Re: BNP Petroleum Corporation "Plan of Operations to Drill and Produce the ST 991 #1, Dunn McCampbell 12A and Dunn McCampbell 11A Wells, and Operate the A8 Water Well" approved December 4, 2007

Dear Superintendent Escoto:

Pursuant to the requirements of the approved referenced plan this letter shall serve as notification that BNP Petroleum Corporation will begin drilling operations on ST 991 #1 and DM 11A and DM 12A wells beginning on December 27, 2007. BNP has secured Rathole Drilling Inc. to set the conductors and cellars for these wells. This activity will take approximately one week and will be followed soon thereafter with the mobilization of the drilling rig. BNP has secured Patterson Rig #516 for this drilling operation and will begin with the ST 991 #1 well. Drilling operations for this well will take approximately 30 days.

Please do not hesitate to contact me should you have any concerns or need additional information.

Sincerely,

A handwritten signature in blue ink, reading "Victor D. Lopez". The signature is fluid and cursive, with the first name "Victor" being more prominent.
