

WATER-RIGHT DOCKET

Chickasaw National Recreation Area

Docket No: 17

BEACH SPRINGS, A.K.A. BLACK SULPHUR SPRING.

Preliminary Docket Information

08-15-1995: dockets; august 15, 1995

August 15, 1995

L54(479)

Memorandum

To: Files

From: Owen Williams, Chief, Water Rights Branch *OW*

Subject: Dockets

This is one of four springs in the "Beach Springs group" as defined by Charles N. Gould in 1905. The springs are named:

Beach Spring	Docket 17
Sand Spring	18
Beach Spring	38
Beach Spring	39

No water quality data are included in these CHIC springs dockets. If such become available, they should be added because of the original purposes for which the park was established. Water quality data would not normally be a part of a docket, but CHIC's springs were viewed as medicinal at the time of the park's establishment. This reason, among others, necessitated the protection and preservation of CHIC springs.

The State of Oklahoma has been informed of the U.S.'s claim to the springs but no quantification of a right under the reservation doctrine, or any other doctrine, has been made.

Mr. James R. Barnett
Executive Director
Oklahoma Water Resources Board
P.O. Box 53585
Oklahoma City, Oklahoma 73152

Dear Mr. Barnett:

Following the National Park Service's "Declaration of Water Rights" to all springs and wells (see Enclosure A for individual listing), at Chickasaw National Recreation Area dated May 9, 1983, enclosed you will find the following additional information:

1. Excerpts of correspondence, office memoranda, etc., dated from the early 1900's generally describing the development of selected springs within the Sulphur Springs Reservation (formerly Platt National Park).
2. Photographs showing visitor use of selected springs through the years.

In addition to the above declarations, the National Park Service obtains water from the following water sources for municipal purposes.

1. City of Sulphur, Oklahoma.
2. Rural Water District No. 1.
3. NPS Water Treatment Plant.

Municipal water purchased from the City of Sulphur and the Rural Water District No. 1 from 1976 to 1982 is as follows:

<u>Year</u>	<u>City of Sulphur</u>	<u>RWD No. 1</u>
1976	1.431	.003
1977	2.199	.021
1978	4.363	.032
1979	1.237	.133
1980	1.035	.068
1981	1.639	.015
1982	1.195	3.037

The above metered values are in million of gallons per year.

Supplemental mineral water is obtained from the overflow of an artesian well (Caylor Well), which is located on non-National Park Service property within Sulphur, Oklahoma. The water has been flowing into park land since 1937, as nearly as we are able to determine at this time. A formal agreement reflecting the above verbal agreement, which has been in effect since 1937(?) , was entered on June 3, 1961. The initial flow to the park from Caylor Well is estimated at 15 to 20 gallons per minute.

Visitation figures to the area (see Enclosure 3), compiled by the staff of Chickasaw National Recreation Area from 1907 to 1982 are also enclosed. As you will note, visitation to the area shows an increasing trend from 106,332 in 1904 to 2,094,319 in 1982. Visitation has increased in part because of the increasing size of the park and construction or replacement of physical facilities, plus the discovery of the recreational and aesthetic benefits of the area by first time visitors to the area.

Additional information is available, should you and the board request it. The information may take some time to secure as it is stored in Dallas, Texas. Obtaining additional information may require as much as two months work and attendant costs estimated at \$10,000.

Sincerely,

/S/ JACK NECKELS

Associate Regional Director,
Park Operations, SWR

Mr. James R. Barnett
Executive Director
Oklahoma Water Resources Board
P.O. Box 53583
Oklahoma City, Oklahoma 73152

Dear Mr. Barnett:

In accordance with an agreement reached during a meeting between members of our respective staffs on April 21, 1983, the National Park Service declares a water claim to all waters issuing from a total of 33 springs which were identified by Dr. Charles H. Gould, Professor of Geology at the University of Oklahoma, in 1906. In addition, the National Park Service declares its claims to water which issue from the Vendome Well, a free flowing artesian well.

Within 2 weeks, the National Park Service will submit under separate cover, two packages consisting of photographs and excerpts of correspondence dating back to the turn of the century, concerning these claims.

Sincerely,

/s/ Robert L. Kerr

Regional Director,
Southwest Region

DECLARATION OF OWNERSHIP OF WATER RIGHTS

Page 1 of 2

Nos. 14, 15-Beach Springs (Black Sulphur Springs)
 Basin Name Sulphur Artesian Basin

- Declaration No. _____ Date received _____
1. Name of Declarant United States of America through National Park Service
 Mailing Address Chickasaw National Recreation Area, Box 201, Sulphur, OK 73086
 County of Murray State of Oklahoma
2. Source of water supply Simpson/Arbuckle Group *(See 8A)
 (artesian or shallow water aquifer)
3. Describe well location under one of the subheadings:
 a. SW $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 3 Twp. 15 Rge. 3E 1PM in
Murray County.
 b. Tract No. _____ of Map No. _____ of the _____
 On land owned by the United States of America
4. Description of well: date drilled _____ driller _____ depth _____ feet.
 outside diameter of casing _____ inches; original capacity _____ gal. per min.; present
 capacity _____ gal. per min.; pumping lift _____ feet; static water level _____ feet (above)
 (below) land surface; make and type of pump _____
 Make, type, horsepower, etc., of power plant _____
 Fractional or percentage interest claimed in well _____
5. Quantity of water appropriated and beneficially used 70 gallons per minute from 3 springs
 *(See 8B) (acre feet per acre)
 historical and current uses: public drinking water, live-
for stock watering, education, recreation, fish purposes.
 (acre feet per annum) and wildlife including support of existing natural
riparian ecosystem.
6. Description of spring: Developed or Undeveloped (Circle One)
 Date Developed: _____ by unknown
7. Water was first applied to beneficial use 07 01 1902
 month day year
 and since that time has been used fully and continuously for the above described
 purpose in Number 5.
8. Additional statements or explanations A) Classified as three of four springs of the
Beach Springs Group by Dr. Charles N. Gould, Geologist, in "Report of Springs" -
August 13, 1906. B) Approximate flow determined by Dr. Charles N. Gould in 1905.
 C) See attached.

I, Robert J. Smith being first duly sworn upon my oath, depose
 and say that the above is a full and complete statement submitted in evidence of
 ownership of a valid water right, that I have carefully read each and all of the items
 contained therein and that the same are true to the best of my knowledge and belief.

Robert J. Smith declarant
 by _____

Subscribed and sworn to before me this 9th day of May, A.D., 1983
My Commission expires February 21, 1987 Ante S. Williams Notary Public

8. . This Declaration is provided pursuant to the policy of the Secretary of the Interior to recognize and grant deference to state laws, regulations and procedures where those secure water rights and uses of the United States. This Declaration is given as a matter of comity, cooperation and information. It does not consent to the jurisdiction of the State in regards to judicial or other adjudications, the rights of the United States to the use or amount of water, or the amount described in this Declaration. This Declaration cannot affect vested rights under Federal or State law.

These Declarations concerning ownership of or flows of springs - developed and undeveloped - and wells should be taken and considered in totality as part of the entire Chickasaw National Recreation Area.

Re: Determination of Prior Vested Ground Water Rights, Murray County

Dear Mr. Barnett:

In accordance with the conclusions reached during the discussion on April 21, among members of your staff, employees of the National Park Service, and me in the Office of the Chief, Division of Stream Water, concerning the determination of prior vested ground water rights in Murray County as they affect the Chickasaw National Recreation Area, additional time is hereby requested to May 9, 1983, within which National Park Service will submit evidence and information to supplement the record on behalf of historical uses by the National Recreation Area and its predecessor National Park.

It was agreed during our discussion that, subject to your approval of this request for additional time, supplemental information and evidence will be provided to O.W.R.B. by May 9 in order to allow timely completion of the ongoing determination process.

Sincerely yours,

Kathleen King
