Subject: BNP Directional Drilling

We're having a conference call with Supt. Whitworth and his staff tomorrow at 12:30pm (1:30pm for PAIS) to discuss BNP's directional drilling application - process and timeline, and information requirements for the application and NEPA analysis. This will help us to complete the draft letter for Jock to respond to BNP's request.

I will call GRD's conference room and Jock's office to connect everyone.

Linda
