From the South Florida Research Center at Everglades NP comes word of Technical Report #SFRC-84/01, "Summary of Fires in Everglades National Park and Big Cypress National Preserve, 1981." The report is available through the National Technical Information Service, U.S. Department of Commerce, 5285 Port Royal Road, Springfield, VA 22161.

The Third Annual Chattahoochee River Research Resource Management Conference will be held at the Chattahoochee River National Recreation Area, Dunwoody, Georgia, Oct. 26-27, 1984. The Conference objectives are to share information on completed or ongoing work on the natural and cultural resources of the Chattahoochee River NRA and to identify information gaps. Proceedings of the Conference are planned for publication in January, 1985; persons interested in obtaining copies should address their requests to Ken Hulick, Resource Management Specialist, Chattahoochee River National Recreation Area, 1900 Northridge Road, Dunwoody, GA 30338.

A national symposium entitled, "Outdoor Recreation Trends II" is scheduled for Feb. 25-27, 1985, at the Myrtle Beach Hilton in Myrtle Beach, SC. Symposium objectives are to (1) identify recent trends in outdoor recreation, their causes, their probable short range outcomes, and their policy implications; and (2) provide examples of current trends affecting outdoor recreation, available trend indicators, data series, and trend monitoring programs applicable to recreation planning, decision-making and policy formulation. Clemson University is hosting the symposium, and cooperators include the U.S. Forest Service, the National Park Service, the University of New Hampshire and Utah State University. The NPS Southeast Regional Office will publish the proceedings as part of its contribution to the symposium.

Research Resources Management Report SER-67, *Geology and Geomorphology of the Southern Central Blue Ridge: An Indexed Bibliography* by Stephen P. Yurkovich contains nearly 875 references dealing with the geology and geomorphology of the southern and central Blue Ridge Mountains. Copies are available through the Uplands Field Research Laboratory, Great Smoky Mountains National Park, Twin Creeks Area, Gatlinburg, TN 37738.

Proceedings of the Ninth Annual Scientific Research Meeting of the NPS Southeast Region, held May 19-20, 1984, are now available in printed form. The publication (24 pages) contains abstracts of completed or ongoing research in the areas of Plant Ecology and Soil Chemistry, Fish and Aquatic Ecology, Wildlife, Social Science Studies, Spruce-Fir Ecosystems in the Southern Appalachians, and Environmental Monitoring of Mountain Stream Ecosystems. Copies may be obtained by writing the NPS, SE Regional Office, 75 Spring St., S.W., Atlanta, GA 30303.
