Subject: comments on Lemon/Lemonseed EA #2

The EA looks very good. Impact thresholds and cumulative impacts make sense. Attached are a few minor comments (fixable in 15 minutes??)

Thanks for the opportunity to review this document again.

SUBJ: Lemon/Lemonseed EA review comments – 2nd Draft

DATE: July 18, 2002

The document is well organized and thorough. Here are a few minor suggestions:

1. Page 16, 1.4.3. Cultural Resources, Please replace the sentence, "Cultural resources are another mandatory topic requiring discussion in an NPS EA" with the following:

The National Historic Preservation Act, as amended in 1992 (16 USC 470 *et seq.*); the National Environmental Policy Act of 1969 (42 USC 4321 *et seq.*); and the National Park Service's Director's Order #28, *Cultural Resource Management Guideline* (1997), *Management Policies, 2001* (2000), and Director's Order #12, *Conservation Planning, Environmental Impact Analysis, and Decision Making* (2001) require the consideration of impacts on cultural resources listed in or eligible to be listed in the National Register of Historic Places. The National Park Service recognizes five categories of cultural resources: historic structures; ethnographic resources; cultural landscapes; archeological resources; and museum collections.

You may want to dismiss museum collections in this paragraph too.

2. Page 43, Adjacent Land Uses, last sentence. Take the word "of" out between "all....park resources"
3. General: In some sections of the document, the EA states that there are 13 Oil and Gas Operations within the park (pgs. 57, 63, 79), and in other areas, it states that there are 12 (pgs. 77, 100, 103). Please change to the correct number.
4. Pg. 108, Please correct, "Linda Dansby, NationalParks Service"
