Mr. Billy Marcom
AMOCO Production Company
2403 S.E. Industrial Loop
Beeville, Texas 78102

Dear Mr. Marcom:

I would like to take this opportunity to express our sincere appreciation to Mr. Benny Craft, Contract Gauger, for AMOCO Sprint #1. Recently, Mr. Craft contacted my staff about removal and restoration of an abandoned access road, formerly used by SUN Production Co., that was located near your facility at Padre Island National Seashore.

Mr. Craft was very professional in both supervising the work and protecting the park's fragile environment. Mr. Craft worked very well with my staff and his efforts are commendable. His professionalism reflects well on AMOCO Production Company and yourself. We appreciate these efforts.

Please give our regards and thanks to Mr. Craft. We look forward to our continued working relationship between AMOCO and Padre Island National Seashore.

Sincerely,

Charles R. LaFrance
Acting Superintendent
