Dear Friend of Padre Island National Seashore:

Please find a copy of the Environmental Assessment, Statement of Findings for Floodplains, and Statement of Findings for Wetlands analyzing BNP Petroleum Corporation's ST 991 #1, Dunn-McCampbell 12A, and Dunn-McCampbell 11A natural gas wells within Padre Island National Seashore at <http://parkplanning.nps.gov>. The proposed operation would directionally drill the three wells from an existing expanded wellpad located within Padre Island National Seashore to bottom-hole locations east and southeast of the wellpad and located within the Park.

If you wish to comment on these documents, comments posted online at <http://parkplanning.nps.gov> are preferred, or you may mail comments to the name and address below or hand-deliver them to Park Headquarters, 20301 Park Road 22, Corpus Christi, Texas 78418. Comments must be received by close of business on November 15, 2007 to be accepted. If you are unable to obtain a digital copy of these documents or would like to receive a printed copy, please notify us at the phone number listed below.
