Mission: To advance citizen science through communication, coordination, and education

Vision: A world where people understand, value, and participate in science

Goals: The Citizen Science Association actively works to:

- Establish a global community of practice for citizen science.
- Advance the field of citizen science through innovation and collaboration.
- Promote the value and impact of citizen science.
- Provide access to tools and resources that further best practice.
- Support communication and professional development services.
- Foster diversity and inclusion within the field.

New peer-reviewed journal – Open for submissions

Biennial conferences

CitSci2017 – February 23-25 – Raleigh, North Carolina

Website and lots of resources

DataONE

**Professional development
Coming soon . . .**

To get involved – publish in the journal, attend the conference, share resources, join the email list (at one of the websites below), join a working group, or create a new one.

Existing working groups:
