Arlene,

Here it is. This will give you a visual as to how limited the wetland areas appear to be.

Thanks,

Peggy A. Gilbert, C.P.L.

Mrs. Gilbert,

Attached please find BEI's Upland Determination Package for the Peach Drilling and Production Pad expansion. I will send hard copies of all attachments via FedEx.

Please call if you have any questions.

Thank you,

Seth Gambill

Dear Peggy:

Re: Upland Boundary Determination, Proposed Drilling & Production Pad Expansion,
Peach Prospect, BNP Petroleum Corporation

Belaire Environmental, Inc. (BEI) performed an upland boundary determination at the referenced project area on August 2, 2004 (maps enclosed). BEI used methods previously approved by the Corps of Engineers (COE) to determine upland boundaries. Because the potential expansion areas are in upland communities previously verified by the COE, it is BEI's opinion that no COE wetland verification is necessary.

Thank you for the opportunity to assist you with this project. Feel free to call me (361-729-1241) or Charlie Belaire (361-729-2948) if you have any questions.

Sincerely,

Seth Gambill

Encl.
