P.O. Box 3092

Dear Mr. Tayrien:

In April, Ms. Carmen Bredeson informed me that AMOCO Production Company was interested in receiving proposals from organizations conducting conservation projects. She stated that you were particularly interested in providing a donation to support of Kemp's ridley sea turtle conservation activities. I submitted a proposal to you at this address on April 14, 1993. However, I never received acknowledgement of receipt of the proposal or any communication regarding the status of that funding request. At this time, I would like to know whether you received that proposal. Also, I am interested in learning whether there is any possibility that Padre Island National Seashore will receive funding for this proposal in the future.

If you should have any questions or developments regarding this matter, please do not hesitate to contact John Miller, Chief, Resources Management, or myself (512-949-8173). Thank you again for your interest in our work.

Sincerely,

Donna J. Shaver
