Eureka File

No. _____

NAME Lost Man Creek Tributary to Prairie Creek River system Redwood Cr.

Other names _____

County Humboldt Township 11 N Range 1 E Sec. 23

Tributaries No named Tribs.

STREAM SECTION	UPPER	MIDDLE	LOWER	STREAM SECTION	UPPER	MIDDLE	LOWER
Length		5 Mi. entire length		Altitude	300 to 30'		
Minimum flow		2 S.F.		Torrential			
Constant		Yes		Rapid			
Intermittent				Medium	Yes		
Discharge				Slow			
Minimum temperature		55		Type of bottom	Sand and gravel		
Average width		9'		Average depth	4"		
Obstructions		None		Diversions	Yes See note		
Dike present		"		Open or closed	"	"	"

STREAM SECTION	UPPER	MIDDLE	LOWER
Character of drainage basin	Rough timbered hills		
Dominant trees, brush	Redwood, alders, and	usual smaller growths	
Spawning grounds	Common entire stream		
Fish food	Abundant; usual types		
Fishes present	S.S., S.H., and C.T.		
Degree fished	None		
Stocking accessibility	Road $\frac{1}{2}$ mile up stream		
Stocking recommendations	S.H. and S.S.		

Past stocking—species and success Heavy plants of S.S. successful. Other types doubtful.

Extent of natural propagation S.S. extensive.

Sources of data Wm. J. Harp--A.E. Burghduff

References Same

Additional data F. & G. operate hatchery on stream and divert water at point $\frac{1}{2}$ mile above mouth of stream; water after passing thru hatchery returned to stream. Good spawning conditions results in heavy silver salmon reproduction.
