RE Certificate Record Book No. U.W. 10, Pages 613, 623, 634, 636

Dear Appropriators:

This is to advise you that your proof of appropriation were approved by the State Board of Control on May 10, 2001 for the following rights:

<u>Permit No.</u>	<u>Facility</u>	<u>Amount Appropriated</u>
U.W. 9445	Hertz-Avie No. 1 Well	10 g.p.m.
U.W. 12711	Ranger No. 1 Well	10 g.p.m.
U.W. 109308	AMP Mine Well No. 1	757 g.p.m.
U.W. 120503	Control Tower No. 1 Well	25 g.p.m.

An Order will be released shortly, reflecting these appropriations. Set on will be several months before the certificates will be ready to mail to the County Clerk for recording. This is due to the update that is required through our data processing section and the State Archives Department.

Simultaneously, as we do record your certificates, we will advise you so you can be aware that the County Clerk will be forwarding your recorded certificates shortly thereafter.

Very truly yours,

Allan Cunningham

Re: Permit No. U.W. 9445, Hertz-Avis #1 Well
 Permit No. U.W. 13743, Hanger No. 1 Well
 Permit No. U.W. 108358, ARFF FIRE WELL #1
 Permit No. U.W. 120503, Control Tower #1

Dear Mr. Larson:

On August 6, 1997, a field inspection was conducted by Cheryl Verplancke and me for the purpose of adjudication, or finalization, of the water rights for airport wells. During that trip, we located and identified these two other wells which had been permitted and drilled on airport property about 30 years ago. We determined that these wells are still operative and serving beneficial uses for a couple airport facilities; and we recommended that they be adjudicated. We did receive a map certifying to the surveyed locations of each, and I prepared forms (Proof of Appropriation and Beneficial Use of Ground Water -- Part III) reflecting personal observations as they relate to the permitted uses of water from these wells.

On July 15, 1999, John Harju conducted the field inspection of the ARFF Well, Permit No. U.W. 108358. On August 2, 2000, Cheryl Verplancke conducted the field inspection of the Control Tower #1 Well, Permit No. U.W. 120503. Proof forms for these two inspections are also enclosed.

These forms must be signed before a Notary Public in the spaces indicated with the red X, then returned to our office with a \$30.00 adjudication fee per proof (\$120.00 total for these four) made payable to the WYOMING BOARD OF CONTROL. Following publication, the proofs will be submitted to the State Board of Control, which will issue CERTIFICATES OF APPROPRIATION, finalizing the water right.

If you have questions, please call me at (307) 777-6158. Thank you so very much for your assistance in this matter.

Sincerely,

CAROL LACY

GORDON W. FASSETT
STATE ENGINEER

February 7, 2000

Jackson Hole Airport Board
PO Box 159
Jackson, WY 83001

RE: Receipt of Map to Accompany Proof of Appropriation and Beneficial Use of Ground Water,
Permits UW 120503, Control Tower #1.

Jackson Hole Airport Board:

This is to confirm that on January 20, 2000 our office received the Map to Accompany Proof of Appropriation and Beneficial Use of Ground Water for the above referenced permit filed by Jackson Hole Airport Board. The map was prepared by Scott A Scherbel, LS Reg. No. 3889, and meets the requirements set forth in our regulations. At this time no further action is required of the surveyor or applicant.

The next step in the adjudication (finalization) process for the water right is a field inspection conducted by ground water division personnel to verify all records in the State Engineers office are consistent with the actual use of the ground water. Field inspections are conducted only during the irrigation season, normally April through October, and require a pump test to check well production and an observation of the conveyance of water to the lands specified in the permit. Our field schedule has not been finalized at this time. An attempt will be made to contact you to arrange a mutually acceptable time to conduct the inspection.

If you have questions, please contact me at (307) 777-7730.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeremy T. Manley", is written over a horizontal line.

JACKSON WY 83001

Dear Applicant or Agent:

RE: CP CORP, G. DORRIS FAMILY LTD Part,
HARDENMAN, JACKSON HOLE AIRPORT, RAYBOOD

You are advised that the State Engineer approved the following application(s) to appropriate ground water for DOMESTIC use on NOVEMBER 17, 1999. A copy of each permit is enclosed. Also enclosed are forms and instructions for submitting data to the State Engineer relating to the completion of the well and the beneficial use of the water, as required by law.

PERMIT NUMBER - WELL NAME
U.W. 120498-120504 - CP CORP #1
WELL LOCATION- NWNE 23-41-117

By statute the well must be completed and the water beneficially utilized by December 31, 2000. **IF THE REQUIRED NOTICES ARE NOT RETURNED TO THIS OFFICE WITHIN THE STATUTORY TIME LIMITS SET FORTH, THE PERMIT(S) WILL BE SUBJECT TO CANCELLATION, WHICH ACTS AS A FORFEITURE OF THE WATER RIGHT GRANTED BY THIS PERMIT.**

An extension of time may be requested for completion of work when good reason is provided. A request for such extension must be received in the State Engineer's Office prior to the expiration date shown on the permit. Requests for extension of time must indicate due diligence on the part of the applicant to comply with the time limits imposed by this permit. *(PLEASE NOTE: The conditions and limitations of your permit may NOT allow an extension of time.)*

Sincerely,

Richard G. Stockdale, Administrator
Ground Water Division
