December 21, 2004 Tuesday afternoon
VERY IMPORTANT - TIME CRUCIAL
Park Service,

I am writing to say that I am AGAINST drilling Dunn-Peach Wells (#2, 3, 4, 5 and 6) and any drilling at Padre Island National Seashore / Park. This is crucial. I hope that you receive this letter and soon. At the least, a FULL Environmental Impact Statement should be conducted to study the cumulative effects of this proposed drilling.

I ask that you SUPPORT the environmentally PREFERRED Alternative: Alternative A - NO ACTION. Also, I ask that the National Park Service BUY the oil AND gas rights under Padre Island AND retire them - permanently, please. Your help is greatly needed - now. Please save and protect God's creatures and the environment. Laws, rules, regulations and policies should become much stronger and be more strictly enforced to better help save and protect all animals and the environment - soon. Please help !!!!!!!!!!!!!!! Thank you.

Sincerely,

a member of THE SIERRA CLUB and a native Texan, a native Houstonian and a Padre Island vacationer,

Ms. Lisa Marshall (age 34)
