15. Land and Water Conservation Fund Act

An Act to establish a land and water conservation fund to assist the States and Federal agencies in meeting present and future outdoor recreation demands and needs of the American people, and for other purposes. (78 Stat. 897)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—LAND AND WATER CONSERVATION PROVISIONS

SHORT TITLE AND STATEMENT OF PURPOSES

SECTION 1. (a) CITATION: EFFECTIVE DATE.—This Act may be cited as the "Land and Water Conservation Fund Act of 1965" and shall become effective on January 1, 1965.

(b) PURPOSES.—The purposes of this Act are to assist in preserving, developing, and assuring accessibility to all citizens of the United States of America of present and future generations and visitors who are lawfully present within the boundaries of the United States of America such quality and quantity of outdoor recreation resources as may be available and are necessary and desirable for individual active participation in such recreation and to strengthen the health and vitality of the citizens of the United States by (1) providing funds for and authorizing Federal assistance to the States in planning, acquisition, and development of needed land and water areas and facilities and (2) providing funds for the Federal acquisition and development of certain lands and other areas.

CERTAIN REVENUES PLACED IN SEPARATE FUND

SEC. 2. SEPARATE FUND.—During the period ending June 30, 1989, and during such additional period as may be required to repay any advances made pursuant to section 4(b) of this Act, there shall be covered into the land and water conservation fund in the Treasury of the United States, which fund is hereby established and is hereinafter referred to as the "fund", the following revenues and collections:

(a) ENTRANCE AND USER FEES: ESTABLISHMENT: REGULATIONS.—All proceeds from entrance, admission, and other recreation user fees or charges collected or received by the National Park Service, the Bureau of Land Management, the Bureau of Sport Fisheries and Wildlife, the Bureau of Reclamation, the Forest Service, the Corps of Engineers, the Tennessee Valley Authority, and the

United States section of the International Boundary and Water Commission (United States and Mexico), notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury; *Provided*, That nothing in this Act shall affect any rights or authority of the States with respect to fish and wildlife, nor shall this Act repeal any provision of law that permits States or political subdivisions to share in the revenues from Federal lands or any provision of law that provides that any fees or charges collected at particular Federal areas shall be used for or credited to specific purposes or special funds as authorized by the provision of law; but the proceeds from fees or charges established by the President pursuant to this subsection for entrance or admission generally to Federal areas shall be used solely for the purposes of this Act.

The President is authorized, to the extent and within the limits hereinafter set forth, to designate or provide for the designation of land or water areas administered by or under the authority of the Federal agencies listed in the preceeding paragraph at which entrance admission, and other forms of recreation user fees shall be charged and to establish and revise or provide for the establishment and revision of such fees as follows:

(i) An annual fee of not more than $7 payable by a person entering an area so designated by private noncommercial automobile which, if paid, shall excuse the person paying the same and anyone who accompanies him in such automobile from payment of any other fee for admission to that area and other areas administered by or under the authority of such agencies, except areas which are designated by the President as not being within the coverage of the fee, during the year for which the fee has been paid.

(ii) Fees for a single visit or a series of visits during a specified period of less than a year to an area so designated payable by persons who choose not to pay an annual fee under clause (i) of this paragraph or who enter such an area by means other than private noncommercial automobile.

(iii) Fees payable for admission to areas not within the coverage of a fee paid under clause (i) of this paragraph.

(iv) Fees for the use within an area of sites, facilities, equipment, or services provided by the United States.

Entrance and admission fees may be charged at areas administered primarily for scenic, scientific, historical, cultural, or recreational purposes. No entrance or admission fee shall be charged except at such areas or portions thereof administered by a Federal agency where recreation facilities or services are provided at Federal expense.

No fee of any kind shall be charged by a Federal agency under any provision of this Act for use of any waters. All fees established pursuant to this subsection shall be fair and equitable, taking into consideration direct and indirect cost to the Government, benefits to the recipient, public policy or interest served, and other pertinent factors. Nothing contained in this paragraph shall authorize Federal hunting or fishing licenses or fees or charges for commercial or other activities not related to recreation. No such fee shall be charged for travel by private noncommercial vehicle over any national parkway or any road or highway established as a part of the national Federal-aid system, as defined in section 101, title 23, United States Code, or any road within the National Forest system or a public land area, which, though it is part of a larger area, is commonly used by the public as a means of travel between two places either or both of which are outside the area. No such fee shall be charged any person for travel by private noncommercial vehicle over any road or highway to any land in which such person has any property right if such land is within any such designated area.

No fees established under clause (ii) or clause (iii) of the second paragraph of this subsection shall become effective with respect to any area which embraces lands more than half of which have heretofore been acquired by contribution from the government of the State in which the area is located until sixty days after the officer of the United States who is charged with responsibility for establishing such fees has advised the Governor of the affected State, or an agency of the State designated by the Governor for this purpose, of his intention so to do, and said officer shall, before finally establishing such fees, give consideration to any recommendation that the Governor or his designee may make with respect thereto within said sixty days and to all obligations, legal or otherwise, that the United States may owe to the State concerned and to its citizens with respect to the area in question. In the Smoky Mountains National Park, unless fees are charged for entrance into said park on main highways and thoroughfares, fees shall not be charged for entrance on other routes into said park or any part thereof.

There is hereby repealed the third paragraph from the end of the division entitled "National Park Service" of section 1 of the Act of March 7, 1928 (45 Stat. 238) and the second paragraph from the end of the division entitled "National Park Service" of section 1 of the Act of March 4, 1929 (45 Stat. 1602; 16 U.S.C. 14). Section 4 of the Act entitled "An Act authorizing the construction of certain public works on rivers and harbors for flood control, and for other purposes", approved December 24, 1944 (16 U.S.C. 460d), as amended by the Flood Control

Act of 1962 (76 Stat. 1195) is further amended by deleting "without charge," in the third sentence from the end thereof. All other provisions of law that prohibit the collection of entrance, admission, or other recreation user frees or charges authorized by this Act or that restrict the expediture of funds if such fees or charges are collected are hereby also repealed: *Provided*, That no provision of any law or treaty which extends to any person or class of persons a right of free access to the shoreline of any reservoir or other body of water, or to hunting and fishing along or on such shoreline, shall be affected by this repealer.

The heads of departments and agencies are authorized to prescribe rules and regulations for the collection of any entrance, admission, and other recreation user fees or charges established pursuant to this subsection for areas under their administration: *Provided further*, That no free passes shall be issued to any Member of Congress or other government official. Clear notice that a fee or charge has been established shall be posted at each area to which it is applicable. Any violation of any rules or regulations promulgated under this title at an area so posted shall be punishable by a fine of not more than $100. Any person charged with the violation of such rules and regulations may be tried and sentenced by any United States commissioner specially designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided for in title 18, United States Code, section 3401, subsections (b), (c), (d), and (e), as amended.

(b) SURPLUS PROPERTY SALES.—All proceeds (except so much thereof as may be otherwise obligated, credited, or paid under authority of those provisions of law set forth in section 485(b)–(e), title 40, United States Code, or the Independent Offices Appropriation Act, 1963 (76 Stat. 725) or in any later appropriation Act) hereafter received from any disposal of surplus real property and related personal property under the Federal Property and Administrative Services Act of 1949, as amended, notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury. Nothing in this Act shall affect existing laws or regulations concerning disposal of real or personal surplus property to schools, hospitals, and States and their political subdivisions.

(c) MOTORBOAT FUELS TAX.—The amounts provided for in section 201 of this Act.

SEC. 3. APPROPRIATIONS.—Moneys covered into the fund shall be available for expenditure for the purposes of this Act only when appropriated therefor. Such appropriations may be made without fiscal-year limitation. Moneys covered into this fund not subsequently author-

ized by the Congress for expenditures within two fiscal years following the fiscal year in which such moneys had been credited to the fund, shall be transferred to miscellaneous receipts of the Treasury.

ALLOCATION OF LAND AND WATER CONSERVATION FUND FOR STATE AND FEDERAL PURPOSES: AUTHORIZATION FOR ADVANCE APPROPRIATIONS

SEC. 4. (a) ALLOCATIONS.—There shall be submitted with the annual budget of the United States a comprehensive statement of estimated requirements during the ensuing fiscal year for appropriations from the fund. In the absence of a provision to the contrary in the Act making an appropriation from the fund, (i) the appropriation therein made shall be available in the ratio of 60 per centum for State purposes and 40 per centum for Federal purposes, but (ii) the President may, during the first five years in which appropriations are made from the fund, vary said percentages by not more than 15 points either way to meet, as nearly as may be, the current relative needs of the States and the Federal Government.

(b) ADVANCE APPROPRIATIONS; REPAYMENT.—Beginning with the third full fiscal year in which the fund is in operation, and for a total of eight years, advance appropriations are hereby authorized to be made to the fund from any moneys in the Treasury not otherwise appropriated in such amounts as to average not more than $60,000,000 for each fiscal year. Such advance appropriations shall be available for Federal and State purposes in the same manner and proportions as other moneys appropriated from the fund. Such advance appropriations shall be repaid without interest, beginning at the end of the next fiscal year after the first ten full fiscal years in which the fund has been in operation, by transferring, annually until fully repaid, to the general fund of the Treasury 50 per centum of the revenues received by the land and water conservation fund each year under section 2 of this Act prior to July 1, 1989, and 100 per centum of any revenues thereafter received by the fund. Revenues received from the sources specified in section 2 of this Act after July 1, 1989, or after payment has been completed as provided by this subsection, whichever occurs later, shall be credited to miscellaneous receipts of the Treasury. The moneys in the fund that are not required for repayment purposes may continue to be appropriated and allocated in accordance with the procedures prescribed by this Act.

FINANCIAL ASSISTANCE TO STATES

SEC. 5. GENERAL AUTHORITY; PURPOSES.—(a) The Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to provide financial assistance to

the States from moneys available for State purposes. Payments may be made to the States by the Secretary as hereafter provided, subject to such terms and conditions as he considers appropriate and in the public interest to carry out the purposes of this Act, for outdoor recreation: (1) planning, (2) acquisition of land, waters, or interests in land or waters, or (3) development.

(b) APPORTIONMENT AMONG STATES; NOTIFICATION.—Sums appropriated and available for State purposes for each fiscal year shall be apportioned among the several States by the Secretary, whose determination shall be final, in accordance with the following formula:

(1) two-fifths shall be apportioned equally among the several States; and

(2) three-fifths shall be apportioned on the basis of need to individual States by the Secretary in such amounts as in his judgment will best accomplish the purposes of this Act. The determination of need shall include among other things a consideration of the proportion which the population of each State bears to the total population of the United States and of the use of outdoor recreation resources of individual States by persons from outside the State as well as a consideration of the Federal resources and programs in the particular States.

The total allocation to an individual State under paragraphs (1) and (2) of this subsection shall not exceed 7 per centum of the total amount allocated to the several States in any one year.

The Secretary shall notify each State of its apportionments; and the amounts thereof shall be available thereafter for payment to such State for planning, acquisition, or development projects as hereafter prescribed. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which such notification is given and for two fiscal years thereafter shall be reapportioned by the Secretary in accordance with paragraph (2) of this subsection.

The District of Columbia, Puerto Rico, the Virgin Islands, Guam, and American Samoa shall be treated as States for the purposes of this title, except for the purpose of paragraph (1) of this subsection. Their population also shall be included as a part of the total population in computing the apportionment under paragraph (2) of this subsection.

(c) MATCHING REQUIREMENTS.—Payments to any State shall cover not more than 50 per centum of the cost of planning, acquisition, or development projects that are undertaken by the State. The remaining share of the cost shall be borne by the State in a manner and with such funds or services as shall be satisfactory to the Secretary. No payment may be made to any State for or on account

of any cost or obligation incurred or any service rendered prior to the date of approval of this Act.

(d) COMPREHENSIVE STATE PLAN REQUIRED; PLANNING PROJECTS.—A comprehensive statewide outdoor recreation plan shall be required prior to the consideration by the Secretary of financial assistance for acquisition or development projects. The plan shall be adequate if, in the judgment of the Secretary, it encompasses and will promote the purposes of this Act. The plan shall contain—

(1) the name of the State agency that will have authority to represent and act for the State in dealing with the Secretary for purposes of this Act;

(2) an evaluation of the demand for and supply of outdoor recreation resources and facilities in the State;

(3) a program for the implementation of the plan; and

(4) other necessary information, as may be determined by the Secretary.

The plan shall take into account relevant Federal resources and programs and shall be correlated so far as practicable with other State, regional, and local plans. Where there exists or is in preparation for any particular State a comprehensive plan financed in part with funds supplied by the Housing and Home Finance Agency, any statewide outdoor recreation plan prepared for purposes of this Act shall be based upon the same population, growth, and other pertinent factors as are used in formulating the Housing and Home Finance Agency financed plans.

The Secretary may provide financial assistance to any State for projects for the preparation of a comprehensive statewide outdoor recreation plan when such plan is not otherwise available or for the maintenance of such plan.

(e) PROJECTS FOR LAND AND WATER ACQUISITION; DEVELOPMENT.—In addition to assistance for planning projects, the Secretary may provide financial assistance to any State for the following types of projects or combinations thereof if they are in accordance with the State comprehensive plan:

(1) ACQUISITION OF LAND AND WATERS.—For the acquisition of land, waters, or interests in land or waters (other than land, waters, or interests in land or waters acquired from the United States for less than fair market value), but not including incidental costs relating to acquisition.

(2) DEVELOPMENT.—For development, including but not limited to site planning and the development of Federal lands under lease to States for terms of twenty-five years or more.

(f) REQUIREMENTS FOR PROJECT APPROVAL; CONDITION.—Payments may be made to States by the Secretary

only for those planning, acquisition, or development projects that are approved by him. No payment may be made by the Secretary for or on account of any project with respect to which financial assistance has been given or promised under any other Federal program or activity, and no financial assistance may be given under any other Federal program or activity for or on account of any project with respect to which such assistance has been given or promised under this Act. The Secretary may make payments from time to time in keeping with the rate of progress toward the satisfactory completion of individual projects: *Provided*, That the approval of all projects and all payments, or any commitments relating thereto, shall be withheld until the Secretary receives appropriate written assurance from the State that the State has the ability and intention to finance its share of the cost of the particular project, and to operate and maintain by acceptable standards, at State expense, the particular properties or facilities acquired or developed for public outdoor recreation use.

Payments for all projects shall be made by the Secretary to the Governor of the State or to a State official or agency designated by the Governor or by State law having authority and responsibility to accept and to administer funds paid hereunder for approved projects. If consistent with an approved project, funds may be transferred by the State to a political subdivision or other appropriate public agency.

No property acquired or developed with assistance under this section shall, without the approval of the Secretary, be converted to other than public outdoor recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions as he deems necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location.

No payment shall be made to any State until the State has agreed to (1) provide such reports to the Secretary, in such form and containing such information, as may be reasonably necessary to enable the Secretary to perform his duties under this Act, and (2) provide such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting for Federal funds paid to the State under this Act.

Each recipient of assistance under this Act shall keep such records as the Secretary of the Interior shall prescribe, including records which fully disclose the amount and the disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance is given

or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

The Secretary of the Interior, and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this Act.

(g) COORDINATION WITH FEDERAL AGENCIES.—In order to assure consistency in policies and actions under this Act, with other related Federal programs and activities (including those conducted pursuant to title VII of the Housing Act of 1961 and section 701 of the Housing Act of 1954) and to assure coordination of the planning, acquisition, and development assistance to States under this section with other related Federal programs and activities, the President may issue such regulations with respect thereto as he deems desirable and such assistance may be provided only in accordance with such regulations.

ALLOCATION OF MONEYS FOR FEDERAL PURPOSES

SEC. 6. (a) Money appropriated from the fund for Federal purposes, shall, unless otherwise allotted in the appropriation Act making them available, be allotted by the President to the following purposes and subpurposes in substantially the same proportion as the number of visitor-days in areas and projects hereinafter described for which admission fees are charged under section 2 of this Act:

An Act to amend title I of the Land and Water Conservation Fund Act of 1965, and for other purposes. (82 Stat. 354)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) section 2, subsection (a), of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897; 16 U.S.C. 460 l–5), except the fourth paragraph thereof, is repealed; said fourth paragraph is redesignated section 10 of said Act; and subsections (b) and (c) of said section 2 are redesignated (a) and (b), respectively.

(b) It is not the intent of the Congress by this repealer to indicate that Federal agencies which have under their administrative jurisdiction areas or facilities used or useful for outdoor recreation or which furnish services related to outdoor recreation shall not exercise any authority they may have, including authority under section 501 of the Act of August 31, 1951 (65 Stat. 290; 31 U.S.C. 483a), or any authority they may hereafter be given to make reasonable charges for admission to such areas, for the use of such facilities, or for the furnishing of such services. Except as otherwise provided by law or as may be required by lawful contracts entered into prior to September 3, 1964, providing that revenues collected at particular Federal areas shall be credited to specific purposes, all fees so charged shall be covered into a special account under the Land and Water Conservation Fund and shall be available for appropriation, without prejudice to appropriations from other sources for the same purposes, for any authorized outdoor recreation function of the agency by which the fees were collected.

(c) Section 6, subsection (a), of said Act is amended by striking out the words "in substantially the same proportion as the number of visitor-days in areas and projects hereinafter described for which admission fees are charged under section 2 of this Act".

(d) The provisions of subsections (a) and (c) of this section shall be effective March 31, 1970. Until that date, revenues derived from the subsection (a) that is repealed by this section shall continue to be covered into the fund.

SEC. 2. The aforesaid section 2 of the Land and Water Conservation Fund Act of 1965 is further amended by adding at the end thereof the following new subsection:

"(c)(1) OTHER REVENUES.—In addition to the sum of the revenues and collections estimated by the Secretary of the Interior to be covered into the fund pursuant to this section, as amended, there are authorized to be appropriated annually to the fund out of any money in the Treasury not otherwise appropriated such amounts as are necessary to make the income of the fund not less than $200,000,000 for each of the five fiscal years beginning July 1, 1968, and ending June 30, 1973.

"(2) To the extent that any such sums so appropriated are not sufficient to make the total annual income of the fund amount to $200,000,000 for each of such fiscal years, an amount sufficient to cover the remainder thereof shall be credited to the fund from revenues due and payable to the United States for deposit in the Treasury as miscellaneous receipts under the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 13331 et seq.): *Provided*, That notwithstanding the provisions of section 3 of this Act, moneys covered into the fund under this para-

graph shall remain in the fund until appropriated by the Congress to carry out the purpose of this Act."

SEC. 3. The first sentence of section 4, subsection (b), of the Land and Water Conservation Fund Act of 1965 is amended by deleting "for a total of eight years" and inserting in lieu thereof "until the end of fiscal year 1969".

SEC. 4. The Land and Water Conservation Fund Act of 1965 is further amended by adding thereto the following new sections:

"SEC. 8. Not to exceed $30,000,000 of the money authorized to be appropriated from the fund by section 3 of this Act may be obligated by contract during each of fiscal years 1969 and 1970 for the acquisition of lands, waters, or interests therein within areas specified in section 6(a)(1) of this Act. Any such contract may be executed by the head of the department concerned, within limitations prescribed by the Secretary of the Interior. Any such contract so entered into shall be deemed a contractual obligation of the United States and shall be liquidated with money appropriated from the fund specifically for liquidation of such contract obligation. No contract may be entered into for the acquisition of property pursuant to this section unless such acquisition is otherwise authorized by Federal law.

"SEC. 9. The Secretary of the Interior may enter into contracts for options to acquire lands, waters, or interests therein within the exterior boundaries of any area the acquisition of which is authorized by law for inclusion in the national park system. The minimum period of any such option shall be two years, and any sums expended for the purchase thereof shall be credited to the purchase price of said area. Not to exceed $500,000 of the sum authorized to be appropriated from the fund by section 3 of this Act may be expended by the Secretary in any one fiscal year for such options."

SEC. 5. (a) With respect to any property acquired by the Secretary of the Interior within a unit of the national park system or miscellaneous area, except property within national parks, or within national monuments of scientific significance, the Secretary may convey a freehold or leasehold interest therein, subject to such terms and conditions as will assure the use of the property in a manner which is, in the judgment of the Secretary, consistent with the purpose for which the area was authorized by the Congress. In any case in which the Secretary exercises his discretion to convey such interest, he shall do so to the highest bidder, in accordance with such regulations as the Secretary may prescribe, but such conveyance shall be at not less than the fair market value of the interest, as determined by the Secretary; except that if any such conveyance is proposed within two years after

the property to be conveyed is acquired by the Secretary, he shall allow the last owner or owners of record of such property thirty days following the date on which they are notified by the Secretary in writing that such property is to be conveyed within which to notify the Secretary that such owners wish to acquire such interest. Upon receiving such timely requests, the Secretary shall convey such interest to such person or persons, in accordance with such regulations as the Secretary may prescribe, upon payment or agreement to pay an amount equal to the highest bid price.

(b) The Secretary of the Interior is authorized to accept title to any non-Federal property or interest therein within a unit of the National Park System or miscellaneous area under his administration, and in exchange therefor he may convey to the grantor of such property or interest any Federally-owned property or interest therein under his jurisdiction which he determines is suitable for exchange or other disposal and which is located in the same State as the non-Federal property to be acquired: *Provided, however*, That timber lands subject to harvest under a sustained yield program shall not be so exchanged. Upon request of a State or a political subdivision thereof, or of a party in interest, prior to such exchange the Secretary or his designee shall hold a public hearing in the area where the lands to be exchanged are located. The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal, the values shall be equalized by the payment of cash to the grantor from funds appropriated for the acquisition of land for the area, or to the Secretary as the circumstances require.

(c) The proceeds received from any conveyance under this section shall be credited to the land and water conservation fund in the Treasury of the United States.

Approved July 15, 1968.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subsection 1(b) of the Act of July 15, 1968 (82 Stat. 354) is hereby repealed.

SEC.2 . The Land and Water Conservation Fund Act of 1965 (78 Stat. 897), as amended (16 U.S.C. 4601), is further amended by inserting the following new section and renumbering subsequent sections accordingly:

"ADMISSION AND SPECIAL RECREATION USE FEES: ESTABLISHMENT AND REGULATIONS

"SEC. 4. (a) ADMISSION FEES.—Entrance or admission fees shall be charged only at designated units of the National Park System administered by the Department of the Interior and National Recreation Areas administered by the Department of Agriculture. No admission fees of any kind shall be charged or imposed for entrance into any other Federally owned areas used for outdoor recreation purposes.

"(1) For admission into any such designated area, an annual admission permit (to be known as the 'Golden Eagle Passport') shall be available, for a fee of not more than $10. Any person purchasing the annual permit, and any person accompanying him, in a single, private, noncommercial vehicle shall be entitled to general admission into any admission fee area designated pursuant to this section during the calendar year in which the annual fee is paid, but such permit shall not authorize any use of specialized sites, facilities, equipment, or services for which additional fees are charged pursuant to subsection (b) of this section. The annual permit shall be nontransferable and the unlawful use thereof shall be punishable in accordance with regulations established pursuant to subsection (d). The annual permit shall be available for purchase through the offices of the Secretary of the Interior and the Secretary of Agriculture and

through all post offices of the first- and second-class and at such others as the Postmaster General shall direct. The Secretary of the Interior shall transfer to the Postal Service from the receipts thereof such funds as are adequate for the reimbursement of the cost of the service so provided.

"(2) Reasonable admission fees for a single visit at any designated area shall be established by the administering Secretary for persons who choose not to purchase the annual permit or who enter such an area by means other than by private, noncommercial vehicle.

"(3) No admission fee shall be charged for travel by private, noncommercial vehicle over any national parkway or any road or highway established as a part of the National Federal Aid System, as defined in section 101, title 23, United States Code, which is commonly used by the public as a means of travel between two places either or both of which are outside the area. Nor shall any fee be charged for travel by private, noncommercial vehicle over any road or highway to any land in which such person has any property right if such land is within any such designated area. In the Smoky Mountains National Park, unless fees are charged for entrance into said park on main highways and thoroughfares, fees shall not be charged for entrance on other routes into said park or any part thereof.

"(4) The Secretary of the Interior and the Secretary of Agriculture shall establish procedures providing for the issuance of an annual entrance permit (to be known as the 'Golden Age Passport') to any person sixty-two years of age or older applying for such permit. Such permit shall be nontransferable, shall be issued without charge, and shall entitle the bearer and any person accompanying the bearer in a single, private noncommercial vehicle to entry into any admission fee area designated pursuant to this section. No other free permits shall be issued to any person: *Provided*, That no fees of any kind shall be collected from any persons who have a right of access for hunting or fishing privileges under a specific provision of law or treaty or who are engaged in the conduct of official Federal, State, or local Government business and *Provided further*, That for no more than three years after date of enactment of this Act, visitors to the United States will be granted entrance, without charge, to any designated admission fee area upon presentation of a valid passport.

"(b) SPECIAL RECREATION USE FEES.—Each Federal agency developing, administering, or providing specialized sites, facilities, equipment, or services related to outdoor recreation shall provide for the collection of special recreation use fees for the use of sites, facilities, equipment, or services furnished at Federal expense.

"(1) Daily use fees for overnight occupancy within areas specially developed for such use shall be determined on the basis of the value of the capital improvements offered, the cost of the services furnished, and other pertinent factors. Any person bearing a valid Golden Age Passport issued pursuant to paragraph (4) of subsection (a) of this section shall be entitled upon presentation of such permit to utilize such special recreation facilities at a rate of fifty per centum of the established daily use fee.

"(2) Special recreation permits for uses such as group activities, recreation events, motorized recreation vehicles, and other specialized recreation uses may be issued in accordance with procedures and at fees established by the agency involved.

"(c) All fees established pursuant to this section shall be fair and equitable, taking into consideration the direct and indirect cost to the Government, the benefits to the recipient, the public policy or interest served, the comparable recreation fees charged by non-Federal public agencies, the economic and administrative feasibility of fee collection and other pertinent factors. Clear notice that an admission fee or special recreation use fee has been established shall be prominently posted at each area and at appropriate locations therein and shall be included in publications distributed at such areas. It is the intent of this Act that comparable fees should be charged by the several Federal agencies for comparable services and facilities.

"(d) In accordance with the provisions of this section, the heads of appropriate departments and agencies may prescribe rules and regulations for areas under their administration for the collection of any entrance fee and or special recreation use fee, as the case may be. Persons authorized by the heads of such Federal agencies to enforce any such rules or regulations issued under this subsection may, within areas under the administration or authority of such agency head and with, or if the offense is committed in his presence, without a warrant, arrest any person who violates such rules and regulations. Any person so arrested may be tried and sentenced by the United States magistrate specifically designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided in title 18, United States Code, section 3401, subsections (b), (c), (d), and (e), as amended. Any violations of the rules and regulations issued under this subsection shall be punishable by a fine of not more than $100.

"(e) Except as otherwise provided by law or as may be required by lawful contracts entered into prior to September 3, 1964, providing that revenues collected at

particular Federal areas shall be credited to specific purposes, all fees collected shall be covered into a special account in the Treasury of the United States to be administered in conjunction with, but separate from, the revenues in the Land and Water Conservation Fund. Revenues in the special account shall be available for appropriation, without prejudice to appropriations from other sources for the same purposes, for any authorized outdoor recreation function of the agency by which the fees were collected: *Provided, however*, That not more than forty per centum of the amount so credited may be appropriated during the five fiscal years following the enactment of this Act for the enhancement of the fee collection system established by this section, including the promotion and enforcement thereof.

"(f) Nothing in this Act shall authorize Federal hunting or fishing licenses or fees or charges for commercial or other activities not related to recreation, nor shall it affect any rights or authority of the States with respect to fish and wildlife, nor shall it repeal or modify any provision of law that permits States or political subdivisions to share in the revenues from Federal lands or any provision of law that provides that any fees or charges collected at particular Federal areas shall be used for or credited to specific purposes or special funds as authorized by that provision of law.

"(g) Periodic reports indicating the number and location of fee collection areas, the number and location of potential fee collection areas, capacity and visitation information, the fees collected, and other pertinent data, shall be coordinated and compiled by the Bureau of Outdoor Recreation and transmitted to the Committees on Interior and Insular Affairs of the United States House of Representatives and United States Senate. Such reports, which shall be transmitted no later than March 31 annually, shall include any recommendations which the Bureau may have with respect to improving this aspect of the land and water conservation fund program."

SEC. 3. (a) The Secretary of the Interior may establish and collect use or royalty fees for the manufacture, reproduction, or use of "The Golden Eagle Insignia," originated by the Department of the Interior and announced in the December 3, 1970, issue of the Federal Register (35 Federal Register 18376) as the official symbol for Federal recreation areas designated for recreation fee collection. Any fees collected pursuant to this subsection shall be covered into the Land and Water Conservation Fund.

"Whoever, except as authorized under rules and regulations issued by the Secretary of the Interior, knowingly manufactures, reproduces, or uses 'The Golden Eagle Insignia,' or any facsimile thereof, in such a manner as is likely to cause confusion, or to cause mistake, or to deceive, shall be fined not more than $250 or imprisoned not more than six months, or both.

"The use of any such emblem, sign, insignia, or words which was lawful on the date of enactment of this Act shall not be a violation of this section.

"A violation of this section may be enjoined at the suit of the Attorney General, upon complaint by the Secretary of the Interior."

(c) The analysis of chapter 33 immediately preceding section 701 of title 18 is amended by adding at the end thereon:

"715. 'The Golden Eagle Insignia'."

(d) The rights in "The Golden Eagle Insignia" under this Act, shall terminate if the use by the Secretary of the Interior of "The Golden Eagle Insignia" is abandoned. Nonuse for a continuous period of two years shall constitute abandonment.

TITLE I

DECLARATION OF NATIONAL ENVIRONMENTAL POLICY

SEC. 101. (a) The Congress, recognizing the profound impact of man's activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource exploitation, and new and expanding technological advances and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of man, declares that it is the continuing policy of the Federal Government, in cooperation with State and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to foster and promote the general welfare, to create and maintain conditions under which man and nature can exist in productive harmony, and fulfill the social, economic, and other requirements of present and future generations of Americans.

(b) In order to carry out the policy set forth in this Act, it is the continuing responsibility of the Federal Government to use all practicable means, consistent with other essential considerations of national policy, to improve and coordinate Federal plans, functions, programs, and resources to the end that the Nation may—

(1) fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(2) assure for all Americans safe, healthful, productive, and esthetically and culturally pleasing surroundings;

(3) attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(4) preserve important historic, cultural, and natural aspects of our national heritage, and maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(5) achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; and

(6) enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(c) The Congress recognizes that each person should enjoy a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

SEC. 102. The Congress authorizes and directs that, to the fullest extent possible: (1) the policies, regulations, and public laws of the United States shall be interpreted and administered in accordance with the policies set forth in this Act, and (2) all agencies of the Federal Government shall—

(A) utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking which may have an impact on man's environment;

(B) identify and develop methods and procedures, in consultation with the Council on Environmental Quality established by title II of this Act, which will insure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking along with economic and technical considerations;

(i) the environmental impact of the proposed action,

(ii) any adverse environmental effects which cannot be avoided should the proposal be implemented,

(iii) alternatives to the proposed action,

(iv) the relationship between local short-term uses of man's environment and the maintenance

and enhancement of long-term productivity, and,

(v) any irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented.

Prior to making any detailed statement, the responsibile Federal official shall consult with and obtain the comments of any Federal agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate Federal, State, and local agencies, which are authorized to develop and enforce environmental standards, shall be made available to the President, the Council on Environmental Quality and to the public as provided by section 552 of title 5. United States Code, and shall accompany the proposal through the existing agency review process;

(D) study, develop, and describe appropriate alternatives to recommended courses of action in any proposal which involves unresolved conflicts concerning alternative uses of available resources;

(E) recognize the worldwide and long-range character of environmental problems and, where consistent with the foreign policy of the United States, lend appropriate support to initiatives, resolutions, and programs designed to maximize international cooperation in anticipating and preventing a decline in the quality of mankind's world environment;

18. National Park Foundation

An Act to establish the National Park Foundation. (81 Stat. 656)

Be it enacted by the Senate and House of Representatives of the United States of America in America in Congress assembled, That in order to encourage private gifts of real and personal property or any income therefrom or other interest therein for the benefit of, or in connection with, the National Park Service, its activities, or its services, and thereby to further the conservation of natural, scenic, historic, scientific, educational, inspirational, or recreational resources for future generations of Americans, there is hereby established a charitable and nonprofit corporation to be known as the National Park Foundation to accept and administer such gifts.

SEC. 2. The National Park Foundation shall consist of a Board having as members the Secretary of the Interior, the Director of the National Park Service, ex officio, and no less than six private citizens of the United States appointed by the Secretary of the Interior whose initial terms shall be staggered to assure continuity of administration. Thereafter, the term shall be six years, unless a successor is chosen to fill a vacancy occurring prior to the expiration of the term for which his predecessor was chosen, in which event the successor shall be chosen only for the remainder of that term. The Secretary of the Interior shall be the Chairman of the Board and the Director of the National Park Service shall be the Secretary of the Board. Membership on the Board shall not be deemed to be an office within the meaning of the statutes of the United States. A majority of the members of the Board serving at any one time shall constitute a quorum for the transaction of business, and the Foundation shall have an official seal, which shall be judicially noticed. The Board shall meet at the call of the Chairman and there shall be at least one meeting each year.

No compensation shall be paid to the members of the Board for their services as members, but they shall be reimbursed for actual and necessary traveling and subsistence expenses incurred by them in the performance of their duties as such members out of National Park Foundation funds available to the Board for such purposes. The Foundation shall succeed to all right, title, and interest of the National Park Trust Fund Board established in any property or funds, including the National Park Trust Fund, subject to the terms and conditions thereof. The National Park Trust Fund is hereby abolished, and the Act of July 10, 1935 (49 Stat. 477; 16 U.S.C. 19 et seq.), as amended, is hereby repealed.

SEC. 3. The Foundation is authorized to accept, receive, solicit, hold, administer, and use any gifts, devises, or

bequests, either absolutely or in trust of real or personal property or any income therefrom or other interest therein for the benefit of or in connection with, the National Park Service, its activities, or its services: *Provided*, That the Foundation may not accept any such gift, devise, or bequest which entails any expenditure other than from the resources of the Foundation. An interest in the real property includes, among other things, easements or other rights for preservation, conservation, protection, or enhancement by and for the public of natural, scenic, historic, scientific, educational, inspirational, or recreational resources. A gift, devise, or bequest may be accepted by the Foundation even though it is encumbered, restricted, or subject to beneficial interests of private persons if any current or future interest therein is for the benefit of the National Park Service, its activities, or its services.

SEC. 4. Except as otherwise required by the instrument of transfer, the Foundation may sell, lease, invest, reinvest, retain, or otherwise dispose of or deal with any property or income thereof as the Board may from time to time determine. The Foundation shall not engage in any business, nor shall the Foundation make any investment that may not lawfully be made by a trust company in the District of Columbia, except that the Foundation may make any investment authorized by the instrument of transfer, and may retain any property accepted by the Foundation. The Foundation may utilize the services and facilities of the Department of the Interior and the Department of Justice, and such services and facilities may be made available on request to the extent practicable without reimbursement therefor.

SEC. 5. The Foundation shall have perpetual succession, with all the usual powers and obligations of a corporation acting as a trustee, including the power to sue and to be sued in its own name, but the members of the Board shall not be personally liable, except for malfeasance.

SEC. 6. The Foundation shall have the power to enter into contracts, to execute instruments, and generally to do any and all lawful acts necessary or appropriate to its purposes.

SEC. 7. In carrying out the provisions of this Act, the Board may adopt bylaws, rules, and regulations necessary for the administration of its functions and contract for any necessary services.

SEC. 8. The Foundation and any income or property received or owned by it, and all transactions relating to such income or property, shall be exempt from all Federal, State, and local taxation with respect thereto. The Foundation may, however, in the discretion of its directors, contribute toward the costs of local government in

amounts not in excess of those which it would be obligated to pay such government if it were not exempt from taxation by virtue of the foregoing or by virtue of its being a charitable and nonprofit corporation and may agree so to contribute with respect to property transferred to it and the income derived therefrom if such agreement is a condition of the transfer. Contributions, gifts, and other transfers made to or for the use of the Foundation shall be regarded as contributions, gifts, or transfers to or for the use of the United States.

SEC. 9. The United States shall not be liable for any debts, defaults, acts, or omissions of the Foundation.

SEC. 10. The Foundation shall, as soon as practicable after the end of each fiscal year, transmit to Congress an annual report of its proceedings and activities, including a full and complete statement of its receipt, expenditures, and investments.

19. National Trails System Act

An Act to establish a national trials system, and for other purposes. (82 Stat. 919)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "National Trails System Act".

STATEMENT OF POLICY

SEC. 2. (a) In order to provide for the ever-increasing outdoor recreation needs of an expanding population and in order to promote public access to, travel within, and enjoyment and appreciation of the open-air, outdoor areas of the Nation, trails should be established (i) primarily, near the urban areas of the Nation, and (ii) secondarily, within established scenic areas more remotely located.

(b) the purpose of this Act is to provide the means for attaining these objectives by instituting a national system of recreation and scenic trails, by designating the Appalachian Trail and the Pacific Crest Trail as the initial components of that system, and by prescribing the methods by which, and standards according to which, additional components may be added to the system.

NATIONAL TRAILS SYSTEM

SEC. 3. The national system of trails shall be composed of—

(a) National recreation trails, established as provided in section 4 of this Act, which will provide a variety of outdoor recreation uses in or reasonably accessible to urban areas.

(b) National scenic trails, established as provided in section 5 of this Act, which will be extended trails so located as to provide for maximum outdoor recreation potential and for the conservation and enjoyment of the nationally significant scenic, historic, natural, or cultural qualities of the areas through which such trails may pass.

(c) Connecting or side trails, established as provided in section 6 of this Act, which will provide additional points of public access to national recreation or national scenic trails or which will provide connections between such trails.

The Secretary of the Interior and the Secretary of Agriculture, in consultation with appropriate governmental agencies and public and private organizations,

shall establish a uniform marker for the national trails system.

NATIONAL RECREATION TRAILS

SEC. 4. (a) The Secretary of the Interior, or the Secretary of Agriculture, where lands administered by him are involved, may establish and designate national recreation trails, with the consent of the Federal agency, State, or political subdivision having jurisdiction over the lands involved, upon finding that—

(i) such trails are reasonably accessible to urban areas, and, or

(ii) such trails meet the criteria established in this Act and such supplementary criteria as he may prescribe.

(b) As provided in this section, trails within park, forest, and other recreation areas administered by the Secretary of the Interior or the Secretary of Agriculture or in other federally administered areas may be established and designated as "National Recreation Trails" by the appropriate Secretary and, when no Federal land acquisition is involved—

(i) trails in or reasonably accessible to urban areas may be designated as "National Recreation Trails" by the Secretary of the Interior with the consent of the States, their political subdivisions, or other appropriate administering agencies, and

(ii) trails within park, forest, and other recreation areas owned or administered by States may be designated as "National Recreation Trails" by the Secretary of the Interior with the consent of the State.

NATIONAL SCENIC TRAILS

SEC. 5. (a) National scenic trails shall be authorized and designated only by Act of Congress. There are hereby established as the initial National Scenic Trails:

(1) The Appalachian Trail, a trail of approximately two thousand miles extending generally along the Appalachian Mountains from Mount Katahdin, Maine, to Springer Mountain, Georgia. Insofar as practicable, the right-of-way for such trail shall comprise the trail depicted on the maps identified as "Nationwide System of Trails, Proposed Appalachian Trail, NST–AT–101–May 1967", which shall be on file and available for public inspection in the office of the Director of the National Park Service. Where practicable, such rights-of-way shall include lands protected for it under agreements in effect as of the date of enactment of this Act, to which Federal agencies and States were parties. The Appalachian Trail shall be administered primarily as a footpath by the Secretary of the Interior, in consultation with the Secretary of Agriculture.

(2) The Pacific Crest Trail, a trail of approximately two thousand three hundred fifty miles, extending from the Mexican-California border northward generally along the mountain ranges of the west coast States to the Canadian-Washington border near Lake Ross, following the route as generally depicted on the map, identified as "Nationwide System of Trails, Proposed Pacific Crest Trail, NST–PC–103–May 1967" which shall be on file and available for public inspection in the office of the Chief of the Forest Service. The Pacific Crest Trail shall be administered by the Secretary of Agriculture, in consultation with the Secretary of the Interior.

(3) The Secretary of the Interior shall establish an advisory council for the Appalachian National Scenic Trail, and the Secretary of Agriculture shall establish an advisory council for the Pacific Crest National Scenic Trail. The appropriate Secretary shall consult with such council from time to time with respect to matters relating to the trail, including the selection of rights-of-way, standards, of the erection and maintenance of markers along the trail, and the administration of the trail. The members of each advisory council, which shall not exceed thirty-five in number, shall serve without compensation or expense to the Federal Government for a term of five years and shall be appointed by the appropriate Secretary as follows:

(i) A member appointed to represent each Federal department or independent agency administering lands through which the trail route passes and each appointee shall be the person designated by the head of such department or agency;

(ii) A member appointed to represent each State through which the trail passes and such appointments shall be made from recommendations of the Governors of such States;

(iii) One or more members appointed to represent private organizations, including landowners and land users, that, in the opinion of the Secretary, have an established and recognized interest in the trail and such appointments shall be made from recommendations of the heads of such organizations: *Provided*, That the Appalachian Trail Conference shall be represented by a sufficient number of persons to represent the various sections of the country through which the Appalachian Trail passes; and

(iv) The Secretary shall designate one member to be chairman and shall fill vacancies in the same manner as the original appointment.

(b) The Secretary of the Interior, and the Secretary of Agriculture where lands administered by him are involved, shall make such additional studies as are herein or may hereafter be authorized by the Congress for the

purpose of determining the feasibility and desirability of designating other trails as national scenic trails. Such studies shall be made in consultation with the heads of other Federal agencies administering lands through which such additional proposed trails would pass and in cooperation with interested interstate, State, and local governmental agencies, public and private organizations, and landowners and land users concerned. When completed, such studies shall be the basis of appropriate proposals for additional national scenic trails which shall be submitted from time to time to the President and to the Congress. Such proposals shall be accompanied by a report, which shall be printed as a House or Senate document, showing among other things—

(1) the proposed route of such trail (including maps and illustrations);

(2) the areas adjacent to such trails, to be utilized for scenic, historic, natural, cultural, or developmental, purposes;

(3) the characteristics which, in the judgment of the appropriate Secretary, make the proposed trail worthy of designation as a national scenic trail;

(4) the current status of land ownership and current and potential use along the designated route;

(5) the estimated cost of acquisition of lands or interest in lands, if any;

(6) the plans for developing and maintaining the trail and the cost thereof;

(7) the proposed Federal administering agency (which, in the case of a national scenic trail wholly or substantially within a national forest, shall be the Department of Agriculture);

(8) the extent to which a State or its political subdivisions and public and private organizations might reasonably be expected to participate in acquiring the necessary lands and in the administration thereof; and

(9) the relative use of the lands involved, including: the number of anticipated visitor days for the entire length of, as well as for segments of, such trail; the number of months which such trail, or segments thereof, will be open for recreation purposes; the economic and social benefits which might accrue from alternate land uses; and the estimated man-years of civilian employment and expenditures expected for the purposes of maintenance, supervision, and regulation of such trail.

(c) The following routes shall be studied in accordance with the objectives outlined in subsection (b) of this section:

(1) Continental Divide Trail, a three-thousand-one-hundred-mile trail extending from near the Mexican

border in southwestern New Mexico northward generally along the Continental Divide to the Canadian border in Glacier National Park.

(2) Potomac Heritage Trail, an eight-hundred-and-twenty-five mile trail extending generally from the mouth of the Potomac River to its sources in Pennsylvania and West Virginia, including the one-hundred-and-seventy-mile Chesapeake and Ohio Canal towpath.

(3) Old Cattle Trails of the Southwest from the vicinity of San Antonio, Texas, approximately eight hundred miles through Oklahoma via Baxter Springs and Chetopa, Kansas, to Fort Scott, Kansas, including the Chisholm Trail, from the vicinity of San Antonio or Cuero, Texas, approximately eight hundred miles north through Oklahoma to Abilene, Kansas.

(4) Lewis and Clark Trail, from Wood River, Illinois, to the Pacific Ocean in Oregon, following both the outbound and inbound routes of the Lewis and Clark Expedition.

(5) Natchez Trace, from Nashville, Tennessee, approximately six hundred miles to Natchez, Mississippi.

(6) North Country Trail, from the Appalachian Trail in Vermont, approximately three thousand two hundred miles through the States of New York, Pennsylvania, Ohio, Michigan, Wisconsin, and Minnesota, to the Lewis and Clark Trail in North Dakota.

(8) Oregon Trail, from Independence, Missouri, approximately two thousand miles to near Fort Vancouver, Washington.

(9) Santa Fe Trail, from Independence, Missouri, approximately eight hundred miles to Sante Fe, New Mexico.

(10) Long Trail, extending two hundred and fifty-five miles from the Massachusetts border northward through Vermont to the Canadian border.

(11) Mormon Trail, extending from Nauvoo, Illinois, to Salt Lake City, Utah, through the States of Iowa, Nebraska, and Wyoming.

(12) Gold Rush Trails in Alaska.

(13) Mormon Battalion Trail, extending two thousand miles from Mount Pisgah, Iowa, through Kansas, Colorado, New Mexico, and Arizona to Los Angeles, California.

(14) El Camino Real from St. Augustine to San Mateo, Florida, approximately 20 miles along the southern boundary of the St. Johns River from Fort Caroline National Memorial to the St. Augustine National Park Monument.

CONNECTING AND SIDE TRAILS

SEC. 6. Connecting or side trails within park, forest, and other recreation areas administered by the Secretary of the Interior or Secretary of Agriculture may be established, designated, and marked as components of a national recreation or national scenic trail. When no Federal land acquisition is involved, connecting or side trails may be located across lands administered by interstate, State, or local governmental agencies with their consent: *Provided*, That such trails provide additional points of public access to national recreation or scenic trails.

ADMINISTRATION AND DEVELOPMENT

SEC. 7. (a) Pursuant to section 5(a), the appropriate Secretary shall select the rights-of-way for National Scenic Trails and shall publish notice thereof in the Federal Register, together with appropriate maps and descriptions: *Provided*, That in selecting the rights-of-way full consideration shall be given to minimizing the adverse effects upon the adjacent landowner or user and his operation. Development and management of each segment of the National Trails System shall be designed to harmonize with and complement any established multiple-use plans for that specific area in order to insure continued maximum benefits from the land. The location and width of such rights-of-way across Federal lands under the jurisdiction of another Federal agency shall be by agreement between the head of that agency and the appropriate Secretary. In selecting rights-of-way for trail purposes, the Secretary shall obtain the advice and assistance of the States, local governments, private organizations, and landowners and land users concerned.

(b) After publication of notice in the Federal Register, together with appropriate maps and descriptions, the Secretary charged with the administration of a national scenic trail may relocate segments of a national scenic trail right-of-way, with the concurrence of the head of the Federal agency having jurisdiction over the lands involved, upon a determination that: (i) such a relocation is necessary to preserve the purposes for which the trail was established, or (ii) the relocation is necessary to promote a sound land management program in accordance with established multiple-use principles: *Provided*, That a substantial relocation of the rights-of-way for such trail shall be by Act of Congress.

(c) National scenic trails may contain campsites, shelters, and related-public-use facilities. Other uses along the trail, which will not substantially interfere with the nature and purposes of the trail, may be permitted by the Secretary charged with the administration of the trail. Reasonable efforts shall be made to provide sufficient

access opportunities to such trails and, to the extent practicable, efforts shall be made to avoid activities incompatible with the purposes for which such trails were established. The use of motorized vehicles by the general public along any national scenic trail shall be prohibited and nothing in this Act shall be construed as authorizing the use of motorized vehicles within the natural and historical areas of the national park system, the national wildlife refuge system, the national wilderness preservation system where they are presently prohibited or on other Federal lands where trails are designated as being closed to such use by the appropriate Secretary: *Provided*, That the Secretary charged with the administration of such trail shall establish regulations which shall authorize the use of motorized vehicles when, in his judgment, such vehicles are necessary to meet emergencies or to enable adjacent landowners or land users to have reasonable access to their lands or timber rights: *Provided further*, That private lands included in the national recreation or scenic trails by cooperative agreement of a landowner shall not preclude such owner from using motorized vehicles on or across such trails or adjacent lands from time to time in accordance with regulations to be established by the appropriate Secretary. The Secretary of the Interior and the Secretary of Agriculture, in consultation with appropriate governmental agencies and public and private organizations, shall establish a uniform marker, including thereon an appropriate and distinctive symbol for each national recreation and scenic trail. Where the trails cross lands administered by Federal agencies such markers shall be erected at appropriate points along the trails and maintained by the Federal agency administering the trail in accordance with standards established by the appropriate Secretary and where the trails cross non-Federal lands, in accordance with written cooperative agreements, the appropriate Secretary shall provide such uniform markers to cooperating agencies and shall require such agencies to erect and maintain them in accordance with the standards established.

(d) Within the exterior boundaries of areas under their administration that are included in the right-of-way selected for a national recreation or scenic trail, the heads of Federal agencies may use lands for trail purposes and may acquire lands or interests in lands by written cooperative agreement, donation, purchase with donated or appropriated funds or exchange: *Provided*, That not more than twenty-five acres in any one mile may be acquired without the consent of the owner.

(e) Where the lands included in a national scenic trail right-of-way are outside of the exterior boundaries of federally administered areas, the Secretary charged with

the administration of such trail shall encourage the States or local governments involved (1) to enter into written cooperative agreements with landowners, private organizations, and individuals to provide the necessary trail right-of-way, or (2) to acquire such lands or interests therein to be utilized as segments of the national scenic trail: *Provided*, That if the State or local governments fail to enter into such written cooperative agreements or to acquire such lands or interests therein within two years after notice of the selection of the right-of-way is published, the appropriate Secretary may (i) enter into such agreements with landowners, States, local governments, private organizations, and individuals for the use of lands for trail purposes, or (ii) acquire private lands or interests therein by donation, purchase with donated or appropriated funds or exchange in accordance with the provisions of subsection (g) of this section. The lands involved in such rights-of-way should be acquired in fee, if other methods of public control are not sufficient to assure their use for the purpose for which they are acquired: *Provided*, That if the Secretary charged with the administration of such trail permanently relocates the right-of-way and disposes of all title or interest in the land, the original owner, or his heirs or assigns, shall be offered, by notice given at the former owner's last known address, the right of first refusal at the fair market price.

(f) The Secretary of the Interior, in the exercise of his exchange authority, may accept title to any non-Federal property within the right-of-way and in exchange therefor he may convey to the grantor of such property any federally owned property under his jurisdiction which is located in the State wherein such property is located and which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal the values shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require. The Secretary of Agriculture, in the exercise of his exchange authority, may utilize authorities and procedures available to him in connection with exchanges of national forest lands.

(g) The appropriate Secretary may utilize condemnation proceedings without the consent of the owner to acquire private lands or interests therein pursuant to this section only in cases where, in his judgment, all reasonable efforts to acquire such lands or interests therein by negotiation have failed, and in such cases he shall acquire only such title as, in his judgment, is reasonably necessary to provide passage across such lands: *Provided*, That condemnation proceedings may not be utilized to acquire fee title or lesser interests to more than

twenty-five acres in any one mile and when used such authority shall be limited to the most direct or practicable connecting trail right-of-way: *Provided further*, That condemnation is prohibited with respect to all acquisition of lands or interest in lands for the purposes of the Pacific Crest Trail. Money appropriated for Federal purposes from the land and water conservation fund shall, without prejudice to appropriations from other sources, be available to Federal departments for the acquisition of lands or interests in lands for the purposes of this Act.

(h) The Secretary charged with the administration of a national recreation or scenic trail shall provide for the development and maintenance of such trails within federally administered areas and shall cooperate with and encourage the States to operate, develop, and maintain portions of such trails which are located outside the boundaries of federally administered areas. When deemed to be in the public interest, such Secretary may enter written cooperative agreements with the States or their political subdivisions, landowners, private organizations, or individuals to operate, develop, and maintain any portion of a national scenic trail either within or outside a federally administered area.

Whenever the Secretary of the Interior makes any conveyance of land under any of the public land laws, he may reserve a right-of-way for trails to the extent he deems necessary to carry out the purposes of this Act.

(i) The appropriate Secretary, with the concurrence of the heads of any other Federal agencies administering lands through which a national recreation or scenic trail passes, and after consultation with the States, local governments, and organizations concerned, may issue regulation, which may be revised from time to time, governing the use, protection, management, development, and administration of trails of the national trails system. In order to maintain good conduct on and along the trails located within federally administered areas and to provide for the proper government and protection of such trails, the Secretary of the Interior and the Secretary of Agriculture shall prescribe and publish such uniform regulations as they deem necessary and any person who violates such regulations shall be guilty of a misdemeanor, and may be punished by a fine of not more than $500, or by imprisonment not exceeding six months, or by both such fine and imprisonment.

STATE AND METROPOLITAN AREA TRAILS

SEC. 8. (a) The Secretary of the Interior is directed to encourage States to consider, in their comprehensive statewide outdoor recreation plans and proposals for financial assistance for State and local projects submitted

He is further directed, in accordance with the authority contained in the Act of May 28, 1963 (77 Stat. 49), to encourage States, political subdivisions, and private interests, including nonprofit organizations, to establish such trails.

(d) Such trails may be designated and suitably marked as parts of the nationwide system of trails by the States, their political subdivisions, or other appropriate administering agencies with the approval of the Secretary of the Interior.

RIGHTS-OF-WAY AND OTHER PROPERTIES

SEC. 9. (a) The Secretary of the Interior or the Secretary of Agriculture as the case may be, may grant easements and rights-of-way upon, over, under, across, or along any component of the national trails system in accordance with the laws applicable to the national park system and the national forest system, respectively: *Provided*, That any conditions contained in such easements and rights-of-way shall be related to the policy and purposes of this Act.

(b) The Department of Defense, the Department of Transportation, the Interstate Commerce Commission, the Federal Communications Commission, the Federal Power Commission, and other Federal agencies having jurisdiction or control over or information concerning the use, abandonment, or disposition of roadways, utility rights-of-way, or other properties which may be suitable for the purpose of improving or expanding the national trails system shall cooperate with the Secretary of the Interior and the Secretary of Agriculture in order to assure, to the extent practicable, that any such properties having values suitable for trail purposes may be made available for such use.

24. Wild and Scenic Rivers Act

An Act to provide for a National Wild and Scenic Rivers System, and for other purposes. (82 Stat. 906)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) this Act may be cited as the "Wild and Scenic Rivers Act."

(b) It is hereby declared to be the policy of the United States that certain selected rivers of the Nation which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values, shall be preserved in free-flowing condition, and that they and their immediate environments shall be protected for the benefit and enjoyment of present and future generations. The Congress declares that the established national policy of dam and other construction at appropriate sections of the rivers of the United States needs to be complemented by a policy that would preserve other selected rivers or sections thereof in their free-flowing condition to protect the water quality of such rivers and to fulfill other vital national conservation purposes.

(c) The purpose of this Act is to implement this policy by instituting a national wild and scenic rivers system, by designating the initial components of that system, and by prescribing the methods by which and standards according to which additional components may be added to the system from time to time.

SEC. 2. (a) The national wild and scenic rivers system shall comprise rivers (i) that are authorized for inclusion therein by Act of Congress, or (ii) that are designated as wild, scenic or recreational rivers by or pursuant to an act of the legislature of the State or States through which they flow, that are to be permanently administered as wild, scenic or recreational rivers by an agency or political subdivision of the State or States concerned without expense to the United States, that are found by the Secretary of the Interior, upon application of the Governor of the State or the Governors of the States concerned, or a person or persons thereunto duly appointed by him or them, to meet the criteria established in this Act and such criteria supplementary thereto as he may prescribe, and that are approved by him for inclusion in the system, including, upon application of the Governor of the State concerned, the Allagash Wilderness Waterway, Maine, and that segment of the Wolf River, Wisconsin, which flows through Langlade County.

(b) A wild, scenic or recreational river area eligible to be included in the system is a free-flowing stream and

the related adjacent land area that possesses one or more of the values referred to in section 1, subsection (b) of this Act. Every wild, scenic or recreational river in its free-flowing condition, or upon restoration to this condition, shall be considered eligible for inclusion in the national wild and scenic rivers system and, if included, shall be classified, designated, and administered as one of the following:

(1) Wild river areas—Those rivers or sections of rivers that are free of impoundments and generally inaccessible except by trail with watersheds or shorelines essentially primitive and waters unpolluted. These represent vestiges of primitive America.

(2) Scenic river areas—Those rivers or sections of rivers that are free of impoundments, with shorelines or watersheds still largely primitive and shorelines largely undeveloped, but accessible in places by roads.

(3) Recreational river areas—those rivers or sections of rivers that are readily accessible by road or railroad, that may have some development along their shorelines, and that may have undergone some impoundment or diversion in the past.

SEC. 3. (a) The following rivers and the land adjacent thereto are hereby designated as components of the national wild and scenic rivers system:

(1) CLEARWATER, MIDDLE FORK, IDAHO.—The Middle Fork from the town of Kooskia upstream to the town of Lowell; the Lochsa River from its junction with the Selway at Lowell forming the Middle Fork, upstream to the Powell Ranger Station; and the Selway River from Lowell upstream to its origin; to be administered by the Secretary of Agriculture.

(2) ELEVEN POINT, MISSOURI.—The segment of the river extending downstream from Thomasville to State Highway 142; to be administered by the Secretary of Agriculture.

(3) FEATHER, CALIFORNIA.—The entire Middle Fork; to be administered by the Secretary of Agriculture.

(4) RIO GRANDE, NEW MEXICO.—The segment extending from the Colorado State line downstream to the State Highway 96 crossing, and the lower four miles of the Red River; to be administered by the Secretary of the Interior.

(5) ROGUE, OREGON.—The segment of the river extending from the mouth of the Applegate River downstream to the Lobster Creek Bridge; to be administered by agencies of the Departments of the Interior or Agriculture as agreed upon by the Secretaries of said Departments or as directed by the President.

(6) SAINT CROIX, MINNESOTA AND WISCONSIN.—The segment between the dam near Taylors Falls, Minnesota,

and the dam near Gordon, Wisconsin, and its tributary, the Namekagon, from Lake Namekagon downstream to its confluence with the Saint Croix; to be administered by the Secretary of the Interior: *Provided*, That except as may be required in connection with items (a) and (b) of this paragraph, no funds available to carry out the provisions of this Act may be expended for the acquisition or development of lands in connection with, or for administration under this Act of, that portion of the Saint Croix River between the dam near Taylors Falls, Minnesota, and the upstream end of Big Island in Wisconsin, until sixty days after the date on which the Secretary has transmitted to the President of the Senate and Speaker of the House of Representatives a proposed cooperative agreement between the Northern States Power Company and the United States (a) whereby the company agrees to convey to the United States, without charge, appropriate interests in certain of its lands between the dam near Taylors Falls, Minnesota, and the upstream end of Big Island in Wisconsin, including the company's right, title, and interest to approximately one hundred acres per mile, and (b) providing for the use and development of other lands and interests in land retained by the company between said points adjacent to the river in a manner which shall complement and not be inconsistent with the purposes for which the lands and interests in land donated by the company are administered under this Act. Said agreement may also include provision for State or local governmental participation as authorized under subsection (e) of section 10 of this Act.

(7) SALMON, MIDDLE FORK, IDAHO.—From its origin to its confluence with the main Salmon River; to be administered by the Secretary of Agriculture.

(8) WOLF, WISCONSIN.—From the Langlade-Menominee County line downstream to Keshena Falls; to be administered by the Secretary of the Interior.

(b) The agency charged with the administration of each component of the national wild and scenic rivers system designated by subsection (a) of this section shall, within one year from the date of this Act, establish detailed boundaries therefor (which boundaries shall include an average of not more than three hundred and twenty acres per mile on both sides of the river); determine which of the classes outlined in section 2, subsection (b), of this Act best fit the river or its various segments; and prepare a plan for necessary developments in connection with its administration in accordance with such classification. Said boundaries, classification, and development plans shall be published in the Federal Register and shall not become effective until ninety days after they

have been forwarded to the President of the Senate and the Speaker of the House of Representatives.

SEC. 4. (a) The Secretary of the Interior or, where national forest lands are involved, the Secretary of Agriculture or, in appropriate cases, the two Secretaries jointly shall study and from time to time submit to the President and the Congress proposals for the addition to the national wild and scenic rivers system of rivers which are designated herein or hereafter by the Congress as potential additions to such system; which, in his or their judgment, fall within one or more of the classes set out in section 2, subsection (b), of this Act; and which are proposed to be administered, wholly or partially, by an agency of the United States. Every such study and plan shall be coordinated with any water resources planning involving the same river which is being conducted pursuant to the Water Resources Planning Act (79 Stat. 244; 42 U.S.C. 1962 et seq.).

Each proposal shall be accompanied by a report, including maps and illustrations, showing among other things the area included within the proposal; the characteristics which make the area a worthy addition to the system; the current status of land ownership and use in the area; the reasonably foreseeable potential uses of the land and water which would be enhanced, foreclosed, or curtailed if the area were included in the national wild and scenic rivers system; the Federal agency (which in the case of a river which is wholly or substantially within a national forest, shall be the Department of Agriculture) by which it is proposed the area be administered; the extent to which it is proposed that administration, including the costs thereof, be shared by State and local agencies; and the estimated cost to the United States of acquiring necessary lands and interests in land and of administering the area as a component of the system. Each such report shall be printed as a Senate or House document.

(b) Before submitting any such report to the President and the Congress, copies of the proposed report shall, unless it was prepared jointly by the Secretary of the Interior and the Secretary of Agriculture, be submitted by the Secretary of the Interior to the Secretary of Agriculture or by the Secretary of Agriculture to the Secretary of the Interior, as the case may be, and to the Secretary of the Army, the Chairman of the Federal Power Commission, the head of any other affected Federal department or agency and, unless the lands proposed to be included in the area are already owned by the United States or have already been authorized for acquisition by Act of Congress, the Governor of the State or States in which they are located or an officer designated by the Governor to receive the same. Any recommendations or comments on

the proposal which the said officials furnish the Secretary or Secretaries who prepared the report within ninety days of the date on which the report is submitted to them, together with the Secretary's or Secretaries' comments thereon, shall be included with the transmittal to the President and the Congress. No river or portion of any river shall be added to the national wild and scenic rivers system subsequent to enactment of this Act until the close of the next full session of the State legislature, or legislatures in case more than one State is involved, which begins following the submission of any recommendation to the President with respect to such addition as herein provided.

(c) Before approving or disapproving for inclusion in the national wild and scenic rivers system any river designated as a wild, scenic or recreational river by or pursuant to an act of a State legislature, the Secretary of the Interior shall submit the proposal to the Secretary of Agriculture, the Secretary of the Army, the Chairman of the Federal Power Commission, and the head of any other affected Federal department or agency and shall evaluate and give due weight to any recommendations or comments which the said officials furnish him within ninety days of the date on which it is submitted to them. Such studies shall be completed and reports made thereon to the President and the Congress, as provided in section 4 of this Act, within ten years from the date of this Act: *Provided however*, That with respect to the Suwannee River, Georgia and Florida, and the Upper Iowa River, Iowa, such study shall be completed and reports made thereon to the President and the Congress, as provided in section 4 of this Act, within two years from the date of enactment of this Act. In conducting these studies the Secretary of the Interior and the Secretary of Agriculture shall give priority to those rivers with respect to which there is the greatest likelihood of developments which, if undertaken, would render them unsuitable for inclusion in the national wild and scenic rivers system.

(c) The study of any of said rivers shall be pursued in as close cooperation with appropriate agencies of the affected State and its political subdivisions as possible, shall be carried on jointly with such agencies if request for such joint study is made by the State, and shall include a determination of the degree to which the State or its political subdivisions might participate in the preservation and administration of the river should it be proposed for inclusion in the national wild and scenic rivers system.

(d) In all planning for the use and development of water and related land resources, consideration shall be given by all Federal agencies involved to potential national wild, scenic and recreational river areas, and all river basin and project plan reports submitted to the Congress shall consider and discuss any such potentials. The Secretary of the Interior and the Secretary of Agriculture shall make specific studies and investigations to determine which additional wild, scenic and recreational river areas within the United States shall be evaluated in planning reports by all Federal agencies as potential alternative uses of the water and related land resources involved.

SEC. 6. (a) The Secretary of the Interior and the Secretary of Agriculture are each authorized to acquire lands and interests in land within the authorized boundaries of any component of the national wild and scenic rivers system designated in section 3 of this Act, or hereafter designated for inclusion in the system by Act of Congress, which is administered by him, but he shall not acquire

fee title an average of more than 100 acres per mile on both sides of the river. Lands owned by a State may be acquired only by donation, and lands owned by an Indian tribe or a political subdivision of a State may not be acquired without the consent of the appropriate governing body thereof as long as the Indian tribe or political subdivision is following a plan for management and protection of the lands which the Secretary finds protects the land and assures its use for purposes consistent with this Act. Money appropriated for Federal purposes from the land and water conservation fund shall, without prejudice to the use of appropriations from other sources, be available to Federal departments and agencies for the acquisition of property for the purposes of this Act.

(b) If 50 per centum or more of the entire acreage within a federally administered wild, scenic or recreational river area is owned by the United States, by the State or States within which it lies, or by political subdivisions of those States, neither Secretary shall acquire fee title to any lands by condemnation under authority of this Act. Nothing contained in this section, however, shall preclude the use of condemnation when necessary to clear title or to acquire scenic easements or such other easements as are reasonably necessary to give the public access to the river and to permit its members to traverse the length of the area or of selected segments thereof.

(c) Neither the Secretary of the Interior nor the Secretary of Agriculture may acquire lands by condemnation, for the purpose of including such lands in any national wild, scenic or recreational river area, if such lands are located within any incorporated city, village, or borough which has in force and applicable to such lands a duly adopted, valid zoning ordinance that conforms with the purposes of this Act. In order to carry out the provisions of this subsection the appropriate Secretary shall issue guidelines, specifying standards for local zoning ordinances, which are consistent with the purposes of this Act. The standards specified in such guidelines shall have the object of (A) prohibiting new commercial or industrial uses other than commercial or industrial uses which are consistent with the purposes of this Act, and (B) the protection of the bank lands by means of acreage, frontage, and setback requirements on development.

(d) The appropriate Secretary is authorized to accept title to non-Federal property within the authorized boundaries of any federally administered component of the national wild and scenic rivers systems designated in section 3 of this Act or hereafter designated for inclusion in the system by Act of Congress and, in exchange therefor, convey to the grantor any federally owned property which is under his jurisdiction within the State in

which the component lies and which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal or, if they are not approximately equal, shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

(e) The head of any Federal department or agency having administrative jurisdiction over any lands or interests in land within the authorized boundaries of any federally administered component of the national wild and scenic rivers system designated in section 3 of this Act or hereafter designated for inclusion in the system by Act of Congress is authorized to transfer to the appropriate secretary jurisdiction over such lands for administration in accordance with the provisions of this Act. Lands acquired by or transferred to the Secretary of Agriculture for the purposes of this Act within or adjacent to a national forest shall upon such acquisition or transfer become national forest lands.

(f) The appropriate Secretary is authorized to accept donations of lands and interests in land, funds, and other property for use in connection with his administration of the national wild and scenic rivers system.

(g) (1) Any owner or owners (hereinafter in this subsection referred to as "owner") of improved property on the date of its acquisition, may retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, or the death of either or both of them. The owner shall elect the term to be reserved. The appropriate Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(2) A right of use and occupancy retained pursuant to this subsection shall be subject to termination whenever the appropriate Secretary is given reasonable cause to find that such use and occupancy is being exercised in a manner which conflicts with the purposes of this Act. In the event of such a finding, the Secretary shall tender to the holder of that right an amount equal to the fair market value of the portion of the right which remains unexpired on the date of termination. Such right of use or occupancy shall terminate by operation of law upon tender of the fair market price.

(3) The term "improved property", as used in this Act, means a detached, one-family dwelling (hereinafter referred to as "dwelling"), the construction of which was begun before January 1, 1967, together with so much of the land on which the dwelling is situated, the said land

being in the same ownership as the dwelling, as the appropriate Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

SEC. 7. (a) The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063), as amended (16 U.S.C. 791a et seq.), on or directly affecting any river which is designated in section 3 of this Act as a component of the national wild and scenic rivers system or which is hereafter designated for inclusion in that system, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary charged with its administration. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above a wild, scenic or recreational river area or on any stream tributary thereto which will not invade the area or unreasonably diminish the scenic, recreational, and fish and wildlife values present in the area on the date of approval of this Act. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary charged with its administration, or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary of the Interior or the Secretary of Agriculture, as the case may be, in writing of its intention so to do at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this Act and would affect the component and the values to be protected by it under this Act.

(b) The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act, as amended, on or directly affecting any river which is listed in section 5, subsection (a), of this Act, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values

for which such river might be designated, as determined by the Secretary responsible for its study or approval—

(i) during the five-year period following enactment of this Act unless, prior to the expiration of said period, the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture, on the basis of study, conclude that such river should not be included in the national wild and scenic rivers system and publish notice to that effect in the Federal Register, and

(ii) during such additional period thereafter as, in the case of any river which is recommended to the President and the Congress for inclusion in the national wild and scenic rivers system, is necessary for congressional consideration thereof or, in the case of any river recommended to the Secretary of the Interior for inclusion in the national wild and scenic rivers system under section 2(a)(ii) of this Act, is necessary for the Secretary's consideration thereof, which additional period, however, shall not exceed three years in the first case and one year in the second.

Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above a potential wild, scenic or recreational river area or on any stream tributary thereto which will not invade the area or diminish the scenic, recreational, and fish and wildlife values present in the potential wild, scenic or recreational river areas on the date of approval of this Act. No department or agency of the United States shall, during the periods hereinbefore specified, recommend authorization of any water resources project on any such river or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture in writing of its intention so to do at least sixty days in advance of doing so and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this Act and would affect the component and the values to be protected by it under this Act.

(c) The Federal Power Commission and all other Federal agencies shall, promptly upon enactment of this Act, inform the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture, of any proceeding, studies, or other activities within their jurisdiction which are now in progress and which affect or may affect any of the rivers specified in section 5, subsection (a), of this Act. They shall likewise

inform him of any such proceedings, studies, or other activities which are hereafter commenced or resumed before they are commenced or resumed.

(d) Nothing in this section with respect to the making of a loan or grant shall apply to grants made under the Land and Water Conservation Fund Act of 1965 (78 Stat. 897; 16 U.S.C. 4601–5 et seq.).

SEC. 8 (a) All public lands within the authorized boundaries of any component of the national wild and scenic rivers system which is designated in section 3 of this Act or which is hereafter designated for inclusion in that system are hereby withdrawn from entry, sale, or other disposition under the public land laws of the United States.

(b) All public lands which constitute the bed or bank, or are within one-quarter mile of the bank, of any river which is listed in section 5, subsection (a), of this Act are hereby withdrawn from entry, sale, or other disposition under the public land laws of the United States for the periods specified in section 7, subsection (b), of this Act.

SEC. 9. (a) Nothing in this Act shall affect the applicability of the United States mining and mineral leasing laws within components of the national wild and scenic rivers system except that—

(i) all prospecting, mining operations, and other activities on mining claims which, in the case of a component of the system designated in section 3 of this Act, have not heretofore been perfected or which, in the case of a component hereafter designated pursuant to this Act or any other Act of Congress, are not perfected before its inclusion in the system and all mining operations and other activities under a mineral lease, license, or permit issued or renewed after inclusion of a component in the system shall be subject to such regulations as the Secretary of the Interior or, in the case of national forest lands, the Secretary of Agriculture may prescribe to effectuate the purposes of this Act;

(ii) subject to valid existing rights, the perfection of, or issuance of a patent to, any mining claim affecting lands within the system shall confer or convey a right or title only to the mineral deposits and such rights only to the use of the surface and the surface resources as are reasonably required to carrying on prospecting or mining operations and are consistent with such regulations as may be prescribed by the Secretary of the Interior or, in the case of national forest lands, by the Secretary of Agriculture; and

(iii) subject to valid existing rights, the minerals in Federal lands which are part of the system and

constitute the bed or bank or are situated within one-quarter mile of the bank of any river designated a wild river under this Act or any subsequent Act are hereby withdrawn from all forms of appropriation under the mining laws and from operation of the mineral leasing laws including, in both cases, amendments thereto.

Regulations issued pursuant to paragraphs (i) and (ii) of this subsection shall, among other things, provide safeguards against pollution of the river involved and unnecessary impairment of the scenery within the component in question.

(b) The minerals in any Federal lands which constitute the bed or bank or are situated within one-quarter mile of the bank of any river which is listed in section 5, subsection (a) of this Act are hereby withdrawn from all forms of appropriation under the mining laws during the periods specified in section 7, subsection (b) of this Act. Nothing contained in this subsection shall be construed to forbid prospecting or the issuance or leases, licenses, and permits under the mineral leasing laws subject to such conditions as the Secretary of the Interior and, in the case of national forest lands, the Secretary of Agriculture find appropriate to safeguard the area in the event it is subsequently included in the system.

SEC. 10. (a) Each component of the national wild and scenic river system shall be administered in such manner as to protect and enhance the values which caused it to be included in said system without, insofar as is consistent therewith, limiting other uses that do not substantially interfere with public use and enjoyment of these values. In such administration primary emphasis shall be given to protecting its esthetic, scenic, historic, archeologic, and scientific features. Management plans for any such component may establish varying degrees of intensity for it protection and development, based on the special attributes of the area.

(b) Any portion of a component of the national wild and scenic rivers system that is within the national wilderness preservation system, as established by or pursuant to the Act of September 3, 1964 (78 Stat. 890; 16 U.S.C., ch. 23), shall be subject to the provisions of both the Wilderness Act and this Act with respect to preservation of such river and its immediate environment and in case of conflict between the provisions of these Acts the more restrictive provisions shall apply.

(m) Any component of the national wild and scenic rivers system that is administered by the Secretary of the Interior through the National Park Service shall become a part of the national park system, and any such component that is administered by the Secretary through the

Fish and Wildlife Service shall become part of the national wildlife refuge system. The lands involved shall be subject to the provisions of this Act and the Acts under which the national park system or national wildlife system, as the case may be, is administered, and in case of conflict between the provisions of these Acts, the more restrictive provisions shall apply. The Secretary of the Interior, in his administration of any component of the national wild and scenic rivers system, may utilize such general stautory authorities relating to areas of the national park system and such general statutory authorities otherwise available to him for recreation and preservation purposes and for the conservation and management of natural resources as he deems appropriate to carry out the purposes of this Act.

(d) The Secretary of Agriculture, in his administration of any component of the national wild and scenic rivers system area, may utilize the general statutory authorities relating to the national forests in such manner as he deems approrpiate to carry out the purposes of this Act.

(e) The Federal agency charged with the administration of any component of the national wild and scenic rivers system may enter into written cooperative agreements with the Governor of a State, the head of any State agency, or the appropriate official of a political subdivision of a State for State or local governmental participation in the administration of the component. The States and their political subdivisions shall be encouraged to cooperate in the planning and administration of components of the system which include or adjoin State- or county-owned lands.

SEC. 11. (a) The Secretary of the Interior shall encourage and assist the States to consider, in formulating and carrying out their comprehensive statewide outdoor recreation plans and proposals for financing assistance for State and local projects submitted pursuant to the Land and Water Conservation Fund Act of 1965 (78 Stat. 897), needs and opportunities for establishing State and local wild, scenic and recreational river areas. He shall also, in accordance with the authority contained in the Act of May 28, 1963 (77 Stat. 49), provide technical assistance and advice to, and cooperate with, States, political subdivisions, and private interests, including nonprofit organizations, with respect to establishing such wild, scenic and recreational river areas.

(b) The Secretaries of Agriculture and of Health, Education, and Welfare shall likewise, in accordance with the authority vested in them, assist, advise, and cooperate with State and local agencies and private interests with respect to establishing such wild, scenic and recreational river areas.

SEC. 12. (a) The Secretary of the Interior, the Secretary of Agriculture, and heads of other Federal agencies shall review administrative and management policies, regulations, contracts, and plans affecting lands under their respective jurisdictions which include, border upon, or are adjacent to the rivers listed in subsection (a) of section 5 of this Act in order to determine what actions should be taken to protect such rivers during the period they are being considered for potential addition to the national wild and scenic rivers system. Particular attention shall be given to scheduled timber harvesting, road construction, and similar activities which might be contrary to the purposes of this Act.

(b) Nothing in this section shall be construed to abrogate any existing rights, privileges, or contracts affecting Federal lands held by any private party without the consent of said party.

(c) The head of any agency administering a component of the national wild and scenic rivers system shall cooperate with the Secretary of the Interior and with the appropriate State water pollution control agencies for the purpose of eliminating or diminishing the pollution of waters of the river.

SEC. 13. (a) Nothing in this Act shall affect the jurisdiction or responsibilities of the States with respect to fish and wildlife. Hunting and fishing shall be permitted on lands and waters administered as parts of the system under applicable State and Federal laws and regulations unless, in the case of hunting, those lands or waters are within a national park or monument. The administering Secretary may, however, designate zones where, and establish periods when, no hunting is permitted for reasons of public safety, administration, or public use and enjoyment and shall issue appropriate regulations after consultation with the wildlife agency of the State or States affected.

(b) The jurisdiction of the States and the United States over waters of any stream included in a national wild, scenic or recreational river area shall be determined by established principles of law. Under the provisions of this Act, any taking by the United States of a water right which is vested under either State or Federal law at the time such river is included in the national wild and scenic rivers system shall entitle the owner thereof to just compensation. Nothing in this Act shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

(c) Designation of any stream or portion thereof as a national wild, scenic or recreational river area shall not be construed as a reservation of the waters of such streams for purposes other than those specified in this

Act, or in quantities greater than necessary to accomplish these purposes.

(d) The jurisdiction of the States over waters of any stream included in a national wild, scenic or recreational river area shall be unaffected by this Act to the extent that such jurisdiction may be exercised without impairing the purposes of this Act or its administration.

(e) Nothing contained in this Act shall be construed to alter, amend, repeal, interpret, modify, or be in conflict with any interstate compact made by any States which contain any portion of the national wild and scenic rivers system.

(f) Nothing in this Act shall affect existing rights of any State, including the right of access, with respect to the beds of navigable streams, tributaries, or rivers (or segments thereof) located in a national wild, scenic or recreational river area.

(g) The Secretary of the Interior or the Secretary of Agriculture, as the case may be, may grant easements and rights-of-way upon, over, under, across, or through any component of the national wild and scenic rivers system in accordance with the laws applicable to the national park system and the national forest system, respectively: *Provided*, That any conditions precedent to granting such eastments and rights-of-way shall be related to the policy and purpose of this Act.

SEC. 14. The claim and allowance of the value of an eastment as a charitable contribution under section 170 of the title 26, United States Code, or as a gift under section 2522 of said title shall constitute an agreement by the donor on behalf of himself, his heirs, and assigns that, if the terms of the instrument creating the easement are violated, the donee or the United States may acquire the servient estate at its fair market value as of the time the easement was donated minus the value of the easement claimed and allowed as a charitable contribution or gift.

SEC. 15. As used in this Act, the term—

(a) "River" means a flowing body of water or estuary or a section, portion, or tributary thereof, including rivers, streams, creeks, runs, kills, rills, and small lakes.

(b) "Free-flowing", as applied to any river or section of a river, means existing or flowing in natural condition without impoundment, diversion, straightening, rip-rapping, or other modification of the waterway. The existence, however, of low dams, diversion works, and other minor structures at the time any river is proposed for inclusion in the national wild and scenic rivers system shall not automatically bar its consideration for such inclusion: *Provided*, That this shall not be construed to authorize, intend, or encourage future construction of such

structures within components of the national wild and scenic rivers system.

(c) "Scenic easement" means the right to control the use of land (including the air space above such land) for the purpose of protecting the scenic view from the river, but such control shall not affect without the owner's consent, any regular use exercised prior to the acquision of the easement.

SEC. 16. There are hereby authorized to be appropriated such sums as may be necessary, but not more than $17,000,000, for the acquisition of lands and interests in land under the provisions of this Act.

25. Wilderness Act

An Act to establish a National Wilderness Preservation System for the permanent good of the whole people, and for other purposes. (78 Stat. 890)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "Wilderness Act".

WILDERNESS SYSTEM ESTABLISHED STATEMENT OF POLICY

SEC. 2. (a) In order to assure that an increasing population, accompanied by expanding settlement and growing mechanization, does not occupy and modify all areas within the United States and its possessions, leaving no lands designated for preservation and protection in their natural condition, it is hereby declared to be the policy of the Congress to secure for the American people of present and future generations the benefit of an enduring resource of wilderness. For this purpose there is hereby established a National Wilderness Preservation System to be composed of federally owned areas designated by Congress as "wilderness areas", and these shall be administered for the use and enjoyment of the American people in such manner as will leave them unimpaired for future use and enjoyment as wilderness, and so as to provide for the protection of these areas, the preservation of their wilderness character, and for the gathering and dissemination of information regarding their use and enjoyment as wilderness; and no Federal lands shall be designated as "wilderness areas" except as provided for in this Act or by a subsequent Act.

(b) The inclusion of an area in the National Wilderness Preservation System notwithstanding, the area shall continue to be managed by the Department and agency having jurisdiction thereover immediately before its inclusion in the National Wilderness Preservation System unless otherwise provided by Act of Congress. No appropriation shall be available for the payment of expenses or salaries for the administration of the National Wilderness Preservation System as a separate unit nor shall any appropriations be available for additional personnel stated as being required solely for the purpose of managing or administering areas solely because they are included within the National Wilderness Preservation System.

DEFINITION OF WILDERNESS

(c) A wilderness, in contrast with those areas where man and his own works dominate the landscape, is hereby recognized as an area where the earth and its community of life are untrammeled by man, where man himself is a visitor who does not remain. An area of wilderness is further defined to mean in this Act an area of undeveloped Federal land retaining its primeval character and influence, without permanent improvements or human habitation, which is protected and managed so as to preserve its natural conditions and which (1) generally appears to have been affected primarily by the forces of nature, with the imprint of man's work substantially unnoticeable; (2) has outstanding opportunities for solitude or a primitive and unconfined type of recreation; (3) has at least five thousand acres of land or is of sufficient size as to make practicable its preservation and use in an unimpaired condition; and (4) may also contain ecological, geological, or other features of scientific, educational, scenic, or historical value.

NATIONAL WILDERNESS PRESERVATION SYSTEM—EXTENT OF SYSTEM

SEC. 3. (a) All areas within the national forests classified at least 30 days before the effective date of this Act by the Secretary of Agriculture or the Chief of the Forest Service as "wilderness", "wild", or "canoe" are hereby designated as wilderness areas. The Secretary of Agriculture shall—

(1) Within one year after the effective date of this Act, file a map and legal description of each wilderness area with the Interior and Insular Affairs Committees of the United States Senate and the House of Representatives, and such descriptions shall have the same force and effect as if included in this Act: *Provided, however*, That correction of clerical and typographical errors in such legal descriptions and maps may be made.

(2) Maintain, available to the public, records pertaining to said wilderness areas, including maps and legal descriptions, copies of regulations governing them, copies of public notices of, and reports submitted to Congress regarding pending additions, eliminations, or modifications. Maps, legal descriptions, and regulations pertaining to wilderness areas within their respective jurisdictions also shall be available to the public in the offices of regional foresters, national forest supervisors, and forest rangers.

(b) The Secretary of Agriculture shall, within ten years after the enactment of this Act, review, as to its suitability or nonsuitability for preservation as wilder-

ness, each area in the national forests classified on the effective date of this Act by the Secretary of Agriculture or the Chief of the Forest Service as "primitive" and report his findings to the President. The President shall advise the United States Senate and House of Representatives of his recommendations with respect to the designation as "wilderness" or other reclassification of each area on which review has been completed, together with maps and a definition of boundaries. Such advice shall be given with respect to not less than one-third of all the areas now classified as "primitive" within three years after the enactment of this Act, not less than two-thirds within seven years after the enactment of this Act, and the remaining areas within ten years after the enactment of this Act. Each recommendation of the President for designation as "wilderness" shall become effective only if so provided by an Act of Congress. Areas classified as "primitive" on the effective date of this Act shall continue to be administered under the rules and regulations affecting such areas on the effective date of this Act until Congress has determined otherwise. Any such area may be increased in size by the President at the time he submits his recommendations to the Congress by not more than five thousand acres with no more than one thousand two hundred and eighty acres of such increase in any one compact unit: if it is proposed to increase the size of any such area by more than five thousand acres or by more than one thousand two hundred and eighty acres in any one compact unit the increase in size shall not become effective until acted upon by Congress. Nothing herein contained shall limit the President in proposing, as part of his recommendations to Congress, the alteration of existing boundaries of primitive areas or recommending the addition of any contiguous area of national forest lands predominantly of wilderness value. Notwithstanding any other provisions of this Act, the Secretary of Agriculture may complete his review and delete such area as may be necessary, but not to exceed seven thousand acres, from the southern tip of the Gore Range-Eagles Nest Primitive Area, Colorado, if the Secretary determines that such action is in the public interest.

(c) Within ten years after the effective date of this Act the Secretary of the Interior shall review every roadless area of five thousand contiguous acres or more in the national parks, monuments and other units of the national park system and every such area of, and every roadless island within, the national wildlife refuges and game ranges, under his jurisdiction on the effective date of this Act and shall report to the President his recommendation as to the suitability or nonsuitability of each such area or island for preservation as wilderness. The President shall advise the President of the Senate and the Speaker

of the House of Representatives of his recommendation with respect to the designation as wilderness of each such area or island on which review has been completed, together with a map thereof and a definition of its boundaries. Such advice shall be given with respect to not less than one-third of the areas and islands to be reviewed under this subsection within three years after enactment of this Act, not less than two-thirds within seven years of enactment of this Act, and the remainder within ten years of enactment of this Act. A recommendation of the President for designation as wilderness shall become effective only if so provided by an Act of Congress. Nothing contained herein shall, by implication or otherwise, be construed to lessen the present statutory authority of the Secretary of the Interior with respect to the maintenance of roadless areas within units of the national park system.

(d) (1) The Secretary of Agriculture and the Secretary of the Interior shall, prior to submitting any recommendations to the President with respect to the suitability of any area for preservation as wilderness—

(A) give such public notice of the proposed action as they deem appropriate, including publication in the Federal Register and in a newspaper having general circulation in the area or areas in the vicinity of the affected land;

(B) hold a public hearing or hearings at a location or locations convenient to the area affected. The hearings shall be announced through such means as the respective Secretaries involved deem appropriate, including notices in the Federal Register and in newspapers of general circulation in the area: *Provided*, That if the lands involved are located in more than one State, at least one hearing shall be held in each State in which a portion of the land lies;

(C) at least thirty days before the date of a hearing advise the Governor of each State and the governing board of each county, or in Alaska the borough, in which the lands are located, and Federal departments and agencies concerned, and invite such officials and Federal agencies to submit their views on the proposed action at the hearing or by no later than thirty days following the date of the hearing.

(2) Any views submitted to the appropriate Secretary under the provisions of (1) of this subsection with respect to any area shall be included with any recommendations to the President and to Congress with respect to such area.

(e) Any modification or adjustment of boundaries of any wilderness area shall be recommended by the appropriate Secretary after public notice of such proposal and public hearing or hearings as provided in subsection (d)

of this section. The proposed modification or adjustment shall then be recommended with map and description thereof to the President. The President shall advise the United States Senate and the House of Representative of his recommendations with respect to such modification or adjustment and such remommendations shall become effective only in the same manner as provided for in subsections (b) and (c) of this section.

USE OF WILDERNESS AREAS

SEC. 4. (a) The purposes of this Act are hereby declared to be within and supplemental to the purposes for which national forests and units of the national park and national wildlife refuge systems are established and administered and—

(1) Nothing in this Act shall be deemed to be in interference with the purpose for which national forests are established as set forth in the Act of June 4, 1897 (30 Stat. 11), and the Multiple-Use Sustained-Yield Act of June 12, 1960 (74 Stat. 215).

(2) Nothing in this Act shall modify the restrictions and provisions of the Shipstead-Nolan Act (Public Law 539, Seventy-first Congress, July 10, 1930; 46 Stat. 1020), the Thye-Blatnik Act (Public Law 733, Eightieth Congress, June 22, 1948; 62 Stat. 568), and the Humphrey-Thye-Blatnik-Andresen Act (Public Law 607, Eighty-fourth Congress, June 22, 1956; 70 Stat. 326), as applying to the Superior National Forest or the regulations of the Secretary of Agriculture.

(3) Nothing in this Act shall modify the statutory authority under which units of the national park system are created. Further, the designation of any area of any park, monument, or other unit of the national park system as a wilderness area pursuant to this Act shall in no manner lower the standards evolved for the use and preservation of such park, monument, or other unit of the national park system in accordance with the Act of August 25, 1916, the statutory authority under which the area was created, or any other Act of Congress which might pertain to or affect such area, including, but not limited to, the Act of June 8, 1906 (34 Stat. 225; 16 U.S.C. 432 et seq.); section 3(2) of the Federal Power Act (16 U.S.C. 796(2)); and the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461 et seq.).

(b) Except as otherwise provided in this Act, each agency administering any area designated as wilderness shall be responsible for preserving the wilderness character of the area and shall so administer such area for such other purposes for which it may have been estab-

lished as also to preserve its wilderness character. Except as otherwise provided in this Act, wilderness areas shall be devoted to the public purposes of recreational, scenic, scientific, educational, conservation, and historical use.

PROHIBITION OF CERTAIN USES

(c) Except as specifically provided for in this Act, and subject to existing private rights, there shall be no commercial enterprise and no permanent road within any wilderness area designated by this Act and, except as necessary to meet minimum requirements for the administration of the area for the purpose of this Act (including measures required in emergencies involving the health and safety of persons within the area), there shall be no temporary road, no use of motor vehicles, motorized equipment or motorboats, no landing of aircraft, no other form of mechanical transport, and no structure or installation within any such area.

SPECIAL PROVISIONS

(d) The following special provisions are hereby made:

(1) Within wilderness areas designated by this Act the use of aircraft or motorboats, where these uses have already become established, may be permitted to continue subject to such restrictions as the Secretary of Agriculture deems desirable. In addition, such measures may be taken as may be necessary in the control of fire, insects, and diseases, subject to such conditions as the Secretary deems desirable.

(2) Nothing in this Act shall prevent within national forest wilderness areas any activity, including prospecting, for the purpose of gathering information about mineral or other resources, if such activity is carried on in a manner compatible with the preservation of the wilderness environment. Furthermore, in accordance with such program as the Secretary of the Interior shall develop and conduct in consultation with the Secretary of Agriculture, such areas shall be surveyed on a planned, recurring basis consistent with the concept of wilderness preservation by the Geological Survey and the Bureau of Mines to determine the mineral values, if any, that may be present; and the results of such surveys shall be made available to the public and submitted to the President and Congress.

(3) Notwithstanding any other provisions of this Act, until midnight December 31, 1983, the United States mining laws and all laws pertaining to mineral leasing shall, to the same extent as applicable prior to the effective date of this Act, extend to those national forest lands designated by this Act as "wilderness areas"; sub-

ject, however, to such reasonable regulations governing ingress and egress as may be prescribed by the Secretary of Agriculture consistent with the use of the land for mineral location and development and exploration, drilling, and production, and use of land for transmission lines, waterlines, telephone lines, or facilities necessary in exploring, drilling, producing, mining, and processing operations, including where essential the use of mechanized ground or air equipment and restoration as near as practicable of the surface of the land disturbed in performing prospecting, location, and, in oil and gas leasing, discovery work, exploration, drilling, and production, as soon as they have served their purpose. Mining locations lying within the boundaries of said wilderness areas shall be held and used solely for mining or processing operations and uses reasonably incident thereto; and hereafter, subject to valid existing rights, all patents issued under the mining laws of the United States affecting national forest lands designated by this Act as wilderness areas shall convey title to the mineral deposits within the claim, together with the right to cut and use so much of the mature timber therefrom as may be needed in the extraction, removal, and benefication of the mineral deposits, if needed timber is not otherwise reasonably available, and if the timber is cut under sound principles of forest management as defined by the national forest rules and regulations, but each such patent shall reserve to the United States all title in or to the surface of the lands and products thereof, and no use of the surface of the claim or the resources therefrom not reasonably required for carrying on mining or prospecting shall be allowed except as otherwise expressly provided in this Act: *Provided*, That, unless hereafter specifically authorized, no patent within wilderness areas designated by this Act shall issue after December 31, 1983, except for the valid claims existing on or before December 31, 1983. Mining claims located after the effective date of this Act within the boundaries of wilderness areas designated by this Act shall create no rights in excess of those rights which may be patented under the provisions of this subsection. Mineral leases, permits, and licenses covering lands within national forest wilderness areas designated by this Act shall contain such reasonable stipulations as may be prescribed by the Secretary of Agriculture for the protection of the wilderness character of the land consistent with the use of the land for the purposes for which they are leased, permitted, or licensed. Subject to valid rights then existing, effective January 1, 1984, the minerals in lands designated by this Act as wilderness areas are withdrawn from all forms of appropriation under the mining laws and from dis-

position under all laws pertaining to mineral leasing and all amendments thereto.

(4) Within wilderness areas in the national forests designated by this Act, (1) the President may, within a specific area and in accordance with such regulations as he may deem desirable, authorize prospecting for water resources, the establishment and maintenance of reservoirs, water-conservation works, power projects, transmission lines, and other facilities needed in the public interest, including the road construction and maintenance essential to development and use thereof, upon his determination that such use or uses in the specific area will better serve the interests of the United States and the people thereof than will its denial; and (2) the grazing of livestock, where established prior to the effective date of this Act, shall be permitted to continue subject to such reasonable regulations as are deemed necessary by the Secretary of Agriculture.

(5) Other provisions of this Act to the contrary notwithstanding, the management of the Boundary Waters Canoe Area, formerly designated as the Superior, Little Indian Sioux, and Caribou Roadless Areas, in the Superior National Forest, Minnesota, shall be in accordance with regulations established by the Secretary of Agriculture in accordance with the general purpose of maintaining, without unnecessary restrictions on other uses, including that of timber, the primitive character of the area, particularly in the vicinity of lakes, streams, and portages: *Provided*, That nothing in this Act shall preclude the continuance within the area of any already established use of motorboats.

(6) Commercial services may be performed within the wilderness areas designated by this Act to the extent necessary for activities which are proper for realizing the recreational or other wilderness purposes of the areas.

(7) Nothing in this Act shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

(8) Nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of the several States with respect to wildlife and fish in the national forests.

STATE AND PRIVATE LANDS WITHIN WILDERNESS AREAS

SEC. 5. (a) In any case where State-owned or privately owned land is completely surrounded by national forest lands within areas designated by this Act as wilderness, such State or private owner shall be given such rights as may be necessary to assure adequate access to such State-owned or privately owned land by such State or private owner and their successors in interest, or the

State-owned land or privately owned land shall be exchanged for federally owned land in the same State of approximately equal value under authorities available to the Secretary of Agriculture: *Provided, however*, That the United States shall not transfer to a State or private owner any mineral interests unless the State or private owner relinquishes or causes to be relinquished to the United States the mineral interest in the surrounded land.

(b) In any case where valid mining claims or other valid occupancies are wholly within a designated national forest wilderness area, the Secretary of Agriculture shall, by reasonable regulations consistent with the preservation of the area as wilderness, permit ingress and egress to such surrounded areas by means which have been or are being customarily enjoyed with respect to other such areas similarly situated.

(c) Subject to the appropriation of funds by Congress, the Secretary of Agriculture is authorized to acquire privately owned land within the perimeter of any area designated by this Act as wilderness if (1) the owner concurs in such acquisition or (2) the acquisition is specifically authorized by Congress.

GIFTS, BEQUESTS, AND CONTRIBUTIONS

SEC. 6. (a) The Secretary of Agriculture may accept gifts or bequests of land within wilderness areas designated by this Act for preservation as wilderness. The Secretary of Agriculture may also accept gifts or bequests of land adjacent to wilderness areas designated by this Act for preservation as wilderness if he has given sixty days advance notice thereof to the President of the Senate and the Speaker of the House of Representatives. Land accepted by the Secretary of Agriculture under this section shall become part of the wilderness area involved. Regulations with regard to any such land may be in accordance with such agreements, consistent with the policy of this Act, as are made at the time of such gift, or such conditions, consistent with such policy, as may be included in, and accepted with, such bequest.

(b) The Secretary of Agriculture or the Secretary of the Interior is authorized to accept private contributions and gifts to be used to further the purposes of this Act.

ANNUAL REPORTS

SEC. 7. At the opening of each session of Congress, the Secretaries of Agriculture and Interior shall jointly report to the President for transmission to Congress on the status of the wilderness system, including a list and descriptions of the areas in the system, regulations in effect

and other pertinent information, together with any recommendations they may care to make.

26. Youth Conservation Corps

An Act to establish a pilot program in the Departments of the Interior and Agriculture designated as the Youth Conservation Corps, and for other purposes. (84 Stat. 794)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

POLICY AND PURPOSE

SECTION 1. The Congress finds that the gainful employment during the summer months of American youth, representing all segments of society, in the healthful outdoor atmosphere afforded in the national park system, the national forest system, the national wildlife refuge system, and other public land and water areas administered by the Secretary of the Interior and the Secretary of Agriculture creates an opportunity for understanding and appreciation of the Nation's natural environment and heritage. Accordingly, it is the purpose of this Act to further the development and maintenance of the natural resources of the United States by the youth, upon whom will fall the ultimate responsibility for maintaining and managing these resources for the American people.

YOUTH CONSERVATION CORPS

SEC. 2. (a) To carry out the purposes of this Act, there is hereby established in the Department of the Interior and the Department of Agriculture a three-year pilot program designated as the Youth Conservation Corps (hereinafter referred to as the "Corps"). The Corps shall consist of young men and women who are permanent residents of the United States, its territories, or possessions, who have attained age fifteen but have not attained age nineteen, and whom the Secretary of the Interior or the Secretary of Agriculture may employ during the summer months without regard to the civil service or classification laws, rules, or regulations, for the purpose of developing, preserving, or maintaining lands and waters of the United States under the jurisdiction of the appropriate Secretary.

(b) The Corps shall be open to youth of both sexes and youth of all social, economic, and racial classifications, with no person being employed as a member of the Corps for a term in excess of ninety days during any single year.

SECRETARIAL DUTIES

SEC. 3. (a) The Secretary of the Interior and the Secretary of Agriculture shall:

(1) determine the areas under their administra-

tive jurisdictions which are appropriate for carrying out programs using employees of the Corps;

(2) determine the rates of pay, hours, and other conditions of employment in the Corps: *Provided*, That members of the Corps shall not be deemed to be Federal employees, other than for the purposes of chapter 171 of title 28, United States Code, and chapter 81 of title 5, United States Code;

(3) provide for such transportation, lodging, subsistence, and other services and equipment as they may deem necessary or appropriate for the needs of members of the Corps in their duties. The Secretary of the Interior and the Secretary of Agriculture may contract with any public agency or organization or any private nonprofit agency or organization which has been in existence for at least five years for the operation of any Youth Conservation Corps project. Whenever economically feasible, existing but unoccupied Federal facilities, including military facilities, shall be utilized for the purposes of the Corps where appropriate and with the approval of the Federal agency involved. To minimize transportation costs Corps members shall be employed on conservation projects as near to their places of residence as is feasible;

(4) promulgate regulations to insure the safety, health, and welfare of the Corps members;

(5) prepare a report, indicating the most feasible and efficient method for initiating a cost-sharing youth conservation program with State natural resource, conservation, or outdoor recreation agencies, which report shall be submitted to the President not later than one year following enactment of this Act for transmittal to the Congress for review and appropriate action.

(b) The provision of title II of the Revenue and Expenditure Control Act of 1968 (82 Stat. 251, 270) shall not apply to appointments made to the Corps, to temporary supervisory personnel, or to temporary program support staff.

SECRETARIAL REPORTS

SEC. 4. Upon completion of each year's pilot program, the Secretary of the Interior and Secretary of Agriculture shall prepare a joint report detailing the contribution of the program toward achieving the purposes of the Act and providing recommendations. Each report shall be submitted to the President not later than one hundred and eighty days following completion of that year's pilot program. The President shall transmit the report to the Congress for review and appropriate action.

AUTHORIZATION OF FUNDS

SEC. 5. For three years following enactment of this Act, there are hereby authorized to be appropriated amounts not to exceed $3,500,000 annually to be made available to the Secretary of the Interior and the Secretary of Agriculture to carry out the purposes of this Act.

9. Guadalupe Mountains

An Act to provide for the establishment of the Guadalupe Mountains National Park in the State of Texas, and for other purposes. (80 Stat. 920)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to preserve in public ownership an area in the State of Texas possessing outstanding geological values together with scenic and other natural values of great significance, the Secretary of the Interior shall establish the Guadalupe Mountains National Park, consisting of the land and interests in land within the area shown on the drawing entitled "Proposed Guadalupe Mountains National Park, Texas", numbered SA–GM–7100C and dated February 1965, which is on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

Notwithstanding the foregoing, however, the Secretary shall omit from the park sections 7 and 17, P.S.L. Block 121, in Hudspeth County, and revise the boundaries of the park accordingly if the owner of said sections agrees, on behalf of himself, his heirs and assigns that there will not be erected thereon any structure which, in the judgment of the Secretary, adversely affects the public use and enjoyment of the park.

SEC. 2. (a) Within the boundaries of the Guadalupe Mountains National Park, the Secretary of the Interior may acquire land or interests therein by donation, purchase with donated or appropriated funds, exchange, or in such other manner as he deems to be in the public interest. Any property, or interest therein, owned by the State of Texas, or any political subdivision thereof, may be acquired only with the concurrence of such owner.

(b) In order to facilitate the acquisition of privately owned lands in the park by exchange and avoid the payment of severance costs, the Secretary of the Interior may acquire approximately 4,667 acres of land or interests in land which lie adjacent to or in the vicinity of the park. Land so acquired outside the park boundary may be exchanged by the Secretary on an equal-value basis, subject to such terms, conditions, and reservations as he may deem necessary, for privately owned land located within the park. The Secretary may accept cash from or pay cash to the grantor in such exchange in order to equalize the values of the properties exchanged.

SEC. 3. (a) When title to all privately owned land within the boundary of the park, subject to such outstanding interests, rights, and easements as the Secretary determines are not objectionable, with the exception of approximately 4,574 acres which are planned to be ac-

quired by exchange, is vested in the United States and after the State of Texas has donated or agreed to donate to the United States whatever rights and interests in minerals underlying the lands within the boundaries of the park it may have and other owners of such rights and interests have donated or agreed to donate the same to the United States, notice thereof and notice of the establishment of the Guadalupe Mountains National Park shall be published in the Federal Register. Thereafter, the Secretary may continue to acquire the remaining land and interests in land within the boundaries of the park. The Secretary is authorized, pending establishment of the park, to negotiate and acquire options for the purchase of lands and interests in land within the boundaries of the park. He is further authorized to execute contracts for the purchase of such lands and interests, but the liability of the United States under any such contract shall be contingent on the availability of appropriated or donated funds to fulfill same.

(b) In the event said lands or any part thereof cease to be used for national park purposes, the persons (including the State of Texas) who donated to the United States rights and interests in minerals in the lands within the park shall be given notice, in accordance with regulations to be prescribed by the Secretary, of their preferential right to a reconveyance, without consideration, of the respective rights and interests in minerals which they donated to the United States. Such notice shall be in a form reasonably calculated to give actual notice to those entitled to such preferential right, and shall provide for a period of not less than one hundred and eighty days within which to exercise such preferential right. The preferential right to such reconveyance shall inure to the benefit of the successors, heirs, devisees, or assigns of such persons having such preferential right to a reconveyance, and such successors, heirs, devisees, or assigns shall be given the notice provided for in this subsection.

(c) Such rights and interests in minerals, including all minerals of whatever nature, in and underlying the lands within the boundaries of the park and which are acquired by the United States under the provisions of this Act are hereby withdrawn from leasing and are hereby excluded from the application of the present or future provisions of the Mineral Leasing Act for Acquired Lands (Aug. 7, 1947, c. 513, 61 Stat. 913) or other Act in lieu thereof having the same purpose, and the same are hereby also excluded from the provisions of all present and future laws affecting the sale of surplus property or of said mineral interests acquired pursuant to this Act by the United States or any department or agency thereof, except that, if such person having such preferential right to a conveyance fails or refuses to exercise such

preferential right to a reconveyance as provided in subparagraph (b) next above, then this subsection (c) shall not be applicable to the rights and interests in such minerals in the identical lands of such person so failing or refusing to exercise such preferential right to a reconveyance from and after the one hundred and eighty-day period referred to in subparagraph (b) next above.

(d) If at any time in the future an Act of Congress provides that the national welfare or an emergency requires the development and production of the minerals underlying the lands within the boundaries of the national park, or any portion thereof, and such Act of Congress, notwithstanding the provisions of subsection (c) of this section or any other Act, authorizes the Secretary to lease said land for the purpose of drilling, mining, developing, and producing said minerals, the Secretary shall give the persons (including the State of Texas) who donated such minerals to the United States notice of their preferential right to lease, without consideration, all or any part of the respective rights and interests in minerals which they donated to the United States, subject to such terms and conditions as the Secretary may prescribe. Such preferential right shall inure to the benefit of the successors or assigns, and of the heirs or devisees of such persons having such preferential right in the premises. The persons entitled to a preferential right under this subsection shall be given the same notice thereof as persons entitled to preferential rights under subsection (b) of this section. If such person having such preferential right fails or refuses to exercise such right within the time specified in the above notice, the Secretary may thereafter lease the minerals involved to any other persons under such terms and conditions as he may prescribe.

(e) If at any time oil, gas, or other minerals should be discovered and produced in commercial quantities from lands outside of the boundaries of the park, thereby causing drainage of oil, gas, or other minerals from lands within the boundaries of the park, and if the Secretary participates in a communitization agreement or takes other action to protect the rights of the United States, the proceeds, if any, derived from such agreement or action shall inure to the benefit of the donors of the oil, gas, or other minerals, or their successors, heirs, devisees, or assigns.

SEC. 4. The Guadalupe Mountains National Park shall be administered by the Secretary of the Interior in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1–4), as amended and supplemented.

SEC. 5. Any funds available for the purpose of administering the five thousand six hundred and thirty-two

acres of lands previously donated to the United States in Culberson County, Texas, shall upon establishment of the Guadalupe Mountains National Park pursuant to this Act be available to the Secretary for purposes of such park.

Sec. 6. There are hereby authorized to be appropriated such sums, but not more than $1,800,000 in all, as may be necessary for the acquisition of lands and interest in lands, and not more than $10,362,000, as may be necessary for the development of the Guadalupe Mountains National Park.

The recreation area shall consist of the lands and waters within the area designated "Ross Lake National Recreation Area" on the map referred to in section 101 of this Act.

SEC. 301. Within the boundaries of the park and recreation areas, the Secretary of the Interior (hereinafter referred to in this Act as the "Secretary") may acquire lands, waters, and interests therein by donation, purchase with donated or appropriated funds, or exchange, except that he may not acquire any such interests within the recreation areas without the consent of the owner, so long as the lands are devoted to uses compatible with the purposes of this Act. Lands owned by the State of Washington or any political subdivision thereof may be acquired only by donation. Federal property within the boundaries of the park and recreation areas is hereby transferred to the administrative jurisdiction of the Secretary for administration by him as part of the park and recreation areas. The national forest land within such boundaries is hereby eliminated from the national forests within which it was heretofore located.

SEC. 302. In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property within the boundaries of the park and recreation areas and in exchange therefor he may convey to the grantor of such property any federally owned property under his jurisdiction in the State of Washington which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal the values shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

SEC. 303. Any owner of property acquired by the Secretary which on the date of acquisition is used for agricultural or single-family residential purposes, or for commercial purposes which he finds are compatible with the use and development of the park or the recreation areas, may, as a condition of such acquisition, retain the right of use and occupancy of the property for the same purposes for which it was used on such date, for a period ending at the death of the owner or the death of his spouse, whichever occurs later, or for a fixed term of not to exceed twenty-five years, whichever the owner may elect. Any right so retained may during its existence be transferred or assigned. Any right so retained may be

terminated by the Secretary at any time after the date upon which any use of the property occurs which he finds is a use other than one which existed on the date of acquisition. In the event the Secretary terminates a right of use and occupancy under this section, he shall pay to the owner of the right the fair market value of the portion of said right which remains unexpired on the date of termination.

TITLE IV—ADMINSTRATIVE PROVISIONS

SEC. 401. The Secretary shall administer the park in accordance with the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1–4), as amended and supplemented.

SEC. 402. (a) The Secretary shall administer the recreation areas in a manner which in his judgment will best provide for (1) public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) such management, utilization, and disposal of renewable natural resources and the continuation of such existing uses and developments as will promote or are compatible with, or do not significantly impair, public recreation and conservation of the scenic, scientific, historic, or other values contributing to public enjoyment. In administering the recreation areas, the Secretary may utilize such statutory authorities pertaining to the administration of the national park system, and such statutory authorities otherwise available to him for the conservation and management of natural resources as he deems appropriate for recreation and preservation purposes and for resource development compatible therewith.

(b) The lands within the recreation areas, subject to valid existing rights, are hereby withdrawn from location, entry, and patent under the United States mining laws. The Secretary, under such reasonable regulations as he deems appropriate, may permit the removal of the nonleasable minerals from lands or interest in lands within the recreation areas in the manner prescribed by section 10 of the Act of August 4, 1939, as amended (53 Stat. 1196; 43 U.S.C. 387), and he may permit the removal of leasable minerals from lands or interests in lands within the recreation areas in accordance with the Mineral Leasing Act of February 25, 1920, as amended (30 U.S.C. 181 et seq.), or the Acquired Lands Mineral Leasing Act of August 7, 1947 (30 U.S.C. 351 et seq.), if he finds that such disposition would not have significant adverse effects on the administration of the recreation areas.

(c) All receipts derived from permits and leases issued on lands or interests in lands within the recreation areas under the Mineral Leasing Act of February 25, 1920, as

amended, or the Acquired Lands Mineral Leasing Act of August 7, 1947, shall be disposed of as provided in the applicable Act; and receipts from the disposition of nonleasable minerals within the recreation areas shall be disposed of in the same manner as moneys received from the sale of public lands.

(d) The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the recreation areas in accordance with applicable laws of the United States and of the State of Washington, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish and wildlife management, or public use and enjoyment. Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the Department of Game of the State of Washington.

(e) The Secretary shall not permit the construction or use of any road within the park which would provide vehicular access from the North Cross State Highway to the Stehekin Road. Neither shall he permit the construction or use of any permanent road which would provide vehicular access between May Creek and Hozomeen along the east side of Ross Lake.

TITLE V—SPECIAL PROVISIONS

SEC. 501. The distributive shares of the respective counties of receipts from the national forests from which the national park and recreation areas are created, as paid under the provisions of the Act of May 23, 1908 (35 Stat. 260), as amended (16 U.S.C. 500), shall not be effected by the elimination of lands from such national forests by the enactment of this Act.

SEC. 502. Where any Federal lands included in the park or recreation areas are legally occupied or utilized on the effective date of this Act for any purpose, pursuant to a contract, lease, permit, or license issued or authorized by any department, establishment, or agency of the United States, the Secretary shall permit the persons holding such privileges to continue in the exercise thereof, subject to the terms and conditions thereof, for the remainder of the term of the contract, lease, permit, or license or for such longer period of time as the Secretary deems appropriate.

SEC. 503. Nothing in this Act shall be construed to affect adversely or to authorize any Federal agency to take any action that would affect adversely any rights or privileges of the State of Washington in property within the Ross Lake National Recreation Area which is being utilized for the North Cross State Highway.

SEC. 504. Within two years from the date of enactment of this Act, the Secretary of the Interior and the Secretary of Agriculture shall agree on the designation of areas within the park or recreation areas or within national forests adjacent to the park and recreation areas needed for public use facilities and for administrative purposes by the Secretary of Agriculture or the Secretary of the Interior, respectively. The areas so designated shall be administered in a manner that is mutually agreeable to the two Secretaries, and such public use facilities, including interpretive centers, visitor contact stations, lodges, campsites, and ski lifts, shall be constructed according to a plan agreed upon by the two Secretaries.

SEC. 505. Nothing in this Act shall be construed to supersede, repeal, modify, or impair the jurisdiction of the Federal Power Commission under the Federal Power Act (41 Stat. 1063), as amended (16 U.S.C. 791a et seq.), in the recreation areas.

SEC. 506. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not more than $3,500,000 shall be appropriated for the acquisition of lands or interest in lands.

TITLE VI—WILDERNESS

SEC. 601. (a) In order to further the purposes of the Wilderness Act, there is hereby designated, subject to valid existing rights, the Pasayten Wilderness within and as a part of the Okanogan National Forest and the Mount Baker National Forest, comprising an area of about five hundred thousand acres lying east of Ross Lake, as generally depicted in the area designated as "Pasayten Wilderness" on the map referred to in section 101 of this Act.

(b) The previous classification of the North Cascades Primitive Area is hereby abolished.

SEC. 602. The boundaries of the Glacier Peak Wilderness, an area classified as such more than thirty days before the effective date of the Wilderness Act and being within and a part of the Wenatchee National Forest and the Mount Baker National Forest, subject to valid existing rights, are hereby extended to include portions of the Suiattle River corridor and the White Chuck River corridor on the western side thereof, comprising areas totaling about ten thousand acres, as depicted in the area designated as "Additions to Glacier Peak Wilderness" on the map referred to in section 101 of this Act.

SEC. 603. (a) As soon as practicable after this Act takes effect, the Secretary of Agriculture shall file a map and legal description of the Pasayten Wilderness and of the Glacier Peak Wilderness, as hereby modified, with the Interior and Insular Affairs Committees of the

United States Senate and House of Representatives, and such descriptions shall have the same force and effect as if included in this Act: *Provided, however*, That correction of clerical or typographical errors in such legal descriptions and maps may be made.

(b) Upon the filing of the legal descriptions and maps as provided for in subsection (a) of this section the Pasayten Wilderness and the additions to the Glacier Peak Wilderness shall be administered by the Secretary of Agriculture in accordance with the provisions of the Wilderness Act and thereafter shall be subject to the provisions of the Wilderness Act governing areas designated by that Act as wilderness areas, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the effective date of this Act.

SEC. 604. Within two years from the date of enactment of this Act, the Secretary of the Interior shall review the area within the North Cascades National Park, including the Picket Range area and the Eldorado Peaks area, and shall report to the president, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d)), his recommendation as to the suitability or nonsuitability of any area within the park for preservation as wilderness, and any designation of any such area as a wilderness area shall be accomplished in accordance with said subsections of the Wilderness Act.

17. Redwood

An Act to establish a Redwood National Park in the State of California, and for other purposes. (82 Stat. 931)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to preserve significant examples of the primeval coastal redwood (Sequoia sempervirens) forests and the streams and seashores with which they are associated for purposes of public inspiration, enjoyment, and scientific study, there is hereby established a Redwood National Park in Del Norte and Humboldt Counties, California.

SEC. 2. (a) The area to be included within the Redwood National Park is that generally depicted on the maps entitled "Redwood National Park," numbered NPS–RED–7114–A and NPS–RED–7114–B, and dated September 1968, copies of which maps shall be kept available for public inspection in the offices of the National Park Service, Department of the Interior, and shall be filed with appropriate officers of Del Norte and Humboldt Counties. The Secretary of the Interior (hereinafter referred to as the "Secretary") may from time to time, with a view to carrying out the purpose of this Act and with particular attention to minimizing siltation of the streams, damage to the timber, and assuring the preservation of the scenery within the boundaries of the national park as depicted on said maps, modify said boundaries, giving notice of any changes involved therein by publication of a revised drawing or boundary description in the Federal Register and by filing said revision with the officers with whom the original maps were filed, but the acreage within said park shall at no time exceed fifty-eight thousand acres, exclusive of submerged lands.

(b) The Secretary is authorized to acquire by donation only all or part of existing publicly owned highways and roads within the boundaries of the park as he may deem necessary for park purposes. Until such highways and roads have been acquired, the Secretary may cooperate with appropriate State and local officials in patroling and maintaining such roads and highways.

SEC. 3. (a) The Secretary is authorized to acquire lands and interests in land within the boundaries of the Redwood National Park and, in addition thereto, not more than ten acres outside of those boundaries for an administrative site or sites. Such acquisition may be by donation, purchase with appropriated or donated funds, exchange, or otherwise, but lands and interests in land owned by the State of California may be acquired only by donation.

(b)(1) Effective on the date of enactment of this Act, there is hereby vested in the United States all right, title, and interest in, and the right to immediate possession of, all real property within the park boundaries designated in maps NPS–RED–7114–A and NPS–RED–7114–B, except real property owned by the State of California or a political subdivision thereof and except as provided in paragraph (3) of this subsection. The Secretary shall allow for the orderly termination of all operations on real property acquired by the United States under this subsection, and for the removal of equipment, facilities, and personal property therefrom.

(2) The United States will pay just compensation to the owner of any real property taken by paragraph (1) of this subsection. Such compensation shall be paid either: (A) by the Secretary of the Treasury from money appropriated from the Land and Water Conservation Fund, including money appropriated to the Fund pursuant to section 4(b) of the Land and Water Conservation Fund Act of 1965, as amended, subject to the appropriation limitation in section 10 of this Act, upon certification to him by the Secretary of the agreed negotiated value of such property, or the valuation of the property awarded by judgment, including interest at the rate of 6 per centum per annum from the date of taking the property to the date of payment therefor; or (B) by the Secretary, if the owner of the land concurs, with any federally owned property available to him for purposes of exchange pursuant to the provisions of section 5 of this Act; or (C) by the Secretary using any combination of such money or federally owned property. Any action against the United States for the recovery of just compensation for the land and interests therein taken by the United States by this subsection shall be brought in the Court of Claims as provided in title 28, United States Code, section 1491.

(3) Subsection 3(b) shall apply to ownerships of fifty acres or less only if such ownerships are held or occupied primarily for nonresidential or nonagricultural purposes, and if the Secretary gives notice to the owner within sixty days after the effective date of this Act of the application of this subsection. Notice by the Secretary shall be deemed to have been made as of the effective date of this Act. The district court of the United States for that district in which such ownerships are located shall have jurisdiction to hear and determine any action brought by any person having an interest therein for damages occurring by reason of the temporary application of this paragraph, between the effective date of this Act and the date upon which the Secretary gives such notice. Nothing in this paragraph shall be construed as affecting the authority of the Secretary under subsections (a) and (c) of this

section to acquire such areas for the purposes of this Act.

(c) If any individual tract or parcel of land acquired is partly inside and partly outside the boundaries of the park or the administrative site the Secretary may, in order to minimize the payment of severance damages, acquire the whole of the tract or parcel and exchange that part of it which is outside the boundaries for land or interests in land inside the boundaries or for other land or interests in land acquired pursuant to this Act, and dispose of so much thereof as is not so utilized in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended (40 U.S.C. 471 et seq.). The cost of any land so acquired and disposed of shall not be charged against the limitation on authorized appropriations contained in section 10 of this Act.

(d) The Secretary is further authorized to acquire, as provided in subsection (a) of this section, lands and interests in land bordering both sides of the highway between the present southern boundary of Prairie Creek Redwoods State Park and a point on Redwood Creek near the town of Orick to a depth sufficient to maintain or to restore a screen of trees between the highway and the land behind the screen and the activities conducted thereon.

(e) In order to afford as full protection as is reasonably possible to the timber, soil, and streams within the boundaries of the park, the Secretary is authorized, by any of the means set out in subsections (a) and (c) of this section, to acquire interests in land from, and to enter into contracts and cooperative agreements with, the owners of land on the periphery of the park and on watersheds tributary to streams within the park designed to assure that the consequences of forestry management, timbering, land use, and soil conservation practices conducted thereon, or of the lack of such practices, will not adversely affect the timber, soil, and streams within the park as aforesaid. As used in this subsection, the term "interests in land" does not include fee title unless the Secretary finds that the cost of a necessary less-than-fee interest would be disproportionately high as compared with the estimated cost of the fee. No acquisition other than by donation shall be effectuated and no contract or cooperative agreement shall be executed by the Secretary pursuant to the provisions of this subsection until sixty days after he has notified the President of the Senate and the Speaker of the House of Representatives of his intended action and of the costs and benefits to the United States involved therein.

SEC. 4. (a) The owner of improved property on the date of its acquisition by the Secretary under this Act

may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term of not more than twenty-five years or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated to the United States, the Secretary shall pay the owner the fair market value of the property on the date of acquisition minus the fair market value on that date of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purpose of this Act, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(b) The term "improved property", as used in this section, means a detached, noncommercial residential dwelling, the construction of which was begun before October 9, 1967, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(c) The Secretary shall have, with respect to any real property acquired by him in sections 5 and 8, township 13 north, range 1 east, Humboldt meridan, authority to sell or lease the same to the former owner under such conditions and restrictions as will assure that it is not utilized in a manner or for purposes inconsistent with the national park.

SEC. 5. In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property within the boundaries of the park, and outside of such boundaries within the limits prescribed in this Act. Notwithstanding any other provision of law, the Secretary may acquire such property from the grantor by exchange for any federally owned property under the jurisdiction of the Bureau of Land Management in California, except property needed for public use and management, which he classifies as suitable for exchange or other disposal, or any federally owned property he may designate within the Northern Redwood Purchase Unit in Del Norte County, California, except

that section known and designated as the Yurok Experimental Forest, consisting of approximately nine hundred and thirty-five acres. Such federally owned property shall also be available for use by the Secretary in lieu of, or together with, cash in payment of just compensation for any real property taken pursuant to section 3(b) of this Act. The values of the properties so exchanged either shall be approximately equal or, if they are not approximately equal, the value shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require. Through the exercise of his exchange authority, the Secretary shall, to the extent possible, minimize economic dislocation and the disruption of the grantor's commercial operations.

SEC. 6. Notwithstanding any other provision of law, any Federal property located within any of the areas described in sections 2 and 3 of this Act may, with the concurrence of the head of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the provisions of this Act.

SEC. 7. (a) Notwithstanding any other provision of law, the Secretary shall have the same authority with respect to contracts for the acquisition of land and interests in land for the purposes of this Act as was given the Secretary of the Treasury for other land acquisitions by section 34 of the Act of May 30, 1908 (35 Stat. 545; 40 U.S.C. 261), and the Secretary and the owner of land to be acquired under this Act may agree that the purchase price will be paid in periodic installments over a period that does not exceed ten years, with interest on the unpaid balance thereof at a rate which is not in excess of the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities on the installments.

(b) Judgments against the United States for amounts in excess of the deposit in court made in condemnation actions shall be subject to the provisions of section 1302 of the Act of July 27, 1956 (70 Stat. 694), as amended (31 U.S.C. 724a), and the Act of June 25, 1948 (62 Stat. 979), as amended (28 U.S.C. 2414, 2517).

SEC. 8. The present practice of the California Department of Parks and Recreation of maintaining memorial groves of redwood trees named for benefactors of the State redwood parks shall be continued by the Secretary in the Redwood National Park.

SEC. 9. The Secretray shall administer the Redwood National Park in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1–4), as amended and supplemented.

SEC. 10. There are hereby authorized to be appropriated $92,000,000 for land acquisition to carry out the provisions of this Act.

19. Voyageurs

An Act to authorize the establishment of the Voyageurs National Park in the State of Minnesota, and for other purposes. (84 Stat. 1971)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the purpose of this Act is to preserve, for the inspiration and enjoyment of present and future generations, the outstanding scenery, geological conditions, and waterway system which constituted a part of the historic route of the Voyageurs who contributed significantly to the opening of the Northwestern United States.

ESTABLISHMENT

SEC. 101. In furtherance of the purpose of this Act, the Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to establish the Voyageurs National Park (hereinafter referred to as the "park") in the State of Minnesota, by publication of notice to that effect in the Federal Register at such time as the Secretary deems sufficient interests in lands or waters have been acquired for administration in accordance with the purposes of this Act: *Provided*, That the Secretary shall not establish the park until the lands owned by the State of Minnesota and any of its political subdivisions within the boundaries shall have been donated to the Secretary for the purposes of the park: *Provided further*, That the Secretary shall not acquire other lands by purchase for the park prior to such donation unless he finds that acquisition is necessary to prevent irreparable changes in their uses or character of such a nature as to make them unsuitable for park purposes and notifies the Committees on Interior and Insular Affairs of both the Senate and the House of Representatives of such findings at least thirty days prior to such acquisition.

SEC. 102. The park shall include the lands and waters within the boundaries are generally depicted on the drawing entitled "A Proposed Voyageurs National Park, Minnesota," numbered LNPMW–VOYA–1001, dated February 1969, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. Within one year after acquisition of the lands owned by the State of Minnesota and its political subdivisions within the boundaries of the park the Secretary shall affix to such drawing an exact legal description of said boundaries. The Secretary may revise the boundaries of the park from time to time by publishing in the Federal Register a revised

drawing or other boundary description, but such revisions shall not increase the land acreage within the park by more than one thousand acres.

LAND ACQUISITION

SEC. 201. (a) The Secretary may acquire lands or interests therein within the boundaries of the park by donation, purchase with donated or appropriated funds, or exchange. When any tract of land is only partly within such boundaries, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so aquired outside of the park boundaries may be exchanged by the Secretary for non-Federal lands within the park boundaries. Any portion of land acquired outside the park boundaries and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended. Any Federal property located within the boundaries of the park may be transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of the park. Lands within the boundaries of the park owned by the State of Minnesota, or any political subdivision thereof, may be acquired only by donation.

(b) In exercising his authority to acquire property under this section, the Secretary shall give immediate and careful consideration to any offer made by any individual owning property within the park area to sell such property to the Secretary. In considering such offer, the Secretary shall take into consideration any hardship to the owner which might result from any undue delay in acquiring his property.

SEC. 202. (a) Any owner or owners (hereinafter referred to as "owner") of improved property on the date of its acquisition by the Secretary may, if the Secretary determines that such improved property is not, at the time of its acquisition, required for the proper administration of the park, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years, or, in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, whichever is later. The owner shall elect the term to be retained. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(b) If the State of Minnesota donates to the United States any lands within the boundaries of the park sub-

ject to an outstanding lease on which the lessee began construction of a noncommercial or recreational residential dwelling prior to January 1, 1969, the Secretary may grant to such lessee a right of use and occupancy for such period of time as the Secretary, in his discretion, shall determine; *Provided*, That no such right of use and occupancy shall be granted, extended, or continue after ten years from the date of the establishment of the park.

(c) Any right of use and occupancy retained or granted pursuant to this section shall be subject to termination by the Secretary upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of this Act, or upon his determination that the property is required for the proper administration of the park. The Secretary shall tender to the holder of the right so terminated an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

(d) The term "improved property", as used in this section, shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1969, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

SEC. 203. Notwithstanding any other provision of law, the Secretary is authorized to negotiate and enter into concession contracts with former owners of commercial, recreational, resort, or similar properties located within the park boundaries for the provision of such services at their former location as he may deem necessary for the accommodation of visitors.

SEC. 204. The Secretary is authorized to pay a differential in value, as hereinafter set forth, to any owner of commercial timberlands within the park with whom the State of Minnesota has negotiated, for the purpose of conveyance to the United States, an exchange of lands for State lands outside the park. Payment hereunder may be made when an exchange is based upon valuations for timber purposes only, and shall be the difference between the value of such lands for timber purposes, as agreeable to the State, the Secretary, and any owner, and the higher value, if any, of such lands for recreational purposes not attributable to establishment or authorization of the park: *Provided*, That any payment shall be made only at such time as fee title of lands so acquired within the boundaries is conveyed to the United States.

ADMINISTRATION

SEC. 301. (a) Except as hereinafter provided, the Secretary shall administer the lands acquired for the park, and after establishment shall administer the park, in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535) as amended and supplemented (16 U.S.C. 1–4).

(b) Within four years from the date of establishment, the Secretary of the Interior shall review the area within the Voyaguers National Park and shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d)), his recommendation as to the suitability or nonsuitability of any area within the lakeshore for preservation as wilderness, and any designation of any such area as a wilderness may be accomplished in accordance with said subsections of the Wilderness Act.

(c) All mining and mineral activities and commercial water power development within the boundaries of the park shall be prohibited, and further, any conveyance from the State of Minnesota shall contain a convenant that the State of Minnesota, its licensees, permittees, lessees, assigns, or successors in interest shall not engage in or permit any mining activity nor water power development.

SEC. 302. (a) The Secretary shall permit recreational fishing on lands and waters under his jurisdiction within the boundaries of the park in accordance with applicable laws of the United States and of the State of Minnesota, except that the Secretary may designate zones where and establish periods when no fishing shall be permitted for reasons of public safety, administration, fish and wildlife management, or public use and enjoyment. Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate agency of the State of Minnesota.

(b) The seining of fish at Shoepac Lake by the State of Minnesota to secure eggs for propagation purposes shall be continued in accordance with plans mutually acceptable to the State and the Secretary.

SEC. 303. The Secretary may, when planning for development of the park, include appropriate provisions for (1) winter sports, including the use of snowmobiles, (2) use by seaplanes, and (3) recreational use by all types of watercraft, including houseboats, runabouts, canoes, sailboats, fishing boats, and cabin cruisers.

SEC. 304. Nothing in this Act shall be construed to affect the provisions of any treaty now or hereafter in force between the United States and Great Britain relating to Canada or between the United States and Canada,

or of any order or agreement made or entered into pursuant to any such treaty, which by its terms would be applicable to the lands and waters which may be acquired by the Secretary hereunder, including, without limitation on the generality of the foregoing, the Convention Between the United States and Canada on Emergency Regulation of Level of Rainy Lake and of Other Boundary Waters in the Rainy Lake Watershed, signed September 15, 1938, and any order issued pursuant thereto.

SEC. 305. The Secretary is authorized to make provision for such roads within the park as are, or will be, necessary to assure access from present and future State roads to public facilities within the park.

APPROPRIATIONS

SEC. 401. There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act, not to exceed, however, $26,014,000 for the acquisition of property, and not to exceed $19,179,000 (June 1969 prices) for development, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the types of construction involved herein.

(a) Subject to the provisions of subsection (b) hereof, the Secretary of the Interior may, within the boundaries of the monument, acquire lands and interests in lands by donation, purchase with donated or appropriated funds, or exchange, except that any lands or interests in lands owned by the State of South Dakota, a political subdivision thereof, or the Oglala Sioux Tribe of South Dakota may be acquired only with the consent of owner. Notwithstanding any other provision of law, lands and interests in lands located within the monument under the administrative jurisdiction of any other Federal agency may be transferred to the administrative jurisdiction of the Secretary without transfer of funds.

(b) As to lands located within the boundaries of the monument but outside the boundaries of the gunnery range referred to in section 3 hereof, the Secretary of the Interior may acquire only rights-of-way and scenic easements.

SEC. 3. Inasmuch as (A) most of the lands added to the Badlands National Monument by section 1 of this Act are inside the boundaries of the Pine Ridge Sioux Indian Reservation, (B) such lands are also within a tract of land forty-three miles long and twelve and one-half miles wide which is in the northwestern part of such Indian reservation and has been used by the United States Air Force as a gunnery range since the early part of World War II, (C) the tribal lands within such gunnery range were leased by the Federal Government and the other lands within such gunnery range were purchased

by the Federal Government from the individual owners (mostly Indians), (D) the Department of the Air Force has declared most of such gunnery range lands excess to its needs and such excess lands have been requested by the National Park Service under the Federal Property and Administrative Services Act of 1949, (E) the leased tribal lands and the excess lands within the enlarged Badlands National Monument are needed for the monument, (F) the other excess lands in such gunnery range should be restored to the former Indian owners of such lands, and (G) the tribe is unwilling to sell its tribal lands for inclusion in the national monument, but is willing to exchange them or interests therein for the excess gunnery range lands, which insofar as the lands within the gunnery rage formerly held by the tribe are concerned, should be returned to Indian ownership in any event, the Congress hereby finds that such exchange would be in the national interest and authorizes the following actions:

(a) All Federal lands and interests in lands within the Badlands Air Force gunnery range that are outside the boundaries of the monument and that heretofore or hereafter are declared excess to the needs of the Department of the Air Force shall be transferred to the administrative jurisdiction of the Secretary of the Interior without a transfer of funds.

(b) Any former Indian or non-Indian owner of a tract of such land, whether title was held in trust or fee, may purchase such tract from the Secretary of the Interior under the following terms and conditions:

(1) The purchase price to a former Indian owner shall be the total amount paid by the United States to acquire such tract and all interests therein, plus interest thereon from the date of acquisition at a rate determined by the Secretary of the Treasury taking into consideration the average market yield of all outstanding marketable obligations of the United States at the time the tract was acquired by the United States, adjusted to the nearest one-eighth of 1 per centum. The purchase price to a former non-Indian owner shall be the present fair market value of the tract as determined by the Secretary of the Interior.

(2) Not less than $100 or 20 per centum of the purchase price, whichever is less, shall be paid at the time of purchase, and the balance shall be payable in not to exceed 20 years with interest at a rate determined by the Secretary of the Treasury taking into account the current average market yield on outstanding marketable obligations of the United States with twenty years remaining to date of maturity, adjusted to the nearest one-eighth of 1 per centum.

(3) Title to the tract purchased shall be held in trust for the purchaser if it was held in trust status at the time the tract was acquired by the United States; otherwise, the title to the tract purchased shall be conveyed to the purchaser subject to a mortgage and such other security instruments as the Secretary deems appropriate. If a tract purchased under this subsection is offered for resale during the following ten-year period, the tribe must be given the first right to purchase it.

(4) The unpaid balance of the purchase price shall be a lien against the land if the title is held in trust and against all rents, bonuses, and royalties received therefrom. In the event of default in the payment of any installment of the purchase price the Secretary may take such action to enforce the lien as he deems appropriate, including foreclosure and conveyance of the land to the Oglala Sioux Tribe.

(5) An application to purchase the tract must be filed with the Secretary of the Interior within one year from the date a notice is published in the Federal Register that the tract has been transferred to the jurisdiction of the Secretary.

(6) No application may be filed by more than five of the former owners of an interest in the tract. If more than one such application is filed for a tract the applicants must agree on not more than five of the former owners who shall make the purchase, and failing such agreement all such applications for the tract shall be rejected by the Secretary.

(7) "Former owner" means, for the purposes of subsection (b) of this section, each person from whom the United States acquired an interest in the tract, or if such person is deceased, his spouse, or if such spouse is deceased, his children.

SEC. 4. (a) All Federal lands and interests in lands within the Badlands Air Force gunnery range that are outside the boundaries of the monument, and that have been declared excess to the needs of the Department of the Air Force, and that are not purchased by former owners under section 3(b), and all lands that have been acquired by the United States under authority of title II of the National Industrial Recovery Act of June 16, 1933 (48 Stat. 200), and subsequent relief Acts, situated within the Pine Ridge Indian Reservation, administrative jurisdiction over which has heretofore been transferred by the President from the Secretary of Agriculture to the Secretary of the Interior by Executive Order Numbered 7868, dated April 15, 1938, shall be subject to the following provisions of this section.

(b) Any former Indian owner of land that is within the Badlands Air Force gunnery range and outside the

boundaries of the monument and that has not been declared excess to the needs of the Department of the Air Force on the date of the enactment of this Act may, within the period specified in section 3(b)(5), elect (i) to purchase an available tract of land described in section 4(a) of substantially the same value, or (ii) to purchase the tract formerly owned by him at such time as such tract is declared excess and transferred to the Secretary of the Interior as provided in section 3(a).

(c) Any former Indian owner of a tract of land within the boundaries of the monument that was acquired by the United States for the Badlands Air Force gunnery range, and that is transferred to the Secretary of the Interior pursuant to section 2 of this Act, may, within the period specified in section 3(b)(5), elect (i) to acquire from the Secretary of the Interior a life estate in such tract at no cost, subject to restrictions on use that may be prescribed in regulations applicable to the monument, or (ii) to purchase an available tract of land described in section 4(a) of substantially the same value.

(d) Purchases under subsection (b) and clause (ii) of subsection (c) of this section shall be made on the terms provided in section 3(b).

SEC. 5. (a) Title to all Federal lands and interests in lands within the boundaries of the Badlands Air Force gunnery range that are outside the boundaries of the monument, and that are transferred to the administrative jurisdiction of the Secretary of the Interior as provided in section 3(a), including lands hereafter declared to be excess, and that are not selected under sections 3(b) or 4, and title to all lands within the boundaries of the monument that were acquired by the United States for the Badlands Air Force gunnery range, subject to any life estate conveyed pursuant to section 4(c) and subject to restrictions on use that may be prescribed in regulations applicable to the monument, which regulations may include provisions for the protection of the black-footed ferret, may be conveyed to the Oglala Sioux Tribe in exchange (i) for the right of the United States to use all tribal land within the monument for monument purposes, including the right to manage fish and wildlife and other resources and to construct visitor use and administrative facilities thereon, and (ii) for title to three thousand one hundred fifteen and sixty-three one-hundredths acres of land owned by the Oglala Sioux Tribe and located in the area of the Badlands Air Force gunnery range which is not excess to the needs of the Department of the Air Force and which is encompassed in civil action numbered 859 W.D. in the United States District Court for the District of South Dakota, if such exchange is approved by the Oglala Sioux Tribal Council. The lands acquired under paragraph (ii) shall become a

part of the Badlands Air Force gunnery range retained by the Department of the Air Force. The United States and the Oglala Sioux Tribe shall reserve all mineral rights in the lands so conveyed. The right of the United States to use for monument purposes lands that were tribally owned prior to the date of this Act shall not impair the right of the Oglala Sioux Tribe to use such lands for grazing purposes and mineral development, including development for oil and gas.

(b) The Oglala Sioux Tribal Council may authorize the execution of the necessary instruments to effect the exchange on behalf of the tribe, and the Secretary may execute the necessary instruments on behalf of the United States.

(c) After the exchange is effected the title of the Oglala Sioux Tribe to the property acquired by the exchange shall be held in trust subject to the same restrictions and authorities that apply to other lands of the tribe that are held in trust.

SEC. 6. The Oglala Sioux Tribe may convey and the Secretary of the Interior may acquire not to exceed forty acres of tribally owned lands on the Pine Ridge Indian Reservation for the purpose of erecting thereon permanent facilities to be used to interpret the natural phenomena of the monument and the history of the Sioux Nation: *Provided*, That no such conveyance shall be made until sixty days after the terms thereof have been submitted to the Interior and Insular Affairs Committees of the House of Representatives and the Senate.

An Act to authorize the establishment of the Biscayne National Monument in the State of Florida, and for other purposes. (82 Stat. 1188)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to preserve and protect for the education, inspiration, recreation, and enjoyment of present and future generations a rare combination of terrestrial, marine, and amphibious life in a tropical setting of great natural beauty, the Secretary of the Interior may establish the Biscayne National Monument within so much of the area in the State of Florida as generally depicted on the drawing entitled "Biscayne National Monument Boundary Map," numbered NM–BIS 7101, and dated May 1966, which drawing is superimposed on a photographic reproduction of a portion of Coast and Geodetic Survey Chart Numbered 1249 (eighth edition, December 20, 1965, correction numbered 22, dated May 28, 1966) as lies north of the north boundary of the channel easement shown thereon. The drawing shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary may revise the boundaries of the national monument from time to time, but the total acreage of the national monument shall not exceed ninety-six thousand three hundred acres and no boundary shall be revised outward or in such a manner as to obstruct any seaport channel which may be hereafter constructed outside the boundaries hereinbefore referred to.

An Act to provide for the establishment of the Apostle Islands National Lakeshore in the State of Wisconsin, and for other purposes. (84 Stat. 880)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to conserve and develop for the benefit, inspiration, education, recreational use, and enjoyment of the public certain significant islands and shoreline of the United States and their related geographic, scenic, and scientific values, there is hereby established the Apostle Islands National Lakeshore (hereinafter referred to as the "lakeshore") in Ashland and Bayfield Counties, Wisconsin, consisting of the area generally depicted on the map entitled "Apostle Islands National Lakeshore", numbered NL–AI–91,000, sheets 1 and 2, and dated June 1970. The map shall be on file and available for public inspection in the office of the Director, National Park Service, Department of the Interior.

SEC. 2. No lands held in trust by the United States for either the Red Cliff Band or Bad River Band of the Lake Superior Chippewa Indians, or for allottees thereof, shall be acquired or included within the boundaries of the lakeshore established by this Act, with the following exception:

> If the Indians who own more than 50 per centum of the interest in allotment number 74 GL or allotment number 135 in the Red Cliff Reservation agree to sell the allotment to the Secretary of the Interior (hereinafter referred to as the "Secretary"), the Secretary may consent to the sale on behalf of the other owners, purchase the allotment for the negotiated price and revise the boundaries of the lakeshore to include the allotment.

SEC. 3. The Secretary may acquire within the boundaries of the lakeshore lands and interests therein by donation, purchase with donated or appropriated funds, or exchange, but lands and interests in lands owned by the State of Wisconsin may be acquired only by donation. Notwithstanding any other provision of law, any Federal property located within the boundaries of the lakeshore may, with the concurrence of the agency having

custody thereof, be transferred without transfer of funds to the administrative jurisdiction of the Secretary for the purposes of the lakeshore.

SEC. 4. (a) With the exception of not more than eighty acres of land to be designated within the lakeshore boundaries by the Secretary as an administrative site, visitor center, and related facilities, as soon as practicable, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years, or, in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, whichever is the later. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(b) A right of use and occupancy retained pursuant to this section may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof has ceased to be used for noncommercial residential or for agricultural purposes, and upon tender to the holder of a right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination.

(c) The term "improved property", as used in this section, shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1967 (hereinafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

SEC. 5. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the lakeshore in accordance with the appropriate laws of Wisconsin and the United States to the extent applicable, except that he may designate zones where, and establish periods when, no hunting, trapping, or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any regulations prescribing any such restrictions shall be put into effect only after consultation with the appropriate State agency responsible for hunting, trapping, and fishing activities.

SEC. 6. The lakeshore shall be administered, protected, and developed in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–4), as amended and supplemented; and the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–1), as April 9, 1924 (43 Stat. 90; 16 U.S.C. 8a et seq.), as amended, except that any other statutory authority available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of the Act.

SEC. 7. In the administration, protection, and development of the lakeshore, the Secretary shall adopt and implement, and may from time to time revise, a land and water use management plan which shall include a specific provision for—

(a) protection of scenic, scientific, historic, geological, and archeological features contributing to public education, inspiration, and enjoyment;

(b) development of facilities to provide the benefits of public recreation together with such access roads as he deems appropriate; and

(c) preservation of the unique flora and fauna and the physiographic and geologic conditions now prevailing on the Apostle Islands within the lakeshore: *Provided*, That the Secretary may provide for the public enjoyment and understanding of the unique natural, historical, scientific, and archeological features of the Apostle Islands through the establishment of such trails, observation points, exhibits, and services as he may deem desirable.

SEC. 8. There are authorized to be appropriated not more than $4,250,000 for the acquisition of lands and interests in lands and not more than $5,000,000 for the development of the Apostle Islands National Lakeshore.

Approved September 26, 1970.

2. Appalachian Trail

An Act to establish a national trails system, and for other purposes. (82 Stat. 919)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "National Trails System Act".

STATEMENT OF POLICY

SEC. 2. (a) In order to provide for the ever-increasing outdoor recreation needs of an expanding population and in order to promote public access to, travel within, and enjoyment and appreciation of the open-air, outdoor areas of the Nation, trails should be established (i) primarily, near the urban areas of the Nation, and (ii) secondarily, within established scenic areas more remotely located.

(b) the purpose of this Act is to provide the means for attaining these objectives by instituting a national system of recreation and scenic trails, by designating the Appalachian Trail and the Pacific Crest Trail as the initial components of that system, and by prescribing the methods by which, and standards according to which additional components may be added to the system.

NATIONAL TRAILS SYSTEM

SEC. 3. The national system of trails shall be composed of—

(a) National recreation trails, established as provided in section 4 of this Act, which will provide a variety of outdoor recreation uses in or reasonably accessible to urban areas.

(b) National scenic trails, established as provided in section 5 of this Act, which will be extended trails so located as to provide for maximum outdoor recreation potential and for the conservation and enjoyment of the nationally significant scenic, historic, natural, or cultural qualities of the areas through which such trails may pass.

(c) Connecting or side trails, established as provided in section 6 of this Act, which will provide additional points of public access to national recreation or national scenic trails or which will provide connections between such trails.

The Secretary of the Interior and the Secretary of Agriculture, in consultation with appropriate govern-

mental agencies and public and private organizations, shall establish a uniform marker for the national trails system.

NATIONAL RECREATION TRAILS

SEC. 4. (a) The Secretary of the Interior, or the Secretary of Agriculture where lands administered by him are involved, may establish and designate national recreation trails, with the consent of the Federal agency, State, or political subdivision having jurisdiction over the lands involved, upon finding that—

(i) such trails are reasonably accessible to urban areas, and, or

(ii) such trails meet the criteria established in this Act and such supplementary criteria as he may prescribe.

(b) As provided in this section, trails within park, forest, and other recreation areas administered by the Secretary of the Interior or the Secretary of Agriculture or in other federally administered areas may be established and designated as "National Recreation Trails" by the appropriate Secretary and, when no Federal land acquisition is involved—

(i) trails in or reasonably accessible to urban areas may be designated as "National Recreation Trails" by the Secretary of the Interior with the consent of the States, their political subdivisions, or other appropriate administering agencies, and

(ii) trails within park, forest, and other recreation areas owned or administered by States may be designated as "National Recreation Trails" by the Secretary of the Interior with the consent of the State.

NATIONAL SCENIC TRAILS

SEC. 5. (a) National scenic trails shall be authorized and designated only by Act of Congress. There are hereby established as the initial National Scenic Trails:

(1) The Appalachian Trail, a trail of approximately two thousand miles extending generally along the Appalachian Mountains from Mount Katahdin, Maine, to Springer Mountain, Georgia. Insofar as practicable, the right-of-way for such trail shall comprise the trail depicted on the maps identified as "Nationwide System of Trails, Proposed Appalachian Trail, NST–AT–101–May 1967", which shall be on file and available for public inspection in the office of the Director of the National Park Service. Where practicable, such rights-of-way shall include lands protected for it under agreements in effect as of the date of enactment of this Act, to which Federal agencies and States were parties. The Appalachian Trail

shall be administered primarily as a footpath by the Secretary of the Interior, in consultation with the Secretary of Agriculture.

(2) The Pacific Crest Trail, a trail of approximately two thousand three hundred fifty miles, extending from the Mexican-California border northward generally along the mountain ranges of the west coast States to the Canadian-Washington border near Lake Ross, following the route as generally depicted on the map, identified as "Nationwide System of Trails, Proposed Pacific Crest Trail, NST–PC–103–May 1967", which shall be on file and available for public inspection in the office of the Chief of the Forest Service. The Pacific Crest Trail shall be administered by the Secretary of Agriculture, in consultation with the Secretary of the Interior.

(3) The Secretary of the Interior shall establish an advisory council for the Appalachian National Scenic Trail, and the Secretary of Agriculture shall establish an advisory council for the Pacific Crest National Scenic Trail. The appropriate Secretary shall consult with such council from time to time with respect to matters relating to the trail, including the selection of rights-of-way, standards of the erection and maintenance of markers along the trail, and the administration of the trail. The members of each advisory council, which shall not exceed thirty-five in number, shall serve without compensation or expense to the Federal Government for a term of five years and shall be appointed by the appropriate Secretary as follows:

(i) A member appointed to represent each Federal department or independent agency administering lands through which the trail route passes and each appointee shall be the person designated by the head of such department or agency;

(ii) A member appointed to represent each State through which the trail passes and such appointments shall be made from recommendations of the Governors of such States;

(iii) One or more members appointed to represent private organizations, including landowners and land users, that, in the opinion of the Secretary, have an established and recognized interest in the trail and such appointments shall be made from recommendations of the heads of such organizations: *Provided*, That the Appalachian Trail Conference shall be represented by a sufficient number of persons to represent the various sections of the country through which the Appalachian Trail passes; and

(iv) The Secretary shall designate one member to be chairman and shall fill vacancies in the same manner as the original appointment.

(b) The Secretary of the Interior, and the Secretary of Agriculture where lands administered by him are involved, shall make such additional studies as are herein or may hereafter be authorized by the Congress for the purpose of determining the feasibility and desirability of designating other trails as national scenic trails. Such studies shall be made in consultation with the heads of other Federal agencies administering lands through which such additional proposed trails would pass and in cooperation with interested interstate, State, and local governmental agencies, public and private organizations, and landowners and land users concerned. When completed, such studies shall be the basis of appropriate proposals for additional national scenic trails which shall be submitted from time to time to the President and to the Congress. Such proposals shall be accompanied by a report, which shall be printed as a House or Senate document, showing among other things—

(1) the proposed route of such trail (including maps and illustrations);

(2) the areas adjacent to such trails, to be utilized for scenic, historic, natural, cultural, or developmental, purposes;

(3) the characteristics which, in the judgment of the appropriate Secretary, make the proposed trail worthy of designation as a national scenic trail;

(4) the current status of land ownership and current and potential use along the designated route;

(5) the estimated cost of acquisition of lands or interest in lands, if any;

(6) the plans for developing and maintaining the trail and the cost thereof;

(7) the proposed Federal administering agency (which, in the case of a national scenic trail wholly or substantially within a national forest, shall be the Department of Agriculture);

(8) the extent to which a State or its political subdivisions and public and private organizations might reasonably be expected to participate in acquiring the necessary lands and in the administration thereof; and

(9) the relative uses of the lands involved, including: the number of anticipated visitor-days for the entire length of, as well as for segments of, such trail; the number of months which such trail, or segments thereof, will be open for recreation purposes; the economic and social benefits which might accrue from alternate land uses; and the estimated man-years of civilian employment and expenditures expected for the purposes of maintenance, supervision, and regulation of such trail.

(c) The following routes shall be studied in accordance with the objectives outlined in subsection (b) of this section:

(1) Continental Divide Trail, a three-thousand-one-hundred-mile trail extending from near the Mexican border in southwestern New Mexico northward generally along the Continental Divide to the Canadian border in Glacier National Park.

(2) Potomac Heritage Trail, an eight-hundred-and-twenty-five-mile trail extending generally from the mouth of the Potomac River to its sources in Pennsylvania and West Virginia, including the one-hundred-and-seventy-mile Chesapeake and Ohio Canal towpath.

(3) Old Cattle Trails of the Southwest from the vicinity of San Antonio, Texas, approximately eight hundred miles through Oklahoma via Baxter Springs and Chetopa, Kansas, to Fort Scott, Kansas, including the Chisholm Trail, from the vicinity of San Antonio or Cuero, Texas, approximately eight hundred miles north through Oklahoma to Abilene, Kansas.

(4) Lewis and Clark Trail, from Wood River, Illinois, to the Pacific Ocean in Oregon, following both the outbound and inbound routes of the Lewis and Clark Expedition.

(5) Natchez Trace, from Nashville, Tennessee, approximately six hundred miles to Natchez, Mississippi.

(9) Santa Fe Trail, from Independence, Missouri, approximately eight hundred miles to Santa Fe, New Mexico.

(10 Long Trail, extending two hundred and fifty-five miles from the Massachusetts border northward through Vermont to the Canadian border.

(11) Mormon Trail, extending from Nauvoo, Illinois, to Salt Lake City, Utah, through the States of Iowa, Nebraska, and Wyoming.

(13) Mormon Battalion Trail, extending two thousand miles from Mount Pisgah, Iowa, through Kansas, Colorado, New Mexico, and Arizona to Los Angeles, California.

(14) El Camino Real from St. Augustine to San Mateo, Florida, approximately 20 miles along the southern boundary of the St. Johns River from Fort Caroline National Memorial to the St. Augustine National Park Monument.

CONNECTING AND SIDE TRAILS

SEC. 6. Connecting or side trails within park, forest, and other recreation areas administered by the Secretary of the Interior or Secretary of Agriculture may be established, designated, and marked as components of a national recreation or national scenic trail. When no Federal land acquisition is involved, connecting or side trails may be located across lands administered by interstate, State, or local governmental agencies with their consent: *Provided*, That such trails provide additional points of public access to national recreation or scenic trails.

ADMINISTRATION AND DEVELOPMENT

SEC. 7. (a) Pursuant to section 5(a), the appropriate Secretary shall select the rights-of-way for National Scenic Trails and shall publish notice thereof in the Federal Register, together with appropriate maps and descriptions: *Provided*, That in selecting the rights-of-way full consideration shall be given to minimizing the adverse effects upon the adjacent landowner or user and his operation. Development and management of each segment of the National Trails System shall be designed to harmonize with and complement any established multiple-use plans for that specific area in order to insure continued maximum benefits from the land. The location and width of such rights-of-way across Federal lands under the jurisdiction of another Federal agency shall be by agreement between the head of that agency and the appropriate Secretary. In selecting rights-of-way for trail purposes, the Secretary shall obtain the advice and assistance of the States, local governments, private organizations, and landowners and land users concerned.

(b) After publication of notice in the Federal Register, together with appropriate maps and descriptions, the Secretary charged with the administration of a national scenic trail may relocate segments of a national scenic trail right-of-way, with the concurrence of the head of the Federal agency having jurisdiction over the lands involved, upon a determination that: (i) such a relocation is necessary to preserve the purposes for which the trail was established, or (ii) the relocation is necessary to promote a sound land management program in accordance with established multiple-use principles: *Provided*, That a substantial relocation of the rights-of-way for such trail shall be by Act of Congress.

(c) National scenic trails may contain campsites, shelters, and related-public-use facilities. Other uses along the trail, which will not substantially interfere with the nature and purposes of the trail, may be permitted by the Secretary charged with the administration of the trail. Reasonable efforts shall be made to provide sufficient access opportunities to such trails and, to the extent practicable, efforts shall be made to avoid activities incompatible with the purposes for which such trails were established. The use of motorized vehicles by the general public along any national scenic trail shall be prohibited and nothing in this Act shall be construed as authorizing the use of motorized vehicles within the natural and historical areas of the national park system, the national wildlife refuge system, the national wilderness preservation system where they are presently prohibited or on other Federal lands where trails are designated as being closed to such use by the appropriate Secretary: *Provided*, That the Secretary charged with the administration of such trail shall establish regulations which shall authorize the use of motorized vehicles when, in his judgment, such vehicles are necessary to meet emergencies or to enable adjacent landowners or land users to have reasonable access to their lands or timber rights: *Provided further*, That private lands included in the national recreation or scenic trails by cooperative agreement of a landowner shall not preclude such owner from using motorized vehicles on or across such trails or adjacent lands from time to time in accordance with regulations to be established by the appropriate Secretary. The Secretary of the Interior and the Secretary of Agriculture, in consultation with appropriate governmental agencies and public and private organizations, shall establish a uniform marker, including thereon an appropriate and distinctive symbol for each national recreation and scenic trail. Where the trails cross lands administered by Federal agencies such markers shall be erected at appropriate points along the trails and maintained by the Federal agency administering the trail in accordance with standards established by the appropriate Secretary and where the trails cross non-Federal lands, in accordance with written cooperative agreements, the appropriate Secretary shall provide such uniform markers to cooperating agencies and shall require such agencies to erect and maintain them in accordance with the standards established.

(d) Within the exterior boundaries of areas under their administration that are included in the right-of-way selected for a national recreation or scenic trail, the heads of Federal agencies may use lands for trail purposes and may acquire lands or interests in lands by written cooperative agreement, donation, purchase with do-

nated or appropriated funds or exchange: *Provided*, That not more than twenty-five acres in any one mile may be acquired without the consent of the owner.

(e) Where the lands included in a national scenic trail right-of-way are outside of the exterior boundaries of federally administered areas, the Secretary charged with the administration of such trail shall encourage the States or local governments involved (1) to enter into written cooperative agreements with landowners, private organizations, and individuals to provide the necessary trail right-of-way, or (2) to acquire such lands or interests therein to be utilized as segments of the national scenic trail: *Provided*, That if the State or local governments fail to enter into such written cooperative agreements or to acquire such lands or interests therein within which two years after notice of the selection of the right-of-way is published, the appropriate Secretary may (i) enter into such agreements with landowners, States, local governments, private organizations, and individuals for the use of lands for trail purposes, or (ii) acquire private lands or interests therein by donation, purchase with donated or appropriated funds or exchange in accordance with the provisions of subsection (g) of this section. The lands involved in such rights-of-way should be acquired in fee, if other methods of public control are not sufficient to assure their use for the purpose for which they are acquired: *Provided*, That if the Secretary charged with the administration of such trail permanently relocates the right-of-way and disposes of all title or interest in the land, the original owner, or his heirs or assigns, shall be offered, by notice given at the former owner's last known address, the right of first refusal at the fair market price.

(f) The Secretary of the Interior, in the exercise of his exchange authority, may accept title to any non-Federal property within the right-of-way and in exchange therefor he may convey to the grantor of such property any federally owned property under his jurisdiction which is located in the State wherein such property is located and which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal the values shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require. The Secretary of Agriculture, in the exercise of his exchange authority, may utilize authorities and procedures available to him in connection with exchanges of national forest lands.

(g) The appropriate Secretary may utilize condemnation proceedings without the consent of the owner to acquire private lands or interests therein pursuant to this

section only in cases where, in his judgment, all reasonable efforts to acquire such lands or interests therein by negotiation have failed, and in such cases he shall acquire only such title as, in his judgment, is reasonably necessary to provide passage across such lands; *Provided*, That condemnation proceedings may not be utilized to acquire fee title or lesser interests to more than twenty-five acres in any one mile and when used such authority shall be limited to the most direct or practicable connecting trail right-of-way: *Provided further*, That condemnation is prohibited with respect to all acquisition of lands or interest in lands for the purposes of the Pacific Crest Trail. Money appropriated for Federal purposes from the land and water conservation fund shall, without prejudice to appropriations from other sources, be available to Federal departments for the acquisition of lands or interests in lands for the purposes of this Act.

(h) The Secretary charged with the administration of a national recreation or scenic trial shall provide for the development and maintenance of such trails within federally administered areas and shall cooperate with and encourage the States to operate, develop, and maintain portions of such trails which are located outside the boundaries of federally administered areas. When deemed to be in the public interest, such Secretary may enter written cooperative agreements with the States or their political subdivisions, landowners, private organizations, or individuals to operate, develop, and maintain any portion of a national scenic trail either within or outside a federally administered area.

Whenever the Secretary of the Interior makes any conveyance of land under any of the public land laws, he may reserve a right-of-way for trails to the extent he deems necessary to carry out the purposes of this Act.

(i) The appropriate Secretary, with the concurrence of the heads of any other Federal agencies administering lands through which a national recreation or scenic trail passes, and after consultation with the States, local governments, and organizations concerned, may issue regulations, which may be revised from time to time, governing the use, protection, management, development, and administration of trails of the national trails system. In order to maintain good conduct on and along the trails located within federally administered areas and to provide for the proper government and protection of such trails, the Secretary of the Interior and the Secretary of Agriculture shall prescribe and publish such uniform regulations as they deem necessary and any person who violates such regulations shall be guilty of a misdemeanor, and may be punished by a fine of not more than $500, or by imprisonment not exceeding six months, or by both such fine and imprisonment.

STATE AND METROPOLITAN AREA TRAILS

SEC. 8. (a) The Secretary of the Interior is directed to encourage States to consider, in their comprehensive statewide outdoor recreation plans and proposals for financial assistance for State and local projects submitted pursuant to the Land and Water Conservation Fund Act, needs and opportunities for establishing park, forest, and other recreation trails on lands owned or administered by States, and recreation trails on lands in or near urban areas. He is further directed, in accordance with the authority contained in the Act of May 8, 1963 (77 Stat. 49), to encourage States, political subdivisions, and private interests, including nonprofit organizations, to establish such trails.

(b) The Secretary of Housing and Urban Development is directed, in administering the program of comprehensive urban planning and assistance under section 701 of the Housing Act of 1954, to encourage the planning of recreation trails in connection with the recreation and transportation planning for metropolitan and other urban areas. He is further directed, in administering the urban open-space program under title VII of the Housing Act of 1961, to encourage such recreation trails.

(c) The Secretary of Agriculture is directed, in accordance with authority vested in him, to encourage States and local agencies and private interests to establish such trails.

(d) Such trails may be designated and suitably marked as parts of the nationwide system of trails by the States, their political subdivisions, or other appropriate administering agencies with the approval of the Secretary of the Interior.

RIGHTS-OF-WAY AND OTHER PROPERTIES

SEC. 9. (a) The Secretary of the Interior or the Secretary of Agriculture as the case may be, may grant easements and rights-of-way upon, over, under, across, or along any component of the national trails system in accordance with the laws applicable to the national park system and the national forest system, respectively: *Provided*, That any conditions contained in such easements and rights-of-way shall be related to the policy and purposes of this Act.

(b) The Department of Defense, the Department of Transportation, the Interstate Commerce Commission, the Federal Communications Commission, the Federal Power Commission, and other Federal agencies having jurisdiction or control over or information concerning the use, abandonment, or disposition of roadways, utility rights-of-way, or other properties which may be suitable for the purpose of improving or expanding the national

trails system shall cooperate with the Secretary of the Interior and the Secretary of Agriculture in order to assure, to the extent practicable, that any such properties having values suitable for trail purposes may be available for such use.

AUTHORIZATION OF APPROPRIATIONS

SEC. 10. There are hereby authorized to be appropriated for the acquisition of lands or interests in lands not more than $5,000,000 for the Appalachian National Scenic Trail and not more than $500,000 for the Pacific Crest National Scenic Trail.

Approved October 2, 1968.

3. Assateague Island

An Act to provide for the establishment of the Assateague Island National Seashore in the States of Maryland and Virginia, and for other purposes. (79 Stat. 824)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for the purpose of protecting and developing Assateague Island in the States of Maryland and Virginia and certain adjacent waters and small marsh islands for public outdoor recreation use and enjoyment, the Assateague Island National Seashore (hereinafter referred to as the "seashore") shall be established and administered in accordance with the provisions of this Act. The seashore shall comprise the area within Assateague Island and the small marsh islands adjacent thereto, together with the adjacent water areas not more than one-half mile beyond the mean high waterline of the land portions as generally depicted on a map identified as "Proposed Assateague Island National Seashore, Boundary Map, NS–AI–7100A, November, 1964", which map shall be on file and available for public inspection in the offices of the Department of the Interior.

SEC. 2. (a) Within the boundaries of the seashore, the Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to acquire lands, waters, and other property, or any interest therein, by donation, purchase with donated or appropriated funds, exchange, or in such other method as he may find to be in the public interest. The Secretary is authorized to acquire, by any of the above methods, not to exceed ten acres of land or interests therein on the mainland in Worcester County, Maryland, for an administrative site. In the case of acquisition by negotiated purchase, the property owners shall be paid the fair market value by the Secretary. Any property or interests therein owned by the States of Maryland or Virginia shall be acquired only with the concurrence of such owner. Notwithstanding any other provision of law, any Federal property located within the boundaries of the seashore and not more than ten acres of Federal property on the mainland in Worcester County, Maryland, may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for purposes of the seashore.

(b) When acquiring lands by exchange, the Secretary may accept title to any non-Federal property within the boundaries of the seashore and to not more than ten acres of non-Federal property on the mainland in Worcester County, Maryland, and convey to the grantor of such property any federally owned property under the jurisdiction of the Secretary which he classifies as suitable

for exchange or other disposal, and which is located in Maryland or Virginia. The properties so exchanged shall be approximately equal in fair market value, but the Secretary may accept cash from or pay cash to the grantor in order to equalize the value of the properties exchanged.

(c) The Secretary is authorized to acquire all of the right, title, or interest of the Chincoteague-Assateague Bridge and Beach Authority, a political subdivision of the State of Virginia, in the bridge constructed by such authority across the Assateague Channel, together with all lands or interests therein, roads, parking lots, buildings, or other real or personal property of such authority, and to compensate the authority in such amount as will permit it to meet its valid outstanding obligations at the time of such acquisition. Payments by the Secretary shall be on such terms and conditions as he shall consider to be in the public interest. Any of the aforesaid property outside the boundaries of the national seashore, upon acquisition by the Secretary, shall be subject to his administration for purposes of the seashore.

(d) Owners of improved property acquired by the Secretary may reserve for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes or for hunting purposes, as hereinafter provided, for a term that is not more than twenty-five years. In such cases, the Secretary shall pay to the owner of the property the fair market value thereof less the fair market value of the right retained by such owner: *Provided*, That such use and occupancy shall be subject to general rules and regulations established by the Secretary with respect to the outward appearance of any buildings on the lands involved. The term "improved property" as used in this Act shall mean (1) any single-family residence the construction of which was begun before January 1, 1964, and such amount of land, not in excess of three acres, on which the building is situated as the Secretary considers reasonably necessary to the noncommercial residential use of the building, and (2) any property fronting on the Chincoteague Bay or Sinepuxent Bay, including the offshore bay islands adjacent thereto, that is used chiefly for hunting and continues in such use: *Provided*, That the Secretary may exclude from improved properties any marsh, beach, or waters together with so much of the land adjoining such marsh, beach, or waters as he deems necessary for public use or public access thereto.

SEC. 3. (a) If the bridge from Sandy Point to Assateague Island is operated by the State of Maryland as a toll-free facility, the Secretary is authorized and directed to compensate said State in the amount of two-thirds of the cost of constructing the bridge, including the cost of bridge approaches, engineering, and all other related

costs, but the total amount of such compensation shall be not more than $1,000,000; and he is authorized to enter into agreements with the State of Maryland relating to the use and management of the bridge.

(b) The State of Maryland shall have the right to acquire or lease from the United States such lands, or interests therein, on the island north of the area now used as a State park as the State may from time to time determine to be needed for State park purposes, and the Secretary is authorized and directed to convey or lease such lands, or interests therein, to the State for such purposes upon terms and conditions which he deems will assure its public use in harmony with the purposes of this Act. In the event any of such terms and conditions are not complied with, all the property, or any portion thereof, shall, at the option of the Secretary, revert to the United States in its then existing condition. Any lease hereunder shall be for such consideration as the Secretary deems equitable; and any conveyance of title to land hereunder may be made only upon payment by the State of such amounts of money as were expended by the United States to acquire such land, or interests therein, and upon payments of such amounts as will reimburse the United States for the cost of any improvements placed thereon by the United States, including the cost to it of beach protection: *Provided*, That reimbursement for beach protection shall not exceed 30 per centum, as determined by the Secretary, of the total cost of the United States of such protection work.

SEC. 4. When the Secretary determines that land, water areas, or interests therein within the area generally depicted on the map referred to in section 1 are owned or have been acquired by the United States in sufficient quantities to provide an administrable unit, he shall declare the establishment of the Assateague Island National Seashore by publication of notice thereof in the Federal Register. Such notice shall contain a refined description or map of the boundaries of the seashore as the Secretary may find desirable, and the exterior boundaries shall encompass an area as nearly as practicable identical to the area described in section 1 of this Act.

SEC. 5. The Secretary shall permit hunting and fishing on land and waters under his control within the seashore in accordance with the appropriate State laws, to the extent applicable, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management or public use and enjoyment: *Provided*, That nothing in this Act shall limit or interfere with the authority of the States to permit or to regulate shellfishing in any waters included in the national seashore: *Provided further*, That nothing in this Act shall add to or limit the authority of the Fed-

The provisions of this section shall not apply to the Chincoteague National Wildlife Refuge.

SEC. 6. (a) Except as provided in subsection (b) of this section, the Secretary shall administer the Assateague Island National Seashore for general purposes of public outdoor recreation, including conservation of natural features contributing to public enjoyment. In the administration of the seashore and the administrative site the Secretary may utilize such statutory authorities relating to areas administered and supervised by the Secretary through the National Park Service and such statutory authority otherwise available to him for the conservation and management of natural resources as he deems appropriate to carry out the purposes of this Act.

(b) Notwithstanding any other provision of this Act, land and waters in the Chincoteague National Wildlife Refuge, which are a part of the seashore, shall be administered for refuge purposes under laws and regulations applicable to national wildlife refuges, including administration for public recreation uses in accordance with the provisions of the Act of September 28, 1962 (Public Law 87–714; 76 Stat. 653).

SEC. 7. (a) In order that suitable overnight and other public accommodations on Assateague Island will be provided for visitors to the seashore, the Secretary shall select and set aside one or more parcels of land in Maryland having a suitable elevation in the area south of the island terminus of the Sandy Point-Assateague Island Bridge, the total of which shall not exceed six hundred acres, and the public use area on the Chincoteague National Wildlife Refuge now operated by the Chincoteague-Assateague Bridge and Beach Authority of the Commonwealth of Virginia, and shall provide or allow the provision of such land fill within the areas selected as he deems necessary to permit and protect permanent construction work thereon: *Provided*, That the United States shall not be liable for any damage that may be incurred by persons interested therein by reason of the inadequacy of the fill for the structures erected thereon.

(b) Within the areas designated under subsection (a) of this section the Secretary shall permit the construction by private persons of suitable overnight and other public accommodations for visitors to the seashore under such terms and conditions as he deems necessary in the public interest and in accordance with the laws relating to concessions within the national park system.

(c) The site of any facility constructed under authority of this section shall remain the property of the United States. Each privately constructed concession facility, whether within or outside of an area designated under subsection (a) of this section, shall be mortgageable, taxable, and subject to foreclosure proceedings, all in accordance with the laws of the State in which it is located and the political subdivisions thereof.

(d) The Secretary shall make such rules and regulations as may be necessary to carry out this section.

(e) Nothing in this section shall be deemed to restrict or limit any other authority of the Secretary relating to the administration of the seashore.

SEC. 8. The Secretary of the Interior and the Secretary of the Army shall cooperate in the study and formulation of plans for beach erosion control and hurricane protection of the seashore; and any such protective works that are undertaken by the Chief of Engineers, Department of the Army, shall be carried out in accordance with a plan that is acceptable to the Secretary of the Interior and is consistent with the purposes of this Act.

SEC. 9. (a) The Secretary of the Interior is authorized and directed to construct and maintain a road from the Chincoteague-Assateague Island Bridge to the area in the wildlife refuge that he deems appropriate for recreation purposes.

(b) The Secretary of the Interior is authorized and directed to construct a road, and to acquire the necessary land and rights-of-way therefor, from the Chincoteague-Assateague Island Bridge to the Sandy Point-Assateague Bridge in such manner and in such location as he may select, giving proper consideration to the purpose for which the wildlife refuge was established and the other purposes intended to be accomplished by this Act.

SEC. 10. The Secretary of the Interior is authorized to purchase from a public utility any facilities of that utility which are no longer of value to it as a result of the establishment of the Assateague Island National Seashore and shall pay for such facilities an amount equal to the cost of constructing such facilities less depreciation.

4. Bighorn Canyon

An Act to provide for the establishment of the Bighorn Canyon National Recreation Area, and for other purposes. (80 Stat. 913)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to provide for public outdoor recreation use and enjoyment of the proposed Yellowtail Reservoir and lands adjacent thereto in the States of Wyoming and Montana by the people of the United States and for preservation of the scenic, scientific, and historic features contributing to public enjoyment of such lands and waters, there is hereby established the Bighorn Canyon National Recreation Area to comprise the area generally depicted on the drawing entitled "Proposed Bighorn Canyon National Recreation Area", LNPMW-010A-BC, November 1964, which is on file in the Office of the National Park Service, Department of the Interior.

(b) As soon as practicable after approval of this Act, the Secretary of the Interior shall publish in the Federal Register a detailed description of the boundaries of the area which shall encompass, to the extent practicable, the lands and waters shown on the drawing referred to in subsection (a) of this section. The Secretary may subsequently make adjustments in the boundary of the area, subject to the provisions of subsection 2(b) of this Act, by publication of an amended description in the Federal Register.

SEC. 2. (a) The Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, exchange, or otherwise, lands and interests in lands within the boundaries of the area. The Secretary is further authorized to acquire, by any of the above methods, not to exceed ten acres of land or interests therein outside of the boundaries of the area in the vicinity of Lovell, Wyoming, for development and use, pursuant to such special regulations as he may promulgate, as a visitor contact station and administrative site. In the exercise of his exchange authority the Secretary may accept title to any non-Federal property within the area and convey in exchange therefor any federally owned property under his jurisdiction in the States of Montana and Wyoming which he classifies as suitable for exchange or other disposal, notwithstanding any other provision of law. Property so exchanged shall be approximately equal in fair market value: *Provided*, That the Secretary may accept cash from, or pay cash to, the grantor in such an exchange in order to equalize the values of the properties exchanged. Any property or interest therein owned by the State of Montana or the State of Wyoming or

any political subdivision thereof within the recreation area may be acquired only by donation or exchange.

(b) No part of the tribal mountain lands or any other lands of the Crow Indian Tribe of Montana shall be included within the recreation area unless requested by the council of the tribe. The Indian lands so included may be developed and administered in accordance with the laws and rules applicable to the recreation area, subject to any limitation specified by the tribal council and approved by the Secretary.

(c) (1) Notwithstanding any other provisions of this Act or of any other law, the Crow Indian Tribe shall be permitted to develop and operate water-based recreational facilities, including landing ramps, boathouses, and fishing facilities, along that part of the shoreline of Yellowtail Reservoir which is adjacent to lands comprising the Crow Indian Reservation. Any such part so developed shall be administered in accordance with the laws and rules applicable to the recreation area, subject to any limitations specified by the tribal council and approved by the Secretary. Any revenues resulting from the operation of such facilities may be retained by the Crow Indian Tribe.

(2) As used in this subsection, the term "shoreline" means that land which borders both Yellowtail Reservoir and the exterior boundary of the Crow Indian Reservation, together with that part of the reservoir necessary to the development of the facilities referred to in this subsection.

SEC. 3. (a) The Secretary shall coordinate administration of the recreation area with the other purposes of the Yellowtail Reservoir project so that it will in his judgment best provide (1) for public outdoor recreation benefits, (2) for conservation of scenic, scientific, historic, and other values contributing to public enjoyment and (3) for management, utilization, and disposal of renewable natural resources in a manner that promotes, or is compatible with, and does not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public enjoyment.

(b) In the administration of the area for the purposes of this Act, the Secretary may utilize such statutory authorities relating to areas administered and supervised by the Secretary through the National Park Service and such statutory authorities otherwise available to him for the conservation and management of natural resources as he deems appropriate to carry out the purposes of this Act.

SEC. 4. The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the recreation area in accordance with the appropriate laws of the United States and of the States of Montana or

Wyoming to the extent applicable, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment, and except that nothing in this section shall impair the rights under other law of the Crow Tribe and its members to hunt and fish on lands of the Crow Tribe that are included in the recreation area, or the rights of the members of the Crow Tribe to hunt and fish under section 2(d) of the Act of July 15, 1958. Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the Montana Fish and Game Department or the Wyoming Game and Fish Commission.

SEC. 5. There is hereby authorized to be appropriated not more than $355,000 for the acquisition of land and interests in land pursuant to this Act.

5. Buffalo River

An Act to provide for the establishment of the Buffalo National River in the State of Arkansas, and for other purposes. (86 Stat. 44)

Be it enacted by the State and House of Representatives of the United States of America in Congress assembled, That for the purposes of conserving and interpreting an area containing unique scenic and scientific features, and preserving as a free-flowing stream an important segment of the Buffalo River in Arkansas for the benefit and enjoyment of present and future generations, the Secretary of the Interior (hereinafter referred to as the "Secretary") may establish and administer the Buffalo National River. The boundaries of the national river shall be as generally depicted on the drawing entitled "Proposed Buffalo National River" numbered NR–BUF–7103 and dated December 1967, which shall be on filed and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary is authoribed to make minor revisions of the boundaries of the national river when necessary, after advising the Committees on Interior and Insular Affairs of the United States House of Representatives and the United States Senate in writing, but the total acreage within such boundaries shall not exceed ninety-five thousand seven hundred and thirty acres.

SEC. 2. (a) Within the boundaries of the Buffalo National River, the Secretary may acquire lands and waters or interests therein by donation, purchase or exchange, except that lands owned by the State of Arkansas or a political subdivision thereof may be acquired only by donation: *Provided*, That the Secretary may, with funds appropriated for development of the area, reimburse such State for its share of the cost of facilities developed on State park lands if such facilities were developed in a manner approved by the Secretary and if the development of such facilities commenced subsequent to the enactment of this Act: *Provided further*, That such reimbursement shall not exceed a total of $375,000. When an individual tract of land is only partly within the boundaries of the national river, the Secretary may acquire all of the tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the national river may be exchanged by the Secretary for non-Federal lands within the national river boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377; 40 U.S.C. 471 et seq.), as amended. With the concurrence of the

agency having custody thereof, any Federal property within the boundaries of the national river may be transferred without consideration to the administrative jurisdiction of the Secretary for administration as part of the national river.

(b) Except for property which the Secretary determines to be necessary for the purposes of administration, development, access or public use, an owner or owners (hereafter referred to as "owner") of any improved property which is used solely for noncommercial residential purposes on the date of its acquisition by the Secretary or any owner of lands used solely for agricultural purposes (including, but not limited to, grazing) may retain, as a condition of the acquisition of such property or lands, a right of use and occupancy of such property for such residential or agricultural purposes. The term of the right retained shall expire upon the death of the owner or the death of his spouse, whichever occurs later, or in lieu thereof, after a definite term which shall not exceed twenty-five years after the date of acquisition. The owner shall elect, at the time of conveyance, the term of the right reserved. The Secretary shall pay the owner the fair market value of the property on the date of such acquisition, less the fair market value of the term retained by the owner. Such right may, during its existence, be conveyed or transferred, but all rights of use and occupancy shall be subject to such terms and conditions as the Secretary deems appropriate to assure the use of such property in accordance with the purposes of this Act. Upon a determination that the property, or any portion thereof, has ceased to be used in accordance with such terms and conditions, the Secretary may terminate the right of use and occupancy by tendering to the holder of such right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination.

(c) As used in this section the term "improved property" means a detached year-round one-family dwelling which serves as the owner's permanent place of abode at the time of acquisition, and construction of which was begun before September 3, 1969, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use.

SEC. 3. The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the Buffalo National River in accordance with applicable Federal and State laws, except that he may designate zones where and establish periods when, no hunting or fishing shall be permitted for reasons of

public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the Arkansas Fish and Game Commission.

SEC. 4. The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063), as amended (16 U.S.C. 791a et seq.), on or directly affecting the Buffalo National River and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river is established, as determined by the Secretary. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above the Buffalo National River or on any stream tributary thereto which will not invade the area or unreasonably diminish the scenic, recreational, and fish and wildlife values present in the area on the date of approval of this Act. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river is established, as determined by the Secretary, nor shall such department or agency request appropriations to begin construction on any such project, whether heretofore or hereafter authorized, without, at least sixty days in advance, (i) advising the Secretary, in writing, of its intention so to do and (ii) reporting to the Committees on Interior and Insular Affairs of the United States House of Representatives and the United States Senate, respectively, the nature of the project involved and the manner in which such project would conflict with the purposes of this Act or would affect the national river and the values to be protected by it under this Act.

SEC. 5. The Secretary shall administer, protect, and develop the Buffalo National River in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented; except that any other statutory authority available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this Act.

SEC. 6. Within three years from the date of enactment of this Act, the Secretary shall review the area within the boundaries of the national river and shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d), his recommendation as to the suitability or nonsuitability of any area within the national river

for preservation as a wilderness, and any designation of any such area as a wilderness, shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 7. For the acquisition of lands and interests in lands, there are authorized to be appropriated not more than $16,115,000. For development of the national river, there are authorized to be appropriated not more than $283,000 in fiscal year 1974; $2,923,000 in fiscal year 1975; $3,643,000 in fiscal year 1976; $1,262,000 in fiscal year 1977; and $1,260,000 in fiscal year 1978. The sums appropriated each year shall remain available until expended.

8. Cape Lookout

An Act to provide for the establishment of the Cape Lookout National Seashore in the State of North Carolina, and for other purposes. (80 Stat. 33)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to preserve for public use and enjoyment an area in the State of North Carolina possessing outstanding natural and recreational values, there is hereby authorized to be established the Cape Lookout National Seashore (hereinafter referred to as "seashore"), which shall comprise the lands and adjoining marshlands and waters on the outer banks of Carteret County, North Carolina, between Ocracoke Inlet and Beaufort Inlet, as generally depicted on the map entitled "Proposed Boundaries—Proposed Cape Lookout National Seashore", dated April 1964, and numbered NS–CL–7101–B, which is on file in the Office of the National Park Service, Department of the Interior: *Provided, however*, That such seashore shall not include those lands and interests in lands which are bounded on the north by the southerly boundary of the Cape Lookout lighthouse property, on the east by a line located seven hundred and fifty feet inland from the mean high water line of the Atlantic Ocean, on the south by the northerly boundary of property now owned or leased by the United States Coast Guard and other Federal agencies, and on the west by the easterly boundary of property of the Thomas Gold heirs (as shown on a map prepared by J. G. Hassel in October 1961 and recorded at page 4 of Map Book Numbered 6 in the office of the Register of Deeds, Carteret County, North Carolina) and the waters of Lookout Bight.

SEC. 2. (a) Notwithstanding any other provision of law, Federal property located within the boundaries of the Cape Lookout National Seashore may, with the concurrence of the agency having custody thereof, be transferred to the administrative jurisdiction of the Secretary of the Interior for the purposes of the seashore. Such transfer shall be made without transfer of funds. Non-Federal lands, marshlands, waters, or interests therein located within the authorized seashore may be acquired by the Secretary of the Interior only through donation, except that he may purchase with donated or appropriated funds, or may acquire by exchange, the lands, marshlands, and waters or interests therein comprising the Shackleford Banks. Land donated by the State of North Carolina pursuant to this subsection shall constitute consideration for the transfer by the United States of 1.5 acres of land that is to be used as a site for a public

health facility in the village of Hatteras, Dare County, North Carolina.

(b) When acquiring lands by exchange, the Secretary may accept title to any non-Federal property within the boundaries of the seashore and convey to the grantor of such property any federally owned property in the State of North Carolina under his jurisdiction which he classifies as proper for exchange or other disposition. Failing to effectuate an exchange of properties of approximately equal fair market value, the Secretary may accept cash from or pay cash to the grantor in such an exchange in order to equalize the values of the properties exchanged.

(c) Any person who on January 1, 1966, owned property which on July 1, 1963, was developed and used for noncommercial residential purposes may reserve for himself and his assigns, as a condition to the purchase or acquisition by exchange of such property by the Secretary, a right of use and occupancy of the residence and not in excess of three acres of land on which the residence is situated, for noncommercial residential purposes for a term ending at the death of the owner, or the death of his spouse, or the death of either of them, or, in lieu thereof, for a definite term not to exceed twenty-five years: *Provided*, That the Secretary may exclude from such reserved property any marsh, beach, or waters, together with so much of the land adjoining such marsh, beach, or waters as he deems necessary for public access thereto. The owner shall elect the term of the right to be reserved. The Secretary is authorized to accept donations of property for purposes of the seashore in which a right of use and occupancy for noncommercial residential purposes is reserved for the period stated in this subsection if the land on which the residence is situated and to which the right attaches is not in excess of three acres and there is excluded from the reserved property such marsh, beach, or waters and adjoining land as the Secretary deems necessary for public use and access thereto.

(d) A right of use and occupancy reserved in lands that are donated or otherwise acquired pursuant to this section shall be subject to termination by the Secretary upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of this Act and upon tender to the holder of the right of an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

(e) The Secretary of the Interior is authorized to purchase with donated or appropriated funds, or acquire by exchange, not to exceed one hundred acres of lands or interests in lands at or near Beaufort, North Carolina, as an administrative site, and for a landing dock and re-

lated facilities that may be used to provide a suitable approach or access to the seashore.

SEC. 3. When title to the lands and interests in lands which under section 2(a) of this Act may be acquired for the purposes of the seashore by donation only is vested in the United States, the Secretary shall declare the establishment of the Cape Lookout National Seashore by publication of notice thereof in the Federal Register. Such notice shall contain a refined description or map of the boundaries of the seashore as the Secretary may find desirable and such exterior boundaries shall encompass, as nearly as possible, the area generally described in section 1 of this Act. Copies of said description or map shall be furnished to the Speaker of the House and the President of the Senate not less than thirty days prior to publication in the Federal Register. Following such establishment, and subject to the limitations and conditions prescribed in this Act, the Secretary may, subject to the provisions of section 2 hereof, acquire the remainder of the lands and interests in lands within the boundaries of the seashore.

SEC. 4. The Secretary shall permit hunting and fishing, including shellfishing, on lands, marshlands, and waters under his jurisdiction within the Cape Lookout National Seashore in accordance with the laws of the State of North Carolina and the United States, to the extent applicable, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the North Carolina Wildlife Resources Commission and the North Carolina Department of Conservation and Development.

SEC. 5. The Secretary shall administer the Cape Lookout National Seashore for the general purposes of public outdoor recreation, including conservation of natural features contributing to public enjoyment. In the administration of the seashore and the administrative site, the Secretary may utilize such statutory authorities relating to areas administered and supervised by the Secretary through the National Park Service and such statutory authorities otherwise available to him for the conservation and management of natural resources as he deems appropriate to carry out the purposes of this Act.

SEC. 6. The authority of the Chief of Engineers, Department of the Army, to undertake or contribute to shore erosion control or beach protection measures within the Cape Lookout National Seashore shall be exercised in accordance with a plan that is mutually acceptable to the Secretary of the Interior and the Secretary of the

Army, and that is consistent with the purposes of this Act.

SEC. 7. There are hereby authorized to be appropriated not to exceed $3,200,000 for the acquisition and development of the seashore in accordance with the purposes of this Act.

SEC. 2. The Secretary of the Interior shall submit to the President, within two years after the date of this Act, a report of his findings and recommendations. The President shall submit to the Congress such recommendations, including legislation, as he deems appropriate. (b) the potential alternative beneficial uses of the water and related land resources involved, taking into consideration appropriate uses of the land for residential, commercial, industrial, agricultural, and transportation purposes, and for public services; and

(c) the type of Federal program that is feasible and desirable in the public interest to preserve, de-

velop, and make accessible the values set forth in subsection (a), including the consideration of scenic roads or parkways, and that also will have a minimum impact on other essential operations and activities in the area, and on private property owners.

SEC. 3. There is authorized to be appropriated $100,000 or such part of said sum as may be necessary to carry out the provisions of this Act.

10. Cumberland Island

An Act to establish the Cumberland Island National Seashore in the State of Georgia, and for other purposes. (86 Stat. 1066)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide for public outdoor recreation use and enjoyment of certain significant shoreline lands and waters of the United States, and to preserve related scenic, scientific, and historical values, there is established in the State of Georgia the Cumberland Island National Seashore (hereinafter referred to as the "seashore") consisting of the area generally depicted on the drawing entitled "Boundary Map, Cumberland Island National Seashore", numbered CUIS–40,000B, and dated June 1971, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior (hereinafter referred to as the "Secretary") may after notifying the Committees on Interior and Insular Affairs of the United States House of Representatives and United States Senate in writing, make minor adjustments in the boundary of the seashore from time to time by publication of a revised drawing or other boundary description in the Federal Register, but the total acreage within the boundaries shall not exceed forty thousand five hundred acres.

SEC. 2. Within the boundaries of the seashore, the Secretary may acquire lands, waters, and interests therein by purchase, donation, transfer from any Federal agency, or exchange. The Secretary may also acquire not to exceed one hundred acres of lands or interests in lands on the mainland to provide access to the administrative and visitor facilities for the seashore. Any lands or interests therein owned by the State of Georgia, or any political subdivision thereof may be acquired only by donation. Notwithstanding any other provision of law, any Federal property located within the boundaries of the seashore may, with the concurrence of the agency having custody thereof, be transferred without transfer of funds to the administrative jurisdiction of the Secretary for the purposes of the seashore.

SEC. 3. For the purpose of providing access from Interstate 95 to the mainland administrative and visitor facilities of the seashore, the Secretary may designate as the Cumberland Island Parkway a right-of-way, together with adjacent or related sites for public noncommercial recreational use and for interpretation of scenic and historic values, of not more than one thousand acres of lands, waters, and interests therein. The Secretary is authorized to acquire only by donation those lands and interests

therein, and other property comprising such right-of-way and adjacent or related sites as he may designate pursuant to this Act for the development, hereby authorized, of a road of parkway standards, including necessary bridges, spurs, connecting roads, access roads, and other facilities, and for the development and interpretation of recreation areas and historic sites in connection therewith. Lands acquired for the parkway shall be administered as a part of the seashore, subject to all laws and regulations applicable thereto, and subject to such special regulations as the Secretary may promulgate for the parkway.

SEC. 4. (a) With the exception of any property deemed necessary by the Secretary for visitor facilities or administration of the seashore, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for noncommercial residential purposes, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner: *Provided, however*, That, in addition, for so long as a right of use and occupancy remains in effect by the donors of land of one hundred acres or more, the Secretary shall not, with respect to such lands, develop any public use facilities except for trails, road access, and utilities: *Provided further*, That when acquiring lands, waters, and interests therein from the National Park Foundation, its successors and assigns, the Secretary shall acquire such lands, waters, and interests subjects to the written terms and conditions contained in those transactions, including but not limited to options, entered into by the National Park Foundation prior to January 1, 1973, and that such previous written rights and interests shall prevail over provisions of this paragraph.

(b) A right of use and occupancy retained or enjoyed pursuant to this section may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof has ceased to be used for noncommercial residential purposes and upon tender to the holder of a right an amount equal to the fair market value, as of the date of tender, of that portion of the right which remains unexpired on the date of termination.

(c) The term "improved property", as used in this section shall mean a detached, noncommercial residential dwelling, the construction of which was begun before February 1, 1970 (hereinafter referred to as "dwelling"), together with so much of the land on which the dwelling

is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(d)(1) In order to provide an opportunity for the establishment of a natural and scenic preserve by voluntary private action of certain owners of lands within the seashore, and notwithstanding anything to the contrary herein contained, no lands or interests in lands shall be acquired on Little Cumberland Island without the consent of the owner, for a period of one year from the date of enactment of this Act, except as specifically otherwise provided herein.

(2) In the event that the owners of land on Little Cumberland Island enter into an irrevocable trust or some other irrevocable agreement for the preservation of the resources of Little Cumberland Island which, in the judgment of the Secretary, assures the protection of the resources in a manner consistent with the purposes for which the seashore is established, the authority of the Secretary to acquire such lands shall be suspended for such time as the trust is in effect and the lands are used and occupied in accordance therewith.

(3) If, at any time during the one-year period following the date of enactment of this Act, the Secretary determines that any lands on Little Cumberland Island are threatened with development, or other uses, inconsistent with the establishment or continuation of the trust herein referred to, then the Secretary may acquire such lands, or interests therein, by any of the methods provided for in section 2 of this Act.

SEC. 5. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the seashore in accordance with the appropriate laws of Georgia and the United States to the extent applicable, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish and wildlife management, or public use and enjoyment. Except in emergencies, any regulations prescribing any such restrictions shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

SEC. 6. (a) The seashore shall be administered, protected, and developed in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–4), as amended and supplemented, except that any other statutory authority available to the Secretary for the conservation and management of natural resources

may be utilized to the extent he finds such authority will further the purposes of the Act.

(b) Except for certain portions of the seashore deemed to be especially adaptable for recreational uses, particularly swimming, boating, fishing, hiking, horseback riding, and other recreational activities of similar nature, which shall be developed for such uses as needed, the seashore shall be permanently preserved in its primitive state, and no development of the project or plan for the convenience of visitors shall be undertaken which would be incompatible with the preservation of the unique flora and fauna or the physiographic conditions not prevailing, nor shall any road or causeway connecting Cumberland Island to the mainland be constructed.

SEC. 7. Nothing in this Act shall deprive the State of Georgia or any political subdivision thereof of its civil or criminal jurisdiction over persons found, acts performed, and offenses committed within the boundaries of the seashore, or of its right to tax persons, corporations, franchises, or other non-Federal property on lands included therein.

SEC. 8. The authority of the Secretary of the Army to undertake or contribute to water resource developments, including shore erosion control, beach protection and navigation improvements on land and/or waters within the Cumberland Island National Seashore shall be exercised in accordance with plans which are mutually acceptable to the Secretary of the Interior and the Secretary of the Army and which are consistent with both the purpose of this Act and the purpose of existing statutes dealing with water and related land resource development.

SEC. 9. Within three years from the date of enactment of this Act, the Secretary of the Interior shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d), his recommendations as to the suitability or nonsuitability of any area within the national seashore for preservation as wilderness, and any designation of any such area as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 10. There are authorized to be appropriated not to exceed $10,500,000 for the acquisition of lands and interests in lands and not to exceed $27,840,000 for development of the seashore.

Approved October 23, 1972.

11. Delaware Water Gap

An Act to authorize establishment of the Delaware Water Gap National Recreation Area, and for other purposes. (79 Stat. 612)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to further the purposes of the joint resolution approved September 27, 1961 (re Delaware River Basin compact; 75 Stat. 688), and to provide, in a manner coordinated with the other purposes of the Tocks Island Reservoir project, for public outdoor recreation use and enjoyment of the proposed Tocks Island Reservoir and lands adjacent thereto by the people of the United States and for preservation of the scenic, scientific, and historic features contributing to public enjoyment of such lands and waters, the Secretary of the Interior is authorized, as herein provided, to establish and administer the Delaware Water Gap National Recreation Area, hereinafter referred to as the "area", as part of the Tocks Island Reservoir project, hereinafter referred to as "the project".

SEC. 2. (a) The Secretary of the Army is authorized and directed to acquire, by such means as he may deem to be in the public interest, and as a part of his acquisition of properties for the project, lands and interests therein within the boundaries of the area, as generally depicted on the drawing entitled "Proposed Tocks Island National Recreation Area" dated and numbered September 1962, NRA–TI–7100, which drawing is on file in the Office of the National Park Service, Department of the Interior. In acquiring these lands, the Secretary of the Army may utilize such statutory authorities as are available to him for the acquisition of project lands: *Provided,* That the Secretary of the Army shall acquire no lands or interests in land by exchange for lands or interests in land in Federal ownership unless the latter are in the States of Pennsylvania, New Jersey, or New York. Periodically, and as soon as practicable after such lands and interests within the area are acquired, the Secretary of the Army shall transfer jurisdiction thereover to the Secretary of the Interior for the purposes of this Act.

(b) Notwithstanding the provisions of subsection (a) of this section, the Secretary of the Interior is authorized, after consultation with appropriate public officials of the affected political subdivisions of the States of Pennsylvania or New Jersey, as the case may be, to designate not more than three hundred acres adjacent and contiguous to the Borough of Milford, Pennsylvania, and not more than one thousand acres in Sussex County, New Jersey, for omission from the Delaware Valley National Recreation Area and the lands so designated shall not be ac-

quired for said national recreation area under authority of this Act.

(c) The Secretary of the Interior shall investigate, study, and report to the President and the Congress on the feasibility and usefulness of extending the boundaries of the Delaware Water Gap National Recreation Area to include, in whole or in part, that portion of Tocks Island Reservoir which lies upstream from the northern terminus of the national recreation area as shown on the map hereinbefore referred to and lands adjacent to said portion of said reservoir. No such extension of boundaries, however, shall be made until authorized by Act of Congress.

(d) The beneficial owner, not being a corporation, of a freehold interest acquired before January 1, 1965, in improved residential property within the area to be acquired by the Secretary of the Army under authority of this Act, the continued use of which property for noncommercial residential purposes for a limited time will not, in the judgment of the Secretary of the Interior, unduly interfere with the development of public-use facilities for the national recreation area and will not, in the judgment of the Secretary of the Army, unduly interfere with the operation of the Tocks Island Reservoir project, may retain a right of use and occupancy of such property for noncommercial residential purposes for, as said owner may elect, either (i) a period terminating upon his death or the death of his spouse, whichever occurs later, or (ii) a term of not more than twenty-five years: *Provided*, That in no case shall the period or term for which such right of use and occupancy is retained extend beyond the term of the freehold interest acquired by the United States. The price payable to the owner of such property shall be reduced by an amount equal to the value of the right retained. As used in this Act "improved residential property" means a single-family year-round dwelling, the construction of which was begun before January 21, 1963, which dwelling serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located which land the Secretary of the Interior or the Secretary of the Army, as the case may be, finds is reasonably necessary for the owner's continued use and occupancy of the dwelling.

SEC. 3. (a) As soon as practicable after the date of enactment of this Act and following the transfer to the Secretary of the Interior by the Secretary of the Army of jurisdiction over those lands and interests therein within the boundary generally depicted on the drawing described in section 2 hereof which, in the opinion of the Secretary of the Interior, constitute an efficiently admin-

istrable unit, the Secretary of the Interior shall declare establishment of the area by publication of notice thereof in the Federal Register. Such notice shall contain a detailed description of the boundaries of the area which shall encompass, to the extent practicable, the lands and waters shown on said drawing. Prior to such establishment, the Secretary of the Interior shall administer such transferred lands and waters, consistent with the construction of the project, for purposes in contemplation of the establishment of the area pursuant to this Act.

(b) The Secretary of the Interior may subsequently make adjustments in the boundary of the area by publication of the amended description thereof in the Federal Register and acquire, by such means as he may deem to be in the public interest, including an exchange of excluded for included lands or interests therein with or without the payment or receipt of money to equalize values, additional lands and interests therein included in the area by reason of the boundary adjustment: *Provided*, That the area encompassed by such revised boundary shall not exceed the acreage included within the detailed boundary first described pursuant to this section.

(c) On lands acquired pursuant to this Act for recreation purposes, the Secretary of the Army, with the concurrence of the Secretary of the Interior, may permit the continuance of existing uses consistent with the purposes of this Act.

SEC. 4 In the administration of the area for the purposes of this Act, the Secretary of the Interior may utilize such statutory authorities relating to areas of the national park system and such statutory authorities otherwise available to him for the conservation, management, or disposal of vegetative, mineral, or fish or wildlife resources as he deems appropriate to carry out the purposes of this Act. To assure consistent and effective planning, development, and operation for all purposes of the project, the Secretary of the Interior and the Secretary of the Army shall coordinate the administration of their respective responsibilities in the project; and such administration shall be consistent with the joint resolution approved September 27, 1961 (re Delaware River Basin compact; 75 Stat. 688).

SEC. 5 In the administration of the area for the purposes of this Act, the Secretary of the Interior, subject to provisions of section 4 hereof, shall adopt and implement, and may from time to time revise, a land and water use management plan, which shall include specific provision for, in order of priority—

(1) public outdoor recreation benefits;

(2) preservation of scenic, scientific, and historic features contributing to public enjoyment;

(3) such utilization of natural resources as in the judgment of the Secretary of the Interior is consistent with, and does not significantly impair, public recreation and protection of scenic, scientific, and historic features contributing to public enjoyment.

SEC. 6. The Secretary of the Interior shall permit hunting and fishing on lands and waters under his jurisdiction within the area in accordance with the applicable laws and regulations of the States concerned and of the United States. The Secretary of the Interior may designate zones where, and establish periods when, no hunting shall be permitted for reasons of public safety, wildlife management, administration, or public use and enjoyment not compatible with hunting, and may, in his plan for the area, provide areas for intensive fish and wildlife management, including public hunting and fishing, and shall issue appropriate regulations after consultation with appropriate officials of the States concerned. The Secretary of the Interior shall encourage such officials to adopt uniform regulations applicable to the whole of the Delaware Water Gap National Recreation Area.

SEC. 7. Nothing in this Act shall be construed to deprive any State or political subdivision thereof of its right to exercise civil and criminal jurisdiction over the lands and waters within the area or of its right to tax persons, corporations, franchises, or property on the lands and waters included in the area.

SEC. 8. There are hereby authorized to be appropriated to the Secretary of the Interior for the acquisition of lands and interests in land pursuant to the provisions of section 2 of this Act and for expenses incident thereto not more than $37,412,000 which moneys shall be transferred to the Secretary of the Army. There are also authorized to be appropriated not more than $18,200,000 for the cost of installing and constructing recreation facilities on the lands and interests in lands so acquired. The amounts herein authorized to be appropriated are supplemental to those authorized to be appropriated for the Tocks Island project and related facilities by the Flood Control Act of 1962 (76 Stat. 1182).

Approved September 1, 1965.

12. Fire Island

An Act to establish the Fire Island National Seashore, and for other purposes. (78 Stat. 928)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) for the purpose of conserving and preserving for the use of future generations certain relatively unspoiled and undeveloped beaches, dunes, and other natural features within Suffolk County, New York, which possess high values to the Nation as examples of unspoiled areas of great natural beauty in close proximity to large concentrations of urban population, the Secretary of the Interior is authorized to establish an area to be known as the "Fire Island National Seashore".

(b) The boundaries of the national seashore shall extend from the easterly boundary of Robert Moses State Park eastward to Moriches Inlet and shall include not only Fire Island proper, but also such islands and marshlands in the Great South Bay, Bellport Bay, and Moriches Bay adjacent to Fire Island as Sexton Island, West Island, Hollins Island, Ridge Island, Pelican Island, Pattersquash Island, and Reeves Island and such other small and adjacent islands, mashlands, and wet lands as would lend themselves to contiguity and reasonable administration within the national seashore and, in addition, the waters surrounding said area to distances of one thousand feet in the Atlantic Ocean and up to four thousand feet in Great South Bay and Moriches Bay, all as delineated on a map identified as "Fire Island National Seashore No. OGP-0002", dated June 1964. The Secretary shall file said map with the Federal Register, and it may also be examined in the offices of the Department of the Interior.

SEC. 2. (a) The Secretary is authorized to acquire, and it is the intent of Congress that he shall acquire as appropriated funds become available for the purpose or as such acquisition can be accomplished by donation or with donated funds or by transfer, exchange, or otherwise, the lands, waters, and other property, and improvements thereon and any interest therein, within the boundaries of the seashore as established under section 1 of this Act. Any property or interest therein owned by the State of New York, by Suffolk County, or by any other political subdivision of said State may be acquired only with the concurrence of such owner. Notwithstanding any other provision of law, any Federal property located within such area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the provisions of this Act. In exercising his authority to acquire property in accordance

496-156—73——24

with the provisions of this subsection, the Secretary may enter into contracts requiring the expenditure, when appropriated, of funds authorized by this Act, but the liability of the United States under any such contract shall be contingent on the appropriaton of funds sufficient to fulfill the obligations thereby incurred.

(b) When the Secretary determines that lands and waters or interests therein have been acquired by the United States in sufficient quantity to provide an administrative unit, he shall declare the establishment of the Fire Island National Seashore by publication of notice in the Federal Register.

(c) The Secretary shall pay not more than the fair market value, as determined by him, for any land or interest therein acquired by purchase.

(d) When acquiring land by exchange the Secretary may accept title to any nonfederally owned land located within the boundaries of the national seashore and convey to the grantor any federally owned land under the jurisdiction of the Secretary. The lands so exchanged shall be approximately equal in fair market value, but the Secretary may accept cash from or pay cash to the grantor in order to equalize the values of the lands exchanged.

(e) With one exception the Secretary shall not acquire any privately owned improved property or interests therein within the boundaries of the seashore or any property or interests therein within the communities delineated on the boundary map mentioned in section 1, except beach or waters and adjoining land within such communities which the Secretary determines are needed for public access to the beach, without the consent of the owners so long as the appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid zoning ordinance that is satisfactory to the Secretary. The sole exception to this limitation on the power of the Secretary to condemn improved property where appropriate zoning ordinances exist shall be in the approximately eight-mile area from the easterly boundary of the Brookhaven town park at Davis Park, in the town of Brookhaven, to the westerly boundary of the Smith Point County Park. In this area only, when the Secretary deems it advisable for carrying out the purposes of this Act or to improve the contiguity of the park land and ease its administration, the Secretary may acquire any land or improvements therein by condemnation. In every case in which the Secretary exercises this right of condemnation of improved property the beneficial owner or owners (not being a corporation) of any improved property so condemned, provided he, she, or they held the same or a greater estate in the property on July 1, 1963, may elect as a condition of such acquisi-

tion by the Secretary any one of the following three alternatives:

(1) that the Secretary shall take the said property in fee simple absolute and pay the fair market value thereof as of the date of such taking;

(2) that the owner or owners shall retain a life estate in said property, measured on the life of the sole owner or on the life of any one person among multiple owners (notice of the person so designated to be filed in writing with the Secretary within six months after the taking) or on the life of the survivor in title of any estate held on July 1, 1963, as a tenancy by the entirety. The price in such case shall be diminished by the actuarial fair market value of the life estate retained, determined on the basis of standard actuarial methods;

(3) that the owner or owners shall retain an estate for twenty-five years. The price in this case shall likewise be diminished by the value of the estate retained.

(f) The term "improved property" as used in this Act shall mean any building, the construction of which was begun before July 1, 1963, and such amount of land, not in excess of two acres in the case of a residence or ten acres in the case of a commercial or industrial use, on which the building is situated as the Secretary considers reasonably necessary to the use of the building: *Provided*, That the Secretary may exclude from improved properties any beach or waters, together with so much of the land adjoining such beach or waters as he deems necessary for public access thereto.

SEC. 3. (a) In order to carry out the provisions of section 2, the Secretary shall issue regulations, which may be amended from time to time, specifying standards that are consistent with the purposes of this Act for zoning ordinances which must meet his approval.

(b) The standards specified in such regulations shall have the object of (1) prohibiting new commercial or industrial uses, other than commercial or industrial uses which the Secretary considers are consistent with the purposes of this Act, of all property within the national seashore, and (2) promoting the protection and development for purposes of this Act of the land within the national seashore by means of acreage, frontage, and setback requirements.

(c) Following issuance of such regulations the Secretary shall approve any zoning ordinance or any amendment to any approved zoning ordinance submitted to him that conforms to the standards contained in the regulations in effect at the time of adoption of the ordinance or amendment. Such approval shall remain effective for so long as such ordinance or amendment remains in effect as approved.

(d) No zoning ordinance or amendment thereof shall be approved by the Secretary which (1) contains any provisions that he considers adverse to the protection and development, in accordance with the purposes of this Act, of the area comprising the national seashore; or (2) fails to have the effect of providing that the Secretary shall receive notice of any variance granted under, or any exception made to, the application of such ordinance or amendment.

(e) If any improved property, with respect to which the Secretary's authority to acquire by condemnation has been suspended according to the provisions of this Act, is made the subject of a variance under, or becomes for any reason an exception to, such zoning ordinance, or is subject to any variance, exception, or use that fails to conform to any applicable standard contained in regulations of the Secretary issued pursuant to this section and in effect at the time of passage of such ordinance, the suspension of the Secretary's authority to acquire such improved property by condemnation shall automatically cease.

(f) The Secretary shall furnish to any party in interest upon request a certificate indicating the property with respect to which the Secretary's authority to acquire by condemnation is suspended.

SEC. 4. (a) Owners of improved property acquired by the Secretary may reserve for themselves and their successors or assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a term that is not more than twenty-five years. The value of the reserved right shall be deducted from the fair market value paid for the property.

(b) A right of use and occupancy reserved pursuant to this section shall be subject to termination by the Secretary upon his determination that the use and occupancy is not consistent with an applicable zoning ordinance approved by the Secretary in accordance with the provisions of section 3 of this Act, and upon tender to the owner of the right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

SEC. 5. The Secretary shall permit hunting, fishing, and shellfishing on lands and waters under his administrative jurisdiction within the Fire Island National Seashore in accordance with the laws of New York and the United States of America, except that the Secretary may designate zones where, and establish periods when, no hunting shall be permitted for reasons of public safety, administration, or public use and enjoyment. Any regulations of the Secretary under this section shall be issued after consultation with the Conservation Department of the State of New York.

SEC. 6. The Secretary may accept and use for purposes of this Act any real or personal property or moneys that may be donated for such purposes.

SEC. 7. (a) The Secretary shall administer and protect the Fire Island National Seashore with the primary aim of conserving the natural resources located there. The area known as the Sunken Forest Preserve shall be preserved from bay to ocean in as nearly its present state as possible, without developing roads therein, but continuing the present access by those trails already existing and limiting new access to similar trails limited in number to those necessary to allow visitors to explore and appreciate this section of the seashore.

(b) Access to that section of the seashore lying between the easterly boundary of the Brookhaven town park at Davis Park and the westerly boundary of the Smith Point County Park shall be provided by ferries and footpaths only, and no roads shall be constructed in this section except such minimum roads as may be necessary for park maintenance vehicles. No development or plan for the convenience of visitors shall be undertaken therein which would be incompatible with the preservation of the flora and fauna or the physiographic conditions now prevailing, and every effort shall be exerted to maintain and preserve this section of the seashore as well as that set forth in the preceding paragraph in as nearly their present state and condition as possible.

(c) In administering, protecting, and developing the entire Fire Island National Seashore, the Secretary shall be guided by the provisions of this Act and the applicable provisions of the laws relating to the national park system, and the Secretary may utilize any other statutory authority available to him for the conservation and development of natural resources to the extent he finds that such authority will further the purposes of this Act. Appropriate user fees may be collected notwithstanding any limitation on such authority by any provision of law.

SEC. 8. (a) The authority of the Chief of Engineers, Department of the Army, to undertake or contribute to shore erosion control or beach protection measures on lands within the Fire Island National Seashore shall be exercised in accordance with a plan that is mutually acceptable to the Secretary of the Interior and the Secretary of the Army and that is consistent with the purposes of this Act.

(b) The Secretary shall also contribute the necessary land which may be required at any future date for the construction of one new inlet across Fire Island in such location as may be feasible in accordance with plans for such an inlet which are mutually acceptable to the Secretary of the Interior and the Secretary of the Army and that is consistent with the purposes of this Act.

SEC. 9. (a) There is hereby established a Fire Island National Seashore Advisory Commission (hereinafter referred to as the Commission). The Commission shall terminate on the tenth anniversary of the date of this Act or on the declaration, pursuant to section 2(b) of this Act, of the establishment of the Fire Island National Seashore, whichever occurs first. The Commission shall consist of fifteen members, each appointed for a term of two years by the Secretary, as follows:

(1) Ten members to be appointed from recommendations made by each of the town boards of Suffolk County, New York, one member from the recommendations made by each such board;

(2) Two additional members to be appointed from recommendations of the town boards of the towns of Islip and Brookhaven, Suffolk County, New York;

(3) One member to be appointed from the recommendation of the Governor of the State of New York;

(4) One member to be appointed from the recommendation of the county executive of Suffolk County, New York;

(5) One member to be designated by the Secretary.

(b) The Secretary shall designate one member to be Chairman.

(c) A member of the Commission shall serve without compensation.

(d) The Commission established by this section shall act and advise by affirmative vote of a majority of the members thereof.

(e) The Secretary or his designee shall, from time to time, consult with the members of the Commission with respect to matters relating to the development of Fire Island National Seashore and shall consult with the members with respect to carrying out the provisions of sections 2, 3, and 4 of this Act.

(f)(1) Any member of the Advisory Commission appointed under this Act shall be exempted, with respect to such appointment, from the operation of sections 281, 283, 284, and 1914 of title 18 of the United States Code and section 190 of the Revised Statutes (5 U.S.C. 99) except as otherwise specified in paragraph (2) of this subsection.

(2) The exemption granted by paragraph (1) of this subsection shall not extend—

(i) to the receipt of payment of salary in connection with the appointee's Government service from any sources other than the private employer of the appointee at the time of his appointment; or

(ii) during the period of such appointment, and the further period of two years after the termination thereof, to the prosecution or participation in the prosecution, by any person so appointed, of any claim

against the Government involving any matter concerning which the appointee had any responsibility arising out of his appointment during the period of such appointment.

SEC. 10. There is hereby authorized to be appropriated not more than $16,000,000 for the acquisition of lands and interests in land pursuant to this Act.

When this property is determined to be excess to the needs of the Coast Guard, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Coast Guard may continue to maintain and operate existing navigational aids: *Provided*, That access to such navigational aids and the installation of necessary new navigational aids within the recreation area shall be undertaken in accordance with plans which are mutually acceptable to the Secretary and the Secretary of the Department in which the Coast Guard is operating and which are consistent with both the purposes of this Act and the purpose of existing statutes dealing with establishment, maintenance, and operation of navigational aids.

(h) That portion of Fort Miley comprising approximately one and seven-tenths acres of land presently used and required by the Secretary of the Navy for its inshore, underseas warfare installations shall remain under the administrative jurisdiction of the Department of the Navy until such time as all or any portion thereof is determined by the Department of Defense to be excess to its needs, at which time such excess portion shall be transferred to the administrative jurisdiction of the Secretary for purposes of this Act.

(i) New construction and development within the recreation area on property remaining under the administrative jurisdiction of the Department of the Army and not subject to the provisions of subsection (d) or (e) hereof shall be limited to that which is required to ac-

commodate facilities being relocated from property being transferred under this Act to the administrative jurisdiction of the Secretary or which is directly related to the essential missions of the Sixth United States Army: *Provided, however*, That any construction on presently undeveloped open space may be undertaken only after prior consultation with the Secretary. The foregoing limitation on construction and development shall not apply to expansion of those facilities know as Letterman General Hospital or the Western Medical Institute of Research.

(j) The owner of improved property on the date of its acquisition by the Secretary under this Act may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated to the United States, the Secretary shall pay to the owner the fair market value of the property on the date of acquisition minus the fair market value on that date of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purpose of this Act, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(k) The term "improved property", as used in subsection (j), means a detached, noncommercial residential dwelling, the construction of which was begun before June 1, 1971, to gether with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling, which are situated on the land so designated.

(l) Whenever an owner of property elects to retain a right of use and occupancy as provided for in the Act, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of those sections such owner shall not be considered a displaced person as defined in section 101(6) of that Act.

(m) Notwithstanding any other provision of law, the Secretary shall have the same authority with respect to contracts for the acquisition of land and interests in land for the purposes of this Act as was given the Secretary of the Treasury for other land acquisitions by section 34 of the Act of May 30, 1908, relating to purchase of sites for public buildings (35 Stat. 545), and the Secretary and the owner of land to be acquired under this Act may agree that the purchase price will be paid in periodic installments over a period that does not exceed ten years, with interest on the unpaid balance thereof at a rate which is not in excess of the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities on the installments. Judgments against the United States for amounts in excess of the deposit in court made in condemnation actions shall be subject to the provisions of the Act of July 27, 1956 (70 Stat. 624) and sections 2414 and 2517 of title 28, United States Code.

An Act to provide for the establishment of the Gulf Islands National Seashore, in the States of Florida and Mississippi, for the recognition of certain historic values at Fort San Carlos, Fort Redoubt, Fort Barrancas, and Fort Pickens in Florida, and Fort Massachusetts in Mississippi, and for other purposes. (84 Stat. 1967)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to preserve for public use and enjoyment certain areas possessing outstanding natural, historic, and recreational values, the Secretary of the Interior (hereinafter referred to as the "Secretary") may establish and administer the Gulf Islands National Seashore (hereinafter referred to as the "seashore"). The seashore shall comprise the following gulf coast islands and mainland areas, together with adjacent water areas as generally depicted on the drawing entitled "Proposed Boundary Plan, Proposed Gulf Islands National Seashore," numbered NS–GI–7100J, and dated December 1970:

(1) Ship, Petit Bois, and Horn Islands in Mississippi;

(2) the eastern portion of Perdido Key in Florida;

(3) Santa Rosa Island in Florida;

(4) the Naval Live Oaks Reservation in Florida;

(5) Fort Pickens and the Fort Pickens State Park in Florida; and

(6) a tract of land in the Pensacola Naval Air Station in Florida that includes the Coast Guard Station and Lighthouse, Fort San Carlos, Fort Barrancas, and Fort Redoubt and sufficient surrounding land for proper administration and protection of the historic resources.

SEC. 2. (a) Within the boundaries of the seashore, the Secretary may acquire lands, waters, and interests therein by donation, purchase with donated or appropriated funds, or exchange, except that property owned by a State or any political subdivision thereof may be acquired only with the consent of the owner. The Secretary may acquire by any of the above methods not more than one hundred thirty-five acres of land or interests therein outside of the seashore boundaries on the mainland in the vicinity of Biloxi-Gulfport, Mississippi, for an administrative site and related facilities for access to the seashore. With the concurrence of the agency having custody thereof, any Federal property within the seashore and mainland site may be transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of the seashore.

(b) With respect to improved residential property acquired for the purposes of this Act, which is beneficially owned by a natural person and which the Secretary of the Interior determines can be continued in that use for a limited period of time without undue interference with the administration, development, or public use of the seashore, the owner thereof may on the date of its acquisition by the Secretary retain a right of use and occupancy of the property for noncommercial residential purposes for a term, as the owner may elect, ending either (1) at the death of the owner or his spouse, whichever occurs later, or (2) not more than twenty-five years from the date of acquisition. Any right so retained may during its existence be transferred or assigned. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less their fair market value on such date of the right retained by the owner.

(c) As used in this Act, "improved residential property" means a single-family year-round dwelling, the construction of which began before January 1, 1967, and which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located that the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling: *Provided*, That the Secretary may exclude from improved residential property any marsh, beach, or waters and adjoining land that the Secretary deems is necessary for public access to such marsh, beach, or waters.

(d) The Secretary may terminate a right of use and occupancy retained pursuant to this section upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of this Act, and upon tender to the holder of the right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

SEC. 3. The Secretary shall permit hunting and fishing on lands and waters within the seashore in accordance with applicable Federal and States laws: *Provided*, That he may designate zones where, and establish periods when no hunting or fishing will be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any regulations issued by the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agencies responsible for hunting and fishing activities.

SEC. 4. Any acquisition of lands, waters, or interests therein shall not diminish any existing rights-of-way or easements which are necessary for the transportation of oil and gas minerals through the seashore which oil and

gas minerals are removed from outside the boundaries thereof; and, the Secretary, subject to appropriate regulations for the protection of the natural and recreational values for which the seashore is established, shall permit such additional rights-of-way or easements as he deems necessary and proper.

SEC. 5. Except as otherwise provided in this Act, the Secretary shall administer the seashore in accordance with the Act of August 25, 1916 (30 Stat. 535), as amended and supplemented (16 U.S.C. 1 et seq.). In the administration of the seashore the Secretary may utilize such statutory authorities available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purposes of this Act. With respect to Fort Redoubt, Fort San Carlos, Fort Barrancas at Pensacola Naval Air Station, Fort Pickens on Santa Rosa Island, and Fort McRee on Perdido Key, Florida, and Fort Massachusetts on Ship Island, Mississippi, together with such adjacent lands as the Secretary may designate, the Secretary shall administer such lands so as to recognize, preserve, and interpret their national historical significance in accordance with the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461–467), and he may designate them as national historic sites. The Act of July 2, 1948 (62 Stat. 1220), which provided for the establishment of the Pensacola National Monument, is hereby repealed.

SEC. 6. The Secretary of the Interior and the Secretary of the Army may cooperate in the study and formulation of plans for beach erosion control and hurricane protection of the seashore. Any such protective works or spoil deposit activities undertaken by the Chief of Engineers, Department of the Army, shall be carried out within the seashore in accordance with a plan that is acceptable to the Secretary of the Interior and that is consistent with the purposes of this Act.

SEC. 7. There are hereby transferred from the National Wildlife Refuge System to the seashore the Horn Island and Petit Bois National Wildlife Refuges to be administered in accordance with the provisions of this Act.

SEC. 8. Within four years from the date of the enactment of this Act, the Secretary of the Interior shall review the area within the Gulf Islands National Seashore and shall report to the President, in accordance with subsections 3 (c) and 3 (d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d)), and recommended as to the suitability or nonsuitability of any area within the seashore for preservation as wilderness, and any designation of any such area as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 9. No provision of this Act, or of any other Act made applicable thereby, shall be construed to affect, supersede, or modify any authority of the Department of the Army or the Chief of Engineers, with respect to navigation or related matters as specifically provided in section 6 of this Act.

SEC. 10. There is hereby established a Gulf Islands National Seashore Advisory Commission. The Commission shall terminate ten years after the date the seashore is established pursuant to this Act. The Commission shall be composed of three members from each county in which the seashore is located, each appointed for a term of two years by the Secretary as follows:

(1) one member to be appointed from recommendations made by the county commissioners in the respective counties;

(2) one member to be appointed from recommendations made by the Governor of the State from each county; and

(3) one member to be designated by the Secretary from each county.

Provided, That two members shall be appointed to the Advisory Commission in each instance in counties whose population exceeds one hundred thousand.

The Secretary shall designate one member to be Chairman. Any vacancy in the Commission shall be filled in the same manner in which the original appointment was made.

Members of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the Commission in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

The Secretary or his designee shall, from time to time, consult with the Commission with respect to the matters relating to the development of the Gulf Islands National Seashore.

SEC. 11. There are authorized to be appropriated not more than $3,120,000 for the acquisition of lands and interests in lands and not more than $14,779,000 (1970 prices) for development, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the types of construction involved herein.

18. Indiana Dunes

An Act to provide for the establishment of the Indiana Dunes National Lakeshore, and for other purposes. (80 Stat. 1309)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to preserve for the educational, inspirational, and recreational use of the public certain portions of the Indiana dunes and other areas of scenic, scientific, and historic interest and recreational value in the State of Indiana, the Secretary of the Interior is authorized to establish and administer the Indiana Dunes National Lakeshore (hereinafter referred to as the "lakeshore") in accordance with the provisions of this Act. The lakeshore shall comprise the area within the boundaries delineated on a map identified as "A Proposed Indiana Dunes National Lakeshore", dated September 1966, and bearing the number "LNPNE–1008–ID", which map is on file and available for public inspection in the office of the Director of the National Park Service, Department of the Interior.

SEC. 2. (a) Within the boundaries of the lakeshore the Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to acquire lands, waters, and other property, or any interest therein, by donation, purchase with donated or appropriated funds, exchange, or otherwise. The Indiana Dunes State Park may be acquired only by donation of the State of Indiana, and the Secretary is hereby directed to negotiate with the State for the acquisition of said park. In exercising his authority to acquire property by exchange for the purposes of this Act, the Secretary may accept title to non-Federal property located within the area described in section 1 of this Act and convey to the grantor of such property any federally owned property under the jurisdiction of the Secretary which he classifies as suitable for exchange or other disposal within the State of Indiana or Illinois. Properties so exchanged shall be approximately equal in fair market value, as determined by the Secretary who may, in his discretion, base his determination on an independent appraisal obtained by him: *Provided*, That the Secretary may accept cash from or pay cash to the grantor in such an exchange in order to equalize the values of the properties exchanged.

(b) In exercising his authority to acquire property under subsection (a) of this section, the Secretary may enter into contracts requiring the expenditure, when appropriated, of funds authorized to be appropriated by section 10 of this Act, but the liability of the United States under any such contract shall be contingent on the

appropriation of funds sufficient to fulfill the obligations thereby incurred.

SEC. 3. As soon as practicable after the effective date of this Act and following the acquisition by the Secretary of an acreage within the boundaries of the area described in section 1 of this Act which in his opinion is efficiently administrable for the purposes of this Act, he shall establish the Indiana Dunes National Lakeshore by publication of notice thereof in the Federal Register. Following such establishment and subject to the limitations and conditions prescribed in section 1 hereof, the Secretary may continue to acquire lands and interests in lands for the lakeshore.

SEC. 4. (a) The Secretary's authority to acquire property by condemnation shall be supended with respect to all improved property located within the boundaries of the lakeshore during all times when an appropriate zoning agency shall have in force and applicable to such property a duly adopted, valid zoning ordinance approved by the Secretary in accordance with the provisions of section 5 of this Act.

(b) The term "improved property", whenever used in this Act, shall mean a detached, one-family dwelling, construction of which was begun before January 4, 1965, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the lands so designated. The amount of lands so designated shall in every case be not more than three acres in area, and in making such designation the Secretary shall take into account the manner of noncommercial residential use in which the dwelling and land have customarily been enjoyed: *Provided*, That the Secretary may exclude from the land so designated any beach or waters, together with so much of the land adjoining such beach or waters, as he may deem necessary for public access thereto or public use thereof.

SEC. 5. (a) As soon as practicable after enactment of this Act, the Secretary shall issue regulations specifying standards for approval by him of zoning ordinances for the purposes of sections 4 and 6 of this Act. The Secretary may issue amended regulations specifying standards for approval by him of zoning ordinances whenever he shall consider such amended regulations to be desirable due to changed or unforeseen conditions. The Secretary shall approve any zoning ordinance and any amendment to any approved zoning ordinance submitted to him which conforms to the standards contained in the regulations in effect at the time of adoption of such ordinance or amend-

496-156—73——26

ment by the zoning agency. Such approval shall not be withdrawn or revoked, by issuance of any amended regulations after the date of such approval, for so long as such ordinance or amendment remains in effect as approved.

(b) The standards specified in such regulations and amended regulations for approval of any zoning ordinance or zoning ordinance amendment shall contribute to the effect of (1) prohibiting the commercial and industrial use, other than any commercial or industrial use which is permitted by the Secretary, of all property covered by the ordinance within the boundaries of the lakeshore; and (2) promoting the preservation and development, in accordance with the purposes of this Act, of the area covered by the ordinance within the lakeshore by means of acreage, frontage, and setback requirements and other provisions which may be required by such regulations to be included in a zoning ordinance consistent with the laws of the State of Indiana.

(c) No zoning ordinance or amendment thereof shall be approved by the Secretary which (1) contains any provision which he may consider adverse to the preservation and development, in accordance with the purposes of this Act, of the area comprising the lakeshore; or (2) fails to have the effect of providing that the Secretary shall receive notice of any variance granted under and any exception made to the application of such ordinance or amendment.

(d) If any improved property, with respect to which the Secretary's authority to acquire by condemnation has been suspended according to the provisions of this Act, is made the subject of a variance under or exception to such zoning ordinance, or is subjected to any use, which variance, exception, or use fails to conform to or is inconsistent with any applicable standard contained in regulations issued pursuant to this section and in effect at the time of passage of such ordinance, the Secretary may, in his discretion, terminate the suspension of his authority to acquire such improved property by condemnation.

(e) The Secretary shall furnish to any party in interest requesting the same a certificate indicating, with respect to any property located within the lakeshore as to which the Secretary's authority to acquire such property by condemnation has been suspended in accordance with provisions of this Act, that such authority has been so suspended and the reasons therefor.

SEC. 6. (a) Any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition to such acquisition, retain the right of use and occupancy of the improved property for noncommercial residential purposes for a term of twenty-five years, or for such lesser time as the said owner or owners may elect at the time of acquisition by the Secretary. Where any

such owner retains a right of use and occupancy as herein provided, such right during its existence may be conveyed or leased for noncommercial residential purposes. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value of the property on the date of such the fair market value on such date of the right retained by the owner.

(b) The Secretary shall have authority to terminate any right of use and occupancy retained as provided in subsection (a) of this section at any time after the date upon which any use occurs with respect to such property which fails to conform or is in any manner opposed to or inconsistent with the applicable standards contained in regulations issued pursuant to section 5 of this Act and which is in effect on said date: *Provided*, That no use which is in conformity with the provisions of a zoning ordinance approved in accordance with said section 5 and applicable to such property shall be held to fail to conform or be opposed to or inconsistent with any such standard. In the event the Secretary terminates a right of use and occupancy under this subsection, he shall pay to the owner of the right so terminated an amount equal to the fair market value of the portion of said right which remained unexpired on the date of termination.

SEC. 7. (a) In the administration of the lakeshore the Secretary may utilize such statutory authorities relating to areas of the national park system and such statutory authority otherwise available to him for the conservation and management of natural resources as he deems appropriate to carry out the purposes of this Act.

(b) In order that the lakeshore shall be permanently preserved in its present state, no development or plan for the convenience of visitors shall be undertaken therein which would be incompatible with the preservation of the unique flora and fauna or the physiographic conditions now prevailing or with the preservation of such historic sites and structures as the Secretary may designate: *Provided*, That the Secretary may provide for the public enjoyment and understanding of the unique natural, historic, and scientific features within the lakeshore by establishing such trails, observation points, and exhibits and providing such services as he may deem desirable for such public enjoyment and understanding: *Provided further*, That the Secretary may develop for appropriate public uses such portions of the lakeshore as he deems especially adaptable for such uses.

SEC. 8. (a) There is hereby established an Indiana Dunes National Lakeshore Advisory Commission. Said Commission shall terminate ten years after the date of establishment of the national lakeshore pursuant to this Act.

(b) The Commission shall be composed of seven members, each appointed for a term of two years by the Secretary, as follows: (1) one member who is a year-round resident of Porter County to be appointed from recommendations made by the commissioners of such county; (2) one member who is a year-round resident of the town of Beverly Shores to be appointed from the recommendations made by the board of trustees of such town; (3) one member who is a year-round resident of the towns of Porter, Dune Acres, Portage, Pines, Chesterton, Ogden Dunes, or the village of Tremont, such member to be appointed from recommendations made by the boards of trustees or the trustee of the affected town or township; (4) one member who is a year-round resident of the city of Michigan City to be appointed from recommendations made by such city; (5) two members to be appointed from recommendations made by the Governor of the State of Indiana; and (6) one member to be designated by the Secretary.

(c) The Secretary shall designate one member to be Chairman. Any vacancy in the Commission shall be filled in the same manner in which the original appointment was made.

(d) A member of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expense reasonably incurred by the Commission in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

(e) The Secretary or his designee shall, from time to time, consult with the Commission with respect to matters relating to the development of the Indiana Dunes National Lakeshore and with respect to the provisions of sections 4, 5, and 6 of this Act.

SEC. 9. Nothing in this Act shall deprive the State of Indiana or any political subdivision thereof of its civil and criminal jurisdiction over persons found, acts performed, and offenses committed within the boundaries of the Indiana Dunes National Lakeshore or of its right to tax persons, corporations, franchises, or other non-Federal property on lands included therein.

SEC. 10. There are hereby authorized to be appropriated not more than $27,900,000 for the acquisition of land and interests in land pursuant to this Act.

The values of the properties so exchanged either shall be approximately equal, or if they are not approximately equal the values shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

SEC. 303. Any owner of property acquired by the Secretary which on the date of acquisition is used for agricultural or single-family residential purposes, or for commercial purposes which he finds are compatible with the use and development of the park or the recreation areas, may, as a condition of such acquisition, retain the right of use and occupancy of the property for the same purposes for which it was used on such date, for a period ending at the death of the owner or the death of his spouse, whichever occurs later, or for a fixed term of not to exceed twenty-five years, whichever the owner may elect. Any right so retained may during its existence be transferred or assigned. Any right so retained may be terminated by the Secretary at any time after the date upon which any use of the property occurs which he finds is a use other than one which existed on the date of acquisition. In the event the Secretary terminates a right of use and occupancy under this section, he shall pay to the owner of the right the fair market value of the portion of said right which remains unexpired on the date of termination.

TITLE IV—ADMINISTRATIVE PROVISIONS

management, utilization, and disposal of renewable natural resources and the continuation of such existing uses and developments as will promote or are compatible with, or do not significantly impair, public recreation and conservation of the scenic, scientific, historic, or other values contributing to public enjoyment. In administering the recreation areas, the Secretary may utilize such statutory authorities pertaining to the administration of the national park system, and such statutory authorities otherwise available to him for the conservation and management of natural resources as he deems appropriate for recreation and preservation purposes and for resource development compatible therewith.

(b) The lands within the recreation areas, subject to valid existing rights, are hereby withdrawn from location, entry, and patent under the United States mining laws. The Secretary, under such reasonable regulations as he deems appropriate, may permit the removal of the nonleasable minerals from lands or interest in lands within the recreation areas in the manner prescribed by section 10 of the Act of August 4, 1939, as amended (53 Stat. 1196; 43 U.S.C. 387), and he may permit the removal of leasable minerals from lands or interests in lands within the recreation areas in accordance with the Mineral Leasing Act of February 25, 1920, as amended (30 U.S.C. 181 et seq.), or the Acquired Lands Mineral Leasing Act of August 7, 1947 (30 U.S.C. 351 et seq.), if he finds that such disposition would not have significant adverse effects on the administration of the recreation areas.

(c) All receipts derived from permits and leases issued on lands or interests in lands within the recreation areas under the Mineral Leasing Act of February 25, 1920, as amended, or the Acquired Lands Mineral Leasing Act of August 7, 1947, shall be disposed of as provided in the applicable Act; and receipts from the disposition of nonleasable minerals within the recreation areas shall be disposed of in the same manner as moneys received from the sale of public lands.

(d) The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the recreation areas in accordance with applicable laws of the United States and of the State of Washington, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish and wildlife management, or public use and enjoyment. Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the Department of Game of the State of Washington.

(e) The Secretary shall not permit the construction or use of any road within the park which would provide vehicular access from the North Cross State Highway to the Stehekin Road. Neither shall he permit the construction or use of any permanent road which would provide vehicular access between May Creek and Hozomeen along the east side of Ross Lake.

TITLE V—SPECIAL PROVISIONS

SEC. 501. The distributive shares of the respective counties of receipts from the national forests from which the national park and recreation areas are created, as paid under the provisions of the Act of May 23, 1908 (35 Stat. 260), as amended (16 U.S.C. 500), shall not be affected by the elimination of lands from such national forests by the enactment of this Act.

SEC. 502. Where any Federal lands included in the park or recreation areas are legally occupied or utilized on the effective date of this Act for any purpose, pursuant to a contract, lease, permit, or license issued or authorized by any department, establishment, or agency of the United States, the Secretary shall permit the persons holding such privileges to continue in the exercise thereof, subject to the terms and conditions thereof, for the remainder of the term of the contract, lease, permit, or license or for such longer period of time as the Secretary deems appropriate.

SEC. 503. Nothing in this Act shall be construed to affect adversely or to authorize any Federal agency to take any action that would affect adversely any rights or privileges of the State of Washington in property within the Ross Lake National Recreation Area which is being utilized for the North Cross State Highway.

SEC. 504. Within two years from the date of enactment of this Act, the Secretary of the Interior and the Secretary of Agriculture shall agree on the designation of areas within the park or recreation areas or within national forests adjacent to the park and recreation areas needed for public use facilities and for administrative purposes by the Secretary of Agriculture or the Secretary of the Interior, respectively. The areas so designated shall be administered in a manner that is mutually agreeable to the two Secretaries, and such public use facilities, including interpretive centers, visitor contact stations, lodges, campsites, and ski lifts, shall be constructed according to a plan agreed upon by the two Secretaries.

SEC. 505. Nothing in this Act shall be construed to supersede, repeal, modify, or impair the jurisdiction of the Federal Power Commission under the Federal Power Act (41 Stat. 1063), as amended (16 U.S.C. 791a et seq.), in the recreation areas.

SEC. 506. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not more than $3,500,000 shall be appropriated for the acquisition of lands or interest in lands.

20. Lake Mead

An Act to provide an adequate basis for administration of the Lake Mead National Recreation Area, Arizona and Nevada, and for other purposes. (78 Stat. 1039)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in recognition of the national significance of the Lake Mead National Recreation Area, in the States of Arizona and Nevada, and in order to establish a more adequate basis for effective administration of such area for the public benefit, the Secretary of the Interior hereafter may exercise the functions and carry out the activities prescribed by this Act.

SEC. 2. Lake Mead National Recreation Area shall comprise that particular land and water area which is shown on a certain map, identified as "boundary map, RA–LM–7060–B, revised July 17, 1963", which is on file and which shall be available for public inspection in the office of the National Park Service of the Department of the Interior. An exact copy of such map shall be filed with the Federal Register within thirty days following the approval of this Act, and an exact copy thereof shall be available also for public inspection in the headquarters office of the superintendent of the said Lake Mead National Recreation Area.

The Secretary of the Interior is authorized to revise the boundaries of such national recreation area, subject to the requirement that the total acreage of that area, as revised, shall be no greater than the present acreage thereof. In the event of such boundary revision, maps of the recreation area, as revised, shall be prepared by the Department of the Interior, and shall be filed in the same manner, and shall be available for public inspection also in accordance with the aforesaid procedures and requirements relating to the filing and availability of maps. The Secretary may accept donations of land and interests in land within the exterior boundaries of such area, or such property may be procured by the Secretary in such manner as he shall consider to be in the public interest.

In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property located within the boundaries of the recreation area and convey to the grantor of such property any federally owned property under the jurisdiction of the Secretary, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value: *Provided*, That the Secretary may accept cash from or pay cash to the grantor in such an exchange in order to equalize the values of the properties exchanged.

Establishment or revision of the boundaries of the said national recreation area, as herein prescribed, shall not affect adversely any valid rights in the area, nor shall it affect the validity of withdrawals heretofore made for reclamation or power purposes. All lands in the recreation area which have been withdrawn or acquired by the United States for reclamation purposes shall remain subject to the primary use thereof for reclamation and power purposes so long as they are withdrawn or needed for such purposes. There shall be excluded from the said national recreation area by the Secretary of the Interior any property for management or protection by the Bureau of Reclamation, which would be subject otherwise to inclusion in the said recreation area, and which the Secretary of the Interior considers in the national interest should be excluded therefrom.

SEC. 3. The authorities granted by this Act shall be subject to the following exceptions and qualifications when exercised with respect to any tribal or allotted lands of the Hualapai Indians that may be included within the exterior boundaries of the Lake Mead National Recreation Area:

(a) The inclusion of Indian lands within the exterior boundaries of the area shall not be effective until approved by the Hualapai Tribal Council.

(b) Mineral developments or use of the Indian lands shall be permitted only in accordance with the laws that relate to Indian lands.

(c) Leases and permits for general recreational use, business sites, home sites, vacation cabin sites, and grazing shall be executed in accordance with the laws relating to leases of Indian lands, provided that all development and improvement leases so granted shall conform to the development program and standards prescribed for the Lake Mead National Recreation Area.

(d) Nothing in this Act shall deprive the members of the Hualapai Tribe of hunting and fishing privileges presently exercised by them, nor diminish those rights and privileges of that part of the reservation which is included in the Lake Mead Recreation Area.

SEC. 4. (a) Lake Mead National Recreation Area shall be administered by the Secretary of the Interior for general purposes of public recreation, benefit, and use, and in a manner that will preserve, develop, and enhance, so far as practicable, the recreation potential, and in a manner that will preserve the scenic, historic, scientific, and other important features of the area, consistently with applicable reservations and limitations relating to such area and with other authorized uses of the lands and properties within such area.

(b) In carrying out the functions prescribed by this Act, in addition to other related activities that may be

permitted hereunder, the Secretary may provide for the following activities, subject to such limitations, conditions, or regulations as he may prescribe, and to such extent as will not be inconsistent with either the recreational use or the primary use of that portion of the area heretofore withdrawn for reclamation purposes:

(1) General recreation use, such as bathing, boating, camping, and picnicking;

(2) Grazing;

(3) Mineral leasing;

(4) Vacation cabin site use, in accordance with existing policies of the Department of the Interior relating to such use, or as such policies may be revised hereafter by the Secretary.

SEC. 5. The Secretary of the Interior shall permit hunting, fishing, and trapping on the lands and waters under his jurisdiction within the recreation area in accordance with the applicable laws and regulations of the United States and the respective States: *Provided*, That the Secretary, after consultation with the respective State fish and game commissions, may issue regulations designating zones where and establishing periods when no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, or public use and enjoyment.

SEC. 6. Such national recreation area shall continue to be administered in accordance with regulations heretofore issued by the Secretary of the Interior relating to such areas, and the Secretary may revise such regulations or issue new regulations to carry out the purposes of this Act. In his administration and regulation of the area, the Secretary shall exercise authority, subject to the provisions and limitations of this Act, comparable to his general administrative authority relating to areas of the national park system.

The superintendent, caretakers, officers, or rangers of such recreation area are authorized to make arrests for violation of any of the regulations applicable to the area or prescribed pursuant to this Act, and they may bring the offender before the nearest commissioner, judge, or court of the United States having jurisdiction in the premises.

Any person who violates a rule or regulation issued pursuant to this Act shall be guilty of a misdemeanor, and may be punished by a fine of not moret han $500, or by imprisonment not exceeding six months, or by both such fine and imprisonment.

SEC. 7. Nothing in this Act shall deprive any State, or any political subdivision thereof, of its civil and criminal jurisdiction over the lands within the said national recreation area, or of its rights to tax persons, corporations, franchises, or property on the lands included in such area.

Nothing in this Act shall modify or otherwise affect the existing jurisdiction of the Hualapai Tribe or alter the status of individual Hualapai Indians within that part of the Hualapai Indian Reservation included in said Lake Mead National Recreation Area.

SEC. 8. Revenues and fees obtained by the United States from operation of the national recreation area shall be subject to the same statutory provisions concerning the disposition thereof as are similar revenues collected in areas of the national park system with the exception, that those particular revenues and fees including those from mineral developments, which the Secretary of the Interior finds are reasonably attributable to Indian lands shall be paid to the Indian owner of the land, and with the further exception that other fees and revenues obtained from mineral development and from activities under other public land laws within the recreation area shall be disposed of in accordance with the provisions of the applicable laws.

SEC. 9. A United States commissioner shall be appointed for that portion of the Lake Mead National Recreation Area that is situated in Mohave County, Arizona. Such commissioner shall be appointed by the United States district court having jurisdiction thereover, and the commissioner shall serve as directed by such court, as well as pursuant to, and within the limits of, the authority of said court.

The functions of such commissioner shall include the trial and sentencing of persons committing petty offenses, as defined in title 18, section 1, United States Code: *Provided*, That any person charged with a petty offense may elect to be tried in the district court of the United States, and the commissioner shall apprise the defendant of his right to make such election, but shall not proceed to try the case unless the defendant, after being so apprised, signs a written consent to be tried before the commissioner. The exercise of additional functions by the commissioner shall be consistent with and be carried out in accordance with the authority, laws, and regulations, of general application to United States commissioners. The provisions of title 18, section 3402, of the United States Code, and the rules of procedure and practice prescribed by the Supreme Court pursuant thereto, shall apply to all cases handled by such commissioner. The probation laws shall be applicable to persons tried by the commissioner and he shall have power to grant probation. The commissioner shall receive the fees, and none other, provided by law for like or similar services.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to consider preserving appropriate segments of the lakeshore of Lake Tahoe and adjoining lands and waters in their natural condition for public outdoor recreation, the Secretary of the Interior (hereafter referred to as the "Secretary") shall study, investigate, and formulate recommendations on the feasibility and desirability of establishing such areas as a national lakeshore. The Secretary shall consult with the Secretary of Agriculture; the Chief of Engineers, Department of the Army; and any other interested Federal agencies, as well as the Tahoe Regional Planning Agency and other State and local bodies and officials involved; and shall coordinate the study with applicable outdoor recreation plans, pollution control plans, highway plans, and other planning activities relating to the Lake Tahoe Basin. SEC. 4. There are authorized to be appropriated not more than $50,000 to carry out the provisions of this Act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Lower Saint Croix River Act of 1972".

SEC. 2. Section 3(a) of the Wild and Scenic Rivers Act (82 Stat. 907; 16 U.S.C. 1274(a)) is amended by adding at the end thereof the following:

"(9) LOWER SAINT CROIX, MINNESOTA AND WISCONSIN.—The segment between the dam near Taylors Falls and its confluence with the Mississippi River: *Provided*, (i) That the upper twenty-seven miles of this river segment shall be administered by the Secretary of the Interior; and (ii) That the lower twenty-five miles shall be designated by the Secretary upon his approval of an application for such designation made by the Governors of the States of Minnesota and Wisconsin."

SEC. 3. The Secretary of the Interior shall, within one year following the date of enactment of this Act, take, with respect to the Lower Saint Croix River segment, such action as is provided for under section 3(b) of the Wild and Scenic Rivers Act: *Provided*, That (a) the action required by such section shall be undertaken jointly by the Secretary and the appropriate agencies of the affected States; (b) the development plan required by such section shall be construed to be a comprehensive master plan which shall include, but not be limited to, a determination of the lands, waters, and interests therein to be acquired, developed, and administered by the agencies or political subdivisions of the affected States; and (c) such development plan shall provide for State administration of the lower twenty-five miles of the Lower Saint Croix River segment and for continued administration by the States of Minnesota and Wisconsin of such State parks and fish hatcheries as now lie within the twenty-seven-mile segment to be administered by the Secretary of the Interior.

SEC. 4. Notwithstanding any provision of the Wild and Scenic Rivers Act which limits acquisition authority within a river segment to be administered by a Federal agency, the States of Minnesota and Wisconsin may acquire within the twenty-seven-mile segment of the Lower Saint Croix River segment to be administered by the Secretary of the Interior such lands as may be proposed for their acquisition, development, operation, and main-

(b) No funds otherwise authorized to be appropriated by this section shall be expended by the Secretary of the Interior until he has determined that the States of Minnesota and Wisconsin have initiated such land acquisition and development as may be proposed pursuant to the development plan required by section 3 of this Act, and in no event shall the Secretary of the Interior expend more than $2,550,000 of the funds authorized to be appropriated by this section in the first fiscal year following completion of the development plan required by section 3 of this Act. The balance of funds authorized to be appropriated by this section shall be expended by the Secretary of the Interior at such times as he finds that the States of Minnesota and Wisconsin have made satisfactory progress in their implementation of the development plan required by section 3 of this Act.

23. Oregon Dunes

An Act to establish the Oregon Dunes National Recreation Area in the State of Oregon, and for other purposes. (86 Stat. 99)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to provide for the public outdoor recreation use and enjoyment of certain ocean shorelines and dunes, forested areas, fresh water lakes, and recreational facilities in the State of Oregon by present and future generations and the conservation of scenic, scientific, historic, and other values contributing to public enjoyment of such lands and waters, there is hereby established, subject to valid existing rights, the Oregon Dunes National Recreation Area (hereinafter referred to as the "recreation area").

SEC. 2. The administration, protection, and development of the recreation area shall be by the Secretary of Agriculture (hereinafter called the "Secretary") in accordance with the laws, rules, and regulations applicable to national forests, in such manner as in his judgment will best contribute the attainment of the purposes set forth in section 1 of this Act.

SEC. 3. The portion of the recreation area delineated as the "Inland Sector" on the map referenced in section 4 of this Act is hereby established as an inland buffer sector in order to promote such management and use of the lands, waters, and other properties within such sector as will best protect the values which contribute to the purposes set forth in section 1 of this Act.

SEC. 4. The boundaries of the recreation area, as well as the boundaries of the inland sector included therein, shall be as shown on a map entitle "Proposed Oregon Dunes National Recreation Area" dated May 1971, which is on file and available for public inspection in the Office of the Chief, Forest Service, Department of Agriculture, and to which is attached and hereby made a part thereof a detailed description by metes and bounds of the exterior boundaries of the recreation area and of the inland sector. The Secretary may by publication of a revised map or description in the Federal Register correct clerical or typographical errors in said map or descriptions.

SEC. 5. Notwithstanding any other provision of law, any Federal property located within the boundaries of the recreation area is hereby transferred without consideration to the administrative jurisdiction of the Secretary for use by him in implementing the purposes of this Act, but lands presently administered by the United States Coast Guard or the United States Corps of Engi-

neers may continue to be used by such agencies to the extent required.

SEC. 6. The boundaries of the Siuslaw National Forest are hereby extended to include all of the lands not at present within such boundaries lying within the recreation area as described in accordance with section 4 of this Act.

SEC. 7. Within the inland sector established by section 3 of this Act the Secretary may acquire the following classes of property only with the consent of the owner:

(a) improved property as hereinafter defined;

(b) property used for commercial or industrial purposes if such commercial or industrial purposes are the same such purposes for which the property was being used on December 31, 1970, or such commercial or industrial purposes have been certified by the Secretary or his designee as compatible with or furthering the purposes of this Act;

(c) timberlands under sustained yield management so long as the Secretary determines that such management is being conducted in accordance with standards for timber production, including but not limited to harvesting reforestation, and debris cleanup, not less stringent than management standards imposed by the Secretary on comparable national forest lands: *Provided*, That the Secretary may acquire such lands or interests therein without the consent of the owner if he determines that such lands or interests are essential for recreation use or for access to or protection of recreation developments within the purposes of this Act. In any acquisition of such lands or interests the Secretary shall, to the extent practicable, minimize the impact of such acquisition on access to or the reasonable economic use for sustained yield forestry of adjoining lands not acquired; and

(d) property used on December 31, 1970, primarily for private, noncommercial recreational purposes if any improvements made to such property after said date are certified by the Secretary of Agriculture or his designee as compatible with the purposes of this Act.

SEC. 8. (a) Within the boundaries of the recreation area lands, waters, and interests therein owned by or under the control of the State of Oregon or any political subdivision thereof may be acquired only by donation or exchange.

(b) No part of the Southern Pacific Railway right-of-way within the boundaries of the recreation area may be acquired without the consent of the railway, so long as it is used for railway purposes: *Provided*, That the Sec-

retary may condemn such easements across said right-of-way as he deems necessary for ingress and egress.

(c) Any person owning an improved property, as hereafter defined, within the recreation area may reserve for himself and his assigns, as a condition of the acquisition of such property, a right of use and occupancy of the residence and not in excess of three acres of land on which such residence is situated. Such reservation shall be for a term ending at the death of the owner, or the death of his spouse, whichever occurs later, or, in lieu thereof, for a definite term not to exceed twenty-five years: *Provided*, That, the Secretary may exclude from such reserved property any lands or waters which he deems necessary for public use, access, or development. The owner shall elect, at the time of conveyance, the term of the right to be reserved. Where any such owner retains a right of use and occupancy as herein provided, such right may during its existence be conveyed or leased in whole, but not in part, for noncommercial residential purposes. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner. At any time subsequent to the acquisition of such property the Secretary may, with the consent of the owner of the retained right of use and occupancy, acquire such right, in which event he shall pay to such owner the fair market value of the remaining portion of such right.

(d) The term "improved property" wherever used in this Act shall mean a detached one-family dwelling the construction of which was begun before December 31, 1970, together with any structures accessory to it and the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary finds necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use.

SEC. 9. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the recreation area in accordance with applicable laws of the United States and the State of Oregon, except that the Secretary may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, or public use and enjoyment. Except in emergencies, any regulation of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State fish and game department.

SEC. 10. The lands within the recreation area, subject to valid existing rights, are hereby withdrawn from location, entry, and patent under the United States mining

laws and from disposition under all laws pertaining to mineral leasing and all amendments thereto.

SEC. 11. (a) The Secretary is authorized and directed, subject to applicable water quality standards now or hereafter established, to permit, subject to reasonable rules and regulations, the investigation for, appropriation, storage, and withdrawal of ground water, surface water, and lake, stream, and river water from the recreation area and the conveyance thereof outside the boundaries of the recreation area for beneficial use in accordance with applicable laws of the United States and of the State of Oregon if permission therefor has been obtained from the State of Oregon before the effective date of this Act: *Provided*, That nothing herein shall prohibit or authorize the prohibition of the use of water from Tahkenitch or Siltcoo Lakes in accordance with permission granted by the State of Oregon prior to effective date hereof in connection with certain industrial plants developed or being developed at or near Gardiner, Oregon.

(b) The Secretary is authorized and directed, subject to applicable water quality standards now or hereafter established, to permit, subject to reasonable rules and regulations, transportation and storage in pipelines within and through the recreation area of domestic and industrial wastes in accordance with applicable laws of the United States and of the State of Oregon if permission therefor has been obtained from the State of Oregon before the effective date of this Act.

(c) The Secretary is further authorized, subject to applicable water quality standards now or hereafter established, to grant such additional easements and rights, in terms up to perpetuity, as in his judgment would be appropriate and desirable for the effective use of the rights to water and the disposal of waste provided for herein and for other utility and private purposes if permission therefor has been obtained from the State of Oregon, subject to such reasonable terms and conditions as he deems necessary for the protection of the scenic, scientific, historic, and recreational features of the recreation area.

SEC. 12. (a) The Secretary shall establish an advisory council for the Oregon Dunes National Recreation Area, and shall consult on a periodic and regular basis with such council with respect to matters relating to management and development of the recreation area. The members of the advisory council, who shall not exceed fifteen in number, shall serve for individual staggered terms of three years each and shall be appointed by the Secretary as follows:

(i) a member to represent each country in which a portion of the recreation area is located, each such

appointee to be designated by the respective governing body of the county involved;

(ii) a member appointed to represent the State of Oregon, who shall be designated by the Governor of Oregon;

(iii) not to exceed eleven members appointed by the Secretary from among persons who, individually or through association with national or local organizations, have an interest in the administration of the recreation area; and

(iv) the Secretary shall designate one member to be Chairman and shall fill vacancies in the same manner as the original appointment.

(b) The Secretary shall, in addition to his consultation with the advisory council, seek the views of other private groups and individuals with respect to administration of the recreation area.

(c) The members shall not receive any compensation for their services as members of the council, as such, but the Secretary is authorized to pay expenses reasonably incurred by the council in carrying out its responsibilities.

SEC. 13. Within three years from the date of enactment of this Act, the Secretary shall review the area within the boundaries of the recreation area and shall report to the President, in accordance with subsections 3(b) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132(b) and (d)), his recommendation as to the suitability or nonsuitability of any area within the recreation area for preservation as a wilderness, and any designation of any such area as a wilderness shall be accomplished in accordance with said subsection of the Wilderness Act.

SEC. 14. The Secretary shall cooperate with the State of Oregon or any political subdivision thereof in the administration of the recreation area and in the administration and protection of lands within or adjacent to the recreation area owned or controlled by the State or political subdivision thereof. 24. Ozark Riverways

An Act to provide for the establishment of the Ozark National Scenic Riverways in the State of Missouri, and for other purposes. (78 Stat. 608)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, for the purpose of conserving and interpreting unique scenic and other natural values and objects of historic interest, including preservation of portions of the Current River and the Jacks Fork River in Missouri as free-flowing streams, preservation of springs and caves, management of wildlife, and provisions for use and enjoyment of the outdoor recreation resources thereof by the people of the United States, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall designate for establishment as the Ozark National Scenic Riverways the area (hereinafter referred to as "such area") generally depicted on map numbered NR OZA 7002 entitled "Proposed Ozark National Rivers" dated December 1963 which map is on file for public inspection in the office of the National Park Service, Department of the Interior: *Provided*, That the area so designated shall not include more than sixty-five thousand acres of land now in private ownership and that no lands shall be designated within two miles of the present boundaries of the municipalities of Eminence and Van Buren, Missouri. The Secretary, with the concurrence of the State, shall designate for inclusion in the Ozark National Scenic Riverways, the lands composing Big Springs, Alley Springs, and Round Spring State Parks, and the Secretary is hereby directed to negotiate with the State for the donation and the inclusion of such park lands in the Ozark National Scenic Riverways.

SEC. 2. The Secretary may, within the area designated or altered pursuant to section 4, acquire lands and interests therein, including scenic easements, by such means as he may deem to be in the public interest: *Provided*, That scenic easements may only be acquired with the consent of the owner of the lands or waters thereof: *And provided further*, That any parcel of land containing not more than five hundred acres, which borders either the Current River or the Jacks Fork River, and which is being primarily used for agricultural purposes, shall be acquired by the Secretary in its entirety unless the owner of any such parcel consents to the acquisition of a part thereof. Property so acquired which lies outside the boundary generally depicted on the map referred to in section 1 of this Act may be exchanged by the Secretary for any land of approximately equal value within the boundaries. Lands and waters owned by the State of

Missouri within such area may be acquired only with the consent of the State. Federally owned lands or waters lying within such area shall, upon establishment of the area pursuant to section 4 hereof, be transferred to the administrative jurisdiction of the Secretary, without transfer of funds, for administration as part of the Ozark National Scenic Riverways.

SEC. 3. Any owner or owners, including beneficial owners (hereinafter in this section referred to as "owner"), of improved property on the date of its acquisition by the Secretary may, as a condition to such acquisition, retain the right of use and occupancy of the improved property for noncommercial residential purposes for a term ending at the death of such owner, or the death of his spouse, or at the death of the survivor of either of them. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

SEC. 4. When the Secretary determines that lands and waters, or interests therein, have been acquired by the United States in sufficient quantity to provide an administrable unit, he shall declare establishment of the Ozark National Scenic Riverways by publication of notice in the Federal Register. The Secretary may thereafter alter such boundaries from time to time, except that the total acreage in the Ozark National Scenic Riverways shall not exceed sixty-five thousand acres, exclusive of land donated by the State of Missouri or its political subdivisions and of federally owned land transferred pursuant to section 2 of this Act.

SEC. 5. (a) In furtherance of the purposes of this Act, the Secretary is authorized to cooperate with the State of Missouri, its political subdivisions, and other Federal agencies and organizations in formulating comprehensive plans for the Ozark National Scenic Riverways and for the related watershed of the Current and Jacks Fork Rivers in Missouri, and to enter into agreements for the implementation of such plans. Such plans may provide for land use and development programs, for preservation and enhancement of the natural beauty of the landscape, and for conservation of outdoor resources in the watersheds of the Current and Jacks Fork Rivers.

(b) The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the Ozark National Scenic Riverways area in accordance with applicable Federal and State laws. The Secretary may designate zones where, and establish periods when, no hunting shall be permitted, for reasons of public safety, administration, or public use and enjoyment and shall issue regulations after consultation with the Conservation Commission of the State of Missouri.

SEC. 6. The Ozark National Scenic Riverways shall be administered in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535), as amended and supplemented, and in accordance with other laws of general application relating to the areas administered and supervised by the Secretary through the National Park Service; except that authority otherwise available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this Act.

SEC. 7. (a) There is hereby established an Ozark National Scenic Riverways Commission. The Commission shall cease to exist ten years after the date of establishment of the area pursuant to section 4 of this Act.

(b) The Commission shall be composed of seven members each appointed for a term of two years by the Secretary as follows:

(1) Four members to be appointed from recommendations made by the members of the county court in each of the counties in which the Ozark National Scenic Riverways is situated (Carter, Dent, Shannan, and Texas), one member from the recommendations made by each such court;

(2) Two members to be appointed from recommendations of the Governor of the State of Missouri; and

(3) One member to be designated by the Secretary.

(c) The Secretary shall designate one member to be chairman. Any vacancy in the Commission shall be filled in the same manner in which the original appointment was made.

(d) A member of the Commission shall serve without compensation. The Secretary shall reimburse members of the Commission for travel, subsistence, and other necessary expenses incurred by them in the performance of the duties vested in the Commission.

(e) The Secretary or his designee shall from time to time consult with the members of the Commission with respect to matters relating to the development of the Ozark National Scenic Riverways, and shall consult with the members with respect to carrying out the provisions of this Act.

An Act to establish in the State of Michigan the Pictured Rocks National Lakeshore, and for other purposes. (80 Stat. 922)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in order to preserve for the benefit, inspiration, education, recreational use, and enjoyment of the public a significant portion of the diminishing shoreline of the United States and its related geographic and scientific features, the Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to take appropriate action, as herein provided, to establish in the State of Michigan the Pictured Rocks National Lakeshore.

SEC. 2. The area comprising that particular land and water depicted on the map identified as "Proposed Pictured Rocks National Lakeshore. United States Department of the Interior, National Park Service, Boundary Map, NL–PR–7100A, July 1966", which is on file and available for public inspection in the office of the National Park Service of the Department of the Interior, is hereby designated for establishment as the Pictured Rocks National Lakeshore. An exact copy of such map shall be filed for publication in the Federal Register within thirty days following the date of enactment of this Act.

SEC. 3. As soon as practicable after the date of enactment of this Act and following the acquisition by the Secretary of an acreage within the boundaries of the area which in his opinion is efficiently administrable for the purposes of this Act, he shall establish the Pictured Rocks National Lakeshore by publication of notice thereof in the Federal Register.

SEC. 4. (a) There is hereby established a Pictured Rocks National Lakeshore Advisory Commission. Said commission shall terminate ten years after the date the lakeshore is established pursuant to this Act.

(b) The commission shall be composed of five members, each appointed for a term of two years by the Secretary, as follows:

(1) Two members to be appointed from recommendations made by the county in which the lakeshore is situated;

(2) Two members to be appointed from recommendations made by the Governor of the State of Michigan; and

(3) One member to be designated by the Secretary.

(c) The Secretary shall designate one member to be chairman. Any vacancy in the commission shall be filled

in the same manner in which the original appointment was made.

(d) Members of the commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the commission in carrying out its responsibilities under this Act on vouchers signed by the chairman.

(e) The Secretary or his designee shall, from time to time, consult with the commission with respect to the matters relating to the development of the Pictured Rocks National Lakeshore.

SEC. 5. In administering the lakeshore the Secretary shall permit hunting and fishing on lands and waters under his jurisdiction in accordance with the applicable laws of the United States and of Michigan. The Secretary, after consultation with the Michigan Department of Conservation, may designate zones and establish periods where and when no hunting shall be permitted for reasons of public safety, administration, or public use and enjoyment. The Secretary shall, after consultation with such department, issue regulations, consistent with this section, as he may determine necessary to carry out the purposes of this section.

SEC. 6. (a) The administration, protection, and development of the Pictured Rocks National Lakeshore shall be exercised by the Secretary, subject to the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented, relating to the areas administered and supervised by the Secretary through the National Park Service; except that authority otherwise available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this Act.

(b) In the administration, protection, and development of the lakeshore, the Secretary shall prepare and implement a land and water use management plan, which shall include specific provision for—

(1) development of facilities to provide the benefits of public recreation, including a scenic shoreline drive;

(2) protection of scenic, scientific, and historic features contributing to public enjoyment; and

(3) such protection, management, and utilization (subject to the provisions of sections 9 and 10 of this Act) of renewable natural resources, including forage and forest products, as in the judgment of the Secretary is consistent with, and does not significantly impair public recreation and protection of scenic, scientific, and historic features contributing to public enjoyment.

SEC. 7. Nothing in this Act shall be construed as prohibiting any governmental jurisdiction in the State of Michigan from assessing taxes upon any interest in real estate retained under the provisions of section 11 of this Act to the owner of such interest.

SEC. 8. (a) The Secretary is authorized, subject to the limitations, conditions, and restrictions imposed by this Act, to acquire the land, water, and other property, and improvements thereon, and any interests therein (including easements) within the boundary described in section 2 of this Act by donation, purchase with donated or appropriated funds, transfer from any Federal agency, exchange, or condemnation; except that such authority to acquire by condemnation shall be exercised only in the manner and to the extent specifically authorized in this Act.

(b) In exercising his authority to acquire property under this Act, the Secretary shall give immediate and careful consideration to any offer made by an individual owning property within the lakeshore to sell such property to the Secretary. In considering any such offer, the Secretary shall take into consideration any hardship to the owner which might result from any undue delay in acquiring his property.

(c) Any property or interests therein, owned by the State of Michigan, or any political subdivisions thereof, may be acquired only by donation. Notwithstanding any other provision of law, any Federal property located within such area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the provisions of this Act.

(d) The Secretary shall make every reasonable effort to acquire property through negotiation and purchase. Where agreement is not reached and condemnation proceedings are filed, the owner of such property shall be paid the fair market value thereof as determined in such proceedings.

(e) Nothing in this Act shall be construed to prohibit the use of condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

(f) In exercising his authority to acquire property by exchange the Secretary may accept title to any non-Federal property within the area designated by section 2 of this Act for inclusion in the lakeshore, and in exchange therefor he may convey to the grantor of such property any federally owned property under his jurisdiction within the State of Michigan which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal or, if they are not approximately equal, the values shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

496-156—73——28

SEC. 9. (a) The area hereinafter described in subsection (b) of this section is hereby established as an inland buffer zone in order to stabilize and portect the existing character and uses of the lands, waters, and other properties within such zone for the purpose of preserving the setting of the shoreline and lakes, protecting the watersheds and streams, and providing for the fullest economic utilization of the renewable resources through sustained yield timber management and other resource management compatible with the purposes of this Act.

(b) As used in this Act, the term "inland buffer zone" means that part of the lakeshore delineated as such on the map identified as "Proposed Pictured Rocks National Lakeshore, United States Department of the Interior, National Park Service, Boundary Map, NL–PR–7100A, July, 1966". The Secretary shall file the map with the Office of the Federal Register, and it may also be examined in the Offices of the Department of the Interior.

SEC. 10. The Secretary shall be prohibited from acquiring by condemnation any (1) improved property within the inland buffer zone, or (2) property within the inland buffer zone during all times when, in his judgment such property is being used (A) for the growing and harvesting of timber under a scientific program of selective cutting and forest management, or (B) for commercial purposes, if such commercial purposes are the same such purposes for which usch property is being used on December 31, 1964, so long as the use of such improved or other property would further the purposes of this Act and such use does not impair the usefulness and attractiveness of the lakeshore.

(b) As used in this Act, the term "improved property" shall mean any one-family dwelling on which construction was begun before December 31, 1964, together with so much of the land on which the dwelling is situated (such land being in the same ownership as the dwelling) as shall be reasonably necessary for the enjoyment of the dwelling.

SEC. 11. (a) Any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition to such acquisition, retain, for a term of not to exceed twenty-five years, or for a term ending at the death of such owner or owners, the right of use and occupancy of such property for any residential purpose which is not incompatible with the purposes of this Act or which does not impair the usefulness and attractiveness of the area designated for inclusion. The Secretary shall pay to the owner the value of the property on the date of such acquisition, less the value on such date of the right retained by the owner. Where any such owner retains a right of use and occupancy as herein provided, such right during its existence may be conveyed or leased for non-

commercial residential purposes in accordance with the provisions of this section.

(b) Any deed or other instrument used to transfer title to property, with respect to which a right of use and occupancy is retained under this section, shall provide that such property shall not be used for any purpose which is incompatible with purposes of this Act, or which impairs the usefulness and attractiveness of the lakeshore and if it should be so used, the Secretary shall have authority to terminate such right. In the event the Secretary exercises his power of termination under this subsection he shall pay to the owner of the right terminated an amount equal to the value of that portion of such right which remained unexpired on the date of such termination.

(c) Any land acquired by the Secretary under this Act on which there is situated a cottage or hunting lodge which, on December 31, 1964, was under lease to any lessee or lessees shall, if such lease is in effect on the date such land is so acquired, be acquired by the Secretary subject to such lease and the right of such lessee or lessees to continue using the property covered by such lease in accordance with the provisions thereof. Upon the expiration of such lease, the Secretary shall have the authority to enter into a lease with such lessee or lessees authorizing them to continue using such cottage or lodge (as the case may be) for a term of not to exceed twenty-five years, or for a term ending at the death of such lessee or lessees, subject to such conditions as may be prescribed by the Secretary.

SEC. 12. The Secretary shall, at the request of any township or county in or adjacent to the lakeshore affected by this Act, assist and consult with the appropriate officers and employees of such township or county in establishing zoning bylaws. Such assistance may include payments to the county or township for technical aid.

SEC. 13. The Secretary shall furnish to any interested person requesting the same a certificate indicating, with respect to any property which the Secretary has been prohibited from acquiring by condemnation in accordance with provisions of this Act, that such authority is prohibited and the reasons therefor.

SEC. 14. There are hereby authorized to be appropriated not more than $6,873,000 for the acquisition of lands and interests in land in connection with, and not more than $6,348,000 for development of, the Pictured Rocks National Lakeshore.

Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the Department of Game of the State of Washington.

(e) The Secretary shall not permit the construction or use of any road within the park which would provide vehicular access from the North Cross State Highway to the Stehekin Road. 29. Sawtooth

An Act to establish the Sawtooth National Recreation Area in the State of Idaho, to temporarily withdraw certain national forest land in the State of Idaho from the operation of the United States mining laws, and for other purposes. (86 Stat. 612)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to assure the preservation and protection of the natural, scenic, historic, pastoral, and fish and wildlife values and to provide for the enhancement of the recreational values associated therewith, the Sawtooth National Recreation Area is hereby established.

(b) The Sawtooth National Recreation Area (hereafter referred to as the "recreation area"), including the Sawtooth Wilderness Area (hereafter referred to as the "wilderness area"), shall comprise the lands generally depicted on the map entitled "Sawtooth National Recreation Area" dated June, 1972, which shall be on file and available for public inspection in the office of the Chief, Forest Service, Department of Agriculture. The Secretary of Agriculture (hereafter referred to as the "Secretary") shall, as soon as practicable after the date of enactment of this Act, publish a detailed description and map showing the boundaries of the recreation area in the Federal Register.

SEC. 2. (a) The Secretary shall administer the recreation area in accordance with the laws, rules and regulations applicable to the national forests in such manner as will best provide (1) the protection and conservation of the salmon and other fisheries; (2) the conservation and development of scenic, natural, historic, pastoral, wildlife, and other values, contributing to and available for public recreation and enjoyment, including the preservation of sites associated with and typifying the economic and social history of the American West; and (3) the management, utilization, and disposal of natural resources on federally owned lands such as timber, grazing, and mineral resources insofar as their utilization will not substantially impair the purposes for which the recreation area is established.

(b) The lands designated as the Sawtooth Wilderness Area, which supersedes the Sawtooth Primitive Area, shall be administered in accordance with the provisions of this Act and the provisions of the Wilderness Act (78 Stat. 890), whichever is more restrictive, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the effective date of this Act.

SEC. 3. (a) Except as provided in section 4, the Secretary is authorized to acquire by donation, purchase with

donated or appropriated funds, exchange, bequest, or otherwise any lands, or lesser interests therein, including mineral interests and scenic easements, which he determines are needed for the purposes of this Act: *Provided*, That acquisitions of lands or interests therein for access to and utilization of public property, and for recreation and other facilities, shall not exceed five per centum of the total acreage of all private property within the recreation area as of the effective date of this Act.

As used in this Act the term "scenic easement" means the right to control the use of land in order to protect the esthetic values for the purposes of this Act, but shall not preclude the continuation of any use exercised by the owner as of the date of this Act.

(b) In exercising this authority to acquire lands, the Secretary shall give prompt and careful consideration to any offer made by an individual owning any land, or interest in land, within the boundaries described in subsection 1(b) of this Act. In considering such offer, the Secretary shall take into consideration any hardship to the owner which might result from any undue delay in acquiring his property.

(c) The Secretary may utilize condemnation proceedings without the consent of the owner to acquire private lands or interests therein pursuant to this section only in cases where, in his judgment, all reasonable efforts to acquire such lands or interests therein by negotiation have failed, and in such cases he shall acquire only such title as, in his judgment, is reasonably necessary to accomplish the objectives of this Act.

(d) In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property, or interests therein, located within the recreation area and, notwithstanding any other provision of law, he may convey in exchange therefor any federally owned property within the State of Idaho which he classifies as suitable for exchange and which is under his administrative jurisdiction. The values of the properties so exchanged shall be approximately equal or, if they are not approximately equal, they shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require. In the exercise of his exchange authority, the Secretary may utilize authorities and procedures available to him in connection with exchanges of national forest lands.

(e) Nothing in this Act shall be construed as limiting the authority of the Secretary to acquire mineral interests in lands within the recreation area, with or without the consent of the owner. Upon acquisition of any such interest, the lands and/or minerals covered by such interest are by this Act withdrawn from entry or appropriation under the United States mining laws and from disposi-

tion under all laws pertaining to mineral leasing and all amendments thereto.

(f) Any land or interest in land owned by the State of Idaho or any of its political subdivisions may be acquired only by donation or exchange.

(g) Notwithstanding any other provision of law, any Federal property located within the recreation area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the purposes of this Act. Lands acquired by the Secretary or transferred to his administrative jurisdiction within the recreation area shall become parts of the recreation area and of the national forest within or adjacent to which they are located.

(h) Except as otherwise provided, the Secretary shall have the authority to use condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

SEC. 4. (a) The Secretary shall make and publish regulations setting standards for the use, subdivision, and development of privately owned property within the boundaries of the recreation area. Such regulations shall be generally in furtherance of the purposes of this Act and shall have the object of assuring that the highest and best private use, subdivision, and development of such privately owned property is consistent with the purposes of this Act and with the overall general plan of the recreation area. Such regulations shall be as detailed and specific as is reasonably required to accomplish such objective and purpose. Such regulations may differ amongst the several parcels of private land in the boundaries and may from time to time be amended by the Secretary. All regulations adopted under this section shall be promulgated in conformity with the provisions of the Administrative Procedure Act. The United States District Court for the District of Idaho shall have jurisdiction to review any regulations established pursuant to the first sentence of this subsection, upon a complaint filed within six months after the effective date of such regulations, by any affected landowner in an action for a declaratory judgment.

(b) After publication of such regulations, no privately owned lands shall be acquired by the Secretary by condemnation unless he determines, in his judgment, that such lands are being used, or are in imminent danger of being used, in a manner incompatible with the regulations established pursuant to this section or unless such lands are determined to be necessary for access or development, in which case such acquisitions shall be subject to the 5 per centum limitation established in subsection 3(a) of this Act.

SEC. 5. The Secretary shall, as soon as practicable after the enactment of this Act, review the undeveloped and unimproved portion or portions of the recreation area as to suitability or nonsuitability for preservation as a part of the National Wilderness Preservation System. In conducting his review, the Secretary shall comply with the provisions of subsection 3(d) of the Wilderness Act of September 3, 1964 (78 Stat. 892), relating to public notice, public hearings, and review by State and other agencies, and shall advise the Senate and House of Representatives of his recommendations with respect to the designation as wilderness of the area or areas reviewed.

16 USC 1132.

SEC. 6. The Secretary may cooperate with other Federal agencies, with State and local public agencies, and with private individuals and agencies in the development and operation of facilities and services in the area in furtherance of the purposes of this Act, including, but not limited to, the restoration and maintenance of the historic setting and background of the frontier ranch-type town of Stanley.

SEC. 7. Nothing in this Act shall diminish, enlarge, or modify any right of the State of Idaho, or any political subdivision thereof, to exercise civil and criminal jurisdiction within the recreation area or of rights to tax persons, corporations, franchises, or property, including mineral or other interests, in or on lands or waters within the recreation area.

SEC. 8. The Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the recreation area in accordance with applicable laws of the United States and the State of Idaho, except that the Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, or public use and enjoyment. Except in emergencies, any regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State fish and game department.

SEC. 9. The jurisdiction of the State and the United States over waters of any stream included in the recreation area shall be determined by established principles of law. Under the provisions of this Act, any taking by the United States of a water right which is vested under either State or Federal law at the time of enactment of this Act shall entitle the owner thereof to just compensation. Nothing in this Act shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

SEC. 10. Subject to valid existing rights, all Federal lands located in the recreation area are hereby withdrawn from all forms of location, entry, and patent under the mining laws of the United States.

SEC. 11. The Congress hereby recognizes and declares the need to take action to regulate the use of, and protect the surface values of, the Federal lands in the recreation area, and directs that rules and regulations necessary to carry out this section shall be promulgated and issued by the Secretary of Agriculture after consultation with the Secretary of the Interior. Such regulations shall include, when deemed necessary, provisions for control of the use of motorized and mechanical equipment for transportation over, or alteration of, the surface of such Federal land in connection with any authorized activities on such land, including but not limited to mineral prospecting, exploration, or development operations.

SEC. 12. Patents shall not hereafter be issued for locations and claims heretofore made in the recreation area under the mining laws of the United States.

SEC. 13. There are authorized to be appropriated for the purposes of this Act not more than $19,802,000 for the acquisition of lands and interests in lands and not more than $26,241,000 for development. Money appropriated from the land and water conservation fund shall be available for the acquisition of lands, waters, and interests therein within the recreation area.

SEC. 14. (a) The Secretary of the Interior, in consultation with appropriate Federal, State, and local agencies, shall make a comprehensive analysis of the natural, economic, and cultural values of the recreation area and the adjacent Pioneer Mountains for the purpose of evaluating the potentiality of establishing therein a national park or other unit of the national park system. He shall submit a report of the results of the analysis along with his recommendations to the Congress by December 31, 1974.

(b) His report shall show that in making the aforesaid recommendations he took into consideration, among other things—

(1) the feasible alternative uses of the land and the long- and short-term effect of such alternative uses, upon, but not limited to, the following—

(A) the State and local economy,

(B) the natural and cultural environment,

(C) the management and use of water resources,

(D) the management of grazing, timber, mineral, and other commercial activities,

(E) the management of fish and wildlife resources,

(F) the continued occupancy of existing homesites, campsites, commercial and public recreation enterprises, and other privately owned properties and the future development of the same,

(G) the interrelation between recreation areas, wilderness areas and park lands, and

(2) the establishment of a national park in the mountain peaks and upland areas together with such portions of the national recreation area as may be necessary and appropriate for the proper administration and public use of and access to such park lands, leaving the valleys and low-lying lands available for multiple-use purposes.

(c) Any recommendation for the establishment of a unit of the national park system shall be accompanied by (1) a master plan for the development and administration of such unit, indicating proposed boundaries, access or other roads, visitor facilities, and proposed management concepts applicable to such unit; (2) a statement of the estimated Federal cost for acquisition, development, and operation of such unit; and (3) proposed legislation for establishment of such park administrative unit.

(d) There are authorized to be appropriated not more than $50,000 to carry out the provisions of this section.

SEC. 15. If any provision of this Act is declared to be invalid, such declaration shall not affect the validity of any other provision hereof.

30. Sleeping Bear Dunes

An Act to establish in the State of Michigan the Sleeping Bear Dunes National Lakeshore, and for other purposes. (84 Stat. 1075)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the Congress finds that certain outstanding natural features, including forests, beaches, dune formations, and ancient glacial phenomena, exist along the mainland shore of Lake Michigan and on certain nearby islands in Benzie and Leelanau Counties, Michigan, and that such features ought to be preserved in their natural setting and protected from developments and uses which would destroy the scenic beauty and natural character of the area. In order to accomplish this purpose for the benefit, inspiration, education, recreation, and enjoyment of the public, the Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to take appropriate action, as herein provided, to establish in the State of Michigan the Sleeping Bear Dunes National Lakeshore. In carrying out the provisions of this Act, the Secretary shall administer and protect the Sleeping Bear Dunes National Lakeshore in a manner which provides for recreational opportunities consistent with the maximum protection of the natural environment within the area.

(b) In preserving the lakeshore and stabilizing its development, substantial reliance shall be placed on cooperation between Federal, State, and local governments to apply sound principles of land use planning and zoning. In development the lakeshore, full recognition shall be given to protecting the private properties for the enjoyment of the owners.

SEC. 2. (a) The Sleeping Bear Dunes National Lakeshore (hereinafter referred to as the "lakeshore") shall comprise the land and water area generally depicted on the map entitled "A Proposed Sleeping Bear Dunes National Lakeshore Boundary Map", numbered NL–SBD–91,000 and dated May 1969, which shall be on file and available for public inspection in the offices of the National Park Service of the Department of the Interior.

(b) As soon as practicable after the date of enactment of this Act and following the acquisition by the Secretary of those lands owned by the State of Michigan within the boundaries of the area designated for inclusion in the lakeshore (excepting not to exceed three hundred acres in the Platte Bay area) and of such additional lands, if any, as are necessary to provide an area which in his opinion is efficiently administrable for the purposes of this Act, he shall establish the Sleeping Bears Dunes Na-

496-156—73——29

tional Lakeshore by publication of notice thereof in the Federal Register.

SEC. 3. (a) Within thirty days, or as soon as possible thereafter, after the effective date of this Act, the Secretary shall publish in the Federal Register a map or other description of the lakeshore delineating areas constituting the following categories:

Category I, public use and development areas.

Category II, environmental conservation areas.

Category III, private use and development areas.

(b) Lands and interests therein designated as category I may be acquired by the Secretary in accordance with section 8 of this Act.

(c) Within one hundred and fifty days after the effective date of this Act, the Secretary shall publish in the Federal Register an additional map or other description of those lands, if any, designated as within categories II and III for acquisition by him in a fee in accordance with section 8 of this Act.

(d) Except as provided in subsection (f) of this section, the Secretary may, after the publication provided for in subsection (c), acquire only such interests in lands designated as category II, other than those to be acquired in fee simple, as he deems appropriate to insure the continued conservation and preservation of the environmental quality of the lakeshore.

(e) Except as provided in subsection (f) of this section, the Secretary may, after the publication provided for in subsection (c), acquire only such interests in lands designated as category III, other than those lands to be acquired in fee simple, as he deems appropriate to protect lands designated for acquisition.

(f) Not later than one hundred and fifty days after the effective date of this Act, the Secretary shall notify owners of real property in categories II and III, other than property designated by him for fee acquisition, of the minimum restrictions on use and development of such property under which such property can be retained in a manner compatible with the purpose for which the lakeshore was established. If the owner of any real property in categories II and III agrees to the use and development of his property in accordance with such restrictions, the Secretary may not acquire, without the consent of such owner, such property or interests therein for so long the the property affected is used in accordance with such restrictions, unless he determines that such property is needed for public use development. The foregoing limitations on acquisition shall also apply to any owners of real property to whom the Secretary did not, within the time set forth, give such a notice, except that if any property owner has not, within ninety days of the notice agreed to use the property in accordance with the notice, then the

Secretary may acquire, without limitation, fee or lesser interests in property by any of the methods set forth in section 8 of this Act: *Provided,* That nothing contained in subsections (d) and (e), and in this subsection, which limits the acquisition of the fee simple title to property within the lakeshore, shall prevent the Secretary from acquiring, without the consent of the owner, the fee simple title whenever in the Secretary's judgment the estimated cost of acquiring the lesser interest would be a substantial percentage of the estimated cost of acquiring the fee simple title.

SEC. 4. (a) There is hereby established a Sleeping Bear Dunes National Lakeshore Advisory Commission. The Commission shall cease to exist ten years after the establishment of the lakeshore pursuant to section 2 of this Act.

(b) The Commission shall be composed of ten members, each appointed for a term of two years by the Secretary, as follows:

(1) Four members to be appointed from recommendations made by the counties in which the lakeshore is situated, two members to represent each such county;

(2) Four members to be appointed from recommendations made by the Governor of the State of Michigan; and

(3) Two members to be designated by the Secretary.

(c) The Secretary shall designate one member to be Chairman. Any vacancy in the Commission shall be filed in the same manner in which the original appointment was made.

(d) A member of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the Commission in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

(e) The Secretary or his designee shall consult with the Commission with respect to matters relating to the development of the lakeshore and with respect to the provisions of sections 9, 12, and 13 of this Act.

SEC. 5. In administering the lakeshore the Secretary shall permit hunting and fishing on lands and waters under his jurisdiction in accordance with the laws of the State of Michigan and the United States applicable thereto. The Secretary, after consultation with the appropriate agency of the State of Michigan, may designate zones and establish periods where and when no hunting shall be permitted for reasons of public safety, administration, or public use and enjoyment and issue regulations, consistent with this section, as he may determine necessary to carry out the purposes of this section.

SEC. 6. (a) The administration, protection, and development of the lakeshore shall be exercised by the Secretary, subject to the provisions of this Act and of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented, relating to the areas administered and supervised by the Secretary through the National Park Service; except that authority otherwise available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this Act.

(b) In the administration, protection, and development of the area, the Secretary shall prepare and implement a land and water use management plan, which shall include specific provisions for—

(1) development of facilities to provide the benefits of public recreation;

(2) protection of scenic, scientific, and historic features contributing to public enjoyment; and

(3) such protection, management, and utilization of renewable natural resources as in the judgment of the Secretary is consistent with, and will further the purpose of, public recreation and protection of scenic, scientific, and historic features contributing to public enjoyment.

(c) Within four years from the date of enactment of this Act, the Secretary of the Interior shall review the area within the Sleeping Bear Dunes National Lakeshore and shall report to the President, in accordance with subsections 3(c) and 3(d) of the Wilderness Act (78 Stat. 890; 16 U.S.C. 1132 (c) and (d), his recommendation as to the suitability or nonsuitability of any area within the lakeshore for preservation as wilderness, and any designation of any such area as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

(d) In developing the lakeshore the Secretary shall provide public use areas in such places and manner as he determines will not diminish the value or enjoyment for the owner or occupant of any improved property located thereon.

SEC. 7. Nothing in this Act shall be construed as prohibiting any governmental jurisdiction in the State of Michigan from assessing taxes upon any interest in real estate retained under the provisions of section 10 of this Act to the owner of such interest.

SEC. 8. (a) The Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, transfer funds, transfer from any Federal agency, or exchange lands and interests therein for the purposes of this Act. When an individual tract of land is only partly within the area designated, the Secretary may acquire the

entire tract by any of the above methods to avoid the payment of severance costs. Land so acquired outside the designated area may be exchanged by the Secretary for non-Federal lands within such area, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended (40 U.S.C. 471 et seq.).

(b) In exercising his authority to acquire property under this Act, the Secretary shall give immediate and careful consideration to any offer made by an individual owning property within the lakeshore to sell such property to the Secretary. An individual owning property within the lakeshore may notify the Secretary that the continued ownership by such individual of that property would result in hardship to him, and the Secretary shall immediately consider such evidence and shall within one year following the submission of such notice, subject to the availability of funds, purchase such property offered for a price which does not exceed its fair market value.

(c) Any property or interests therein, owned by the State of Michigan or any political subdivisions thereof, may be acquired only by donation. Notwithstanding any other provision of law, any property owned by the United States on the date of enactment of this Act located within such area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the provisions of this Act.

(d) With respect to that property which the Secretary is authorized to acquire by condemnation under the terms of this Act, the Secretary shall initiate no condemnation proceedings until after he has made every reasonable effort to acquire such property by negotiation and purchase. The certificate of the determination by the Secretary or his designated representative that there has been compliance with the provisions of this subsection and of subsection (b) of this section shall be prima facie evidence of such compliance.

(e) Nothing in his Act shall be construed to prohibit the use of condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

SEC. 9. (a) The Secretary shall, at the request of any township or county in or adjacent to the lakeshore affected by this Act, assist and consult with the appropriate officers and employees of such township or county in establishing zoning bylaws for the purpose of this Act. Such assistance may include payments to the county or township for technical aid.

(b) No improved property within the area designated for inclusion in the lakeshore shall be acquired by the Secretary by condemnation so long as the affected county

or township has in force and applicable thereto a duly adopted, valid zoning bylaw approved by the Secretary in accordance with the provisions of subsection (d) of this section and the use of improved property is in compliance therewith. In the event that the affected county or township does not have in effect and applicable to any improved property a duly adopted, valid zoning bylaw so approved, the Secretary shall be prohibited from acquiring such property by condemnation, if the owner thereof notifies the Secretary in writing of such owner's agreement to use his property in a manner consistent with the applicable standard set forth in subsection (d) of this section, and such prohibition against condemnation shall remain in effect for so long as such property is so used.

(c) If the Secretary determines that any such property referred to in subsection (b) of this section covered by any such bylaw is being used in a way which is not in substantial compliance with such bylaw, or that any such property referred to in subsection (by) with respect to which an agreement has been made in being used in a manner which is not substantially consistent with such applicable standards, he shall so notify the owner of any such property in writing. Such notice shall contain a detailed statement as to why the Secretary believes that such use is not in substantial compliance with such zoning bylaw or why such use is not substantially consistent with such applicable standards, as the case may be. Any such owner shall have sixty days following the receipt by him of that written notification within which to discontinue the use referred to in such notification. Discontinuance of such use within such sixty-day period shall have the effect of prohibiting the Secretary from acquiring such property by condemnation by reason of such use. In any case in which such use is not discontinued within such sixty-day period, the Secretary may, in his discretion, acquire such property by condemnation.

(d) Any zoning bylaw or amendment thereto submitted to the Secretary of approval for the purposes of this Act shall be approved by him if such bylaw or amendment contains provisions which—

(1) contribute to the effect of prohibiting the commercial and industrial use (other than a use for a commercial purpose as authorized under section 13 of this Act) of all property within the boundaries of such area which is situated within the county or township adopting such bylaw or amendment;

(2) are consistent with the objectives and purposes of this Act so that, to the extent possible under Michigan law, the scenic and scientific values of the lakeshore area will be protected;

(3) are designed to preserve the lakeshore character of the area by appropriate restrictions upon the burning of cover, cutting of timber (except tracts managed for sustained yield), removal of sand or gravel, and dumping, storage, or piling of refuse and other unsightly objects or other uses which would detract from the natural or traditional lakeshore scene;

(4) provide that no construction, reconstruction, moving, alteration, or enlargement of any property, including improved property as defined in this Act, within the lakeshore area shall be permitted, if such construction, reconstruction, moving, alteration, or enlargement would afford less than a fifty-foot setback from all streets measured at a right angle with the street line, and a twenty-five-foot distance from all contiguous properties. Any owner or zoning authority may request the Secretary of the Interior to determine whether a proposed move, alteration, construction, reconstruction, or enlargement of any such property would subject such property to acquisition by condemnation, and the Secretary, within sixty days of the receipt of such request, shall advise the owner or zoning authority in writing whether the intended use will subject the property to acquisition by condemnation; and

(5) have the effect of providing that the Secretary shall receive notice of any variance granted under, and of any exception made to the application of, such bylaw or amendment.

(e) The approval of any bylaw or amendment pursuant to subsection (d) shall not be withdrawn or revoked by the Secretary for so long as such bylaw or amendment remains in effect as approved. Any such bylaw or amendment so approved shall not be retroactive in its application.

SEC 10. (a) Any owner or owners of improved property situated within the area designated for inclusion in the lakeshore on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain, for a term of not to exceed twenty-five years, or for a term ending at the death of such owner or owners, the right of use and occupancy of such property for any residential purpose which is not incompatible with the purposes of this Act or which does not impair the usefulness and attractiveness of the area designated for inclusion. The Secretary shall pay to the owner the value of the property on the date of such acquisition, less the value on such date of the right retained by the owner. Where any such owner retains a right of use and occupancy as herein provided, such right during its existence may be conveyed or leased

for noncommercical residential purposes in accordance with the provisions of this section.

(b) Any deed or other instrument used to transfer title to property, with respect to which a right of use and occupancy is retained under this section, shall provide that such property shall not be used for any purpose which is incompatible with purposes of this Act, or which impairs the usefulness and attractiveness of such area and if it should be so used, the Secretary shall have authority to terminate such right. In the event the Secretary exercises his power of termination under this subsection he shall pay to the owner of the right terminated an amount equal to the value of that portion of such right which remained unexpired on the date of such termination.

SEC. 11. As used in this Act, the term "improved property" means a detached, one-family dwelling, construction of which was begun before December 31, 1964, together with so much of the land on which the dwelling is situated, such land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the lands so designated. The amount of the land so designated shall in every case be at least three acres in area, or all of such lesser acreage as may be held in the same ownership as the dwelling, and in making such designation the Secretary shall take into account the manner of noncommercial residential use in which the dwelling and land have customarily been enjoyed: *Provided, however*, That the Secretary may exclude from the land so designated any beach or water on Lake Michigan, together with so much of the land adjoining any such beach or waters, as the Secretary may deem necessary for public access thereto. If the Secretary makes such exclusion, an appropriate buffer zone shall be provided between any residence and the public access or beach.

SEC. 12. In order to facilitate visitor travel, provide scenic overlooks for public enjoyment and interpretation of the national lakeshore and related features, and in order to enhance recreational opportunities, the Secretary is authorized to construct and administer as a part of the national lakeshore scenic roads of parkway standards generally lying within the parkway zone designated on the map specified in section 2(a) of this Act. Such scenic roads shall include necessary connections, bridges, and other structural utilities. Notwithstanding any other provision of this Act, the Secretary may procure for this purpose land, or interest therein, by donation, purchase with appropriated or donated funds, or otherwise: *Provided*, That land and interest so procured shall not exceed

one hundred and fifty acres per mile of scenic road, except that tracts may be procured in their entirety in order to avoid severances. Property so acquired in excess of the acreage limitation provided in this section may be exchanged by the Secretary for any land of approximately equal value authorized for acquisition by this Act.

SEC. 13. In any case not otherwise provided for in this Act, the Secretary shall be prohibited from condemning any commercial property used for commercial purposes in existence on December 31, 1964, so long as, in his opinion, the use thereof would further the purpose of this Act, and such use does not impair the usefulness and attractiveness of the area designated for inclusion in the lakeshore. The following uses, among others, shall be considered to be uses compatible with the purposes of this Act: Commercial farms, orchards, motels, rental cottages, camps, craft and art studios, marinas, medical, legal, architectural, and other such professional offices, and tree farms.

SEC. 14. The Secretary shall furnish to any interested person requesting the same a certificate indicating, with respect to any property which the Secretary has been prohibited from acquiring by condemnation in accordance with provisions of this Act, that such authority is prohibited and the reasons therefor.

SEC. 15. There are authorized to be appropriated not more than $19,800,000 for the acquisition of lands and interests in lands and not more than $18,769,000 (June 1970 prices) for development, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the type of construction involved herein.

Approved October 21, 1970.

31. Whiskeytown-Shasta-Trinity

An Act to establish the Whiskeytown-Shasta-Trinity National Recreation Area in the State of California, and for other purposes. (79 Stat. 1295)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide, in a manner coordinated with the other purposes of the Central Valley project, for the public outdoor recreation use and enjoyment of the Whiskeytown, Shasta, Clair Engle, and Lewiston reservoirs and surrounding lands in the State of California by present and future generations and the conservation of scenic, scientific, historic, and other values contributing to public enjoyment of such lands and waters, there is hereby established, subject to valid existing rights, the Whiskeytown-Shasta-Trinity National Recreation Area in the State of California (hereinafter referred to as the "recreation area"). The boundaries of the recreation area, which consists of the Whiskeytown unit, the Shasta unit, and the Clair Engle-Lewiston unit, shall be those shown in drawing numbered BOR–WST 1004, dated July 1963, entitled "Proposed Whiskeytown-Shasta-Trinity National Recreation Area", which is on file and available for public inspection in the office of the Director of the Bureau of Outdoor Recreation, Department of the Interior. The Whiskeytown unit shall be administered by the Secretary of the Interior; and the Shasta and Clair Engle-Lewiston units shall be administered by the Secretary of Agriculture, except that lands or waters needed or used for the operation of the Central Valley project shall continue to be administered by the Secretary of the Interior to the extent he determines to be required for such operation. The two Secretaries shall coordinate their planning and administration of the respective units in such manner as to provide integrated management policies for the recreation area as a whole for the purposes of this Act in order to bring about uniformity to the fullest extent feasible in the administration and use of the recreation area.

ACQUISITION OF PROPERTY

SEC. 2. (a) Within the boundaries of the portion of the recreation area under his jurisdiction and outside such boundaries when required for the construction or improvement of access roads thereto, each Secretary is authorized to acquire lands, waters, or other property, or any interest therein, in such manner, including exchange as hereinafter provided, as he considers to be in the public interest to carry out the purposes of this Act. In connection with any such acquisition, each Secretary may per-

mit the grantor a reservation of all or any part of the minerals or of any other interest or right of use in such lands or waters on such terms and conditions as the Secretary may deem appropriate. Any property or interest therein owned by the State of California or any political subdivision thereof within the recreation area may be acquired under the authority of this Act only with the concurrence of the owner. Notwithstanding any other provision of law, any Federal property located within the recreation area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the appropriate Secretary for use by him in carrying out the purposes of this Act.

The Secretary of the Interior, in order to assure public access to Clear Creek and to provide hiking and horseback riding trails for the public, may, as he deems necessary for these purposes acquire such easements or other interests on either or both sides of Clear Creek between the south boundary of the Whiskeytown unit and the highway at Igo, California.

The Secretary of Agriculture is authorized to acquire scenic easements or such other interests, including ownership of the land therein, as he determines to be appropriate to protect and assure the appearance of a strip of land not to exceed six hundred and sixty feet on each side of the centerline of Federal Aid Secondary Highway Numbered 1089 between the points where said highway crosses the south line of sections 19 and 20, township 35 north, range 8 west, and where it crosses the south line of section 18, township 36 north, range 7 west, on the northwesterly side of the Clair Engle-Lewiston unit. *Provided*, That such easements or interests shall not be acquired without the consent of the owners so long as the appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that, in the judgment of the Secretary of Agriculture, conforms to the zoning standards set forth in regulations issued pursuant to subsection (e).

The two Secretaries shall engage in mutual consultation with respect to such acquisition and to exchange transactions so as to promote uniform policies therefor insofar as practicable, taking into consideration the purposes of the recreation area as a whole, the responsibility of the Secretary of the Interior for the administration of federally owned minerals and of the Central Valley project, and the responsibility of the Secretary of Agriculture for the adminstration of national forests.

(b) When the public interests will be benefited thereby, the Secretary of the Interior and the Secretary of Agriculture are each authorized to accept title to any non-

Federal property within any part of the recreation area and in exchange therefor convey to the grantor of such property any federally owned property under his jurisdiction within the State of California which he classifies as suitable for exchange or other disposal, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value: *Provided*, That the Secretary of the Interior or the Secretary of Agriculture, as the case may be, may accept cash from or pay cash to the grantor in such exchange in order to equalize the value of the properties exchanged. The Secretary of Agriculture shall obtain the concurrence of the Secretary of the Interior with respect to the value of any mineral interests in any such exchange proposed to be made by the Secretary of Agriculture.

(c) Any owner or owners of improved residential property on the date of its acquisition by either Secretary may, as a condition to such acquisition, retain the right of use and occupancy of the property by himself and members of his immediate family for noncommercial residential purposes for a term ending at the death of such owner, the death of his spouse, or the day his last surviving child reaches the age of thirty, whichever is the latest. The value of the right retained shall be taken into consideration by the respective Secretary in determining the value of the property being acquired.

(d) Privately owned "improved property" or interests therein shall not be acquired under this Act without the consent of the owner so long as an appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that is approved by the Secretary having jurisdiction of the unit wherein the property is located. The term "improved property" as used in this Act shall mean any building or group of related buildings the actual construction of which was begun before February 7, 1963, together with not more than three acres of the land in the same ownership on which the building or group of buildings is situated: *Provided*, That the respective Secretary may exclude from improved property any shore or waters, together with so much of the land adjoining such shore or waters as he deems necessary for public access thereto.

(e) Prior to the approval of any zoning ordinance for the purposes of this section, the Secretary of the Interior and the Secretary of Agriculture shall jointly issue regulations, which may be amended from time to time, specifying standards for such zoning ordinances. Standards specified in such regulations shall have the object of (1) prohibiting new commercial or industrial uses, other than commercial or industrial uses which the Secretaries consider to be consistent with the purposes of this Act; (2)

promoting the protection and development of properties for purposes of this Act by means of use, acreage, frontage, setback, density, height, or other requirements; and (3) providing that the appropriate Secretary shall receive notice of any variance granted under, or any exception made to, the application of the zoning ordinance. Following issuance of such regulations, each Secretary shall approve any zoning ordinance or any amendment to an approved zoning ordinance submitted to him that conforms to the standards contained in the regulations in effect at the time of adoption of the ordinance or amendment. Such approval shall remain effective for so long as such ordinance or amendment remains in effect as approved.

(f) The suspension of the respective Secretary's authority to acquire any improved property without the owner's consent shall automatically cease if (1) such property is made the subject of a variance or exception to any applicable zoning ordinance that does not conform to any applicable standard contained in regulations issued pursuant to this section; or (2) if such property is put to any use which does not conform to any applicable zoning ordinance.

(g) Each Secretary shall furnish to any party in interest upon request a certificate indicating the property with respect to which the Secretary's authority to acquire without the owner's consent is suspended.

(h) Within the Shasta and Clair Engle-Lewiston units any owner of unimproved property who proposes to develop his property or a part thereof for service to the public may submit to the Secretary of Agriculture a development plan which shall set forth the manner in which and the time by which the property is to be developed and the use to which it is proposed to be put. If upon review of such plan the Secretary determines that the development and use of the property in the manner prescribed conforms to a zoning ordinance approved in accordance with the provisions of this section and that such use and development would serve the purposes of this Act, the Secretary of Agriculture may in his discretion issue to such owner a certificate to that effect. Upon the issuance of any such certificate and so long as such property is developed, maintained, and used in conformity therewith, the authority of the Secretary of Agriculture to acquire such property or any interest therein without the consent of the owner shall be suspended. This subsection shall not apply to any property which the Secretary of Agriculture determines to be needed for easements and rights-of-way for access, utilities, or facilities, or for administrative sites, campgrounds, or other

areas needed for use by the United States for visitors to the national recreation area.

ESTABLISHMENT OF UNITS: BOUNDARY DEESCRIPTIONS

SEC. 3. (a) When the Secretary of Agriculture determines that sufficient lands, waters, or interest therein are owned or have been acquired by the United States within the boundaries of the Shasta unit or within the boundaries of the Clair Engle-Lewiston unit to permit efficient initial development and administration for the purposes of this Act, he shall publish in the Federal Register a notice to that effect and a detailed description of the boundaries of such unit.

(b) When the Secretary of the Interior determines that sufficient lands, waters, or interest therein are owned or have been acquired by the United States within the boundaries of the Whiskeytown unit to permit efficient initial development and administration for the purposes of this Act, he shall publish in the Federal Register a notice to that effect and a detailed description of the boundaries of the unit.

(c) Following the publication of any such notice, the respective Secretaries may continue to acquire the remaining property within the recreation area.

SEC. 4. (a) Each Secretary is authorized and directed to administer the portion of the recreation area under his jurisdiction in a manner coordinated with the other purposes of the Central Valley project and with the purposes of the recreation area as a whole and in such manner as in his judgment will best provide for (1) public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) such management, utilization, and disposal of renewable natural resources as in the judgment of the respective Secretary will promote or is compatible with, and does not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public enjoyment. Such administration shall be carried out under land and water use management plans which each Secretary shall prepare and may from time to time revise in consultation with the other.

Regulations prescribing any such restrictions shall be issued after consultation with the California Department of Fish and Game.

All receipts derived from permits and leases issued under the authority of this section on lands administered by the Secretary of Agriculture shall be paid into the same funds or accounts in the Treasury of the United

States and shall be distributed in the same manner as provided for other receipts from the lands affected by the lease or permit, except that any receipts derived from permits or leases issued on those or other lands in the recreation area under the Mineral Leasing Act of February 25, 1920, as amended, or the Act of August 7, 1947, shall be disposed of as provided in the applicable Act; and receipts from the disposition of nonleasable minerals from public lands under the jurisdiction of the Secretary of the Interior shall be disposed of in the same manner as moneys received from the sale of public lands.

3. Federal Advisory Committees

An Act to authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes. (86 Stat. 779)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

(1) the need for many existing advisory committees has not been adequately reviewed;

(2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;

(3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;

(4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;

(5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and

(6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

DEFINITIONS

SEC. 3. For the purpose of this Act—

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in

this paragraph referred to as "committee"), which is—

(A) established by statute or reorganization plan, or

(B) established or utilized by the President, or

(C) established or utilized by one or more agencies.

in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

(1) the Central Intelligence Agency; or

(2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of

legislation necessary to carry out the purpose of this subsection.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

(1) contain a clearly defined purpose for the advisory committee;

(2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;

(3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;

(4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

(5) contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

RESPONSIBILITIES OF THE PRESIDENT

SEC. 6. (a) The President may delegate responsibility for evaluating and taking action, where appropriate, with respect to all public recommendations made to him by Presidential advisory committees.

(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons

for inaction, with respect to the recommendations contained in the public report.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to fund, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

RESPONSIBILITIES OF THE DIRECTOR, OFFICE OF MANAGEMENT AND BUDGET

SEC. 7. (a) The Director shall establish and maintain within the Office of Management and Budget a Committee Management Secretariat, which shall be responsible for all matters relating to advisory committees.

(b) The Director shall, immediately after the enactment of this Act, institute a comprehensive review of the activities and responsibilities of each advisory committee to determine—

(1) whether such committee is carrying out its purpose;

(2) whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;

(3) whether it should be merged with other advisory committees; or

(4) whether is should be abolished.

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director's review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.

(c) The Dirctor shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. In carrying out his functions under this subsection, the Director shall consider the recommendations of each agency head with respect to means of improving the performance of advisory committees whose duties are related to such agency.

(d) (1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors. Such regulations shall provide that—

(A) no member of any advisory committee or of the staff of any advisory committee shall receive compensation at a rate in excess of the rate specified for GS–18 of the General Schedule under section 5332 of title 5, United States Code; and

(B) such members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons employed intermittently in the Government service.

(2) Nothing in this subsection shall prevent—

(A) an individual who (without regard to his service with an advisory committee) is a full-time employee of the United States, or

(B) an individual who immediately before his service with an advisory committee was such an employee,

from receiving compensation at the rate at which he otherwise would be compensated (or was compensated) as a full-time employee of the United States.

(e) The Director shall include in budget recommendations a summary of the amounts he deems necessary for the expenses of advisory committees, including the expenses for publication of reports where appropriate.

RESPONSIBILITIES OF AGENCY HEADS

SEC. 8. (a) Each agency head shall establish uniform administrative guidelines and managment controls for advisory committees established by that agency, which shall be consistent with directives of the Director under section 7 and section 10. Each agency shall maintain systematic information on the nature, functions, and operations of each advisory committee within its jurisdiction.

(b) The head of each agency which has an advisory committee shall designate an Advisory Committee Management Officer who shall—

(1) exercise control and supervision over the establishment, procedures, and accomplishments of advisory committees established by that agency;

(2) assemble and maintain the reports, records, and other papers of any such committee during its existence; and

(3) carry out, on behalf of that agency, the provisions of section 552 of title 5, United States Code, with respect to such reports, records, and other papers.

(1) specifically authorized by statute or by the President; or

(2) determined as a matter of formal record, by the head of the agency involved after consultation with the Director, with timely notice published in the Federal Register, to be in the public interest in connection with the performance of duties imposed on that agency by law.

(b) Unless otherwise specifically provided by statute or Presidential directive, advisory committees shall be utilized solely for advisory functions. Determinations of action to be taken and policy to be expressed with respect to matters upon which an advisory committee reports or makes recommendations shall be made solely by the President or an officer of the Federal Government.

(c) No advisory committee shall meet or take any action until an advisory committee charter has been filed with (1) the Director, in the case of Presidential advisory committees, or (2) with the head of the agency to whom any advisory committee reports and with the standing committees of the Senate and to the House of Representatives having legislative jurisdiction of such agency. A copy of any such charter shall also be furnished to the Library of Congress.

ADVISORY COMMITTEE PROCEDURES

SEC. 10. (a) (1) Each advisory committee meeting shall be open to the public.

(2) Except when the President determines otherwise for reasons of national security, timely notice of each such meeting shall be published in the Federal Register, and the Director shall prescribe regulations to provide for other types of public notice to insure that all interested persons are notified of such meeting prior thereto.

(3) Interested persons shall be permitted to attend, appear before, or file statements with any advisory committee, subject to such reasonable rules or regulations as the Director may prescribe.

(b) Subject to section 552 of title 5, United States Code, the records, reports, transcripts, minutes, appendixes, working papers, drafts, studies, agenda, or other documents which were made available to or prepared for or by each advisory committee shall be available for public inspection and copying at a single location in the offices of the advisory committee or the agency to which the advisory committee reports until the advisory committee ceases to exist.

(c) Detailed minutes of each meeting of each advisory committee shall be kept and shall contain a record of the persons present, a complete and accurate description of matters discussed and conclusions reached, and copies of all reports received, issued, or approved by the advisory committee. at a rate of fifty per centum of the established daily use fee.

"(2) Special recreation permits for uses such as group activities, recreation events, motorized recreation vehicles, and other specialized recreation uses may be issued in accordance with procedures and at fees established by the agency involved.

"(c) All fees established pursuant to this section shall be fair and equitable, taking into consideration the direct and indirect cost to the Government, the benefits to the recipient, the public policy or interest served, the comparable recreation fees charged by non-Federal public agencies, the economic and administrative feasibility of fee collection and other pertinent factors. Clear notice that an admission fee or special recreation use fee has been established shall be prominently posted at each area and at appropriate locations therein and shall be included in publications distributed at such areas. It is the intent of this Act that comparable fees should be charged by the several Federal agencies for comparable services and facilities.

"(d) In accordance with the provisions of this section, the heads of appropriate departments and agencies may prescribe rules and regulations for areas under their administration for the collection of any entrance fee and/or special recreation use fee, as the case may be. Persons authorized by the heads of such Federal agencies to enforce any such rules or regulations issued under this subsection may, within areas under the administration or authority of such agency head and with or, if the offense is committed in his presence, without a warrant, arrest any person who violates such rules and regulations. Any person so arrested may be tried and sentenced by the United States magistrate specifically designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided in title 18, United States Code, section 3401, subsections (b), (c), (d), and (e), as amended. Any violations of the rules and regulations issued under this subsection shall be punishable by a fine of not more than $100.

"(e) Except as otherwise provided by law or as may be required by lawful contracts entered into prior to September 3, 1964, providing that revenues collected at particular Federal areas shall be credited to specific purposes, all fees collected shall be covered into a special account in the Treasury of the United States to be administered in conjunction with, but separate from, the revenues in the Land and Water Conservation Fund. Revenues in the special account shall be available for appropriation, without prejudice to appropriations from

other sources for the same purposes, for any authorized outdoor recreation function of the agency by which the fees were collected: *Provided, however*, That not more than forty per centum of the amount so credited may be appropriated during the five fiscal years following the enactment of this Act for the enhancement of the fee collection system established by this section, including the promotion and enforcement thereof.

"(f) Nothing in this Act shall authorize Federal hunting or fishing licenses or fees or charges for commercial or other activities not related to recreation, nor shall it affect any rights or authority of the States with respect to fish and wildlife, nor shall it repeal or modify any provision of law that permits States or political subdivisions to share in the revenues from Federal lands or any provision of law that provides that any fees or charges collected at particular Federal areas shall be used for or credited to specific purposes or special funds as authorized by that provision of law.

"(g) Periodic reports indicating the number and location of fee collection areas, the number and location of potential fee collection areas, capacity and visitation information, the fees collected, and other pertinent data, shall be coordinated and compiled by the Bureau of Outdoor Recreation and transmitted to the Committees on Interior and Insular Affairs of the United States House of Representatives and United States Senate. Such reports, which shall be transmitted no later than March 31 annually, shall include any recommendations which the Bureau may have with respect to improving this aspect of the land and water conservation fund program."

SEC. 3. (a) The Secretary of the Interior may establish and collect use or royalty fees for the manufacture, reproduction, or use of "The Golden Eagle Insignia", originated by the Department of the Interior and announced in the December 3, 1970, issue of the Federal Register (35 Federal Register 18376) as the official symbol for Federal recreation areas designated for recreation fee collection. Any fees collected pursuant to this subsection shall be covered into the Land and Water Conservation Fund.

(b) Chapter 33 of title 18 of the United States Code is amended by adding the following new section thereto:

"§ 715. 'The Golden Eagle Insignia'

"As used in this section, 'The Golden Eagle Insignia' means the words 'The Golden Eagle' and the representation of an American Golden Eagle (colored gold) and a family group (colored midnight blue) enclosed within a circle (colored white with a midnight blue border) framed by a rounded triangle (colored gold with

a midnight blue border) which was originated by the Department of the Interior as the official symbol for Federal recreation fee areas.

"Whoever, except as authorized under rules and regulations issued by the Secretary of the Interior, knowingly manufactures, reproduces, or uses 'The Golden Eagle Insignia', or any facsimile thereof in such a manner as is likely to cause confusion, or to cause mistake, or to deceive, shall be fined not more than $250 or imprisoned not more than six months, or both.

"The use of any such emblem, sign, insignia, or words which was lawful on the date of enactment of this Act shall not be a violation of this section.

"A violation of this section may be enjoined at the suit of the Attorney General, upon complaint by the Secretary of the Interior."

(c) The analysis of chapter 33 immediately preceding section 701 of title 18 is amended by adding at the end thereon:

"715. 'The Golden Eagle Insignia'."

(d) The rights in "The Golden Eagle Insignia" under this Act, shall terminate if the use by the Secretary of the Interior of "The Golden Eagle Insignia" is abandoned. Nonuse for a continuous period of two years shall constitute abandonment.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Pennsylvania Avenue Development Corporation Act of 1972".

SEC. 2. The Congress finds and declares—

(a) that it is in the national interest that the area adjacent to Pennsylvania Avenue between the Capitol and the White House, most of which was designated on September 30, 1965, as a national historic site under the Historic Sites Act of August 21, 1935 (16 U.S.C. 461 et seq.), be developed, maintained, and used in a manner suitable to its ceremonial, physical, and historic relationship to the legislative and executive branches of the Federal Government and to the governmental buildings, monuments, memorials, and parks in or adjacent to the area;

(c) that to insure suitable development, maintenance, and use of the area and the elimination of blight, it is essential that there be developed and carried out as an entirety plans for this area which will specify the uses, both public and private, to which property is to be put, the programming and financing of necessary acquisitions, construction, reconstruction, and other activities;

(d) that such duties and responsibilities can best be developed and carried out by vesting the requisite powers in a Federal corporation which can take maximum advantage of the private as well as the public resources which will be necessary;

(e) that the powers conferred by this Act are for public uses and purposes for which public powers may be employed, public funds may be expended, and the power of eminent domain and the police power may be exercised, and the granting of such powers is necessary in the public interest; and

(f) that the area thus to be developed, maintained, and used in accordance with the provisions of this Act (hereinafter referred to as the development area) shall be the area bounded as follows:

Beginning at a point on the southwest corner of the intersection of Fifteenth Street and E Street Northwest;

thence northerly along the east side of Thirteenth Street to the northeast corner of the intersection of F Street and Thirteenth Street Northwest;

thence westerly along the north side of F Street to the northwest corner of the intersection of F Street and Fifteenth Street Northwest;

thence northerly along the west side of Fifteenth Street to the northwest corner of the intersection of Pennsylvania Avenue and Fifteenth Street Northwest;

thence westerly along the southern side of Pennsylvania Avenue to the southeast corner of the

intersection of Pennsylvania Avenue and East Executive Avenue Northwest;

thence southerly along the east side of East Executive Avenue to the intersection of South Executive Place and E Street Northwest;

thence easterly along the south side of E Street to the point of beginning being the southwest corner of the intersection of Fifteenth Street and E Street Northwest.

SEC. 3. (a) There is hereby created a body corporate to be known as the Pennsylvania Avenue Development Corporation (hereinafter referred to as the "Corporation").

(b) The Corporation shall be dissolved upon completion, as determined by the Board of Directors, of its implementation of the development plan provided for in section 5 of this Act. Upon dissolution, assets remaining after all the obligations and indebtedness of the Corporation has been fulfilled and paid or satisfied shall be the assets of the United States.

1. Administration of National Park System

An Act to amend the Act approved August 18, 1970, providing for improvement in the administration of the National Park System by the Secretary of the Interior and clarifying authorities applicable to the National Park System, and for other purposes. (90 Stat. 1939) (P.L. 94-458)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 3 of the Act approved August 18, 1970 (84 Stat. 825; 16 U.S.C. 1a–1 et seq.), is amended as follows:

(1) In subsection (e), after "within an area of the national park system," insert ", as long as such activity does not jeopardize or unduly interfere with the primary natural or historic resource of the area involved,".

(2) At the end of subsection (g), change the period to a semicolon and add the following new subsections:

"(h) promulgate and enforce regulations concerning boating and other activities on or relating to waters located within areas of the National Park System, including waters subject to the jurisdiction of the United States: *Provided*, That any regulations adopted pursuant to this subsection shall be complementary to, and not in derogation of, the authority of the United States Coast Guard to regulate the use of waters subject to the jurisdiction of the United States;

"(i) provide meals and lodging, as the Secretary deems appropriate, for members of the United States Park Police and other employees of the National Park Service, as he may designate, serving temporarily on extended special duty in areas of the National Park System, and for this purpose he is authorized to use funds appropriated for the expenses of the Department of the Interior.".

SEC. 2. Such Act of August 18, 1970, is further amended by adding the following new sections:

"SEC. 5. Section 11 of the Act of May 26, 1930 (46 Stat. 383; 16 U.S.C. 17j), is amended to read as follows:

" 'SEC. 11. In the administration of the National Park System, the Secretary of the Interior is authorized, under regulations prescribed by him, to pay (a) the traveling expenses of employees, including the costs of packing, crating, and transporting (including draying) their personal property, upon permanent change of station of such employees and (b) the traveling expenses as aforesaid

of dependents of deceased employees (i) to the nearest housing reasonably available and of a standard not less than that which is vacated, and to include compensation for not to exceed sixty days rental cost thereof, in the case of an employee who occupied Government housing and the death of such employee requires that housing to be promptly vacated, and (ii) to the nearest port of entry in the conterminous forty-eight States in the case of an employee whose last permanent station was outside the conterminous forty-eight States.'.

"SEC. 6. Notwithstanding any other provision of law, the Secretary of the Interior may relinquish to a State, or to a Commonwealth, territory, or possession of the United States, part of the legislative jurisdiction of the United States over National Park System lands or interests therein in that State, Commonwealth, territory, or possession: *Provided*, That prior to consummating any such relinquishment, the Secretary shall submit the proposed agreement to the Committees on Interior and Insular Affairs of the United States Congress, and shall not finalize such agreement until sixty calendar days after such submission shall have elapsed. Relinquishment of legislative jurisdiction under this section may be accomplished (1) by filing with the Governor (or, if none exists, with the chief executive officer) of the State, Commonwealth, territory, or possession concerned a notice of relinquishment to take effect upon acceptance thereof, or (2) as the laws of the State, Commonwealth, territory, or possession may otherwise provide. The Secretary shall diligently pursue the consummation of arrangements with each State, Commonwealth, territory, or possession within which a unit of the National Park System is located to the end that insofar as practicable the United States shall exercise concurrent legislative jurisdiction within units of the National Park System.

"SEC. 7. Notwithstanding subsection 5901(a) of title 5, United States Code (80 Stat. 508), as amended, the uniform allowance for uniformed employees of the National Park Service may be up to $400 annually.

"SEC. 8. The Secretary of the Interior is directed to investigate, study, and continually monitor the welfare of areas whose resources exhibit qualities of national significance and which may have potential for inclusion in the National Park System. At the beginning of each fiscal year, the Secretary shall transmit to the Speaker of the House of Representatives and to the President of the Senate, comprehensive reports on each of those areas upon which studies have been completed. On this same date, and accompanying such reports, the Secretary shall transmit a listing, in generally descending order of importance or merit, of not less than twelve such areas which appear to be of national significance and which may have potential for inclusion in the National Park System. Threats to resource values, and cost escalation factors shall be considered in listing the order of impor-

tance or merit. Such listing may be comprised of any areas heretofore submitted under terms of this section, and which at the time of listing are not included in the National Park System. The Secretary is also directed to transmit annually to the Speaker of the House of Representatives and to the President of the Senate, at the beginning of each fiscal year, a complete and current list of all areas included on the Registry of Natural Landmarks and those areas of national significance listed on the National Register of Historic places which areas exhibit known or anticipated damage or threats to the integrity of their resources, along with notations as to the nature and severity of such damage or threats. Each report and annual listing shall be printed as a House document.

"SEC. 9. Section 3 of the Act of August 21, 1935 (49 Stat. 666, 667; 16 U.S.C. 461, 463), is amended to read as follows:

" '(b) The National Park System Advisory Board shall continue to exist until January 1, 1990. In all other respects, it shall be subject to the provisions of the Federal Advisory Committee Act.'.

"SEC. 10. (a) The arrest authority relating to the National Park Service is hereby amended in the following respects:

In the performance of such duties, the officers or employees, so designated, may—

"(d) (1) Except as otherwise provided in this subsection, a law enforcement officer of any State or political subdivision thereof designated to act as a special policeman under subsection (c) of this section shall not be deemed a Federal employee and shall not be subject to the provisions of law relating to Federal employment, including, but not limited to, those relating to hours of work, rates of compensation, leave, unemployment compensation, and Federal benefits.

SEC. 160. The purposes of this part are as follows:

"(1) to protect public health and welfare from any actual or potential adverse effect which in the Administrator's judgment may reasonably be anticipated to occur from air pollution or from exposures to pollutants in other media, which pollutants originate as emissions to the ambient air), notwithstanding attainment and maintenance of all national ambient air quality standards;

"(2) to preserve, protect, and enhance the air quality in national parks, national wilderness areas, national monuments, national seashores, and other areas of special national or regional natural, recreational, scenic, or historic value;

"(3) to insure that economic growth will occur in a manner consistent with the preservation of existing clear air resources;

"(4) to assure that emissions from any source in any State will not interfere with any portion of the applicable implementation plan to prevent significant deterioration of air quality for any other State; and

"(5) to assure that any decision to permit increased air pollution in any area to which this section applies is made only after careful evaluation of all the consequences of such a decision and after adequate procedural opportunities for informed public participation in the decisionmaking process.

SEC. 161. In accordance with the policy of section 101(b)(1), each applicable implementation plan shall contain emission limitations and such other measures as may be necessary, as determined under regulations promulgated under this part, to prevent significant deterioration of air quality in each region (or portion thereof) identified pursuant to section 107(d) (1) (D) or (E).

"INITIAL CLASSIFICATIONS

SEC. 162. (a) Upon the enactment of this part, all—

"(1) international parks,

"(2) national wilderness areas which exceed 5,000 acres in size,

"(3) national memorial parks which exceed 5,000 acres in size, and

"(4) national parks which exceed six thousand acres in size and which are in existence on the date of enactment of the Clean Air Act Amendments of 1977 shall be class I areas and may not be redesig-

nated. All areas which were redesignated as class I under regulations promulgated before such date of enactment shall be class I areas which may be redesignated as provided in this part.

"(b) All areas in such State identified pursuant to section 107(d) (1) (D) or (E) which are not established as class I under subsection (a) shall be class II areas unless redesignated under section 164.

SEC. 163. (a) In the case of sulfur oxide and particulate matter, each applicable implementation plan shall contain measures assuring that maximum allowable increases over baseline concentrations of, and maximum allowable concentrations of, such pollutant shall not be exceeded. In the case of any maximum allowable increase (except an allowable increase specified under 165 (d) (2) (C) (iv) for a pollutant based on concentrations permitted under national ambient air quality standards for any period other than an annual period, such regulations shall permit such maximum allowable increase to be exceeded during one such period per year.

"(b) (1) For any class I area, the maximum allowable increase in concentrations of sulfur dioxide and particulate matter over the baseline concentration of such pollutants shall not exceed the following amounts:

"Pollutant	Maximum allowable increase (in micrograms per cubic meter)
Particulate matter:	
Annual geometric mean	5
Twenty-four-hour maximum	10
Sulfur dioxide:	
Annual arithmetic mean	2
Twenty-four-hour maximum	5
Three-hour maximum	25

"(2) For any class II area, the maximum allowable increase in concentrations of sulfur dioxide and particulate matter over the baseline concentration of such pollutants shall not exceed the following amounts:

"Pollutant	Maximum allowable increase (in micrograms per cubic meter)
Particulate matter:	
Annual geometric mean	19
Twenty-four-hour maximum	37
Sulfur dioxide:	
Annual arithmetic mean	20
Twenty-four-hour maximum	91
Three-hour maximum	512

"(3) For any class III area, the maximum allowable increase in concentrations of sulfur dioxide and particulate matter over the baseline concentration of such pollutants shall not exceed the following amounts:

"Pollutant	Maximum allowable increase (in micrograms per cubic meter)
Particulate matter:	
Annual geometric mean	37
Twenty-four-hour maximum	75
Sulfur dioxide:	
Annual arithmetic mean	40
Twenty-four-hour maximum	182
Three-hour maximum	700

"(4) The maximum allowable concentration of any air pollutant in any area to which this part applies shall not exceed a concentration for such pollutant for each period of exposure equal to—

"(A) the concentration permitted under the national secondary ambient air quality standard, or

"(B) the concentration permitted under the national primary ambient air quality standard,

whichever concentration is lowest for such pollutant for such period of exposure.

"(c) (1) In the case of any State which has a plan approved by the Administrator for purposes of carrying out this part, the Governor of such State may, after notice and opportunity for public hearing, issue orders or promulgate rules providing that for purposes of determining compliance with the maximum allowable increases in ambient concentrations of an air pollutant, the following concentrations of such pollutant shall not be taken into account:

"(A) concentrations of such pollutant attributable to the increase in emissions from stationary sources which have converted from the use of petroleum products, or natural gas, or both, by reason of an order which is in effect under the provisions of sections 2 (a) and (b) of the Energy Supply and Environmental Coordination Act of 1974 (or any subsequent legislation which supersedes such provisions) over the emissions from such sources before the effective date of such order.

"(B) the concentrations of such pollutant attributable to the increase in emissions from stationary sources which have converted from using natural gas by reason of a natural gas curtailment pursuant to a natural gas curtailment plan in effect pursuant to the Federal Power Act over the emissions from such sources before the effective date of such plan,

"(C) concentrations of particulate matter attributable to the increase in emissions from construction or other temporary emission-related activities, and

"(D) the increase in concentrations attributable to new sources outside the United States over the concentrations attributable to existing sources which are included in the baseline concentration determined in accordance with section 169(4).

"(2) No action taken with respect to a source under paragraph (1) (A) or (1) (B) shall apply more than five years after the effective date of the order referred to in paragraph (1) (A) or the plan referred to in paragraph (1) (B), whichever is applicable. If both such order and plan are applicable, no such action shall apply more than five years after the later of such effective dates.

"(3) No action under this subsection shall take effect unless the Governor submits the order or rule providing for such exclusion to the Administrator and the Admin-

SEC. 164. (a) Except as otherwise provided under subsection (c), a State may redesignate such areas as it deems appropriate as class I areas. The following areas may be redesignated only as class I or II:

"(1) an area which exceeds ten thousand acres in size and is a national monument, a national primitive area, a national preserve, a national recreation area, a national wild and scenic river, a national wildlife refuge, a national lakeshore or seashore, and

"(2) a national park or national wilderness area established after the date of enactment of this Act which exceeds ten thousand acres in size.

Any area (other than an area referred to in paragraph (1) or (2) or an area established as class I under the first sentence of section 162(a)) may be redesignated by the State as class III if—

"(A) such redesignation has been specifically approved by the Governor of the State, after consultation with the appropriate Committees of the legislature if it is in session or with the leadership of the legislature if it is not in session (unless State law provides that such redesignation must be specifically approved by State legislation) and if general purpose units of local government representing a majority of the residents of the area so redesignated enact legislation (including for such units of local government resolutions where appropriate) concurring in the State's redesignation;

"(B) such redesignation will not cause, or contribute to, concentrations of any air pollutant which exceed any maximum allowable increase or maximum allowable concentration permitted under the classification of any other area; and

"(C) such redesignation otherwise meets the requirements of this part.

Subparagraph (A) of this paragraph shall not apply to area redesignations by Indian tribes.

"(b) (1) (A) Prior to redesignation of any area under this part, notice shall be afforded and public hearings shall be conducted in areas proposed to be redesignated and in areas which may be affected by the proposed redesignation. Prior to any such public hearing a satisfactory description and analysis of the health, environmental, economic, social, and energy effects of the proposed redesignation shall be prepared and made available for public inspection and prior to any such redesignation, the description and analysis of such effects shall be reviewed and examined by the redesignating authorities.

"(B) Prior to the issuance of notice under subparagraph (A) respecting the redesignation of any area under

this subsection, if such area includes any Federal lands, the State shall provide written notice to the appropriate Federal land manager and afford adequate opportunity (but not in excess of 60 days) to confer with the State respecting the intended notice of redesignation and to submit written comments and recommendations with respect to such intended notice of redesignation. In redesignating any area under this section with respect to which any Federal land manager has submitted written comments and recommendations, the State shall publish a list of any inconsistency between such redesignation and such recommendations and an explanation of such inconsistency (together with the reasons for making such redesignation against the recommendation of the Federal land manager).

"(C) The Administrator shall promulgate regulations not later than six months after date of enactment of this part, to assure, insofar as practicable, that prior to any public hearing on redesignation of any area, there shall be available for public inspection any specific plans for any new or modified major emitting facility which may be permitted to be constructed and operated only if the area in question is designated or redesignated as class III.

"(2) The Administrator may disapprove the redesignation of any area only if he finds, after notice and opportunity for public hearing, that such redesignation does not meet the procedural requirements of this section. If any such disapproval occurs, the classification of the area shall be that which was in effect prior to the redesignation which was disapproved.

"(c) Lands within the exterior boundaries of reservations of federally recognized Indian tribes may be redesignated only by the appropriate Indian governing body. Such Indian governing body shall be subject in all respect to the provisions of subsection (e).

"(d) The Federal Land Manager shall review all national monuments, primitive areas, and national preserves, and shall recommend any appropriate areas for redesignation as class I where air quality related values are important attributes of the area. The Federal Land Manager shall report such recommendations, within supporting analysis, to the Congress and the affected States within one year after enactment of this section. The Federal Land Manager shall consult with the appropriate States before making such recommendations.

"(e) If any State affected by the redesignation of area by an Indian tribe or any Indian tribe affected by the redesignation of an area by a State disagrees with such redesignation of any area, or if a permit is proposed to be issued for any new major emitting facility proposed for construction in any State which the Governor of an affected State or governing body of an affected Indian tribe determines will cause or contribute to a cumulative change in air quality in excess of that allowed in this

part within the affected State or tribal reservation, the Governor or Indian ruling body may request the Administrator to enter into negotiations with the parties involved to resolve such dispute. If requested by any State or Indian tribe involved, the Administrator shall make a recommendation to resolve the dispute and protect the air quality related values of the lands involved. If the parties involved do not reach agreement, the Administrator shall resolve the dispute and his determination, or the results of agreements reached through other means, shall become part of the applicable plan and shall be enforceable as part of such plan. In resolving such disputes relating to area redesignation, the Administrator shall consider the extent to which the lands involved are of sufficient size to allow effective air quality management or have air quality related values of such an area.

SEC. 165. (a) No major emitting facility on which construction is commenced after the date of the enactment of this part, may be constructed in any area to which this part applies unless—

"(1) a permit has been issued for such proposed facility in accordance with this part setting forth emission limitations for such facility which conform to the requirements of this part:

"(2) the proposed permit has been subject to a review in accordance with this section, the required analysis has been conducted in accordance with regulations promulgated by the Administrator, and a public hearing has been held with opportunity for interested persons including representatives of the Administrator to appear and submit written or oral presentations on the air quality impact of such source, alternatives thereto, control technology requirements, and other appropriate considerations;

"(3) the owner or operator of such facility demonstrates that emissions from construction or operation of such facility will not cause, or contribute to, air pollution in excess of any (A) maximum allowable increase or maximum allowable concentration for any pollutant in any area to which this part applies more than one time per year, (B) national ambient air quality standard in any air quality control region, or (C) any other applicable emission standard or standard of performance under this Act;

"(4) the proposed facility is subject to the best available control technology for each pollutant subject to regulation under this Act emitted from, or which results from, such facility;

"(5) the provisions of subsection (d) with respect to protection of class I areas have been complied with for such facility;

"(6) there has been an analysis of any air quality impacts projected for the area as a result of growth associated with such facility;

"(7) the person who owns or operates, or proposes to own or operate, a major emitting facility for which a permit is required under this part agrees to conduct such monitoring as may be necessary to determine the effect which emissions from any such facility may have, or is having, on air quality in any area which may be affected by emissions from such source; and

"(8) in the case of a source which proposes to construct in a class III area, emissions from which would cause or contribute to exceeding the maximum allowable increments applicable in a class II area and where no standard under section 111 of this Act has been promulgated subsequent to enactment of the Clean Air Act Amendments of 1977, for such source category, the Administrator has approved the determination of best available technology as set forth in the permit.

"(b) The demonstration pertaining to maximum allowable increases required under subsection (a) (3) shall not apply to maximum allowable increases for class II areas in the case of an expansion or modification of a major emitting facility which is in existence on the date of enactment of the Clean Air Act Amendments of 1977, whose actual allowable emissions of air pollutants, after compliance with subsection (a) (4), will be less than fifty tons per year and for which the owner or operator of such facility demonstrates that emissions of particulate matter and sulfur oxides will not contribute to ambient air quality levels in excess of the national secondary ambient air quality standard for either of such pollutants.

"(c) Any completed permit application under section 110 for a major emitting facility in any area to which this part applies shall be granted or denied not later than one year after the date of filing of such completed application.

"(d) (1) Each State shall transmit to the Administrator a copy of each permit application relating to a major emitting facility received by such State and provide notice to the Administrator of every action related to the consideration of such permit.

"(2) (A) The Administrator shall provide notice of the permit application to the Federal Land Manager and the Federal official charged with direct responsibility for management of any lands within a class I area which may be affected by emissions from the proposed facility.

"(B) The Federal Land Manager and the Federal official charged with direct responsibility for management of such lands shall have an affirmative responsibility to protect the air quality related values (including visibility) of any such lands within a class I area and to consider, in consultation with the Administrator, whether a proposed major emitting facility will have an adverse impact on such values.

"(C) (i) In any case where the Federal official charged with direct responsibility for management of any lands within a class I area or the Federal Land Manager of such lands, or the Administrator, or the Governor of an adjacent State containing such a class I area files a notice alleging that emissions from a proposed major emitting facility may cause or contribute to a change in the air quality in such area and identifying the potential adverse impact of such change, a permit shall not be issued unless the owner or operator of such facility demonstrates that emissions of particulate matter and sulfur dioxide will not cause or contribute to concentrations which exceed the maximum allowable increases for a class I area.

"(ii) In any case where the Federal Land Manager demonstrates to the satisfaction of the State that the emissions from such facility will have an adverse impact on the air quality-related values (including visibility) of such lands, notwithstanding the fact that the change in air quality resulting from emissions from such facility will not cause or contribute to concentrations which exceed the maximum allowable increases for a class I area, a permit shall not be issued.

"(iii) In any case where the owner or operator of such facility demonstrates to the satisfaction of the Federal Land Manager, and the Federal Land Manager so certifies, that the emissions from such facility will have no adverse impact on the air quality related values of such lands (including visibility), notwithstanding the fact that the change in air quality resulting from emissions from such facility will cause or contribute to concentrations, which exceed the maximum allowable increases for class I areas, the State may issue a permit.

"(iv) In the case of a permit issued pursuant to clause (iii), such facility shall comply with such emission limitations under such permit as may be necessary to assure that emissions of sulfur oxides and particulates from such sources together with all other sources, will not exceed the following maximum allowable increases over the baseline concentration for such pollutants:

"Pollutant	Maximum allowable increase (in micrograms per cubic meter)
Particulate matter:	
Annual geometric mean	19
Twenty-four-hour maximum	37
Sulfur dioxide:	
Annual arithmetic mean	20
Twenty-four-hour maximum	91
Three-hour maximum	325

"(D) (i) In any case where the owner or operator of a proposed major emitting facility who has been denied a certification under subparagraph (C) (iii) demonstrates to the satisfaction of the Governor, after notice and public hearing, and the Governor finds, that the facility cannot be constructed by reason of any maximum allowable in-

crease for sulfur dioxide for periods of twenty-four hours or less applicable to any class I area and, in the case of Federal mandatory class I areas, that a variance under this clause will not adversely affect the air quality related values of the area (including visibility), the Governor, after consideration of the Federal Land Manager's recommendation (if any) and subject to his concurrence, may grant a variance from such maximum allowable increase. If such variance is granted, a permit may be issued to such source pursuant to the requirements of this subparagraph.

"(ii) In any case in which the Governor recommends a variance under this subparagraph in which the Federal Land Manager does not concur, the recommendations of the Governor and the Federal Land Manager shall be transmitted to the President. The President may approve the Governor's recommendation if he finds that such variance is in the national interest. No Presidential finding shall be reviewable in any court. The variance shall take effect if the President approves the Governor's recommendations. The President shall approve or disapprove such recommendation within ninety days after his receipt of the recommendations of the Governor and the Federal Land Manager.

"(iii) In the case of a permit issued pursuant to this subparagraph, such facility shall comply with such emission limitations under such permit as may be necessary to assure that emissions of sulfur oxides from such source, together with all other sources, will exceed the otherwise applicable maximum allowable increases for a period of exposure of twenty-four hours or less on not more than eighteen days during any annual period and that during such day such emissions will not exceed the following maximum allowable increases over the baseline concentration for such pollutant:

MAXIMUM ALLOWABLE INCREASE
(in micrograms per cubic meter)

Period of exposure	Low terrain areas	High terrain areas
24-hr maximum	36	62
3-hr maximum	130	221

"(e) (1) The review provided for in subsection (a) shall be preceded by an analysis in accordance with regulations of the Administrator, promulgated under this subsection, which may be conducted by the State (or any general purpose unit of local government) or by the major emitting facility applying for such permit, of the ambient air quality at the proposed site and in areas which may be affected by emissions from such facility for each pollutant subject to regulation under this Act which will be emitted from such facility.

"(2) Effective one year after date of enactment of this part, the analysis required by this subsection shall include continuous air quality monitoring data gathered for purposes of determining whether emissions from such facility will exceed the maximum allowable increases or the maximum allowable concentration permitted under this part. Such data shall be gathered over a period of one calendar year preceding the date of application for a permit under this part unless the State, in accordance with regulations promulgated by the Administrator, determines that a complete and adequate analysis for such purposes may be accomplished in a shorter period. The results of such analysis shall be available at the time of the public hearing on the application for such permit.

"(3) The Administrator shall within six months after the date of enactment of this part promulgate regulations respecting the analysis required under this subsection which regulations—

"(A) shall not require the use of any automatic or uniform buffer zone or zones,

"(B) shall require an analysis of the ambient air quality, climate and meteorology, terrain, soils and vegetation, and visibility at the site of the proposed major emitting facility and in the area potentially affected by the emissions from such facility for each pollutant regulated under this Act which will be emitted from, or which results from the construction or operation of, such facility, the size and nature of the proposed facility, the degree of continuous emission reduction which could be achieved by such facility, and such other factors as may be relevant in determining the effect of emissions from a proposed facility on any air quality control region,

"(C) shall require the results of such analysis shall be available at the time of the public hearing on the application for such permit, and

"(D) shall specify with reasonable particularity each air quality model or models to be used under specified sets of conditions for purposes of this part.

Any model or models designated under such regulations may be adjusted upon a determination, after notice and opportunity for public hearing, by the Administrator that such adjustment is necessary to take into account unique terrain or meteorological characteristics of an area potentially affected by emissions from a source applying for a permit required under this part.

SEC. 166. (a) In the case of the pollutants hydrocarbons, carbon monoxide, photochemical oxidants, and nitrogen oxides, the Administrator shall conduct a study and not later than two years after the date of enactment of this part, promulgate regulations to prevent the significant deterioration of air quality which would result from the emissions of such pollutants. In the case of pollutants for which national ambient air quality stand-

ards are promulgated after the date of the enactment of this part, he shall promulgate such regulations not more than 2 years after the date of promulgation of such standards.

"(b) Regulations referred to in subsection (a) shall become effective one year after the date of promulgation. Within 21 months after such date of promulgation such plan revision shall be submitted to the Administrator who shall approve or disapprove the plan within 25 months after such date or promulgation in the same manner as required under section 110.

"(c) Such regulations shall provide specific numerical measures against which permit applications may be evaluated, a framework for stimulating improved control technology, protection of air quality values, and fulfill the goals and purposes set forth in section 101 and section 160.

"(d) The regulations of the Administrator under subsection (a) shall provide specific measures at least as effective as the increments established in section 163 to fulfill such goals and purposes, and may contain air quality increments, emission density requirements, or other measures.

"(e) With respect to any air pollutant for which a national ambient air quality standard is established other than sulfur oxides or particulate matter, an area classification plan shall not be required under this section if the implementation plan adopted by the State and submitted for the Administrator's approval or promulgated by the Administrator under section 110(c) contains other provisions which when considered as a whole, the Administrator finds will carry out the purposes in section 160 at least as effectively as an area classification plan for such pollutant. Such other provisions referred to in the preceding sentence need not require the establishment of maximum allowable increases with respect to such pollutant for any area to which this section applies.

SEC. 167. The Administrator shall, and a State may, take such measures, including issuance of an order, or seeking injunctive relief, as necessary to prevent the construction of a major emitting facility which does not conform to the requirements of this part, or which is proposed to be constructed in any area included in the list promulgated pursuant to paragraph (1) (D) or (E) of subsection (d) of section 107 of this Act and which is not subject to an implementation plan which meets the requirements of this part.

SEC. 168. (a) Until such time as an applicable implementation plan is in effect for any area, which plan meets the requirements of this part to prevent significant deterioration of air quality with respect to any air pollutant, applicable regulations under this Act prior to enactment of this part shall remain in effect to prevent significant deterioration of air quality in any such area

for any such pollutant except as otherwise provided in subsection (b).

"(b) If any regulation in effect prior to enactment of this part to prevent significant deterioration of air quality would be inconsistent with the requirements of section 162(a), section 163(b) or section 164(a), then such regulations shall be deemed amended so as to conform with such requirements. In the case of a facility on which construction was commenced in accordance with this definition after June 1, 1975, and prior to the enactment of the Clean Air Act Amendments of 1977, the review and permitting of such facility shall be in accordance with the regulations for the prevention of significant deterioration in effect prior to the enactment of the Clean Air Act Amendments of 1977.

SEC. 169. For purposes of this part—

"(1) The term 'major emitting facility' means any of the following stationary sources of air pollutants which emit, or have the potential to emit, one hundred tons per year or more of any air pollutant from the following types of stationary sources: fossil-fuel fired steam electric plants of more than two hundred and fifty million British thermal units per hour heat input, coal cleaning plants (thermal dryers), kraft pulp mills, Portland Cement plants, primary zinc smelters, iron and steel mill plants, primary aluminum ore reduction plants, primary copper smelters, municipal incinerators capable of charging more than two hundred and fifty tons of refuse per day, hydrofluoric, sulfuric, and nitric acid plants, petroleum refineries, lime plants, phosphate rock processing plants, coke oven batteries, sulfur recovery plants, carbon black plants (furnace process), primary lead smelters, fuel conversion plants, sintering plants, secondary metal production facilities, chemical process plants, fossil-fuel boilers of more than two hundred and fifty million British thermal units per hour heat input, petroleum storage and transfer facilities with a capacity exceeding three hundred thousand barrels, taconite ore processing facilities, glass fiber processing plants, charcoal production facilities. Such term also includes any other source with the potential to emit two hundred and fifty tons per year or more of any air pollutant. This term shall not include new or modified facilities which are nonprofit health or education institutions which have been exempted by the State.

"(2) (A) The term 'commenced' as applied to construction of a major emitting facility means that the owner or operator has obtained all necessary preconstruction approvals or permits required by Federal, State, or local air pollution emissions and air quality laws or regulations and either has (i) begun,

or caused to begin, a continuous program of physical on-site construction of the facility or (ii) entered into binding agreements or contractual obligations, which cannot be canceled or modified without substantial loss to the owner or operator, to undertake a program of construction of the facility to be completed within a reasonable time.

"(B) The term 'necessary preconstruction approvals or permits' means those permits or approvals, required by the permitting authority as a precondition to undertaking any activity under clauses (i) or (ii) of subparagraph (A) of this paragraph.

"(3) The term 'best available control technology' means an emission limitation based on the maximum degree of reduction of each pollutant subject to regulation under this Act emitted from or which results from any major emitting facility, which the permitting authority, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, determines is achievable for such facility through application of production processes and available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of each such pollutant. In no event shall application of 'best available control technology' result in emissions of any pollutants which will exceed the emissions allowed by any applicable standard established pursuant to section 111 or 112 of this Act.

"(4) The term 'baseline concentration' means, with respect to a pollutant, the ambient concentration levels which exist at the time of the first application for a permit in an area subject to this part, based on air quality data available in the Environmental Protection Agency or a State air pollution control agency and on such monitoring data as the permit applicant is required to submit. Such ambient concentration levels shall take into account all projected emissions in, or which may affect, such area from any major emitting facility on which construction commenced prior to January 6, 1975, but which has not begun operation by the date of the baseline air quality concentration determination. Emissions of sulfur oxides and particulate matter from any major emitting facility on which construction commenced after January 6, 1975, shall not be included in the baseline and shall be counted against the maximum allowable increases in pollutant concentrations established under this part.".

(b) Within one year from the date of enactment of this Act the Administrator shall report to the Congress on the consequences of that portion of the definition of "major emitting facility" under the amendment made by subsection (a) which applies to facilities with the poten-

tial to emit two hundred and fifty tons per year or more. Such study shall examine the type of facilities covered, the air quality benefits of including such facilities, and the administrative aspect of regulating such facilities.

(c) Not later than one year after the date of enactment of this Act, the Administrator shall publish a guidance document to assist the States in carrying out their functions under part C of title I of the Clean Air Act (relating to prevention of significant deterioration of air quality) with respect to pollutants, other than sulfur oxides and particulates, for which national ambient air quality standards are promulgated. Such guidance document shall include recommended strategies for controlling photochemical oxidants on a regional or multistate basis for the purpose of implementing part C and section 110 of such Act.

(d) Not later than two years after the date of enactment of this Act, the Administrator shall complete a study and report to the Congress on the progress made in carrying out part C of title I of the Clean Air Act (relating to significant deterioration of air quality) and the problems associated with carrying out such section, including recommendations for legislative changes necessary to implement strategies for controlling photochemical oxidants on a regional or multistate basis.

SEC. 128. (a) Part C of title I of the Clean Air Act, is amended by adding the following new section after section 168:

SEC. 169A. (a) (1) Congress hereby declares as a national goal the prevention of any future, and the remedying of any existing, impairment of visibility in mandatory class I Federal areas which impairment results from manmade air pollution.

"(2) Not later than six months after the date of the enactment of this section, the Secretary of the Interior in consultation with other Federal land managers shall review all mandatory class I Federal areas and identify those where visibility is an important value of the area. From time to time the Secretary of the Interior may revise such identifications. Not later than one year after such date of enactment, the Administrator shall, after consultation with the Secretary of the Interior, promulgate a list of mandatory class I Federal areas in which he determines visibility is an important value.

"(3) Not later than eighteen months after the date of enactment of this section, the Administrator shall complete a study and report to Congress on available methods for implementing the national goal set forth in paragraph (1). Such report shall include recommendations for—

"(A) methods for identifying, characterizing, determining, quantifying, and measuring visibility impairment in Federal areas referred to in paragraph (1), and

"(B) modeling techniques (or other methods) for determining the extent to which manmade air pollution may reasonably be anticipated to cause or contribute to such impairment, and

"(C) methods for preventing and remedying such manmade air pollution and resulting visibility impairment.

Such report shall also identify the classes or categories of sources and the types of air pollutants which, alone or in conjunction with other sources or pollutants, may reasonably be anticipated to cause or contribute significantly to impairment of visibility.

"(4) Not later than twenty-four months after the date of enactment of this section, and after notice and public hearing, the Administrator shall promulgate regulations to assure (A) reasonable progress toward meeting the national goal specified in paragraph (1), and (B) compliance with the requirements of this section.

"(b) Regulations under subsection (a) (4 shall—

"(1) provide guidelines to the States, taking into account the recommendations under subsection (a) (3) on appropriate techniques and methods for implementing this section (as provided in subparagraphs (A) through (C) of such subsection (a) (3)), and

"(2) require each applicable implementation plan for a State in which any area listed by the Administrator under subsection (a) (2) is located (or for a State the emissions from which may reasonably be anticipated to cause or contribute to any impairment of visibility in any such area) to contain such emission limits, schedules of compliance and other measures as may be necessary to make reasonable progress toward meeting the national goal specified in subsection (a), including—

"(A) except as otherwise provided pursuant to subsection (c), a requirement that each major stationary source which is in existence on the date of enactment of this section, but which has not been in operation for more than fifteen years as of such date, and which, as determined by the State (or the Administrator in the case of a plan promulgated under section 110(c)) emits any air pollutant which may reasonably be anticipated to cause or contribute to any impairment of visibility in any such area, shall procure, install, and operate, as expeditiously as practicable (and maintain thereafter) the best available retrofit technology, as determined by the State (or the Administrator in the case of a plan promulgated under section 110(c)) for controlling emissions from such source for the purpose of eliminating or reducing any such impairment, and

"(B) a long-term (ten to fifteen years) strategy for making reasonable progress toward meeting the national goal specified in subsection (a).

In the case of a fossil-fuel fired generating powerplant

having a total generating capacity in excess of 750 megawatts, the emission limitations required under this paragraph shall be determined pursuant to guidelines, promulgated by the Administrator under paragraph (1).

"(c) (1) The Administrator may, by rule, after notice and opportunity for public hearing, exempt any major stationary source from the requirement of subsection (b) (2) (A), upon his determination that such source does not or will not, by itself or in combination with other sources, emit any air pollutant which may reasonably be anticipated to cause or contribute to a significant impairment of visibility in any mandatory class I Federal area.

"(2) Paragraph (1) of this subsection shall not be applicable to any fossil-fuel fired powerplant with total design capacity of 750 megawatts or more, unless the owner or operator of any such plant demonstrates to the satisfaction of the Administrator that such powerplant is located at such distance from all areas listed by the Administrator under subsection (a) (2) that such powerplant does not or will not, by itself or in combination with other sources, emit any air pollutant which may reasonably be anticipated to cause or contribute to significant impairment of visibility in any such area.

"(3) An exemption under this subsection shall be effective only upon concurrence by the appropriate Federal land manager or managers with the Administrator's determination under this subsection.

"(d) Before holding the public hearing on the proposed revision of an applicable implementation plan to meet the requirements of this section, the State (or the Administrator, in the case of a plan promulgated under section 110(c)) shall consult in person with the appropriate Federal land manager or managers and shall include a summary of the conclusions and recommendations of the Federal land managers in the notice to the public.

"(e) In promulgating regulations under this section, the Administrator shall not require the use of any automatic or uniform buffer zone or zones.

"(f) For purposes of section 304(a) (2), the meeting of the national goal specified in subsection (a) (1) by any specific date or dates shall not be considered a 'nondiscretionary duty' of the Administrator.

"(g) For the purpose of this section—

"(1) in determining reasonable progress there shall be taken into consideration the costs of compliance, the time necessary for compliance, and the energy and nonair quality environmental impacts of compliance, and the remaining useful life of any existing source subject to such requirements;

"(2) in determining best available retrofit technology the State (or the Administrator in determining emission limitations which reflect such technology) shall take into consideration the costs of compliance, the energy and nonair quality envi-

ronmental impacts of compliance, any existing pollution control technology in use at the source, the remaining useful life of the source, and the degree of improvement in visibility which may reasonably be anticipated to result from the use of such technology;

"(3) the term 'manmade air pollution' means air pollution which results directly or indirectly from human activities;

"(4) the term 'as expeditiously as practicable means as expeditiously as practicable but in no event later than five years after the date of approval of a plan revision under this section (or the date of promulgation of such a plan revision in the case of action by the Administrator under section 110(c) for purposes of this section);

"(5) the term 'mandatory class I Federal areas' means Federal areas which may not be designated as other than class I under this part;

"(6) the terms 'visibility impairment' and 'impairment of visibility' shall include reduction in visual range and atmospheric discoloration; and

"(7) the term 'major stationary source' means the following types of stationary sources with the potential to emit 250 tons or more of any pollutant: fossil-fuel fired steam electric plants of more than 250 million British thermal units per hour heat input, coal cleaning plants (thermal dryers), kraft pulp mills, Portland Cement plants, primary zinc smelters, iron and steel mill plants, primary aluminum ore reduction plants, primary copper smelters, municipal incinerators capable of charging more than 250 tons of refuse per day, hydrofluoric, sulfuric, and nitric acid plants, petroleum refineries, lime plants, phosphate rock processing plants, coke oven batteries, sulfur recovery plants, carbon black plants (furnace process), primary lead smelters, fuel conversion plants, sintering plants, secondary metal production facilities, chemical process plants, fossil-fuel boilers of more than 250 million British thermal units per hour heat input, petroleum storage and transfer facilities with a capacity exceeding 300,000 barrels, taconite ore processing facilities, glass fiber processing plants, charcoal production facilities.".

SEC. 101. The Land and Water Conservation Fund Act of 1965 (78 Stat. 987), as amended (16 U.S.C. 4601–4 et seq.), is further amended as follows:

(1) Amend section 2 to read as follows:

"SEC. "2. SEPARATE FUND.—During the period ending September 30, 1989, there shall be covered into the land and water conservation fund in the Treasury of the United States, which fund is hereby established and is hereinafter referred to as the 'fund', the following revenues and collections:

"(a) SURPLUS PROPERTY SALES.—All proceeds (except so much thereof as may be otherwise obligated, credited, or paid under authority of those provisions of law set forth in section 485(b) (e), title 40, United States Code, or the Independent Offices Appropriation Act, 1963 (76 Stat. 725) or in any later appropriation Act) hereafter received from any disposal of surplus real property and related personal property under the Federal Property and Administrative Services Act of 1949, as amended, notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury. Nothing in this Act shall affect existing laws or regulations concerning disposal of real or personal surplus property to schools, hospitals, and States and their political subdivisions.

"(b) MOTORBOAT FUELS TAX.—The amounts provided for in section 201 of this Act.

"(c) (1) OTHER REVENUES.—In addition to the sum of the revenues and collections estimated by the Secretary of the Interior to be covered into the fund pursuant to this section, as amended, there are authorized to be appropriated annually to the fund out of any money in the Treasury not otherwise appropriated such amounts as are necessary to make the income of the fund not less than $300,000,000 for fiscal year 1977, $600,000,000 for fiscal year 1978, $750,000,000 for fiscal year 1979, and $900,000,000 for fiscal year 1980 and for each fiscal year thereafter through September 30, 1989.

"(2) To the extent that any such sums so appropriated are not sufficient to make the total annual income of the fund equivalent to the amounts provided in clause (1), an amount sufficient to cover the remainder thereof shall be credited to the fund from revenues due and payable to the United States for deposit in the Treasury as miscellaneous receipts under the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1331 et seq.): *Provided*, That notwithstanding the provisions of section 3 of this Act, moneys covered into the fund under this paragraph shall remain in the fund until appropriated by the Congress to carry out the purpose of this Act."

(2) Amend section 5 to read as follows:

"ALLOCATION OF LAND AND WATER CONSERVATION FUND FOR STATE AND FEDERAL PURPOSES

"SEC. 5. ALLOCATION.—There shall be submitted with the annual budget of the United States a comprehensive statement of estimated requirements during the ensuing fiscal year for appropriations from the fund. Not less than 40 per centum of such appropriations shall be available for Federal purposes.".

(3) Amend section 6 to read as follows:

"FINANCIAL ASSISTANCE TO STATES

"SEC. 6. GENERAL AUTHORITY; PURPOSES.—(a) The Secretary of the Interior (hereinafter referred to as the 'Secretary') is authorized to provide financial assistance to the States from moneys available for State purposes. Payments may be made to the States by the Secretary as hereafter provided, subject to such terms and conditions as he considers appropriate and in the public interest to carry out the purposes of this Act, for outdoor recreation: (1) planning, (2) acquisition of land, waters, or interests in land or waters, or (3) development.

"(b) APPORTIONMENT AMONG STATES; NOTIFICATION.—Sums appropriated and available for State purposes for each fiscal year shall be apportioned among the several States by the Secretary, whose determination shall be final, in accordance with the following formula:

"(1) Forty per centum of the first $225,000,000; thirty per centum of the next $275,000,000; and twenty per centum of all additional appropriations shall be apportioned equally among the several States; and

"(2) At any time, the remaining appropriation shall be apportioned on the basis of need to individual States by the Secretary in such amounts as in his judgment will best accomplish the purposes of this Act. The determination of need shall include among other things a consideration of the proportion which the population of each State bears to the total population of the United States and of the use of outdoor recreation resources of individual States by persons from outside the State as well as a consideration of the Federal resources and programs in the particular States.

"(3) The total allocation to an individual State under paragraphs (1) and (2) of this subsection shall not exceed 10 per centum of the total amount allocated to the several States in any one year.

"(4) The Secretary shall notify each State of its apportionments; and the amounts thereof shall be available thereafter for payment to such State for planning, acquisition, or development projects as

hereafter prescribed. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which such notification is given and for two fiscal years thereafter shall be reapportioned by the Secretary in accordance with paragraph (2) of this subsection, without regard to the 10 per centum limitation to an individual State specified in this subsection.

"(5) For the purposes of paragraph (1) of this subsection, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands (when such islands achieve Commonwealth status) shall be treated collectively as one State, and shall receive shares of such apportionment in proportion to their populations. The above listed areas shall be treated as States for all other purposes of this title.

"(c) MATCHING REQUIREMENTS.—Payments to any State shall cover not more than 50 per centum of the cost of planning, acquisition, or development projects that are undertaken by the State. The remaining share of the cost shall be borne by the State in a manner and with such funds or services as shall be satisfactory to the Secretary. No payment may be made to any State for or on account of any cost or obligation incurred or any service rendered prior to the date of approval of this Act.

"(d) COMPREHENSIVE STATE PLAN REQUIRED; PLANNING PROJECTS.—A comprehensive statewide outdoor recreation plan shall be required prior to the consideration by the Secretary of financial assistance for acquisition or development projects. The plan shall be adequate if, in the judgment of the Secretary, it encompasses and will promote the purposes of this Act: *Provided*, That no plan shall be approved unless the Governor of the respective State certifies that ample opportunity for public participation in plan development and revision has been accorded. The Secretary shall develop, in consultation with others, criteria for public participation, which criteria shall constitute the basis for the certification by the Governor. The plan shall contain—

"(1) the name of the State agency that will have authority to represent and act for the State in dealing with the Secretary for purposes of this Act;

"(2) an evaluation of the demand for and supply of outdoor recreation resources and facilities in the State;

"(3) a program for the implementation of the plan; and

"(4) other necessary information, as may be determined by the Secretary.

The plan shall take into account relevant Federal resources and programs and shall be correlated so far as practicable with other State, regional, and local plans. Where there exists or is in preparation for any particular

State a comprehensive plan financed in part with funds supplied by the Housing and Home Finance Agency, any statewide outdoor recreation plan prepared for purposes of this Act shall be based upon the same population, growth, and other pertinent factors as are used in formulating the Housing and Home Finance Agency financed plans.

"The Secretary may provide financial assistance to any State for projects for the preparation of a comprehensive statewide outdoor recreation plan when such plan is not otherwise available or for the maintenance of such plan.

"(e) PROJECTS FOR LAND AND WATER ACQUISITION; DEVELOPMENT.—In addition to assistance for planning projects, the Secretary may provide financial assistance for planning projects, the Secretary may provide financial assistance to any State for the following types of projects or combinations thereof if they are in accordance with the State comprehensive plan:

"(1) ACQUISITION OF LAND AND WATERS.—For the acquisition of land, waters, or interests in land or waters (other than land, waters, or interests in land or waters acquired from the United States for less than fair market value), but not including incidental costs relating to acquisition.

"Whenever a State provides that the owner of a single-family residence may, at his option, elect to retain a right of use and occupancy for not less than six months from the date of acquisition of such residence and such owner elects to retain such a right, such owner shall be deemed to have waived any benefits under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894) and for the purposes of those sections such owner shall not be considered a displaced person as defined in section 101(6) of that Act.

"(2) DEVELOPMENT.—For development of basic outdoor recreation facilities to serve the general public, including the development of Federal lands under lease to States for terms of twenty-five years or more: *Provided*, That no assistance shall be available under this Act to enclose or shelter facilities normally used for outdoor recreation activities, but the Secretary may permit local funding, and after the date of enactment of this proviso not to exceed 10 per centum of the total amount allocated to a State in any one year to be used for sheltered facilities for swimming pools and ice skating rinks in areas where the Secretary determines that the severity of climatic conditions and the increased public use thereby made possible justifies the construction of such facilities.

"(f) REQUIREMENTS FOR PROJECT APPROVAL; CONDITION.—(1) Payments may be made to States by the Secretary

only for those planning, acquisition, or development projects that are approved by him. No payment may be made by the Secretary for or on account of any project with respect to which financial assistance has been given or promised under any other Federal program or activity, and no financial assistance may be given under any other Federal program or activity for or on account of any project with respect to which such assistance has been given or promised under this Act. The Secretary may make payments from time to time in keeping with the rate of progress toward the satisfactory completion of individual projects: *Provided*, That the approval of all projects and all payments, or any commitments relating thereto, shall be withheld until the Secretary receives appropriate written assurance from the State that the State has the ability and intention to finance its share of the cost of the particular project, and to operate and maintain by acceptable standards, at State expense, the particular properties or facilities acquired or developed for public outdoor recreation use.

"(2) Payments for all projects shall be made by the Secretary to the Governor of the State or to a State official or agency designated by the Governor or by State law having authority and responsibility to accept and to administer funds paid hereunder for approved projects. If consistent with an approved project, funds may be transferred by the State to a political subdivision or other appropriate public agency.

"(3) No property acquired or developed with assistance under this section shall, without the approval of the Secretary, be converted to other than public outdoor recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions as he deems necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location.

"(4) No payment shall be made to any State until the State has agreed to (1) provide such reports to the Secretary, in such form and containing such information, as may be reasonably necessary to enable the Secretary to perform his duties under this Act, and (2) provide such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting for Federal funds paid to the State under this Act.

"(5) Each recipient of assistance under this Act shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and the disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources,

and such other records as will facilitate an effective audit.

"(6) The Secretary, and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this Act.

"(7) Each State shall evaluate its grant programs annually under guidelines set forth by the Secretary and shall transmit such evaluation to the Secretary, together with a list of all projects funded during that fiscal year, including, but not limited to, a description of each project, the amount of Federal funds employed in such project, the source of other funds, and the estimated cost of completion of the project. Such evaluation and the publication of same shall be eligible for funding on a 50–50 matching basis. The results of the evaluation shall be annually reported on a fiscal year basis to the Bureau of Outdoor Recreation, which agency shall forward a summary of such reports to the Committees on Interior and Insular Affairs of the United States Congress. Such report to the committees shall also include an analysis of the accomplishments of the fund for the period reported, and may also include recommendations as to future improvements for the operation of the Land and Water Conservation Fund program.

"(8) With respect to property acquired or developed with assistance from the fund, discrimination on the basis of residence, including preferential reservation or membership systems, is prohibited except to the extent that reasonable differences in admission and other fees may be maintained on the basis of residence.

"(g) COORDINATION WITH FEDERAL AGENCIES.—In order to assure consistency in policies and actions under this Act, with other related Federal programs and activities (including those conducted pursuant to title VII of the Housing Act of 1961 and section 701 of the Housing Act of 1954) and to assure coordination of the planning, acquisition, and development assistance to States under this section with other related Federal programs and activities, the President may issue such regulations with respect thereto as he deems desirable and such assistance may be provided only in accordance with such regulations.".

(4) Amend section 7 to read as follows:

"SEC. 7. (a) Moneys appropriated from the fund for Federal purposes shall, unless otherwise allotted in the appropriation Act making them available, be allotted by the President to the following purposes and subpurposes:

"(1) For the acquisition of land, waters, or interests in land or waters as follows:

"NATIONAL PARK SYSTEM; RECREATION AREAS.—Within the exterior boundaries of areas of the National Park

System now or hereafter authorized or established and of areas now or hereafter authorized to be administered by the Secretary of the Interior for outdoor recreation purposes.

"NATIONAL FOREST SYSTEM.—Inholdings within (a) wilderness areas of the National Forest System, and (b) other areas of national forests as the boundaries of those forests exist on the effective date of this Act, or purchase units approved by the National Forest Reservation Commission subsequent to the date of this Act, all of which other areas are primarily of value for outdoor recreation purposes: *Provided*, That lands outside of but adjacent to an existing national forest boundary, not to exceed three thousand acres in the case of any one forest, which would comprise an integral part of a forest recreational management area and may also be acquired with moneys appropriated from this fund: *Provided further*, That except for areas specifically authorized by Act of Congress, not more than 15 per centum of the acreage added to the National Forest System pursuant to this section shall be west of the 100th meridian.

"NATIONAL WILDLIFE REFUGE SYSTEM.—Acquisition for (a) endangered species and threatened species authorized under section 5(a) of the Endangered Species Act of 1973; (b) areas authorized by section 2 of the Act of September 28, 1962, as amended (16 U.S.C. 460k–1); (c) national wildlife refuge areas under section 7(a) (5) of the Fish and Wildlife Act of 1956 (16 U.S.C. 742f(5)) except migratory waterfowl areas which are authorized to be acquired by the Migratory Bird Conservation Act of 1929, as amended (16 U.S.C. 715–715s); (d) any areas authorized for the National Wildlife Refuge System by specific Acts.

"(2) For payment into miscellaneous receipts of the Treasury as a partial offset for those capital costs, if any, of Federal water development projects hereafter authorized to be constructed by or pursuant to an Act of Congress which are allocated to public recreation and the enhancement of fish and wildlife values and financed through appropriations to water resource agencies.

"(b) ACQUISITION RESTRICTION.—Appropriations from the fund pursuant to this section shall not be used for acquisition unless such acquisition is otherwise authorized by law.".

(5) Amend section 8 to read as follows:

"SEC. 8. Moneys derived from the sources listed in section 2 of this Act shall not be available for publicity purposes: *Provided, however*, That in each case where significant acquisition or development is initiated, appropriate standardized temporary signing shall be lo-

cated on or near the affected site, to the extent feasible, so as to indicate the action taken is a product of funding made available through the Land and Water Conservation Fund. Such signing may indicate the per centum and dollar amounts financed by Federal and non-Federal funds, and that the source of the funding includes moneys derived from Outer Continental Shelf receipts. The Secretary shall prescribe standards and guidelines for the usage of such signing to assure consistency of design and application.".

(6) Add the following new section:

"SEC. 12. Within one year of the date of enactment of this section, the Secretary is authorized and directed to submit to the Committees on Interior and Insular Affairs of the Senate and House of Representatives a comprehensive review and report on the needs, problems, and opportunities associated with urban recreation in highly populated regions, including the resources potentially available for meeting such needs. The report shall include site specific analyses and alternatives, in a selection of geographic environments representative of the Nation as a whole, including, but not limited to, information on needs, local capabilities for action, major site opportunities, trends, and a full range of options and alternatives as to possible solutions and courses of action designed to preserve remaining open space, ameliorate recreational deficiency, and enhance recreational opportunity for urban populations, together with an analysis of the capability of the Federal Government to provide urban-oriented environmental education programs (including, but not limited to, cultural programs in the arts and crafts) within such options. The Secretary shall consult with, and request the views of, the affected cities, counties, and States on the alternatives and courses of action identified.".

There shall be credited to a special account within the fund $300,000,000 in fiscal year 1978 and $150,000,000 in fiscal year 1979 from the amounts authorized by section 2 of this Act. Amounts credited to this account shall remain in the account until appropriated. Appropriations from the special account shall be available only with respect to areas existing and authorizations enacted prior to the convening of the Ninety-fifth Congress, for acquisition of lands, waters, or interests in lands or waters within the exterior boundaries, as aforesaid, of—

The Secretary of the Interior shall, prior to the expenditure of funds which would cause a statutory ceiling to be exceeded by $1,000,000 or more, and with respect to each expenditure of $1,000,000 or more in excess of such a ceiling, provide written notice of such proposed expenditure not less than thirty calendar days in advance to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate.".

7. Mining within the National Park System

An Act to provide for the regulation of mining activity within, and to repeal the application of mining laws to, areas of the National Park System, and for other purposes. (90 Stat. 1342) (P.L. 94-429)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Congress finds and declares that—

(a) the level of technology of mineral exploration and development has changed radically in recent years and continued application of the mining laws of the United States to those areas of the National Park System to which it applies, conflicts with the purposes for which they were established; and

(b) all mining operations in areas of the National Park System should be conducted so as to prevent or minimize damage to the environment and other resource values, and, in certain areas of the National Park System, surface disturbance from mineral development should be temporarily halted while Congress determines whether or not to acquire any valid mineral rights which may exist in such areas.

SEC. 2. In order to preserve for the benefit of present and future generations the pristine beauty of areas of the National Park System, and to further the purposes of the Act of August 25, 1916, as amended (16 U.S.C. 1) and the individual organic Acts for the various areas of the National Park System, all activities resulting from the exercise of valid existing mineral rights on patented or unpatented mining claims within any area of the National Park System shall be subject to such regulations prescribed by the Secretary of the Interior as he deems necessary or desirable for the preservation and management of those areas.

SEC. 3. Subject to valid existing rights, the following Acts are amended or repealed as indicated in order to close these areas to entry and location under the Mining Law of 1872:

(a) the first proviso of section 3 of the Act of May 22, 1902 (32 Stat. 203; 16 U.S.C. 123), relating to Crater Lake National Park, is amended by deleting the words "and to the location of mining claims and the working of same";

(b) section 4 of the Act of February 26, 1917 (39 Stat. 938; 16 U.S.C. 350), relating to Mount McKinley National Park, is hereby repealed;

(c) section 2 of the Act of January 26, 1931 (46 Stat. 1043; 16 U.S.C. 350a), relating to Mount McKinley National Park, is hereby repealed;

(d) the Act of June 13, 1933 (48 Stat. 139; 16 U.S.C. 447), relating to Death Valley National Monument, is hereby repealed;

(e) the Act of June 22, 1936 (49 Stat. 1817), relating to Glacier Bay National Monument, is hereby repealed;

(f) section 3 of the Act of August 18, 1941 (55 Stat. 631; 16 U.S.C. 450y–2), relating to Coronado National Memorial is amended by replacing the semicolon in subsection (a) with a period and deleting the prefix "(a)", the word "and" immediately preceding subsection (b), and by repealing subsection (b); and (g) The Act of October 27, 1941 (55 Stat. 745; 16 U.S.C. 450z), relating to Organ Pipe Cactus National Monument, is hereby repealed.

SEC. 4. For a period of four years after the date of enactment of this Act, holders of valid mineral rights located within the boundaries of Death Valley National Monument, Mount McKinley National Park, and Organ Pipe Cactus National Monument shall not disturb for purposes of mineral exploration or development the surface of any lands which had not been significantly disturbed for purposes of mineral extraction prior to February 29, 1976: *Provided*, That if the Secretary finds that enlargement of the existing excavation of an individual mining operation is necessary in order to make feasible continued production therefrom at an annual rate not to exceed the average annual production level of said operation for the three calendar years 1973, 1974, and 1975, the surface of lands contiguous to the existing excavation may be disturbed to the minimum extent necessary to effect such enlargement, subject to such regulations as may be issued by the Secretary under section 2 of this Act. For purposes of this section, each separate mining excavation shall be treated as an individual mining operation.

SEC. 5. The requirements for annual expenditures on mining claims imposed by Revised Statute 2324 (30 U.S.C. 28) shall not apply to any claim subject to section 4 of this Act during the time such claim is subject to such section.

SEC. 6. Within two years after the date of enactment of this Act, the Secretary of the Interior shall determine the validity of any unpatented mining claims within Glacier Bay National Monument, Death Valley and Organ Pipe Cactus National Monuments and Mount McKinley National Park and submit to the Congress recommendations as to whether any valid or patented claims should be acquired by the United States, including the estimated acquisition costs of such claims, and a discussion of the environmental consequences of the extraction of minerals from these lands. The Secretary shall also study and within two years submit to Congress his recommendations for modifications or adjustments to the existing boundaries of the Death Valley National Monument and the Glacier Bay National Monument to exclude significant mineral deposits and to decrease possible acquisition costs.

SEC. 7. Within four years after the date of enactment of this Act, the Secretary of the Interior shall determine the validity of any unpatented mining claims within Crater Lake National Park, Coronado National Memorial, and Glacier Bay National Monument, and submit to the Congress recommendations as to whether any valid or patented claims should be acquired by the United States.

SEC. 8. All mining claims under the Mining Law of 1872, as amended and supplemented (30 U.S.C. chapters 2, 12A, and 16 and sections 161 and 162) which lie within the boundaries of units of the National Park System shall be recorded with the Secretary of the Interior within one year after the effective date of this Act. Any mining claim not so recorded shall be conclusively presumed to be abandoned and shall be void. Such recordation will not render valid any claim which was not valid on the effective date of this Act, or which becomes invalid thereafter. Within thirty days following the date of enactment of this Act, the Secretary shall publish notice of the requirement for such recordation in the Federal Register. He shall also publish similar notices in newspapers of general circulation in the areas adjacent to those units of the National Park System listed in section 3 of this Act.

SEC. 9. (a) Whenever the Secretary of the Interior finds on his own motion or upon being notified in writing by an appropriate scientific, historical, or archeological authority, that a district, site, building, structure, or object which has been found to be nationally significant in illustrating natural history or the history of the United States and which has been designated as a natural or historical landmark may be irreparably lost or destroyed in whole or in part by any surface mining activity, including exploration for or removal or production of minerals or materials, he shall notify the person conducting such activity and submit a report thereon, including the basis for his finding that such activity may cause irreparable loss or destruction of a national landmark, to the Advisory Council on Historic Preservation, with a request for advice of the Council as to alternative measures that may be taken by the United States to mitigate or abate such activity.

(b) The Council shall within two years from the effective date of this section submit to the Congress a report on the actual or potential effects of surface mining activities on natural and historical landmarks and shall include with its report its recommendations for such legislation as may be necessary and appropriate to protect natural and historical landmarks from activities, including surface mining activities, which may have an adverse impact on such landmarks.

SEC. 10. If any provision of this Act is declared to be invalid, such declaration shall not affect the validity of any other provision hereof.

SEC. 11. The holder of any patented or unpatented mining claim subject to this Act who believes he has suffered a loss by operation of this Act, or by orders or regulations issued pursuant thereto, may bring an action in a United States district court to recover just compensation, which shall be awarded if the court finds that such loss constitutes a taking of property compensable under the Constitution. The court shall expedite its consideration of any claim brought pursuant to this section.

SEC. 12. Nothing in this Act shall be construed to limit the authority of the Secretary to acquire lands and interests in lands within the boundaries of any unit of the National Park System. The Secretary is to give prompt and careful consideration to any offer made by the owner of any valid right or other property within the areas named in section 6 of this Act to sell such right or other property, if such owner notifies the Secretary that the continued ownership of such right or property is causing, or would result in, undue hardship.

SUNSHINE IN GOVERNMENT

SEC. 13. (a) Each officer or employee of the Secretary of the Interior who—

(1) performs any function or duty under this Act, or any Acts amended by this Act concerning the regulation of mining within the National Park System; and

(2) has any known financial interest (A) in any person subject to such Acts, or (B) in any person who holds a mining claim within the boundaries of units of the National Park System;

8. National Park System Transportation

An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes. (92 Stat. 474) (P.L. 95-344)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE III

SEC. 301. (a) The Congress hereby finds that—

(1) the purpose of the National Park System is to preserve outstanding natural, scenic, historic, and recreation areas for the enjoyment, education, inspiration, and use of all people;

(2) units of the National Park System have recently been established near major metropolitan areas in order to preserve remaining open space and to provide recreational opportunities for urban residents (many of whom do not have access to personal motor vehicles); and

(3) circumstances which necessarily require people desiring to visit units of the National Park System to rely on personal motor vehicles may diminish the natural and recreational value of such units by causing traffic congestion and environmental damage, and by requiring the provision of roads, parking, and other facilities in ever-increasing numbers and density.

(b) The purpose of this title is to make the National Park System more accessible in a manner consistent with the preservation of parks and the conservation of energy by encouraging the use of transportation modes other than personal motor vehicles for access to and within units of the National Park System with minimum disruption to nearby communities through authorization of a pilot transportation program.

SEC. 302. (a) The Secretary of the Interior (hereinafter referred to as "Secretary") is authorized to formulate transportation plans and implement transportation projects where feasible pursuant to those plans for units of the national park system.

(b) To carry out the purposes of subsection (a) of this section, the Secretary is authorized to—

(1) contract with public or private agencies or carriers to provide transportation services, capital equipment, or facilities to improve access to units of the national park system;

(2) operate such services directly in the absence of suitable and adequate agencies or carriers;

(3) acquire by purchase, lease, or agreement, capital equipment for such services; and

(4) where necessary to carry out the purposes of this title, acquire by lease, purchase, donation, exchange, or transfer, lands, waters, and interests therein which are situated outside the boundary of a unit of the national park system, which property shall be administered as part of the unit: *Provided*, That any land or interests in land owned by a State or any of its political subdivisions may be acquired only by donation: *Provided further*, That any land acquisition shall be subject to such statutory limitations, if any, on methods of acquisition and appropriations thereof as may be specifically applicable to such area.

(c) Acquisitions pursuant to subsection (b) (3) and (4) of this section shall not commence prior to sixty days (not counting days on which the Senate or the House of Representatives has adjourned for more than three consecutive days) from the time the Secretary has submitted a detailed proposal for such acquisitions to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives.

(d) All fees directly collected by the National Park Service in the operation of the facilities and services authorized by this title shall be covered into the Planning, Development, and Operation of Recreation Facilities appropriation account to be subject to appropriation.

(e) The Secretary shall establish information programs to inform the public of available park access opportunities and to promote the use of transportation modes other than personal motor vehicles for access to and travel within the units of the national park system.

(f) Transportation facilities and services provided pursuant to this title shall not be considered as concession facilities or services within the meaning of the Act of October 9, 1965 (79 Stat. 969) and may be undertaken by the Secretary directly or by contract without regard to any requirement of local, State, or Federal law respecting determinations of public convenience and necessity or other similar matters: *Provided*, That the Secretary or his contractor shall consult with the appropriate State or local public service commission or other such body having authority to issue certificates of convenience and necessity, and any such contractor shall be subject to applicable requirements of such body unless the Secretary determines that such requirements would not be consistent with the purposes and provisions of this title.

(g) No grant of authority in this title shall be deemed to expand the exemption of section 203 (b) (4) of the Interstate Commerce Act (49 U.S.C. 303 (b) (4)).

SEC. 303. (a) To carry out the purposes of this title, the Secretary of Transportation, the Secretary of Hous-

ing and Urban Development, the Secretary of Health, Education, and Welfare, and the Secretary of Commerce, and the heads of such other Federal departments or agencies as the Secretary deems necessary are directed to assist the Secretary in the formulation and implementation of transportation projects.

(b) Within one hundred and eighty days from the enactment of this Act, the Secretary shall prepare and submit to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives, a compilation of Federal statutes and programs providing authority for the planning, funding, or operation of transportation projects which might be utilized by the Secretary to carry out the purpose of this title. The Secretary shall revise the compilation thereafter as he deems necessary.

SEC. 304. (a) The Secretary shall, during the formulation of any transportation plan authorized pursuant to section 302 of this title—

(1) give public notice of intention to formulate such a plan by publication in the Federal Register and in a newspaper or periodical having general circulation in the vicinity of the affected unit of the national park system;

(2) following such notice hold a public meeting at a location or locations convenient to the affected unit of the National Park System.

(b) Prior to the implementation of any project developed pursuant to the transportation plan formulated pursuant to subsection (a) of this section, the Secretary shall—

(1) establish procedures, including but not limited to public meetings, to give State and local governments and the public adequate notice and an opportunity to comment on the proposed transportation project; and

(2) submit, when the proposed project would involve an expenditure in excess of $100,000 in any fiscal year, a detailed report to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives. The Secretary may proceed with the implementation of such plan only after sixty days (not counting days on which the Senate or House of Representatives has adjourned for more than three consecutive days) have elapsed following submission of the plan.

SEC. 305. The Secretary shall submit a report to the Congress within three years of the effective date of this Act. The report shall include, but not be limited to, his findings and recommendations regarding—

(a) preservation of natural resource values within units of the National Park System through access alternatives;

(b) effects of transportation projects on communities in close proximity to the units of the National Park System; and

(c) future transportation projects formulated pursuant to this title.

SEC. 306. In carrying out the purposes of this title, there is hereby authorized to be appropriated $1,000,000 for fiscal year 1979; $2,000,000 for fiscal year 1980; and $3,000,000 for fiscal year 1981, which shall remain available until expended. In a fiscal year when the amounts actually appropriated are less than the amounts listed above, the authorized but unappropriated amount shall continue to be available for appropriation in succeeding fiscal years.

"(A) It must be a trail or route established by historic use and must be historically significant as a result of that use. The route need not currently exist as a discernible trail to qualify, but its lo-

cation must be sufficiently known to permit evaluation of public recreation and historical interest potential. A designated trail should generally accurately follow the historic route, but may deviate somewhat on occasion of necessity to avoid difficult routing through subsequent development, or to provide some route variation offering a more pleasurable recreational experience. Such deviations shall be so noted on site. Trail segments no longer possible to travel by trail due to subsequent development as motorized transportation routes may be designated and marked onsite as segments which link to the historic trail.

To qualify as nationally significant, historic use of the trail must have had a far-reaching effect on broad patterns of American culture. Trails significant in the history of native Americans may be included.

"(C) It must have significant potential for public recreational use or historical interest based on historic interpretation and appreciation. The potential for such use is generally greater along roadless segments developed as historic trails, and at historic sites associated with the trail. The presence of recreation potential not related to historic appreciation is not sufficient justification for designation under this category.".

"(2) an acquisition or protection plan, by fiscal year, for all lands to be acquired by fee title or lesser interest, along with detailed explanation of anticipated necessary cooperative agreements for any lands not to be acquired; and

14. Surface Mining Control and Reclamation Act of 1977

An Act to provide for the cooperation between the Secretary of the Interior and the States with respect to the regulation of surface coal mining operations, and the acquisition and reclamation of abandoned mines, and for other purposes. (91 Stat. 445) (P.L. 95–87)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Surface Mining Control and Reclamation Act of 1977".

TITLE V—CONTROL OF THE ENVIRONMENTAL IMPACTS OF SURFACE COAL MINING

* * * * * * *

DESIGNATING AREAS UNSUITABLE FOR SURFACE COAL MINING

SEC. 522. (a)(1) To be eligible to assume primary regulatory authority pursuant to section 503, each State shall establish a planning process enabling objective decisions based upon competent and scientifically sound data and information as to which, if any, land areas of a State are unsuitable for all or certain types of surface coal mining operations pursuant to the standards set forth in paragraphs (2) and (3) of this subsection but such designation shall not prevent the mineral exploration pursuant to the Act of any area so designated.

(2) Upon petition pursuant to subsection (c) of this section, the State regulatory authority shall designate an area as unsuitable for all or certain types of surface coal mining operations if the State regulatory authority determines that reclamation pursuant to the requirements of this Act is not technologically and economically feasible.

(3) Upon petition pursuant to subsection (c) of this section, a surface area may be designated unsuitable for certain types of surface coal mining operations if such operations will—

(A) be incompatible with existing State or local land use plans or programs; or

(B) affect fragile or historic lands in which such operations could result in significant damage to important historic, cultural, scientific, and esthetic values and natural systems; or

(C) affect renewable resource lands in which such operations could result in a substantial loss or reduction of long-range productivity of water supply or of food or fiber products, and such lands to include aquifers and aquifer recharge areas; or

(D) affect natural hazard lands in which such operations could substantially endanger life and property, such lands to include areas subject to frequent flooding and areas of unstable geology.

(4) To comply with this section, a State must demonstrate it has developed or is developing a process which includes—

(A) a State agency responsible for surface coal mining lands review;

(B) a data base and an inventory system which will permit proper evaluation of the capacity of different land areas of the State to support and permit reclamation of surface coal mining operations;

(C) a method or methods for implementing land use planning decisions concerning surface coal mining operations; and

(D) proper notice, opportunities for public participation, including a public hearing prior to making any designation or redesignation, pursuant to this section.

(5) Determinations of the unsuitability of land for surface coal mining, as provided for in this section, shall be integrated as closely as possible with present and future land use planning and regulation processes at the Federal, State, and local levels.

(6) The requirements of this section shall not apply to lands on which surface coal mining operations are being conducted on the date of enactment of this Act or under a permit issued pursuant to this Act, or where substantial legal and financial commitments in such operation were in existence prior to January 4, 1977.

(b) The Secretary shall conduct a review of the Federal lands to determine, pursuant to the standards set forth in paragraphs (2) and (3) of subsection (a) of this section, whether there are areas on Federal lands which are unsuitable for all or certain types of surface coal mining operations: *Provided, however,* That the Secretary may permit surface coal mining on Federal lands prior to the completion of this review. When the Secretary determines an area on Federal lands to be unsuitable for all or certain types of surface coal mining operations, he shall withdraw such area or condition any mineral leasing or mineral entries in a manner so as to limit surface coal mining operations on such area. Where a Federal program has been implemented in a State pursuant to section 504, the Secretary shall implement a process for designation of areas unsuitable for surface coal mining for non-Federal lands within such State and such process shall incorporate the standards and procedures of this section. Prior to designating Federal lands unsuitable for such mining, the Secretary shall consult with the appropriate State and local agencies.

(c) Any person having an interest which is or may be adversely affected shall have the right to petition the regulatory authority to have an area designated as unsuitable for surface coal mining operations, or to have such a designation terminated. Such a petition shall contain allegations of facts with supporting evidence which

would tend to establish the allegations. Within ten months after receipt of the petition the regulatory authority shall hold a public hearing in the locality of the affected area, after appropriate notice and publication of the date, time, and location of such hearing. After a person having an interest which is or may be adversely affected has filed a petition and before the hearing, as required by this subsection, any person may intervene by filing allegations of facts with supporting evidence which would tend to establish the allegations. Within sixty days after such hearing, the regulatory authority shall issue and furnish to the petitioner and any other party to the hearing, a written decision regarding the petition, and the reasons therefore. In the event that all the petitioners stipulate agreement prior to the requested hearing, and withdraw their request, such hearing need not be held.

(d) Prior to designating any land areas as unsuitable for surface coal mining operations, the regulatory authority shall prepare a detailed statement on (i) the potential coal resources of the area, (ii) the demand for coal resources, and (iii) the impact of such designation on the environment, the economy, and the supply of coal.

(e) After the enactment of this Act and subject to valid existing rights no surface coal mining operations except those which exist on the date of enactment of this Act shall be permitted—

(1) on any lands within the boundaries of units of the National Park System, the National Wildlife Refuge Systems, the National System of Trails, the National Wilderness Preservation System, the Wild and Scenic Rivers System, including study rivers designated under section 5(a) of the Wild and Scenic Rivers Act and National Recreation Areas designated by Act of Congress;

(2) on any Federal lands within the boundaries of any national forest: *Provided, however,* That surface coal mining operations may be permitted on such lands if the Secretary finds that there are no significant recreational, timber, economic, or other values which may be incompatible with such surface mining operations and—

(A) surface operations and impacts are incident to an underground coal mine; or

(B) where the Secretary of Agriculture determines, with respect to lands which do not have significant forest cover within those national forests west of the 100th meridian, that surface mining is in compliance with the Multiple-Use Sustained-Yield Act of 1960, the Federal Coal Leasing Amendments Act of 1975, the National Forest Management Act of 1976, and the provisions of this Act: *And provided further,* That no surface coal mining operations may be permitted

within the boundaries of the Custer National Forest;

(3) which will adversely affect any publicly owned park or places included in the National Register of Historic Sites unless approved jointly by the regulatory authority and the Federal, State, or local agency with jurisdiction over the park or the historic site;

(4) within one hundred feet of the outside right-of-way line of any public road, except where mine access roads or haulage roads join such right-of-way line and except that the regulatory authority may permit such roads to be relocated or the area affected to lie within one hundred feet of such road, if after public notice and opportunity for public hearing in the locality a written finding is made that the interests of the public and the landowners affected thereby will be protected; or

(5) within three hundred feet from any occupied dwelling, unless waived by the owner thereof, nor within three hundred feet of any public building, school, church, community, or institutional building, public park, or within one hundred feet of a cemetery.

written order of the acquiring agency to vacate other real property, on which such person conducts a business or farm operation, for such program or project.

(7) The term "business" means any lawful activity, excepting a farm operation, conducted primarily—

(A) for the purchase, sale, lease and rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(B) for the sale of services to the public;

(C) by a nonprofit organization; or

(b) Nothing in this Act shall be construed as creating in any condemnation proceedings brought under the power of eminent domain, any element of value or of damage not in existence immediately prior to the date of enactment of this Act.

TITLE II—UNIFORM RELOCATION ASSISTANCE

DECLARATION OF POLICY

SEC. 201. The purpose of this title is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of Federal and federally assisted programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole.

MOVING AND RELATED EXPENSES

SEC. 202. (a) Whenever the acquisition of real property for a program or project undertaken by a Federal agency in any State will result in the displacement of any person on or after the effective date of this Act, the head of such agency shall make a payment to any displaced person, upon proper application as approved by such agency head, for—

(1) actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

(2) actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the head of the agency; and

(3) actual reasonable expenses in searching for a replacement business or farm.

(b) Any displaced person eligible for payments under subsection (a) of this section who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection (a) of this section may receive a moving expense allowance, determined according to a schedule established by the head of the Federal agency, not to exceed $300; and a dislocation allowance of $200.

(c) Any displaced person eligible for payments under subsection (a) of this section who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection (a) of this section, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than $2,500 nor more than $10,000. In the case of a business no payment shall be made under this subsection unless the head of the Federal agency is satisfied that the business (1) cannot be relocated without a substantial loss of its existing patronage, and (2) is not a part of a commercial enterprise having at least one other establishment not being acquired by the United States, which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before Federal, State, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the head of such agency determines to be more equitable for establishing such earnings, and includes any com-

pensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period.

REPLACEMENT HOUSING FOR HOMEOWNER

SEC. 203. (a) (1) In addition to payments otherwise authorized by this title, the head of the Federal agency shall make an additional payment not in excess of $15,000 to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

(A) The amount, if any, which when added to the acquisition cost of the dwelling acquired by the Federal agency, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this subparagraph shall be made in accordance with standards established by the head of the Federal agency making the additional payment.

(B) The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the Federal agency was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(C) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(2) The additional payment authorized by this subsection shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one year period beginning on the date on which

he receives from the Federal agency final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date.

(b) The head of any Federal agency may, upon application by a mortgagee, insure any mortgage (including advances during construction) on a comparable replacement dwelling executed by a displaced person assisted under this section, which mortgage is eligible for insurance under any Federal law administerd by such agency notwithstanding any requirements under such law relating to age, physical condition, or other personal characteristics of eligible mortgagors, and may make commitments for the insurance of such mortgage prior to the date of execution of the mortgage.

REPLACEMENT HOUSING FOR TENANTS AND CERTAIN OTHERS

SEC. 204. In addition to amounts otherwise authorized by this title, the head of the Federal agency shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 203 which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either—

(1) the amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to his place of employment, but not to exceed $4,000, or

(2) the amount necessary to enable such person to make a downpayment (including incidental expenses described in section 203(a) (1) (C)) on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed $4,000, except that if such amount exceeds $2,000, such person must equally match any such amount in excess of $2,000, in making the downpayment.

RELOCATION ASSISTANCE ADVISORY SERVICES

SEC. 205. (a) Whenever the acquisition of real property for a program or project undertaken by a Federal agency in any State will result in the displacement of any person on or after the effective date of this section, the head of such agency shall provide a relocation as-

sistance advisory program for displaced persons which shall offer the services described in subsection (c) of this section. If such agency head determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, he may offer such person relocation advisory services under such program.

(b) Federal agencies administering programs which may be of assistance to displaced persons covered by this Act shall cooperate to the maximum extent feasible with the Federal or State agency causing the displacement to assure that such displaced persons receive the maximum assistance available to them.

(c) Each relocation assistance advisory program required by subsection (a) of this section shall include such measures, facilities, or services as may be necessary or appropriate in order to—

(1) determine the need, if any, of displaced persons, for relocation assistance;

(2) provide current and continuing information on the availability, prices, and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;

(3) assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by such Federal agency head, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the head of that Federal agency may prescribe by regulation situations when such assurances may be waived;

(4) assist a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location;

(5) supply information concerning Federal and State housing programs, disaster loan programs, and other Federal or State programs offering assistance to displaced persons; and

(6) provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation.

(d) The heads of Federal agencies shall coordinate relocation activities with project work, and other planned or proposed governmental actions in the community or nearby areas which may affect the carrying out of relocation assistance programs.

HOUSING REPLACEMENT BY FEDERAL AGENCY AS LAST RESORT

SEC. 206. (a) If a Federal project cannot proceed to actual construction because comparable replacement sale or rental housing is not available, and the head of the Federal agency determines that such housing cannot otherwise be made available he may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project.

(b) No person shall be required to move from his dwelling on or after the effective date of this title, on account of any Federal project, unless the Federal agency head is satisfied that replacement housing, in accordance with section 205(c) (3), is available to such person.

STATE REQUIRED TO FURNISH REAL PROPERTY INCIDENT TO FEDERAL ASSISTANCE (LOCAL COOPERATION)

SEC. 207. Whenever real property is acquired by a State agency and furnished as a required contribution incident to a Federal program or project, the Federal agency having authority over the program or project may not accept such property unless such State agency has made all payments and provided all assistance and assurances, as are required of a State agency by sections 210 and 305 of this Act. Such State agency shall pay the cost of such requirements in the same manner and to the same extent as the real property acquired for such project, except that in the case of any real property acquisition or displacement occurring prior to July 1, 1972, such Federal agency shall pay 100 per centum of the first $25,000 of the cost of providing such payments and assistance.

STATE ACTING AS AGENT FOR FEDERAL PROGRAM

SEC. 208. Whenever real property is acquired by a State agency at the request of a Federal agency for a Federal program or project, such acquisition shall, for the purposes of this Act, be deemed an acquisition by the Federal agency having authority over such program or project.

PUBLIC WORKS PROGRAMS AND PROJECTS OF THE GOVERNMENT OF THE DISTRICT OF COLUMBIA AND OF THE WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY

SEC. 209. Whenever real property is acquired by the government of the District of Columbia or the Washington Metropolitan Area Transit Authority for a program or project which is not subject to sections 210 and 211 of this title, and such acquisition will result in the displacement of any person on or after the effective date of this Act, the Commissioner of the District of Columbia or the Washington Metropolitan Area Transit Authority, as the case may be, shall make all relocation payments

and provide all assistance required of a Federal agency by this Act. Whenever real property is acquired for such a program or project on or after such effective date, such Commissioner or Authority, as the case may be, shall make all payments and meet all requirements prescribed for a Federal agency by title III of this Act.

REQUIREMENTS FOR RELOCATION PAYMENTS AND ASSISTANCE OF FEDERALLY ASSISTED PROGRAM; ASSURANCES OF AVAILABILITY OF HOUSING

SEC. 210. Notwithstanding any other law, the head of a Federal agency shall not approve any grant to, or contract or agreement with, a State agency, under which Federal financial assistance will be available to pay all or part of the cost of any program or project which will result in the displacement of any person on or after the effective date of this title, unless he receives satisfactory assurances from such State agency that—

(1) fair and reasonable relocation payments and assistance shall be provided to or for displaced persons, as are required to be provided by a Federal agency under sections 202, 203, and 204 of this title;

(2) relocation assistance programs offering the services described in section 205 shall be provided to such displaced persons;

(3) within a reasonable period of time prior to displacement, decent, safe, and sanitary replacement dwellings will be available to displaced persons in accordance with section 205(c) (3).

FEDERAL SHARE OF COSTS

SEC. 211. (a) The cost to a State agency of providing payments and assistance pursuant to sections 206, 210, 215, and 305, shall be included as part of the cost of a program or project for which Federal financial assistance is available to such State agency, and such State agency shall be eligible for Federal financial assistance with respect to such payments and assistance in the same manner and to the same extent as other program or project costs, except that, notwithstanding any other law in the case where the Federal financial assistance is by grant or contribution the Federal agency shall pay the full amount of the first $25,000 of the cost to a State agency of providing payments and assistance for a displaced person under sections 206, 210, 215, and 305, on account of any acquisition or displacement occurring prior to July 1, 1972, and in any case where such Federal financial assistance is by loan, the Federal agency shall loan such State agency the full amount of the first $25,000 of such cost.

(b) No payment or assistance under section 210 or 305 shall be required or included as a program or project cost under this section, if the displaced person receives a pay-

ment required by the State law of eminent domain which is determined by such Federal agency head to have substantially the same purpose and effect as such payment under this section, and to be part of the cost of the program or project for which Federal financial assistance is available.

(c) Any grant to, or contract or agreement with, a State agency executed before the effective date of this title, under which Federal financial assistance is available to pay all or part of the cost of any program or project which will result in the displacement of any person on or after the effective date of this Act, shall be amended to include the cost of providing payments and services under sections 210 and 305. If the head of a Federal agency determines that it is necessary for the expeditious completion of a program or project he may advance to the State agency the Federal share of the cost of any payments or assistance by such State agency pursuant to sections 206, 210, 215, and 305.

ADMINISTRATION—RELOCATION ASSISTANCE IN PROGRAMS RECEIVING FEDERAL FINANCIAL ASSISTANCE

SEC. 212. In order to prevent unnecessary expenses and duplications of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons under sections 206, 210, and 215 of this title, a State agency may enter into contracts with any individual, firm, association, or corporation for services in connection with such programs, or may carry out its functions under this title through any Federal or State governmental agency or instrumentality having an established organization for conducting relocation assistance programs. Such State agency shall, in carrying out the relocation assistance activities described in section 206, whenever practicable, utilize the services of State or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities.

REGULATIONS AND PROCEDURES

SEC. 213. (a) In order to promote uniform and effective administration of relocation assistance and land acquisition of State or local housing agencies, or other agencies having programs or projects by Federal agencies or programs or projects by State agencies receiving Federal financial assistance, the heads of Federal agencies shall consult together on the establishment of regulations and procedures for the implementation of such programs.

(b) The head of each Federal agency is authorized to establish such regulations and procedures as he may determine to be necessary to assure—

(1) that the payments and assistance authorized by this Act shall be administered in a manner which is fair and reasonable, and as uniform as practicable;

(2) that a displaced person who makes proper application for a payment authorized for such person by this title shall be paid promptly after a move or, in hardship cases, be paid in advance; and

(3) that any person aggrieved by a determination as to eligibility for a payment authorized by this Act, or the amount of a payment, may have his application reviewed by the head of the Federal agency having authority over the applicable program or project, or in the case of a program or project receiving Federal financial assistance, by the head of the State agency.

(c) The head of each Federal agency may prescribe such other regulations and procedures, consistent with the provisions of this Act, as he deems necessary or appropriate to carry out this Act.

ANNUAL REPORT

SEC. 214. The head of each Federal agency shall prepare and submit an annual report to the President on the activities of such agency with respect to the programs and policies established or authorized by this Act, and the President shall submit such reports to the Congress not later than January 15 of each year, beginning January 15, 1972, and ending January 15, 1975, together with his comments or recommendations. Such reports shall give special attention to: (1) the effectiveness of the provisions of this Act assuring the availability of comparable replacement housing, which is decent, safe, and sanitary, for displaced homeowners and tenants; (2) actions taken by the agency to achieve the objectives of the policies of Congress, declared in this Act, to provide uniform and equal treatment, to the greatest extent practicable, for all persons displaced by, or having real property taken for, Federal or federally assisted programs; (3) the views of the Federal agency head on the progress made to achieve such objectives in the various programs conducted or administered by such agency, and among the Federal agencies; (4) any indicated effects of such programs and policies on the public; and (5) any recommendations he may have for further improvements in relocation assistance and land acquisition programs, policies, and implementing laws and regulations.

PLANNING AND OTHER PRELIMINARY EXPENSES FOR ADDITIONAL HOUSING

SEC. 215. In order to encourage and facilitate the construction or rehabilitation of housing to meet the needs of displaced persons who are displaced from dwellings

because of any Federal or Federal financially assisted project, the head of the Federal agency administering such project is authorized to make loans as a part of the cost of any such project, or to approve loans as a part of the cost of any such project receiving Federal financial assistance, to nonprofit, limited dividend, or cooperative organizations or to public bodies, for necessary and reasonable expenses, prior to construction, for planning and obtaining federally insured mortgage financing for the rehabilitation or construction of housing for such displaced persons. Notwithstanding the preceding sentence, or any other law, such loans shall be available for not to exceed 80 per centum of the reasonable costs expected to be incurred in planning, and in obtaining financing for, such housing, prior to the availability of such financing, including, but not limited to, preliminary surveys and analyses of market needs, preliminary site engineering, preliminary architectural fees, site acquisition, application and mortgage commitment fees, and construction loan fees and discounts. Loans to an organization established for profit shall bear interest at a market rate established by the head of such Federal agency. All other loans shall be without interest. Such Federal agency head shall require repayment of loans made under this section, under such terms and conditions as he may require, upon completion of the project or sooner, and except in the case of a loan to an organization established for profit, may cancel any part or all of a loan if he determines that a permanent loan to finance the rehabilitation or the construction of such housing cannot be obtained in an amount adequate for repayment of such loan. Upon repayment of such loan, the Federal share of the sum repaid shall be credited to the account from which such loan was made, unless the Secretary of the Treasury determines that such account is no longer in existence, in which case such sum shall be returned to the Treasury and credited to miscellaneous receipts.

PAYMENTS NOT TO BE CONSIDERED AS INCOME

SEC. 216. No payment received under this title shall be considered as income for the purposes of the Internal Revenue Code of 1954; or for the purposes of determining the eligibility or the extent of eligibility of any person for assistance under the Social Security Act or any other Federal law.

DISPLACEMENT BY CODE ENFORCEMENT, REHABILITATION, AND DEMOLITION PROGRAMS RECEIVING FEDERAL ASSISTANCE

SEC. 217. A person who moves or discontinues his business, or moves other personal property, or moves from his dwelling on or after the effective date of this Act, as a direct result of any project or program which

receives Federal financial assistance under title I of the Housing Act of 1949, as amended, or as a result of carrying out a comprehensive city demonstration program under title of the Demonstration Cities and Metropolitan Development Act of 1966 shall, for the purposes of this title, be deemed to have been displaced as the result of the acquisition of real property.

TRANSFERS OF SURPLUS PROPERTY

SEC. 218. (2) who has lived on, or conducted a business on, such real property for at least one year prior to the date of enactment of this Act;

may be considered a displaced person for purposes of sections 202 (a) and (b), 204, and 205 of this title, by the head of the agency acquiring the real property if—

TITLE III—UNIFORM REAL PROPERTY ACQUISITION POLICY

UNIFORM POLICY ON REAL PROPERTY ACQUISITION PRACTICES

SEC. 301. In order to encourage and expedite the acquisition of real property by agreements with owners,

to avoid litigation and relieve congestion in the courts, to assure consistent treatment for owners in the many Federal programs, and to promote public confidence in Federal land acquisition practices, heads of Federal agencies shall, to the greatest extent practicable, be guided by the following policies:

(1) The head of a Federal agency shall make every reasonable effort to acquire expeditiously real property by negotiation.

(2) Real property shall be appraised before the initiation of negotiations, and the owner or his designated representative shall be given an opportunity to accompany the appraiser during his inspection of the property.

(3) Before the initiation of negotiations for real property, the head of the Federal agency concerned shall establish an amount which he believes to be just compensation therefor and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the agency's approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, will be disregarded in determining the compensation for the property. The head of the Federal agency concerned shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount he established as just compensation. Where appropriate the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

(4) No owner shall be required to surrender possession of real property before the head of the Federal agency concerned pays the agreed purchase price, or deposits with the court in accordance with section 1 of the Act of February 26, 1931 (46 Stat. 1421; 40 U.S.C. 258a), for the benefit of the owner, an amount not less than the agency's aproved appraisal of the fair market value of such property, or the amount of the award of compensation in the condemnation proceeding for such property.

(5) The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling (assuming a replacement dwelling as required by title II will be available), or to move his business or farm operation, without at least ninety days' written notice from the head of the Federal agency concerned, of the date by which such move is required.

(6) If the head of a Federal agency permits an owner or tenant to occupy the real property acquired on a rental basis for a short term or for a period subject to termi-

nation by the Government on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

(7) In no event shall the head of a Federal agency either advance the time of condemnation, or defer negotiations or condemnation and the deposit of funds in court for the use of the owner, or take any other action coercive in nature, in order to compel an agreement on the price to be paid for the property.

(8) If any interest in real property is to be acquired by exercise of the power of eminent domain, the head of the Federal agency concerned shall institute formal condemnation proceedings. No Federal agency head shall intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of his real property.

(9) If the acquisition of only part of a property would leave its owner with an uneconomic remnant, the head of the Federal agency concerned shall offer to acquire the entire property.

BUILDINGS, STRUCTURES, AND IMPROVEMENTS

SEC. 302. (a) Notwithstanding any other provision of law, if the head of a Federal agency acquires any interest in real property in any State, he shall acquire at least an equal interest in all buildings, structures, or other improvements located upon the real property so acquired and which he requires to be removed from such real property or which he determines will be adversely affected by the use to which such real property will be put.

(b) (1) For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired by subsection (a) of this section, such building, structure, or other improvement shall be deemed to be a part of the real property to be acquired notwithstanding the right or obligation of a tenant, as against the owner of any other interest in the real property, to remove such building, structure, or improvement at the expiration of his term, and the fair market value which such building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of such building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the tenant therefor.

(2) Payment under this subsection shall not result in duplication of any payments otherwise authorized by law. No such payment shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release to the United States all his right, title, and interest in and to such improvements. Nothing in this subsection

shall be construed to deprive the tenant of any rights to reject payment under this subsection and to obtain payment for such property interests in accordance with applicable law, other than this subsection.

EXPENSES INCIDENTAL TO TRANSFER OF TITLE TO UNITED STATES

SEC. 303. The head of a Federal agency, as soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, shall reimburse the owner, to the extent the head of such agency deems fair and reasonable, for expenses he necessarily incurred for—

(1) recording fees, transfer taxes, and similar expenses incidental to conveying such real property to the United States;

(2) penalty costs for prepayment of any preexisting recorded mortgage entered into in good faith encumbering such real property; and

(3) the pro rata portion of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the United States, or the effective date of possession of such real property by the United States, whichever is the earlier.

LITIGATION EXPENSES

SEC. 304. (a) The Federal court having jurisdiction of a proceeding instituted by a Federal agency to acquire real property by condemnation shall award the owner of any right, or title to, or interest in, such real property such sum as will in the opinion of the court reimburse such owner for his reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of the condemnation proceedings, if—

(1) the final judgment is that the Federal agency cannot acquire the real property by condemnation; or

(2) the proceeding is abandoned by the United States.

(b) Any award made pursuant to subsection (a) of this section shall be paid by the head of the Federal agency for whose benefit the condemnation proceedings was instituted.

(c) The court rendering a judgment for the plaintiff in a proceeding brought under section 1346 (a) (2) or 1491 of title 28, United States Code, awarding compensation for the taking of property by a Federal agency, or the Attorney General effecting a settlement of any such proceeding, shall determine and award or allow to such plaintiff, as a part of such judgment or settlement, such sum as will in the opinion of the court or the At-

torney General reimburse such plaintiff for his reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of such proceeding.

REQUIREMENTS FOR UNIFORM LAND ACQUISITION POLICIES; PAYMENTS OF EXPENSES INCIDENTAL TO TRANSFER OF REAL PROPERTY TO STATE; PAYMENT OF LITIGATION EXPENSES IN CERTAIN CASES

SEC. 305. Notwithstanding any other law, the head of a Federal agency shall not approve any program or project or any grant to, or contract or agreement with, a State agency under which Federal financial assistance will be available to pay all or part of the cost of any program or project which will result in the acquisition of real property on and after the effective date of this title, unless he receives satisfactory assurances from such State agency that—

(1) in acquiring real property it will be guided, to the greatest extent practicable under State law, by the land acquisition policies in section 301 and the provisions of section 302, and

(2) property owners will be paid or reimbursed for necessary expenses as specified in sections 303 and 304.

REPEALS

16. Urban Parks and Recreation Recovery Program

An Act to authorize additional appropriations for the acquisition of lands and interests in lands within the Sawtooth National Recreation Area in Idaho. (92 Stat. 3467) (P.L. 95 625)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE X—URBAN PARK AND RECREATION RECOVERY PROGRAM

* * * * * * *

SEC. 1001. This title may be cited as the "Urban Park and Recreation Recovery Act of 1978".

SEC. 1002. The Congress finds that—

(a) the quality of life in urban areas is closely related to the availability of fully functional park and recreation systems including land, facilities, and service programs;

(b) residents of cities need close-to-home recreational opportunities that are adequate to specialized urban demands, with parks and facilities properly located, developed, and well maintained;

(c) the greatest recreational deficiencies with respect to land, facilities, and programs are found in many large cities, especially at the neighborhood level;

(d) inadequate financing of urban recreation programs due to fiscal difficulties in many large cities has led to the deterioration of facilities, nonavailability of recreation services, and in inability to adapt recreational programs to changing circumstances; and

(e) there is no existing Federal assistance program which fully addresses the needs for physical rehabilitation and revitalization of these park and recreation systems.

SEC. 1003. The purpose of this title is to authorize the Secretary to establish an urban park and recreation recovery program which would provide Federal grants to economically hard-pressed communities specifically for the rehabilitation of critically needed recreation areas, facilities, and development of improved recreation programs for a period of five years. This short-term program is intended to complement existing Federal programs such as the Land and Water Conservation Fund and Community Development Grant Programs by encourgaging and stimulating local governments to revitalize their park and recreation systems and to make long-term commitments to continuing maintenance of these systems. Such assistance shall be subject to such terms and

conditions as the Secretary considers appropriate and in the public interest to carry out the purposes of this title.

SEC. 1004. When used in this title the term—

(a) "recreational areas and facilities" means indoor or outdoor parks, buildings, sites, or other facilities which are dedicated to recreation purposes and administered by public or private nonprofit agencies to serve the recreation needs of community residents. Emphasis shall be on public facilities readily accessible to residential neighborhoods, including multiple-use community centers which have recreation as one of their primary purposes, but excluding major sports arenas, exhibition areas, and conference halls used primarily for commercial sports, spectator, or display activities;

(b) "rehabilitation grants" means matching capital grants to local governments for the purpose of rebuilding, remodeling, expanding, or developing existing outdoor or indoor recreation areas and facilities, including improvements in park landscapes, buildings, and support facilities, but excluding routine maintenance and upkeep activities;

(c) "innovation grants" means matching grants to local governments to cover costs of personnel, facilities, equipment, supplies, or services designed to demonstrate innovative and cost-effective ways to augment park and recreation opportunities at the neighborhood level and to address common problems related to facility operations and improved delivery of recreation service, and which shall exclude routine operation and maintenance activities;

(d) "recovery action program grants" means matching grants to local governments for development of local park and recreation recovery action programs to meet the requirements of this title. Such grants will be for resource and needs assessment, coordination, citizen involvement and planning, and program development activities to encourage public definition of goals, and develop priorities and strategies for overall recreation system recovery;

(e) "maintenance" means all commonly accepted practices necessary to keep recreation areas and facilities operating in a state of good repair and to protect them from deterioration resulting from normal wear and tear;

(f) "general purpose local government" means any city, county, town, township, parish, village, or other general purpose political subdivision of a State, including the District of Columbia, and insular areas;

(g) "special purpose local government" means any local or regional special district, public-purpose corporation or other limited political subdivision of a

State, including but not limited to park authorities; park, conservation, water or sanitary districts; and school districts;

(h) "private, nonprofit agency" means a community-based, nonprofit organization, corporation, or association organized for purposes of providing recreational, conservation, and educational services directly to urban residents on either a neighborhood or communitywide basis through voluntary donations, voluntary labor, or public or private grants;

(i) "State" means any State of the United States or any instrumentality of a State approved by the Governor; the Commonwealth of Puerto Rico, and insular areas; and

(j) "insular areas" means Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

SEC. 1005. (a) Eligibility of general purpose local governments for assistance under this title shall be based upon need as determined by the Secretary. Within one hundred and twenty days after the effective date of this title, the Secretary shall publish in the Federal Register, a list of the local governments eligible to participate in this program, to be accompanied by a discussion of criteria used in determining eligibility. "Such criteria shall be based upon factors which the Secretary determines are related to deteriorated recreational facilities or systems, and physical and economic distress."

(b) Notwithstanding the list of eligible local governments established in accordance with subsection (a), the Secretary is also authorized to establish eligibility, at his discretion and in accord with the findings and purpose of this title, to other general purpose local governments in standard metropolitan statistical areas as defined by the census: *Provided,* That grants to these discretionary applicants do not exceed in the aggregate 15 per centum of funds appropriated under this title for rehabilitation, innovation, and recovery action program grants.

(c) The Secretary shall also establish priority criteria for project selection and approval which consider such factors as—

(1) population;

(2) condition of existing recreation areas and facilities;

(3) demonstrated deficiencies in access to neighborhood recreation opportunities, particularly for minority, and low- and moderate-income residents;

(4) public participation in determining rehabilitation or development needs;

(5) the extent to which a project supports or complements target activities undertaken as part of a local government's overall community development and urban revitalization program;

(6) the extent to which a proposed project would provide employment opportunities for minorities, youth, and low- and moderate-income residents in the project neighborhood and/or would provide for participation of neighborhood, nonprofit or tenant organizations in the proposed rehabilitation activity or in subsequent maintenance, staffing, or supervision of recreation areas and facilities; and

(7) the amount of State and private support for a project as evidenced by commitments of non-Federal resources to project construction or operation.

SEC. 1006. (a) The Secretary is authorized to provide 70 per centum matching rehabilitation and innovative grants directly to eligible general purpose local governments upon his approval of applications therefor by the chief executives of such governments.

(1) At the discretion of such applicants, and if consistent with an approved application, rehabilitation and innovation grants may be transferred in whole or in part to independent special purpose local governments, private nonprofit agencies or county or regional park authorities: *Provided,* That assisted recreation areas and facilities owned or managed by them offer recreation opportunities to the general population within the jurisdictional boundaries of an eligible applicant.

(2) Payments may be made only for those rehabilitation or innovative projects which have been approved by the Secretary. Such payments may be made from time to time in keeping with the rate of progress toward the satisfactory completion of a project, except that the Secretary may, when appropriate, make advance payments on approved rehabilitation and innovative projects in an amount not to exceed 20 per centum of the total project cost.

(3) The Secretary may authorize modification of an approved project only when a grantee has adequately demonstrated that such modification is necessary because of circumstances not foreseeable at the time a project was proposed.

(b) Innovation grants should be closely tied to goals, priorities, and implementation strategies expressed in local park and recreation recovery action programs, with particular regard to the special considerations listed in section 1007(b)(2).

SEC. 1007. (a) As a requirement for project approval, local governments applying for assistance under this title shall submit to the Secretary evidence of their commitments to ongoing planning, rehabilitation, service, operation, and maintenance programs for their park and recreation systems. These commitments will be expressed in local park and recreation recovery action programs which maximize coordination of all community resources, including other federally supported urban de-

velopment and recreation programs. During an initial interim period to be established by regulations under this title, this requirement may be satisfied by local government submissions of preliminary action programs which briefly define objectives, priorities, and implementation strategies for overall system recovery and maintenance and commit the applicant to a scheduled program development process. Following this interim period, all local applicants shall submit to the Secretary, as a condition of eligibility, a five-year action program for park and recreation recovery that satisfactorily demonstrate:

(1) systematic identification of recovery objectives, priorities, and implementation strategies;

(2) adequate planning for rehabilitation of specific recreation areas and facilities, including projections of the cost of proposed projects;

(3) capacity and commitment to assure that facilities provided or improved under this title shall thereafter continue to be adequately maintained, protected, staffed, and supervised:

(4) intention to maintain total local public outlays for park and recreation purposes at levels at least equal to those in the year preceding that in which grant assistance is sought beginning in fiscal year 1980 except in any case where a reduction in park and recreation outlays is proportionate to a reduction in overall spending by the applicant; and

(5) the relationship of the park and recreation recovery program to overall community development and urban revitalization efforts.

Where appropriate, the Secretary may encourage local governments to meet action program requirements through a continuing planning process which includes periodic improvements and updates in action program submissions to eliminate identified gaps in program information and policy development.

(b) Action programs shall address, but are not limited to the following considerations:

(1) Rehabilitation of existing recreational sites and facilities, including general systemwide renovation; special rehabilitation requirements for recreational sites and facilities in areas of high population concentration and economic distress; and restoration of outstanding or unique structures, landscaping, or similar features in parks of historical or architectural significance.

(2) Local commitments to innovate and cost-effective programs and projects at the neighborhood level to augment recovery of park and recreation systems, including but not limited to recycling of abandoned schools and other public buildings for recreational purposes; multiple use of operating educational and other public buildings; purchase of

recreation services on a contractual basis; use of mobile facilities and recreational, cultural, and educational programs or other innovative approaches to improving access for neighborhood residents; integration of recovery program with federally assisted projects to maximize recreational opportunities through conversion of abandoned railroad and highway rights-of-way, waterfront, and other redevelopment efforts and such other federally assisted projects as may be appropriate; conversion of recreation use of street space, derelict land, and other public lands not now designated for neighborhood recreational use; and use of various forms of compensated and uncompensated land regulation, tax inducements, or other means to encourage the private sector to provide neighborhood park and recreation facilities and programs.

The Secretary shall establish and publish in the Federal Register requirements for preparation, submission, and updating of local park and recreation recovery action programs.

(c) RECOVERY ACTION PROGRAM GRANTS.—The Secretary is authorized to provide up to 50 per centum matching grants to eligible local applicants for program development and planning specifically to meet the objectives of this title.

SEC. 1008. The Secretary is authorized to increase Federal implementation grants authorized in section 1006 by providing an additional match equal to the total match provided by a State of up to 15 per centum of total project costs. In no event may the Federal matching amount exceed 85 per centum of total project cost. The Secretary shall further encourage the States to assist him in assuring that local recovery plans and programs are adequately implemented by cooperating with the Department of the Interior in monitoring local park and recreation recovery plans and programs and in assuring consistency of such plans and programs, where appropriate, with State recreation policies as set forth in statewide comprehensive outdoor recreation plans.

SEC. 1009. The non-Federal share of project costs assisted under this Title may be derived from general or special purpose State or local revenues. State categorical grants, special appropriations by State legislatures, donations of land, buildings, or building materials and/or in-kind construction, technical, and planning services. No moneys from the Land and Water Conservation Fund (77 Stat. 49), as amended, or from any other Federal grant program other than general revenue sharing and the community development block grant programs shall be used to match Federal grants under this program. Reasonable local costs of action program development to meet the requirements of section 1007(a) of this title may be used as part of the local match only when local

applicants have not received program development grants under the authority of section 1007(c) of this title. The Secretary shall encourage States and private interests to contribute, to the maximum extent possible, to the non-Federal share of project costs.

SEC. 1010. No property improved or developed with assistance under this title shall, without the approval of the Secretary, be converted to other than public recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the current local park and recreation recovery action program and only upon such conditions as he deems necessary to assure the provision of adequate recreation properties and opportunities of reasonably equivalent location and usefulness.

SEC. 1011. The Secretary shall (a) coordinate the urban park and recreation recovery program with the total urban recovery effort and cooperate to the fullest extent possible with other Federal departments and agencies and with State agencies which administer programs and policies affecting urban areas, including but not limited to, programs in housing, urban development, natural resources management, employment, transportation, community services, and voluntary action; (b) encourage maximum coordination of the program between appropriate State agencies and local applicants; and (c) require that local applicants include provisions for participation of community and neighborhood residents and for public-private coordination in recovery planning and project selection.

SEC. 1012. Each recipient of assistance under this title shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition of project undertakings in connection with which assistance under this title is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit. The Secretary, and the Comptroller General of the United States, or their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this title.

SEC. 1013. There are hereby authorized to be appropriated for the purposes of this title, not to exceed $150,000,000 for each of the fiscal years 1979 through 1982, and $125,000,000 in fiscal year 1983, such sums to remain available until expended. Not more than 3 per centum of the funds authorized in any fiscal year may be used for grants for the development of local park and recreation recovery action programs pursuant to sections 1007(a) and 1007(c), and not more than 10 per centum may be used for innovation grants pursuant to section

6 of this title. Grants made under this title for projects in any one State shall not exceed in the aggregate 15 per centum of the aggregate amount of funds authorized to be appropriated in any fiscal year. For the authorizations made in this subsection, any amounts authorized but not appropriated in any fiscal year shall remain available for appropriation in succeeding fiscal years.

Notwithstanding any other provision of this Act, or any other law, or regulation, there is further authorized to be appropriated $250,000 for each of the fiscal years 1979 through 1983, such sums to remain available until expended, to each of the insular areas. Such sums will not be subject to the matching provisions of this section, and may only be subject to such conditions, reports, plans, and agreements, if any, as determined by the Secretary.

SEC. 1014. No funds available under this title shall be used for the acquisition of land or interests in land.

SEC. 1015. (a) Within ninety days of the expiration of this authority, the Secretary shall report to the Congress on the overall impact of the urban park and recreation recovery program.

(b) On December 31, 1979, and on the same date in each year that the recovery program is funded, the Secretary shall report to the Congress on the annual achievements of the innovation grant program, with emphasis on the nationwide implications of successful innovation projects.

"PART C—YOUTH EMPLOYMENT DEMONSTRATION PROGRAM

"STATEMENT OF PURPOSE

"SEC. 321. It is the purpose of this part to establish a variety of employment, training and demonstration programs to explore methods of dealing with the structural unemployment problems of the Nation's youth. The basic purpose of the demonstration programs shall be to test the relative efficacy of different ways of dealing with these problems in different local contexts, but this basic purpose shall not preclude the funding of programs dealing with the immediate difficulties faced by youths who are in need of, and unable to find, jobs. It is explicitly not the purpose of this part to provide make-work opportunities for unemployed youth; instead, it is the purpose to provide youth, and particularly economically disadvantaged youth, with opportunities to learn and earn that will lead to meaningful employment opportunities after they have completed the program.

"ENTITLEMENT PILOT PROJECTS AUTHORIZED

"SEC. 325. (a) The Secretary shall enter into arrangements with prime sponsors selected in accordance with the provisions of this subpart for the purpose of demonstrating the efficacy of guaranteeing otherwise unavailable part-time employment, or combination of part-time employment and training, for economically disadvantaged youth between the ages of sixteen and nineteen, inclusive, during the school year who resume or maintain attendance in secondary school for the purpose of acquiring a high school diploma or in a program which leads to a certificate of high school equivalency and full-time employment or part-time employment and training during the summer months to each such youth.

"(b) Each prime sponsor who applies for and is selected by the Secretary to carry out a pilot project under this subpart shall guarantee such employment to each such unemployed youth who resides within the area or a designated part thereof served by the prime sponsor and who applies to that prime sponsor for employment. The Secretary shall provide to each prime sponsor, from funds appropriated for carrying out this subpart, in combina-

"(c) Each prime sponsor shall be entitled to receive, for each youth who is provided employment by that prime sponsor, the costs associated with providing such employment. Such costs shall take into account funds made available by such prime sponsor under section 327(a)(4)(F).

"EMPLOYMENT GUARANTEES

"SEC. 326. Employment opportunities guaranteed under this subpart shall take the form of any one of the following or combination thereof:

"(1) Part-time employment or training or combination thereof during the school year, not to exceed an average of twenty hours per week for each youth employed, and not to last less than six months nor more than nine, or projects operated by community-based organizations of demonstrated effectiveness which have a knowledge of the needs of disadvantaged youth; local educational agencies (as defined in section 801(f) of the Elementary and Secondary Education Act of 1965); institutions of higher education (as defined in section 1201(a) of the Higher Education Act of 1965); nonprofit private organizations or institutions engaged in public service; nonprofit voluntary youth organizations; nonprofit private associations, such as labor organizations, educational associations, business, cultural, or other private associations; subdivisions either having the power to levy taxes and spend funds or serving such special purpose in two or more units of general local government.

"(2) Part-time employment on an individual basis in any of the institutions and under the same conditions provided for in clause (1).

"(3) Part-time employment on either a project or individual basis in any of the institutions and under the same conditions as provided in clause (1) which includes as part of the employment on-the-job or apprenticeship training.

"(2) take into consideration the extent to which the prime sponsors devote funds made available under title I and section 304(a) (1), (2), and (3) of this Act for the purpose of carrying out a youth incentive entitlement project or for supportive services;

"(3) take into consideration the extent to which new and different classifications, occupations, or restructured jobs are created for youth;

"(4) select only prime sponsors which submit proposals which include—

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SEC. 1. This Act may be cited as the "Grand Canyon National Park Enlargement Act".

DECLARATION OF POLICY

SEC. 2. It is the object of this Act to provide for the recognition by Congress that the entire Grand Canyon, from the mouths of the Paria River to the Grand Wash Cliffs, including tributary side canyons and surrounding plateaus, is a natural feature of national and international significance. Congress therefore recognizes the need for, and in this Act provides for, the further protection and interpretation of the Grand Canyon in accordance with its true significance.

ENLARGEMENT OF GRAND CANYON NATIONAL PARK BOUNDARIES

SEC. 3. (a) In order to add to the Grand Canyon National Park certain prime portions of the canyon area possessing unique natural, scientific, and scenic values, the Grand Canyon National Park shall comprise, subject to any valid existing rights under the Navajo Boundary Act of 1934, all those lands, waters, and interests therein, constituting approximately one million two hundred thousand acres, located within the boundaries as depicted on the drawing entitled "Boundary Map, Grand Canyon National Park," numbered 113-20, 021 B and dated December 1974, a copy of which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

(b) For purposes of this Act, the Grand Canyon National Monument and the Marble Canyon National Monument are abolished.

(c) The Secretary of the Interior shall study the lands within the former boundaries of the Grand Canyon National Monument commonly known as the Tuckup Point, Slide Mountain, and Jensen Tank areas to determine whether any portion of these lands might be unsuitable for park purposes and whether in his judgment the public interest might be better served if they were deleted from the Grand Canyon National Park. The Secretary shall report his findings and recommendations to the Congress no later than one year from the date of enactment of this Act.

ACQUISITION OF LANDS BY DONATION OR EXCHANGE

SEC. 4. (a) Within the boundaries of the Grand Canyon National Park, as enlarged by this Act, the Secretary of the Interior (hereinafter referred to as the "Secretary") may acquire land and interest in land by donation, purchase with donated or appropriated funds, or exchange.

(b) Federal lands within the boundaries of such park are hereby transferred to the jurisdiction of the Secretary for the purposes of the Act.

PROHIBITION AGAINST TAKING OF STATE OR INDIAN LANDS

SEC. 5. Notwithstanding any other provision of this Act (1) land or interest in land owned by the State of Arizona or any political subdivision thereof may be acquired by the Secretary under this Act only by donation or exchange and (2) no land or interest in land, which is held in trust for any Indian tribe or nation, may be transferred to the United States under this Act or for purposes of this Act except after approval by the governing body of the respective Indian tribe or nation.

Such agreements shall include, but not be limited to, authority for the Secretary to develop and operate interpretative facilities and programs on lands and waters outside of the boundaries of such park, with the concurrence of the owner or administrator thereof, to the end that there will be a unified interpretation of the entire Grand Canyon.

PRESERVATION OF EXISTING GRAZING RIGHTS

SEC. 7. Where any Federal lands within the Grand Canyon National Park, as enlarged by this Act, are legally occupied or utilized on the effective date of this Act for grazing purposes, pursuant to a Federal lease, permit, or license, the Secretary shall permit the persons holding such grazing privileges to continue in the exercise thereof during the term of the lease, permit, or license, and periods of renewal thereafter: *Provided,* That no such renewals shall be extended beyond the period ending ten years from the date of enactment of this Act, except that any present lease, permit, or license within the boundaries of the Grand Canyon National Monument as abolished by subsection 3(b) of this Act may be renewed

during the life of the present holder which renewals shall terminate upon the death of the present holder.

AIRCRAFT REGULATION

SEC. 8. Whenever the Secretary has reason to believe that any aircraft or helicopter activity or operation may be occurring or about to occur within the Grand Canyon National Park, as enlarged by this Act, including the airspace below the rims of the canyon, which is likely to cause an injury to the health, welfare, or safety of visitors to the park or to cause a significant adverse effect on the natural quiet and experience of the park, the Secretary shall submit to the Federal Aviation Agency, the Environmental Protection Agency pursuant to the Noise Control Act of 1972, or any other responsible agency or agencies such complaints, information, or recommendations for rules and regulations or other actions as he believes appropriate to protect the public health, welfare, and safety or the natural environment within the park. After reviewing the submission of the Secretary, the responsible agency shall consider the matter, and after consultation with the Secretary, shall take appropriate action to protect the park and visitors.

PRESERVATION OF EXISTING RECLAMATION PROVISIONS

(5) no commercial timber production, no commercial mining or mineral production, and no commercial or industrial development shall be permitted on such lands: *Provided further*, That the Secretary may authorize the establishment of such tribal small business enterprises as he deems advisable to meet the needs of the tribe which are in accordance with the plan provided in paragraph (4) of this section;

The Secretary of the Interior is authorized to contract with the Secretary of Agriculture for any services or materials deemed necessary to institute or carry out any such measures. Any authorized Federal programs available to any other Indian tribes to enhance their social, cultural, and economic well-being shall be deemed available to the tribe on these lands so long as such programs or projects are consistent with the purposes of this Act. For these purposes, and for the purpose of managing and preserving the resources of the Grand Canyon National Park, the Secretary shall have the right of access to any lands hereby included in the Havasupai Reservation. Nothing in this Act shall be construed to prohibit access by any members of the tribe to any sacred or religious places or burial grounds, native foods, paints, materials, and medicines located on public lands not otherwise covered in this Act.

(d) The Secretary shall permit any person presently exercising grazing privileges pursuant to Federal permit or lease in that part of the Kaibab National Forest designated as the "Raintank Allotment", and which is included in the Havasupai Reservation by this section, to continue in the exercise thereof, but no permit or renewal shall be extended beyond the period ending ten years from the date of enactment of this Act, at which time all rights of use and occupancy of the lands will be transferred to the tribe subject to the same terms and conditions as the other lands included in the reservation in paragraph (b) of this section.

To implement this policy, the Secretary, the Administrator of General Services, and the Director of the Office of Management and Budget shall establish a system with appropriate procedures to permit the Secretary full and early opportunity to make such studies and propose appropriate recommendations to disposing agencies for consideration in connection with determinations of further utilization or disposal of such property under existing law. Each affected executive agency is authorized and directed to provide to the Secretary such advice and information relating to such studies as the Secretary may request.

TITLE III—MISCELLANEOUS PROVISIONS

* * * * * * *

OLYMPIC NATIONAL PARK

SEC. 320. (a) The boundaries of Olympic National Park as established by the Act of June 29, 1938 (52 Stat. 1241), and as revised by proclamation pursuant to that Act and by or pursuant to the Act of December 22, 1942 (56 Stat. 1070), and the Act of June 11, 1958 (72 Stat. 185), are hereby revised to include the lands, privately owned aquatic lands, and interests therein within the boundaries depicted on the map entitled "Boundary Map, Olympic National Park, Washington," numbered 149-80-001-B, and dated January 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior.

(b) The Secretary of the Interior (hereinafter referred to as the "Secretary") shall, beginning within thirty days after the date of enactment of this Act, consult with the Governor of the State of Washington, the Board of Commissioners of Clallam County, and the affected landowners, and shall locate a boundary encompassing all of the shoreline of Lake Ozette, including privately owned aquatic lands not within the boundary of the park on the date of enactment of this Act: *Provided,* That such boundary shall be located not less than two hundred feet set back from the ordinary high-water mark of Lake Ozette: *Provided further,* That the privately owned lands encompassed within the park by such boundary shall not exceed one thousand five hundred acres. The Secretary shall, within one hundred and eighty days after the date of enactment of this Act, and following reasonable notice in writing to the Committees on Interior and Insular Affairs of the Senate and House of Representatives of his intention to do so, publish in the Federal Register a detailed description of the boundary located pursuant to this subsection. Upon such publication the Secretary is authorized to revise the map on file pursuant to subsection (a) of this section accordingly, and such revised map shall have the same force and effect as if included in this Act.

(c) Section 5 of the said Act of June 29, 1938, is amended by deleting the second sentence, and inserting

in lieu thereof: "The boundaries of Olympic National Park may be revised only by Act of Congress."

(d) Notwithstanding any other provision of law, within the boundaries of the park as revised by and pursuant to this Act, the Secretary is authorized to acquire lands, privately owned aquatic lands, and interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer from any Federal agency. Property so acquired shall become part of Olympic National Park and shall be administered by the Secretary subject to the laws and regulations applicable to such park. The Secretary is authorized and directed to exclude from the boundaries of the park such private lands and publicly owned and maintained roads within Grays Harbor County which are near and adjacent to Lake Quinault, and which do not exceed two thousand, one hundred and sixty-eight acres in total. Prior to excluding such lands from the park, the Secretary shall study and investigate current and prospective uses of the private lands, as well as the implications of their exclusion both for the lands involved and for Olympic National Park. The results of such study shall be transmitted to the President and to the Congress within two years of the enactment of this Act, and shall take effect unless disapproved by simple majority vote of the House of Representatives or the Senate of the United States of America within ninety legislative days of their submission to the Congress. Property excluded from the boundaries of the park by this Act may be exchanged for non-Federal property within the boundaries; or it may be transferred to the jurisdiction of any Federal agency or to the State of Washington or a political subdivision thereof, without monetary consideration, as the Secretary may deem appropriate. Any such Federal property transferred to the jurisdiction of the Secretary of Agriculture for national forest purposes shall upon such transfer become part of the national forest and subject to the laws and regulations pertaining thereto. Any property excluded from the park by this Act which is within the boundaries of an Indian reservation may be transferred in trust to such Indian tribe, subject, however, to the express condition that any concessioner providing public services shall be permitted to continue to provide such services in such manner and for such period as set forth in his concession contract, that the Secretary of the Interior is authorized to pay all franchise fees collected from the concessioner under the contract to said Indian Tribe, and that in the event his contract is terminated, the United States shall purchase his possessory interest in accordance with the Act of October 9, 1965 (79 Stat. 969). The acquisition of lands by the United States in trust for an Indian tribe pursuant to this title shall not confer any hunting or fishing rights upon such tribe

which were not vested in such tribe prior to the acquisition of such lands.

(e)(1) Any owner or owners of improved property within the boundaries of the park, as revised by and pursuant to this Act may, on the date of its acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for such noncommercial residential purposes as existed on or before January 1, 1976, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the right retained by the owner.

(2) As used in this title, the term "improved property" shall mean any single-family dwelling on which construction was begun before January 1, 1976, together with so much of the land on which the dwelling is situated (such land being in the same ownership as the dwelling) as shall be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, as the Secretary shall designate. The amount of the land so designated shall in every case be not more than three acres in area: *Provided,* That the Secretary may exclude from the land so designated any beach or water, together with so much of the land adjoining any such beach or water, as he may deem necessary for public access thereto.

(f) The Secretary is directed to acquire in fee all other privately owned lands added to the park by and pursuant to this Act, and to acquire within three years of adoption of this Act so much of such lands as can be acquired by donation, exchange, or purchase, to the extent of available funds, and to report to Congress on the third anniversary of adoption of this Act the estimated amount of appropriations which would be necessary to acquire the remainder, if any, of such lands by condemnation. The compensation for such lands shall be their fair market value on the date of their acquisition, taking into account applicable land use regulations in effect on January 1, 1976.

(g) Notwithstanding the provisions of the preceding subsection, any noncorporate owner or owners, as of January 1, 1976, of property adjacent to Lake Ozette may retain title to such property: *Provided*, That such owner or owners consent to acquisition by the Secretary or scenic easements or other interests that allow only those improvements that the Secretary finds to be reasonably necessary for continued use and occupancy. Any such owner or owners who elects to improve his property or a portion thereof shall submit to the Secretary a plan which shall set forth the manner in which the property is to be improved and the use to which it is proposed to

be put. If, upon review of such plan, the Secretary determines that it is compatible with the limitations of this subsection, he in his discretion may issue a permit to such owner and a certificate to that effect. Upon issuance of any such certificate and so long as such property is maintained and used in conformity therewith, the authority of the Secretary to acquire such property or interest therein without the consent of the owner shall be suspended.

(h) In order to minimize economic dislocation in acquiring property within the park, the Secretary may acquire with the consent of the owner, lands and interests in lands outside the boundaries of the park, but within the State of Washington, and with the concurrence of the Secretary of Agriculture, he may utilize lands and interests therein within a national forest in the State of Washington hereby authorized to be transferred to the Secretary, for the purpose of exchanging lands and interests so acquired or transferred for property within the park.

(i) Effective upon acceptance thereof by the State of Washington (1) the jurisdiction which the United States acquired over those lands excluded from the boundaries of Olympic National Park by subsection 1(a) of this Act is hereby retroceded to the State: *Provided*, That the lands restored to the Quileute Indian Reservation shall be subject to the same State and Tribal jurisdiction as all other trust lands within said Reservation; and (2) there is hereby retroceded to such State concurrent legislative jurisdiction, as the Governor of the State of Washington and the Secretary shall determine, over and within all territory within the boundaries of the park as revised by this Act.

(j) There is hereby authorized to be appropriated not to exceed $13,000,000 for the acquisition of lands, privately owned aquatic lands, or interests therein in accordance with the provisions of this title. No funds authorized to be appropriated pursuant to this title shall be available prior to October 1, 1977.

15. Redwood

An Act to amend the Act of October 2, 1968, an Act to establish a Redwood National Park in the State of California, and for other purposes. (92 Stat. 163) (P.L. 95–250)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

SEC. 101. (a) In order to protect existing irreplaceable Redwood National Park resources from damaging upslope and upstream land uses, to provide a land base sufficient to insure preservation of significant examples of the coastal redwood in accordance with the original intent of Congress, and to establish a more meaningful Redwood National Park for the use and enjoyment of visitors, the Act entitled "An Act to establish a Redwood National Park in the State of California, and for other purposes", approved October 2, 1968 (82 Stat. 931), is amended as follows:

(1) In subsection 2(a) after "September 1968," insert "and the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167–80005–D and dated March 1978.".

(2) In section 2, subsection (a), delete "fifty-eight thousand" and substitute "one hundred and six thousand" and delete the period at the end of the subsection and add "and publicly owned highways and roads." In section 2, subsection (b), delete "by donation only". At the end of section 2, insert the following new subsection "(c)":

"(c) Within the area outside the boundaries of Redwood National Park indicated as the 'Park Protection Zone' on the map entitled 'Proposed Additions, Redwood National Park, California', numbered 167–80005–D and dated March 1978, the Secretary is authorized to acquire lands and interests in land: *Provided*, That lands may be acquired from a willing seller or upon a finding by the Secretary that failure to acquire all or a portion of such lands could result in physical damage to park resources and following notice to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the House of Representatives. Any lands so acquired shall be managed in a manner which will maximize the protection of the resources of Redwood National Park, and in accordance with the Act of October 21, 1976 (90 Stat. 2743). Acquisition of a parcel of land under the authority of this subsection shall not as a result of such acquisition diminish the right of owners of adjacent lands to the peaceful use and enjoyment of their land and shall not

confer authority upon the Secretary to acquire additional lands except as provided in this subsection.".

(3) In subsection 3(a), delete the period at the end of the second sentence and add the following: "which donation of lands or interest in lands may be accepted in the discretion of the Secretary subject to such preexisting reverters and other conditions as may appear in the title to these lands held by the State of California, and such other reverters and conditions as may be consistent with the use and management of the donated lands as a portion of Redwood National Park. Notwithstanding any other provision of law, the Secretary may expend appropriated funds for the management of and for the construction, design, and maintenance of permanent improvements on such lands and interests in land as are donated by the State of California in a manner not inconsistent with such reverters and other conditions.".

(4) In subsection 3(b)(1), after "NPS–RED–7114–B", insert "and effective on the date of enactment of this phrase, there is hereby vested in the United States all right, title, and interest in, and the right to immediate possession of, all real property within the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167–80005–D and dated March 1978, and all right, title, and interest in, and the right to immediate possession of the down tree personal property (trees severed from the ground by man) severed prior to January 1, 1975, or subsequent to January 31, 1978, within the area indicated as 'Proposed Additions' on the map entitled 'Additional Lands, Redwood National Park, California', numbered 167–80005–D and dated March 1978,".

At the end of subsection 3(b)(1), insert the following new paragraphs: "Down tree personal property severed subsequent to December 31, 1974, and prior to February 1, 1978 may be removed in accordance with applicable State and Federal law, or other applicable licenses, permits, and existing agreements, unless the Secretary determines that the removal of such down timber would damage second growth resources or result in excessive sedimentation in Redwood Creek: *Provided, however*, That down timber lying in stream beds may not be removed without permission of the Secretary: *Provided*, That such removal shall also be subject to such reasonable conditions as may be required by the Secretary to insure the continued availability of raw materials to Redwoods United, Incorporated, a nonprofit corporation located in Manila, California.

"The Secretary shall permit, at existing levels and extent of access and use, continued access and use of each acquired segment of the B line, L line, M line, and K and K roads by each current affected woods employer or its successor in title and interest: *Provided*, That such use

is limited to forest and land management and protection purposes, including timber harvesting and road maintenance. The Secretary shall permit, at existing levels and extent of access and use, continued access and use of acquired portions of the Bald Hills road by each current affected woods employer or its successor in title and interest: *Provided further*, That nothing in this sentence shall diminish the authority of the Secretary to otherwise regulate the use of the Bald Hills road.".

(5) In subsection 3(b)(2), delete the last sentence and add the following sentences at the end of the paragraph: "Any action against the United States with regard to the provisions of this Act and for the recovery of just compensation for the lands and interests therein taken by the United States, and for the down tree personal property taken, shall be brought in the United States district court for the district where the land is located without regard to the amount claimed. The United States may initiate proceedings at any time seeking a determination of just compensation in the district court in the manner provided by sections 1358 and 1403 of title 28, United States Code, and may deposit in the registry of the court the estimated just compensation, or a part thereof, in accordance with the procedure generally described by section 258a of title 40, United States Code. Interest shall not be allowed on such amounts as shall have been paid into the court. In the event that the Secretary determines that the fee simple title to any property (real or personal) taken under this section is not necessary for the purposes of this Act, he may, with particular attention to minimizing the payment of severance damages and to allow for the orderly removal of down timber, revest title to such property subject to such reservations, terms, and conditions, if any, as he deems appropriate to carry out the purposes of this Act, and may compensate the former owner for no more than the fair market value of the rights so reserved, except that the Secretary may not revest title to any property for which just compensation has been paid; or, the Secretary may sell at fair market value without regard to the requirements of the Federal Property and Administrative Services Act of 1949, as amended, such down timber as in his judgment may be removed without damage to the park, the proceeds from such sales being credited to the Treasury of the United States. If the State of California designates a right-of-way for a bypass highway around the eastern boundary of Prairie Creek Redwood State Park prior to October 1, 1984, the Secretary is authorized and directed to acquire such lands or interests in lands as may be necessary for such a highway and, subject to such conditions as the Secretary may determine are necessary to assure the adequate protection of Redwood National Park, shall thereupon donate the designated right-of-way to the State of California for a new bypass

highway from a point south of Prairie Creek Redwood State Park through the drainage of May Creek and Boyes Creek to extend along the eastern boundary of Prairie Creek Redwood State Park within Humboldt County. Such acreage as may be necessary in the judgment of the Secretary for this conveyance, and for a buffer thereof, shall be deemed to be a publicly owned highway for purposes of section 101(a)(2) of this amendment effective on the date of enactment of this section.".

(6) In subsection 3(e), delete "sixty days" in the last sentence and add the following sentences at the end of the subsection: "Effective on the date of enactment of this sentence, there are made available from the amounts provided in section 10 herein or as may be hereafter provided such sums as may be necessary for the acquisition of interests in land. Effective on October 1, 1978, there are authorized to be appropriated such sums as may be necessary for the implementation of contracts and cooperative agreements pursuant to this subsection: *Provided*, That it is the express intent of Congress that the Secretary shall to the greatest degree possible insure that such contracts and cooperative agreements provide for the maximum retention of senior employees by such owners and for their utilization in rehabilitation and other efforts. The Secretary, in consultation with the Secretary of Agriculture, is further authorized, pursuant to contract or cooperative agreement with agencies of the Federal Executive, the State of California, any political or governmental subdivision thereof, any corporation, not-for-profit corporation, private entity or person, to initiate, provide funds, equipment, and personnel for the development and implementation of a program for the rehabilitation of areas within and upstream from the park contributing significant sedimentation because of past logging disturbances and road conditions, and, to the extent feasible, to reduce risk of damage to streamside areas adjacent to Redwood Creek and for other reasons: *Provided further*, That authority to make payments under this subsection shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts. Such contracts or cooperative agreements shall be subject to such other conditions as the Secretary may determine necessary to assure the adequate protection of Redwood National Park generally, and to provide employment opportunities to those individuals affected by this taking and to contribute to the economic revival of Del Norte and Humboldt Counties in northern California. The Secretary shall undertake and publish studies on erosion and sedimentation originating within the hydrographic basin of Redwood Creek with particular effort to identify sources and causes, including differentiation between natural and man-aggravated conditions, and shall adapt his general management plan to benefit from the results of such

studies. The Secretary, or the Secretary of Agriculture, where appropriate, shall also manage any additional Federal lands under his jurisdiction that are within the hydrographic basin of Redwood Creek in a manner which will minimize sedimentation which could affect the park, and in coordination with plans for sediment management within the basin. To effectuate the provisions of this subsection, and to further develop scientific and professional information and data concerning the Redwood Forest ecosystem, and the various factors that may affect it, the Secretary may authorize access to the area subject to this subsection by designated representatives of the United States.".

(b) The first section of the Act of August 18, 1970 (84 Stat. 825), is amended by adding the following: "Congress further reaffirms, declares, and directs that the promotion and regulation of the various areas of the National Park System, as defined in section 2 of this Act, shall be consistent with and founded in the purpose established by the first section of the Act of August 25, 1916, to the common benefit of all the people of the United States. The authorization of activities shall be construed and the protection, management, and administration of these areas shall be conducted in light of the high public value and integrity of the National Park System and shall not be exercised in derogation of the values and purposes for which these various areas have been established, except as may have been or shall be directly and specifically provided by Congress.".

(c) Notwithstanding any provision of the Act of October 2, 1968, supra, the vesting in the United States of all right, title, and interest in, and the right to immediate possession of, all real property and all down tree personal property within the area indicated as "Proposed Additions" on the map entitled "Additional Lands, Redwood National Park, California," numbered 167–80005–D and dated March 1978, as established by subsection (a)(4) of the first section of this Act, shall be effective on the date of enactment of this section. The provisions of subsection 3(b)(3) of the Act of October 2, 1968, supra, shall also relate to the effective date of this section. From the appropriations authorized for fiscal year 1978 and succeeding fiscal years such sums as may be necessary may be expended for the acquisition of lands and interests in lands, and down tree personal property, authorized to be acquired, or acquired, pursuant to the provisions of this Act.

SEC. 102. (a) The Secretary, in consultation with the Secretaries of Agriculture, Commerce, and Labor, shall conduct an analysis of appropriate Federal actions that may be necessary or desirable to mitigate any adverse economic impacts to public and private segments of the local economy, other than the owners of properties taken by this Act, as a result of the addition of property to

Redwood National Park under the first section of this Act. The Secretaries shall also consider the benefits of making grants or entering into contracts or cooperative agreements with the State of California or Del Norte and Humboldt Counties as provided by subsection (b) for the purpose of development and implementation of a program of forest resource improvement and utilization, including, but not limited to, reforestation, erosion control, and other forest land conservation measures, fisheries and fish and wildlife habitat improvements, and wood energy facilities. Not later than January 1, 1979, the Secretary shall submit to the Speaker of the House of Representatives and the President of the Senate a report of his analysis, including his recommendations with respect to actions that should be taken to mitigate any significant short-term and long-term adverse effects on the local economy caused by such addition.

(b) The Secretary of Commerce and the Secretary of Labor, in consultation with the Secretary, and pursuant to his study, shall apply such existing programs as are necessary and appropriate to further mitigate identified employment and other adverse economic impacts on public and private segments of the local economy, other than with regard to the payment of just compensation to the owners of properties taken by this Act and by the Act of October 2, 1968, supra. In addition to the land rehabilitation and employment provisions of this Act, which should have a substantial positive economic effect on the local economy, the Secretaries of Commerce and Labor are further authorized and directed to implement existing authorities to establish employment programs, pursuant to such grants, contracts and cooperative agreements with agencies of the Federal Executive, the State of California, any political or governmental subdivision thereof, any corporation, not-for-profit corporation, private entity or person, for the development and implementation of such programs, as, in the discretion of the Secretaries of Commerce and Labor, may be necessary to provide employment opportunities to those individuals affected by this taking and to contribute to the economic revival of Del Norte and Humboldt Counties, in northern California. Effective on October 1, 1978, there are authorized such sums as may be necessary to carry out the employment and economic mitigation provisions of this Act: *Provided*, That the authority to make payments under this section shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts.

(c) The Secretary of Agriculture within one year after the date of enactment of this Act, shall prepare and transmit to Congress a study of timber harvest scheduling alternatives for the Six Rivers National Forest. Such alternatives shall exclude the timber inventories now standing on units of the Wilderness Preservation System

and shall be consistent with laws applicable to management of the national forests. In developing the alternatives, the Secretary shall take into consideration economic, silvicultural, environmental, and social factors.

PREFERENTIAL HIRING

SEC. 103. (a) In order to utilize the skills of individuals presently working in the woods and in the mills to the greatest degree possible to both ease the personal economic effects of this taking, and to assist in the necessary rehabilitation, protection, and improvement of lands acquired by this Act through implementation of sound rehabilitation and land use practices, the Secretary shall have power to appoint and fix the compensation of seven full-time and thirty-one temporary personnel to assist in carrying out such programs necessary for the protection and enhancement of Redwood National Park. In filling these positions, preference shall be given to affected employees (as defined in title II of this Act) for a period ending on September 30, 1984, notwithstanding applicable civil service laws and regulations.

(b) In order to effectively administer the expanded Redwood National Park created by this Act in a manner that will provide maximum protection to its resources and to provide for maximum visitor use and enjoyment to ease the local economic effects of this taking, the Secretary shall have power to appoint and fix the compensation of two full-time and twenty temporary employees in the competitive service. In filling these positions, preference shall be given to affected employees (as defined in title II) for a period ending on September 30, 1984, notwithstanding applicable civil service laws and regulations. The Secretary shall further have power to appoint and fix the compensation of an additional thirty-two full-time and forty temporary employees in the competitive service as provided by this subsection at the time of the donation of those park lands or interests in land owned by the State of California as are within the boundaries of Redwood National Park as provided herein. In filling these positions, preference shall be given to those State employees affected by this transfer for a period not to exceed six years from the date of transfer; permanent State civil service employees shall be provided the opportunity to transfer to a comparable Federal civil service classification notwithstanding applicable civil service laws and regulations.

(c) An affected employee shall be given full consideration for certain civilian jobs as provided in this section both with the Federal Government and with those private employers that have certain undertakings or programs that involve Federal participation or approval for

the period beginning on the date of enactment of this Act and ending September 30, 1984, if the positions will be primarily located in Humboldt or Del Norte Counties or other counties in California adjacent thereto, and if the employee is otherwise qualified under this section.

(d)(1) Any Federal agency that is creating or filling a civilian Federal job that is within the scope of clause (2)(A) of this subsection, pursuant to contract, civil service merit system, or otherwise, that will be primarily located in Humboldt or Del Norte Counties, California, or other counties in California adjacent thereto, must provide notice in advance of the availability of that job and must provide qualified affected employee applicants for these positions with full consideration for these positions if the further conditions set forth in clause (2)(B) of this subsection are met. The notice required by this paragraph shall be as provided by applicable law and regulation through the offices of the Employment and Training Services located in Humboldt and Del Norte Counties, California, and through such other means as are likely to gain the attention of affected employees.

(2) Consideration for employment under this section shall be provided under the following conditions:

(A) the job involves skills and training that could reasonably be expected to have been gained by individuals who have been employed as logging and related woods employees or sawmill, plywood, and other wood processing employees, or office employees, or that can reasonably be expected to be gained while so employed, or pursuant to retraining as provided herein; and

(B) the applicant has the ability, or can reasonably be expected to have the ability after appropriate training of reasonable duration as further provided herein, to perform the duties of the job: *Provided*, That the full consideration shall not be required with respect to those affected employee applicants requiring training in a situation where the schedule for completion of the work is such that the period during which said employee can reasonably be expected to work following completion of training is determined by the Secretary to be incommensurate with the time and funds required to provide said employee with the necessary training.

(e)(1) Any Federal agency involved in the manner provided herein with a private employer responsible for filing an employment position that is within the scope of clause (2)(A) of subsection (d), above, that will be primarily located in Humboldt or Del Norte Counties, or other counties in California adjacent thereto, is directed to require that any Federal contracts, grants, subsidies, loans, or other forms of funding assistance, and any Federal lease, permit, license, certificate, or other entitlement for use, not constituting an existing property right

as of the date of enactment of this Act, that is a condition to or a requirement of the conduct of harvesting and related activities or replanting and land rehabilitation or the conduct of wood processing and related activities or the conduct of highway construction and related activities shall be subject to and conditioned upon said private employer giving full consideration to affected employees as provided herein.

(2) Any private employer who participates with a Federal agency in the manner described above and who is, accordingly, subject to the requirements as provided herein, shall—

(A) provide notice of the availability of those jobs described in subsection (d)(2)(A) in the manner generally provided by subsection (d)(1); and

(B) provide full consideration to qualified affected employee applicants for these positions if the further conditions established by clause (2)(B)of subsection (d) are met.

(f) The Secretary is directed to seek and authorized to enter into agreements with affected employers and industry employers providing that full consideration shall be given with respect to the employment of affected employees who had been employed by affected employers in jobs that may become available in Humboldt and Del Norte Counties and other counties adjacent thereto. The execution and carrying out of such an agreement, or the giving of full consideration to the employment of affected employees under subsection (c) of this section, shall not subject an employer to any additional liability or obligations under any Federal or State equal employment law, rule, regulation, or order.

(g)(1) The Secretary, except as otherwise provided, shall be responsible for the implementation of this section and—

(A) is authorized and directed to make needed training available, upon application, to an affected employee applicant who, although not presently qualified for a position, can be reasonably expected to be qualified after appropriate training;

(B) is authorized to take such actions as may be necessary to ensure that an affected employee is not denied full consideration because of the need for training where there is no substantial reason to believe that the applicant would be unable to perform the duties of the job after proper training. If the job is one which must be filled while the affected employee would be in training, the Secretary shall encourage the employer to fill the job only on a temporary basis subject to the successful completion of the training by the affected employee;

(C) shall require that, in a case in which two or more affected employee applicants have approximately equal qualifications for a job for which they

are to receive full consideration, that applicant with the greatest creditable service shall be given preference among those applicants entitled to full consideration; and

(D) upon the filing of a complaint by an employee who alleges that said employee's rights to full consideration were disregarded, the Secretary shall make a finding on the merits of such complaint. If it is determined that there has been noncompliance with this section, the Secretary shall take such action as may be appropriate to correct the situation.

(2) To assist in implementing this section, agencies shall notify the Secretary, in advance, of any job opening as provided for by subsection (d) and of any Federal commitment as provided for by subsection (e).

(3) The Secretary shall—

(A) seek the cooperation of the State of California and the county and local governments within Humboldt and Del Norte Counties in the implementation of the provisions of this section and in the adoption of similar provisions for full consideration of affected employees with regard to State, county, and local jobs and activities; and

(B) appoint, from among nominees proposed by certified or recognized unions representing employees, a person or persons who shall serve as the Secretary's liaison with employees and their union and as consultant to the Secretary with regard to the administration of those provisions of this Act for which the Secretary is responsible.

(h) An employee, a group of employees, a certified or recognized union, or an authorized representative of such employee or group, aggrieved by any determination by the Secretary under this Act shall be entitled to judicial review of such determination in the same manner and under the same conditions as provided by section 250 of The Trade Act of 1974 (88 Stat. 2029).

(i) Nothing in this section shall be construed to affect any additional or alternative rights under a law, regulation, or contract (including, but not limited to, veteran preference and contracts between private employers and unions) in effect as of the date of enactment of this Act, and the implementation of this section shall be carried out in accord with applicable civil service laws and regulations except as otherwise provided for in this section. Employees appointed to Federal jobs pursuant to this section shall have their compensation fixed at rates not to exceed that now or hereafter prescribed for the highest rate of grade 15 of the General Schedule under section 5332 of title 5, United States Code.

SEC. 104. (a) The Secretary shall submit an annual written report to the Congress on January 1, 1979, and annually thereafter for ten years, reporting on the status of payment by the Secretary for real property acquired

pursuant to section 101(a)(4) and section 101(a)(2) of this amendment; the status of the actions taken regarding land management practices and watershed rehabilitation efforts authorized by section 101(a)(6) and section 102(b) of this amendment; the status of the efforts to mitigate adverse economic impacts as directed by this Act; this status of National Park Service employment requirements as authorized by section 103 of this amendment; the status of the new bypass highway and of the agreement for the donation of the State park lands as contemplated by section 101(a)(5) of this amendment; and, the status of the National Park Service general management plan for the park.

(b) No later than January 1, 1980, the Secretary shall submit to the Committee on Interior and Insular Affairs of the House of Representatives, and to the Committee on Energy and Natural Resources of the Senate, a comprehensive general management plan for Redwood National Park, to include but not be limited to the following:

(1) the objectives, goals, and proposed actions designed to assure the preservation and perpetuation of a natural redwood forest ecosystem;

(2) the type and level of visitor use to be accommodated by the park, by specific area, with specific indications of carrying capacities consistent with the protection of park resources;

(3) the type, extent, and estimated cost of development proposed to accommodate visitor use and to protect the resource, to include anticipated location of all major development areas, roads, and trails; and

(4) the specific locations and types of foot trail access to the Tall Trees Grove, of which one route shall, unless shown by the Secretary to be inadvisable, principally traverse the east side of Redwood Creek through the essentially virgin forest, connecting with the roadhead on the west side of the park east of Orick.

SEC. 105. Effective on October 1, 1978, there are hereby authorized to be appropriated $33,000,000 to carry out the rehabilitation provisions of this Act.

SEC. 106. (a) Notwithstanding any contrary provision of the Act entitled "An Act to provide for certain payments to be made to local governments by the Secretary of the Interior based upon the amount of certain public lands within the boundaries of such locality", approved October 20, 1976 (90 Stat. 2662), the Secretary is authorized and directed to make payments on a fiscal year basis to each unit of local government, in the manner provided by the Act of October 20, 1976, in which lands owned by the United States within Redwood National Park are located. Such payments may be used for any governmental purpose. The amount of such pay-

ments shall be computed as provided in subsections (b) and (c).

(b) Payment made for any fiscal year to a unit of local government shall include that amount determined pursuant to the provisions of section 2 of the Act of October 20, 1976.

(c) Payment made for any fiscal year to a unit of local government shall also include that amount determined pursuant to the provisions of section 3 of the Act of October 20, 1976: *Provided, however*, That any amount computed as provided by section 3(c)(1) of the Act of October 20, 1976, but not paid because of the limitation of subsection (c)(2) and subsection (d) of that section shall be carried forward and shall be applied to future years in which this portion of the total payment would not otherwise equal the amount of real property taxes assessed and levied on such property during the last full fiscal year before the fiscal year in which such land or interest was acquired for addition to Redwood National Park until such amount is exhausted.

(d) The Redwoods Community College District shall be considered as an affected school district for purpose of section 3(a) of the Act of October 20, 1976, as amended herein.

SEC. 107. The Secretary is further authorized, and the Congress specifically directs that it shall be a purpose of this Act, that the community services and employment opportunities provided by Redwoods United, Incorporated, a nonprofit corporation located in Manila, California, shall be maintained at the present rate of employment to the greatest degree practicable.

SEC. 108. The Congress further acknowledges and directs that the full faith and credit of the United States is pledged to the prompt payment of just compensation as provided for by the fifth amendment to the Constitution of the United States for those lands and properties taken by this Act.

SEC. 109. Unless otherwise indicated hereinbefore, a reference to the Secretary will refer to the Secretary of the Department of the Interior, except in subsections 103(d) through 103(i), where a reference to the Secretary will refer to the Secretary of the Department of Labor.

(11) "affected employee" means a covered employee who is either totally or partially laid off by an affected employer within a time period beginning on or after May 31, 1977, and ending September 30, 1980, unless extended, as provided in section 203, or is determined by the Secretary to be adversely affected by the expansion of the Redwood National Park. An employee shall be deemed adversely affected as of the date of the employee's layoff, downgrading, or termination;

(12) "total layoff" means a calendar week during which affected employers have made no work available to a covered employee and made no payment to said covered employee for time not worked, and "partial layoff" means a calendar week for which all pay received by a covered employee from affected employers is at least 10 per centum less than the layoff or vacation replacement benefit that would have been payable for that week had said covered employee suffered a total layoff: *Provided*, That the terms "total layoff" and "partial layoff" shall also apply to a covered employee who had received any workers' compensation benefits or unemployment compensation disability benefits after said covered employee becomes able to work and available for work and is otherwise within the meaning of total layoff and partial layoff as defined in this paragraph;

(13) "Federal agency" has the same meaning as "agency" in section 552(c) of title 5, United States Code;

(15) "seniority" with respect to an employee covered by a collective-bargaining agreement with an affected employer, shall be determined as provided in such agreement and shall be deemed to refer to company seniority, if the agreement provides for such seniority and, otherwise, to plant seniority;

(16) "continuous service" with respect to employees not having seniority under a collective-bargaining agreement with an affected employer or an industry employer shall mean a period of time measured in months equal to the sum of all hours during which the employee performed work for said employer plus all hours for which the employee received pay for time not worked divided by one hundred and seventy-three;

(17) "performed work" shall include any time during which an employee worked for an affected employer or with respect to which an employee received pay from such an employer for time not worked, and shall also include any time during which an employee would have been at work for such an employer if not for service in the armed forces, for a leave (approved by the employer) for work with an employee organization, or for a disability for which said employee received workers' compensation, disability compensation benefits provided under California law, or social security disability pension benefits: *Provided*, That contract employees shall be deemed to have performed work during the period of such service or disability only if—

(A) the employee worked within or directly related to the expansion area immediately prior to the occurrence of such service or disability and

(B) the employee returned or sought to return to work for an affected contract employer immediately after the end of the service or disability if that was prior to the date of enactment.

The term "work performed", when used in relation to a period of time, shall also be deemed to include

any period during which an employee is deemed to have performed work;

(18) "terminal pay" means the payments to employees provided for in sections 207, 208, and 209 which, regardless of the designations used herein to distinguish among them are intended and shall be deemed to be severance pay and, as such, shall be treated for Federal income tax and State unemployment insurance purposes in the same manner as is provided by California State law;

(19) Notwithstanding any other provision of this Act, the Secretary shall reduce the amount of terminal pay for an employee, as calculated pursuant to section 207, 208, or 209, by the amount of the Federal and State income taxes which would be required to be withheld by an employer from wages equal to such terminal pay if paid to an employee with the same number of income tax exemptions as the recipient. For purposes of determining the amounts of such reductions with respect to severance payments made pursuant to sections 208 and 209, said severance payments shall be prorated over the number of weeks the equivalent sums would have been paid if the employees were eligible for and claiming the weekly layoff benefits provided in section 207. The Secretary shall withhold social security contributions from terminal pay in the same amounts as would be withheld if such pay (before the reductions provided for in this subsection) were wages and the Secretary shall make contributions on behalf of employees receiving terminal pay to the trust funds created under section 201 of the Social Security Act equal to the contributions required to be made by an employer paying wages equal to such unreduced terminal pay; and

(20) "Sixty-fifth birthday" means the last day of the month in which the sixty-fifth birthday occurs.

SEC. 202. The Secretary is authorized to develop the necessary procedures to implement this title.

AFFECTED EMPLOYEES

SEC. 203. The total or partial layoff of a covered employee employed by an affected employer during the period beginning May 31, 1977, and ending September 30, 1980, other than for a cause that would disqualify an employee for unemployment compensation, except as provided in section 205, is conclusively presumed to be attributable to the expansion of Redwood National Park: *Provided*, That the Secretary may, for good cause, extend this period for any group of covered employees by no more than one year at a time after September 30, 1980. Any covered employee laid off during that period by an

affected employer shall be considered an affected employee at any time said employee is on such layoff within the period ending September 30, 1984, or, if earlier, the end of said employee's period of protection as defined herein: *Provided, however*, That the number of affected employees with respect to an affected contract employer shall be limited in any week to that number of such employees otherwise affected as provided herein that is equal to the percentage of the affected employer's employee hours during calendar year 1977 that were worked within or directly related to the expansion area.

SEC. 204. (a) The Secretary shall provide, to the maximum extent feasible, for retention and accrual of all rights and benefits which affected employees would have had in an employment with affected employers during the period in which they are affected employees. The Secretary is authorized and shall seek to enter into such agreements as he may deem to be appropriate with affected employees and employers, labor organizations representing covered employees, and trustees of applicable pension and welfare funds, or to take such other actions as he deems appropriate to provide for affected employees (including the benefits provided for in section 207(d)) the following rights and benefits:

(1) retention and accrual of seniority rights, including recall rights (or, in the case of employees not covered by collective-bargaining agreements, application of the same preferences and privileges based upon length of continuous service as are applied under the affected employer's usual practices) under conditions no more burdensome to said employees than to those actively employed; and

(2) continuing entitlement to health and welfare benefits and accrual of pension rights and credits based upon length of employment and/or amounts of earnings to the same extent as and at no greater cost to said employees than would have been applicable had they been actively employed.

(b) The Secretary shall provide, additionally, for continuing entitlement to health and welfare benefits (other than group life and additional death, dismemberment, and loss of sight benefits) for employees who—

(1) retired from employment with an affected employer for reasons other than disability on or after May 31, 1977, but not later than September 30, 1984;

(2) are receiving pension benefits under a plan financed by industry employers;

(3) were age sixty-two or older but less than age sixty-five at the time of retirement; and

(4) are not eligible for benefits under title XVIII of the Social Security Act.

(c) The agreements described in subsection (a) of this section shall provide for the Secretary, effective October 1, 1977, to make payments on behalf of eligible affected

employees including employees eligible for the benefits provided for in section 207(d) to the applicable pension and welfare trust funds and to insurance companies. Such payments may be made in the form of grants and/or contributions equivalent to the difference between the amounts payable by their affected employers and labor organizations pursuant to collective-bargaining agreements (or, in the absence of such agreements, pursuant to established practice) and the amounts that would have been paid by their affected employers and their labor organizations had said employees worked or received pay for the periods for which they receive layoff benefits: *Provided*, That no payment shall be made to a pension fund on behalf of an employee who is receiving a pension from such fund. For purposes of determining the amounts of contributions calculated on the basis of worked or compensable hours, layoff and vacation replacement benefits shall be converted into the hours they represent in accordance with regulations to be issued by the Secretary.

(d) No person shall be subject to liability under the Employee Retirement Income Security Act of 1974, section 302 of the Labor-Management Relations Act, 1947, or any other law, solely by reason of the receipt of payments from the Secretary or the payment of benefits to affected employees in accordance with this section. Receipt of such payments and the payment of such benefits are deemed to be consistent with any relevant plan documents. No action taken pursuant to this section shall be deemed to place the Secretary in the position of an employer or a party in interest (including a fiduciary) for purposes of the Employee Retirement Income Security Act of 1974.

SEC. 205. (a) An application for unemployment compensation filed by a covered employee on or after the first Monday following the date of enactment shall be deemed an application for the benefits provided by this Act.

(b) An affected employee shall be eligible (unless said employee has received a social security retirement or disability benefit or a pension under a plan contributed to by an affected employer) for layoff and vacation replacement benefits, as defined herein, effective the first Monday following the date of enactment, for each week of total or partial layoff if, with respect to said week, said employee—

(1) is registered with the United States Employment and Training Service in Humboldt or Del Norte Counties or one of the adjacent counties in the Sate of California or at such other location as the Secretary may designate;

(2) is eligible for unemployment compensation benefits under the California Unemployment Insurance Code: *Provided*, That the Secretary is author-

ized and directed to provide for the payment of benefits under this title to an affected employee who is held ineligible or is disqualified for benefits under said code solely because of one or more of the following reasons: insufficient base period earnings; exhaustion of benefit rights; earnings in excess of the amount which would entitle the employee to a partial benefit for the week; the waiting week requirement; unavailability for work because of jury duty, National Guard duty, retraining authorized, financed or approved by a public agency, or because of a similar reason as determined by the Secretary; refusal of work which is not "suitable work" as defined in section 201(14); receipt of a worker's compensation or other benefit for partial disability which the employee would be entitled to receive while working; and any other cause of ineligibility with respect to which the Secretary determines that, under the circumstances, it would be unreasonable or otherwise contrary to the purpose of this Act to deny said employee a benefit provided for herein; and

(3) the employee's period of protection has not been exhausted or otherwise ended by acceptance of a severance payment.

SEC. 206. (a) The period of protection for an affected employee shall start with the beginning of the first week for which said employee is eligible to receive a layoff or vacation replacement benefit as provided by this title, and shall continue until the earliest of (i) the date said employee accepts a severance payment provided for below, (ii) a period equal to the length of the employee's creditable service is exhausted, or (iii) said employee's sixty-fifth birthday. In no event shall such period extend beyond September 30, 1984, except as provided by subsection (d) of section 207.

(b) Creditable service shall be computed as follows:

(1) a period equal to the length of an employee's seniority (or continuous service as defined herein) with said employee's last affected employer as of the date said employee's period of protection begins; plus

(2) a period equal to the sum of all prior periods during which the employee had seniority (or continuous service) with the same affected employer and with other industry employers: *Provided*, That if such seniority was broken (or such continuous service was interrupted) for more than three consecutive years for any reason other than employment with other affected or industry employers, periods of service in the Armed Forces or disabilities for which said employee received any workers' compensation benefits, unemployment compensation disability benefits, or disability benefits under the Social Security Act, any periods of seniority (or continuous service)

prior to the break in seniority (or interruption in continuous service) shall be disregarded.

(c) If necessary, in order to establish an employee's creditable service, the Secretary shall request authorization to examine said employee's social security wage record and shall compute such service from it by a method to be prescribed by regulation.

SEC. 207. (a) Except as further provided in this section, the amount of an eligible employee's weekly layoff benefit shall be equal to (1) the annual average of all hours of work performed by said employee for the last affected employer or whom the employee worked prior to the date of enactment of this section during those three of the five calendar years immediately preceding said date during which such hours were greatest, counting hours paid for at time and a half and double time as one and one-half and two hours, respectively, multiplied by (2) the wage rate applicable, during the week for which the benefit is payable, to the highest paid job held by said employee, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section, and divided by (3) fifty-two.

(b) The weekly benefit amount for an eligible employee with less than five calendar years of employment with one affected employer immediately prior to the enactment date shall be equal to the lessor of—

(1) the average benefit that would be payable with respect to the same week to those covered employees (if they were eligible in the same week) who had five or more calendar years of employment with the same affected employer (in accord with subsection (a) of this section) whose benefit amounts are computed on the basis of the wage rate for a job the same as, or most similar to, the highest paid job said employee had held, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section, or

(2) an amount calculated by substituting in clause (1) of subsection (a) the annual average of all hours of work performed by said employee for said employer during those calendar years for which said employee had performed work and throughout which he had seniority (or continuous service).

(c) Notwithstanding subsections (a) and (b), the Secretary shall classify as a "seasonal employee" any affected employee whose highest paid job held, other than by temporary assignment, with said affected employer during the period from January 1, 1977, through the date of enactment of this section was in an occupation in which the average annual number of weeks during which work was actually performed by all covered employees employed in said occupation during the five cal-

endar years preceding the enactment date was forty or less. With respect to such seasonal employees—

(1) the calculation of benefit amount set forth in subsection (a) shall be modified by—

(A) deducting from the hours for which said employee received pay those hours representing vacation pay and vacation pay increments and

(B) substituting for the fifty-two provided in clause (3) of subsection (a) a divisor equal to the average annual number of weeks for which said employee performed work for an affected employer in said occupation during those three of the five calendar years immediately preceding the date of enactment during which the number of such weeks was greatest: *Provided*, That this calculation shall be modified in accord with subsection (b) with respect to those employees who had less than five calendar years of employment with one affected employer immediately prior to the date of enactment of this section.

(2) the number of weekly benefits payable in any calendar year shall not exceed the annual average number of weeks for which a seasonal employee received pay from an affected employer for work performed in the employee's occupation, as established by paragraph (1)(B), and shall be payable only during those weeks of each year determined by the Secretary to be the usual season for that occupation;

(3) vacation pay and vacation pay increments shall be paid in the same amounts and at the same times of each year as they would have been paid had said employee performed work during all of the time for which said employee receives layoff benefits. Such pay is referred to herein as "vacation replacement benefits".

(d) Notwithstanding any other provision of this Act, the benefits for any affected employee who will reach the age of sixty on or before September 30, 1984, shall be extended after the end of the employee's period of protection (unless severance pay has been accepted) until the employee's sixty-fifth birthday, and shall be equal to said employee's weekly layoff benefit.

(e) The benefit amount provided by this section for any week of total or partial layoff shall be reduced by—

(1) the full amount of any earnings, including pay for time not worked with respect to the same week, from employment obtained pursuant to section 103, or employment by employers engaged in timber harvesting, or in related sawmill, plywood, and other wood processing operations;

(2) 50 per centum of earnings and pay for time not worked from any other employer with respect to that week; and

(3) the full amount of any unemployment compensation attributable to that week.

SEC. 208. (a) An affected employee (other than a short-service employee described in subsection (a) of section 209) shall be paid severance pay in accordance with this section if said employee:

(1) has been on a continuous layoff from employment with the employee's last affected employer for a period of at least twenty weeks subsequent to December 31, 1977;

(2) has no definite recall date for work with the affected employer by whom the employee was laid off and no offer of suitable work by any affected employer; and

(3) applies for severance pay during a week with respect to which said employee has not performed work for an affected employer: *Provided*, That this clause shall not result in denial of severance pay to an otherwise eligible employee who at the time of application is totally and permanently disabled as defined in the Social Security Act; or

(4) was permanently separated from employment with an affected employer during the period beginning May 31, 1977, and ending on the date of enactment of this Act, as a result of the closure of the mill or plant in which said employee was employed and has not, since said separation, been employed by an affected employer.

Provided, That an employee shall be deemed an affected employee for purposes of this section if said employee meets the requirements of clauses (1), (2), and (3) of section 204(b).

(b) The amount of severance pay payable to an employee shall be computed by multiplying the applicable number of weeks determined in accordance with subsection (c) by the amount of the weekly layoff benefit (without reduction for earnings or other benefits) which is payable, or would be payable if the employee were eligible, for the week in which the application was filed: *Provided*, That for a seasonal employee the amount so calculated, plus the amount of vacation replacement benefits applicable for that year shall be multiplied by the number of weeks in said employee's usual season, as determined in section 207(c), and the result divided by fifty-two.

(c) The number of weeks of severance pay shall be equal to one week for each month of the employee's creditable service up to a maximum of seventy-two weeks: *Provided*, That the severance payment to any employee shall not exceed the total amount of the weekly layoff and vacation replacement benefits which would have been payable if said employee were to be eligible for such benefits continuously from the week of application until

the end of the applicable period of protection (or, in the case of an employee described in the final proviso of subsection (a), until the earlier of said employee's sixty-fifth birthday or September 30, 1984), calculated on the basis of the weekly amounts of such benefits as of the date of application for severance pay.

(d) Acceptance of severance pay terminates the affected employee's period of protection and makes said employee ineligible thereafter for all other forms of terminal pay and for the protections provided in section 204, except as otherwise specifically provided in this Act.

(e) Before making a severance payment to an employee, the Secretary shall obtain said employee's written agreement that, upon resumption of employment in the industry within Humboldt and Del Norte Counties and the counties adjacent thereto in the State of California prior to September 30, 1980, or such later date established by the Secretary with respect to said employee pursuant to section 203, said employee will return it in weekly installments equal to a specified percentage of the employee's earnings in the industry, which the Secretary shall set at a reasonable level. The agreement shall include authorization for the Secretary to arrange with an employer for withholding of the applicable amounts from the employee's pay.

SHORT-SERVICE EMPLOYEES

SEC. 209. (a) Notwithstanding any other provision of this Act, an affected employee as defined in this title shall be ineligible for any benefit under this title except as provided in this section if:

(1) said employee will not reach age sixty before October 1, 1984; and

(2) said employee as of the date of becoming an affected employee, does not have service credit for pension purposes of at least five full years under a pension plan contributed to by industry employers.

(b) An affected employee described in subsection (a) shall be paid severance pay in accordance with this section if said employee meets the requirements of section 208(a).

(c) Said employee shall be paid a severance payment equal to forty times the hourly wage rate applicable at the time of application for severance pay to the highest paid job held by said employee, other than by temporary assignment, during calendar year 1977, with the employee's last affected employer for each one hundred and seventy-three hours for which said employee performed work for affected employers.

(d) Subsection (d) of section 208 shall be applicable to employees applying for and accepting severance pay-

ments pursuant to this section except that such employees shall remain eligible for allowances provided for in sections 211 and 212, and for retraining as provided for in section 210(a) and while in good faith engaged in such training shall be paid the same stipends and allowances as are generally applicable to individuals engaged in such retraining programs who are not employees as defined in this Act.

RETRAINING

SEC. 210. (a) An affected employee is eligible to apply for and the Secretary shall authorize training (including training for technical and professional occupations) at Government expense during said employee's period of protection if—

(1) the Secretary determines that there is no suitable employment available for the employee within a reasonable commuting area; and

(2) there is substantial reason to believe that the employee's employment prospects would be enhanced after successful completion of the training for which application has been filed.

(b) An affected employee engaged in training authorized by subsection (a) shall be paid layoff and vacation replacement benefits while in good faith engaged in such training and shall continue to be paid such benefits while so engaged.

SEC. 211. Upon application filed by an affected employee during said employee's period of protection, said employee shall be eligible for a job search allowance under the same terms, conditions, and amounts as provided in section 237 of the Trade Act of 1974 (19 U.S.C. 2297).

SEC. 212. (a) A relocation allowance shall be paid upon application by an affected employee during the applicable period of protection if—

(1) the Secretary determines that said employee cannot reasonably be expected to obtain suitable work in the commuting area in which said employee resides; and

(2) the employee has obtained—

(A) suitable employment affording a reasonable expectation of long-term duration in the area in which said employee wishes to relocate; or

(B) a bona fide offer of such employment; or

(3) the employee relocated during the period beginning May 31, 1977, and ending on the date of enactment, because of acceptance of employment requiring a change in residence to a location outside the commuting area in which said employee resided immediately prior to becoming an affected employee.

(b) The Secretary shall provide the same moving ex-

pense benefits for the same purposes as are set forth in the Regional Rail Reorganization Act of 1973 (Public Law 93–236).

ADMINISTRATION

SEC. 213. (a) The Secretary shall be responsible for paying promptly all benefits and payments provided by this title.

(b) Effective October 1, 1977, there are authorized to be appropriated annually such sums as may be required to meet the obligations provided for in this title.

(c) The Secretary shall have the authority to obtain information necessary to carry out the responsibilities created under this Act in the same manner as provided by section 249 of the Trade Act of 1974 (19 U.S.C. 2321).

(d) The Secretary shall offer all reasonable cooperation and assistance to individuals who believe they may qualify for the benefits, payments, preferential hiring rights, and other protections provided for employees under this Act. Among other things, the Secretary shall—

(1) provide all covered employees with literature stating their rights and obligations in nontechnical terms; and

(2) develop and implement procedures for the filing (including filing by mail in appropriate circumstances as determined by the Secretary) of applications, appeals, and complaints relating to the rights and entitlements established for employees by this title designed to facilitate prompt determinations and prompt payment to eligible applicants.

(e) The Secretary shall direct that notices, reports, applications, appeals, and information concerning the implementation of this title required to be filed with the Secretary shall be filed at the offices of the United States Employment and Training Service in Humboldt and Del Norte Counties of the State of California and that information required to facilitate employees' exercise of their rights under this title shall be kept available at such offices unless the Secretary shall designate additionally.

(f) In all cases where two or more constructions of the language of this title would be reasonable, the Secretary shall adopt and apply that construction which is most favorable to employees. The Secretary shall avoid inequities adverse to employees that otherwise would arise from an unduly literal interpretation of the language of this title.

TITLE III—ADDITION OF MINERAL KING VALLEY TO SEQUOIA NATIONAL PARK

* * * * * * *

SEC. 314. (a) It is the purpose of this section to—

(1) assure the preservation for this and future generations of the outstanding natural and scenic features of the area commonly known as the Mineral King Valley and previously designated as the Sequoia National Game Refuge; and

(2) enhance the ecological values and public enjoyment of such area by adding such area to the Sequoia National Park.

(b)(1) In order to add to the Sequoia National Park (hereinafter in this section referred to as the "park") a certain area known as Mineral King Valley possessing unique natural and scenic values, there is hereby established as part of such park all lands, waters, and interests therein, constituting approximately sixteen thousand two hundred acres designated before the date of the enactment of this Act as the Sequoia National Game Refuge and as depicted on the drawing entitled "Boundary Map, Sequoia-Kings Canyon National Park", numbered 102–90,000 and dated April 1975. A copy of such drawing shall be on file and available for public inspection in the office of the Director, National Park Service, Department of the Interior. After advising the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate in writing, the Secretary is authorized to make minor revisions of the boundaries of the park when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(2) The Sequoia National Game Refuge is hereby abolished and the Secretary of Agriculture shall transfer, without consideration, to the administrative jurisdiction of the Secretary, the area constituting such refuge, and any unexpended funds available for purposes of management of the refuge shall be available for purposes of management of the park.

(c)(1) Within the boundaries of the area added to the park pursuant to this section, the Secretary may acquire lands and interests in lands by donation, purchase with donated or appropriated funds, exchange, or transfer from other Federal departments or agencies.

(2) Where the private use of any property acquired pursuant to this subsection would, in the judgment of the Secretary, be compatible with the purposes of this section, the Secretary may, as a condition of such acquisition, permit the owner or owners of such property to retain for themselves and their successors or assigns rights of use and occupancy. Such rights of use and occupancy shall be for not more than twenty-five years or

for a term ending at the death of the owner or his or her spouse, whichever is later. The owner shall reserve such rights and elect the term to be reserved on the date of acquisition of the property. Except for so much of the property as is donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner.

(3) A right of use and occupancy retained pursuant to paragraph (2) may be terminated by the Secretary upon his determination that the property or any portion thereof is being used in a manner which is incompatible with the purposes of this section. Such right shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired as of the date of such tender. In the case of any property which was used for noncommercial purposes during the ten calendar years immediately preceding the enactment of this Act, the commercial use of such property subsequent to the enactment of this Act shall be treated as incompatible with the purposes of this section. In the case of any property which was used for commercial purposes at any time during the ten calendar years immediately preceding the enactment of this Act, any substantial change or expansion of such commercial use subsequent to the enactment of this Act without the express approval of the Secretary shall be treated as incompatible with such purposes.

(4) In exercising his authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the park to sell such property if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship. Nothing in this section, or in any other provision of law, shall prevent the Secretary from exercising his authority to acquire property referred to in this subsection at any time after the date of the enactment of this Act.

(5) If any individual tract or parcel of land acquired is partly inside and partly outside the boundaries of the park the Secretary may, in order to minimize the payment of severance damages, acquire the whole of the tract or parcel.

(6) If the management plan prepared under subsection (e) provides for improved access to the area added to the park under this section, the Secretary is authorized to acquire, by donation, purchase with donated or appropriated funds, exchange or transfer from other Federal departments or agencies, the area comprising the road from State Route 198 to, and within, the Mineral King Valley together with a right-of-way for such road of a

width sufficient to include improvements to the road and all bridges, ditches, cuts, and fills appurtenant thereto, but not exceeding a maximum average width of two hundred feet. Property acquired from the State or any political subdivision thereof may be acquired by donation only. With regard to routes of access to and within the Mineral King Valley, the Secretary shall take such measures as are necessary to protect against the effects of siltation on the ecosystem of the park.

(7) The Secretary shall report to the committees of the Congress named in subsection (b)(1) the action taken by him pursuant to this subsection. Such report shall contain information sufficient to inform such committees of—

(A) the acquisitions made by him pursuant to this subsection during the period covered by such report;

(B) his reasons why all of such property authorized to be acquired and not so acquired as of the date of such report, if any, have not been acquired; and

(C) his schedule of a timetable for the acquisition of such property referred to in subparagraph (B).

Such report shall be submitted before the expiration of the second fiscal year beginning after the date on which the comprehensive management plan is submitted to the committees of Congress pursuant to subsection (e).

(d)(1) The area added to the park by this section shall be administered in accordance with this section and the provisions of law generally applicable to units of the National Park System including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. and following) and the Act of September 25, 1890 (26 Stat. 478; 16 U.S.C. 41 and following). Any other statutory authority available to the Secretary for the conservation and management of wildlife, wildlife habitat, and natural resources may be utilized to the extent he finds such authority will further the purposes of this section.

(2)(A) Except in the case of a lease or permit which the Secretary determines to be incompatible with the administration of the park pursuant to this section, any lease or permit on Federal land within the area added to the park under this section which is in effect immediately before the enactment of this Act shall continue in effect pursuant to its terms and conditions following the expansion of the park under this section.

(B) In the case of a lease or permit which is continued under subparagraph (A), upon notice to the Secretary by the lessee or permittee of his intention to seek renewal or extension of such lease or permit, the lease or permit shall be reviewed by the Secretary, and may be renewed or extended for an additional period of five years. Any such lease or permit shall be reviewed at the end of such renewal or extension period and may also be renewed or extended in the same manner for additional five-year periods thereafter. Any renewals or extensions of leases

or permits shall be granted only to those persons who were lessees or permittees of record on the date of enactment of this Act, and any such lease or permit shall provide that the lease or permit may be terminated by the Secretary at any time if the Secretary determines that such lease or permit is incompatible with the administration of the park pursuant to this section or that the land is needed for park purposes.

(3) The Act of December 14, 1974 (88 Stat. 1660) is amended by inserting the following new section after section 4:

"SEC. 5. Notwithstanding any other provision of law, any federally owned lands incorporated within the boundaries of Sequoia National Park subsequent to the date of enactment of this Act, which entail project works, developments, lands, or facilities which are components of Federal Power Commission Project Numbered 298, shall be subject to all provisions of this Act.".

(e)(1) Within two years from the date of enactment of this Act, the Secretary, in cooperation with the State of California, shall develop and submit to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate, a comprehensive management plan for the area added to the park under this section. In the preparation of such plan, the Secretary shall give appropriate consideration to the need for the development of additional recreational opportunities and other public uses which are consistent with sound environmental management of the area and the policies of the National Park Service.

(2)(A) In preparing the comprehensive management plan required by this subsection and in preparing any subsequent revision of such plan, the Secretary shall provide for full public participation and shall consider the comments and views of all interested agencies, organizations, and individuals.

(B) For purposes of insuring such full public participation, the Secretary shall provide reasonable advance notice to State and local governments, interested Federal agencies, private organizations, and the general public of hearings, workshops, meetings, and other opportunities available for such participation. Such notice shall be published in newspapers of general circulation in the localities affected by the development and management of the park, published in the Federal Register, and communicated by other appropriate means. The Western Regional Advisory Committee of the National Park Service (or a subcommittee thereof) shall also be utilized for purposes of facilitating public involvement.

(C) The Secretaries or Directors of all Federal departments, agencies, and commissions having a relevant expertise are hereby authorized and directed to cooperate with the Secretary in his development of such plan and

to make such studies as the Secretary may request on a cost reimbursable basis.

(D) In preparing the comprehensive management plan required by this subsection, the Secretary shall consider technical information and other pertinent data assembled or produced by field studies or investigations conducted separately or jointly by the technical and administrative personnel of the Federal and State agencies involved in order to insure the permanent conservation of wildlife within the area added to the park by this section. Except in emergencies, rules and regulations pertaining to the management of wildlife within the area added to the park by this section shall be put into effect only after consultation with the State of California.

(f) There are hereby authorized to be appropriated such sums as may be necessary for the acquisition of land and interests therein described in this section.

(g) Effective upon the transfer referred to in subsection (b)(2), Public Law 85–648 (72 Stat. 604; 16 U.S.C. 45a–3) and section 6 of the Act of July 3, 1926 (44 Stat. 821; 16 U.S.C. 688) are hereby repealed. The repeal of such section 6 shall not be construed to prohibit or prevent the Secretary from exercising any authority applicable to the national parks respecting the protection of birds, game, or other wild animals.

(h) The Congress recognizes that the Mineral King Valley area has outstanding potential for certain year-round recreational opportunities, but the development of permanent facilities for downhill skiing within the area would be inconsistent with the preservation and enhancement of its ecological values.

(b) Section 2 of such Act is amended by—

(1) inserting "(a)" after "SEC. 2.";

(2) adding at the end of the first sentence the following: "In acquiring such lands, up to 6.6 acres, the Secretary may, when agreed upon by the landowner involved, defer payment or schedule payments over a period of ten years and pay interest on the unpaid balance at a rate not exceeding the current prevailing commercial rate.", and

Lands owned by the Commonwealth of Massachusetts, or any of its political subdivisions, may be acquired only by donation.

(c) At such time as the Secretary determines that sufficient lands, improvements, and interests therein have been acquired or that cooperative agreements satisfying the preservation and historical objective of this Act have been executed, he may establish the Boston National Historical Park by publication of notice to that effect in the Federal Register, together with a detailed description or map setting forth the properties included therein.

The Secretary shall consult with representatives of the city of Boston and the Commonwealth of Massachusetts concerning the development of suitable transportation plans consistent with the purposes for which the Navy Yard was included in the historical park.

SEC. 3. (a) In addition to the properties described in section 2 of this Act, the Secretary shall study the properties described in this section to determine the feasibility and suitability of including them within the Boston National Historical Park. In making such studies, he may enter into tentative agreements with any owners thereof for their inclusion in said park and he may enter into options, for a nominal consideration, for the purchase of such properties, but no additional properties may be added to the park except by an act of the Congress. Such agreements shall contain, but shall not be limited to, provisions that the Secretary, through the National Park Service, shall have right of access at all reasonable times to all public portions of the property covered by such

agreement for the purpose of conducting visitors through such properties and interpreting them to the public, that no changes or alterations shall be made in such properties except by mutual agreement between the Secretary and the other parties to such agreements, except that no limitation or control of any kind over the use of any such properties customarily used for church purposes shall be imposed by any agreement. The agreements may contain specific provisions which outline in detail the extent of the participation by the Secretary in the restoration, preservation, and maintenance of such historic properties.

(c) The Secretary may identify other significant sites of the colonial and Revolutionary periods of American history in the city of Boston, Massachusetts, and its environs, which are related to the historical park created by this Act, and, with the consent of the owner or owners thereof, may mark them appropriately and make reference to them in any interpretive literature.

(1) Three members appointed from recommendations submitted by the Governor of Massachusetts;

(2) Three members appointed from recommendations submitted by the mayor of the city of Boston; and

(3) One member to represent each owner with which the Secretary has concluded a cooperative agreement pursuant to section 3 of this Act, to be appointed from recommendations submitted by each such owner.

(b) The Commission shall terminate ten years from the date of establishment of the Boston National Historical Park.

(c) A vacancy in the Commission shall not affect its powers, but shall be filled in the same manner as the original appointment (and for the balance of the unexpired term). The Chairman of the Commission shall be designated by the Secretary.

(d) The Commission shall act and advise by affirmative vote of a majority of its members.

(e) The Secretary or his designee shall from time to time, but at least semiannually, consult with the Commission with respect to matters relating to the development of the Boston National Historical Park.

TITLE IX—JEAN LAFITTE NATIONAL HISTORICAL PARK

* * * * * * *

SEC. 901. In order to preserve for the education, inspiration, and benefit of present and future generations significant examples of natural and historical resources of the Mississippi Delta region and to provide for their interpretation in such manner as to portray the development of cultural diversity in the region, there is authorized to be established in the State of Louisiana the Jean Lafitte National Historical Park and Preserve (hereinafter referred to as the "park"). The park shall consist of (1) the area of approximately twenty thousand acres generally depicted on the map entitled "Barataria Marsh Unit-Jean Lafitte National Historical Park and Preserve" numbered 90,000B and dated April 1978, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior; (2) the area known as Big Oak Island; (3) an area or areas within the French Quarter section of the city of New Orleans as may be designated by the Secretary of the Interior for an interpretive and administrative facility; (4) the Chalmette National Historical Park; and (5) such additional natural, cultural, and historical resources in the French Quarter and Garden District of New Orleans, forts in the delta region, plantations, and Acadian towns and villages in the Saint Martinville area and such other areas and sites as are subject to cooperative agreements in accordance with the provisions of this title.

SEC. 902. (a) Within the Barataria Marsh Unit the Secretary is authorized to acquire not to exceed eight thousand acres of lands, waters, and interests therein (hereinafter referred to as the "core area"), as depicted on the map referred to in the first section of this title, by donation, purchase with donated or appropriated funds, or exchange. The Secretary may also acquire by any of the foregoing methods such lands and interests therein, including leasehold interests, as he may designate in the French Quarter of New Orleans for development and operation as an interpretive and administrative facility. Lands, waters, and interests therein owned by the State of Louisiana or any political subdivision thereof may be acquired only by donation.

In acquiring property pursuant to this title, the Secretary may not acquire right to oil and gas without the consent of the owner, but the exercise of such rights shall be subject to such regulations as the Secretary may promulgate in furtherance of the purposes of this title.

(b) With respect to the lands, waters, and interests therein generally depicted as the "park protection zone" on the map referred to in the first section of this title, the Secretary shall, no later than six months from the date of enactment of this Act, in consultation with the affected State and local units of government, develop a set of guidelines or criteria applicable to the use and development of properties within the park protection zone to be enacted and enforced by the State or local units of government.

(c) The purpose of any guideline developed pursuant to subsection (b) of this section shall be to preserve and protect the following values within the core area:

(1) fresh water drainage patterns from the park protection zone into the core area;

(2) vegetative cover;

(3) integrity of ecological and biological systems; and

(4) water and air quality.

(d) Where the State or local units of government deem it appropriate, they may cede to the Secretary, and the Secretary is authorized to accept, the power and authority to confect and enforce a program or set of rules pursuant to the guidelines established under subsection (b) of this section for the purpose of protecting the values described in subsection (c) of this section.

(e) The Secretary, upon the failure of the State or local units of government to enact rules pursuant to subsection (b) of this section or enforce such rules so as to protect the values enumerated in subsection (c) of this section, may acquire such lands, servitudes, or interests in lands within the park protection zone as he deems necessary to protect the values enumerated in subsection (c) of this section.

(f) The Secretary may revise the boundaries of the park protection zone, notwithstanding any other provision of law, to include or exclude properties, but only with the consent of Jefferson Parish.

SEC. 903. Within the Barataria Marsh Unit, the owner or owners of improved property used for noncommercial residential purposes on a year-round basis may, as a condition of the acquisition of such property by the Secretary, elect to retain a right of use and occupancy of such property for noncommercial residential purposes if, in the judgment of the Secretary, the continued use of such property for a limited period would not unduly interfere with the development or management of the park. Such right of use and occupancy may be either a period ending on the death of the owner or his spouse,

whichever occurs last, or a term of not more than twenty-five years, at the election of the owner. Unless the property is donated, the Secretary shall pay to the owner the fair market value of the property less the fair market value of the right retained by the owner. Such right may be transferred or assigned and may be terminated by the Secretary, if he finds that the property is not used for noncommercial residential purposes, upon tender to the holder of the right an amount equal to the fair market value of the unexpired term. As used in this section, the term "improved property" means a single-family, year-round dwelling, the construction of which was begun before January 1, 1977, which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located which the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling.

SEC. 904. In furtherance of the purposes of this title, and after consultation with the Commission created by section 7 of this title, the Secretary is authorized to enter into cooperative agreements with the owners of properties of natural, historical, or cultural significance, including but not limited to the resources described in paragraphs (1) through (5) of the first section of this title, pursuant to which the Secretary may mark, interpret, restore and/or provide technical assistance for the preservation and interpretation of such properties, and pursuant to which the Secretary may provide assistance including management services, program implementation, and incremental financial assistance in furtherance of the standards for administration of the park pursuant to section 906 of this title. Such agreements shall contain, but need not be limited to, provisions that the Secretary, through the National Park Service, shall have the right of access at all reasonable times to all public portions of the property covered by such agreement for the purpose of conducting visitors through such properties and interpreting them to the public, and that no changes or alterations shall be made in such properties except by mutual agreement between the Secretary and the other parties to such agreements. The agreements may contain specific provisions which outline in detail the extent of the participation by the Secretary in the restoration, preservation, interpretation, and maintenance of such properties.

SEC. 905. Within the Barataria Marsh Unit, the Secretary shall permit hunting, fishing (including commercial fishing), and trapping in accordance with applicable Federal and State laws, except that within the core area and on those lands acquired by the Secretary pursuant to section 902(c) of this title, he may designate zones where and establish periods when no hunting, fishing,

or trapping shall be permitted for reasons of public safety. Except in emergencies, any regulations of the Secretary promulgated under this section shall be put into effect only after consultation with the appropriate fish and game agency of Louisiana.

SEC. 906. The Secretary shall establish the park by publication of a notice to that effect in the Federal Register at such time as he finds that, consistent with the general management plan referred to in section 908, sufficient lands and interests therein (i) have been acquired for interpretive and administrative facilities, (ii) are being protected in the core area, and (iii) have been made the subject of cooperative agreements pursuant to section 904. Pending such establishment and thereafter the Secretary shall administer the park in accordance with the provisions of this title, the Act of August 25, 1916 (39 Stat. 535), the Act of August 21, 1935 (49 Stat. 666), and any other statutory authorities available to him for the conservation and management of natural, historical, and cultural resources.

SEC. 907. (a) There is established the Delta Region Preservation Commission (hereinafter referred to as the "Commission"), which shall consist of the following:

(1) two members appointed by the Governor of the State of Louisiana;

(2) two members appointed by the Secretary from recommendations submitted by the President of Jefferson Parish;

(3) two members appointed by the Secretary from recommendations submitted by the Jefferson Parish Council;

(4) two members appointed by the Secretary from recommendations submitted by the mayor of the city of New Orleans;

(5) one member appointed by the Secretary from recommendations submitted by the commercial fishing industry;

(6) three members appointed by the Secretary from recommendations submitted by local citizen conservation organizations in the delta region; and

(7) one member appointed by the Chairman of the National Endowment for the Arts.

(b) Members of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the non-Federal members of the Commission in carrying out their duties.

(c) The function of the Commission shall be to advise the Secretary in the selection of sites for inclusion in the park, in the development and implementation of a general management plan, and in the development and implementation of a comprehensive interpretive program of the natural, historic, and cultural resources of the region. The Commission shall inform interested mem-

bers of the public, the State of Louisiana and its political subdivisions, and interested Federal agencies with respect to existing and proposed actions and programs having a material effect on the perpetuation of a high-quality natural and cultural environment in the delta region.

(d) The Commission shall act and advise by affirmative vote of a majority of its members: *Provided*, That any recommendation of the Commission that affects the use or development, or lack thereof, of property located solely within a single parish or municipality shall have the concurrence of a majority of the members appointed from recommendations submitted by such parish or municipality.

(e) The Directors of the Heritage Conservation and Recreation Service and the National Park Service shall serve as ex officio members of the Commission and provide such staff support and technical services as may be necessary to carry out the functions of the Commission.

SEC. 908. (a) There is authorized to be appropriated, to carry out the provisions of this title, not to exceed $50,000,000 from the Land and Water Conservation Fund for acquisition of lands, waters, and interests therein and such sums as necessary for the development of essential facilities.

(b) Within three years from the date of enactment of this title, the Secretary, after consultation with the Commission, shall submit to the Committee on Interior and Insular Affairs of the House of Representatives, and the Committee on Energy and Natural Resources of the Senate a general management plan for the park indicating—

(1) transportation alternatives for public access to the park;

(2) the number of visitors and types of public use within the park which can be accommodated in accordance with the protection of its resources;

(3) the location and estimated cost of facilities deemed necessary to accommodate such visitors and uses; and

(4) a statement setting forth the actions which have been and should be taken to assure appropriate protection, interpretation, and management of the areas known as Big Oak Island and Couba Island.

SEC. 909. The area described in the Act of October 9, 1962 (76 Stat. 755), as the "Chalmette National Historical Park" is hereby redesignated as the Chalmette Unit of the Jean Lafitte National Historical Park. Any references to the Chalmette National Historical Park shall be deemed to be references to said Chalmette Unit.

SEC. 910. By no later than the end of the first full fiscal year following the date of enactment of this section, the Secretary shall submit to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the

Senate, a comprehensive report with recommendations as to sites within the Mississippi River Delta Region which constitute nationally significant examples of natural resources within that region.

in order to contribute to the development and management of such lands in a manner compatible with the purposes of the park. Such agreements, acquisitions, dispositions, development, or use and land-use plans shall provide for the preservation of historical sites and scenic areas, recreation, and visitor enjoyment to the fullest extent practicable.

(c) Notwithstanding any other provision of law, the Secretary may restore and rehabilitate property within the park pursuant to cooperative agreements without regard as to whether title thereto is in the United States.

SEC. 3. (a) The Secretary, in cooperation with the Secretary of State, is authorized to consult and cooperate with appropriate officials of the Government of Canada and Provincial or Territorial officials regarding planning and development of the park, and an international historical park. At such time as the Secretary shall advise the President of the United States that planning, development, and protection of the adjacent or related historic and scenic resources in Canada have been accomplished by the Government of Canada in a manner consistent with the purposes for which the park was established, and upon enactment of a provision similar to this section by the proper authority of the Canadian Government, the President is authorized to issue a proclamation designating and including the park as part of an international historical park to be known as Klondike Gold Rush International Historical Park.

(b) For purposes of administration, promotion, development, and support by appropriations, that part of the Klondike Gold Rush International Historical Park within the territory of the United States shall continue to be designated as the "Klondike Gold Rush National Historical Park".

TITLE II

SEC. 201. (a) In order to provide for the preservation, restoration, and interpretation of the Spanish Missions of San Antonio, Texas, for the benefit and enjoyment of present and future generations of Americans, there is hereby established the San Antonio Missions National Historical Park (hereafter in this section referred to as the "park") consisting of Concepcion, San Jose, San Juan, and Espada Missions, together with areas and features historically associated therewith, as generally depicted on the drawing entitled "Boundary Map, San Antonio Missions National Historical Park", numbered 930-80,022-C and dated May 1978, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior, and in the offices of the Superintendent of the park. After advising the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives, in writing, the Secretary of the Interior (hereinafter referred to as the "Secretary") may make minor revisions of the boundaries of the park when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(b) For the purposes of this section, the Secretary is authorized—

(1) to acquire by donation, purchase with donated or appropriated funds, or exchange, lands and interests therein constituting the following generally described areas in the historic missions district of the city of San Antonio, Texas—

(A) Mission San Jose y San Miguel de Aguayo;

(B) Mission Nuestra Senora de la Purisima Concepcion de Acuna;

(C) Mission San Francisco de la Espada;

(D) Espada Acequia, the section of approximately five miles along the west side of and parallel to the San Antonio River;

(E) Espada Dam and Aqueduct;

(F) Mission San Juan Capistrano;

(G) San Juan Acequia, on the east side of the San Antonio River; and

(H) such lands and interests therein which the Secretary determines are necessary or desirable to provide for public access to, and interpretation and protection of, the foregoing; and

(2) to enter cooperative agreements with the owners of any historic properties, including properties referred to in paragraph (1), in furtherance of the purposes of this section.

Each agreement under paragraph (2) shall provide among other things that the owner will hold and preserve the historic property in perpetuity and will not undertake or permit the alteration or removal of historic features or the erection of markers, structures, or buildings without the prior concurrence of the Secretary, and that the public shall have reasonable access to those portions of the property to which access is necessary in the judgment of the Secretary for the proper appreciation and interpretation of its historical and architectural value. Pursuant to such cooperative agreements and notwithstanding any other provision of law to the contrary the Secretary may, directly or by contract, construct, reconstruct, rehabilitate, or develop such buildings, structures, and related facilities including roads, trails, and other interpretive facilities on real property not in Federal ownership and may maintain and operate programs in connection therewith as he deems appropriate. Any lands or interest therein owned by the Catholic Archdiocese of San Antonio, the State of Texas, or any political subdivision of such State, including the San Antonio River Authority, may be acquired by donation only: *Provided,* That the Secretary shall submit all proposed cooperative agreements to the Department of Justice for a determination that the proposed agreements do not violate the constitutional provisions regarding the separation of church and state.

(c)(1) With the exception of any property deemed necessary by the Secretary for visitor facilities or administration of the park, any owner or owners of improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for noncommercial residential purposes, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The owner shall elect the term to be reserved. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(2) A right of use and occupancy retained or enjoyed pursuant to this subsection may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof had ceased to be used for noncommercial residential purposes and upon tender to the holder of a right an amount

equal to the fair market value, as of the date of tender, of that portion of the right which remains unexpired on the date of termination.

(3) The term "improved property", as used in this subsection, shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1978 (hereinafter referred to as a "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment or the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(d) The Secretary is authorized and directed to take prompt and appropriate action in accordance with the provisions of this section and any cooperative agreement hereunder to assure the protection and preservation of the historical and architectural values of the missions and the areas and features historically associated therewith within the boundaries of the park. The park shall be administered by the Secretary in accordance with this section and provisions of law generally applicable to units of the National Park System, including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.) and the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461–467).

(e)(1) There is hereby authorized to be established by the Secretary, a San Antonio Missions Advisory Commission. The Commission shall be composed of seven members, each appointed for a term of two years by the Secretary, as follows:

(A) one member to be appointed from recommendations made by the Governor of the State of Texas;

(B) one member to be appointed from recommendations made by the County Commissioners of Bexar County, Texas;

(C) one member to be appointed from recommendations made by the City Council of the City of San Antonio, Texas;

(D) one member to be appointed to represent non-Federal property owners whose property is operated and maintained in accordance with cooperative agreements with the Secretary pursuant to subsection (b) (2);

(E) one member from the membership of a local conservation or historical organization; and

(F) two members representing the general public.

The Secretary shall designate one member to be Chairman of the Commission and may fill any vacancy in the same manner in which the original appointment was made.

(2) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred by the Commission and may

reimburse members for reasonable expenses incurred in carrying out their responsibilities under this section on vouchers signed by the Chairman.

(3) All appointments to the Commission shall be made by the Secretary within six months after the date of the enactment of this Act and the Secretary, or his designee, shall from time to time, but at least semiannually, meet and consult with the Advisory Commission in matters relating to the park and with respect to carrying out the provisions of this section.

(4) Unless extended by Act of Congress, this Commission shall terminate ten years after the date of its first meeting with the Secretary or his designee.

(f)(1) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this section, but not more than $10,000,000 for the acquisition of lands and interests in lands.

(2) For the development of essential public facilities there are authorized to be appropriated not more than $500,000. Within one year from the date of enactment of this Act, the Secretary shall develop and transmit to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate a final master plan for the development of the park consistent with the objectives of this section, indicating (A) the facilities needed to accommodate the health, safety, and interpretive needs of the visiting public; (B) the location and estimated cost of all facilities; and (C) the projected need for any additional facilities within the park.

(c) The term "improved property", as used in this section shall mean a detached, noncommercial residential dwelling, the construction of which was begun before January 1, 1971 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures, necessary to the dwelling which are situated on the land so designated.

(d) Except as otherwise provided, the Secretary shall have the authority to use condemnation as a means of acquiring a clear and marketable title, free of any and all encumbrances.

SEC. 4. The Secretary shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the seashore in accordance with the appropriate laws of the State of Florida and the United States to the extent applicable, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish and wildlife management, public use and enjoyment, protection of the resource, or competing public use. Except in emergencies, any regulations prescribing any such restrictions shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

SEC. 5. (a) The seashore shall be administered, protected, and developed in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–4), as amended and supplemented, except that any other statutory authority available to the Secretary for the conservation management of natural resources may be utilized to the extent he finds such authority will further the purposes of the Act.

(b) Notwithstanding any other provisions of this Act, lands and waters in the Merritt Island National Wildlife Refuge as described in subsection (c)(2) of this section which are part of the seashore shall be administered for refuge purposes through the United States Fish and Wildlife Service pursuant to the National Wildlife Refuge System Administration Act, as amended (80 Stat. 926; 16 U.S.C. 668dd–668ee), except that the Secretary may utilize such additional authority as may be available to him for the conservation and management of wildlife and natural resources, the development of outdoor recreation opportunities, and interpretive education as he deems appropriate, consistent with the preservation of natural and wildlife values.

(c) The Secretary shall cause to be issued a well defined division of management authority between the

National Park Service and the United States Fish and Wildlife Service. It is the intent and purpose of this Act that such management authority, generally, shall be as follows:

(1) The National Park Service shall administer those lands and waters described as follows: beginning at the intersection of State Highway 3 and State Road 402; thence easterly along State Road 402 and continuing easterly in a straight line to a point one-half mile offshore in the Atlantic Ocean, following the southern boundary of the seashore created in section 1; thence northwesterly along the boundary of the seashore created in section 1, which line is at each point one-half mile distance from the high water mark, to Bethune Beach; thence inland in a generally westerly direction through Turner Flats and Shipyard Canal; thence northwesterly to the Intracoastal Waterway; thence southerly along the Intracoastal Waterway to the boundary of the Kennedy Space Center; thence southwesterly to United States Highway 1; thence southerly along State Highway 3 to the northern boundary of H. M. Gomez Grant; thence easterly along the northern boundary of H. M. Gomez Grant and continuing easterly in a straight line to a point of intersection with the line between the marsh and the dunes; thence southerly along the line between the marsh and the dunes to a point approximately one-half mile north of the southern boundary of the seashore created in section 1; thence westerly in a straight line to connect with and to follow the Government Railroad to its intersection with State Highway 3; thence southerly along State Highway 3 to the point of beginning. The portion of land bounded by the northern boundary of the H.M. Gomez Grant is hereby transferred to the Secretary of the Interior and may be used for the purpose of establishing such facilities as are needed for the administration of the seashore, for the construction of the principal visitor center which shall be designated as the "Spessard L. Holland Visitor Center", and for a central access to the seashore: *Provided, however,* That the Secretary of the Interior, upon the request of the Administrator of the National Aeronautics and Space Administration, shall close this area or any part thereof to the public when necessary for space operations. In administering the shoreline and adjacent lands the Secretary shall retain such lands in their natural and primitive condition, shall prohibit vehicular traffic on the beach except for administrative purposes, and shall develop only those facilities which he deems essential for public health and safety.

(2) The United States Fish and Wildlife Service shall administer the remaining lands described in section 1 of the Act.

SEC. 6. (a) There is hereby established the Canaveral National Seashore Advisory Commission which shall

consult and advise with the Secretary on all matters of planning, development, and operation of the seashore and shall provide such other advice and assistance as may be useful in carrying out the purposes of this Act. The Commission shall terminate ten years after the date the seashore is established pursuant to this Act, unless extended by the Congress. The Commission shall be composed of five members who shall serve for terms of two years. Members shall be appointed by the Secretary, one of whom he shall designate as Chairman, in the following manner:

(1) one member from each county in which the seashore is located, to be selected from recommendations made by the county commission in each county;

(2) two members representing the State of Florida who shall be selected from recommendations made by the Governor of Florida; and

(3) one member representing the general public.

(b) After the Secretary designates the member to be Chairman, the Commission may meet as often as necessary at the call of the Chairman or of the Secretary, or upon petition of a majority of the members of the Commission. Any vacancy in the Commission shall be filled in the same manner as the original appointment was made.

(c) Members of the Commission shall serve without compensation, as such, but the Secretary may pay, upon vouchers signed by the Chairman, the expenses reasonably incurred by the Commission and its members in carrying out their responsibilities under this section.

SEC. 7. Upon enactment of this Act, those lands to be used for the administrative and visitor facilities described in section 5 (c)(1) shall be transferred by this Act to the Secretary of the Interior and those portions of the John F. Kennedy Space Center falling within the boundaries of the seashore as defined in section 1 of this Act shall become a part of the seashore, and within ninety days thereafter, the Administrator, National Aeronautics and Space Administration, shall grant to the Secretary for carrying out the intent and purpose of this Act such use of said portions as the Administrator determines is not inconsistent with public safety and the needs of the space and defense programs of the Nation. Notwithstanding any other provision of law, any lands within the seashore which the Administrator determines to be excess to the needs of such agency shall be transferred to the Secretary of the Interior for administration in accordance with the provisions of this Act: *Provided,* That any portions of the John F. Kennedy Space Center within the seashore not transferred to the Secretary shall remain under the control and jurisdiction of the Administrator.

SEC. 8. Within three years from the date of enactment

of this Act, the Secretary shall review the area within the seashore and shall report to the President, in accordance with section 3 (c) and (d) of the Wilderness Act (78 Stat. 891; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or nonsuitability of any area within the seashore for preservation as wilderness, and any designation of any such areas as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 9. (a) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not more than $7,941,000 for the acquisition of lands and interests in lands. In order to avoid excessive costs resulting from delays in the acquisition program, the Secretary shall make every reasonable effort to promptly acquire the privately owned lands within the seashore. Until all such lands are acquired, he shall report, in writing on June 30 of each year to the Committees on Interior and Insular Affairs of the United States Congress, the following information:

(1) the amount of land acquired during the current fiscal year and the amount expended therefor;

(2) the amount of land remaining to be acquired; and

(3) the amount of land programed for acquisition in the ensuing fiscal year and the estimated cost thereof.

(b) For the development of essential public facilities there are authorized to be appropriated not more than $500,000. Within three years from the date of the enactment of this Act, the Secretary shall develop and transmit to the Committees on Interior and Insular Affairs of the United States Congress a final master plan for the full development of the seashore consistent with the preservation objectives of this Act, indicating:

(1) the facilities needed to accommodate the health, safety, and recreation needs of the visiting public;

(a) The Secretary of the Army, acting through the Chief of Engineers, is hereby authorized to undertake the phase I design memorandum stage of advanced engineering and design of the following multi-purpose water resources development projects, substantially in accordance with, and subject to the conditions recommended by the Chief of Engineers in, the reports hereinafter designated.

SEC. 108. (a) As used in this section the term "Secretary" shall mean the Secretary of the Army, acting through the Chief of Engineers. The Secretary, in accordance with the national recreation area concept included in the interagency report prepared pursuant to section 218 of the Flood Control Act of 1968 (Public Law 90—483) by the Corps of Engineers, the Department of the Interior, and the Department of Agriculture, as modified by this section, is authorized and directed to establish on the Big South Fork of the Cumberland River in Kentucky and Tennessee the Big South Fork National River and Recreation Area (hereafter in this section referred to as the "National Area") for the purposes of conserving and interpreting an area containing unique cultural, historic, geologic, fish and wildlife, archeologic, scenic, and recreational values, preserving as a natural, free-flowing stream the Big South Fork of the Cumberland River, major portions of its Clear Fork and New River stems, and portions of their various tributaries for the benefit and enjoyment of present and future generations, the preservation of the natural integrity of the scenic gorges and valleys and the development of the area's potential for healthful outdoor recreation. The boundaries shall be as generally depicted on the drawing prepared by the Corps of Engineers and entitled "Big South Fork National River and Recreation Area" identified as map number BSF-NRRA(1) (A) and dated Oc-

tober 1972, which shall be on file and available for public inspection in the office of the District Engineer, U.S. Army Engineer District, Nashville, Tennessee.

(b) The Secretary shall establish the National Area by publication of notice thereof in the Federal Register when he determines that the United States has acquired an acreage within the boundaries of the National Area that is efficiently administrable for the purposes of this section. After publication of notice, and after he has completed the construction of necessary access roads, day-use facilities, campground facilities, lodges, and administrative buildings, the Secretary shall transfer the jurisdiction of the National Area to the Secretary of the Interior who shall administer the National Area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–4), as amended and supplemented. In the administration of the National Area the Secretary may utilize such statutory authority available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purposes of this section. The Secretary of the Interior may, after transfer to him, revise the boundaries from time to time, but the total acreage within such boundaries shall not exceed one hundred and twenty-five thousand acres. Following such transfer the authorities available to the Secretary in subsection (c) of this section shall likewise be available to the Secretary of the Interior. The Secretary may, prior to the transfer to the Secretary of the Interior, revise the boundaries from time to time, but the total acreage within such boundaries shall not exceed one hundred and twenty-five thousand acres.

(c) (1) Within the boundaries of the National Area, the Secretary may acquire lands and waters or interests therein by donation, purchase with donated or appropriated funds, or exchange or otherwise, except that lands (other than roads and rights-of-way for roads) owned by the States of Kentucky and Tennessee or any political subdivisions thereof may be acquired only by donation. When an individual tract of land is only partly within the boundaries of the National Area, the Secretary may acquire all of the tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the National Area may be exchanged by the Secretary for non-Federal lands within the National Area boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (63 Stat. 377; 40 U.S.C. 471 et seq.), as amended. Notwithstanding any other provision of law, any Federal property within the boundaries of the National Area shall be transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of this section.

(2) With the exception of property or any interest in property that the Secretary determines is necessary for purposes of administration, preservation, or public use, any owner or owners (hereafter in this section referred to as "owner") of improved property used solely for noncommercial residential purposes on the date of its acquisition by the Secretary may retain the right of use and occupancy of such property for such purposes for a term, as the owner may elect, ending either (A) upon the death of the owner or his spouse, whichever occurs later, or (B) not more than twenty-five years from the date of acquisition. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the term retained by the owner. Such right: shall be subject to such terms and conditions as the Secretary deems appropriate to assure that the property is used in accordance with the purposes of this section; may be transferred or assigned; and may be terminated with respect to the entire property by the Secretary upon his determination that the property or any portion thereof has ceased to be used for noncommercial residential purposes, and upon tender to the holder of the right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination. Any person residing upon improved property, subject to the right of acquisition by the Secretary as a tenant or by the sufferance of the owner or owners of the property may be allowed to continue in such residence for the lifetime of such person or his spouse, whichever occurs later, subject to the same restrictions as applicable to owners residing upon such property and provided that any obligation or rental incurred as consideration for such tenancy shall accrue during such term to the United States to be used in the administration of this section.

(3) As used in this section the term "improved property" means a detached year-round one-family dwelling which serves as the owner's permanent place of abode at the time of acquisition, and construction of which was begun before January 1, 1974, together with so much of the land on which the dwelling is situated, such land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, except that the Secretary may exclude from any improved property any waters or land fronting thereon, together with so much of the land adjoining such waters or land as he deems necessary for public access thereto.

(4) In any case where the Secretary determines that underlying minerals are removable consistent with the provisions of subsection (e) (3) of this section, the owner of the minerals underlying property acquired for the purposes of this section may retain such interest. The

Secretary shall reserve the right to inspect and regulate the extraction of such minerals to insure that the values enumerated in subsection (a) are not reduced and that the purposes declared in subsection (e) (1) are not interfered with.

(d) The Secretary, and the Secretary of the Interior after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, shall permit hunting, fishing, and trapping on lands and waters under his jurisdiction within the boundaries of the National Area in accordance with applicable Federal and State laws, except that he may designate zones where, and establish periods when, no hunting, fishing, or trapping shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary or the Secretary of the Interior pursuant to this subsection shall be put into effect only after consultation with the appropriate State agency responsible for hunting, fishing, and trapping activities.

(e) (1) The National Area shall be established and managed for the purposes of preserving and interpreting the scenic, biological, archeological, and historical resources of the river gorge areas and developing the natural recreational potential of the area for the emjoyment of the public and for the benefit of the economy of the region. The area within the boundary of the National Area shall be divided into two categories; namely, the gorge areas and adjacent areas as hereinafter defined.

(2) (A) Within the gorge area, no extraction of, or prospecting for minerals, petroleum products, or gas shall be permitted. No timber shall be cut within the gorge area except for limited clearing necessary for establishment of day-use facilities, historical sites, primitive campgrounds, and access roads. No structures shall be constructed within the gorge except for reconstruction and improvement of the historical sites specified in paragraphs (5) and (6) of this subsection and except for necessary day-use facilities along the primary and secondary access routes specified herein and within five hundred feet of such roads, and except for primitive campgrounds accessible only by water or on foot. No motorized transportation shall be allowed in the gorge area except on designated access routes.

(B) Primary access routes into the gorge area may be constructed or improved upon the general route of the following designated roads: Tennessee Highway Numbered 52, FAS 2451 (Leatherwood Ford Road), the road into the Blue Heron Community, and Kentucky Highway Numbered 92.

(C) Secondary access roads in the gorge area may be constructed or improved upon the following routes: the roads from Smith Town, Kentucky, to Worley, Kentucky,

the road crossing the Clear Fork at Burnt Mill Bridge, the road from Goad, Tennessee, to Zenith, Tennessee, the road from Co-Operative, Kentucky, to Kentucky Highway Numbered 92, the road entering the gorge across from the month of Alum Creek in Kentucky, the road crossing the Clear Fork at Peters Bridge.

(D) All other existing roads in the gorge area shall be maintained for nonvehicular traffic only, except that nothing in this section shall abrogate the right of ingress and egress of those whom remain in occupancy under subsection (c) (1) of this section.

(E) Road improvement or maintenance and any construction of roads or facilities in the gorge area as permitted by this section shall be accomplished by the Secretary in a manner that will protect the declared values of this unique natural scenic resource.

(3) In adjacent areas: the removal of timber shall be permitted only where required for the development or maintenance of public use and for administrative sites and shall be accomplished with careful regard for scenic and environmental values; prospecting for minerals and the extraction of minerals from the adjacent areas shall be permitted only where the adit to any such mine can be located outside the boundary of the National Area; no surface mining or strip mining shall be permitted; prospecting and drilling for petroleum products and natural gas shall be permitted in the adjacent area under such regulations as the Secretary or the Secretary of the Interior, after jurisdiction over the national river and recreation area has been transferred to him under subsection (b) of this section, may prescribe to minimize detrimental environment impact, such regulations shall provide among other things for an area limitation for each such operation, zones where operations will not be permitted, and safeguards to prevent air and water pollution; no storage facilities for petroleum products or natural gas shall be located within the boundary of the National Area except as necessary and incidental to production; the Secretary is authorized to construct two lodges with recreational facilities within the adjacent areas so as to maximize and enhance public use and enjoyment of the National Area; construction of all roads and facilities in the adjacent areas shall be undertaken with careful regard for the maintenance of the scenic and esthetic values of the gorge area and the adjacent areas.

(4) The gorge area as set out in paragraphs (1) and (2) of this subsection shall consist of all lands and waters of the Big South Fork, Clear Fork, and New River which lie between the gorge or valley rim on either side (where the rim is not clearly defined by topography, the gorge boundary shall be established at an elevation no lower than that of the nearest clearly demarked rim on the same side of the valley), and those portions of the main

tributaries and streams in the watersheds of the Big South Fork, Clear Fork, and New River that lie within a gorge or valley rim on either side, except that no lands or waters north of Kentucky Highway Numbered 92 shall be included. The designated adjacent areas shall consist of the balance of the National Area.

(5) The Secretary, and the Secretary of the Interior, shall consult and cooperate with the Tennessee Historical Commission and the Rugby Restoration Association and with other involved agencies and associations, both public and private, concerning the development and management of the National Area in the area adjacent to Rugby, Tennessee. Development within the area adjacent to Rugby, Tennessee, shall be designed toward preserving and enhancing the historical integrity of the community and any historical sites within the boundary of the National Area.

(6) The Secretary, or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, shall provide for the restoration of the Blue Heron Mine community in a manner which will preserve and enhance the historical integrity of the community and will contribute to the public's understanding and enjoyment of its historical value. To that end the Secretary, or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, may construct and improve structures within and may construct and improve a road into this community.

(7) The Secretary shall study the desirability and feasibility of reestablishing rail transportation on the abandoned O&W railbed or an alternative mode of transportation within the National Area upon the O&W roadbed, and shall report to Congress his recommendation with regard to development of this facility.

(f) The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended (16 U.S.C. 791a et seq.), within or directly affecting the National Area and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which the National Area was established. Nothing contained in the preceding sentence shall preclude licensing of, or assistance to, developments below or above the National Area or on any stream tributary thereto which will not invade the National Area or on any stream tributary thereto which will not invade the National Area or unreasonably diminish the scenic, recreation, and fish and wildlife values present in the area on the date of enactment of this section. No department or

agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which the National Area was established, or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section in writing of its intention so to do at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendations or request in what respect construction of such project would be in conflict with the purposes of this section and would affect the National Area and the values to be protected under this section.

(g) The Secretary shall study transportation facilities in the region served by the National Area and shall establish transportation facilities to enhance public access to the National Area. In this connection the Secretary is authorized to acquire and maintain public roads, other than State highways, necessary to serve the public use facilities within the National Area, and to establish and maintain, at Federal cost an interior and circulating road system sufficient to meet the purposes of this section. Any existing public road, which at the time of its acquisition continues to be a necessary and essential part of the county highway system, may, upon mutual agreement between the Secretary and the owner of such road, be relocated outside of the National Area and if not so relocated such road shall be maintained at Federal expense and kept open at all times for general travel purposes. Nothing in this subsection shall abrogate the right of egress and ingress of those persons who may remain in occupancy under subsection (c) of this section. Nothing in this subsection shall preclude the adjustment, relocation, reconstruction, or abandonment of State highways situated in the National Area, with the concurrence of the agency having the custody of such highways upon entering into such arrangements as the Secretary or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this section, deems appropriate and in the best interest of the general welfare.

(h) In furtherance of the purpose of this subsection the Secretary in cooperation with the Secretary of Agriculture, the heads of other Federal departments and agencies involved, and the State of Tennessee and its political subdivisions, shall formulate a comprehensive plan for that portion of the New River that lies upstream from United States Highway Numbered 27. Such plan shall include, among other things, programs to enhance the environment and conserve and develop natural resources, and to minimize siltation and acid mine drain-

age. Such plan, with recommendations, including those as to costs and administrative responsibilities, shall be completed and transmitted to the Congress within one year from the date of enactment of this section.

(i) The Secretary or the Secretary of the Interior, after jurisdiction over the National Area has been transferred to him under subsection (b) of this subsection, shall consult and cooperate with other departments and agencies of the United States and the States of Tennessee and Kentucky in the development of measures and programs to protect and enhance water quality within the National Area and to insure that such programs for the protection and enhancement of water quality do not diminish other values that are to be protected under this section.

(j) (1) Until such time as the transfer of jurisdiction to the Secretary of the Interior authorized by subsection (b) of this section shall take place, for the purpose of financially assisting the States of Tennessee and Kentucky, McCreary County, Kentucky, and Scott, Morgan, Pickett, and Fentress Counties in Tennessee, because of losses which these jurisdictions will sustain by reason of the fact that certain lands and other property within their boundaries may be included within the National Area established by this section and thereafter will no longer be subject to real and personal property taxes levied or imposed by them, payments shall be made to them on an annual basis in an amount equal to those taxes levied or imposed on such property for the last taxable year immediately preceding the date of enactment of this section.

(2) For the purpose of enabling the Secretary to make such payments during the fiscal years ending June 30, 1975, June 30, 1976, June 30, 1977, June 30, 1978, and June 30, 1979, there are authorized to be appropriated such sums as may be necessary.

(k) There are authorized to be appropriated $32,850,000 to carry out the provisions of this section, other than subsection (j) of this section. No moneys shall be appropriated from the Land and Water Conservation Fund to carry out the purposes of this section.

TITLE XI—NEW RIVER GORGE NATIONAL RIVER

* * * * * * *

SEC. 1101. For the purpose of conserving and interpreting outstanding natural, scenic, and historic values and objects in and around the New River Gorge and preserving as a free-flowing stream an important segment of the New River in West Virginia for the benefit and enjoyment of present and future generations, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall establish and administer the New River Gorge National River. The Secretary shall administer, protect, and develop the national river in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented; except that any other statutory authority available to the Secretary for the preservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this title. The boundaries of the national river shall be as generally depicted on the drawing entitled "Proposed New River Gorge National River" numbered NERI-20,002, dated July 1978, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

SEC. 1102. (a) Within the boundaries of the New River Gorge National River, the Secretary may acquire lands and waters or interests therein by donation, purchase with donated or appropriated funds, transfer, or exchange. Lands owned by the State of West Virginia or a political subdivision thereof may be acquired by donation only. The authority of the Secretary to condemn in fee, improved properties as defined in subsection (c) of this section shall not be invoked as long as the owner of such improved property holds and uses it in a manner compatible with the purposes of this title. The Secretary may acquire any such improved property without the consent of the owner whenever he finds that such property has undergone, since January 1, 1978, or is imminently about to undergo, changes in land use which are incompatible with the purposes of the national river. The Secretary may acquire less than fee interest in any improved or unimproved property within the boundaries of the national river.

(b) On non-federally owned lands within the national river boundaries, the Secretary is authorized to enter into cooperative agreements with organizations or individuals to mark or interpret properties of significance to the history of the Gorge area.

(c) For the purposes of this Act, the term "improved property" means (i) a detached single family dwelling, the construction of which was begun before January 1, 1977 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or (ii) property developed for agricultural uses, together with any structures accessory thereto which were so used on or before January 1, 1977, or (iii) commercial and small business properties which were so used on or before January 1, 1977, the purpose of which is determined by the Secretary to contribute to visitor use and enjoyment of the national river. In determining when and to what extent a property is to be considered an "improved property", the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1977, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(d) The owner of an improved property, as defined in this title, on the date of its acquisition, as a condition of such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential, or agricultural purposes, or the continuation of existing commercial operations, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value of the property on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this title, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

SEC. 1103. (a) Within two years from the date of enactment of this title, the Secretary shall submit, in writ-

ing, to the House Committee on Interior and Insular Affairs, the Senate Committee on Energy and Natural Resources and the Committees on Appropriations of the United States Congress, a detailed plan which shall indicate—

(i) the lands and areas which he deems essential to the protection and public enjoyment of the natural, scenic, and historic values and objects of this national river;

(ii) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this national river;

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing four fiscal years; and

(iv) the feasibility and suitability of including within the boundaries of the national river, the section of the New River from Fayetteville to Gauley Bridge, and reasons therefor.

SEC. 1104. The Secretary shall on his own initiative, or at the request of any local government having jurisdiction over land located in or adjacent to the Gorge area, assist and consult with the appropriate officials and employees of such local government in establishing zoning laws or ordinances which will assist in achieving the purposes of this title. In providing assistance pursuant to this section, the Secretary shall endeavor to obtain provisions in such zoning laws or ordinances which—

(1) have the effect of restricting incompatible commercial and industrial use of all real property in or adjacent to the Gorge area;

(2) aid in preserving the character of the Gorge area by appropriate restrictions on the use of real property in the vicinity, including, but not limited to, restrictions upon building and construction of all types; signs and billboards; the burning of cover; cutting of timber; removal of topsoil, sand, or gravel; dumping, storage, or piling of refuse; or any other use which would detract from the esthetic character of the Gorge area; and

(3) have the effect of providing that the Secretary shall receive advance notice of any hearing for the purpose of granting a variance and any variance granted under, and of any exception made to, the application of such law or ordinance.

SEC. 1105. (a) Notwithstanding any other provision of law, no surface mining of any kind shall be permitted on federally owned lands within the boundary of the national river where the subsurface estate is not federally owned. Underground mining on such lands may be permitted by the Secretary only if—

(1) the mining operation will have no significant adverse impact on the public use and enjoyment of the national river;

(2) the mining operation will disturb the minimum amount of surface necessary to extract the mineral; and

(3) the surface is not significantly disturbed, unless there is no technologically feasible alternative.

(b) The harvesting of timber on federally owned lands within the national river boundary is prohibited, except insofar as it is necessary for the Secretary to remove trees for river access, historic sites, primitive campgrounds, scenic vistas, or as may be necessary from time to time for reasons of public health and safety.

(c) The owner of a mineral estate subject to this section who believes he has suffered a loss by operation of this section, may bring an action only in a United States district court to recover just compensation, which shall be awarded if the court finds that such loss constitutes a taking of property compensable under the Constitution.

SEC. 1106. The Secretary may permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the New River Gorge National River in accordance with applicable Federal and State laws, and he may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agency responsible for hunting and fishing activities.

SEC. 1107. The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended (16 U.S.C. 791a et seq.), on or directly affecting the New River Gorge National River, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above the New River Gorge National River or on any stream tributary thereto which will not invade the area or diminish the scenic, recreation, and fish and wildlife values present in the area on the date of this section. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary, or request appropriations to begin construction on any such project whether heretofore or hereafter authorized, without advising the Secretary in writing of its intention to do so at least sixty days in advance, and without specifically reporting to

the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this section and would effect the national river and the values to be protected by it under this section.

SEC. 1108. Section 5(a) of the Act of October 2, 1968 (82 Stat. 910) is hereby amended to provide for study of three principal tributaries of the New River in West Virginia, by adding the following new paragraphs:

"(73) BLUESTONE, WEST VIRGINIA.—From its headwaters to its confluence with the New.

"(74) GAULEY, WEST VIRGINIA.—Including the tributaries of the Meadow and the Cranberry, from the headwaters to its confluence with the New.

"(75) GREENBRIER, WEST VIRGINIA.—From its headwaters to its confluence with the New.".

SEC. 1109. Within three years from the date of enactment of this title, the Secretary shall develop and transmit to the Senate Committee on Energy and Natural Resources and the House Committee on Interior and Insular Affairs, a general management plan for the protection and development of the national river consistent with the purposes of this title, indicating—

(1) measures for the preservation of the area's resources;

(2) indications of types and general intensities of development (including visitor circulation and transportation patterns, systems and modes) associated with public enjoyment and use of the area, including general locations, timing of implementation, and anticipated costs;

(3) identification of and implementation commitments for visitor carrying capacities for all areas of the unit; and

(4) indications of potential modifications to the external boundaries of the unit, and the reasons therefor.

SEC. 1110. The Secretary of the Army shall cooperate with the Secretary of the Interior concerning the water requirements of the national river. The Secretary of the Army shall provide for release of water from the Bluestone Lake project consistent with that project's purposes and activities in sufficient quantity and in such manner to facilitate protection of biological resources and recreational use of the national river.

SEC. 1111. For the purposes of part C of the Clean Air Act, the State may redesignate the national river only as class I or class II.

SEC. 1112. There are hereby authorized to be appropriated such sums as may be necessary for the purposes of this title, but not to exceed $20,000,000 for the acquisition of lands and interests in lands, and not to exceed $500,000 for development.

XII. NATIONAL RECREATION AREAS

1. Chattahoochee River

An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes. (92 Stat. 474) (P.L. 95–344)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

SEC. 101. The Congress finds the natural, scenic, recreation, historic, and other values of a forty-eight-mile segment of the Chattahoochee River and certain adjoining lands in the State of Georgia from Buford Dam downstream to Peachtree Creek are of special national significance, and that such values should be preserved and protected from developments and uses which would substantially impair or destroy them. In order to assure such preservation and protection for public benefit and enjoyment, there is hereby established the Chattahoochee River National Recreation Area (hereinafter referred to as the "recreation area"). The recreation area shall consist of the river and its bed together with the lands, waters, and interests therein within the boundary generally depicted on the map entitled "Chattahoochee River National Recreation Area", numbered CHAT–20,000, and dated July 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior. Following reasonable notice in writing to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate of his intention to do so, the Secretary of the Interior (hereinafter referred to as the "Secretary") may, by publication of a revised map or other boundary description in the Federal Register, (1) make minor revisions in the boundary of the recreation area, and (2) revise the boundary to facilitate access to the recreation area, or to delete lands which would be of little or no benefit to the recreation area due to the existence of valuable improvements completely constructed prior to the date of enactment of this Act. The total area, exclusive of the river and its bed, within the recreation area may not exceed six thousand three hundred acres.

SEC. 102. (a) Within the recreation area the Secretary is authorized to acquire lands, waters, and interests therein by donation, purchase with donated or appropriated funds, or exchange. Property owned by the State of Georgia or any political subdivision thereof may be acquired only by donation.

(b) When a tract of land lies partly within and partly without the boundaries of the recreation area, the Secretary may acquire the entire tract by any of the above methods in order to avoid the payment of severance costs. Land so acquired outside of the boundaries of the recreation area may be exchanged by the Secretary for non-Federal land within such boundaries, and any portion of the land not utilized for such exchanges may be disposed of in accordance with the provisions of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.).

(c) Except for property which the Secretary determines to be necessary for the purposes of administration, development, access, or public use, an owner of improved property which is used solely for noncommercial residential purposes on the date of its acquisition by the Secretary may retain, as a condition of such acquisition, a right of use and occupancy of the property for such residential purposes. The right retained may be for a definite term which shall not exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner or the death of the spouse, whichever occurs later. The owner shall elect the term to be retained. The Secretary shall pay the owner the fair market value of the property on the date of such acquisition, less the fair market value of the term retained by the owner.

(d) Any right of use and occupancy retained pursuant to this section may, during its existence, be conveyed or transferred, but all rights of use and occupancy shall be subject to such terms and conditions as the Secretary deems appropriate to assure the use of the property in accordance with the purposes of this Act. Upon his determination that the property, or any portion thereof, has ceased to be so used in accordance with such terms and conditions, the Secretary may terminate the right of use and occupancy by tendering to the holder of such right an amount equal to the fair market value, as of the date of the tender, of that portion of the right which remains unexpired on the date of termination.

(e) As used in this section, the term "improved property" means a detached, year-round noncommercial residential dwelling, the construction of which was begun before January 1, 1975, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any struc-

tures accessory to the dwelling which are situated on the land so designated.

SEC. 103. (a) The Secretary shall administer, protect, and develop the recreation area in accordance with the Act of August 25, 1916 (39 Stat. 535), and in accordance with any other statutory authorities available to him for the conservation and management of historic and natural resources, including fish and wildlife, to the extent he finds such authority will further the purposes of this Act. In developing and administering the recreation area, the Secretary shall take into consideration applicable Federal, State, and local recreation plans and resource use and development plans, including, but not limited to, the Atlanta Regional Commission Chattahoochee Corridor Study, dated July 1972.

(b) The Secretary is authorized and encouraged to enter into cooperative agreements with the State or its political subdivisions whereby he may assist in the planning for the interpretation of non-Federal publicly owned lands within or adjacent or related to the recreation area to assure that such lands are used in a manner consistent with the findings and purposes of this Act.

(c) In planning for the development and public use of the recreation area, the Secretary shall consult with the Secretary of the Army to assure that public use of adjacent or related water resource development or flood control projects and that of the recreation area are complementary.

(d) In administering the recreation area, the Secretary may permit fishing in waters under his jurisdiction in accordance with applicable State and Federal laws and regulations. The Secretary, after consultation with the appropriate State agency responsible for fishing activities, may designate zones where, and establish periods when, fishing shall be permitted and issue such regulations as he may determine to be necessary to carry out the provisions of this subsection. Except in emergencies, such regulations shall be put into effect only after consultation with the appropriate State agency.

SEC. 104. (a) The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (16 U.S.C. 791a et seq.), on or directly affecting the recreation area, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such area is established, except where such project is determined by the State of Georgia to be necessary for water supply or water quality enhancement purposes and authorized by the United States Congress. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments up-

stream or downstream from the recreation area or on any stream tributary thereto which will not invade the recreation area or unreasonably diminish the scenic, recreational, and fish and wildlife values present therein on the date of approval of this Act. Nothing contained in this subsection shall preclude the upgrading, improvement, expansion or development of facilities or public works for water supply or water quality enhancement purposes if such action would not have a material adverse effect on the values for which the recreation area is established.

(b) No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such area is established, as determined by the Secretary, nor shall such department or agency request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without at least sixty days in advance, (1) advising the Secretary in writing of its intention to do so and (2) reporting to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate the nature of the project involved and the manner in which such project would conflict with the purposes of this Act or would affect the recreation area and the values to be protected by it under this Act. It is not the intention of Congress by this Act to require the manipulation or reduction of lake water levels in Lake Sidney Lanier. Nothing in this Act shall be construed in any way to restrict, prohibit, or affect any recommendation of the Metropolitan Atlanta Water Resources Study as authorized by the Public Works Committee of the United States Senate on March 2, 1972.

(c) The Secretary is directed to proceed as expeditiously as possible to acquire the lands and interests in lands necessary to achieve the purposes of this Act.

SEC. 105. (a) From the appropriations authorized for fiscal year 1978 and succeeding fiscal years pursuant to the Land and Water Conservation Fund Act (78 Stat. 897), as amended, not more than $72,900,000 may be expended for the acquisition of lands and interests in lands authorized to be acquired pursuant to the provisions of this Act.

(b) Effective on October 1, 1978, there are authorized to be appropriated not to exceed $500,000 for the development of essential public facilities.

(c) Within three years from the effective date of this Act, the Secretary shall, after consulting with the Governor of the State of Georgia, develop and transmit to the Committee on Interior and Insular Affairs of the United States House of Representatives and to the Committee on Energy and Natural Resources of the United States Senate a general management plan for the use

and development of the recreation area consistent with the findings and purposes of this Act, indicating:

(1) lands and interests in lands adjacent or related to the recreation area which are deemed necessary or desirable for the purposes of resource protection, scenic integrity, or management and administration of the area in furtherance of the purposes of this Act, the estimated cost of acquisition, and the recommended public acquisition agency;

(2) the number of visitors and types of public use within the recreation area that can be accommodated in accordance with the full protection of its resources; and

(3) the facilities deemed necessary to accommodate and provide access for such visitors and uses, including their location and estimated cost.

2. Chickasaw

An Act to establish the Chickasaw National Recreation Area in the State of Oklahoma, and for other purposes. (90 Stat. 235) (P.L. 94-235)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide for public outdoor recreation use and enjoyment of Arbuckle Reservoir and land adjacent thereto, and to provide for more efficient administration of other adjacent area containing scenic, scientific, natural, and historic values contributing to public enjoyment of the area and to designate the area in such manner as will constitute a fitting memorialization of the Chickasaw Indian Nation, there is hereby established the Chickasaw National Recreation Area (hereinafter referred to as the "recreation area") consisting of lands and interests in lands within the area as generally depicted on the drawing entitled "Boundary Map, Chickasaw National Recreation Area," numbered 107-20004-A and dated February 1974, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior. The Secretary of the Interior (hereinafter referred to as the "Secretary") may from time to time revise the boundaries of the recreation area by publication of a map or other boundary description in the Federal Register, but the total acreage of the recreation area may not exceed ten thousand acres.

SEC. 2. (a) The Secretary may acquire land or interests in lands within the boundaries of the recreation area by donation, purchase with donated or appropriated funds, or exchange. When any tract of land is only partly within such boundaries, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries, and any land so acquired and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended. Any Federal property located within the boundaries of the recreation area may be transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of the recreation area. Lands within the boundaries of the recreation area owned by the State of Oklahoma, or any political subdivision thereof, may be acquired only by donation: *Provided*, That the Secretary may also acquire lands by exchange with the city of Sulphur, utilizing therefor only such lands as may be excluded from the recreation area which were formerly within the Platt National Park.

(b) With respect to improved residential property acquired for the purposes of this Act, which is beneficially

owned by a natural person and which the Secretary determines can be continued in that use for a limited period of time without undue interference with the administration, development, or public use of the recreation area, the owner thereof may on the date of its acquisition by the Secretary retain a right of use and occupancy of the property for noncommercial residential purposes for a term, as the owner may elect, ending either (1) at the death of the owner or his spouse, whichever occurs later, or (2) not more than twenty-five years from the date of acquisition. Any right so retained may, during its existence, be transferred or assigned. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition, less the fair market value on such date of the right retained by the owner.

(c) As used in this Act, "improved residential property" means a single-family year-round dwelling, the construction of which began before March 1, 1975, and which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located that the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling: *Provided*, That the Secretary may exclude from improved residential property any waters and adjoining land that the Secretary deems is necessary for public access to such waters.

(d) The Secretary may terminate a right to use and occupancy retained pursuant to this section upon his determination that such use and occupancy is being exercised in a manner not consistent with the purposes of the Act, and upon tender to the holder of the right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination.

SEC. 3. The Secretary shall permit hunting and fishing on lands and waters within the recreation area in accordance with applicable Federal and State laws: *Provided*, That he may designate zones where, and establish periods when, no hunting or fishing will be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any regulations issued by the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agency responsible for hunting and fishing activities.

SEC. 4. (a) Except as otherwise provided in this Act, the Secretary shall administer the recreation area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2–4), as amended and supplemented.

(b) Nothing contained in this Act shall affect or interfere with the authority of the Secretary by the Act of August 24, 1962 (76 Stat. 395), to operate the Arbuckle

Dam and Reservoir in accordance with and for the purposes set forth in that Act.

SEC. 5. The Act of June 29, 1906 (34 Stat. 837), which directed that certain lands now included by this Act in the recreation area be designated as the Platt National Park, is hereby repealed, and such lands shall hereafter be considered and known as an integral part of the Chickasaw National Recreation Area: *Provided*, That within such area the Secretary may cause to be erected suitable markers or plaques to honor the memory of Orville Hitchcock Platt and to commemorate the original establishment of Platt National Park.

SEC. 6. Notwithstanding the provisions of section 7 of the Act of June 16, 1906 (34 Stat. 272), which retain exclusive jurisdiction in the United States, upon notification in writing to the Secretary by the appropriate State officials of the acceptance by the State of Oklahoma of concurrent legislative jurisdiction over the lands formerly within the Platt National Park, the Secretary shall publish a notice to that effect in the Federal Register and, upon such publication, concurrent legislative jurisdiction over such lands is hereby ceded to the State of Oklahoma: *Provided*, That such cession of jurisdiction shall not occur until a written agreement has been reached between the State of Oklahoma and the Secretary providing for the exercise of concurrent jurisdiction over all other lands and waters within the Chickasaw National Recreation Area.

SEC. 7. There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this Act, but not to exceed $1,600,000 for the acquisition of lands and interests in lands, and $4,567,000 for development.

4. Cuyahoga Valley

An Act to provide for the establishment of the Cuyahoga Valley National Recreation Area. (88 Stat. 1784) (P.L. 93-555)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

PURPOSE

SEC. 1. For the purpose of preserving and protecting for public use and enjoyment, the historic, scenic, natural, and recreational values of the Cuyahoga River and the adjacent lands of the Cuyahoga Valley and for the purpose of providing for the maintenance of needed recreational open space necessary to the urban environment, the Cuyahoga Valley National Recreation Area, hereafter referred to as the "recreation area", shall be established within six months after the date of enactment of this Act. In the management of the recreation area, the Secretary of the Interior (hereafter referred to as the "Secretary") shall utilize the recreation area resources in a manner which will preserve its scenic, natural, and historic setting while providing for the recreational and educational needs of the visiting public.

LAND ACQUISITION

SEC. 2. (a) The recreational area shall comprise the lands and waters generally depicted on the map entitled "Boundary Map, Cuyhoga Valley National Recreation Area, Ohio", numbered NRA-CUYA-20,000-A, and dated December 1974, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and in the main public library of Akron, Ohio, and Cleveland, Ohio. After advising the Committees on Interior and Insular Affairs of the United States Congress, in writing, the Secretary may make minor revisions of the boundaries of the recreation area when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(b) Within the boundaries of the recreation area, the Secretary, after consultation with the Governor of the State of Ohio and the Advisory Commission established in section 5 of this Act, may acquire lands, improvements, waters, or interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer. Any lands or interests owned therein, as well as any lands hereafter acquired, by the State of Ohio or any political subdivision thereof (including any park district or other public entity) may be acquired only by donation. The Secretary shall not acquire privately owned lands which are held and used for public recreation uses unless

he determines that such lands are essential to carry out the purposes of this Act. Notwithstanding any other provisions of law, any Federal property located within the boundaries of the recreation area may, with the concurrence of the agency having custody thereof, be transferred without transfer of funds to the administrative jurisdiction of the Secretary for the purposes of the recreation area.

(c) With espect to improved properties, as defined in this Act, the Secretary may acquire scenic easements or such other interests as, in his judgment, are necessary for the purposes of the recreation area. Fee title to such improved properties shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are detrimental to the purposes of the recreation area, or unless such acquisition is necessary to fulfill the purposes of this Act.

(d) When any tract of land is only partly within the boundaries of the recreation area, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries. Any portion of the land acquired outside the boundaries and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949, as amended: *Provided*, That no disposal shall be for less than the fair market value of the lands involved.

(e) For the purposes of this Act, the term "improved property" means: (i) a detached single family dwelling, the construction of which was begun before January 1, 1975 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or (ii) property developed for agricultural uses, together with any structures accessory thereto which were so used on or before January 1, 1975. In determining when and to what extent a property is to be considered an "improved property", the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1975, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(f) The owner of an improved property, as defined in this Act, on the date of its acquisition, as a condition of

such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or agricultural purposes, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this Act, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(g) In exercising his authority to acquire property under this Act, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the recreation area to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

SEC. 3. (a) Within one year after the date of the enactment of this Act, the Secretary shall submit, in writing,to the Committees on Interior and Insular Affairs and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate:

(i) the lands and areas which he deems essential to the protection and public enjoyment of this recreation area,

(ii) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this recreation area, and

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing five fiscal years.

(b) It is the express intent of the Congress that the Secretary should substantially complete the land acquisition program contemplated by this Act within six years after the date of its enactment.

ADMINISTRATION

SEC. 4. (a) The Secretary shall administer the recreation area in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535) as amended and supplemented (16 U.S.C. 1, 2–4). In the administration of the recreation area, the Secretary may utilize such sta-

tutory authority available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purpose of this Act.

(b) The Secretary may enter into cooperative agreements with the State of Ohio, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement services and cooperative assistance by nearby law enforcement and fire preventive agencies.

(c) The authority of the Secretary of the Army to undertake or contribute to water resource development, including erosion control and flood control, on land or waters within the recreation area shall be exercised in accordance with plans which are mutually acceptable to the Secretary of the Interior and the Secretary of the Army and which are consistent with both the purposes of this Act and the purposes of existing statutes dealing with water and related land resource development.

(d) The Secretary, in consultation with the Governor of the State of Ohio, shall inventory and evaluate all sites and structures within the recreation area having present and potential historical, cultural, or architectural significance and shall provide for appropriate programs for the preservation, restoration, interpretation, and utilization of them.

(e) Not withstanding any other provision of law, the Secretary is authorized to accept donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of providing services and facilities which he deems consistent with the purposes of this Act.

(f) The Secretary may, on his own initiative, or at the request of any local government having jurisdiction over land located within or adjacent to the recreation area, assist and consult with the appropriate officer and employees of such local government in establishing zoning laws or ordinances which will assist in achieving the purposes of this Act. In providing assistance pursuant to this subsection, the Secretary shall endeavor to obtain provisions in such zoning laws or ordinances which—

(1) have the effect of prohibiting the commercial and industrial use (other than a use for commercial farms and orchards) of all real property adjacent to the recreation area;

SUBTITLE A - PARKS, SEASHORES, ETC.

SANTA MONICA MOUNTAINS NATIONAL RECREATION AREA

SEC. 507. (a) The Congress finds that—

(1) there are significant scenic, recreational, educational, scientific, natural, archeological, and public health benefits provided by the Santa Monica Mountains and adjacent coastline area;

(2) there is a national interest in protecting and preserving these benefits for the residents of and visitors to the area; and

(3) the State of California and its local units of government have authority to prevent or minimize adverse uses of the Santa Monica Mountains and adjacent coastline area and can, to a great extent, protect the health, safety, and general welfare by the use of such authority.

(b) There is hereby established the Santa Monica Mountains National Recreation Area (hereinafter referred to as the "recreation area"). The Secretary shall manage the recreation area in a manner which will preserve and enhance its scenic, natural, and historical setting and its public health value as an airshed for the Southern California metropolitan area while providing for the recreational and educational need of the visiting public.

(c)(1) The recreation area shall consist of the lands and waters and interests generally depicted as the recreation area on the map entitled "Boundary Map, Santa Monica Mountains National Recreation Area, California, and Santa Monica Mountains Zone", numbered SMM-NRA 80,000, and dated May 1978, which shall be on file and available for inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and in the offices of the General Services Administration in the Federal Office Building in West Los Angeles, California, and in the main public library in Ventura, California. After advising the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate, in writing, the Secretary may make minor

revisions of the boundaries of the recreation area when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(2) Not later than ninety days after the date of enactment of this Act, the Secretary, after consultation with the Governor of the State of California, the California Coastal Commission, and the Santa Monica Mountains Comprehensive Planning Commission, shall commence acquisition of lands, improvements, waters, or interests therein within the recreation area. Such acquisition may be by donation, purchase with donated or appropriated funds, transfer from any Federal agency, exchange, or otherwise. Any lands or interests therein owned by the State of California or any political subdivision thereof (including any park district or other public entity) may be acquired only by donation, except that such lands acquired after the date of enactment of this section by the State of California or its political subdivisions may be acquired by purchase or exchange if the Secretary determines that the lands were acquired for purposes which further the national interest in protecting the area and that the purchase price or value on exchange does not exceed fair market value on the date that the State acquired the land or interest: *Provided, however,* That the value of any lands acquired by the Secretary under the exception in this sentence shall be deducted from the amount of moneys available for grants to the State under subsection (n) of this section. Notwithstanding any other provision of law, any Federal property located within the boundaries of the recreation area shall, with the concurrence of the head of the agency having custody thereof, be transferred without cost, to the administrative jurisdiction of the Secretary for the purposes of the recreation area.

(3) The Administrator of the General Services Administration is hereby authorized and directed to transfer the site generally known as Nike Site 78 to the Secretary for inclusion in the recreation area: *Provided,* That the county of Los Angeles shall be permitted to continue to use without charge the facilities together with sufficient land as in the determination of the Secretary shall be necessary to continue to maintain and operate a fire suppression and training facility and shall be excused from payment for any use of the land and facilities on the site prior to the enactment of this Act. At such time as the county of Los Angeles, California, relinquishes control of such facilities and adjacent land or ceases the operation of the fire suppression and training facility, the land and facilities shall be managed by the Secretary as a part of the recreation area.

(d)(1) Within six months after the date of enactment of this Act, the Secretary shall identify the lands, waters, and interests within the recreation area which must be acquired and held in public ownership for the following critical purposes: preservation of beaches and coastal

uplands; protection of undeveloped inland stream drainage basins; connection of existing State and local government parks and other publicly owned lands to enhance their potential for public recreation use; protection of existing park roads and scenic corridors, including such right-of-way as is necessary for the protection of the Mulholland Scenic Parkway Corridor; protection of the public health and welfare; and development and interpretation of historic sites and recreation areas in connection therewith, to include, but not be limited to, parks, picnic areas, scenic overlooks, hiking trails, bicycle trails, and equestrian trails. The Secretary may from time to time revise the identification of such areas, and any such revisions shall become effective in the same manner as herein provided for revisions in the boundaries of the recreation area.

(2) By January 1, 1980, the Secretary shall submit, in writing, to the committees referred to in subsection (c) and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate—

(A) the lands and areas identified in paragraph (1),

(B) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this recreation area,

(C) the annual acquisition program (including the level of funding) recommended for the ensuing five fiscal years, and

(D) the final boundary map for the recreation area.

(e) With respect to improved properties, as defined in this section, fee title shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are detrimental to the purposes of the recreation area, or unless each acquisition is necessary to fulfill the purposes of this section. The Secretary may acquire scenic easements to such improved property or such other interests as, in his judgment are necessary for the purposes of the recreation area.

(f) For the purposes of this section, the term "improved property" means—

(1) a detached single-family dwelling, the construction of which was begun before January 1, 1976 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated as is in the same ownership as the dwelling and as the Secretary designates to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, and

(2) property developed for agricultural uses, together with any structures accessory thereto as were used for agricultural purposes on or before January 1, 1978.

In determining when and to what extent a property is to be treated as "improved property" for purposes of this section, the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1978, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(g) The owner of an improved property, as defined in this section, on the date of its acquisition, as a condition of such acquisition, may retain for herself or himself, her or his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or agriculture purposes, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of her or his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this section, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(h) In exercising the authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the recreation area to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

(i) The Secretary shall administer the recreation area in accordance with this Act and provisions of laws generally applicable to units of the National Park System, including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.). In the administration of the recreation area, the Secretary may utilize such statutory authority available for the conservation and management of wildlife and natural resources as appropriate to carry out the purpose of this section. The fragile resource areas of the recreation area shall be administered on a low-intensity basis, as determined by the Secretary.

(j) The Secretary may enter into cooperative agreements with the State of California, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement services and cooperative assistance by nearby law enforcement and fire preventive agencies.

(k) Notwithstanding any other provision of law, the

Secretary is authorized to accept donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of land acquisition and providing services and facilities which the Secretary deems consistent with the purposes of this section.

(l) By January 1, 1981, the Santa Monica Mountains National Recreation Area Advisory Commission, established by this section, shall submit a report to the Secretary which shall—

(1) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area,

(2) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section, and

(3) recommend any conditions, joint management agreements, or other land use mechanisms to be contingent on any transfer of land.

(m) The Secretary, after giving careful consideration to the recommendations set forth by the Advisory Commission, shall, by January 1, 1982, submit a report to the Committees referred to in subsection (c) which shall incorporate the recommendations of the Advisory Commission as well as set forth in the Secretary's recommendations. Such report shall—

(1) assess the benefits and costs of continued management as a unit of the National Park System,

(2) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area, and

(3) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section.

(n)(1) The Secretary shall request the Santa Monica Mountains Comprehensive Planning Commission to submit a comprehensive plan, prepared in accord with this section and title 7.75 of the California Government Code (commencing with section 67450), for the Santa Monica Mountains Zone generally depicted on the map referred to in subsection (c) of this section for approval.

(2) The comprehensive plan shall include, in addition to the requirements of California State law—

(A) an identification and designation of public and private uses which are compatible with and which would not significantly impair the significant scenic, recreational, educational, scientific, natural, archeological, and public health benefits present in the zone and which would not have an adverse impact on the recreation area or on the air quality of the south coast air basin;

(B) a specific minimum land acquisition program which shall include, but not be limited to, fee and less than fee acquisition of strategic and critical sites

not to be acquired by the Federal Government for public recreational and other related uses; and a program for the complementary use of State and local authority to regulate the use of lands and waters within the Santa Monica Mountains Zone to the fullest extent practicable consistent with the purposes of this section; and

(C) a recreation transportation system which may include but need not be limited to existing public transit.

(3) No plan submitted to the Secretary under this section shall be approved unless the Secretary finds the plan consistent with paragraph (2) and finds that—

(A) the planning commission has afforded adequate opportunity, including public hearings, for public involvement in the preparation and review of the plan, and public comments were received and considered in the plan or revision as presented to him;

(B) the State and local units of government identified in the plan as responsible for implementing its provisions have the necessary authority to implement the plan and such State and local units of government have indicated their intention to use such authority to implement the plan;

(C) the plan, if implemented, would preserve significant natural, historical, and archeological benefits and, consistent with such benefits, provide increased recreational opportunities for persons residing in the greater Los Angeles-southern California metropolitan area; and

(D) implementation of the plan would not have a serious adverse impact on the air quality or public health of the greater Los Angeles region.

Before making his findings on the air quality and public health impacts of the plan, the Secretary shall consult with the Administrator of the Environmental Protection Agency.

(4) Following approval of the plan with respect to the Santa Monica Mountains Zone, upon receipt of adequate assurances that all aspects of that jurisdiction's implementation responsibilities will be adopted and put into effect, the Secretary shall—

(A) provide grants to the State and through the State to local governmental bodies for acquisition of lands, waters, and interests therein identified in paragraph (2)(B), and for development of essential public facilities, except that such grants shall be made only for the acquisition of lands, waters, and interests therein, and related essential public facilities, for park, recreation, and conservation purposes; and

(B) provide, subject to agreements that in the opinion of the Secretary will assure additional pres-

ervation of the lands and waters of the zone, such funds as may be necessary to retire bonded indebtedness for water and sewer and other utilities already incurred by property owners which in the opinion of the Secretary would if left outstanding contribute to further development of the zone in a manner inconsistent with the approved plan developed by the planning commission.

No grant for acquisition of land may be made under subparagraph (A) unless the Secretary receives satisfactory assurances that such lands acquired under subparagraph (A) shall not be converted to other than park, recreation, and conservation purposes without the approval of the Secretary and without provision for suitable replacement land.

(5) Grants under this section shall be made only upon application of the recipient State and shall be in addition to any other Federal financial assistance for any other program, and shall be subject to such terms and conditions as the Secretary deems necessary to carry out the purposes of this section. Any jurisdiction that implements changes to the approved plan which are inconsistent with the purposes of this section, or adopts or acquiesces in changes to laws regulations or policies necessary to implement or protect the approved plan, without approval of the Secretary, may be liable for reimbursement of all funds previously granted or available to it under the terms of this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants. During the life of the planning commission, changes to the plan must be submitted by the planning commission to the Secretary for approval. No such application for a grant may be made after the date five years from the date of the Secretary's approval of the plan.

(o) The head of any Federal agency having direct or indirect jurisdiction over a proposed Federal or federally assisted undertaking in the lands and waters within the Santa Monica Mountains Zone, generally depicted on the map referred to in subsection (c), and the head of any Federal agency having authority to license or permit any undertaking in such lands and waters shall, prior to the approval of the expenditure of any Federal funds on such undertaking or prior to the issuance of any license or permit, as the case may be, afford the Secretary a reasonable opportunity to comment with regard to such undertaking and shall give due consideration to any comments made by the Secretary and to the effect of such undertaking on the "findings" and purposes of this section.

(p) The Secretary shall give full consideration to the recommendations of the California Department of Parks and Recreation, the Santa Monica Mountains Compre-

hensive Planning Commission, and the California Coastal Commission.

(E) five members appointed by the Secretary, one of whom shall serve as the Commission Chairperson.

(3) The Advisory Commission shall meet on a regular basis. Notice of meetings and agenda shall be published in local newspapers which have a distribution which generally covers the area. Commission meetings shall be held at locations and in such a manner as to insure adequate public involvement. Such locations shall be in the region of the Santa Monica Mountains and no more than twenty-five miles from it.

(4) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred in carrying out their responsibilities under this Act on vouchers signed by the Chairperson.

(5) The Secretary, or his or her designee, shall from time to time but at least semiannually, meet and consult with the Advisory Commission on matters relating to the development of this recreation area and with respect to carrying out the provisions of this section.

(r) There are authorized to be appropriated such sums as may be necessary for acquisition of lands and interests in land within the boundaries of the recreation area established under this section, but not more than $15,000,000 for fiscal year 1979, $40,000,000 for fiscal year 1980, $45,000,000 for fiscal year 1981, $10,000,000 for fiscal year 1982, and $15,000,000 for fiscal year 1983, such sums to remain available until expended. PART 2—STUDY OF POLICE AND FIREMEN'S SALARIES AND RECOMMENDATIONS

SEC. 111. (a) The Commissioner of the District of Columbia, and after January 2, 1975, the Mayor of the District of Columbia, shall annually conduct a thorough study of the compensation being paid officers and members of the police and fire departments of other jurisdictions in the Washington metropolitan area and other cities of comparable size. The annual study may include other conditions of employment of police and firemen, such as hours of work, health benefits, retirement benefits, sick pay, and vacation time. The annual study shall also include the current percentage change in the Consumer Price Index for the Washington metropolitan area published by the Bureau of Labor Statistics, Department of Labor, and rates of compensation for Federal and District of Columbia employees having comparable duties and responsibilities.

(b)(1) In order to conduct the annual study specified in subsection (a), the Commissioner, or the Mayor, as the case may be, shall establish a city personnel salary and benefits study committee whose sole function shall be to conduct such annual study. The size of the committee shall be determined by the Commissioner, or the Mayor, as the case may be, who shall appoint the management members of the committee. Each labor organization or other association or group which has been selected to represent the officers and members of the Metropolitan Police force and the Fire Department of the District of Columbia shall select representatives of their respective labor organizations or other association or group to be members of the labor-management committee.

(2) The number of management members and the number of members representing the labor organizations or other associations or groups on the labor-management committee shall be equal. The chairman of the labor management committee shall be chosen by members of the committee, and shall not be an officer or employee of the District of Columbia government or a member or employee of a labor organization or other association or group represented on the committee. If the committee has not chosen a chairman within 10 days after the date of the first meeting of the committee, then the chairman shall be chosen by the Director of the Federal Mediation and Conciliation Service.

(c) On or before June 30 of each year, the results of the annual study shall be made public and shall be avail-

able to the parties involved in negotiations between the District of Columbia and representatives of the officers and members of the Metropolitan Police force and the Fire Department of the District of Columbia under the District of Columbia labor relations program. SEC. 112. (a) If after January 2, 1975, as a result of collective bargaining the parties have reached a negotiated solution with respect to changes in compensation for officers and members of the Police and Fire Departments, the Mayor shall recommend to the Council of the District of Columbia that said changes should be authorized and that the Congress shall be requested to appropriate sufficient funds for that purpose. The first recommendation made by the Mayor under this subsection shall be made by no later than October 1, 1975.

(b) The recommendations submitted by the Mayor under subsection (a) shall be considered a labor-management issue for the purposes of subsection (c).

(c) If the parties have reached an impasse in negotiations on or before the expiration date of their existing collective bargaining agreements, either party shall promptly notify the Director of the Federal Mediation and Conciliation Service in writing. He shall assist in the resolution of that impasse by selecting an impartial person experienced in public sector disputes to serve as a mediator. If mediation does not resolve the impasse within thirty days, or any shorter period designated by the mediator, the Director shall, only upon the request of either party, then appoint an impartial Board of Arbitration to investigate the labor-management issues involved in the dispute, conduct whatever hearing it deems necessary, and to issue a written award to the parties with the object of achieving a prompt, peaceful, and fair settlement of the dispute. The award shall be issued within twenty days after the Board has been established. The award shall contain findings of fact and a statement of reasons. The award shall be final and binding upon the parties to the dispute.

(d) If the procedures set forth in subsection (c) are implemented, no change in the status quo in effect prior to contract expiration date in the case of negotiations for a contract renewal, or in effect prior to the time of impasse in the case of an initial bargaining negotiation, shall be made pending the completion of mediation and/or arbitration.

(e) The factfinder, mediator, and any members of the Board of Arbitration appointed by the Director of the Federal Mediation and Conciliation Service shall be en-

titled to compensation at the maximum daily rate allowable by law for each day they are actually engaged in performing services under this section.

TITLE IV—REAL PROPERTY TAX

PART 1—SHORT TITLE, STATEMENT OF PURPOSE, AND DEFINITIONS

SEC. 401. This title may be cited as the "District of Columbia Real Property Tax Revision Act of 1974".

SEC. 402. It is the intent of Congress to revise the real property tax in the District of Columbia to achieve the following objectives:

(1) Equitable sharing of the financial burden of the government of the District of Columbia.

(2) Full public information regarding assessments and appeal procedures.

(3) Promotion of economic activity, diversity of land use, and preservation of the character of the District of Columbia.

(4) Assurance that shifts in the tax burden on individual taxpayers will not be excessive.

(5) Comparability of tax effort between the District of Columbia and surrounding jurisdictions in the metropolitan area and cities of comparable size.

SEC. 403. For the purposes of this title—

(1) The term "real property" means real estate identified by plat on the records of the District of Columbia Surveyor according to lot and square together with improvements thereon.

(2) The term "Commissioner" means the Commissioner of the District of Columbia established under Reorganization Plan Numbered 3 of 1967.

(3) The term "Council" means the District of Columbia Council established under Reorganization Plan Numbered 3 of 1967.

(4) The term "estimated market value" means 100 per centum of the most probable price at which a particular piece of real property, if exposed for sale in the open market with a reasonable time for the seller to find a purchaser, would be expected to transfer under prevailing market conditions between parties who have knowledge of the uses to which the property may be put, both seeking to maximize their gains and neither being in a position to take advantage of the exigencies of the other.

(5) The term "regulation", unless specifically identified as a regulation of the Commissioner, means a regulation of the Council enacted under section 406 of the Reorganization Plan Numbered 3 of 1967, and after January 2, 1975, such term means an act of the Council of the District of Columbia enacted uner section 412 (and related sections) of the District of Columbia Self-Government and Governmental Reorganizations Act.

(6) The term "tax year" means—

(A) with respect to a real property tax rate proposed by the Mayor or established by the Council after January 1 but before June 30 of any calendar year, showing fiscal year; and

(B) with respect to a real property tax rate proposed by the mayor or established by the Council after June 30 in any calendar year, the fiscal year during which the rate was proposed or establish.

PART 2—AUTHORITY AND PROCEDURE TO ESTABLISH REAL PROPERTY TAX RATES

SUBPART A—REAL PROPERTY TAX RATE

SEC. 411. Notwithstanding the provisions of the Act of June 2, 1922 (D.C. Code, sec. 47–501), there is hereby levied for each fiscal year a tax on the real property in the District of Columbia at a rate determined according to the provisions of this title. Unless otherwise provided by law, all revenues received from such tax shall be deposited, from time to time, in the Treasury of the United States, to the credit of the District of Columbia.

SEC. 412. The Council, after public hearing, shall establish each year, within thirty days after receipt of the Commissioner's recommendation under section 413, a rate of taxation which, except as provided in section 431,

shall be applied, during the tax year, to the assessed value of all real property subject to taxation. The Council may by resolution extend the time for any year for setting such rate of taxation, except that if the Council does make such an extension, it must establish such a rate for that tax year. If the Council fails to establish such a rate within such thirty days, and fails to exted the time for establishing such a rate, the rate calculated by the Commissioner, pursuant to section 413, shall be the rate for that tax year.

SEC. 413. (a)(1) Except as provided in paragraph (2), by July 15 of each year, the Commissioner shall calculate and submit to the council a proposed real property tax rate for the tax year, and inform the Council of his certification of the assessment roll pursuant to section 426(g). The Commissioner may extend the period for submitting such recommendation.

(2) With respect to the real property tax rate for the fiscal year ending June 30, 1975, the Commissioner shall submit his recommendation to the Council within 30 days after the date of enactment of this title.

(b) At the time the Commissioner submits to the Council the proposed real property tax rate under subsection (a), he shall also submit the following:

(1) The total aggregate assessed value of taxable real property for the year preceding the tax year by major class or type of property.

(2) The estimated total aggregate assessed value of taxable real property for the tax year for which the property tax rate recommendation is being made, by major class or type of property, indicating separately for each class or type the estimated value attributable to new construction.

(3) The real property tax rate (rounded to the nearest penny) calculated to yield in the tax year the same amount of revenue (exclusive of the revenue attributable to new construction) as was raised by that tax at the rate applicable during the year preceding the tax year.

(c) The real property tax rate submitted by the Commissioner pursuant to subsection (a) shall become the real property tax rate applicable during the tax year for which it is submitted unless the Council acts to set a different such rate pursuant to section 412.

(d) On or before February 1 of each year the Commissioner shall estimate as closely as possible the rate to be calculated in subsection (a) and shall so inform the Council.

(e) The real property tax rate applicable in the District for the fiscal year ending June 30, 1975, calculated according to the provisions of sections 411, 412, 413, and 461, shall be applied to the assessment roll for 1975 determined according to provisions of law in effect prior to the effective date of this Act.

SEC. 414. At the time the Commissioner submits to the Council the proposed real property tax rate under section 413, he shall also submit the following:

(1) The total aggregate assessed value of real property exempt from the real property tax levied in the District for the current fiscal year by major class or type of exempt status and the tax that would have been paid during such fiscal year had such property not been exempt.

(2) The estimated total aggregate assessed value of real property exempt from the real property tax levied in the District by major class or type of exempt status and the tax that would be paid during the fiscal year under the real property tax rate proposed by the Commissioner pursuant to section 413.

SEC. 415. In establishing a real property tax rate the Council shall make a comparison of tax rates and burdens applicable to residential and nonresidencial property in the District with those such rates applicable to such property in jurisdictions in the vicinity of the District. The comparison shall include other major taxes in addition to the tax on real property. Without in any way limiting the authority of the Council, it is the intention of Congress that tax burdens in the District be reasonably comparable to those in the surrounding jurisdictions of the Washington metropolitan area.

SEC. 416. The Commissioner shall, by June 30 of each year, compile and publish information regarding the relative amount of tax for all major taxes in the District compared with those in surrounding jurisdictions in the Washington metropolitan area and with those in other cities. The information shall include the rate of the property tax levied on residential and nonresidential property, and the effect of major taxes levied on families of different income levels and on businesses.

SUBPART B—ASSESSMENT AND ADMINISTRATION

SEC. 421. (a) The assessed value of all real property shall be listed on the assessment roll for real property taxation purposes annually as provided in this part. The assessed value for all real property shall be the estimated market value of such property as of January 1 of the year preceding the tax year, as determined by the Commissioner. In determining estimated market value for various kinds of real property the Commissioner shall take into account any factor which might have a bearing on the market value of the real property including, but not limited to, sales information on similar types of real property, mortgage, or other financial considerations, reproduction cost less accrued depreciation because of age, condition, and other factors, income earning potential (if any), zoning, and government-imposed restrictions. Assessments shall be based upon the sources of

information available to the Commissioner which may include actual view.

(b) All real property shall be assessed no less frequently than once every two years, and as soon as practicable such assessment shall be made annually. The Council may authorize and direct assessments to be made annually for some or all classes of real property, except that for fiscal year 1978, and for each fiscal year thereafter, all real property shall be assessed on an annual basis.

(c) The Council may adopt regulations concerning the assessment and reassessment of real property and matters relating thereto which shall be consistent with the provisions of this title and other applicable provisions of law.

(d) The Council may adopt regulations regarding information to be furnished the Commissioner by owners of real property. Such regulations shall provide, under penalty of law, that all such information with respect to income derived from investment on income-producing real property shall be handled in the same confidential manner as income tax returns and supporting data required to be submitted to the government of the District of Columbia under laws applicable in the District.

(e) The Commissioner shall submit to the Council, within forty-five days after the date of enactment of this title, proposed regulations to be adopted by the Council pursuant to subsection (c).

(f) Consistent with the provisions of this Act and regulations of the Council, the Commissioner shall promulgate necessary regulations and administrative orders. If the Council shall not have adopted regulations concerning assessment pursuant to subsection (c) within ninety days after the date of enactment of this title, the Commissioner shall promulgate such regulations.

SEC. 422. (a) The Commissioner shall assess all real property, identifying separately the value of land and improvements thereon, and administer and collect the real property tax within the District. The Commissioner shall also notify owners of real property of assessments and of appeal procedures. In addition, he shall maintain adequate records relating to the administration of the real property tax in the District, and provide appropriate public information concerning such tax.

(b) The Commissioner shall appoint assessors competent to determine values of real property to carry out the provisions of this title and other relevant portions of this title. Each person so appointed shall take and subscribe an oath to diligently, faithfully, and impartially assess all real property according to applicable law and regulations and otherwise perform the duties of office.

(c) The Commissioner shall assure that information regarding the characteristics of real property, sales and

exchanges of all such property, building permits, land use plans, and any other information pertinent to the assessment process shall be made available to the assessors on a timely basis.

SEC. 423. (a) All real property, except as hereinafter provided, shall be assessed in the name of the owner, or trustee or trustees of the owner thereof. All undivided real property of a deceased person may be assessed in the name of such deceased person until such undivided real property is divided according to law, or has otherwise passed into the possession of some other person; and all real property, the ownership of which is unknown, shall be assessed as owner unknown.

(b) All real property, whether taxable or not, shall be assessed according to the address and the number of the squares and lots thereof, or part of lots, and upon the number of the square or superficial feet in each square or lot or part of a lot.

SEC. 424. (a) The Commissioner shall, on or before March 1 of each year, compile in tabular form and place in a book, known as the preliminary assessment roll, the name of the owner, address, lot and square, amount, description, and value, as of January 1 of that year, of the land and improvements of all real property whether such property is taxable or exempt.

(b) The preliminary assessment roll, together with all maps, field books, assessment-sales ratio studies, surveys, and plats, shall be open to public inspection during normal business hours. In addition, any notes and memorandums relating to the assessment of his real property, or a statement clearly indicating the basis upon which his real property has been assessed, shall be open to inspection by the taxpayer or his designated representative during normal business hours. Provision shall be made to furnish copies of all material to any person, upon request, at the lowest charge which covers cost of making such copies.

(c) The Commissioner shall undertake, publish, and otherwise publicize the results of assessment-sales ratio studies for different types of real property for the entire District and for different types of real property within each of the districts utilized in making assessments. If, for a given year, adequate sales data are lacking for particular studies, the Commissioner shall so indicate.

(d) The Commissioner shall, either himself or in a newspaper of general circulation, publish a listing of the assessed value of each property by address, lot, and square, and he shall also make such listing available at the main public library in the District and at such other points as he may determine. Such publication can be by neighborhood areas so long as maps showing the assessment areas are generally available.

SEC. 425. Beginning as soon as possible after January 1, but no later than March 1 of each year, each taxpayer

shall be notified of the assessment of his real property for the next fiscal year. The notice, or statement accompanying the notice, shall include—

(1) the address, lot, square, and type of land use by major category of the property;

(2) the assessed value of the land and improvements (shown separately and in total) of the property for the next fiscal year and such amounts for the previous fiscal year;

(3) the amount and percentage of change in assessed value over the previous fiscal year;

(4) an indication of the reason for such change in assessment, such as, but not limited to, improvements to the property, zoning change, changing market values;

(5) statement of appeal procedures pursuant to section 426(i);

(6) the citation to the regulations or orders under which the property was assessed;

(7) the location of the assessment roll, studies, and notes referred to in sections 424 and 426(g) and the hours during which the information is available;

(8) the availability of a listing of the assessed value of property referred to in section 424(c); and

(9) an explanation of all special benefits, incentives, limitations, or credits which relate to real property taxes as a result of this or any other Act.

SEC. 426. (a) There is established a Board of Equalization and Review for the District (hereinafter in this title referred to as the "Board") which shall be composed of fifteen members, a majority of whom shall be residents of the District, appointed by the Commissioner, with the advice and consent of the Council. The Council may authorize a larger size if the caseload so requires. Members of the Board shall be persons having knowledge of the valuation of property, real estate transactions, building costs, accounting, finance, or statistics. The Commissioner shall name one member as Chairman. None of the members may be officers of the District of Columbia government. Each member shall serve for a term of five years, except of the members first appointed under this section, the Commissioner shall designate equal numbers for terms of one, two, three, four, and five years. The terms of the members first appointed under this section shall begin on January 1, 1975. Any person appointed to fill a vacancy shall be appointed to serve for the remainder of the term during which the vacancy arose. Each member shall receive compensation at a rate to be determined by the Council unless otherwise prohibited by law, but not to exceed one two-thousandth of the annual salary of the highest step of grade 15 of the General Schedule in section 5332 of title 5 of the United States Code for each hour such member is engaged in the actual performance of duties vested in the Board.

(b) The Commissioner shall provide such other support as is needed for the efficient operation of the Board.

(c) The Board shall convene as business necessitates from the first Monday in January until the Commissioner shall be presented with the assessment roll for the fiscal year as provided in subsection (g). The Board shall also convene as business necessitates for a period of thirty days following any special assessment which shall be generally applicable to a class of real property, and as business in the Board otherwise makes necessary.

(d) A majority of the Board shall constitute a quorum for transacting business, except the Board may provide for the establishment of three member panels for hearing and deciding individual appeals. The Board shall adopt and publish necessary rules, and all applicable provisions of the District of Columbia Administrative Procedures Act (D.C. Code, secs. 1–1501–1–1510) shall apply to the rules and procedure of the Board.

(e) On or before April 15 of each year any taxpayer may appeal the amount of his assessment for the forthcoming fiscal year.

(f) Pursuant to applicable provisions of law, regulations adopted by the Council, or orders of the Commissioner, the Board shall attempt to assure that all real property is assessed at the estimated market value. Based on the record of complaints or of other information available to or solicited by the Board, the Board shall raise or lower the estimated market value of any real property which it finds to be more than 5 per centum above or below the estimated market value contained in the preliminary assessment roll prepared by the Commissioner according to section 423 and shall revise the assessment roll accordingly.

(g) On or before June 1 the Board shall present the revised assessment roll for the forthcoming fiscal year to the Commissioner. The Commissioner shall make such further revisions to the assessment roll as are required under other applicable provisions of law, and shall approve such asessment roll not later than June 30. Except as otherwise provided by law, the approved assessment roll shall constitute the basis of assessment for the forthcoming fiscal year and until another assessment roll is made according to law.

(h) Neither the Board nor any court shall order the increase of the assessed value of any parcel of real property above its estimated market value, nor the decrease of the assessed value of any parcel of real property below its estimated market value solely on the basis of average ratio studies comparing sales and asessments, unless such studies are the primary basis for the assessment, or reassessment of the concerned property.

(i) Any person aggrieved by any assessment, equalization, or valuation made, may, by October 15 of the calendar year in which such assessment, equalization,

or valuation is made, appeal from such assessment, equalization, or valuation in the same manner and to the same extent as provided in sections 3 and 14 of title IX of the Act of August 17, 1937 (D.C. Code, secs. 47–2404, 47–24143), if such person shall have first made his complaint to the Board respecting such assessment as herein provided, except that in any case where no notice in writing of such increase of valuation was given the taxpayer prior to March 15 of the particular year, no such complaint shall be required for appeal.

SEC. 427. Each assessor of the District, and each assistant assesor, in the discharge of any of his duties, or the Board, may administer all necessary oaths or affirmations. The Commissioner or, in his absence, his designated agent, and the Chairman of the Board, shall have power to summon the attendance of any person to be examined under oath touching such matters and things as the Commissioner or the Board may deem advisable in the discharge of their duties; and any member of the Metropolitan Police force of the District of Columbia may serve subpenas in his behalf. Such fees shall be allowed witnesses so examined, to be paid out of funds available to the Commissioner, as are allowed in civil actions before the United States District Court for the District of Columbia. Any person summoned and examined as aforesaid who shall knowingly make false oath or affirmation shall be guilty of perjury, and upon conviction thereof be punished according to the laws in force for the punishment of perjury.

SEC. 428. Within one year after the date of enactment of this title the Superior Court of the District of Columbia shall establish a method which it deems appropriate by which class action cases regarding any matter relating to real and personal property taxes may be brought before the Superior Court.

SEC. 429. Any person who shall refuse or knowingly neglect to perform any duty enjoined on him by law, or who shall conset to or connive at any evasion of the provision of the first section of the Act of March 3, 1881 (D.C. Code. sec. 47–209), or section 13 of the Act of August 14, 1894 (D.C. Code, sec. 47–606), or any other provision of this title shall, for each offense, be removed from office and fined not more than $10,000, or imprisoned for no longer than one year, or both, in the discretion of the court.

SUBPART C—MODIFIED HOMEOWNER EXEMPTION TO PREVENT SHIFT OF THE TAX BURDEN TO LOW AND MODERATE INCOME FAMILIES WHO RENT OR OWN SINGLE FAMILY HOMES

SEC. 430. (a) In order that the shift to equalized assessment at the same percentage of estimated market value for all properties not result in increases in proportionate tax burden for households of low or moderate income who own or rent property identified on the as-

sessment roll as row dwellings, detached dwellings, or semi-detached dwellings, the Council by regulation is authorized to provide that the amount of up to $3,000 of market value may be deducted from the estimated market value of some or all of such property.

(b) Subsection (a) shall take effect on and after July 1, 1974.

SUBPART D—TAX INCENTIVES FOR REHABILITATION OF PROPERTY AND NEW CONSTRUCTION IN AREAS OF THE CITY AND FOR THE PRESERVATION OF HISTORIC PROPERTY

SEC. 431. (a) The Council shall, within one year after the date of enactment of this title, after public hearing, adopt regulations providing tax incentives for the rehabilitation of existing structures and for new construction, including rehabilitation or construction of commercial property, located in areas of the District as designated by the Council. The Council shall also adopt regulations providing tax incentives for the rehabilitation and maintenance of historic property. Such tax incentives may include, but are not limited to—

(1) establishing different tax rates for land and for improvements thereon; and

(2) providing that any increase in assessed value of improvements resulting from rehabilitation or new construction be ignored for tax purposes for up to five years from the year of such reassessment.

(b) To be eligible for incentive under this section, historic property must be property designated as an historic landmark and conform to the provisions of subpart E.

SUBPART E—TAX RELIEF FOR CERTAIN HISTORIC PROPERTIES

SEC. 432. For certain officially designated historic property in the District, the Commissioner shall, in addition to assessing at full market value, assess land and improvement on the basis of current use and structures of the property, which latter assessment, if it is less than full market value, shall be the basis of tax liability to the District.

SEC. 433. To be eligible for historic property tax relief, real property must be historic property designated by the Joint Committee on Landmarks of the National Capital Planning Commission and the Commission on Fine Arts, and, in addition, must be approved by the Commissioner under section 434.

SEC. 434. The Council may provide that the owners of properties which have been designated historic landmarks by the Joint Committee on Landmarks of the National Capital Planning Commission and the Commission of Fine Arts may enter into agreements with the government of the District of Columbia for periods of at least twenty years which will assure the continued maintenance of historic properties in return for property tax relief. Such a provision shall, as a condition for tax

relief, require reasonable assurance that such property will be used and properly maintained and such other conditions as the Council finds to be necessary to encourage the preservation of historic property. The Council shall also provide for the recovery of back taxes, with interest, which would have been due and payable in the absence of the exemption, if the conditions for such exemption are not fulfilled.

SUBPART F—TAX DEFERRAL

SEC. 435. (a) An eligible taxpayer may defer each year any real property tax owed in excess of 110 per centum of his immediately preceding year's real property tax liability. To be eligible for such deferral the taxpayer must—

(1) have owned for at least five years the residential real property for which deferral is claimed;

(2) certify that the combined household adjusted gross income (for purposes of District income taxes) does not exceed $20,000 in one year;

(3) file a written request for deferral on a form prescribed by the Commissioner;

(4) certify that such residential real property is the principal place of residence of the taxpayer;

(5) certify that the zoning classification of such residential property has not changed in the immediately past fiscal year;

(6) certify that increases in the assessed valuation of such residential real property attributable to improvements which increase the intrinsic value of such residential real property are not included in the calculation of the increase in real property tax payable; and

(7) certify that the assessment of such residential real property for the immediately previous fiscal year was not the result of an obvious arithmetical error.

(b) Taxes deferred under this section shall bear interest compounded annually. The rate of interest which shall be applied in each year shall be the average Treasury bill rate for the preceding twelve months as certified by the Secretary of the Treasury to the Commissioner.

(c) No further deferrals of real property tax shall be granted a taxpayer when his deferred tax plus interest equals more than 10 per centum of the current assessed value of his property.

(d) Taxes deferred under this section, together with all accumulated interest, shall constitute a preferential lien upon the real property which shall be immediately payable by the seller, transferor, or conveyor whenever the real property is sold, refinanced, transferrred, or conveyed in any manner, or whenever additional co-owners (other than spouse) are added to the real property.

SEC. 436. (a) Any owner of residential real property whose combined household adjusted gross income is in excess of $20,000, and who meets the qualifications specified in clauses (1), (3), (4), (5), and (6) of subsection (a) of section 435, may defer the amount of real property tax attributable to an increase by more than 25 per centum in any one year over the assessment of the immediately previous fiscal year. For the purposes of this section and section 435, for the fiscal year 1975 the assessed value of all properties assessed at 55 per centum of estimated market value shall be the assessed value of the property divided by 0.55.

(b) Taxes deferred under this section shall bear interest compounded annually. Notwithstanding any other provision of law, the rate of interest which shall be applied in each year is the average Treasury bill rate for the preceding twelve months as certified by the Secretary of the Treasury to the Commissioner.

(c) No further deferrals of real property tax shall be granted a taxpayer when his deferred tax plus interest equals more than 10 per centum of the current assessed value of his property.

(d) Taxes deferred under this section, together with all accumulated interest, shall constitute a preferential lien upon the property which shall be immediately payable by the seller, transferor, or conveyor whenever the property is sold, refinanced, transferred, or conveyed in any manner, or whenever additional co-owners (other than spouse) are added to the property.

(e) The deferral provided in this section shall terminate June 30, 1979 unless specifically extended by the Council.

SUBPART G—DISPOSAL OF TAX DELINQUENT PROPERTY TO ENCOURAGE HOMEOWNERSHIP

SEC. 437. Notwithstanding any other provision of law, whenever any real property in the District of Columbia has been, or shall hereafter be, offered for sale for nonpayment of taxes or assessments of any kind whatsoever, and shall have been bid off in the name of the District of Columbia, and two years or more have elapsed since such property was bid off as aforesaid, and the same has not been redeemed as provided by law, the Commissioner of the District may enforce the lien of the District for taxes or other assessments on such real property by ordering that a deed in fee simple to such property be issued by the Commissioner of the District of Columbia to the District of Columbia, and up to the time of the issuance of the deed such property may be redeemed by the owner or other person having an interest therein by the payment of all taxes or assessments due the District of Columbia upon said property, and all legal penalties, interest and costs thereon, together with such other ex-

penses and costs, including costs of publication, as may have been incurred by the District.

SEC. 438. The Council is hereby authorized to establish a program whereby title to properties acquired by tax sale pursuant to section 437 may, for whatever sum it deems appropriate, be transferred to persons meeting criteria which shall be established by the Council, who guarantee to pay taxes on and to live in the property for at least five years, and who give assurance of bringing such property into reasonable compliance with the building code in the District.

PART 3—REAL AND PERSONAL PROPERTY TAX EXEMPTIONS

SEC. 441. The first section of the Act of December 24, 1942 (D.C. Code, sec. 47–801(a)) is amended, on and after July 1, 1974, by adding at the end thereof the following:

"(s) Buildings owned by and actually occupied and used for legitimate theater, music, or dance purposes by a corporation which is not organized or operated for commercial purposes or for private gain, which buildings are open to the public, generally, and for admission to which changes may be made to cover the cost of expenses."

SEC. 442. The Commissioner shall publish, by class and by individual property, a listing of all real property exempt from the real property tax in the District. Such listing shall include the address, lot, and square, the name of the owner, the assessed value of the land and improvements of such property, and the amount of the tax exemption in the previous fiscal year.

PART 4—PROPERTY TAX CREDIT FOR DISTRICT OF COLUMBIA RESIDENTS

SEC. 451. Effective January 1, 1975, title VI of the District of Columbia Income and Franchise Act of 1947 is amended by adding at the end thereof the following new section:

"SEC. 7. CREDIT FOR PROPERTY TAXES ACCRUED AND PAYABLE BY DISTRICT OF COLUMBIA RESIDENTS—(a)(1) For purposes of providing relief to certain District of Columbia residents who own or rent their principal place of abode and who reside in same, a credit shall be allowed to the eligible claimant equal to the amount by which all or a portion of real property taxes the taxpayer pays, or rent paid constituting property taxes, on his principal place of residence for the taxable year, exceeds a percentage (determined under subsection (a)(2) of his household gross income for that year.

"(2) The percentage required under paragraph (1) of this subsection to be determined under this subsection for taxpayers shall be the percentage specified in the following table:

"If household gross income is:	The percentage of property tax paid on the first $400 of property tax, or rent constituting property tax, which shall constitute credit is:
Under $3,000	80 per centum of tax in excess of 2 per centum of income.
$3,000 to $4,999	70 per centum of tax in excess of 3 per centum of income.
$5,000 to $6,999	60 per centum of tax in excess of 4 per centum of income.

"(b) DEFINITIONS.—For purposes of this section:

"(1)(A) The term 'household gross income' means gains, profits, and income derived from salaries, wages, or compensation for personal services of whatever kind and in whatever form paid, including salaries, wages, and compensation paid by the United States to its officers and employees, or income derived from any trade or business or sales or dealings in property, whether real or personal, including capital assets as defined in this article growing out of the ownership or sale of or interest in such property; income from rent, royalies, interest, dividends, securities, or transactions of any trade or business carried on for gain or profit, or gains or profits and income derived from any source whatever, including but not limited to alimony, and separate maintenance payments (including amounts received under separate maintenance agreements), strike benefits, cash public assistance and relief (not including relief or credit granted under this section), sick pay, workmen's compensation, proceeds of life insurance policies, the gross amount of any pension or annuity (including railroad retirement benefits, veterans' disability pensions, or payment received under the Federal Social Security Act), State or District of Columbia unemployment compensation laws, and nontaxable interest received from the United States, a State or any agency or instrumentality thereof. The word 'income' does not include gifts from nongovernmental sources, food stamps, or food or other relief in kind supplied by a governmental agency.

"(B) In determining household gross income the exclusions from gross income as provided by subsection (b) of section 2 of title III of this article shall not apply.

"(2) The term 'household income' shall have the same meaning as the words 'adjusted gross income' are defined in subsection (c) of section 2 of title III of this article. For purposes of determining adjusted gross income within the meaning of this section, gross income shall mean household income as defined in this section.

"(3) The term 'home' means the claimant's dwelling house, whether owned or rented by the claimant, and so much of the land surrounding it as is reasonably necessary for use of the dwelling as a home, and may include a multiunit building or a multipurpose building and a part of the land upon which it is located.

"(4) The term 'claimant' means a person who has filed a claim under this section, was an owner of record of a home in the District, or a lessee, tenant at will or tenant at sufferance paying rent on a home in the District, during the entire calendar year preceding the year in which he files a claim for relief under this section. Only one

claimant per home and per household per year shall be entitled to relief under this section.

"(5)(A) The term 'rent constituting property taxes accrued' means 15 per centum of the rent actually paid by a claimant in cash or its equivalent in the calendar year 1975 or any subsequent calendar year solely for the right to occupy his District home in such calendar year, and which rent constitutes the basis in the succeeding calendar year for the claim for relief made by the claimant under this section, exclusive of amounts which are paid as rent or other consideration for the providing by the landlord of furniture or furnishings of any kind, and exclusive of amounts included in the rent for utilities. Whenever the amount of rent includes charges for the providing by the landlord of furniture or furnishings or charges for utilities, and the charges therefor are not separately stated, then there shall be deducted from the rent as the charge for such furniture or furnishings 20 per centum of the rent, and for utilities 10 per centum of the rent, and the balance shall be deemed to be the amount paid by the claimant solely for the right to occupy his District home for the purposes of the credit allowed under this section.

"(c) In the event that any installment of rent for a calendar year for which a claim is filed is paid prior to the beginning of or subsequent to the end of such calendar year, it shall be included as rent for the year for which the claim was made and for no other year, and shall not be included as rent for purposes of this section for the year in which the installment was paid.

"(d) If the Commissioner determines that the rent paid was not the result of an agreement entered into at arm's length between the tenant and his landlord, the Commissioner may adjust the rent to a reasonable amount for the purposes of this section.

"(e)(1) Beginning with the calendar year 1975 and for each succeeding calendar year, if a claimant owns and occupies his home in the District on July 1 of any such year, 'property taxes accrued' means property taxes (exclusive of special assessments, interest on a delinquency in payment of tax, and any penalties and service charges) assessed and paid to date against such home commencing January 1, 1975, and for succeeding years. If a home is an integral part of a larger unit such as a multipurpose building or a multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the home bears to the total value of the property.

"(2) When a claimant rents two or more different homes in the District in the same calendar year, rent paid by the claimant during that year shall be determined by dividing the rent paid pursuant to the last rental agreement in force during that calendar year by the number of months during that calendar year for

which this rent was paid and multiplying the result by twelve.

"(f) The right to file under this section shall be personal to the claimant, but such right may be exercised by his legal guardian or attorney-in-fact. The right to file a claim shall not survive the death of a claimant. If a claimant dies after having filed a claim, any amount refunded as a result thereof shall be disbursed to his estate: *Provided,* That if no executor or administrator qualifies therein within two years of the filing of the claim, or no petition for distribution of a small estate is filed pursuant to the first section of the Act of September 14, 1965 (D.C. Code, secs. 20–2101 and 20–2102), the claim shall not be allowed.

"(g) Subject to the limitations provided in this section, commencing with the taxable year beginning after December 31, 1974, and for succeeding taxable years, the claimant may claim as a credit against the District income taxes otherwise due on his income, property taxes accrued or rent constituting property taxes accrued for that year. If the allowable amount of such claim exceeds the income taxes otherwise due from the claimant, or other tax liabilities of the claimant to the District, or if there are no District income taxes due from the claimant, the amount of the claim not used as an offset against income taxes or other tax liabilities of the claimant to the District shall be paid or credited to the claimant. No interest shall be allowed on any payment made to a claimant pursuant to this section.

"(h) No claim with respect to property taxes accrued or with respect to rent constituting property taxes accrued shall be allowed unless a District of Columbia individual income tax return or (if the claimant is not required to file such return) a claim for credit under this section is filed with the District on the forms and in such manner and with such information as the Commissioner may prescribe. Any claim for credit shall be filed on or before the time prescribed for the filing of a return of individual income under this article. The Commissioner may grant a reasonable extension of time, not to exceed six months, for the filing of a return or claim for credit under this section whenever in his judgment good cause exists therefor.

"(i) The amount of any claim otherwise payable under this section may be applied by the District against any outstanding tax liability of the claimant to the District.

"(j)(1) In determining eligibility for the credit allowable under this section, and for the purpose of determining outstanding tax liability (if any) of the claimant to the District household income for which the claim is filed and the claimant's outstanding tax liability (if any) shall be determined on the basis of the combined household income of all members present in the household, except there shall be excluded from the computation of

gross household income the first $1,000 earned by a dependent.

"(2) In the case of husband and wife, who during the entire calendar year for which a claim is filed under this section, maintain separate homes, for the purpose of determining household income and the claimant's outstanding tax liability (if any), such husband and wife shall be deemed to have been unmarried during the calendar year for which the claim is made.

"(k) No credit shall be allowed under this title for any year during which the person claiming the credit was a dependent, under any State, Federal, or District law levying a tax on income, unless during that year such person is or becomes sixty-five years of age or older.

"(l) In the case of persons whose incomes vary substantially from year to year, the District of Columbia Council shall adopt regulations concerning income averaging for purposes of calculating benefits.

"(m) Each owner of a rental unit or his authorized agent shall, when requested in writing, furnish to the tenant making such written request a statement indicating the amount of rent paid by the tenant during the calendar year solely for the right of occupancy of the leased premises. Requests shall be made under this paragraph only by those persons entitled to file a claim under this section or who at the time of the making of the request deem themselves entitled to file a claim for credit under this section.

"(n)(1) If, on an audit of any claim filed under this section, the Commissioner finds the amount to have been incorrectly computed, he shall determine the correct amount and notify the claimant in accordance with the procedures set forth in section 5 of title XII of this article.

"(2) If it is determined that a claim was filed with fraudulent intent, it shall be disallowed in full. If the claim has been paid or a credit has been allowed against income taxes otherwise payable, the credit shall be canceled and the amount paid shall be assessed against the claimant and recovered in the same manner as provided for the collection of taxes under section 1601 of title XVI of the Act of May 18, 1954 (D.C. Code, sec. 47–312).

"(o) No claim for relief under this section shall be allowed to any person who was not living in a home which was subject to District of Columbia real property taxation during the calendar year for which the claim is filed.

"(p) Notwithstanding any other provision of law to the contrary, any person aggrieved by the denial in whole or in part of a claim for the credit authorized by this section, or an assessment of tax made pursuant to paragraph (1) of this section, may appeal the denial within six months after notice of the denial of the claim or within six months after notice of assessment, to the Board which shall consider such appeal as a contested case under

section 10 of the District of Columbia Administrative Procedure Act (D.C. Code, sec. 1–1509). In the case of an assessment of tax, the mailing to the claimant of a statement of taxes due shall be considered notice of assessment with respect to such taxes.

"(q) The Commissioner is authorized to provide a table which will approximate, as closely as feasible, the amount of relief allowable under this section.

"(r) If it is determined by the District that a claimant received title to his home in the District or became legally obligated to pay rent for his home in the District primarily for the purpose of receiving benefits under the provisions of this section, his claim shall be disallowed.

"(s) The District of Columbia Council is empowered to make such changes in the amount of annual relief provided under section 7(a) of this title as it may deem proper.".

PART 5—DISTRICT OF COLUMBIA PROPERTY TAX RATE.

SEC. 461. XIV. NATIONAL PRESERVES

1. Big Cypress

An Act to establish the Big Cypress National Preserve in the State of Florida, and for other purposes. (88 Stat. 1255) (P.L. 93-440)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to assure the preservation, conservation, and protection of the natural, scenic, hydrologic, floral and faunal, and recreational values of the Big Cypress Watershed in the State of Florida and to provide for the enhancement and public enjoyment thereof, the Big Cypress National Preserve is hereby established.

(b) The Big Cypress National Preserve (hereafter referred to as the "preserve") shall comprise the area generally depicted on the map entitled "Big Cypress National Preserve", dated November 1971 and numbered BC-91,001, which shall be on file and available for public inspection in the Offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and shall be filed with appropriate offices of Collier, Monroe, and Dade Counties in the State of Florida. The Secretary of the Interior (hereafter referred to as the "Secretary") shall, as soon as practicable, publish a detailed description of the boundaries of the preserve in the Federal Register which shall include not more than five hundred and seventy thousand acres of land and water.

(c) The Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, transfer from any other Federal agency, or exchange, any lands, waters, or interests therein which are located within the boundaries of the preserve: *Provided,* That any lands owned or acquired by the State of Florida, or any of its subdivisions, may be acquired by donation only: *Provided further,* That no Federal funds shall be appropriated until the Governor of Florida executes an agreement on behalf of the Sate which (i) provides for the transfer to the United States of all lands within the preserve previously owned or acquired by the State and (ii) provides for the donation to the United States of all lands acquired by the State within the preserve pursuant to the provision of "the Big Cypress Conservation Act of 1973" (Chapter 73-131 of the Florida Statutes) or provides for the donation to the United States of any remaining moneys appropriated pursuant to such Act for

the purchase of lands within the preserve. No improved property, as defined by this Act, nor oil and gas rights, shall be acquired without the consent of the owner unless the Secretary, in his judgment, determines that such property is subject to, or threatened with, uses which are, or would be, detrimental to the purposes of the preserve. The Secretary may, if he determines that the acquisition of any other subsurface estate is not needed for the purposes of the preserve, exclude such interest in acquiring any lands within the preserve. Notwithstanding the provisions of section 301 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894, 1904) the Secretary (i) may evaluate any offer to sell land within the preserve by any landowner and may, in his discretion, accept any offer not in excess of $10,000 without an appraisal and (ii) may direct an appraisal to be made of any unimproved property within the preserve without notice to the owner or owners thereof. Notwithstanding any other provision of law, and federally owned lands within the preserve shall, with the concurrence of the head of the administering agency, be transferred to the administrative jurisdiction of the Secretary for the purposes of this Act, without transfer of funds.

SEC. 2. (a) In recognition of the efforts of the State of Florida in the preservation of the area, through the enactment of chapter 73–131 of the Florida statutes, "The Big Cypress Conservation Act of 1973", the Secretary is directed to proceed as expeditiously as possible to acquire the lands and interests in lands necessary to achieve the purposes of this Act.

(b) Within one year after the date of the enactment of this Act, the Secretary shall submit, in writing, to the Committee on Interior and Insular Affairs and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate:

(i) the lands and areas which he deems essential to the protection and public enjoyment of this preserve.

(ii) the lands which he has previously acquired by purchase, donation, exchange or transfer for administration for the purpose of this preserve, and

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing five fiscal years.

(c) It is the express intent of the Congress that the Secretary should substantially complete the land acquisition program contemplated by this Act within six years after the date of its enactment.

SEC. 3. (a) The owner of an improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for a definite term of not more than twenty-five years or, in lieu thereof, for a term ending at the death

of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless this property is wholly or partially donated to the United States, the Secretary shall pay the owner the fair market value of the property on the date of acquisition less the fair market value, on that date, of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this Act, which shall include the exercise of such right in violation of any applicable State or local laws and ordinances, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(b) As used in this Act, the term "improved property" means:

(i) a detached, one family dwelling, construction of which was begun before November 23, 1971, which is used for noncommercial residential purposes, together with not to exceed three acres of land on which the dwelling is situated and such additional lands as the Secretary deems reasonably necessary for access thereto, such land being in the same ownership as the dwelling, and together with any structures accessory to the dwelling which are situated on such lands and

(ii) any other building, construction of which was begun before November 23, 1971, which was constructed and is used in accordance with all applicable State and local laws and ordinances, together with as much of the land on which the building is situated, such land being in the same ownership as the building, as the Secretary shall designate to be reasonably necessary for the continued enjoyment and use of the building in the same manner and to the same extent as existed in November 23, 1971, together with any structures accessory to the building which are situated on the lands so designated. In making such designation the Secretary shall take into account the manner of use in which the building, accessory structures, and lands were customarily enjoyed prior to November 23, 1971.

(c) Whenever an owner of property elects to retain a right of use and occupancy as provided in this section, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of such sections such owner shall not be considered a displaced person as defined in section 101(6) of such Act.

SEC. 4. (a) The area within the boundaries depicted

on the map referred to in section 1 shall be known as the Big Cypress National Preserve. Such lands shall be administered by the Secretary as a unit of the National Park System in a manner which will assure their natural and ecological integrity in perpetuity in accordance with the provisions of this Act and with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1–4), as amended and supplemented.

(b) In administering the preserve, the Secretary shall develop and publish in the Federal Register such rules and regulations as he deems necessary and appropriate to limit or control the use of Federal lands and waters with respect to:

(1) motorized vehicles,

(2) exploration for and extraction of oil, gas, and other minerals,

(3) grazing,

(4) draining or constructing of works or structures which alter the natural water courses,

(5) agriculture,

(6) hunting, fishing, and trapping,

(7) new construction of any kind, and

(8) such other uses as the Secretary determines must be limited or controlled in order to carry out the purposes of this Act: *Provided,* That the Secretary shall consult and cooperate with the Secretary of Transportation to assure that necessary transportation facilities shall be located within existing or reasonably expanded rights-of-way and constructed within the reserve in a manner consistent with the purposes of this Act.

SEC. 5. The Secretary shall permit hunting, fishing, and trapping on lands and water under his jurisdiction within the preserve in accordance with the applicable laws of the United States and the State of Florida, except that he may designate zones where and periods when no hunting, fishing, trapping, or entry may be permitted for reasons of public safety, administration, floral and faunal protection and management, or public use and enjoyment. Except in emergencies, any regulations prescribing such restrictions relating to hunting, fishing, or trapping shall be put into effect only after consultation with the appropriate State agency having jurisdiction over hunting, fishing, and trapping activities. Notwithstanding this section or any other provision of this Act, members of the Miccosukee Tribe of Indians of Florida and members of the Seminole Tribe of Florida shall be permitted, subject to reasonable regulations established by the Secretary, to continue their usual and customary use and occupancy of Federal or federally acquired lands and waters within the preserve, including hunting, fishing, and trapping on a subsistence basis and traditional tribal ceremonials.

SEC. 6. Notwithstanding any other provision of law,

before entering into any contract for the provision of revenue producing visitor services,

(i) the Secretary shall offer those members of the Miccosukee and Seminole Indian Tribes who, on January 1, 1972, were engaged in the provision of similar services, a right of first refusal to continue providing such services within the preserve subject to such terms and conditions as he may deem appropriate, and

(ii) before entering into any contract or agreement to provide new revenue-producing visitor services within the preserve, the Secretary shall offer to the Miccosukee Tribe of Indians of Florida and the Seminole Tribe of Florida the right of first refusal to provide such services, the right to be open for a period of ninety days. Should both Tribes respond with proposals that satisfy the terms and conditions established by the Secretary, the Secretary may allow the Tribes an additional period of ninety days in which to enter into an inter-Tribal cooperative agreement to provide such visitor services, but if neither tribe responds with proposals that satisfy the terms and conditions established by the Secretary, then the Secretary shall provide such visitor services in accordance with the Act of October 9, 1965 (79 Stat. 969, 16 U.S.C. 20). No such agreement may be assigned or otherwise transferred without the consent of the Secretary.

SEC. 7. Within five years from the date of the enactment of this Act, the Secretary shall review the area within the preserve and shall report to the President, in accordance with section 3 (c) and (d) of the Wilderness Act (78 Stat. 891; 16 U.S.C. 1132 (c) and (d)), his recommendations as to the suitability or nonsuitability of any area within the preserve for preservation as wilderness, and any designation of any such areas as a wilderness shall be accomplished in accordance with said subsections of the Wilderness Act.

SEC. 8. There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act, but not to exceed $116,000,000 for the acquisition of lands and interests in lands and not to exceed $900,000 for development. Any funds donated to the United States by the State of Florida pursuant to chapter 73-131 of the Florida statutes shall be used solely for the acquisition of lands and interests in land within the preserve.

2. Big Thicket

An Act to authorize the establishment of the Big Thicket National Preserve in the State of Texas, and for other purposes. (88 Stat. 1254) (P.L. 93–439)

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) in order to assure the preservation, conservation, and protection of the natural, scenic, and recreational values of a significant portion of the Big Thicket area in the State of Texas and to provide for the enhancement and public enjoyment thereof, the Big Thicket National Preserve is hereby established.

(b) The Big Thicket National Preserve (hereafter referred to as the "preserve") shall include the units generally depicted on the map entitled "Big Thicket National Preserve", dated November 1973 and numbered NBR–BT 91,027 which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior, Washington, District of Columbia, and shall be filed with appropriate offices of Tyler, Hardin, Jasper, Polk, Liberty, Jefferson, and Orange Counties in the State of Texas. The Secretary of the Interior (hereafter referred to as the "Secretary") shall, as soon as practicable, but no later than six months after the date of enactment of this Act, publish a detailed description of the boundaries of the preserve in the Federal Register. In establishing such boundaries, the Secretary shall locate stream corridor unit boundaries referenced from the stream bank on each side thereof and he shall further make every reasonable effort to exclude from the units hereafter described any improved year-round residential properties which he determines, in his discretion, are not necessary for the protection of the values of the area or for its proper administration. The preserve shall consist of the following units:

Big Sandy Creek unit, Polk County, Texas, comprising approximately fourteen thousand three hundred acres:

Menard Creek Corridor unit, Polk, Hardin, and Liberty Counties, Texas, including a module at its confluence with the Trinity River, comprising approximately three thousand three hundred and fifty-nine acres;

Hickory Creek Savannah unit, Tyler County, Texas, comprising approximately six hundred and sixty-eight acres;

Turkey Creek unit, Tyler and Hardin Counties, Texas, comprising approximately seven thousand eight hundred acres;

Beech Creek unit, Tyler County, Texas, comprising approximately four thousand eight hundred and fifty-six acres;

Upper Neches River corridor unit, Jasper, Tyler, and Hardin Counties, Texas, including the Sally

Withers Addition, comprising approximately three thousand seven hundred and seventy-five acres;

Neches Bottom and Jack Gore Baygall unit, Hardin and Jasper Counties, Texas, comprising approximately thirteen thousand three hundred acres;

Lower Neches River corridor unit, Hardin, Jasper, and Orange Counties, Texas, except for a one-mile segment on the east side of the river including the site of the papermill near Evadale, comprising approximately two thousand six hundred acres;

Beaumont unit, Orange, Hardin, and Jefferson Counties, Texas, comprising approximately six thousand two hundred and eighteen acres;

Loblolly unit, Liberty County, Texas, comprising approximately five hundred and fifty acres;

Little Pine Island-Pine Island Bayou corridor unit, Hardin and Jefferson Counties, Texas, comprising approximately two thousand one hundred acres; and

Lance Rosier Unit, Hardin County, Texas, comprising approximately twenty-five thousand and twenty-four acres.

(c) The Secretary is authorized to acquire by donation, purchase with donated or appropriated funds, transfer from any other Federal agency, or exchange, any lands, waters, or interests therein which are located within the boundaries of the preserve: *Provided* That any lands owned or acquired by the State of Texas, or any of its political subdivisions, may be acquired by donation only. After notifying the Committees on Interior and Insular Affairs of the United States Congress, in writing, of his intention to do so and of the reasons therefor, the Secretary may, if he finds that such lands would make a significant contribution to the purposes for which the preserve was created, accept title to any lands, or interests in lands, located outside of the boundaries of the preserve which the State of Texas or its political subdivisions may acquire and offer to donate to the United States or which any private person, organization, or public or private corporation may offer to donate to the United States and he may administer such lands as a part of the preserve after publishing notice to that effect in the Federal Register. Notwithstanding any other provision of law, any federally owned lands within the preserve shall, with the concurrence of the head of the administering agency, be transferred to the administrative jurisdiction of the Secetary for the purposes of this Act, without transfer of funds.

SEC. 2. (a) The Secretary shall, immediately after the publication of the boundaries of the preserve, commence negotiations for the acquisition of the lands located therein: *Provided,* That he shall not acquire the mineral estate in any property or existing easements for public utilities, pipelines or railroads without the consent of the owner unless, in his judgment, he first determines that such property or estate is subject to, or threatened

with, uses which are, or would be, detrimental to the purposes and objectives of this Act: *Provided further,* That the Secretary, insofar as is reasonably possible, may avoid the acquisition of improved properties, as defined in this Act, and shall make every effort to minimize the acquisition of land where he finds it necessary to acquire properties containing improvements.

(b) Within one year after the date of the enactment of this Act, the Secretary shall submit, in writing, to the Committee on Interior and Insular Affairs and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate:

(i) the lands and areas which he deems essential to the protection and public enjoyment of this preserve,

(ii) the lands which he has previously acquired by purchase, donation, exchange or transfer for administration for the purpose of this preserve, and

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing five fiscal years.

(c) It is the express intent of the Congress that the Secretary should substantially complete the land acquisition program contemplated by this Act within six years after the date of its enactment.

SEC. 3. (a) The owner of an improved property on the date of its acquisition by the Secretary may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term of not more than twenty-five years or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless this property is wholly or partially donated to the United States, the Secretary shall pay the owner the fair market value of the property on the date of acquisition less the fair market value, on that date, of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this Act, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexpired.

(b) As used in this Act, the term "improved property" means a detached, one-family dwelling, construction of which was begun before July 1, 1973, which is used for noncommercial residential purposes, together with not to exceed three acres of land on which the dwelling is situated and together with such additional lands or interests therein as the Secretary deems to be reasonably

necessary for access thereto, such lands being in the same ownership as the dwellings, together with any structures accessory to the dwelling which are situated on such land.

(c) Whenever an owner of property elects to retain a right of use and occupancy as provided in this section, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of such sections such owner shall not be considered a displaced person as defined in section 101(6) of such Act.

SEC. 4. (a) The area within the boundaries depicted on the map referred to in section 1 shall be known as the Big Thicket National Preserve. Such lands shall be administered by the Secretary as a unit of the National Park System in a manner which will assure their natural and ecological integrity in perpetuity in accordance with the provisions of this Act and with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1–4),as amended and supplemented.

(b) In the interest of maintaining the ecological integrity of the preserve, the Secretary shall limit the construction of roads, vehicular campgrounds, employee housing, and other public use and administrative facilities and he shall promulgate and publish such rules and regulations in the Federal Register as he deems necessary and appropriate to limit and control the use of, and activities on, Federal lands and waters with respect to:

(1) motorized land and water vehicles;

(2) exploration for, and extraction of, oil, gas, and other minerals;

(3) new construction of any kind;

(4) grazing and agriculture; and

(5) such other uses as the Secretary determines must be limited or controlled in order to carry out the purposes of this Act.

EBEY'S LANDING NATIONAL HISTORICAL RESERVE

SEC. 508. (a) There is hereby established the Ebey's Landing National Historical Reserve (hereinafter referred to as the "reserve"), in order to preserve and protect a rural community which provides an unbroken historical record from nineteenth century exploration and settlement in Puget Sound to the present time, and to commemorate—

(1) the first thorough exploration of the Puget Sound area, by Captain George Vancouver, in 1792;

(2) settlement by Colonel Isaac Neff Ebey who led the first permanent settlers to Whidbey Island, quickly became an important figure in Washington Territory, and ultimately was killed by Haidahs from the Queen Charlotte Islands during a period of Indian unrest in 1857;

(3) early active settlement during the years of the Donation Land Law (1850–1855) and thereafter; and

(4) the growth since 1883 of the historic town of Coupeville.

The reserve shall include the area of approximately eight thousand acres identified as the Central Whidbey Island Historic District.

(b)(1) To achieve the purpose of this section, the Secretary, in cooperation with the appropriate State and local units of general government, shall formulate a comprehensive plan for the protection, preservation, and interpretation of the reserve. The plan shall identify those areas or zones within the reserve which would most appropriately be devoted to—

(A) public use and development;

(B) historic and natural preservation; and

(C) private use subject to appropriate local zoning ordinances designed to protect the historical rural setting.

(2) Within eighteen months following the date of enactment of this section, the Secretary shall transmit the plan to the President of the Senate and the Speaker of the House of Representatives.

(c) At such time as the State or appropriate units of local government having jurisdiction over land use within the reserve have enacted such zoning ordinances or other land use controls which in the judgment of the Secretary will protect and preserve the historic and natural features of the area in accordance with the comprehensive plan, the Secretary may, pursuant to cooperative agreement—

(1) transfer management and administration over all or any part of the property acquired under subsection (d) of this section to the State or appropriate units of local government;

(2) provide technical assistance to such State or unit of local government in the management, protection, and interpretation of the reserve; and

(3) make periodic grants, which shall be supplemental to any other funds to which the grantee may be entitled under any other provision of law, to such State or local unit of government for the annual costs of operation and maintenance, including but not limited to, salaries of personnel and the protection, preservation, and rehabilitation of the reserve except that no such grant may exceed 50 per centum of the estimated annual cost, as determined by the Secretary, of such operation and maintenance.

(d) The Secretary is authorized to acquire such lands and interests as he determines are necessary to accomplish the purposes of this section by donation, purchase with donated funds, or exchange, except that the Secretary may not acquire the fee simple title to any land without the consent of the owner. The Secretary shall, in addition, give prompt and careful consideration to any offer made by an individual owning property within the historic district to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

Lands and interests therein so acquired shall, so long as responsibility for management and administration remains with the United States, be administered by the Secretary subject to the provisions of the Act of August 25, 1916 (39 Stat. 535), as amended and supplemented, and in a manner consistent with the purpose of this section.

(e) If, after the transfer of management and administration of any lands pursuant to subsection (c) of this section, the Secretary determines that the reserve is not

being managed in a manner consistent with the purposes of this section, he shall so notify the appropriate officers of the State or local unit of government to which such transfer was made and provide for a ninety-day period in which the transferee may make such modifications in applicable laws, ordinances, rules, and procedures as will be consistent with such purposes. If, upon the expiration of such ninety-day period, the Secretary determines that such modifications have not been made or are inadequate, he shall withdraw the management and administration from the transferee and he shall manage such lands in accordance with the provisions of this section.

(f) There is hereby authorized to be appropriated not to exceed $5,000,000 to carry out the provisions of this section.

PINELANDS NATIONAL RESERVE

SEC. 502. (a) The Congress finds that—

(1) the Pinelands area in New Jersey, containing approximately 1,000,000 acres of pine-oak forest, extensive surface and ground water resources of high quality, and a wide diversity of rare plant and animal species, provides significant ecological, natural, cultural, recreational, educational, agricultural, and public health benefits;

(2) there is a national interest in protecting and preserving these benefits for the residents of and visitors to the area;

(3) a primary responsibility for protecting and enhancing these benefits resides with the State of New Jersey and the various local units of government having jurisdiction over the area;

(4) in view of the longstanding Federal practice of assisting the States in creating, protecting, preserving, and enhancing areas of significant regional and urban importance, and in view of the national significance of this resource, the Federal Government has an interest in assisting the State of New Jersey and its local units of government in fulfilling their responsibilities and in avoiding adverse Federally approved or assisted impacts before these responsibilities can be undertaken;

(5) the State of New Jersey and its local units of government have authority to prevent or minimize adverse uses of the land and water resources of the Pinelands area and can, to a great extent, protect the health, safety, and general welfare by the use of such authority; and

(6) there is a demonstrated need to protect, preserve and enhance the land and water resources of the Pinelands area through a new program which combines the capabilities and resources of the local, State and Federal governments and the private sec-

tor and provides an alternative to large-scale direct Federal acquisition and management in cases where such acquisition and management is inappropriate.

(b) The purposes of this section are—

(1) to protect, preserve and enhance the significant values of the land and water resources of the Pinelands area;

(2) to encourage and assist the State of New Jersey and its units of local government in the development of a comprehensive management plan for the Pinelands area in order to assure orderly public and private development in the area consistent with the findings of this section;

(3) to provide, during the development of this comprehensive plan, Federal financial assistance for the acquisition of lands in the Pinelands area that have critical ecological values which are in immediate danger of being adversely affected or destroyed;

(4) to encourage and assist the State and its units of local government in developing a governmental mechanism to implement this comprehensive plan, and to provide Federal financial assistance for the acquisition of lands consistent with the comprehensive plan;

(5) to encourage adequate coordination of all government programs affecting the land and water resources of the Pinelands area.

(c) There is hereby established the Pinelands National Reserve which shall consist of the approximately 1,000,000-acre area generally depicted on the map entitled "Pinelands National Reserve Boundary Map" numbered NPS/80,011 A and dated September 1978. Within the Pinelands National Reserve, there is hereby established the Federal Project Review Area, which shall consist of the approximately 486,000 acre area also depicted on the map. The map shall be on file and available for public inspection in the offices of the Department of the Interior in Washington, and in the offices of the State of New Jersey planning entity established pursuant to subsection (d), and in locations throughout the Pinelands National Reserve as determined by the planning entity.

(d) Within thirty days after the date of enactment of this section, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall request the Governor of the State of New Jersey to establish, within ninety days of such request, a planning entity to develop a comprehensive management plan for the Pinelands National Reserve. In order to carry out the purposes of this section, such planning entity shall be composed of fifteen members to be appointed as follows: one member appointed by the Secretary; one member from each of the seven counties in the Pinelands National Reserve to be appointed by the respective governing bodies of each

county; and seven members to be appointed by the Governor. The membership of the planning entity shall include residents of the Pinelands National Reserve who represent economic activities such as agriculture in the area, as well as residents of New Jersey who represent conservation interests. The Secretary shall provide technical assistance and grants to the State for the development of the plan or revisions thereof: *Provided,* That such grants shall not exceed 75 percent of the cost of developing the plan, shall be made only upon application of the Governor, on behalf of the planning entity, and shall be subject to such other conditions as the Secretary may deem appropriate to assure State and local interim protection of the area.

(e) During the development of the management plan, the planning entity shall:

(1) consult with appropriate officials of any local government or State or Federal agency which has jurisdiction over lands and waters within the area;

(2) consult with the officials of any local government which has jurisdiction over lands and waters within areas delineated in accordance with subsection (f)(2)(B);

(3) consult with interested professional, scientific and citizen organizations;

(4) consult with a citizens advisory committee which may be established by the Governor; and

(5) conduct public hearings at places within the area, and at such other places as may be appropriate, for the purpose of providing interested persons with an opportunity to express their views with respect to matters covered by the management plan.

(f) The comprehensive management plan for the Pinelands National Reserve shall include, but need not be limited to—

(1) A resource assessment which:

(A) determines the amount and type of human development and activity which the ecosystem can sustain while still maintaining the overall ecological values described in this section with special reference to (i) ground and surface water supply and quality; (ii) natural hazards, including fire; (iii) endangered, unique and unusual plants and animals and biotic communities; (iv) ecological factors relating to the protection and enhancement of blueberry and cranberry production and other agricultural activity; (v) air quality; and (vi) other appropriate considerations affecting the ecological integrity of the area; and

(B) includes an assessment of scenic, aesthetic, cultural, open space, and outdoor recreation resources of the area together with a determination of overall policies required to maintain and enhance these resources.

(2) A map showing the detailed boundary of the Pinelands National Reserve, such map to delineate:

(A) major areas within the boundary which are of critical ecological importance;

(B) major areas and resources adjacent to the boundary that have significance to the ecological integrity of the Pinelands National Reserve; and

(C) areas of scenic, open space, cultural and recreational significance.

(B) include a policy for the use of State and local police power responsibilities to the greatest extent practicable to regulate the use of land and water resources in a manner consistent with the purposes of this section; and

(C) recognize existing economic activities within the area and provide for the protection and enhancement of such activities as farming, forestry, proprietary recreational facilities, and those indigenous industries and commercial and residential developments which are consistent with the findings and purposes of this section.

(4) A coordination and consistency component which details the ways in which local, State and Federal programs and policies may be be coordinated to promote the goals and policies of the management plan, and which details how land, water and structures managed by governmental or nongovernmental entities in the public interest within the area may be integrated into the management plan.

(5) A public use component including, among other items, a detailed program to educate the public concerning appropriate uses of the area.

(6) A financial component, together with a cash flow timetable, which:

(A) details the cost of implementing the management plan, including, but not limited to, payments in lieu of taxes, general administrative

costs, and any anticipated extraordinary or continuing costs; and

(B) details the sources of revenue for covering such costs, including, but not limited to, grants, donations and loans from local, State, and Federal departments and agencies, and from the private sector.

(7) A program to provide for the maximum feasible local government and public participation in the management of the Pinelands National Reserve.

(8) A program for State and local governmental implementation of the comprehensive management plan in a manner that will insure the continued, uniform, consistent protection of this area in accord with the purposes of this section.

(9) In conjunction with existing State programs and planning processes, a plan to implement the provisions of the Clean Water Act and the Safe Drinking Water Act which pertain to the surface and ground waters of the Pinelands National Reserve.

(g)(1) The State of New Jersey, through the planning entity, shall adopt and submit to the Secretary a comprehensive management plan within eighteen months after the date that funds are first provided for its preparation under subsection (d). In the event the State fails to submit the plan within such time period, the Secretary may obtain reimbursement or offset from the State of all Federal funds previously granted under this section. The Secretary shall, within ninety days after the date the plan is submitted to him, either approve or disapprove the plan. Should the Secretary fail to act on the proposed plan within ninety days, the plan shall be regarded as approved. Upon approval, the Secretary shall submit the plan to the Congress for a period of ninety days prior to implementation.

(2) In determining whether or not to approve the management plan, the Secretary shall consider whether:

(A) the planning entity has afforded adequate opportunity, including public hearings, for public and governmental involvement in the preparation and review of the plan, and whether such review and comment thereon were considered in the plan or revision as presented to him;

(B) he has received adequate assurances from appropriate State officials that the recommended implementation program identified in the plan will be initiated within a reasonable time after the date of approval of the plan and such program will insure effective implementation of the State and local aspects of the plan;

(D) the plan requires the exercise of police power responsibilities to the greatest extent practicable to reg-

ulate the use of land and water resources in a manner consistent with the purposes of this section;

(E) the plan, if implemented, would adequately protect the significant natural, ecological, agricultural, scenic, cultural and recreational resources of the Pinelands National Reserve and, consistent with such protection, provide adequate and appropriate outdoor recreational opportunities and economic activities within the area;

(F) the plan provides for the Governor of the State of New Jersey to exercise effective and continuing oversight over its implementation; and

(G) after consultation with the Secretary of Defense, the national defense mission of the military installations within, contiguous or adjacent to the Pinelands National Reserve has been adequately provided for.

(3) If the Secretary disapproves the management plan or a revision thereof, he shall, within sixty days after the date of such disapproval, advise the planning entity in writing of the reasons therefor, together with his recommendations for revision. The State of New Jersey, through the planning entity shall, within one hundred and twenty days after receipt by the planning entity of notification of such disapproval, revise and resubmit the plan to the Secretary who shall approve or disapprove a proposed revision within sixty days after the date it is submitted to him. Should the Secretary fail to act on a proposed revision within sixty days, the revision shall be considered as approved.

(4) The Secretary shall consider a plan revision in accordance with the procedure set forth in paragraph (2). Such revisions must be consistent with the purposes of this section.

(5) In the event that the planning entity fails to obtain approval of the plan by the Secretary within thirty-six months after the date funds are first provided under subsection (d) for development of the plan, the Secretary shall terminate all Federal assistance for and participation in the development of such plan, and may obtain reimbursement or offset from the State of New Jersey of all Federal funds previously granted under this section.

(6) The Secretary shall provide technical assistance for and monitor at periodic intervals the implementation of the approved management plan. A local jurisdiction or the State shall obtain the approval of the Secretary prior to any modification of the approved plan. The Secretary shall consider a plan revision in accordance with the procedure set forth in paragraph (2). Such revisions must be consistent with the purposes of this section. Any jurisdiction that implements changes to the approved management plan, or adopts or acquiesces in changes to laws, regulations, or policies adopted to implement such plan, without approval of the Secretary, may be liable for reimbursement or offset of all Federal funds previ-

ously granted to it under this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants.

(h)(1)(A) During the development of the management plan, the Secretary is authorized to make grants to the State of New Jersey for the acquisition of lands and waters or interests therein within the Pinelands National Reserve that he determines, in consultation with the State planning entity, have critical ecological values which are in immediate danger of being adversely affected or destroyed.

(B) The grants authorized by subsection (h)(1)(A) together with the grants made under paragraph (4) of this subsection, shall (i) be made in a manner consistent with the requirements of the Land and Water Conservation Fund Act; (ii) not exceed 75 percent of the total cost of all property acquired by the State pursuant to this subsection; (iii) be supplemental to any other Federal financial assistance for any other program; and (iv) be subject to such additional terms and conditions as the Secretary may deem necessary to effectuate the purposes of this section.

(2) In the event the State elects not to make acquisitions as authorized under subsection (h)(1), the Secretary, during the development of the management plan, is authorized to acquire such lands, waters or interests therein by donation, purchase with donated or appropriated funds, exchange, or otherwise, and to administer such property under the laws generally applicable to units of the National Park System or National Wildlife Refuge System in a manner to carry out the purposes of this section.

(3) After his approval of the management plan, the Secretary (A) is authorized to convey property acquired pursuant to subsection (h)(2) to State or local authorities in accordance with the management plan, under such terms and conditions as he may deem appropriate, which shall include (i) a requirement that where the Secretary transfers land acquired with appropriated funds, the State or local government shall repay not less than 25 percent of the cost of such lands to the Secretary under such terms and conditions as he may deem appropriate, and (ii) a retention of right of reversion of title to the United States, and (B) shall accept from the State those lands acquired pursuant to subsection (h)(1), which are identified in the management plan as being appropriate for Federal ownership and management: *Provided,* That the Secretary shall reimburse to the State such sums as are necessary to (i) cover 100 percent of the original cost of acquisition as to each parcel of land so transferred and (ii) assure that as to the remainder of lands acquired pursuant to subsection (h)(1) not transferred under this subsection, the total Federal land acquisition cost does not exceed 75 percent of the purchase price of such lands.

(4) Upon approval of the management plan, the Sec-

retary is authorized to make grants for the acquisition within the Pinelands National Reserve of lands and waters or interests therein in a manner consistent with the management plan. All applications for such grants shall be made within ten years from the date of implementation of the management plan.

(i) During the development of the management plan for the Pinelands National Reserve, all applications for Federal assistance under programs covered by Part I of OMB Circular A–95 and direct Federal actions covered by Part II of OMB Circular A–95 within the Federal Project Review Area generally depicted on the map referred to in subsection (c) which involve the construction of housing, industrial parks, highways, or sewage or water treatment facilities shall be reviewed by the planning entity, upon receipt from the New Jersey State A–95 Clearinghouse (hereinafter referred to as the Clearinghouse). If the planning entity finds that such application or proposed action would have no adverse impact on the resources and ecological values of the Federal Project Review Area, the planning entity shall so notify the Clearinghouse. If the planning entity does not so find, Congress authorizes the planning entity to notify the Clearinghouse and other affected parties that such application or proposed action shall not proceed pending further review, and the planning entity shall forward such application or notice of proposed action to the Secretary. Any such application or proposed action which the Secretary determines would be significantly adverse to the purposes of this section shall not proceed while the management plan is being developed. The review process established under this subsection shall begin upon the appropriation of funds under subsection (k).

(j) Nothing in this section shall be construed to limit or prohibit any Federal action ordered by a court of competent jurisdiction or directed by a Federal agency as essential for the protection of public health or safety, for national security or defense, or for the maintenance of environmental values within the Pinelands National Reserve or the Federal Project Review Area.

(k) There is authorized to be appropriated not to exceed $26 million to carry out the provisions of this section. Not to exceed $3 million shall be available for planning: *Provided,* That any funds not used for planning shall be available for land acquisition; *Provided further,* That $23,000,000 shall be made available for land acquisition, as authorized by this section. TITLE IV—KALAUPAPA SETTLEMENT OF THE ISLAND OF MOLOKAI, HAWAII

SEC. 401. (a) The Congress finds:

(1) Since 1866 a colony for the care and treatment of the victims of leprosy, known as the Kalaupapa settlement, has existed on the island of Molokai in the State of Hawaii. On this site Father Joseph Damien de Veuster (1840–1889) worked for sixteen years among those victims until at last succumbing to their disease. This inspiring work made him a figure of such national acclaim that a statue of him rests in the Nation's Capitol. This work led to proceedings for his beatification by the Catholic Church and to worldwide veneration of this devotion and mission. This respect and admiration served to focus unprecedented attention on the disease of leprosy and stimulated charity and scientific research toward its cure.

(2) The Kalaupapa settlement constitutes a unique and nationally significant cultural, historical, educational, and scenic resource.

(b) The purposes of this title are—

(1) to preserve and interpret the Kalaupapa settlement for the education and inspiration of present and future generations, and

(2) to provide that the preservation and interpretation of that settlement be managed and performed by native Hawaiians, including patients and former patients of the Kalaupapa settlement, to the extent practical, and that training opportunities be provided such persons in management and interpretation of the settlement's cultural, historical, educational, and scenic resources.

SEC. 402. (a) The Secretary of the Interior (hereinafter referred to as the "Secretary") shall study the feasibility and desirability of establishing as a part of the National Park System an area (hereinafter referred to as the "proposed park area") comprising all, or a portion of, the lands, waters, and interest in Kalawao County on the island of Molokai.

403. (a) The Secretary shall submit to the President and the Congress within two years after the date of the enactment of this title a report of his study. The report of the Secretary shall contain, but not be limited to, findings with respect to the historic, cultural, educational, scenic, and natural val-

Such plan shall include: (1) a schedule of acquisition of the proposed park area, (2) an assessment of planned restorations of historic sites, (3) an estimate of park development and long-term operation costs, (4) a plan for the development of programs (including training programs) for native Hawaiians, including patients and former patients of the Kalaupapa settlement, to manage and perform the preservation and interpretation of the park, (5) provision for the preservation of existing, exclusive hunting and fishing (konohiki) rights of the residents of Kalawao County, and (6) provision to prevent the dislocation or displacement of any patient or former patient presently in residence at the Kalaupapa settlement and to maintain transportation and hospital facilities and other public services as may be necessary for any remaining patients or settlement staff.

SEC. 404. (a) There is hereby established a Kalaupapa National Historical Park Advisory Commission.

(b) The Commission shall be composed of fifteen members, at least six of whom shall be native Hawaiians, appointed by the Secretary, as follows:

(1) two members, one of whom will be appointed from recommendations made by each of the United States Senators representing the State of Hawaii, respectively;

(2) two members, one of whom will be appointed from recommendations made by each of the United States Representatives for the State of Hawaii, respectively;

(4) two members to be appointed from recommendations made by local organizations representing the native Hawaiian people;

(5) at least two members representing the patient's organization; and

(6) two members to be appointed from recommendations made by the mayor of the county of Maui.

(c) The term "native Hawaiian", as used in this title

means a descendant of not less than one-half part of the blood of the races inhabiting the Hawaiian Islands previous to the year 1778.

(d) The Secretary shall designate one member to be Chairman. Any vacancy in the Commission shall be filled in the same manner in which the original appointment was made.

(e) A member of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the Commission in carrying out its responsibilities under this title on vouchers signed by the Chairman.

The Secretary of the Interior may acquire property within the revised boundary by donation, purchase, transfer from any other Federal agency, exchange, or by any other means. The monument shall hereafter be administered in accordance with the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented.

(2) As used in this Act, the term "improved property" means a detached, single-family dwelling, construction of which was begun before June 8, 1976, which is used for noncommercial residential purposes, together with such additional lands or interests therein as the Secretary deems to be reasonably necessary for access thereto, such lands being in the same ownership as the dwelling, together with any structures accessory to the dwelling which are situated on such land.

(3) Whenever an owner of property elects to retain a right of use and occupancy as provided in this section, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of such sections such owner shall not be considered a displaced person as defined in section 101(6) of such Act.

SEC. 320. (a) The boundaries of Olympic National Park as established by the Act of June 29, 1938 (52 Stat. 1241), and as revised by proclamation pursuant to that Act and by or pursuant to the Act of December 22, 1942 (56 Stat. 1070), and the Act of June 11, 1958 (72 Stat. 185), are hereby revised to include the lands, privately owned aquatic lands, and interests therein within the boundaries depicted on the map entitled "Boundary Map, Olympic National Park, Washington," numbered 149–80–001–B, and dated January 1976, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior.

(b) The Secretary of the Interior (hereinafter referred to as the "Secretary") shall, beginning within thirty days after the date of enactment of this Act, consult with the Governor of the State of Washington, the Board of Commissioners of Clallam County, and the affected landowners, and shall locate a boundary encompassing all of the shoreline of Lake Ozette, including privately owned aquatic lands not within the boundary of the park on the date of enactment of this act: *Provided,* That such boundary shall be located not less than two hundred feet set back from the ordinary high-water mark of Lake Ozette: *Provided further,* That the privately owned lands encompassed within the park by such boundary shall not exceed one thousand five hundred acres. The Secretary shall, within one hundred and eighty days after the date of enactment of this Act, and following reasonable notice in writing to the Committees on Interior and Insular Affairs of the Senate and House of Representatives of his intention to do so, publish in the Federal Register a detailed description of the boundary located pursuant to this subsection. Upon such publication the Secretary is authorized to revise the map on file pursuant to subsection (a) of this section accordingly, and such revised map shall have the same force and effect as if included in this Act.

(c) Section 5 of the said Act of June 29, 1938, is amended by deleting the second sentence, and inserting in lieu thereof: "The boundaries of Olympic National Park may be revised only by Act of Congress.".

(d) Notwithstanding any other provision of law, within the boundaries of the park as revised by and pursuant to this Act, the Secretary is authorized to acquire lands, privately owned aquatic lands, and interests therein by donation, purchase with donated or appropriated funds, exchange, or transfer from any Federal agency. Property so acquired shall become part of Olympic National Park and shall be administered by the Secretary subject to the laws and regulations applicable to

such park. The Secretary is authorized and directed to exclude from the boundaries of the park such private lands and publicly owned and maintained roads within Grays Harbor County which are near and adjacent to Lake Quinault, and which do not exceed two thousand, one hundred and sixty-eight acres in total. Prior to excluding such lands from the park, the Secretary shall study and investigate current and prospective uses of the private lands, as well as the implications of their exclusion both for the lands involved and for Olympic National Park. The results of such study shall be transmitted to the President and to the Congress within two years of the enactment of this Act, and shall take effect unless disapproved by simple majority vote of the House of Representatives or the Senate of the United States of America within ninety legislative days of their submission to the Congress. Property excluded from the boundaries of the park by this Act may be exchanged for non-Federal property within the boundaries; or it may be transferred to the jurisdiction of any Federal agency or to the State of Washington or a political subdivision thereof, without monetary consideration, as the Secretary may deem appropriate. Any such Federal property transferred to the jurisdiction of the Secretary of Agriculture for national forest purposes shall upon such transfer become part of the national forest and subject to the laws and regulations pertaining thereto. Any property excluded from the park by this Act which is within the boundaries of an Indian reservation may be transferred in trust to such Indian tribe, subject, however, to the express condition that any concessioner providing public services shall be permitted to continue to provide such services in such manner and for such period as set forth in his concession contract, that the Secretary of the Interior is authorized to pay all franchise fees collected from the concessioner under the contract to said Indian Tribe, and that in the event his contract is terminated, the United States shall purchase his possessory interest in accordance with the Act of October 9, 1965 (79 Stat. 969). The acquisition of lands by the United States in trust for an Indian tribe pursuant to this title shall not confer any hunting or fishing rights upon such tribe which were not vested in such tribe prior to the acquisition of such lands.

(e) (1) Any owner or owners of improved property within the boundaries of the park, as revised by and pursuant to this Act may, on the date of its acquisition, retain for themselves and their successors or assigns a right of use and occupancy of the property for such noncommercial residential purposes as existed on or before January 1, 1976, for twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or his spouse, whichever is later. The Secretary shall pay to the owner the fair market value of the property on the date of such

acquisition, less the fair market value on such date of the right retained by the owner.

(2) As used in this title, the term "improved property" shall mean any single-family dwelling on which construction was begun before January 1, 1976, together with so much of the land on which the dwelling is situated (such land being in the same ownership as the dwelling) as shall be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, as the Secretary shall designate. The amount of the land so designated shall in every case be not more than three acres in area: *Provided,* That the Secretary may exclude from the land so designated any beach or water, together with so much of the land adjoining any such beach or water, as he may deem necessary for public access thereto.

(f) The Secretary is directed to acquire in fee all other privately owned lands added to the park by and pursuant to this Act, and to acquire within three years of adoption of this Act so much of such lands as can be acquired by donation, exchange, or purchase, to the extent of available funds, and to report to Congress on the third anniversary of adoption of this Act the estimated amount of appropriations which would be necessary to acquire the remainder, if any, of such lands by condemnation. The compensation for such lands shall be their fair market value on the date of their acquisition, taking into account applicable land use regulations in effect on January 1, 1976.

(g) Notwithstanding the provisions of the preceding subsection, any noncorporate owner or owners, as of January 1, 1976, of property adjacent to Lake Ozette may retain title to such property: *Provided,* That such owner or owners consent to acquisition by the Secretary or scenic easements or other interests that allow only those improvements that the Secretary finds to be reasonably necessary for continued use and occupancy. Any such owner or owners who elects to improve his property or a portion thereof shall submit to the Secretary a plan which shall set forth the manner in which the property is to be improved and the use to which it is proposed to be put. If, upon review of such plan, the Secretary determines that it is compatible with the limitations of this subsection, he in his discretion may issue a permit to such owner and a certificate to that effect. Upon issuance of any such certificate and so long as such property is maintained and used in conformity therewith, the authority of the Secretary to acquire such property or interest therein without the consent of the owner shall be suspended.

(h) In order to minimize economic dislocation in acquiring property within the park, the Secretary may acquire with the consent of the owner, lands and interests in lands outside the boundaries of the park, but within

the State of Washington, and with the concurrence of the Secretary of Agriculture, he may utilize lands and interests therein within a national forest in the State of Washington hereby authorized to be transferred to the Secretary, for the purpose of exchanging lands and interests so acquired or transferred for property within the park.

(i) Effective upon acceptance thereof by the State of Washington (1) the jurisdiction which the United States acquired over those lands excluded from the boundaries of Olympic National Park by subsection 1(a) of this Act is hereby retroceded to the State: *Provided,* That the lands restored to the Quileute Indian Reservation shall be subject to the same State and Tribal jurisdiction as all other trust lands within said Reservation; and (2) there is hereby retroceded to such State concurrent legislative jurisdiction, as the Governor of the State of Washington and the Secretary shall determine, over and within all territory within the boundaries of the park as revised by this Act.

(j) There is hereby authorized to be appropriated not to exceed $13,000,000 for the acquisition of lands, privately owned aquatic lands, or interests therein in accordance with the provisions of this title. No funds authorized to be appropriated pursuant to this title shall be available prior to October 1, 1977.

SEC. 321. Section 403 of the Act of October 26, 1974 (88 Stat. 1447), is amended by adding the following new subsection (c):

"(c) To carry out the priority repairs as determined by the study performed in accordance with subsection (a) of this section, and to complete additional detailed studies to accomplish the work so identified, there are authorized to be appropriated such sums as may be necessary, but not more than $2,733,000. No funds authorized to be appropriated pursuant to this subsection shall be available prior to October 1, 1977.".

SEC. 322. Section 3(b) of the Act of October 11, 1974 (88 Stat. 1254; 16 U.S.C. 698(b), is amended by deleting "detached, one-family dwelling," and inserting in lieu thereof "detached year-round one-family dwelling which serves as the owner's permanent place of abode at the time of acquisition, and".

(a) In subsection 2(a) strike out "Boundary Map, Cuyahoga Valley National Recreation Area, Ohio, numbered NRA–CUYA–20,000–A, and dated December 1974," and insert in lieu thereof "Boundary Map, Cuyahoga Valley National Recreation Area, Ohio, numbered 90,000–A, and dated September 1976,".

(b) In subsection 6(a) strike out "$34,500,000" and insert in lieu thereof "$41,100,000".

(c) No funds authorized by this section in excess of those sums previously authorized by the Act of December 27, 1974, shall be available for expenditure before October 1, 1977.

A copy of such drawing shall be on file and available for public inspection in the office of the Director, National Park Service, Department of the Interior. After advising the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate in writing, the Secretary is authorized to make minor revisions of the boundaries of the park when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(2) The Sequoia National Game Refuge is hereby abolished and the Secretary of Agriculture shall transfer, without consideration, to the administrative jurisdiction of the Secretary, the area constituting such refuge, and any unexpended funds available for purposes of management of the refuge shall be available for purposes of management of the park.

(c) (1) Within the boundaries of the area added to the park pursuant to this section, the Secretary may acquire lands and interests in lands by donation, purchase with donated or appropriated funds, exchange, or transfer from other Federal departments or agencies.

(2) Where the private use of any property acquired pursuant to this subsection would, in the judgment of the Secretary, be compatible with the purposes of this section, the Secretary may, as a condition of such acquisition, permit the owner or owners of such property to retain for themselves and their successors or assigns rights of use and occupancy. Such rights of use and occupancy shall be for not more than twenty-five years or for a term ending at the death of the owner or his or her spouse, whichever is later. The owner shall reserve such rights and elect the term to be reserved on the date of

acquisition of the property. Except for so much of the property as is donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner.

(3) A right of use and occupancy retained pursuant to paragraph (2) may be terminated by the Secretary upon his determination that the property or any portion thereof is being used in a manner which is incompatible with the purposes of this section. Such right shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired as of the date of such tender. In the case of any property which was used for noncommercial purposes during the ten calendar years immediately preceding the enactment of this Act, the commercial use of such property subsequent to the enactment of this Act shall be treated as incompatible with the purposes of this section. In the case of any property which was used for commercial purposes at any time during the ten calendar years immediately preceding the enactment of this Act, any substantial change or expansion of such commercial use subsequent to the enactment of this Act without the express approval of the Secretary shall be treated as incompatible with such purposes.

(4) In exercising his authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the park to sell such property if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship. Nothing in this section, or in any other provision of law, shall prevent the Secretary from exercising his authority to acquire property referred to in this subsection at any time after the date of the enactment of this Act.

(5) If any individual tract or parcel of land acquired is partly inside and partly outside the boundaries of the park the Secretary may, in order to minimize the payment of severance damages, acquire the whole of the tract or parcel.

(6) If the management plan prepared under subsection (e) provides for improved access to the area added to the park under this section, the Secretary is authorized to acquire, by donation, purchase with donated or appropriated funds, exchange or transfer from other Federal departments or agencies, the area comprising the road from State Route 198 to, and within, the Mineral King Valley together with a right-of-way for such road of a width sufficient to include improvements to the road and all bridges, ditches, cuts, and fills appurtenant thereto, but not exceeding a maximum average width of two

hundred feet. Property acquired from the State or any political subdivision thereof may be acquired by donation only. With regard to routes of access to and within the Mineral King Valley, the Secretary shall take such measures as are necessary to protect against the effects of siltation on the ecosystem of the park.

(7) The Secretary shall report to the committees of the Congress named in subsection (b) (1) the action taken by him pursuant to this subsection. Such report shall contain information sufficient to inform such committees of—

(A) the acquisitions made by him pursuant to this subsection during the period covered by such report;

(B) his reasons why all of such property authorized to be acquired and not so acquired as of the date of such report, if any, have not been acquired; and

(C) his schedule of a timetable for the acquisition of such property referred to in subparagraph (B).

Such report shall be submitted before the expiration of the second fiscal year beginning after the date on which the comprehensive management plan is submitted to the committees of Congress pursuant to subsection (e).

(d) (1) The area added to the park by this section shall be administered in accordance with this section and the provisions of law generally applicable to units of the National Park System including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. and following) and the Act of September 25, 1890 (26 Stat. 478; 16 U.S.C. 41 and following). Any other statutory authority available to the Secretary for the conservation and management of wildlife, wildlife habitat, and natural resources may be utilized to the extent he finds such authority will further the purposes of this section.

(2) (A) Except in the case of a lease or permit which the Secretary determines to be incompatible with the administration of the park pursuant to this section, any lease or permit on Federal land within the area added to the park under this section which is in effect immediately before the enactment of this Act shall continue in effect pursuant to its terms and conditions following the expansion of the park under this section.

(B) In the case of a lease or permit which is continued under subparagraph (A), upon notice to the Secretary by the lessee or permittee of his intention to seek renewal or extension of such lease or permit, the lease or permit shall be reviewed by the Secretary, and may be renewed or extended for an additional period of five years. Any such lease or permit shall be reviewed at the end of such renewal or extension period and may also be renewed or extended in the same manner for additional five-year periods thereafter. Any renewals or extensions of leases or permits shall be granted only to those persons who were lessees or permittees of record on the date of enactment of this Act, and any such lease or permit shall

provide that the lease or permit may be terminated by the Secretary at any time if the Secretary determines that such lease or permit is incompatible with the administration of the park pursuant to this section or that the land is needed for park purposes.

(3) The Act of December 14, 1974 (88 Stat. 1660) is amended by inserting the following new section after section 4:

"SEC. 5. Notwithstanding any other provision of law, any federally owned lands incorporated within the boundaries of Sequoia National Park subsequent to the date of enactment of this Act, which entail project works, developments, lands, or facilities which are components of Federal Power Commission Project Numbered 298, shall be subject to all provisions of this Act.".

(e) (1) Within two years from the date of enactment of this Act, the Secretary, in cooperation with the State of California, shall develop and submit to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate, a comprehensive management plan for the area added to the park under this section. In the preparation of such plan, the Secretary shall give appropriate consideration to the need for the development of additional recreational opportunities and other public uses which are consistent with sound environmental management of the area and the policies of the National Park Service.

(2) (A) In preparing the comprehensive management plan required by this subsection and in preparing any subsequent revision of such plan, the Secretary shall provide for full public participation and shall consider the comments and views of all interested agencies, organizations, and individuals.

(B) For purposes of insuring such full public participation, the Secretary shall provide reasonable advance notice to State and local governments, interested Federal agencies, private organizations, and the general public of hearings, workshops, meetings, and other opportunities available for such participation. Such notice shall be published in newspapers of general circulation in the localities affected by the development and management of the park, published in the Federal Register, and communicated by other appropriate means. The Western Regional Advisory Committee of the National Park Service (or a subcommittee thereof) shall also be utilized for purposes of facilitating public involvement.

(C) The Secretaries or Directors of all Federal departments, agencies, and commissions having a relevant expertise are hereby authorized and directed to cooperate with the Secretary in his development of such plan and to make such studies as the Secretary may request on a cost reimbursable basis.

(D) In preparing the comprehensive management plan required by this subsection, the Secretary shall con-

sider technical information and other pertinent data assembled or produced by field studies or investigations conducted separately or jointly by the technical and administrative personnel of the Federal and State agencies involved in order to insure the permanent conservation of wildlife within the area added to the park by this section. Except in emergencies, rules and regulations pertaining to the management of wildlife within the area added to the park by this section shall be put into effect only after consultation with the State of California.

(f) There are hereby authorized to be appropriated such sums as may be necessary for the acquisition of land and interests therein described in this section.

(g) Effective upon the transfer referred to in subsection (b) (2), Public Law 85–648 (72 Stat. 604; 16 U.S.C. 45a–3) and section 6 of the Act of July 3, 1926 (44 Stat. 821; 16 U.S.C. 688) are hereby repealed. The repeal of such section 6 shall not be construed to prohibit or prevent the Secretary from exercising any authority applicable to the national parks respecting the protection of birds, game, or other wild animals.

(h) The Congress recognizes that the Mineral King Valley area has outstanding potential for certain year-round recreational opportunities, but the development of permanent facilities for downhill skiing within the area would be inconsistent with the preservation and enhancement of its ecological values.

(3) The Administrator of the General Services Administration is hereby authorized and directed to transfer the site generally known as Nike Site 78 to the Secretary for inclusion in the recreation area: *Provided*, That the county of Los Angeles shall be permitted to continue to use without charge the facilities together with sufficient land as in the determination of the Secretary shall be necessary to continue to maintain and operate a fire suppression and training facility and shall be excused from payment for any use of the land and facilities on the site prior to the enactment of this Act. At such time as the county of Los Angeles, California, relinquishes control of such facilities and adjacent land or ceases the operation of the fire suppression and training facility, the land and facilities shall be managed by the Secretary as a part of the recreation area.

(d) (1) Within six months after the date of enactment of this Act, the Secretary shall identify the lands, waters, and interests within the recreation area which must be acquired and held in public ownership for the following critical purposes: preservation of beaches and coastal upland; protection of undeveloped inland stream drainage basins; connection of existing State and local government parks and other publicly owned lands to enhance their potential for public recreation use; protection of existing park roads and scenic corridors, including such right-of-way as is necessary for the protection of the Mulholland Scenic Parkway Corridor;

protection of the public health and welfare; and development and interpretation of historic sites and recreation areas in connection therewith, to include, but not be limited to, parks, picnic areas, scenic overlooks, hiking trails, bicycle trails, and equestrian trails. The Secretary may from time to time revise the identification of such areas, and any such revisions shall become effective in the same manner as herein provided for revisions in the boundaries of the recreation area.

(2) By January 1, 1980, the Secretary shall submit, in writing, to the committees referred to in subsection (c) and to the Committees on Appropriations of the United States Congress a detailed plan which shall indicate—

(A) the lands and areas identified in paragraph (1),

(B) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this recreation area,

(C) the annual acquisition program (including the level of funding) recommended for the ensuing five fiscal years, and

(D) the final boundary map for the recreation area.

(e) With respect to improved properties, as defined in this section, fee title shall not be acquired unless the Secretary finds that such lands are being used, or are threatened with uses, which are detrimental to the purposes of the recreation area, or unless each acquisition is necessary to fulfill the purposes of this section. The Secretary may acquire scenic easements to such improved property or such other interests as, in his judgment are necessary for the purposes of the recreation area.

(f) For the purposes of this section, the term "improved property" means—

(1) a detached single-family dwelling, the construction of which was begun before January 1, 1976 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated as is in the same ownership as the dwelling and as the Secretary designates to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, and

(2) property developed for agricultural uses, together with any structures accessory thereto as were used for agricultural purposes on or before January 1, 1978.

In determining when and to what extent a property is to be treated as "improved property" for purposes of this section, the Secretary shall take into consideration the manner of use of such buildings and lands prior to Jan-

uary 1, 1978, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(g) The owner of an improved property, as defined in this section, on the date of its acquisition, as a condition of such acquisition, may retain for herself or himself, her or his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or agriculture purposes, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of her or his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this section, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(h) In exercising the authority to acquire property under this section, the Secretary shall give prompt and careful consideration to any offer made by an individual owning property within the recreation area to sell such property, if such individual notifies the Secretary that the continued ownership of such property is causing, or would result in, undue hardship.

(i) The Secretary shall administer the recreation area in accordance with this Act and provisions of laws generally applicable to units of the National Park System, including the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.). In the administration of the recreation area, the Secretary may utilize such statutory authority available for the conservation and management of wildlife and natural resources as appropriate to carry out the purpose of this section. The fragile resource areas of the recreation area shall be administered on a low-intensity basis, as determined by the Secretary.

(j) The Secretary may enter into cooperative agreements with the State of California, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement services and cooperative assistance by nearby law enforcement and fire preventive agencies.

(k) Notwithstanding any other provision of law, the Secretary is authorized to accept donations of funds, property, or services from individuals, foundations, corporations, or public entities for the purpose of land ac-

quisition and providing services and facilities which the Secretary deems consistent with the purposes of this section.

(l) By January 1, 1981, the Santa Monica Mountains National Recreation Area Advisory Commission, established by this section, shall submit a report to the Secretary which shall—

(1) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area,

(2) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section, and

(3) recommend any conditions, joint management agreements, or other land use mechanisms to be contingent on any transfer of land.

(m) The Secretary, after giving careful consideration to the recommendations set forth by the Advisory Commission, shall, by January 1, 1982, submit a report to the Committees referred to in subsection (c) which shall incorporate the recommendations of the Advisory Commission as well as set forth the Secretary's recommendations. Such report shall—

(1) assess the benefits and costs of continued management as a unit of the National Park System,

(2) assess the capability and willingness of the State of California and the local units of government to manage and operate the recreation area, and

(3) recommend any changes in ownership, management, and operation which would better accomplish the purposes of this section.

(n) (1) The Secretary shall request the Santa Monica Mountains Comprehensive Planning Commission to submit a comprehensive plan, prepared in accord with this section and title 7.75 of the California Government Code (commencing with section 67450), for the Santa Monica Mountains Zone generally depicted on the map referred to in subsection (c) of this section for approval.

(2) The comprehensive plan shall include, in addition to the requirements of California State law—

(A) an identification and designation of public and private uses which are compatible with and which would not significantly impair the significant scenic, recreational, educational, scientific, natural, archeological, and public health benefits present in the zone and which would not have an adverse impact on the recreation area or on the air quality of the south coast air basin;

(B) a specific minimum land acquisition program which shall include, but not be limited to, fee and less than fee acquisition of strategic and critical sites not to be acquired by the Federal Government for public recreational and other related uses; and a program for the complementary use of State and

local authority to regulate the use of lands and waters within the Santa Monica Mountains Zone to the fullest extent practicable consistent with the purposes of this section; and

(C) a recreation transportation system which may include but need not be limited to existing public transit.

(3) No plan submitted to the Secretary under this section shall be approved unless the Secretary finds the plan consistent with paragraph (2) and finds that—

(A) the planning commission has afforded adequate opportunity, including public hearings, for public involvement in the preparation and review of the plan, and public comments were received and considered in the plan or revision as presented to him;

(B) the State and local units of government identified in the plan as responsible for implementing its provisions have the necessary authority to implement the plan and such State and local units of government have indicated their intention to use such authority to implement the plan;

(C) the plan, if implemented, would preserve significant natural, historical, and archeological benefits and, consistent with such benefits, provide increased recreational opportunities for persons residing in the greater Los Angeles-southern California metropolitan area; and

(D) implementation of the plan would not have a serious adverse impact on the air quality or public health of the greater Los Angeles region.

Before making his findings on the air quality and public health impacts of the plan, the Secretary shall consult with the Administrator of the Environmental Protection Agency.

(4) Following approval of the plan with respect to the Santa Monica Mountains Zone, upon receipt of adequate assurances that all aspects of that jurisdiction's implementation responsibilities will be adopted and put into effect, the Secretary shall—

(A) provide grants to the State and through the State to local governmental bodies for acquisition of lands, waters, and interests therein identified in paragraph (2) (B), and for development of essential public facilities, except that such grants shall be made only for the acquisition of lands, waters, and interests therein, and related essential public facilities, for park, recreation, and conservation purposes; and

(B) provide, subject to agreements that in the opinion of the Secretary will assure additional preservation of the lands and waters of the zone, such funds as may be necessary to retire bonded indebtedness for water and sewer and other utilities al-

ready incurred by property owners which in the opinion of the Secretary would if left outstanding contribute to further development of the zone in a manner inconsistent with the approved plan developed by the planning commission.

No grant for acquisition of land may be made under subparagraph (A) unless the Secretary receives satisfactory assurances that such lands acquired under subparagraph (A) shall not be converted to other than park, recreation, and conservation purposes without the approval of the Secretary and without provision for suitable replacement land.

(5) Grants under this section shall be made only upon application of the recipient State and shall be in addition to any other Federal financial assistance for any other program, and shall be subject to such terms and conditions as the Secretary deems necessary to carry out the purposes of this section. Any jurisdiction that implements changes to the approved plan which are inconsistent with the purposes of this section, or adopts or acquiesces in changes to laws regulations or policies necessary to implement or protect the approved plan, without approval of the Secretary, may be liable for reimbursement of all funds previously granted or available to it under the terms of this section without regard to such additional terms and conditions or other requirements of law that may be applicable to such grants. During the life of the planning commission, changes to the plan must be submitted by the planning commission to the Secretary for approval. No such application for a grant may be made after the date five years from the date of the Secretary's approval of the plan.

(o) The head of any Federal agency having direct or indirect jurisdiction over a proposed Federal or federally assisted undertaking in the lands and waters within the Santa Monica Mountains Zone, generally depicted on the map referred to in subsection (c), and the head of any Federal agency having authority to license or permit any undertaking in such lands and waters shall, prior to the approval of the expenditure of any Federal funds on such undertaking or prior to the issuance of any license or permit, as the case may be, afford the Secretary a reasonable opportunity to comment with regard to such undertaking and shall give due consideration to any comments made by the Secretary and to the effect of such undertaking on the "findings" and purposes of this section.

(p) The Secretary shall give full consideration to the recommendations of the California Department of Parks and Recreation, the Santa Monica Mountains Comprehensive Planning Commission, and the California Coastal Commission.

(q) (1) There is hereby established the Santa Monica Mountains National Recreation Area Advisory Com-

(2) The Advisory Commission shall be composed of the following members to serve for terms of five years as follows:

(A) one member appointed by the Governor of the State of California;

(B) one member appointed by the mayor of the city of Los Angeles;

(C) one member appointed by the Board of Supervisors of Los Angeles County;

(D) one member appointed by the Board of Supervisors of Ventura County; and

(E) five members appointed by the Secretary, one of whom shall serve as the Commission Chairperson.

(3) The Advisory Commission shall meet on a regular basis. Notice of meetings and agenda shall be published in local newspapers which have a distribution which generally covers the area. Commission meetings shall be held at locations and in such a manner as to insure adequate public involvement. Such locations shall be in the region of the Santa Monica Mountains and no more than twenty-five miles from it.

(4) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred in carrying out their responsibilities under this Act on vouchers signed by the Chairperson.

(5) The Secretary, or his or her designee, shall from time to time but at least semiannually, meet and consult with the Advisory Commission on matters relating to the development of this recreation area and with respect to carrying out the provisions of this section.

(r) There are authorized to be appropriated such sums as may be necessary for acquisition of lands and interests in land within the boundaries of the recreation area established under this section, but not more than $15,000,000 for fiscal year 1979, $40,000,000 for fiscal year 1980, $45,000,000 for fiscal year 1981, $10,000,000 for fiscal year 1982, and $15,000,000 for fiscal year 1983, such sums to remain available until expended. For the authorizations made in this subsection, any amounts authorized but not appropriated in any fiscal year shall remain available for appropriation in succeeding fiscal years.

(s) For the development of essential public facilities in the recreation area there are authorized to be appro-

The Congress expects that, at least until assessment of the report required by subsection (t), any further development of the area shall be accomplished by the State of California or local units of government, subject to the approval of the Director, National Park Service.

(t) Within two years from the date of establishment of the recreation area pursuant to this section, the Secretary shall, after consulting with the Advisory Commission, develop and transmit to the Committees referred to in subsection (c) a general management plan for the recreation area consistent with the objectives of this section. Such plan shall indicate—

SEC. 508. (a) There is hereby established the Ebey's Landing National Historical Reserve (hereinafter referred to as the "reserve"), in order to preserve and protect a rural community which provides an unbroken historical record from nineteenth century exploration and settlement in Puget Sound to the present time, and to commemorate—

(1) the first thorough exploration of the Puget Sound area, by Captain George Vancouver, in 1792;

"(10) the anticipated impact of public outdoor recreation use on the preservation of a proposed national historic trail and its related historic and archeological features and settings, including the measures proposed to ensure evaluation and preservation of the values that contribute to their national historic significance; and

"(11) to qualify for designation as a national his-

toric trail, a trail must meet all three of the following criteria:

"(A) It must be a trail or route established by historic use and must be historically significant as a result of that use. The route need not currently exist as a discernible trail to qualify, but its location must be sufficiently known to permit evaluation of public recreation and historical interest potential. A designated trail should generally accurately follow the historic route, but may deviate somewhat on occasion of necessity to avoid difficult routing through subsequent development, or to provide some route variation offering a more pleasurable recreational experience. Such deviations shall be so noted on site. Trail segments no longer possible to travel by trail due to subsequent development as motorized transportation routes may be designated and marked onsite as segments which link to the historic trail.

"(B) It must be of national significance with respect to any of several broad facets of American history, such as trade and commerce, migration and settlement, or military campaigns. To qualify as nationally significant, historic use of the trail must have had a far-reaching effect on broad patterns of American culture. Trails significant in the history of native Americans may be included.

"(C) It must have significant potential for public recreational use or historical interest based on historic interpretation and appreciation. The potential for such use is generally greater along roadless segments developed as historic trails, and at historic sites associated with the trail. The presence of recreation potential not related to historic appreciation is not sufficient jusitification for designation under this category.".

The Secretary is hereby granted such authority as may be required to implement and administer said plan.

(d) Notwithstanding any provision of the Wild and Scenic Rivers Act, the Secretary may not acquire more than a total of four hundred and fifty acres of land and interests in land for access, development sites, the preservation of scenic qualities, or for any other purposes: *Provided,* That the Secretary may acquire additional land and interests in land for such purposes not in excess of one thousand acres if such additional acquisition is recommended and provided for in the management plan as finally approved by the Secretary. The limitations contained in this section shall not apply under the circumstances set forth in subsection (e)(4) of this section. Prior to acquisition of any land or interests in land which has been used for business purposes during the annual period immediately preceding the date of the enactment of this Act, the Secretary shall first make such efforts as he deems reasonable to acquire easements or restrictive covenants, or to enter into any other appropriate agreements or arrangements with the owners of said land, consistent with the purposes of this section.

(e)(1) For the purpose of protecting the integrity of the Upper Delaware River, the Secretary shall review all relevant local plans, laws, and ordinances to determine whether they substantially conform to the approved management plan provided for in subsection (c) and to the general guidelines promulgated by the Secretary pursuant to subsection (b). Additionally, the Secretary shall determine the adequacy of enforcement of such plans, laws, and ordinances, including but not limited to review of building permits and zoning variances granted by local governments, and amendments to local laws and ordinances.

(2) The purpose of such reviews shall be to determine the degree to which actions by local governments are compatible with the purposes of this section. Following the approval of the management plan and after a reasonable period of time has elapsed, but not less than two years, upon a finding by the Secretary that such plans, laws, and ordinances are nonexistent, are otherwise not in conformance with the management plan or guidelines, or are not being enforced in such manner as will carry out the purposes of this section (as determined by the Secretary), the Secretary may exercise the authority available to him under the provisions of paragraph (4) hereof.

(3) To facilitate administration of this section, the Secretary may contract with the directly affected States or their political subdivisions to provide, on behalf of the Secretary, professional services necessary for the review of relevant local plans, laws, and ordinances, and of amendments thereto and variances therefrom, and for the monitoring of the enforcement thereof by local governments having jurisdiction over any area in the region to which the management plan applies. The Secretary shall notify the appropriate State or local officials as to the results of his review under this section within forty-five days from the date he receives notice of the local government action.

(4) In those sections of the Upper Delaware River where such local plans, laws, and ordinances, or amendments thereto or variances therefrom, are found by the Secretary not to be in conformance with the guidelines or the management plan promulgated pursuant to subsections (b) and (c) of this section, respectively, or are not being enforced in such manner as will carry out the purposes of this section (as determined by the Secretary), the Secretary is hereby authorized to acquire land or interests in land in excess of the acreage provided for in subsection (d) of this section. Land and interests in land acquired pursuant to this subsection shall be restricted to the geographical area of the local governmental unit failing to conform with the said guidelines or management plan, and shall be limited to those lands clearly and directly required, in the judgment of the Secretary, for protection of the objectives of this Act. The total acreage of land and interests in land acquired pursuant to this subsection shall not in any event exceed the limitations contained in section 6(a) of the Wild and Scenic Rivers Act. This subsection shall apply notwithstanding the first sentence of section 6(c) of the Wild and Scenic Rivers Act. Notwithstanding any limitation on amounts authorized to be appropriated for acquisition of land and interests in land which is contained in section 3(a)(21) of the Wild and Scenic Rivers Act or in any other provision of law, there are authorized to be appropriated

such sums as may be necessary to carry out this subsection.

(f)(1) At the earliest practicable date following enactment of this Act, but no later than one hundred and twenty days thereafter, there shall be established an Upper Delaware Citizens Advisory Council. The Advisory Council shall encourage maximum public involvement in the development and implementation of the plans and programs authorized by this section. It shall report to the Commission and the Secretary from time to time during preparation of the management plan. Following completion of the management plan, it shall report to the Secretary and the Governors of the directly affected States no less frequently than once each year its recommendations, if any, for improvement in the programs authorized by this Act, or in the programs of other agencies which may relate to land or water use in the Upper Delaware River region.

(2) Membership on the Advisory Council shall consist of seventeen members appointed as follows: there shall be—

(A) six members from each of the directly affected States appointed by the Secretary from nominations submitted by the legislatures of the respective counties and appointed such that two members shall be from each of Orange, Delaware, and Sullivan Counties, New York, and three members shall be from each of Wayne and Pike Counties, Pennsylvania (at lease one appointee from each county shall be a permanent resident of a municipality abutting the Upper Delaware River);

(B) two members appointed at large by each Governor of a directly affected State; and

(C) one member appointed by the Secretary.

The Secretary shall designate one of the aforesaid members to serve as Chairperson of the Advisory Council who shall be a permanent resident of one of the aforementioned counties. Vacancies on the Advisory Council shall be filled in the same manner in which the original appointment was made. Members of the Advisory Council shall serve without compensation as such, but the Secretary is authorized to pay expenses reasonably incurred by the Advisory Council in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

(g) With respect to the land and water in areas which are not owned by the United States but which are within the boundaries of the segment of the Delaware River designated as a wild and scenic river under subsection (a), the Secretary is authorized to enter into contracts with the appropriate State or political subdivisions thereof pursuant to which the Secretary may provide financial assistance to such State or political subdivision for purposes of—

(1) enforcing State and local laws in such areas, and

(2) removing solid waste from such areas and disposing of such waste.

(h) Nothing in this section shall be construed as limiting the right to fish and hunt on any of the lands or waters within the boundaries of the Upper Delaware River in the manner provided in section 13 of the Wild and Scenic Rivers Act.

(i) There are hereby authorized to be appropriated to carry out the purposes of this section such sums as may be necessary.

(j) Where any provision of the Wild and Scenic Rivers Act is inconsistent with any provisions of this section, the provision of this section shall govern. In applying the provisions of section 6(g) (3) of the Wild and Scenic Rivers Act, with regard to "improved property", the date specified therein, shall, for purposes of the river designated in this Act, be the date of enactment of this Act (rather than January 1, 1967).

Such segment shall be administered as a recreational river by the Secretary. The Secretary of the Army (acting through the Chief of Engineers) shall condition the construction or maintenance of any streambank stabilization structure or of any recreational river features at any site under subparagraph (A) (i) upon the availability to the United States of such land and interests in land in such ownership as he deems necessary to carry out such construction or maintenance and to protect and enhance the river in accordance with the purposes of this Act. Administration of the river segment designated by this paragraph shall be in coordination with, and pursuant to the advice of a Recreational River Advisory Group which may be established by the Secretary. Such Group may include in its membership, representatives of the affected States and political subdivisions thereof, affected Federal agencies, and such organized private groups as the Secretary deems desirable. Dredge or placer mining shall be prohibited within the banks or beds of the main stem of the Saint Joe and its tributary streams in their entirety above the confluence of the main stem with the North Fork of the river. The park shall consist of (1) the area of approximately twenty thousand acres generally depicted on the map entitled "Barataria Marsh Unit-Jean Lafitte National Historical Park and Preserve" numbered 90,000B and dated April 1978, which shall be on file and available for public inspection in the office of the National Park Service, Department of the Interior; (2) the area known as Big Oak Island; (3) an area or areas within the French Quarter section of the city of New Orleans a may be designated by the Secretary of the Interior for an interpretive and administrative facility; (4) the Chalmette National Historical Park; and (5) such additional natural, cultural, and historical resources in the French Quarter and Garden District of New Orleans, forts in the delta region, plantations, and Acadian towns and villages in the Saint Martinville area and such other areas and sites as are subject to cooperative agreements in accordance with the provisions of this title.

SEC. 902. (a) Within the Barataria Marsh Unit the Secretary is authorized to acquire not to exceed eight thousand acres of lands, waters, and interests therein (hereinafter referred to as the "core area"), as depicted on the map referred to in the first section of this title, by donation, purchase with donated or appropriated funds, or exchange. The Secretary may also acquire by any of the foregoing methods such lands and interests therein, including leasehold interests, as he may designate in the French Quarter of New Orleans for development and operation as an interpretive and administrative facility. Lands, waters, and interests therein owned by the State of Louisiana or any political

subdivision thereof may be acquired only by donation. In acquiring property pursuant to this title, the Secretary may not acquire right to oil and gas without the consent of the owner, but the exercise of such rights shall be subject to such regulations as the Secretary may promulgate in furtherance of the purposes of this title.

(b) With respect to the lands, waters, and interests therein generally depicted as the "park protection zone" on the map referred to in the first section of this title, the Secretary shall, no later than six months from the date of enactment of this Act, in consultation with the affected State and local units of government, develop a set of guidelines or criteria applicable to the use and development of properties within the park protection zone to be enacted and enforced by the State or local units of government.

(c) The purpose of any guideline developed pursuant to subsection (b) of this section shall be to preserve and protect the following values within the core area:

(1) fresh water drainage patterns from the park protection zone into the core area;

(2) vegetative cover;

(3) integrity of ecological and biological systems; and

(4) water and air quality.

(d) Where the State or local units of government deem it appropriate, they may cede to the Secretary, and the Secretary is authorized to accept, the power and authority to confect and enforce a program or set of rules pursuant to the guidelines established under subsection (b) of this section for the purpose of protecting the values described in subsection (c) of this section.

(e) The Secretary, upon the failure of the State or local units of government to enact rules pursuant to subsection (b) of this section or enforce such rules so as to protect the values enumerated in subsection (c) of this section, may acquire such lands, servitudes, or interests in lands within the park protection zone as he deems necessary to protect the values enumerated in subsection (c) of this section.

(f) The Secretary may revise the boundaries of the park protection zone, notwithstanding any other provision of law, to include or exclude properties, but only with the consent of Jefferson Parish.

Within the Barataria Marsh Unit, the owner or owners of improved property used for noncommercial residential purposes on a year-round basis may, as a condition of the acquisition of such property by the Secretary, elect to retain a right of use and occupancy of such property for noncommercial residential purposes if, in the judgment of the Secretary, the continued use of such property for a limited period would not unduly interfere with the development or management of the park. Such right of use and occupancy may be either a

period ending on the death of the owner or his spouse, whichever occurs last, or a term of not more than twenty-five years, at the election of the owner. Unless the property is donated, the Secretary shall pay to the owner the fair market value of the property less the fair market value of the right retained by the owner. Such right may be transferred or assigned and may be terminated by the Secretary, if he finds that the property is not used for noncommercial residential purposes, upon tender to the holder of the right an amount equal to the fair market value of the unexpired term. As used in this section, the term "improved property" means a single-family, year-round dwelling, the construction of which was begun before January 1, 1977, which serves as the owner's permanent place of abode at the time of its acquisition by the United States, together with not more than three acres of land on which the dwelling and appurtenant buildings are located which the Secretary finds is reasonably necessary for the owner's continued use and occupancy of the dwelling.

SEC. 904. In furtherance of the purposes of this title, and after consultation with the Commission created by section 7 of this title, the Secretary is authorized to enter into cooperative agreements with the owners of properties of natural, historical, or cultural significance, including but not limited to the resources described in paragraphs (1) through (5) of the first section of this title, pursuant to which the Secretary may mark, interpret, restore and/or provide technical assistance for the preservation and interpretation of such properties, and pursuant to which the Secretary may provide assistance including management services, program implementation, and incremental financial assistance in furtherance of the standards for administration of the park pursuant to section 906 of this title. Such agreements shall contain, but need not be limited to, provisions that the Secretary, through the National Park Service, shall have the right of access at all reasonable times to all public portions of the property covered by such agreement for the purpose of conducting visitors through such properties and interpreting them to the public, and that no changes or alterations shall be made in such properties except by mutual agreement between the Secretary and the other parties to such agreements. The agreements may contain specific provisions which outline in detail the extent of the participation by the Secretary in the restoration, preservation, interpretation, and maintenance of such properties.

SEC. 905. Within the Barataria Marsh Unit, the Secretary shall permit hunting, fishing (including commercial fishing), and trapping in accordance with applicable Federal and State laws, except that within the core area and on those lands acquired by the Secretary pursuant to section 902(c) of this title, he may designate zones

where and establish periods when no hunting, fishing, or trapping shall be permitted for reasons of public safety. Except in emergencies, any regulations of the Secretary promulgated under this section shall be put into effect only after consultation with the appropriate fish and game agency of Louisiana.

SEC. 906. The Secretary shall establish the park by publication of a notice to that effect in the Federal Register at such time as he finds that, consistent with the general management plan referred to in section 908, sufficient lands and interests therein (i) have been acquired for interpretive and administrative facilities, (ii) are being protected in the core area, and (iii) have been made the subject of cooperative agreements pursuant to section 904. Pending such establishment and thereafter the Secretary shall administer the park in accordance with the provisions of this title, the Act of August 25, 1916 (39 Stat. 535), the Act of August 21, 1935 (49 Stat. 666), and any other statutory authorities available to him for the conservation and management of natural, historical, and cultural resources.

(7) one member appointed by the Chairman of the National Endowment for the Arts.

(b) Members of the Commission shall serve without compensation as such. The Secretary is authorized to pay the expenses reasonably incurred by the non-Federal members of the Commission in carrying out their duties.

(c) The function of the Commission shall be to advise the Secretary in the selection of sites for inclusion in the park, in the development and implementation of a general management plan, and in the development and implementation of a comprehensive interpretive program of the natural, historic, and cultural resources of the region. The Commission shall inform interested mem-

bers of the public, the State of Louisiana and its political subdivisions, and interested Federal agencies with respect to existing and proposed actions and programs having a material effect on the perpetuation of a high-quality natural and cultural environment in the delta region.

(d) The Commission shall act and advise by affirmative vote of a majority of its members: *Provided,* That any recommendation of the Commission that affects the use or development, or lack thereof, of property located solely within a single parish or municipality shall have the concurrence of a majority of the members appointed from recommendations submitted by such parish or municipality.

(e) The Directors of the Heritage Conservation and Recreation Service and the National Park Service shall serve as ex officio members of the Commission and provide such staff support and technical services as may be necessary to carry out the functions of the Commission.

SEC. 908. (a) There is authorized to be appropriated, to carry out the provisions of this title, not to exceed $50,000,000 from the Land and Water Conservation Fund for acquisition of lands, waters, and interests therein and such sums as necessary for the development of essential facilities.

(b) Within three years from the date of enactment of this title, the Secretary, after consultation with the Commission, shall submit to the Committee on Interior and Insular Affairs of the House of Representatives, and the Committee on Energy and Natural Resources of the Senate a general management plan for the park indicating—

(1) transportation alternatives for public access to the park;

(2) the number of visitors and types of public use within the park which can be accommodated in accordance with the protection of its resources;

(3) the location and estimated cost of facilities deemed necessary to accommodate such visitors and uses; and

(4) a statement setting forth the actions which have been and should be taken to assure appropriate protection, interpretation, and management of the areas known as Big Oak Island and Couba Island.

SEC. 909. The area described in the Act of October 9, 1962 (76 Stat. 755), as the "Chalmette National Historical Park" is hereby redesignated as the Chalmette Unit of the Jean Lafitte National Historical Park. Any references to the Chalmette National Historical Park shall be deemed to be references to said Chalmette Unit.

SEC. 910. By no later than the end of the first full fiscal year following the date of enactment of this section, the Secretary shall submit to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate, a comprehensive report with recommendations as

to sites within the Mississippi River Delta Region which constitute nationally significant examples of natural resources within that region.

TITLE X—URBAN PARK AND RECREATION RECOVERY PROGRAM

SHORT TITLE

SEC. 1001. This title may be cited as the "Urban Park and Recreation Recovery Act of 1978".

FINDINGS

SEC. 1002. The Congress finds that—

(a) the quality of life in urban areas is closely related to the availability of fully functional park and recreation systems including land, facilities, and service programs;

(b) residents of cities need close-to-home recreational opportunities that are adequate to specialized urban demands, with parks and facilities properly located, developed, and well maintained;

(c) the greatest recreational deficiencies with respect to land, facilities, and programs are found in many large cities, especially at the neighborhood level;

(d) inadequate financing of urban recreation programs due to fiscal difficulties in many large cities has led to the deterioration of facilities, nonavailability of recreation services, and an inability to adapt recreational programs to changing circumstances; and

(e) there is no existing Federal assistance program which fully addresses the needs for physical rehabilitation and revitalization of these park and recreation systems.

SEC. 1003. The purpose of this title is to authorize the Secretary to establish an urban park and recreation recovery program which would provide Federal grants to economically hard-pressed communities specifically for the rehabilitation of critically needed recreation areas, facilities, and development of improved recreation programs for a period of five years. This short-term program is intended to complement existing Federal programs such as the Land and Water Conservation Fund and Community Development Grant Programs by encouraging and stimulating local governments to revitalize their park and recreation systems and to make long-term commitments to continuing maintenance of these systems. Such assistance shall be subject to such terms and conditions as the Secretary considers appropriate and in the public interest to carry out the purposes of this title.

DEFINITIONS

SEC. 1004. When used in this title the term—

(a) "recreational areas and facilities" means indoor or outdoor parks, buildings, sites, or other facilities which are dedicated to recreation purposes and administered by public or private nonprofit agencies to serve the recreation needs of community residents. Emphasis shall be on public facilities readily accessible to residential neighborhoods, including multiple-use community centers which have recreation as one of their primary purposes, but excluding major sports arenas, exhibition areas, and conference halls used primarily for commercial sports, spectator, or display activities;

(b) "rehabilitation grants" means matching capital grants to local governments for the purpose of rebuilding, remodeling, expanding, or developing existing outdoor or indoor recreation areas and facilities, including improvements in park landscapes, buildings, and support facilities, but excluding routine maintenance and upkeep activities;

(c) "innovation grants" means matching grants to local governments to cover costs of personnel, facilities, equipment, supplies, or services designed to demonstrate innovative and cost-effective ways to augment park and recreation opportunities at the neighborhood level and to address common problems related to facility operations and improved delivery of recreation service, and which shall exclude routine operation and maintenance activities;

(d) "recovery action program grants" means matching grants to local governments for development of local park and recreation recovery action programs to meet the requirements of this title. Such grants will be for resource and needs assessment, coordination, citizen involvement and planning, and program development activities to encourage public definition of goals, and develop priorities and strategies for overall recreation system recovery;

(e) "maintenance" means all commonly accepted practices necessary to keep recreation areas and facilities operating in a state of good repair and to protect them from deterioration resulting from normal wear and tear;

(f) "general purpose local government" means any city, county, town, township, parish, village, or other general purpose political subdivision of a State, including the District of Columbia, and insular areas;

(g) "special purpose local government" means any local or regional special district, public-purpose corporation or other limited political subdivision of a State, including but not limited to park authorities;

park, conservation, water or sanitary districts; and school districts;

(h) "private, nonprofit agency" means a community-based, non-profit organization, corporation, or association organized for purposes of providing recreational, conservation, and educational services directly to urban residents on either a neighborhood or communitywide basis through voluntary donations, voluntary labor, or public or private grants;

(i) "State" means any State of the United States or any instrumentality of a State approved by the Governor; the Commonwealth of Puerto Rico, and insular areas; and

(j) "insular areas" means Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands.

SEC. 1005. (a) Eligibility of general purpose local governments for assistance under this title shall be based upon need as determined by the Secretary. Within one hundred and twenty days after the effective date of this title, the Secretary shall publish in the Federal Register, a list of the local governments eligible to participate in this program, to be accompanied by a discussion of criteria used in determining eligibility. "Such criteria shall be based upon factors which the Secretary determines are related to deteriorated recreational facilities or systems, and physical and economic distress."

(b) Notwithstanding the list of eligible local governments established in accordance with subsection (a), the Secretary is also authorized to establish eligibility, at his discretion and in accord with the findings and purpose of this title, to other general purpose local governments in standard metropolitan statistical areas as defined by the census: *Provided,* That grants to these discretionary applicants do not exceed in the aggregate 15 per centum of funds appropriated under this title for rehabilitation, innovation, and recovery action program grants.

(c) The Secretary shall also establish priority criteria for project selection and approval which consider such factors as—

(1) population;

(2) condition of existing recreation areas and facilities;

(3) demonstrated deficiencies in access to neighborhood recreation opportunities, particularly for minority, and low- and moderate-income residents;

(4) public participation in determining rehabilitation or development needs;

(5) the extent to which a project supports or complements target activities undertaken as part of a local government's overall community development and urban revitalization program;

(6) the extent to which a proposed project would provide employment opportunities for minorities,

youth, and low- and moderate-income residents in the project neighborhood and/or would provide for participation of neighborhood, nonprofit or tenant organizations in the proposed rehabilitation activity or in subsequent maintenance, staffing, or supervision of recreation areas and facilities; and

(7) the amount of State and private support for a project as evidenced by commitments of non-Federal resources to project construction or operation.

GRANTS TO IMPLEMENT PROGRAM

SEC. 1006. (a) The Secretary is authorized to provide 70 per centum matching rehabilitation and innovative grants directly to eligible general purpose local governments upon his approval of applications therefor by the chief executives of such governments.

(1) At the discretion of such applicants, and if consistent with an approved application, rehabilitation and innovation grants may be transferred in whole or in part to independent special purpose local governments, private nonprofit agencies or county or regional park authorities: *Provided,* That assisted recreation areas and facilities owned or managed by them offer recreation opportunities to the general population within the jurisdictional boundaries of an eligible applicant.

(2) Payments may be made only for those rehabilitation or innovative projects which have been approved by the Secretary. Such payments may be made from time to time in keeping with the rate of progress toward the satisfactory completion of a project, except that the Secretary may, when appropriate, make advance payments on approved rehabilitation and innovative projects in an amount not to exceed 20 per centum of the total project cost.

(3) The Secretary may authorize modification of an approved project only when a grantee has adequately demonstrated that such modification is necessary because of circumstances not foreseeable at the time a project was proposed.

(b) Innovation grants should be closely tied to goals, priorities, and implementation strategies expressed in local park and recreation recovery action programs, with particular regard to the special considerations listed in section 1007(b) (2).

LOCAL COMMITMENTS TO SYSTEM RECOVERY AND MAINTENANCE

SEC. 1007. (a) As a requirement for project approval, local governments applying for assistance under this title shall submit to the Secretary evidence of their commitments to ongoing planning, rehabilitation, service, operation, and maintenance programs for their park and recreation systems. These commitments will be expressed in local park and recreation recovery action pro-

grams which maximize coordination of all community resources, including other federally supported urban development and recreation programs. During an initial interim period to be established by regulations under this title, this requirement may be satisfied by local government submissions of preliminary action programs which briefly define objectives, priorities, and implementation strategies for overall system recovery and maintenance and commit the applicant to a scheduled program development process. Following this interim period, all local applicants shall submit to the Secretary, as a condition of eligibility, a five-year action program for park and recreation recovery that satisfactorily demonstrate:

(1) systematic identification of recovery objectives, priorities, and implementation strategies;

(2) adequate planning for rehabilitation of specific recreation areas and facilities, including projections of the cost of proposed projects;

(3) capacity and commitment to assure that facilities provided or improved under this title shall thereafter continue to be adequately maintained, protected, staffed, and supervised;

(4) intention to maintain total local public outlays for park and recreation purposes at levels at least equal to those in the year preceding that in which grant assistance is sought beginning in fiscal year 1980 except in any case where a reduction in park and recreation outlays is proportionate to a reduction in overall spending by the applicant; and

(5) the relationship of the park and recreation recovery program to overall community development and urban revitalization efforts.

Where appropriate, the Secretary may encourage local governments to meet action program requirements through a continuing planning process which includes periodic improvements and updates in action program submissions to eliminate identified gaps in program information and policy development.

(b) Action programs shall address, but are not limited to the following considerations:

(1) Rehabilitation of existing recreational sites and facilities, including general systemwide renovation; special rehabilitation requirements for recreational sites and facilities in areas of high population concentration and economic distress; and restoration of outstanding or unique structures, landscaping, or similar features in parks of historical or architectural significance.

(2) Local commitments to innovative and cost-effective programs and projects at the neighborhood level to augment recovery of park and recreation systems, including but not limited to recycling of abandoned schools and other public buildings for

recreational purposes; multiple use of operating educational and other public buildings; purchase of recreation services on a contractual basis; use of mobile facilities and recreational, cultural, and educational programs or other innovative approaches to improving access for neighborhood residents; integration of recovery program with federally assisted projects to maximize recreational opportunities through conversion of abandoned railroad and highway rights-of-way, waterfront, and other redevelopment efforts and such other federally assisted projects as may be appropriate; conversion of recreation use of street space, derelict land, and other public lands not now designated for neighborhood recreational use; and use of various forms of compensated and uncompensated land regulation, tax inducements, or other means to encourage the private sector to provide neighborhood park and recreation facilities and programs.

The Secretary shall establish and publish in the Federal Register requirements for preparation, submission, and updating of local park and recreation recovery action programs.

(c) RECOVERY ACTION PROGRAM GRANTS.—The Secretary is authorized to provide up to 50 per centum matching grants to eligible local applicants for program development and planning specifically to meet the objectives of this title.

STATE ACTION INCENTIVE

SEC. 1008. The Secretary is authorized to increase Federal implementation grants authorized in section 1006 by providing an additional match equal to the total match provided by a State of up to 15 per centum of total project costs. In no event may the Federal matching amount exceed 85 per centum of total project cost. The Secretary shall further encourage the States to assist him in assuring that local recovery plans and programs are adequately implemented by cooperating with the Department of the Interior in monitoring local park and recreation recovery plans and programs and in assuring consistency of such plans and programs, where appropriate, with State recreation policies as set forth in statewide comprehensive outdoor recreation plans.

MATCHING REQUIREMENTS

SEC. 1009. The non-Federal share of project costs assisted under this Title may be derived from general or special purpose State or local revenues. State categorical grants, special appropriations by State legislatures, donations of land, buildings, or building materials and/or in-kind construction, technical, and planning services. No moneys from the Land and Water Conservation Fund

(77 Stat. 49), as amended, or from any other Federal grant program other than general revenue sharing and the community development block grant programs shall be used to match Federal grants under this program. Reasonable local costs of action program development to meet the requirements of section 1007(a) of this title may be used as part of the local match only when local applicants have not received program development grants under the authority of section 1007(c) of this title. The Secretary shall encourage States and private interests to contribute, to the maximum extent possible, to the non-Federal share of project costs.

CONVERSION OF RECREATION PROPERTY

SEC. 1010. No property improved or developed with assistance under this title shall, without the approval of the Secretary, be converted other than public recreation uses. The Secretary shall approve such conversion only if he finds it to be in accord with the current local park and recreation recovery action program and only upon such conditions as he deems necessary to assure the provision of adequate recreation properties and opportunities of reasonably equivalent location and usefulness.

COORDINATION OF PROGRAM

SEC. 1011. The Secretary shall (a) coordinate the urban park and recreation recovery program with the total urban recovery effort and cooperate to the fullest extent possible with other Federal departments and agencies and with State agencies which administer programs and policies affecting urban areas, including but not limited to, programs in housing, urban development, natural resources management, employment, transportation, community services, and voluntary action; (b) encourage maximum coordination of the program between appropriate State agencies and local applicants; and (c) require that local applicants include provisions for participation of community and neighborhood residents and for public-private coordination in recovery planning and project selection.

AUDIT REQUIREMENTS

SEC. 1012. Each recipient of assistance under this title shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition of project undertakings in connection with which assistance under this title is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

The Secretary, and the Comptroller General of the United States, or their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this title.

AUTHORIZATION OF APPROPRIATIONS

SEC. 1013. There are hereby authorized to be appropriated for the purposes of this title, not to exceed $150,000,000 for each of the fiscal years 1979 through 1982, and $125,000,000 in fiscal year 1983, such sums to remain available until expended. Not more than 3 per centum of the funds authorized in any fiscal year may be used for grants for the development of local park and recreation recovery action programs pursuant to sections 1007(a) and 1007(c), and not more than 10 per centum may be used for innovation grants pursuant to section 6 of this title. Grants made under this title for projects in any one State shall not exceed in the aggregate 15 per centum of the aggregate amount of funds authorized to be appropriated in any fiscal year. For the authorizations made in this subsection, any amounts authorized but not appropriated in any fiscal year shall remain available for appropriation in succeeding fiscal years.

Notwithstanding any other provision of this Act, or any other law, or regulation, there is further authorized to be appropriated $250,000 for each of the fiscal years 1979 through 1983, such sums to remain available until expended, to each of the insular areas. Such sums will not be subject to the matching provisions of this section, and may only be subject to such conditions, reports, plans, and agreements, if any, as determined by the Secretary.

LIMITATION OF USE OF FUNDS

SEC. 1014. No funds available under this title shall be used for the acquisition of land or interests in land.

SUNSET AND REPORTING PROVISIONS

SEC. 1015. (a) Within ninety days of the expiration of this authority, the Secretary shall report to the Congress on the overall impact of the urban park and recreation recovery program.

(b) On December 31, 1979, and on the same date in each year that the recovery program is funded, the Secretary shall report to the Congress on the annual achievements of the innovation grant program, with emphasis on the nationwide implications of successful innovation projects.

TITLE XI—NEW RIVER GORGE NATIONAL RIVER

SEC. 1101. For the purpose of conserving and interpreting outstanding natural, scenic, and historic values and objects in and around the New River Gorge and preserving as a free-flowing stream an important segment of the New River in West Virginia for the benefit and enjoyment of present and future generations, the Secretary of the Interior (hereinafter referred to as the "Secretary") shall establish and administer the New River Gorge National River. The Secretary shall administer, protect, and develop the national river in accordance with the provisions of the Act of August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.), as amended and supplemented; except that any other statutory authority available to the Secretary for the preservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this title. The boundaries of the national river shall be as generally depicted on the drawing entitled "Proposed New River Gorge National River" numbered NERI–20,002, dated July 1978, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior.

SEC. 1102. (a) Within the boundaries of the New River Gorge National River, the Secretary may acquire lands and waters or interests therein by donation, purchase with donated or appropriated funds, transfer, or exchange. Lands owned by the State of West Virginia or a political subdivision thereof may be acquired by donation only. The authority of the Secretary to condemn in fee, improved properties as defined in subsection (c) of this section shall not be invoked as long as the owner of such improved property holds and uses it in a manner compatible with the purposes of this title. The Secretary may acquire any such improved property without the consent of the owner whenever he finds that such property has undergone, since January 1, 1978, or is imminently about to undergo, changes in land use which are incompatible with the purposes of the national river. The Secretary may acquire less than fee interest in any improved or unimproved property within the boundaries of the national river.

(b) On non-federally owned lands within the national river boundaries, the Secretary is authorized to enter into cooperative agreements with organizations or individuals to mark or interpret properties of significance to the history of the Gorge area.

(c) For the purposes of this Act, the term "improved property" means (i) a detached single family dwelling, the construction of which was begun before January 1, 1977 (hereafter referred to as "dwelling"), together with so much of the land on which the dwelling is situated,

the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or (ii) property developed for agricultural uses, together with any structures accessory thereto which were so used on or before January 1, 1977, or (iii) commercial and small business properties which were so used on or before January 1, 1977, the purpose of which is determined by the Secretary to contribute to visitor use and enjoyment of the national river. In determining when and to what extent a property is to be considered an "improved property", the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1977, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed prior to such date.

(d) The owner of an improved property, as defined in this title, on the date of its acquisition, as a condition of such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential, or agricultural purposes, or the continuation of existing commercial operations, as the case may be, for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the property on the date of its acquisition, less the fair market value of the property on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purposes of this title, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

SEC. 1103. (a) Within two years from the date of enactment of this title, the Secretary shall submit, in writing, to the House Committee on Interior and Insular Affairs, the Senate Committee on Energy and Natural Resources and the Committees on Appropriations of the United States Congress, a detailed plan which shall indicate—

(i) the lands and areas which he deems essential to the protection and public enjoyment of the natural, scenic, and historic values and objects of this national river;

(ii) the lands which he has previously acquired by purchase, donation, exchange, or transfer for the purpose of this national river;

(iii) the annual acquisition program (including the level of funding) which he recommends for the ensuing four fiscal years; and

(iv) the feasibility and suitability of including within the boundaries of the national river, the section of the New River from Fayetteville to Gauley Bridge, and reasons therefor.

SEC. 1104. The Secretary shall on his own initiative, or at the request of any local government having jurisdiction over land located in or adjacent to the Gorge area, assist and consult with the appropriate officials and employees of such local government in establishing zoning laws or ordinances which will assist in achieving the purposes of this title. In providing assistance pursuant to this section, the Secretary shall endeavor to obtain provisions in such zoning laws or ordinances which—

(1) have the effect of restricting incompatible commercial and industrial use of all real property in or adjacent to the Gorge area;

(2) aid in preserving the character of the Gorge area by appropriate restrictions on the use of real property in the vicinity, including, but not limited to, restrictions upon building and construction of all types; signs and billboards; the burning of cover; cutting of timber; removal of topsoil, sand, or gravel; dumping, storage, or piling of refuse; or any other use which would detract from the esthetic character of the Gorge area; and

(3) have the effect of providing that the Secretary shall receive advance notice of any hearing for the purpose of granting a variance and any variance granted under, and of any exception made to, the application of such law or ordinance.

SEC. 1105. (a) Notwithstanding any other provision of law, no surface mining of any kind shall be permitted on federally owned lands within the boundary of the national river where the subsurface estate is not federally owned. Underground mining on such lands may be permitted by the Secretary only if—

(1) the mining operation will have no significant adverse impact on the public use and enjoyment of the national river;

(2) the mining operation will disturb the minimum amount of surface necessary to extract the mineral; and

(3) the surface is not significantly disturbed, unless there is no technologically feasible alternative.

(b) The harvesting of timber on federally owned lands within the national river boundary is prohibited, except insofar as it is necessary for the Secretary to remove

trees for river access, historic sites, primitive campgrounds, scenic vistas, or as may be necessary from time to time for reasons of public health and safety.

(c) The owner of a mineral estate subject to this section who believes he has suffered a loss by operation of this section, may bring an action only in a United States district court to recover just compensation, which shall be awarded if the court finds that such loss constitutes a taking of property compensable under the Constitution.

SEC. 1106. The Secretary may permit hunting and fishing on lands and waters under his jurisdiction within the boundaries of the New River Gorge National River in accordance with applicable Federal and State laws, and he may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, fish or wildlife management, or public use and enjoyment. Except in emergencies, any rules and regulations of the Secretary pursuant to this section shall be put into effect only after consultation with the appropriate State agency responsible for hunting and fishing activities.

SEC. 1107. The Federal Energy Regulatory Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063) as amended (16 U.S.C. 791a et seq.), on or directly affecting the New River Gorge National River, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above the New River Gorge National River or on any stream tributary thereto which will not invade the area or diminish the scenic, recreation, and fish and wildlife values present in the area on the date of this section. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary, or request appropriations to begin construction on any such project whether heretofore or hereafter authorized, without advising the Secretary in writing of its intention to do so at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this section and would effect the national river and the values to be protected by it under this section.

SEC. 1108. Section 5(a) of the Act of October 2, 1968 (82 Stat. 910) is hereby amended to provide for study of

three principal tributaries of the New River in West Virginia, by adding the following new paragraphs:

"(73) BLUESTONE, WEST VIRGINIA.—From its headwaters to its confluence with the New.

"(74) GAULEY, WEST VIRGINIA.—Including the tributaries of the Meadow and the Cranberry, from the headwaters to its confluence with the New.

"(75) GREENBRIER, WEST VIRGINIA.—From its headwaters to its confluence with the New."

SEC. 1109. Within three years from the date of enactment of this title, the Secretary shall develop and transmit to the Senate Committee on Energy and Natural Resources and the House Committee on Interior and Insular Affairs, a general management plan for the protection and development of the national river consistent with the purposes of this title, indicating—

(1) measures for the preservation of the area's resources;

(2) indications of types and general intensities of development (including visitor circulation and transportation patterns, systems and modes) associated with public enjoyment and use of the area, including general locations, timing of implementation, and anticipated costs;

(3) identification of and implementation commitments for visitor carrying capacities for all areas of the unit; and

(4) indications of potential modifications to the external boundaries of the unit, and the reasons therefor.

SEC. 1110. The Secretary of the Army shall cooperate with the Secretary of the Interior concerning the water requirements of the national river. The Secretary of the Army shall provide for release of water from the Bluestone Lake project consistent with that project's purposes and activities in sufficient quantity and in such manner to facilitate protection of biological resources and recreational use of the national river.

SEC. 1111. For the purposes of part C of the Clean Air Act, the State may redesignate the national river only as class I or class II.

SEC. 1112. There are hereby authorized to be appropriated such sums as may be necessary for the purposes of this title, but not to exceed $20,000,000 for the acquisition of lands and interests in lands, and not to exceed $500,000 for development.

TITLE XII—FORT SCOTT NATIONAL HISTORIC SITE

SEC. 1201. In order to commemorate the significant role played by Fort Scott in the opening of the West, as well as the Civil War and the strife in the State of Kansas that preceded it, the Secretary of the Interior may ac-

quire by donation the land and interests in land, together with buildings and improvements thereon, known as Fort Scott, located in the city of Fort Scott, Bourbon County, Kansas: *Provided,* That the buildings so acquired shall not include the structure known as "Lunette Blair".

SEC. 1202. When the site of Fort Scott has been acquired by the United States as provided in section 1 of this Act, the Secretary of the Interior shall establish such area as the Fort Scott National Historic Site, by publication of notice and boundary map thereof in the Federal Register.

SEC. 1203. The Secretary of the Interior shall administer, protect, develop, and maintain the Fort Scott National Historic Site subject to the provisions of the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535), as amended and supplemented, and the provisions of the Act entitled "An Act to provide for the preservation of historic America sites, buildings, objects, and antiquities of national significance, and for other purposes", approved August 21, 1935 (49 Stat. 666).

SEC. 1204. Sections 3 and 4 of the Act entitled "An Act to provide for the commemoration of certain historical events in the State of Kansas, and for other purposes", approved August 31, 1965 (79 Stat. 588), as amended, are hereby repealed: *Provided,* That all obligations pursuant to contracts for the development and construction of Fort Scott heretofore entered into by the city of Fort Scott to be paid with funds under the authority of section 3 of the aforesaid Act, shall be assumed by the Secretary: *Provided further,* That any remaining balance of funds appropriated pursuant to section 4 of the Act of August 31, 1965, as amended, shall be available for the purposes of carrying out this Act.

SEC. 1205. In addition to such sums as might be made available to the historic site by the preceding section, effective October 1, 1979, there are hereby authorized to be appropriated such sums as may be necessary for the development of the Fort Scott National Historic Site, as provided in this Act.

TITLE XIII—REPORT AND BOUNDARY REVISION

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Wild and Scenic Rivers Act (82 Stat. 906; 16 U.S.C. 1274 et seq.), as amended, is further amended as follows:

Each such report shall be printed as a Senate or House document."

(b) (1) Notwithstanding any requirement to the contrary contained in section 6(c) of the Wild and Scenic Rivers Act, within one hundred and eighty days after the date of enactment of this Act, the Secretary shall publish in the Federal Register general guidelines for land and water use control measures to be developed and implemented by the appropriate officials of the States of New York and Pennsylvania (hereinafter referred to as the "directly affected States"), by the local political subdivisions, and by the Delaware River Basin Commission (hereinafter referred to as the "Commission"). The Secretary shall provide for participation in the development of the said general guidelines by all levels of State, county, and local government, and concerned private individuals and organizations, and also shall seek the advice of the Upper Delaware Citizens Advisory Council established in subsection (f) (hereinafter referred to as the "Advisory Council"). In each of the directly affected States, prior to publication of such general guidelines, public hearings shall be conducted by the Secretary or his designee, in the region of the Upper Delaware River designated by subsection (a) (hereinafter in this section referred to as the "Upper Delaware River").

(2) The Secretary may from time to time adopt amended or revised guidelines and shall do so in accordance with the provisions of paragraph (1) hereof.

(c) (1) Within three years from the date of the enactment of this Act, the Secretary, in cooperation with the Commission, the Advisory Council, the directly affected States and their concerned political subdivisions and other concerned Federal agencies, shall develop, approve, and submit to the Governors of the directly affected States a management plan (hereinafter in this section referred to as the "management plan" or "the plan") for the Upper Delaware River which shall provide for as broad a range of land and water uses and scenic and recreational activities as shall be compatible with the provisions of this section, the Wild and Scenic Rivers Act, and the general guidelines for land and water use controls promulgated by the Secretary under the provisions of subsection (b).

(2) The plan shall apply to the Upper Delaware River and shall set forth—

(A) a map showing detailed final landward boundaries, and upper and lower termini of the area and the specific segments of the river classified as scenic and recreational, to be administered in accordance with such classifications;

(B) a program for management of existing and

future land and water use, including the application of available management techniques;

(C) an analysis of the economic and environmental costs and benefits of implementing the management plan including any impact of the plan upon revenues and costs of local government;

(D) a program providing for coordinated implementation and administration of the plan with proposed assignment of responsibilities to the appropriate governmental unit at the Federal, regional, State, and local levels; and

(E) such other recommendations or provisions as shall be deemed appropriate to carry out the purposes of this section.

(3) Immediately following enactment of this Act, the Secretary, through the National Park Service or such other designee, shall develop and implement such interim programs as he shall deem necessary and appropriate to protect the Upper Delaware River and its environs and to protect the public health and safety. Such interim programs shall include provisions for information to river users, education and interpretation activities, and regulation of recreational use of the river.

(4) To enable the directly affected States and their political subdivisions to develop and implement programs compatible with the management plan, the Secretary shall provide such technical assistance to the said States and their political subdivisions as he deems appropriate.

(5) The Secretary shall promote public awareness of and participation in the development of the management plan, and shall develop and conduct a concerted program to this end. Prior to final approval of the management plan, the Secretary shall hold two or more public hearings in the Upper Delaware River region of each directly affected State.

(6) Upon approval of the management plan by the Secretary, it shall be published in the Federal Register and shall not become effective until ninety days after it shall have been forwarded to the Committee on Interior and Insular Affairs of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. The plan shall be administered by the Secretary in accordance with the provisions of this section and the Wild and Scenic Rivers Act. The Secretary is hereby granted such authority as may be required to implement and administer said plan.

(d) Notwithstanding any provision of the Wild and Scenic Rivers Act, the Secretary may not acquire more than a total of four hundred and fifty acres of land and interests in land for access, development sites, the preservation of scenic qualities, or for any other purposes: *Provided,* That the Secretary may acquire additional

land and interests in land for such purposes not in excess of one thousand acres if such additional acquisition is recommended and provided for in the management plan as finally approved by the Secretary. The limitations contained in this section shall not apply under the circumstances set forth in subsection (e) (4) of this section. Prior to acquisition of any land or interests in land which has been used for business purposes during the annual period immediately preceding the date of the enactment of this Act, the Secretary shall first make such efforts as he deems reasonable to acquire easements or restrictive covenants, or to enter into any other appropriate agreements or arrangements with the owners of said land, consistent with the purposes of this section.

(e) (1) For the purpose of protecting the integrity of the Upper Delaware River, the Secretary shall review all relevant local plans, laws, and ordinances to determine whether they substantially conform to the approved management plan provided for in subsection (c) and to the general guidelines promulgated by the Secretary pursuant to subsection (b). Additionally, the Secretary shall determine the adequacy of enforcement of such plans, laws, and ordinances, including but not limited to review of building permits and zoning variances granted by local governments, and amendments to local laws and ordinances.

(2) The purpose of such reviews shall be to determine the degree to which actions by local governments are compatible with the purposes of this section. Following the approval of the management plan and after a reasonable period of time has elapsed, but not less than two years, upon a finding by the Secretary that such plans, laws, and ordinances are nonexistent, are otherwise not in conformance with the management plan or guidelines, or are not being enforced in such manner as will carry out the purposes of this section (as determined by the Secretary), the Secretary may exercise the authority available to him under the provisions of paragraph (4) hereof.

(3) To facilitate administration of this section, the Secretary may contract with the directly affected States or their political subdivisions to provide, on behalf of the Secretary, professional services necessary for the review of relevant local plans, laws, and ordinances, and of amendments thereto and variances therefrom, and for the monitoring of the enforcement thereof by local governments having jurisdiction over any area in the region to which the management plan applies. The Secretary shall notify the appropriate State or local officials as to the results of his review under this section within forty-five days from the date he receives notice of the local government action.

(4) In those sections of the Upper Delaware River where such local plans, laws, and ordinances, or amend-

ments thereto or variances therefrom, are found by the Secretary not to be in conformance with the guidelines or the management plan promulgated pursuant to subsections (b) and (c) of this section, respectively, or are not being enforced in such manner as will carry out the purposes of this section (as determined by the Secretary), the Secretary is hereby authorized to acquire land or interests in land in excess of the acreage provided for in subsection (d) of this section. Land and interests in land acquired pursuant to this subsection shall be restricted to the geographical area of the local governmental unit failing to conform with the said guidelines or management plan, and shall be limited to those lands clearly and directly required, in the judgment of the Secretary, for protection of the objectives of this Act. The total acreage of land and interests in land acquired pursuant to this subsection shall not in any event exceed the limitations contained in section 6(a) of the Wild and Scenic Rivers Act. This subsection shall apply notwithstanding the first sentence of section 6(c) of the Wild and Scenic Rivers Act. Notwithstanding any limitation on amounts authorized to be appropriated for acquisition of land and interests in land which is contained in section 3(a) (21) of the Wild and Scenic Rivers Act or in any other provision of law, there are authorized to be appropriated such sums as may be necessary to carry out this subsection.

(f) (1) At the earliest practicable date following enactment of this Act, but no later than one hundred and twenty days thereafter, there shall be established an Upper Delaware Citizens Advisory Council. The Advisory Council shall encourage maximum public involvement in the development and implementation of the plans and programs authorized by this section. It shall report to the Commission and the Secretary from time to time during preparation of the management plan. Following completion of the management plan, it shall report to the Secretary and the Governors of the directly affected States no less frequently than once each year its recommendations, if any, for improvement in the programs authorized by this Act, or in the programs of other agencies which may relate to land or water use in the Upper Delaware River region.

(2) Membership on the Advisory Council shall consist of seventeen members appointed as follows: there shall be—

(A) six members from each of the directly affected States appointed by the Secretary from nominations submitted by the legislatures of the respective counties and appointed such that two members shall be from each of Orange, Delaware, and Sullivan Counties, New York, and three members shall be from each of Wayne and Pike Counties, Pennsylvania (at lease one appointee from each county shall be a per-

manent resident of a municipality abutting the Upper Delaware River);

(B) two members appointed at large by each Governor of a directly affected State; and

(C) one member appointed by the Secretary.

The Secretary shall designate one of the aforesaid members to serve as Chairperson of the Advisory Council who shall be a permanent resident of one of the aforementioned counties. Vacancies on the Advisory Council shall be filled in the same manner in which the original appointment was made. Members of the Advisory Council shall serve without compensation as such, but the Secretary is authorized to pay expenses reasonably incurred by the Advisory Council in carrying out its responsibilities under this Act on vouchers signed by the Chairman.

(g) With respect to the land and water in areas which are not owned by the United States but which are within the boundaries of the segment of the Delaware River designated as a wild and scenic river under subsection (a), the Secretary is authorized to enter into contracts with the appropriate State or political subdivisions thereof pursuant to which the Secretary may provide financial assistance to such State or political subdivision for purposes of—

(1) enforcing State and local laws in such areas, and

(2) removing solid waste from such areas and disposing of such waste.

(h) Nothing in this section shall be construed as limiting the right to fish and hunt on any of the lands or waters within the boundaries of the Upper Delaware River in the manner provided in section 13 of the Wild and Scenic Rivers Act.

(i) There are hereby authorized to be appropriated to carry out the purposes of this section such sums as may be necessary.

(j) Where any provision of the Wild and Scenic Rivers Act is inconsistent with any provisions of this section, the provision of this section shall govern. In applying the provisions of section 6(g) (3) of the Wild and Scenic Rivers Act, with regard to "improved property", the date specified therein, shall, for purposes of the river designated in the Act, be the date of enactment of this Act (rather than January 1, 1967).

Dredge or placer mining shall be prohibited within the banks or beds of the main stem of the Saint Joe and its tributary streams in their entirety above the confluence of the main stem with the North Fork of the river. 1. PURPOSE AND BACKGROUND

The purpose of this Director's Order is to:

- Provide direction to National Park Service (NPS) personnel who interact with Members of Congress and congressional staff;
- Provide direction and guidance to NPS personnel involved in the development and implementation of legislation; and
- Ensure that NPS personnel fully understand and comply with laws and regulations governing permissible and impermissible public advocacy.

2. AUTHORITIES

The authority to issue this Director's Order is found in 16 USC 1 through 4 (the NPS Organic Act), and the delegations of authority contained in Part 245 of the Department of the Interior (DOI) Manual.

Part 461, "Legislative Coordination," of the DOI Manual (461 DM), in particular section 1.7, deals with the role of bureaus in assisting DOI's Office of Congressional and Legislative Affairs.

This Order is intended only to improve the internal management of the NPS and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its departments, agencies, instrumentalities or entities, its officers or employees, or any other person.

3. LEGISLATIVE AND CONGRESSIONAL AFFAIRS PROGRAM OBJECTIVES

The objectives of the NPS Legislative and Congressional Affairs Program are to:

- Engage Members of Congress and staff in the understanding of DOI/NPS policies and positions on legislation and other congressional matters;
- Develop and maintain cordial and effective working relations between NPS personnel, congressional leadership, other Members, and congressional staff;
- Provide effective coordination of the NPS legislative and congressional affairs program with DOI and the Office of Management and Budget (OMB), to ensure it reflects the priorities and goals of the Administration;
- Ensure accurate and timely responses to inquiries by Members of Congress;
- Provide accurate, competent testimony before Congress on issues of relevance to the NPS;
- Develop clear, legally sufficient language, in consultation with Congress, for proposed legislation that complies with DOI policy and meets the needs of the Service;
- Provide summaries of newly enacted legislation for DOI, the Directorate and the regions; and
- Assist program officials and regional and park staff in their dealings with Members of Congress and their staffs.

4. PROGRAM DESCRIPTIONS

In order to meet program objectives, the Office of Legislative and Congressional Affairs (OLCA) provides three main areas of service: (1) congressional liaison, (2) congressional correspondence and (3) legislation. In addition, OLCA assists in preparation of congressional testimony, legislative activation, and maintaining legislative history.

4.1 Congressional Liaison

It is the policy of the NPS to develop and maintain a constructive dialogue with Members of Congress and congressional staff. Superintendents and senior regional and Washington office

(WASO) employees are encouraged to meet with Members and their staffs on a recurring basis to inform them of significant projects, current issues, or other matters of concern to the Members or the Service.

OLCA will designate a staff member as the Congressional Liaison, who will assist park, regional office and WASO staff in scheduling meetings in Members' Washington offices. Meetings held in congressional district offices, parks, or other locations may be arranged by park staff. In order to maintain good working relationships with Members of Congress, the Congressional Liaison should be provided advance notification of meetings.

In those instances when the Congressional Liaison was not involved in arranging a meeting with Members of Congress or their staffs, a summary of the meeting will be sent to the Assistant Director of OLCA (Assistant Director), with a copy to the Congressional Liaison. The summary may be brief, but should provide basic information on topics discussed and any concerns of the congressional office.

In addition, the Congressional Liaison will work with regional legislative representatives to provide opportunities for informative congressional visits to park sites. The Congressional Liaison will also provide notification to Members of Congress about major grants, the appointment of commission members and new superintendents, major regulatory decisions, and other important notices about parks and programs. Regional and program offices, and parks will keep the Congressional Liaison informed about anticipated announcements in these areas.

The Congressional Liaison will work with the Assistant Director to ensure that the Directorate and appropriate officials within DOI are aware of all key liaison activities.

4.2 Congressional Correspondence

OLCA must review, prior to sending, all correspondence with Members of Congress that is to be signed by Associate Directors and Program Chiefs, the Deputy Directors, the Director, the Assistant Secretary for Fish and Wildlife and Parks (Assistant Secretary), or the Secretary of the Interior (Secretary). OLCA must also review congressional correspondence to be signed by regional directors or superintendents that involves substantive policy or controversial issues. OLCA will ensure that the Directorate, the Office of Policy, and DOI, when appropriate, are advised of congressional correspondence involving substantive policy or controversial issues.

In order to maintain good relationships with Congress, OLCA should be sent a courtesy copy of any congressional correspondence that did not require prior review.

Congressional correspondence must follow the style, formatting, and subsequent requirements identified in the WASO Correspondence Manual, Director's Order #5: Paper and Electronic Communications, and Director's Order #19: Records Management, and their accompanying materials.[1]

[1] These documents are available on the Office of Policy webpage, at http://www.nps.gov/policy/

Most correspondence from Congress is considered controlled correspondence, and is assigned a tracking number by the Washington Administrative Program Center. Response dates and criteria identified on the controlled correspondence cover sheet must be adhered to.

Facsimiles and electronic mail may be used to communicate with Congress only when requested by a Member's office, but all requirements of this section will apply.

4.3 Legislation

Developing draft legislation and working with Congress to modify proposed legislation are critical responsibilities of OLCA, coordinated by the Assistant Director and Deputy Assistant Director, OLCA, and carried out by the staff's legislative specialists. These tasks have a direct impact on the NPS's ability to accomplish its mission.

Draft Legislation. Draft legislation may be initiated in a number of ways:

- A Member of Congress may request OLCA to prepare draft legislation to accomplish specific goals. Draft legislation created in response to this type of congressional request is prepared by the legislative specialists in consultation with the regional legislative representative and the park and/or program office. The draft legislation is submitted to the requesting Member, with a letter stating that the draft legislation is being forwarded without any substantive review or recommendation from the NPS, DOI, or OMB.

- The NPS may prepare draft legislation as part of the Administration's legislative program.

- A Member of Congress may introduce legislation that affects the NPS with little or no participation from the NPS.

Every two years, in August preceding a new Congress, OLCA will initiate a request for legislative proposals in preparation of the Administration's legislative program. Each regional and program office must prioritize its proposals and forward them to OLCA by the deadline. The regional and program office proposals will be reviewed by OLCA in consultation with the submitting offices. All recommended legislative proposals will be drafted by OLCA, in consultation with the appropriate regional, park or program offices, and forwarded for approval to the Director, the Assistant Secretary, the Secretary, and OMB. Approved proposals will be transmitted to the Congress. Additional legislative proposals that are identified during the course of a Congress by a park, regional, or program office may be submitted to OLCA at any time.

Legislative Support Data Packages. Parks, via the regional office, and program offices must submit a completed Legislative Support Data Package (LSDP) to OLCA for each legislative proposal recommended as part of the Administration's legislative program, as outlined in the Legislative Support Data Package Guidance (part of RM-76).[2] Information provided should be concise and relevant, as this will be the primary data source used by OLCA when representing

[2] As stated in section 6, the Legislative Support Data Package Guidance can be found on the web at <http://www.nps.gov/policy/DOrders/LSDP.pdf>.

the position of the NPS concerning the legislation. *No legislative proposal will be forwarded for approval without an LSDP*.

Coordination. All legislation affecting the NPS, whether initiated by a Member of Congress or the NPS, will be coordinated through OLCA, with the exception of appropriations legislation. The responsibility for managing legislation concerning appropriations is delegated to the Office of the Comptroller. All regional, park and program offices affected by proposed legislation are required to fully participate in the legislative process and to provide the support and information necessary to effectively advance the position of the NPS during the legislative process. The legislative specialists will serve as the primary points of contact for the regional offices, parks, and program offices on all legislation.

Amending Legislation. Modification of legislation may occur throughout the legislative process. DOI may seek amendments to legislation to conform to Administration policy and the interests of the NPS. The legislative specialists will ensure that appropriate amendment language is prepared to further the position of DOI, and will incorporate these proposals in written testimony, letters and in discussions with congressional staff, as appropriate. These amendments are frequently completed under extreme time constraints, which may limit the degree of participation by interested NPS employees. Unless precluded by time constraints, the legislative specialists will consult with the regional legislative representatives, park and program office staff on any amendments.

4.4 Congressional Testimony

Testimony before congressional committees is typically presented during hearings on proposed legislation, or during oversight hearings concerning specific NPS program areas. Hearings are normally scheduled two to four weeks in advance. Written testimony is usually provided to the committee 48 hours in advance of the hearing. Oral testimony is normally limited in time and often constitutes a very small portion of the written testimony.

Preparation. In the case of bills affecting the NPS, the affected park or program office will draft written testimony in coordination with the regional legislative representative or program manager, respectively. After obtaining appropriate regional or program office approval, the regional legislative representative or program manager will forward the testimony to the appropriate legislative specialist in OLCA. Any amendments being proposed will be included, when appropriate, in the draft testimony.

All written testimony must be coordinated through OLCA to ensure it is consistent with the laws and policies governing the National Park Service and that it receives appropriate review and approval by the Director or Deputy Director, the Assistant Secretary, and by the Secretary. Testimony must also be approved by OMB to ensure it is consistent with Administration policy. This approval process takes a considerable amount of time and effort, requiring all participants to give an extremely high priority to testimony preparation, which often must be written in one day.

Witnesses. Witnesses for congressional hearings are selected at the discretion of the Secretary after reviewing the recommendations of the NPS. OLCA will coordinate with the NPS

Directorate and the Secretary on an appropriate hearing witness. The preferred level of representation is as follows:

- Secretary – Presidential or Secretarial initiatives;
- Assistant Secretary – Presidential or Secretarial initiatives;
- Director or Deputy Directors – Major NPS legislative initiatives having a Service-wide impact or that involve significant NPS policy or program activities;
- Associate Director – Legislation affecting a program under the associate's jurisdiction, or when a majority of the bills for a specific hearing fall under the associate's jurisdiction;
- Regional Director – All field hearings and hearings on significant park-specific issues; and
- Superintendents – All hearings, Washington or field, involving a specific park, or as a technical witness to accompany the principal policy witness.

Pending final approval of written testimony, the legislative specialists in OLCA will brief the NPS witness concerning the issues likely to be discussed at the hearing. The briefing is an important component of hearing preparation. Regional legislative representatives as well as park or program office experts will participate in these briefings as needed. The regional, park, and program offices also will offer to provide backup technical witnesses to assist at the hearings subject to the concurrence of the Department's witness and the approval of the committee holding the hearing.

Oral testimony and subsequent questions and answers will be given in a professional manner and must be factual in nature. Oral testimony will be a summary of the most salient points of the written testimony. Oral testimony will reflect the official view of the NPS and DOI. When an NPS employee providing testimony is asked by a Member of Congress to provide the official view of the NPS or DOI on an issue as to which the employee is not certain of the correct answer, the employee will defer from immediately answering the question and will instead refer it to OLCA (if it relates to a legislative matter), or to the Office of the Comptroller (if it relates to an appropriations matter). OLCA and the Office of the Comptroller are each responsible for responding to questions concerning their program areas.

Personal Views. Whenever an NPS employee is requested by a Member of Congress to state his/her personal view on a legislative matter, he/she may do so. He/she will indicate clearly, however, that the views expressed are his/her own and do not necessarily reflect the position or policy of the NPS or DOI. To avoid misinterpretation of the NPS or DOI position or policy, and to provide an opportunity for necessary clarification of any issue, the employee will prepare a summary report as required in section 4.1 of this Order.

Transcripts. It is the responsibility of OLCA to obtain copies of transcripts of NPS employee testimony, when available, from congressional committees, to ensure Members' questions are promptly and accurately answered. The legislative specialists will review hearing transcripts to ensure they are factual and accurate.

4.5 Legislative Activation

After legislation concerning the NPS has become law, the Service has a legal duty to implement it. OLCA will track all such legislation, and upon enactment will draft a memorandum for the Director's signature. The memorandum, with supporting background material, will notify the Directorate and the regional directors of their responsibilities in implementing the legislation.

Similarly, OLCA will provide the Director with copies of any Presidential proclamations affecting the Service, and will draft an activation memorandum, with appropriate background information, for the Director's signature. OLCA will also provide the Director and other appropriate park or program offices with copies of any Executive orders affecting the NPS.

4.6 Legislative History

Employees at all levels may have a need to review legislation and the legislative history of particular parks or programs. Each park, regional office, and program office is responsible for maintaining these records. OLCA can provide additional support to parks and program offices if the legislative history cannot be located, or if additional information is needed.

5. RESPONSIBILITIES AND DELEGATIONS

5.1 All Employees

5.1.1 *Communications with the Congress*. In order to represent the views of the Service, official communications with Members of Congress and congressional staff should be conducted by employees with knowledge of the facts of a given situation and the potential policy implications. These communications should be conducted under the guidelines set forth in section 4.1.

NPS employees have the right to express their personal views to Members of Congress and congressional staff. See, 5 USC 7211. Each employee who exercises that right, however, has the obligation to clearly indicate that the views are his/her own and do not necessarily reflect the position or policy of the NPS or DOI.

5.1.2 *Prohibited Lobbying Activities*. All employees are required to comply with the provisions of law relating to lobbying or influencing Members of Congress, or any state or local officials. These laws prohibit the use of any Federal appropriation (which includes employee salaries, equipment, supplies, utilities, etc.) for any type of activity intended to promote public support or opposition to any legislative proposal, law, ratification, policy, or appropriation, or to influence a Member of Congress, a jurisdiction, or an official of any government in any of these matters. See, e.g., 18 USC 1913.

Employees are permitted to reply to requests for information from the public, Members of Congress, or officials of any government or jurisdiction. Employees are also permitted to inform Members of Congress, or officials of any government or jurisdiction, about official policy positions when replying through official channels. Any responsive communications should be

conducted under the guidelines set forth in section 4.1. See, "Guidelines on Prohibited Lobbying Activities" issued by the DOI Ethics Office.

In order to gain clearer understanding of rules regarding lobbying or influencing Members of Congress, or officials of any government or jurisdiction, employees are strongly encouraged to review releases from the DOI Ethics Office (see section 6 below) and to speak with the appropriate ethics officer or OLCA.

5.2 WASO Directorate

The Director, Deputy Directors and Associate Directors have the responsibility to:

- Determine NPS legislative needs;
- Develop overall legislative priorities;
- Review and approve draft legislation and testimony; and
- Select appropriate witnesses.

5.3 Office of Legislative and Congressional Affairs

OLCA is responsible for and has been delegated the authority to:

- Inform and update the Directorate and DOI's Office of Congressional and Legislative Affairs regarding pending legislative and congressional issues;
- Finalize testimony and proposed legislation, in coordination with affected parks and program offices, with DOI and OMB approval;
- Prepare background information and brief employees who will testify before the Congress;
- Review correspondence going to the Washington offices of congressional members or committees, and review all congressional correspondence concerning substantive policy or controversial issues;
- Track legislation affecting the Service, work with Members of Congress and congressional staff and other interested parties to refine legislation as needed, and provide regular reports to the Directorate, regional directors, and DOI officials;
- Develop activation memoranda which, along with a copy of the legislation and supporting background material, will be forwarded to the Director, and upon signing, will be distributed to the appropriate regional or program office;
- Respond to congressional inquiries;
- Arrange meetings between NPS employees and Members of Congress and congressional staff; and
- Promulgate, and review and revise as necessary, RM-76 (to include LSDP Guidance).

5.4 Regional Directors

Regional directors are responsible for and have been delegated the authority to:

- Determine their regions' legislative needs;
- Ensure their managers and superintendents are conversant with this Director's Order;

- Develop overall legislative priorities and submit LSDPs for their regions;
- Provide liaison support between the parks and OLCA, usually through the assignment of a legislative representative;
- Provide draft testimony, background material, maps, and other requested information, to OLCA; and
- Maintain, in the regions and the parks, administrative and legislative histories of all park units and programs relevant to the regions.
