Delaware Water Gap National Recreation Area

Park Science (ISSN-0735-9462) is a quarterly science and resource management bulletin that reports recent and ongoing natural and social science research, its implications for park planning and management, and its application in resource management. The bulletin is published in January, April, July, and October for distribution to interested parties.

The editor welcomes submissions of case studies, feature articles, and highlights. See *Park Science* 14(4):13 for submission criteria or contact the editor at:
