A detailed map of the Nauset Marsh area. The Nauset River flows from the bottom center towards the top right, where it meets Nauset Beach. To the left of the river, there is a large marsh area. Further left, the coastline includes Marconi Beach, Nauset Light Beach, and Coast Guard Beach. Several islands are shown in the river and along the coast, including Pocket Island and Sampson Island. The map uses various shades of green to represent different types of vegetation and blue for water bodies.
