Dear Lloyd:

Re: Wetland Determination Report, Proposed Well Pad & Access Road,
BNP Petroleum Corporation, Yarbrough Pass,
Padre Island National Seashore (PINS)

Enclosed please find one copy of a wetland determination report prepared by Belaire Environmental, Inc. (BEI) for the referenced project. On behalf of BNP Petroleum Corp., I ask that you provide written verification of this determination at your earliest convenience.

We are assisting BNP with preparation of a Plan of Operations and Environmental Assessment of the proposed project. That document will be submitted to the PINS for evaluation. The written verification from the Corps is required as part of the PINS environmental assessment process. I am, thus, forwarding a copy of this correspondence to Arlene Wilmer of PINS for her records.

Please contact me to arrange a site visit if you deem that one is required.

Your prompt attention is appreciated.

Sincerely,

Charles E. Belaire
