

Index for Volume 12

Park science index listed by author

- Aaberg, Stephen
Archaeological fieldwork at Yellowstone's Obsidian Cliff. 1992, 12(2):26-27.
- Acevedo, Pedro
Flora of St. John. 1992, 12(2):3.
- Agrenbroad, Larry
Quaternary paleontology and paleoenvironmental research in national parks on the Colorado Plateau. 1992, 12(3):13-14.
- Askins, Robert A.
Population studies of migratory birds in Virgin Islands National Park. 1992, 12(2):12-13.
- Ball, George
Dynamic fires modeling using GRASS 4.0 developed by NPS and University of Arizona. 1992, 12(2):16-17.
- Bass, Orin
Mercury threatens wildlife resources and human health in Everglades National Park. 1992, 12(4):18-20.
- Beets, Jim
Assessment of coral reef fishes in Virgin Islands National Park. 1992, 12(2):10-11.
- Bennett, Peter S.
Dynamic fires modeling using GRASS 4.0 developed by NPS and University of Arizona. 1992, 12(2):16-17.
- Benton, Rachel
The dynamics of Fossil Lake. 1992, 12(3):14-15.
- Beretta, Giglia
Monitoring water quality in Virgin Islands National Park. 1992, 12(2):11-12.
- Bestgen, H.
Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Boyle, T.
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Bratton, Susan P.
Survey of white-tailed deer impacts. 1992, 12(1):9-10.
- Brown, Becky J.
Restoring the degraded dry forests of Virgin Islands NP. 1992, 12(2):6-7.
- Buchheim, H. Paul
The dynamics of Fossil Lake. 1992, 12(3):14-15.
- Budd-Jack, Steve
Fire history and vegetation at Mesa Verde National Park. 1992, 12(2):27.
- Christiansen, Tim
Litter arthropod forest communities after the 1988 Yellowstone NP fires. 1992, 12(3):24-25.
- Chure, Daniel J.
A baby dinosaur from the land of giants. 1992, 12(3):6.
- Colfey, Michael A.
Book review: Wildlife research and management in the national parks, by R. Gerald Wright. 1992, 12(4):11.
- Cole, C. Andrew
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
- Conrad, Kelly
New discoveries of fossil footprints at Dinosaur National Monument. 1992, 12(3):4-5.
- Dallmeier, Francisco
Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Davidson, Walter H.
Native seed bank Brooklyn reclamation project. 1992, 12(1):10-11.
- Davis, John
Mapping and describing the soils of St. John. 1992, 12(2):3.
- Davis, Leslie
Archaeological fieldwork at Yellowstone's Obsidian Cliff. 1992, 12(2):26-27.
- Dennis, John
Strategic ecological research workshop. 1980, 12(3):19.
- Densmore, Roseann
Stream and floodplain restoration on watersheds disturbed by mining. 1992, 12(2):15-16.
- Devine, Hugh
A new approach to GIS implementation at Colonial National Historical Park. 1992, 12(1):4-5.
- Edwards, Janet
Notes from abroad. 1992, 12(4):12.
- Engelmann, George F.
Paleontological survey of the Jurassic Morrison Formation in Dinosaur National Monument. 1992, 12(3):8-9.
- Ernenwein, Rick
Aircraft noise effects research literature emerging. 1992, 12(4):28.
- Ewert, David N.
Population studies of migratory birds in Virgin Islands National Park. 1992, 12(2):12-13.
- Fenn, Denny
National Academy report on NPS science released. 1992, 12(4):24.
- Floyd-Hanna, Lisa
Fire history and vegetation at Mesa Verde National Park. 1992, 12(2):27.
- Fraser, Loran
Letters. 1992, 12(2):14.
- Fremo, Ted
I've seen the Miocene in central Oregon. 1992, 12(3):12-13.
- Gardner, Donald
Biocontrol recognized as a management approach to control plant aliens in protected natural areas. 1992, 12(3):31-32.
- Guertel, D. Phillip
Potential threat to U.S. prickly pears. 1992, 12(3):31.
- Hacker, Davis
Great Smoky Mountain plants studied for ozone sensitivity. 1992, 12(1):6-7.
- Hadidian, John
Survey of white-tailed deer impacts. 1992, 12(1):9-10.
- Haskell, David
GIS helps Shenandoah conduct viewshed analysis. 1992, 12(1):12-13.
- Hayes, David
Eastern hemlock: the next American chestnut? 1992, 12(4):11.
- Hennici, Amy
Fossil frogs: Dinosaur NM. 1992, 12(3):11.
- Hoefs, N.
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Hoffman, Cat
Olympic NP dams update. 1992, 12(1):11.
- Hornback, Kenneth
When is a visit really a visit? Public use reporting study at Acadia NP. 1992, 12(3):23.
- Houston, Doug
Publications: After the Ice Age: the return of life to glaciated North America, by E.C. Pielou. 1992, 12(2):18.
- Hunt, Adrian
Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Jodice, Patrick G.R.
Study links Big Cypress fox squirrel to golf courses. 1992, 12(4):20-21.
- Johns, Alice E.
NPS coordinates study of proposed water diversions in Nevada. 1992, 12(3):30.
- Johnson, Ann
Archaeological fieldwork at Yellowstone's Obsidian Cliff. 1992, 12(2):26-27.
- Jope, Kathy
Professionalism in resource management. 1992, 12(1):8-9.
- Karish, J.
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Karish, John
Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Karish, John
A new approach to GIS implementation at Colonial National Historical Park. 1992, 12(1):4-5.
- Karle, Kenneth
Stream and floodplain restoration on watersheds disturbed by mining. 1992, 12(2):15-16.
- Kucklen, Darlene J.
Great Smokies streams acidified by Anakeesta Formation exposures. 1992, 12(1):1-3.
- Kunzmann, Michael R.
GIS program initiated at the U/AZ CPSU. 1992, 12(1):18-20.
- Lamar, W.
Dynamic fires modeling using GRASS 4.0 developed by NPS and University of Arizona. 1992, 12(2):16-17.
- Lanford, Jot
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Lavigne, Robert
Arthropod populations at 3 Golden Gate habitats compared. 1992, 12(2):22.
- Lockwood, Jeffrey
Litter arthropod forest communities after the 1988 Yellowstone NP fires. 1992, 12(3):24-25.
- Loftus, William
Midwest identifies social issues as aid in planning research program. 1992, 12(4):16-17.
- Loopes, Lloyd
New discoveries of fossil footprints at Dinosaur National Monument. 1992, 12(3):4-5.
- Loopes, Lloyd
Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Loopes, Lloyd
Litter arthropod forest communities after the 1988 Yellowstone NP fires. 1992, 12(3):24-25.
- Loopes, Lloyd
Mercury threatens wildlife resources and human health in Everglades National Park. 1992, 12(4):18-20.
- Loopes, Lloyd
NPS participate in statewide effort against alien pests. 1992, 12(1):13.
- Lubchenko, Jane
Strategic ecological research workshop. 1980, 12(3):19.
- Lucas, Spencer G.
A nonmarine standard for part of late Triassic time. 1992, 12(3):18.
- Maas, Richard P.
Great Smokies streams acidified by Anakeesta Formation exposures. 1992, 12(1):1-3.
- Mallos, Diane
Toward an NPS "virtual library" supporting research servicewide. 1992, 12(4):27.
- Manning, Robert
When is a visit really a visit? Public use reporting study at Acadia NP. 1992, 12(3):23.
- Matthews, Jean
Environmental significance of historical parks: a study of evolving values. 1992, 12(3):25.
- McManus, Jean
Editorial. 1992, 12(3):2.
- McManus, Jean
A new approach to GIS implementation at Colonial National Historical Park. 1992, 12(1):4-5.
- Mead, Jim
Quaternary paleontology and paleoenvironmental research in national parks on the Colorado Plateau. 1992, 12(3):13-14.
- Mendelson, Tamra C.
Restoring the degraded dry forests of Virgin Islands NP. 1992, 12(2):6-7.
- Miller, Scott J.
Survey of white-tailed deer impacts. 1992, 12(1):9-10.
- Mott, David
GIS analysis determines erosion potential at Buffalo National River Basin. 1992, 12(4):4-5.
- Muehlstein, Lisa
Seagrass disturbances in Great Lameshur Bay, St. John. 1992, 12(2):13.
- Nelson, Laura
Arthropod populations at 3 Golden Gate habitats compared. 1992, 12(2):22.
- Nimmo, D.
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Olsen, Einar S.
Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Olsen, Einar S.
Borrowing trouble. 1992, 12(4):21.
- Paquette, Marc
New discoveries of fossil footprints at Dinosaur National Monument. 1992, 12(3):4-5.
- Parker, Roak
Midwest identifies social issues as aid in planning research program. 1992, 12(4):16-17.
- Parsons, David J.
Letters. 1992, 12(4):25.
- Patch, Steven C.
Great Smokies streams acidified by Anakeesta Formation exposures. 1992, 12(1):1-3.
- Peterson, David L.
Inventory and monitoring in the national parks: forging a plan. 1992, 12(4):1-4.
- Pollio, Carol A.
Native seed bank Brooklyn reclamation project. 1992, 12(1):10-11.
- Potter, Tom
GIS program initiated at the U/AZ CPSU. 1992, 12(1):18-20.
- Rafkind, Charles
A new approach to GIS implementation at Colonial National Historical Park. 1992, 12(1):4-5.
- Ray, Gary J.
Smithsonian Institution's permanent monitoring plot: research opportunities in a rare, semi-evergreen dry woodland. 1992, 12(2):5.
- Reaser, Donald
Restoring the degraded dry forests of Virgin Islands NP. 1992, 12(2):6-7.
- Reaser, Donald
NPs participate in statewide effort against alien pests. 1992, 12(1):13.
- Reilly, Anne E.
Impacts of natural and human disturbance on forests of St. John, U.S. Virgin Islands. 1992, 12(2):3-4.
- Renfro, James
Great Smoky Mountain plants studied for ozone sensitivity. 1992, 12(1):6-7.
- Robinson, John
Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Rogers, Caroline S.
An integrated approach to marine and terrestrial research in Virgin Islands National Park and Biosphere Reserve. 1992, 12(2):1,27-28.
- Rugby, June C.
Effects of Hurricane Hugo on a coral reef in St. John. 1992, 12(2):8-9.
- Rugby, June C.
Mapping and describing the soils of St. John. 1992, 12(2):9.
- Rugby, June C.
Inventory and monitoring in the national parks: forging a plan. 1992, 12(4):1-4.
- Santucci, Vincent L.
Late Oligocene biostratigraphy at Badlands National Park. 1992, 12(3):1-3.
- Schoenberg, Ken
Notes from abroad. 1992, 12(1):23.
- Shaver, Donna
Kemp's ridley research continues at Padre Island National Seashore. 1992, 12(4):26-27.
- Shelton, Napier
MAB notes. 1992, 12(2):14.
- Shelton, Napier
MAB notes. 1992, 12(3):22.
- Shelton, Napier
MAB notes. 1992, 12(4):25.
- Smith, Clifford
Biocontrol recognized as a management approach to control plant aliens in protected natural areas. 1992, 12(3):31-32.
- Smith, Marjorie
Potential threat to U.S. prickly pears. 1992, 12(3):31.
- Smith, Marjorie
Environmental significance of historical parks: a study of evolving values. 1992, 12(3):25.
- Smith, Rick
Letters. 1992, 12(2):14.
- Snyder, James R.
Notes from abroad. 1992, 12(2):19.
- Snyder, James R.
Study links Big Cypress fox squirrel to golf courses. 1992, 12(4):20-21.
- Steidl-Pulley, T.
Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Stephenson, Tim
GIS analysis determines erosion potential at Buffalo National River Basin. 1992, 12(4):4-5.
- Teeter, Alison
GIS helps Shenandoah conduct viewshed analysis. 1992, 12(1):12-13.
- Thomas, Lisa
Restoring the historic landscape at Wilson's Creek. 1992, 12(1):22-23.
- Thompson, Jernlyn
Midwest identifies social issues as aid in planning research program. 1992, 12(4):16-17.
- Tobias, Craig
Monitoring water quality in Virgin Islands National Park. 1992, 12(2):11-12.
- Vaen, R.J.
Publications: Jurassic Park, by Michael Crichton. 1992, 12(2):18.
- Wall, William P.
Systematic and biomechanical studies on fossil vertebrates in Badlands NP. 1992, 12(3):10-11.
- Wallace, George
Visitors prefer park values to oil and gas development. 1992, 12(1):20-22.

- Watson, J. Keith
Hemlock woolly adelgid threatens Eastern hemlock in Shenandoah National Park. 1992, 12(4):9-11.
- Weaver, Peter
Forest Service research in Virgin Islands National Park. 1992, 12(2):4-5.
- West, Ron
Digging for the best bones: an application of the Delphi process at Hagerman Fossil Beds. 1992, 12(3):9.
- Whitman, David
So what? 1992, 12(3):5-6.
- Williams, Owen R.
Water rights and the National Park Service. 1992, 12(3):30.
- Water rights and the National Park Service, part II: the federal reserved water rights doctrine. 1992, 12(4):8-9.
- Willcox, M.
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Park science index listed by keyword**
- Acidification**
Great Smokies streams acidified by Anakeesta Formation exposures. 1992, 12(1):1-3.
- Africanized honeybees**
Regional highlights: Southwest Region. 1992, 12(4):14-15.
- Air quality**
Regional highlights: Air Quality Division. 1992, 12(2):21.
- Aircraft impacts**
Aircraft noise effects research literature emerging. 1992, 12(4):28.
- Alien plants**
Biocontrol recognized as a management approach to control plant aliens in protected natural areas. 1992, 12(3):31-32.
- Alien species**
NPs participate in statewide effort against alien pests. 1992, 12(1):13.
- Information crossfile. 1992, 12(4):13-14.
- Amphibian die-offs**
Information crossfile. 1992, 12(2):24-25.
- Anakeesta Formation**
Great Smokies streams acidified by Anakeesta Formation exposures. 1992, 12(1):1-3.
- Ants**
Information crossfile. 1992, 12(2):24-25.
- Archaeology**
Notes from abroad. 1992, 12(1):23.
- Archaeological fieldwork at Yellowstone's Obsidian Cliff. 1992, 12(2):26-27.
- Arthropod ecology**
Litter arthropod forest communities after the 1988 Yellowstone NP fires. 1992, 12(3):24-25.
- Arthropods**
Arthropod populations at 3 Golden Gate habitats compared. 1992, 12(2):22.
- Awards**
Stottlmyer, Doren and Wade receive awards. 1992, 12(4):25.
- Bald eagle**
Regional highlights: Midwest Region. 1992, 12(2):20-21.
- Belief systems**
Editorial. 1992, 12(3):2.
- Beringian research**
Notes from abroad. 1992, 12(1):23.
- Bibliography**
Regional highlights: Southeast Region. 1992, 12(2):20.
- Information crossfile. 1992, 12(4):13-14.
- Biocontrol**
Biocontrol recognized as a management approach to control plant aliens in protected natural areas. 1992, 12(3):31-32.
- Potential threat to U.S. prickly pears. 1992, 12(3):31.
- Regional highlights: Rocky Mountain Region. 1992, 12(4):16-17.
- Biodiversity**
Biodiversity training course. 1992, 12(1):7.
- Biodiversity - it's more than biological!. 1992, 12(3):7.
- Biomechanical studies**
Systematic and biomechanical studies on fossil vertebrates in Badlands NP. 1992, 12(3):10-11.
- Biomonitoring**
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Biosphere reserves**
MAB notes. 1992, 12(4):25.
- Birds**
Population studies of migratory birds in Virgin Islands National Park. 1992, 12(2):12-13.
- Book review**
Book review: Wildlife research and management in the national parks, by R. Gerald Wright. 1992, 12(4):11.
- Book reviews**
Publications: After the Ice Age: the return of life to glaciated North America, by E.C. Pielou. 1992, 12(2):18.
- Publications: State of the world. 1992, 1992, 12(2):18.
- Publications: Biogeochemistry of subalpine ecosystem: Loch Vale Watershed. 1992, 12(2):18.
- Publications: Jurassic Park, by Michael Crichton. 1992, 12(2):18.
- Borrow sites**
Borrowing trouble. 1992, 12(4):21.
- Bromeliads**
Nadkarni still 'up in the air' as a tree canopy life specialist. 1992, 12(4):24.
- Bull trout**
Regional highlights: Pacific Northwest. 1992, 12(2):20.
- Butterflies**
Butterfly habitat restoration. 1992, 12(1):15.
- Caribou**
Regional highlights: Alaska Region. 1992, 12(1):15.
- Caves**
Regional highlights: Southwest Region. 1992, 12(4):14-15.
- Computer simulation**
Dynamic fires modeling using GRASS 4.0 developed by NPS and University of Arizona. 1992, 12(2):16-17.
- Conferences**
Sierra summit conference conference takes region's pulse. 1992, 12(2):23.
- Coral reef fishes**
Assessment of coral reef fishes in Virgin Islands National Park. 1992, 12(2):10-11.
- Coral reefs**
Effects of Hurricane Hugo on a coral reef in St. John. 1992, 12(2):8-9.
- Cougars**
Information crossfile. 1992, 12(2):24-25.
- Coyotes**
Coyote related problems studied. 1992, 12(3):21.
- CPSU publications**
Regional highlights: Western Region. 1992, 12(1):14-15.
- Regional highlights: Western Region. 1992, 12(2):22.
- CPSUs**
GIS program initiated at the U/AZ CPSU. 1992, 12(1):18-20.
- Crater Lake**
Regional highlights: Pacific Northwest. 1992, 12(4):14.
- Crichton, Michael**
Publications: Jurassic Park, by Michael Crichton. 1992, 12(2):18.
- Dams**
Olympic NP dams update. 1992, 12(1):11.
- Daphnids**
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Delphi process**
Digging for the best bones: an application of the Delphi process at Hagerman Fossil Beds. 1992, 12(3):9.
- Dinosaurs**
Publications: Jurassic Park, by Michael Crichton. 1992, 12(2):18.
- A baby dinosaur from the land of giants. 1992, 12(3):6.
- Disturbance**
Impacts of natural and human disturbance on forests of St. John, U.S. Virgin Islands. 1992, 12(2):3-4.
- Assessment of coral reef fishes in Virgin Islands National Park. 1992, 12(2):10-11.
- Drought**
Information crossfile. 1992, 12(4):13-14.
- Ecological research**
Strategic ecological research workshop. 1980, 12(3):19.
- Environmental indicators**
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
- Environmental restoration**
Information crossfile. 1992, 12(1):17.
- Erosion**
GIS analysis determines erosion potential at Buffalo National River Basin. 1992, 12(4):4-5.
- EUROMAB**
MAB notes. 1992, 12(2):14.
- Exotic plants**
Regional highlights: Rocky Mountain Region. 1992, 12(2):22.
- External development impacts**
Visitors prefer park values to oil and gas development. 1992, 12(1):20-22.
- Forrests**
Regional highlights: Rocky Mountain Region. 1992, 12(1):15-16.
- Fire**
Litter arthropod forest communities after the 1988 Yellowstone NP fires. 1992, 12(3):24-25.
- Fire modeling**
Dynamic fires modeling using GRASS 4.0 developed by NPS and University of Arizona. 1992, 12(2):16-17.
- Fire policy**
Information crossfile. 1992, 12(2):24-25.
- Fire research**
Publications. 1992, 12(2):18.
- Fire history and vegetation at Mesa Verde National Park**
1992, 12(2):27.
- Flood plain restoration**
Stream and flood plain restoration on water sheds disturbed by mining. 1992, 12(2):15-16.
- Forest canopy**
Nadkarni still 'up in the air' as a tree canopy life specialist. 1992, 12(4):24.
- Forest restoration**
Restoring the degraded dry forests of Virgin Islands NP. 1992, 12(2):6-7.
- Forest Service research**
Forest Service research in Virgin Islands National Park. 1992, 12(2):4-5.
- Fossil footprints**
New discoveries of fossil footprints at Dinosaur National Monument. 1992, 12(3):4-5.
- Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Fossil frogs**
Fossil frogs: Dinosaur NM. 1992, 12(3):11.
- Fossil Lake**
The dynamics of Fossil Lake. 1992, 12(3):14-15.
- Fossil mammals**
Late Oligocene biostratigraphy at Badlands National Park. 1992, 12(3):1-3.
- Fossil survey**
Paleontological survey of the Jurassic Morrison Formation in Dinosaur National Monument. 1992, 12(3):8-9.
- Fossil vertebrates**
Leaping lizards, frolicking frogs, swimming salamanders, and minute mammals: the non-dinosaurs of Dinosaur National Monument. 1992, 12(3):7.
- Systematic and biomechanical studies on fossil vertebrates in Badlands NP. 1992, 12(3):10-11.
- Fossils**
Biodiversity - it's more than biological!. 1992, 12(3):7.
- I've seen the Miocene in central Oregon. 1992, 12(3):12-13.
- A nonmarine standard for part of late Triassic time. 1992, 12(3):18.
- French broom**
Arthropod populations at 3 Golden Gate habitats compared. 1992, 12(2):22.
- Giant sequoia**
Letters. 1992, 12(4):25.
- GIS**
A new approach to GIS implementation at Colonial National Historical Park. 1992, 12(1):4-5.
- GIS helps Shenandoah conduct watershed analysis. 1992, 12(1):12-13.
- GIS program initiated at the U/AZ CPSU. 1992, 12(1):18-20.
- Glacier research**
Regional highlights: Alaska Region. 1992, 12(1):15.
- Global change**
Biodiversity - it's more than biological!. 1992, 12(3):7.
- Global Change Research Program**
Global change update. 1992, 12(2):23.
- Golden eagles**
Regional highlights: Alaska Region. 1992, 12(1):15.
- GRASS 4.0**
Dynamic fires modeling using GRASS 4.0 developed by NPS and University of Arizona. 1992, 12(2):16-17.
- Grasses**
Seagrass disturbances in Great Lameshur Bay, St. John. 1992, 12(2):13.
- Grizzly bears**
Regional highlights: Rocky Mountain Region. 1992, 12(1):15-16.
- Hemlock trees**
Hemlock woolly adelgid threatens Eastern hemlock in Shenandoah National Park. 1992, 12(4):9-11.
- Eastern hemlock: the next American chestnut? 1992, 12(4):11.
- Hemlock woolly adelgid**
Hemlock woolly adelgid threatens Eastern hemlock in Shenandoah National Park. 1992, 12(4):9-11.
- Eastern hemlock: the next American chestnut? 1992, 12(4):11.
- Historic landscape management**
Information crossfile. 1992, 12(1):16.
- Historic landscapes**
Restoring the historic landscape at Wilson's Creek. 1992, 12(1):22-23.
- Historical parks**
Environmental significance of historical parks: a study of evolving values. 1992, 12(3):25.

Publications: Our changing landscape: Indiana Dunes National Lakeshore. 1992, 12(2):18.
- Interpretation**
So what? 1992, 12(3):5-6.
- Inventory**
Inventory and monitoring in the national parks: forging a plan. 1992, 12(4):1-4.
- John Day Basin**
I've seen the Miocene in central Oregon. 1992, 12(3):12-13.
- Kemp's ridley sea turtles**
Kemp's ridley research continues at Padre Island National Seashore. 1992, 12(4):26-27.
- Lake levels**
Regional highlights: Midwest Region. 1992, 12(3):20.
- Lake Powell**
Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Landscape restoration**
Restoring the historic landscape at Wilson's Creek. 1992, 12(1):22-23.
- Leafy spurge**
Regional highlights: Rocky Mountain Region. 1992, 12(4):16-17.
- Library networks**
Toward an NPS "virtual library" supporting research servicework. 1992, 12(4):27.
- Litter arthropods**
Litter arthropod forest communities after the 1988 Yellowstone NP fires. 1992, 12(3):24-25.
- Lizards**
Regional highlights: Western Region. 1992, 12(1):14-15.
- Logging**
Information crossfile. 1992, 12(1):16.
- MAB program**
MAB notes. 1992, 12(3):22.
- Maine**
Information crossfile. 1992, 12(4):13-14.
- Manatees**
Regional highlights: Southeast Region. 1992, 12(2):20.
- Marine debris**
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.

- Mercury contamination**
Mercury threatens wildlife resources and human health in Everglades National Park. 1992, 12(4):18-20.
- Mice**
Regional highlights: Western Region. 1992, 12(1):14-15.
- Migratory birds**
Population studies of migratory birds in Virgin Islands National Park. 1992, 12(2):12-13.
- Mines**
Native seed bank Brooklyn reclamation project. 1992, 12(1):10-11.
- Mining**
Stream and floodplain restoration on watersheds disturbed by mining. 1992, 12(2):15-16.
- Molluscs**
Information crossfile. 1992, 12(1):16.
- Morrison Formation**
New discoveries of fossil footprints at Dinosaur National Monument. 1992, 12(3):4-5.
A baby dinosaur from the land of giants. 1992, 12(3):6.
Leaping lizards, frolicking frogs, swimming salamanders, and minute mammals: the non-dinosaurs of Dinosaur National Monument. 1992, 12(3):7.
Paleontological survey of the Jurassic Morrison Formation in Dinosaur National Monument. 1992, 12(3):8-9.
- Mountain goats**
Regional highlights: Pacific Northwest. 1992, 12(1):14.
- Mushrooms**
Regional highlights: Pacific Northwest. 1992, 12(1):14.
- Nadkarni, Nalini M.**
Nadkarni still 'up in the air' as a tree canopy life specialist. 1992, 12(4):24.
- National park research**
Strategic ecological research workshop. 1980, 12(3):19.
Midwest identifies social issues as aid in planning research program. 1992, 12(4):16-17.
- Native plants**
Great Smoky Mountain plants studied for ozone sensitivity. 1992, 12(1):6-7.
- Native seed banks**
Native seed bank Brooklyn reclamation project. 1992, 12(1):10-11.
- Natural resource monitoring**
Inventory and monitoring in the national parks: forging a plan. 1992, 12(4):1-4.
- Natural resource publications**
NPS publishing program gets interagency support. 1992, 12(3):28-29.
- Natural resources bibliography**
Regional highlights: Pacific Northwest. 1992, 12(3):21.
- Noise**
Aircraft noise effects research literature emerging. 1992, 12(4):26.
- Nonpoint source pollution**
Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- NPS libraries**
Toward an NPS "virtual library" supporting research service-wide. 1992, 12(4):27.
- NPS publications**
Publications: Park Paleontology. 1992, 12(2):18.
Regional highlights: Western Region. 1992, 12(2):22.
Regional highlights: Western Region. 1992, 12(3):21.
Regional highlights: Southeast Region. 1992, 12(4):15.
- NPS publishing program**
NPS publishing program gets interagency support. 1992, 12(3):28-29.
- NPS science**
National Academy report on NPS science released. 1992, 12(4):24.
- Obsidian Cliff**
Archaeological fieldwork at Yellowstone's Obsidian Cliff. 1992, 12(2):26-27.
- Old-growth forests**
Information crossfile. 1992, 12(1):17.
- Oligocene biostratigraphy**
Late Oligocene biostratigraphy at Badlands National Park. 1992, 12(3):1-3.
- Ozone sensitivity**
Great Smoky Mountain plants studied for ozone sensitivity. 1992, 12(1):6-7.
- Paleontology**
Publications: Park Paleontology. 1992, 12(2):18.
Fossil Butte to host paleontological meeting. 1992, 12(2):25.
Quaternary paleontology and paleoenvironmental research in national parks on the Colorado Plateau. 1992, 12(3):13-14.
- Park research**
An integrated approach to marine and terrestrial research in Virgin Islands National Park and Biosphere Reserve. 1992, 12(2):1,27-28.
- Peregrine falcons**
Regional highlights: Rocky Mountain Region. 1992, 12(1):15-16.
- Pielou, E.C.**
Publications: After the Ice Age: the return of life to glaciated North America, by E.C. Pielou. 1992, 12(2):18.
- Plastic debris**
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
- Prickly pears**
Potential threat to U.S. prickly pears. 1992, 12(3):31.
- Professionalism**
Professionalism in resource management. 1992, 12(1):8-9.
- Publishing**
NPS publishing program gets interagency support. 1992, 12(3):28-29.
Regional highlights: Western Region. 1992, 12(4):15.
- Quaternary research**
Quaternary paleontology and paleoenvironmental research in national parks on the Colorado Plateau. 1992, 12(3):13-14.
- Questionnaires**
Digging for the best bones: an application of the Delphi process at Hagerman Fossil Beds. 1992, 12(3):9.
- Rare and endangered plants**
Regional highlights: Midwest Region. 1992, 12(2):20-21.
- Resource management**
Professionalism in resource management. 1992, 12(1):8-9.
Information crossfile. 1992, 12(1):16.
Borrowing trouble. 1992, 12(4):21.
- Revegetation**
Native seed bank Brooklyn reclamation project. 1992, 12(1):10-11.
Butterfly habitat restoration. 1992, 12(1):15.
- Riparian ecosystems**
Information crossfile. 1992, 12(1):17.
- River basins**
GIS analysis determines erosion potential at Buffalo National River Basin. 1992, 12(4):4-5.
- Sasquatch**
Regional highlights: Pacific Northwest. 1992, 12(4):14.
- Seagrasses**
Seagrass disturbances in Great Lameshur Bay, St. John. 1992, 12(2):13.
- Sierra Nevada**
Sierra summit conference conference takes region's pulse. 1992, 12(2):23.
- Smithsonian Institution**
Smithsonian Institution's permanent monitoring plot: research opportunities in a rare, semi-evergreen dry woodland. 1992, 12(2):5.
- Social issues**
Midwest identifies social issues as aid in planning research program. 1992, 12(4):16-17.
- Soils**
Mapping and describing the soils of St. John. 1992, 12(2):9.
- Spotted owls**
Regional highlights: Rocky Mountain Region. 1992, 12(1):15-16.
Information crossfile. 1992, 12(1):16.
Regional highlights. 1992, 12(2):20.
- Squirrels**
Study links Big Cypress fox squirrel to golf courses. 1992, 12(4):20-21.
- Stream acidification**
Great Smoky Mountains streams acidified by Anakeesta Formation exposures. 1992, 12(1):1-3.
- Stream restoration**
Stream and floodplain restoration on watersheds disturbed by mining. 1992, 12(2):15-16.
- Sweden**
Notes from abroad. 1992, 12(4):12.
- Thistle**
Regional highlights: Rocky Mountain Region. 1992, 12(4):16-17.
- Tracksites**
Tracking dinosaurs and other extinct animals at Lake Powell. 1992, 12(3):16-17.
- Triassic Period**
A nonmarine standard for part of late Triassic time. 1992, 12(3):18.
- Tropical forest ecosystems**
Impacts of natural and human disturbance on forests of St. John, U.S. Virgin Islands. 1992, 12(2):3-4.
- Forest Service research in Virgin Islands National Park**
1992, 12(2):4-5.
- Smithsonian Institution's permanent monitoring plot: research opportunities in a rare, semi-evergreen dry woodland**
1992, 12(2):5.
- Restoring the degraded dry forests of Virgin Islands NP**
1992, 12(2):6-7.
- Turtles**
Kemp's ridley research continues at Padre Island National Seashore. 1992, 12(4):26-27.
- Vail Conference**
Letters. 1992, 12(2):14.
- Vail symposium**
Vail final report sets six goals. 1992, 12(3):22.
- Vascular plants**
Flora of St. John. 1992, 12(2):9.
- Viewshed analysis**
GIS helps Shenandoah conduct viewshed analysis. 1992, 12(1):12-13.
- Virgin Islands**
An integrated approach to marine and terrestrial research in Virgin Islands National Park and Biosphere Reserve. 1992, 12(2):1,27-28.
Impacts of natural and human disturbance on forests of St. John, U.S. Virgin Islands. 1992, 12(2):3-4.
Forest Service research in Virgin Islands National Park. 1992, 12(2):4-5.
Smithsonian Institution's permanent monitoring plot: research opportunities in a rare, semi-evergreen dry woodland. 1992, 12(2):5.
Restoring the degraded dry forests of Virgin Islands NP. 1992, 12(2):6-7.
Effects of Hurricane Hugo on a coral reef in St. John. 1992, 12(2):8-9.
Mapping and describing the soils of St. John. 1992, 12(2):9.
Flora of St. John. 1992, 12(2):9.
Assessment of coral reef fishes in Virgin Islands National Park. 1992, 12(2):10-11.
Monitoring water quality in Virgin Islands National Park. 1992, 12(2):11-12.
Population studies of migratory birds in Virgin Islands National Park. 1992, 12(2):12-13.
Seagrass disturbances in Great Lameshur Bay, St. John. 1992, 12(2):13.
- Virtual library**
Toward an NPS "virtual library" supporting research service-wide. 1992, 12(4):27.
- Visitor surveys**
Visitors prefer park values to oil and gas development. 1992, 12(1):20-22.
When is a visit really a visit? Public use reporting study at Acadia NP. 1992, 12(3):23.
Environmental significance of historical parks: a study of evolving values. 1992, 12(3):25.
- Volcanoes**
Mount Rainier named a "decade volcano". 1992, 12(4):27.
- Water quality**
Monitoring water quality in Virgin Islands National Park. 1992, 12(2):11-12.
Biomonitoring techniques for assessing toxicity in national park waters. 1992, 12(3):26-28.
Assessing nonpoint sources of toxicity, part II: using biomonitoring techniques. 1992, 12(4):6-8.
- Water rights**
Water rights and the National Park Service. 1992, 12(3):30.
NPS coordinates study of proposed water diversions in Nevada. 1992, 12(3):30.
Water rights and the National Park Service, part II: the federal reserved water rights doctrine. 1992, 12(4):8-9.
- Watersheds**
Publications: Biogeochemistry of subalpine ecosystem: Loch Vale Watershed. 1992, 12(2):18.
Information crossfile. 1992, 12(2):24-25.
- Western water law**
Water rights and the National Park Service. 1992, 12(3):30.
Water rights and the National Park Service, part II: the federal reserved water rights doctrine. 1992, 12(4):8-9.
- Wetlands**
Information crossfile. 1992, 12(1):17.
- Whale stranding**
Regional highlights: Whale stranding at Everglades NP. 1992, 12(2):21.
- White-tailed deer**
Survey of white-tailed deer impacts. 1992, 12(1):9-10.
- Wildlife management**
Book review: Wildlife research and management in the national parks, by R. Gerald Wright. 1992, 12(4):11.
- Wolves**
Regional highlights: Pacific Northwest. 1992, 12(1):14.
Regional highlights: Alaska Region. 1992, 12(4):15.
Wolf answers: a second digest. 1992, 12(4):24.
- Worldwatch Institute**
Publications: State of the world. 1992, 12(2):18.
- Wright, R. Gerald**
Book review: Wildlife research and management in the national parks, by R. Gerald Wright. 1992, 12(4):11.
- Yellowstone**
Information crossfile. 1992, 12(1):16.

Park science index listed by park code

- ACAD**
When is a visit really a visit? Public use reporting study at Acadia NP. 1992, 12(3):23.
Information crossfile. 1992, 12(4):13-14.
- APIS**
Regional highlights: Midwest Region. 1992, 12(2):20-21.
- ASIS**
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
- BADL**
Late Oligocene biostratigraphy at Badlands National Park. 1992, 12(3):1-3.
Systematic and biomechanical studies on fossil vertebrates in Badlands NP. 1992, 12(3):10-11.
- BIBE**
Regional highlights: Southwest Region. 1992, 12(4):14-15.
- BICY**
Study links Big Cypress fox squirrel to golf courses. 1992, 12(4):20-21.
- BUFF**
GIS analysis determines erosion potential at Buffalo National River Basin. 1992, 12(4):4-5.
- CACO**
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
- CAHA**
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
- CANA**
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
- CANY**
Quaternary paleontology and paleoenvironmental research in national parks on the Colorado Plateau. 1992, 12(3):13-14.
- CHIR**
GIS program initiated at the U/AZ CPSU. 1992, 12(1):18-20.
- CHIS**
Regional highlights: Western Region. 1992, 12(1):14-15.
Marine debris on NPS beaches: a plastic, glass, metal nightmare. 1992, 12(4):22-23.
