Dear Mr. Hancock:

As Mr. Allen Lain stated to you in a recent phone conversation, Amoco Production Company wishes to amend the subject permit to allow for emergency helicopter landings at our facility site. It is our understanding that we have verbal permission to use this site for emergency landings until formal approval is obtained.

On a related matter, please advise us if a formal permit of some type will be issued based on our Plan of Operations or will your previous letter of acceptance serve as our permit.

If you have any questions, please contact Paul Gregory at (713) 482-7581.

Yours very truly,
