superintendency there. Supt. Guillet from Chaco Canyon replaced Hastings. Supt. Guillet was here for two short visits during the month and has been on annual leave the remainder of the time. Preparations for annual reports have occupied much time.

Travel and use There were 267 visitors in 98 parties in the area this month. Inclement weather was responsible for 6 blank days. Snow and ice kept Island Trail travel to only 45 brave souls. The visitors represented 29 states, D.C., Hawaii, Canada, England, and Lebanon. The travel figures show a drop of 437 visitors from the December, 1950 period and a drop of 886 below the figure for November, 1951.

Trail Construction and Improvement The R-7 trail project was closed down for the winter on December 6th. The trail work is all but complete and the new pipe railing is yet to placed.

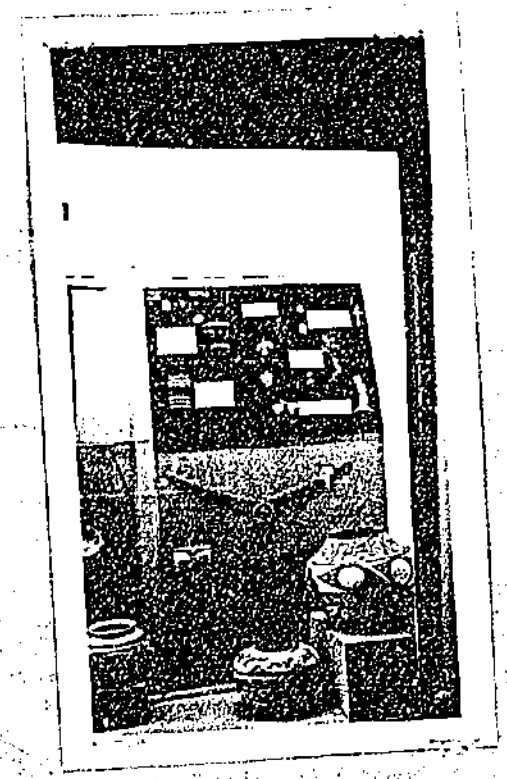
Maintenance Sawdust was placed in all meter boxes on the water line to prevent freezing. The entrance road was dragged by Monument personnel during a thaw to prevent washboards from freezing into the road. Snow was bladed from the road by the County grader; a nice gesture as we are without snow removal equipment.

Equipment Our dump truck has been on loan to Wupatki during the month. A print dryer was received from surplus. We were mislead on htis piece of equipment thinking it was a table model. It is a monstrosity weighing over 300 pounds and standing 10 feet high !

Communications The radio was taken to Chaco Canyon by Supt. Hastings to replace the set there. Until we receive the set presently there, we will be off the air. It is hoped that we can get our Hallicrafters HT-12 set in operation soon thereby eliminating the use of batteries. During a high wind blew a tree down on the telephone line causing a ground. The tree was removed.

Research and Observations Turkeys have been seen nearly every day in the area. Apparently the birds roost in the canyon and come out to feed on pinons during the day. Deer are quite common and three bucks were seen one day.

Museum Activities A fine display of Zuni jewelry showing the development of silver and turquoise work was loaned to the museum by C.G. Wallace of Gallup, N.M. The exhibit was mounted by archaeologist Onstott.



The Hopi rug on exhibit was returned to the Museum of Northern Arizona and was replaced by one purchased at the Arts and Crafts show last July at the Museum.

N.P.S. Visitors

November 28 - Tom Onstott
December 4 - Carl Alleman

Paul F. Spangle
Paul F. Spangle
Acting Superintendent

Collection of Zuni jewelry now in the museum.

WHITE SANDS

Box 231, Alamogordo, New Mexico

December 28 51

Memorandum

To: General Superintendent, SANM

From: White Sands

Subject: Superintendents Monthly Narrative, Report No. 1m1

December Travel, 1951	Travel Year to Date
Visitors - 5841; Cars - 2510	Visitors - 27,440; Cars - 6920
Armed Forces	
Visitors - 518	Visitors - 2169

GENERAL:

The first half of this period was quite pleasant but bad weather moved in on us December 7 and stayed bad most of the period. We had five inches of snow on the seventh and travel was at a standstill due to the snow in the mountains. San Augustine Pass to the SW of us was closed for awhile with 60 cars stalled on it and the highway around Ruidoso, NE of here was very dangerous for several days. So, with our highway blocked on both sides of us (U.S. 70), travel was cut to a minimum. In the remainder of the period we had two rains and the days were cold and cloudy, the high for the period was 78 on November 21 and the low was 14 on on December 19. During this period we had .11 inches of rain and 5 inches of snow.

INCREASE OR DECREASE IN TRAVEL:

Due to the bad weather, our travel for this month fell 801 visitors below last December making this one of the very few periods in the past several years, since the war in fact, that we haven't surpassed all previous like months in travel. This travel year is still 1,351 visitors ahead of last travel year.

SPECIAL ACTIVITIES:

The Comfort Station project at the picnic area has been shut down for the remainder of the year and will be started again after New Years. Several Trips were made to El Paso in connection with the project and Mr. Mott is on Annual Leave for the remainder of the year.

MAINTENANCE:

Our big headache this month has been our CAT diesel light plant. We had to take it to El Paso for a general overhaul and it has been there three weeks now waiting for parts. We are using a War Surplus emergency plant but it is on its last legs and will not handle the load and is very costly to operate, 25 - 30 gallons of gasoline a day.

Joe has been working over the site of the new sewer field with the grader and has been pretty busy on the roads in the sands as we have had several bad wind storms this month.

No new or large projects have been undertaken this period but routine maintenance has been kept current. Harold has been on annual leave most of the time and Ray and Joe have helped on the comfort stations whenever possible.

VISITORS:

Mr. & Mrs. Kennith Saunders	Region III
Mr. & Mrs. Bob Pletenberg	Region III
Mr. Jack Diehl	Region III

NATURE NOTES:

There have been several deer on the monument this fall, one was out by the picnic area and the other was watering at Garton Well. They were apparently forced out of the mountains during the hunting season.

PERSONNEL:

The Davis baby, born Thanksgiving, underwent an operation for Peloric Stenosis in El Paso, she was in the hospital for about a week but is home now and is doing fine.

Leave TAKEN:

Ranger Chittum has been on Annual Leave most of the month, hunting birds the first part and going to California to spend the Holidays with his parents the later part. Superintendent Faris has been on Leave off and on all month using up the remainder of this years accumulation. Ranger Davis took a couple days leave when the baby was in the hospital.

Dan E. Davis,
Park Ranger.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

Dec. 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report, Wupatki and Sunset Crater National Monuments

Weather:

The weather gave us everything it had to give this month. Rain, snow, sleet, fog, high winds and very cold seemed to be the order of the day. The maximum was 57 degrees on December 2 with a minimum of 10 on December 10. Precipitation was only .33 inches in the form of rain and snow. One inch of snow was on the ground on December 20 but most of the time it was just cold and spitting snow all around us. During three days of heavy fog the first part of the month it never got above freezing day and night and everything was covered with a heavy frost.

The rain gauges were measured for the Museum of Northern Arizona on the first and put in shape for winter snows.

The snow the first part of the month closed Sunset Crater. This is somewhat different than last year when it was only closed a few weeks all year. With the winter just starting it will be closed now for several months.

Maintenance:

Most maintenance work was spent on roads this month. We spent some time on the annual inventory of equipment and work is going on now in putting our equipment in order. The fire tools were gone over, handles checked and marked with red paint. Equipment was put in shape for winter.

Roads and Trails:

Work on clay plating our road continued in spite of bad weather and numerous breakdowns of equipment. A total of 184 loads of clay were hauled and 4 more miles of bad rocky places were covered. Work is starting now on covering bad places on the 14 mile entrance road from Highway 89. Our dump truck is at present in the Forest Service shop for repairs and we are using the truck from Walnut Canyon.

Interpretive Services:

At Wupatki, 29 people in 11 parties were contacted for an average time of 15 minutes per party.

Travel:

Travel took quite a drop under last December due to the bad weather all month. Wupatki had 40 cars and 97 people. There were 11 days this month with no travel at all. Sunset Crater had 16 cars and 41 people and was then closed by snow the first week in December.

Police Protection:

Someone broke into the register box at Sunset Crater the first part of the month. As there were only 5 books gone the total take could have only been .30¢. Collections have not been running 100% so it was no doubt less than that. A new and Stronger hasp will be installed.

Personnel:

Park Ranger William C. Bullard, Jr. went on annual leave December 19 for the remainder of the month.

Spring Flow: Wupatki - 360 GPD, A little less then last year this time.

Heiser - 3060 GPD This is 900 GPD over last year for Dec.

Frederick R. Brueck
Superintendent

White Sands	5,911	27,440	6,042	26,089	Loss-Month 2% Gain-Year 5%
Wupatki	97	1,303	217	1,070	Loss-Month 55% Gain-Year 22%
TOTALS	39,225	148,150	40,064	136,671	Loss-Month 2% Gain-Year 8%

(See reverse for notations, comments, etc.)

For the first time in many months, the travel figures showed a decrease over the corresponding period of the previous year. Only four areas (Casa Grande, Organ Pipe Cactus, Saguaro, and Tumacacori) reported a gain over December 1950. Very bad weather over most of the Southwestern National Monuments areas, including snow, cold, and rain, plus hazardous driving conditions, no doubt accounts for much of this decrease.

The gain for the travel year to date is %.

TITLE: ~~Park Ranger~~

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

RECEIVED DEC 1951 DEPT. OF THE INTERIOR NATIONAL PARK SERVICE

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT SM3) AND 9 (REPORT 9M3).

NAME Homer J. Farr
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME A. T. Ricknell
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND ACTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1. RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2. INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3. SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
Interpretive service at headquarters was constant throughout the month.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit room, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service Areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Due dus in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8a3) and 9 (Report 9a3).

NAME Gilbert H. Grosvenor
TITLE Archaeologist

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

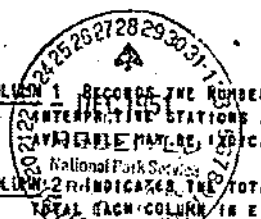
"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES. "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION. "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA. "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.



INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME *Paul F Spangle*

TITLE **Acting Superintendent**

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Contact was made and museum was open 8:00 a.m. to 5:00 p.m. daily

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.
INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Motel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.
INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Data due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REVISED MAY 1949.

Number Visitors to Area this Month

109
Total Interpretive Contacts.

Interpretive Activities Outside of the Area:

Govt. Publications	Sold	On Hand

REMARKS: After giving a short talk to visitors at ruin overlook they take the self guide booklet and make the trip around the ruin by themselves which we figure at around 35 minutes.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

NAME Frederick R. Brueck
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONTACT, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES. TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.
TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.
ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.
INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.
INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.
INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.
