National Park Service
Natural Resource Stewardship and Science
Fort Collins, Colorado

The National Park Service, Natural Resource Stewardship and Science office in Fort Collins, Colorado, publishes a range of reports that address natural resource topics. These reports are of interest and applicability to a broad audience in the National Park Service and others in natural resource management, including scientists, conservation and environmental constituencies, and the public.

The Natural Resource Data Series is intended for the timely release of basic data sets and data summaries. Care has been taken to assure accuracy of raw data values, but a thorough analysis and interpretation of the data has not been completed. Consequently, the initial analyses of data in this report are provisional and subject to change.

All manuscripts in the series receive the appropriate level of peer review to ensure that the information is scientifically credible, technically accurate, appropriately written for the intended audience, and designed and published in a professional manner.

This report received informal peer review by subject-matter experts who were not directly involved in the collection, analysis, or reporting of the data. Data in this report were collected and analyzed using methods based on established, peer-reviewed protocols and were analyzed and interpreted within the guidelines of the protocols.

Views, statements, findings, conclusions, recommendations, and data in this report do not necessarily reflect the views and policies of the National Park Service, U.S. Department of the Interior. Mention of trade names or commercial products does not constitute endorsement or recommendation for use by the U.S. Government.

This report is available in digital format from the NPS Visitor Use Statistics website and the Natural Resource Publications Management website. If you have difficulty accessing information in this publication, particularly if using assistive technology, please email irma@nps.gov.

Acknowledgments

The author wishes to acknowledge the assistance of student interns M. Brown and N. Immadisetty with quality control, error checking and data management for the 2018 visitor use data collection season.

Introduction and Summary

In 2018, visitation to National Park System units exceeded 300 million for the fourth year in a row. The NPS received 318,211,833 recreation visits which is the third highest year for visitation since record-keeping began in 1904. Recreation visits were down 12.7 million visits (3.8% decrease) and recreation visitor hours were down 45.6 million hours (3.2% decrease) from 2017. Twenty eight NPS units set a new record for visitation in 2018 and 17 of these parks broke a record they set in 2017. Three units had over 10 million visits and 77 units (20% of reporting parks) had more than 1 million visits. Several parks passed milestone recreation visit records including Death Valley National Park (over 1.5 million annual recreation visits) and Petroglyph National Monument (over 250,000 annual recreation visits). A few parks passed milestones for accumulated visitation since record keeping began at the park including Minute Man National Historical Park passing 50 million total recreation visits and Boston African American National Historic Site, Lewis and Clark National Historical Park, Lyndon B. Johnson National Historical Park, Nez Perce National Historical Park and Scotts Bluff National Monument all passing 10 million total recreation visits.

Total annual overnight stays were also down from 2017 (5.8% decrease). Only RV overnight stays in NPS operated campgrounds were up (0.6% increase); all other categories of overnight stays were down.

Several factors influenced NPS visitation in 2018. Lingering closures from 2017 hurricanes affected visitation in Caribbean and Florida parks. Wildland fires affected visitation to many California parks, especially Whiskeytown National Recreation Area, Santa Monica Mountains National Recreation Area and Yosemite National Park. Kilauea volcano at the heart of Hawai'i Volcanoes National Park had a major eruption which caused closures to most of the park mid-May through mid-September.

A change has been made to the content of this abstract. Acreage data have been removed from this and future abstracts. National Park Service acreage reports for 2018 and previous years can be found online at https://www.nps.gov/subjects/lwcf/acreagereports.htm or through a link on the NPS Visitor Use Statistics National Reports page under Park Acreage Reports (1997 – Last Calendar / Fiscal Year).

In the pages that follow, a series of tables and figures display visitor use data for calendar year 2018. By documenting these visits across the National Park System, the NPS Statistical Abstract offers a historical record of visitor use in NPS units and provides NPS staff and partners with a useful tool for effective management and planning. In 2018, 385 of 418 NPS units collected visitor use data; the remainder are unable to do so for a variety of reasons, such as administration by another agency, non-federal land ownership or new parks that lack staff and facilities for management of visitor statistics.

The responsibility for compiling and summarizing visitation records lies with the Social Science Program in the Environmental Quality Division, Natural Resource Stewardship and Science Directorate. The Program relies on the conscientious efforts of NPS field staff to count, record and report visitor use. This system of collecting and analyzing monthly visitor use data is combined with continuous review and assessment of park counting procedures to ensure consistency and accuracy of

data. Detailed, unit-specific instructions for the units that collect data are available on the Visitor Use Statistics website (https://irma.nps.gov/Stats/).

In addition to this Abstract, the Social Science Program produces monthly visitation summaries and reports displaying trends in park visitation and changes in visitation patterns over time. These reports are available on the Visitor Use Statistics website. Additional reports prepared by the Social Science Program may be found on the NPS Social Science Program subject website (https://www.nps.gov/subjects/socialscience/index.htm).

2018 Visitor Use Data

The following tables and figures record visitor use data for units of the National Park System in 2018; some tables and figures compare those data to 2017. Endnotes that apply to multiple tables, definitions for terms, and abbreviations used in the tables can be found at the end of this document.

Recreation Visits by Type of Unit

Table 1 lists the number of recreation visits by type of unit in 2018. Of 418 units, 385 reported visitor use statistics (see pages 35 and 36 for a list of units that did not report visitor use). National parks received the highest percentage of recreation visits (26%), followed by national recreation areas (16%) and national memorials (11%). The figures that follow show percentage of recreation visits by type of unit (Figure 1) and a comparison with 2017 by type of unit (Figure 2).

Table 1. 2018 Recreation Visits by Type of Unit

Units Administered by Type	Percent of Total Visits*	2018 Recreation Visits	Percent Change from 2017**	Units Reporting Visits	Units Administered

*Percents do not equal 100 due to rounding.

**Percents by park type do not add to total because each row is a separate percent change by park type.

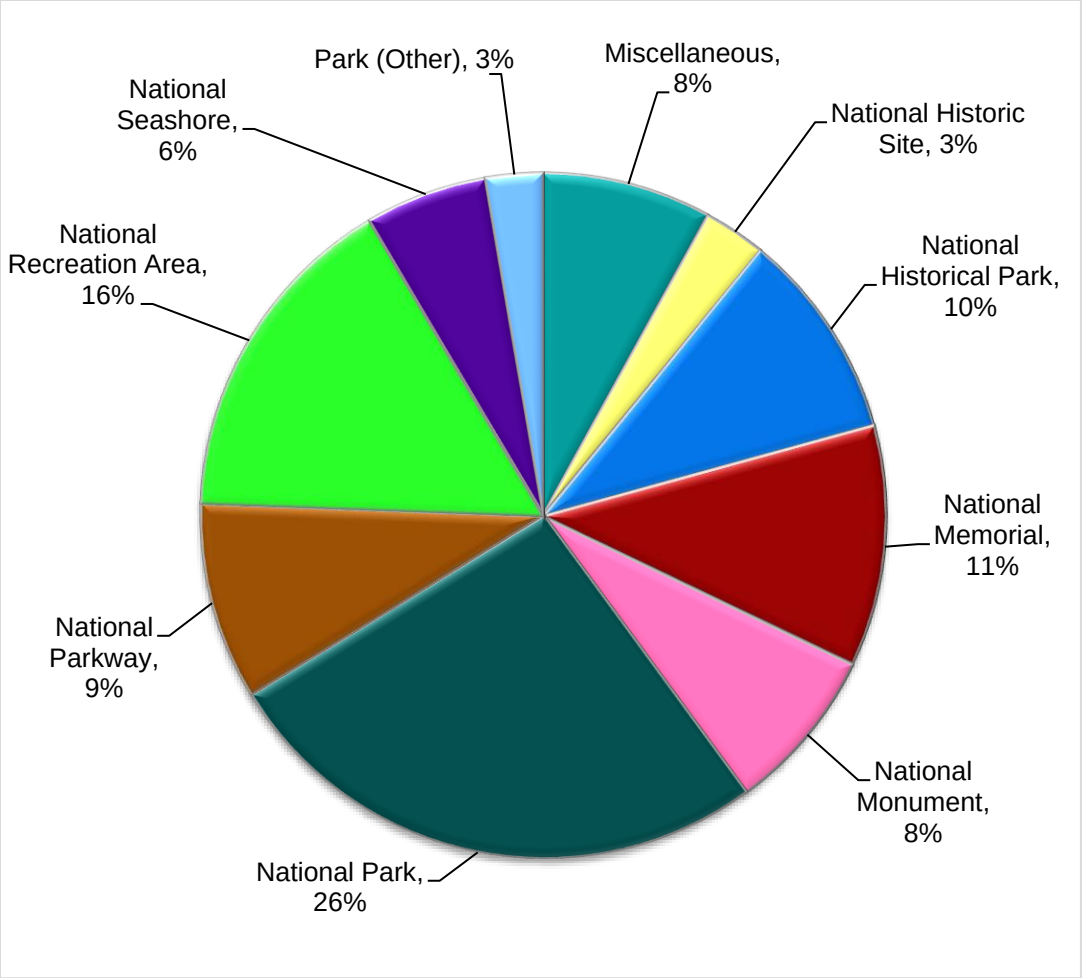

Figure 1. Percentage of Recreation Visits by Type of Unit, 2018*

**Note.* Miscellaneous includes those categories listed in Table 1 but not broken out in this figure: international historic site, national battlefield, national battlefield park, national lakeshore, national military park, national preserve, national reserve, national river, and national wild & scenic river

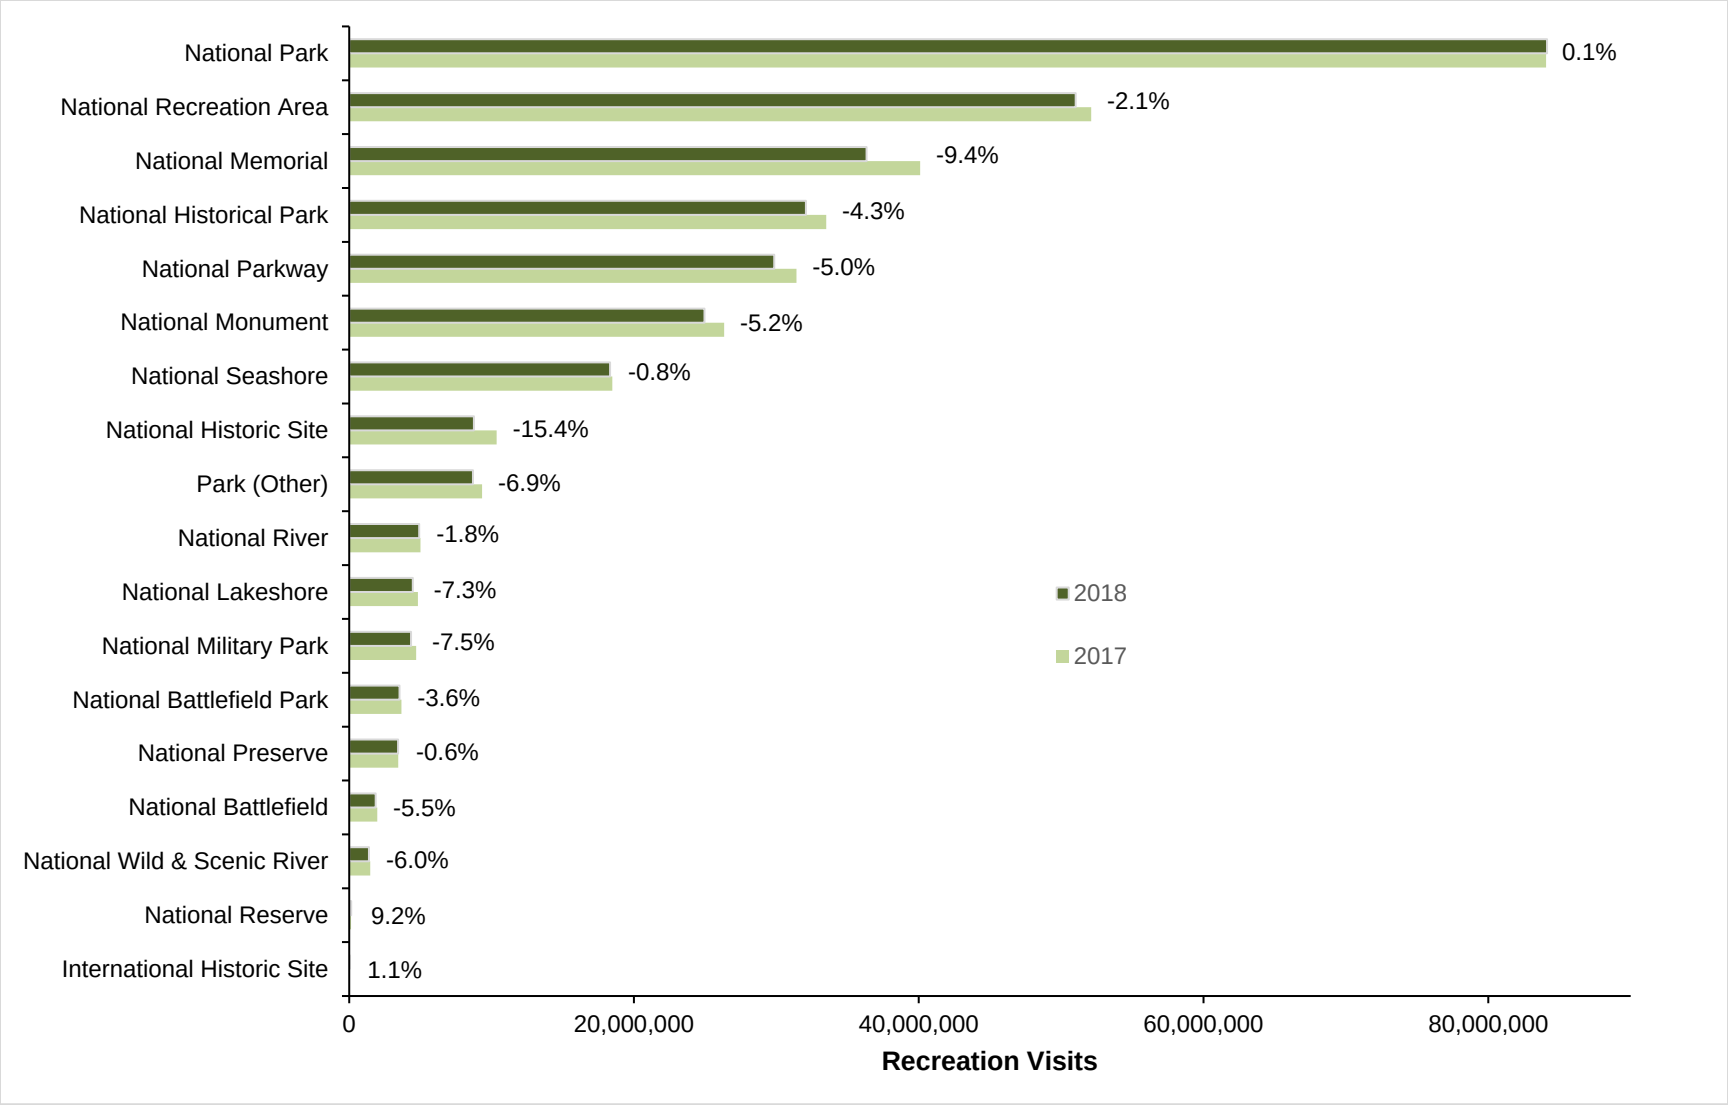

Figure 2. Recreation Visits by Type of Unit, 2017 and 2018 (Bar labels indicate percent change from 2017 to 2018)

Recreation Visits by State

Table 2 reports 2018 NPS recreation visits in each state, the District of Columbia, and the U.S. territories of American Samoa, Guam, Puerto Rico and the U.S. Virgin Islands. The table also shows 2017 recreation visits and the percent change in recreation visits from 2017 to 2018. Figure 3 displays this change for each state and territory with the exception of Delaware, which currently does not have a reporting NPS unit. Overall, the number of recreation visits is down 3.8% from 2017 (318,211,833 in 2018 compared to 330,882,751 in 2017).

Table 2. 2018 Recreation Visits by State and U.S. Territory Compared to 2017

State	Recreation Visits 2018*	Recreation Visits 2017*	Percent Change**
Alabama	1,020,975	968,244	5.4%

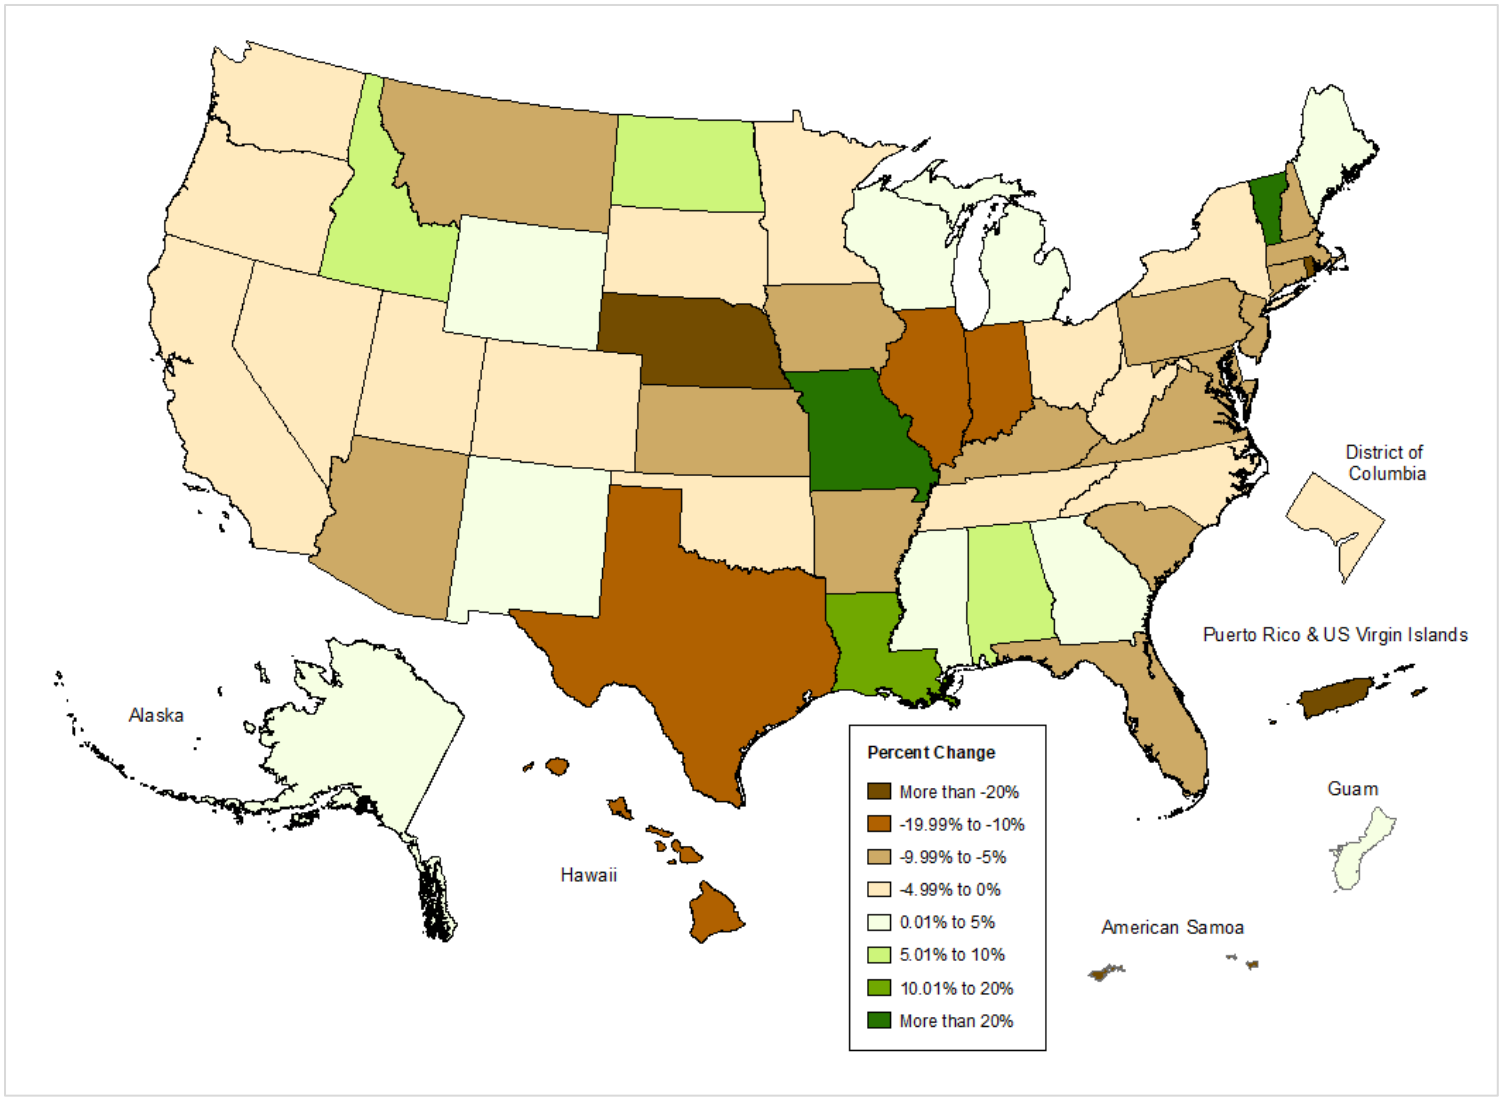

Figure 3. Percentage Change of Recreation Visits by State or Territory, 2017 to 2018

Recreation Visits / Visitor Days by Region

Table 3 shows the number of recreation visits, visitor days and change from the previous year for the seven NPS regions. Figure 4 compares 2017 and 2018 recreation visits by region. Visits were up for the Alaska Region and down for the other six regions. Recreation visitor days were down for all seven regions.

Table 3. 2018 Recreation Visits / Visitor Days and Change from 2017 by Region

Region	Recreation Visits	Percent Change*	Recreation Visitor Days	Percent Change*
Alaska Region	2,920,249	4.8%	2,028,828	-0.2%
Midwest Region	21,807,708	-1.8%	5,901,373	-4.1%
National Capital Region	54,174,137	-6.4%	4,420,694	-7.4%
Intermountain Region	55,770,379	-2.9%	37,069,473	-2.7%
Northeast Region	57,039,300	-4.3%	13,344,334	-4.5%
Southeast Region	63,170,592	-3.5%	24,071,686	-3.3%
Pacific West Region	63,329,468	-3.3%	29,948,627	-2.3%
NPS Total	**318,211,833**	**-3.8%**	**116,785,016**	**-3.1%**

*Percents by region to not add to total because each row is a separate percent change by region.

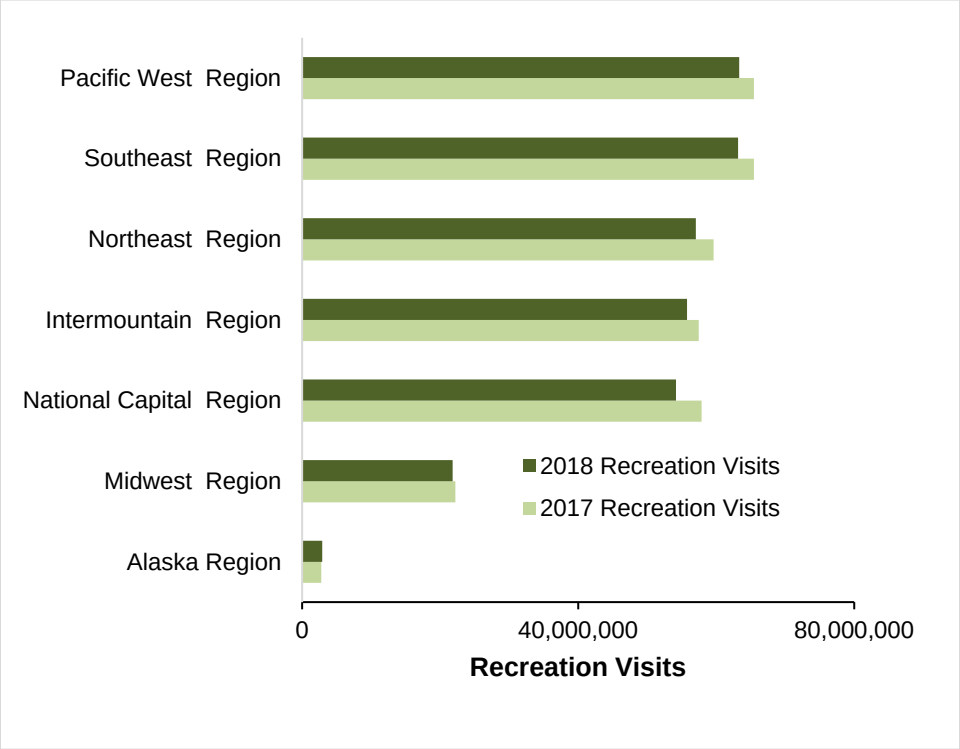

Figure 4. Recreation Visits by National Park Service Region for 2017 and 2018

Recreation Visits / Visitor Days by Population Center

Table 4 shows the number of recreation visits, visitor days and change from the previous year for NPS units by population centers. Population centers are defined in the Definitions section at the end of the abstract. Figure 5 compares 2017 and 2018 recreation visits by population center. Recreation visits increased for Remote Areas and decreased for the other five designations. Recreation visitor days increased in Remote Areas and Suburban Areas and decreased for the other four designations. Some of the increase in Suburban Areas Recreation Visitor Days was due to a corrected reporting error for Golden Gate NRA[5] (superscript reference can be found in the Endnotes).

Table 4. 2018 Recreation Visits / Visitor Days and Change from 2017 by Population Center

Population Center	Recreation Visits	Percent Change*	Recreation Visitor Days	Percent Change*
Remote Area	2,278,821	4.0%	1,198,099	1.5%
Outlying Area	37,601,191	-1.2%	21,191,810	-1.1%
Suburban Area	46,380,858	-0.5%	11,965,527	11.3%
Mixed Area	69,742,042	-5.2%	31,057,362	-4.8%
Rural Area	76,200,843	-4.1%	42,127,196	-6.5%
Urban Area	86,008,078	-5.4%	9,245,021	-3.0%
NPS Total	**318,211,833**	**-3.8%**	**116,785,016**	**-3.1%**

*Percents by center do not add to total because each row is a separate percent change by center

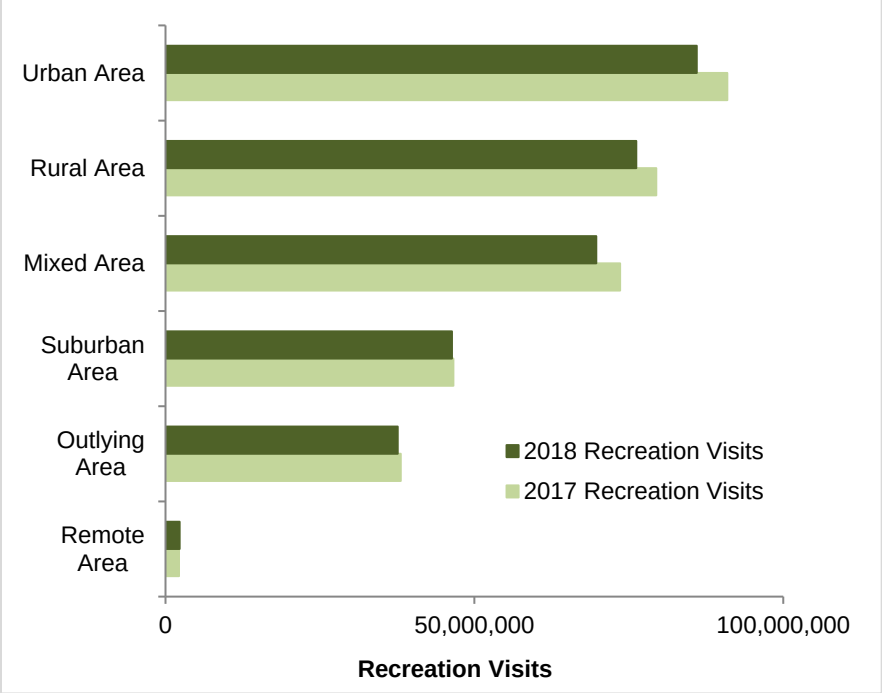

Figure 5. Recreation Visits by Population Center for 2017 and 2018

Recreation Visits / Visitor Days and Non-Recreation Visits / Visitor Days by Park

Table 5 is a complete record of recreation visits and visitor days for all NPS units reporting visitor use data. The table also shows non-recreation visits and visitor days which include through traffic (commuters), persons going to and from inholdings, tradespeople with business in the park, and government personnel (other than NPS employees) with business in the park. All four statistics, recreation visits, non-recreation visits, recreation visitor days and non-recreation visitor days were down in 2018 compared to 2017. Superscript references can be found in the Endnotes.

Average Recreation Visits per Day to NPS Units

Visitation to NPS units varies throughout the year. The service-wide average of visits per day, broken down by month, is shown in Figure 6. July had the highest average visits per day at 1,439,883; January had the lowest at 407,611. Visits in May and June were up very slightly over 2017 while all other months were down. May saw the largest percent increase at 0.2% while January saw the greatest decrease at -11.9%.

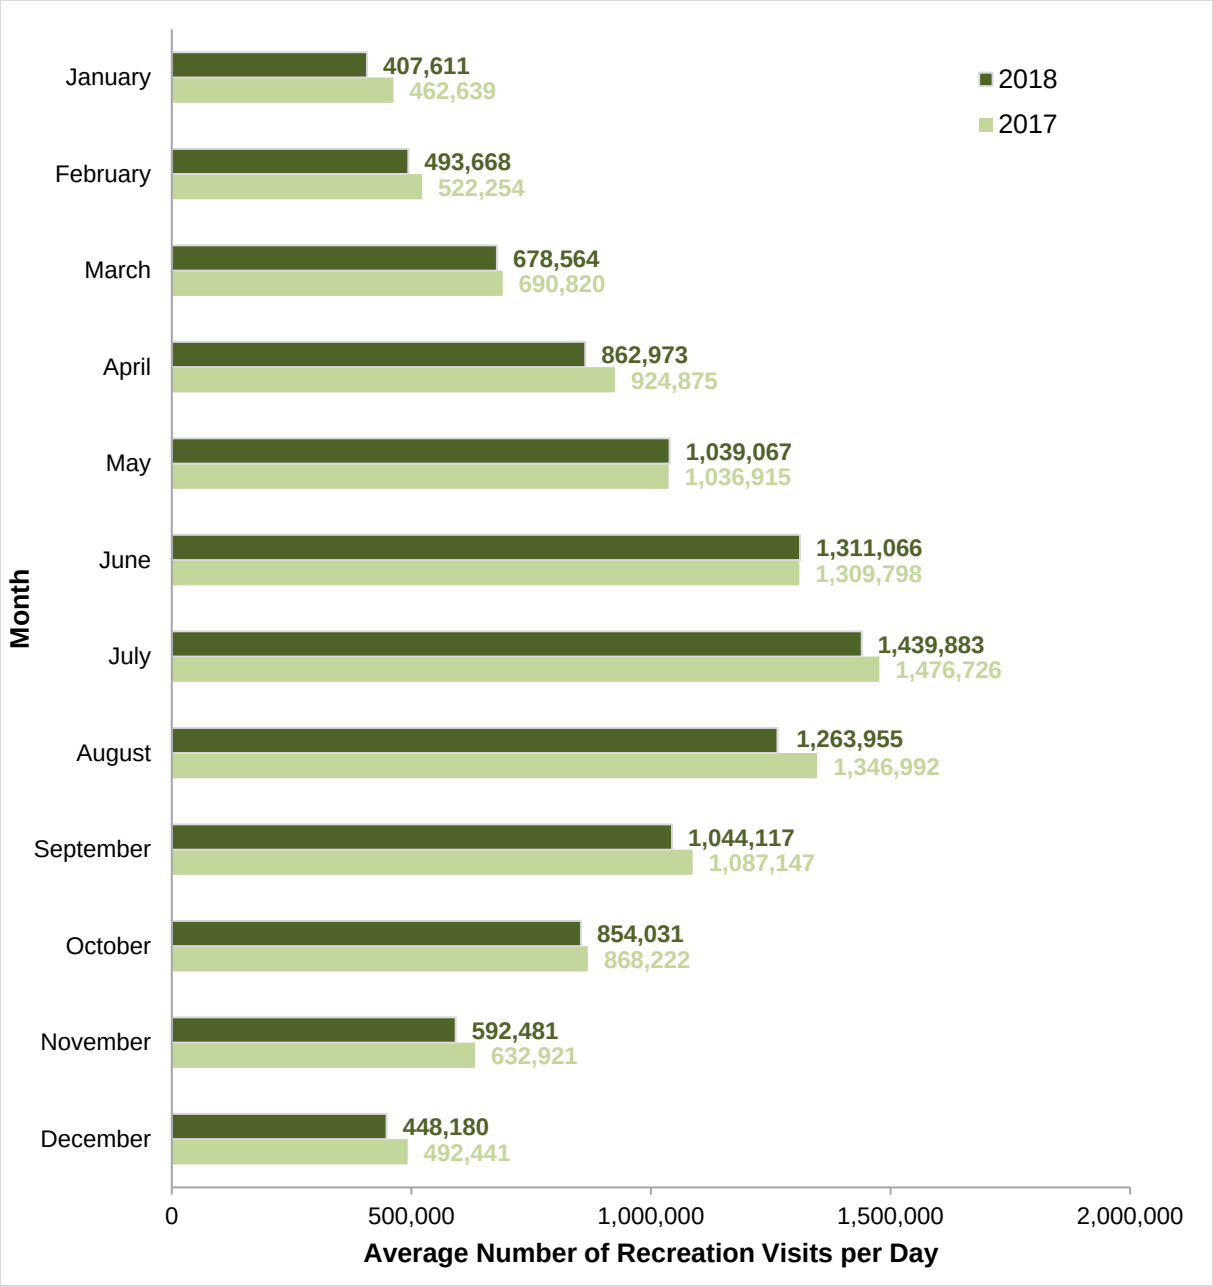

Figure 6. Average Number of Recreation Visits per Day to NPS Units by Month, 2017 and 2018

Overnight Stays

In addition to recreation visits, the National Park Service tracks the number of overnight stays, which are defined as one night within a park by a visitor. One visitor staying 10 nights or 10 visitors staying one night apiece both equal 10 overnight stays. Table 6 shows the number of overnight stays by NPS unit in concessioner lodging, concessioner campgrounds, NPS campgrounds (separated by tent overnights and RV overnights), backcountry and miscellaneous locations (any location not otherwise defined such as sleeping aboard boats). The number of non-recreation overnight stays, such as leaseholders, line shacks for ranchers, and government personnel other than NPS employees, are also included. In 2018, NPS units recorded 13,950,759 overnight stays which is a 5.8% decrease from 2017. Figure 7 shows the trend for overnight stays by category for the most recent 25 years (1994 to 2018). Superscript references can be found in the Endnotes.

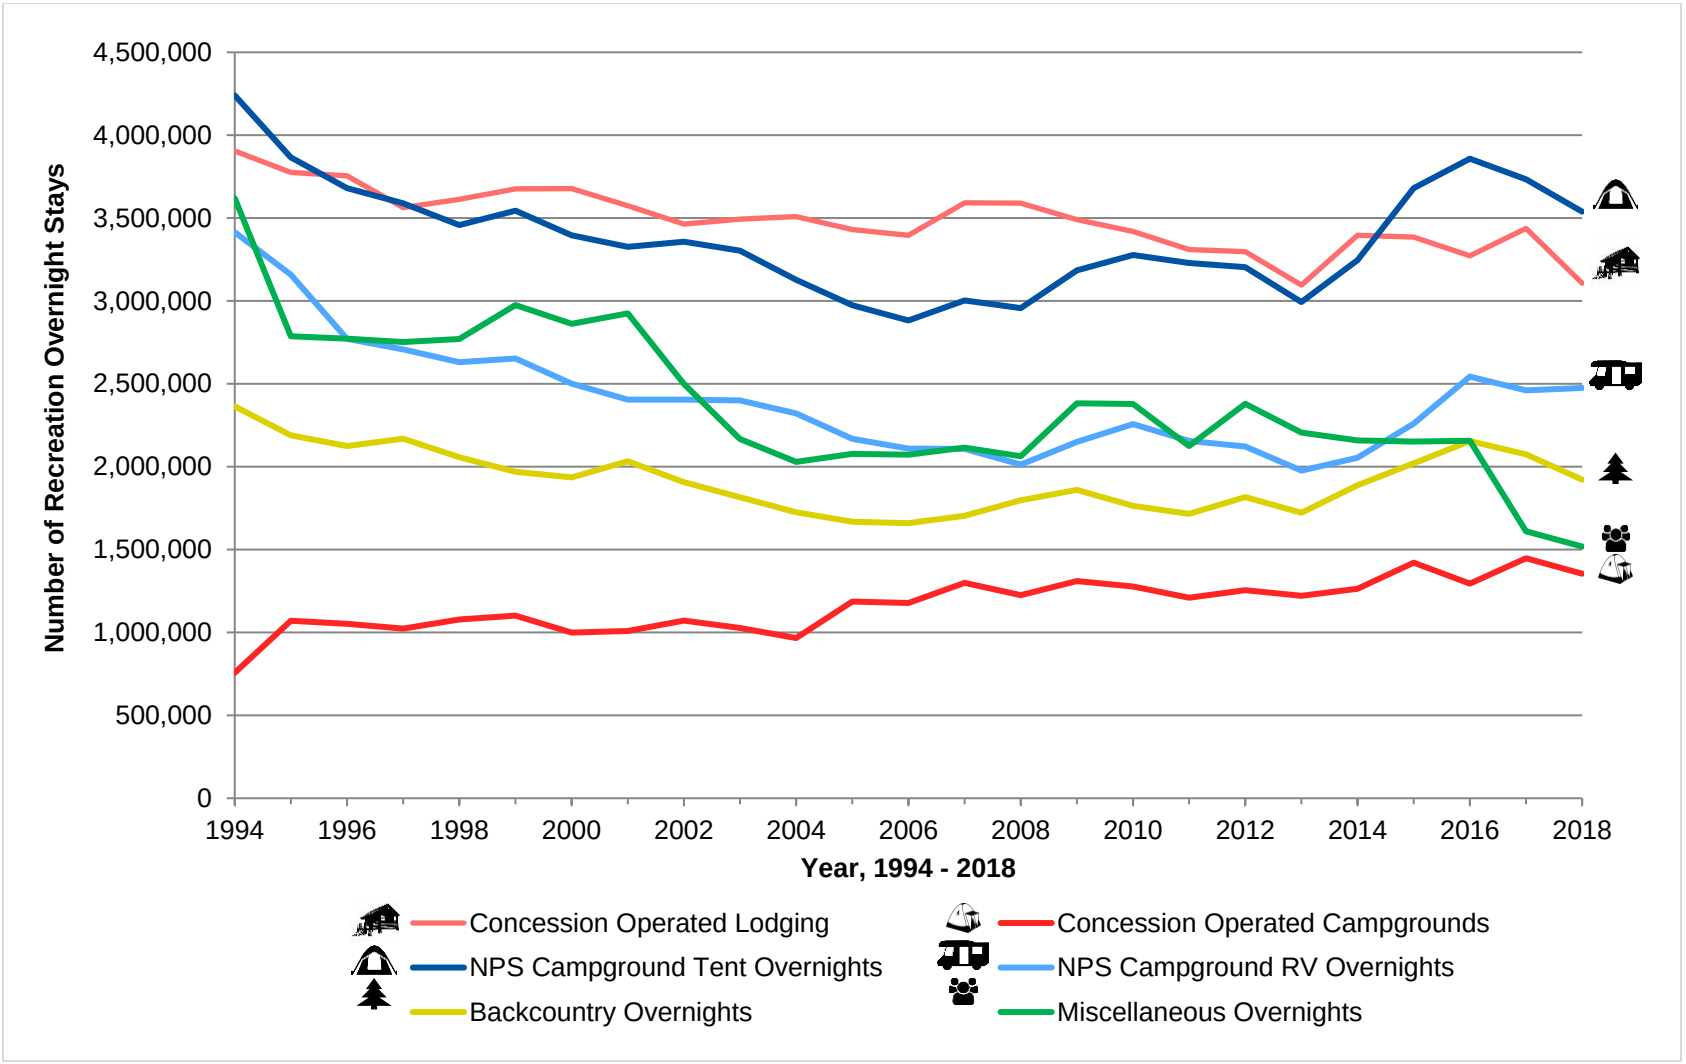

Figure 7. Recreation Overnight Stays by Category and Year, 1994-2018

Affiliated and Non-Reporting Areas

Areas affiliated with, but not officially considered a unit of, the National Park System do not report visitor use data. Also, some NPS units were unable to report for a variety of reasons such as joint administration, non-federal land ownership or new parks that lack staff and facilities for management of visitor statistics. Lists of affiliated and non-reporting areas are provided below. Superscript references can be found in the Endnotes.

Affiliated Areas

- Aleutian World War II National Historic Area
- American Memorial Park
- Benjamin Franklin NMEM
- Chicago Portage NHS
- Chimney Rock NHS
- Fallen Timbers Battlefield and Fort Miamis NHS
- Father Marquette NMEM
- Gloria Dei (Old Swedes) Church NHS
- Green Springs National Historic Landmark District
- Historic Camden Revolutionary War Site
- Ice Age National Scientific Reserve
- International Peace Garden
- Inupiat Heritage Center
- Jamestown NHS
- Kate Mullany NHS
- Lower East Side Tenement NHS
- Natural Bridge State Park
- Oklahoma City NMEM
- Pinelands NRES
- Red Hill Patrick Henry NMEM
- Roosevelt Campobello International Park
- Thomas Cole NHS
- Touro Synagogue NHS
- Wing Lake Museum of the Asian Pacific American Experience

Areas Not Reporting Visitor Use

- Alagnak Wild River

- Appalachian NST
- Birmingham Civil Rights NM
- Blackstone River Valley NHP
- Boston Harbor Islands NRA
- Brices Cross Roads NBS
- Camp Nelson NM[1]
- Castle Mountains NM
- Cedar Creek and Belle Grove NHP
- Constitution Gardens
- Delaware NSR
- Ebey's Landing National Historical Reserve
- First State NHP
- Fort Monroe NM
- Freedom Riders NM
- Great Egg Harbor S&RR
- Harriet Tubman NHP
- Harriet Tubman Underground Railroad NHP
- Hohokam Pima NM
- Honouliuli NM
- Katahdin Woods and Waters NM
- Natchez Trace NST
- National Mall
- Potomac Heritage NST
- Poverty Point NM
- Pullman NM
- Reconstruction Era NM
- Tule Springs Fossil Beds NM
- Tupelo NB
- Valles Caldera NPRES
- Virgin Islands Coral Reef NM
- World War I MEM
- Yucca House NM

Recreation Visits / Visitor Days by State and U.S. Territory

Table 7 documents the number of recreation visits and visitor days for all NPS units that reported visitor use data in 2018 by state and displays the percent change from the previous year. It is an expansion of Table 2 (2018 Recreation Visits by State and U.S. Territory Compared to 2017) and organizes recreation data in Table 5 (2018 Recreation Visits / Visitor Days and Non-Recreation Visits / Visitor Days by Park and Percent Change from 2017) by state. Superscript references can be found in the Endnotes.

Table 7. 2018 Recreation Visits / Visitor Days and Percent Change from 2017 by State and U.S. Territory

State	Park	Recreation Visits*	Percent Change**	Recreation Visitor Days*	Percent Change**
Alabama	Horseshoe Bend NMP	48,491	-34.7%	9,422	-37.2%

Endnotes

Endnotes are defined with fixed numeric identifiers that apply to Tables 1-7.

[1]New units not reporting visitation

- Camp Nelson NM

[2]Combined areas reporting separately

- Data for the following areas *Klondike Gold Rush NHP – Alaska* and *Klondike Gold Rush NHP – Seattle* are reported separately but are classified as *Klondike Gold Rush NHP*
- The following area is combined with *National Capital Parks Central* and breakdown is not available: *Constitution Gardens*

[3]Changes in counting procedures

Data for the following areas require special adjustments to be comparable with earlier data.

- Apostle Islands NL (Updated non-reportable vehicles at Meyers Beach; added commercial kayak shuttles and passengers at Little Sand Bay and Meyers Beach)
- Assateague Island NS (Added horse camper overnight stays)
- Badlands NP (Changed from sites occupied times multiplier to direct count of overnights at Cedar Pass Campground; changed classification of group overnights at Cedar Pass from Miscellaneous to Concessioner Campground)
- Big Thicket NPRES (Added visitation estimate for Confluence area; updated method for estimating hunters)
- Buffalo NR (Removed counts at Pruitt Information Station; changed from vessels times multiplier to direct counts of visitors using watercraft; updated list of commercial providers; changed from fixed estimate of rafters, hunters, and fishermen to estimates by park personnel; added horseback riders to upper district; added counts at Shineye Road and Spring Creek; updated traffic adjustments in lower district)
- Catoctin Mountain Park (Removed division by 2 on Visitor Center, Park Central and Foxville-Deerfield traffic counts; updated persons per vehicle multiplier for recreation visits)
- Crater Lake NP (Updated persons per vehicle multipliers)
- Death Valley NP (Added counts from Daylight and Saline Valley traffic counters; added Backcountry Overnight Stays)
- Delaware Water Gap NRA (Added Valley View campground to Miscellaneous Overnight Stays)
- Devils Postpile NM (Added Pacific Coast Trail and John Muir Trail counts to recreation visits and hours)
- Everglades NP (Campground overnights changed from NPS tent and RV to Concession Campground Overnight Stays; changed from manual count of non-recreation vehicles to estimate based on recent data)

- Flight 93 NMEM (Updated recreation visits to choose higher of Visitor Center count or estimate from traffic count; changed length of stay from 1 hour to 1.75 hours per visit)
- Golden Gate NRA (Estimates for traffic counts in old Table 1 were removed from the calculations)
- Grand Canyon NP (Updated persons per vehicle multipliers)
- Gulf Islands NS (Added counts and hours from Pensacola Bay Cruises)
- John Muir NHS (Removed Environmental Learning Program from recreation visitor hours)
- Kenai Fjords NP (Added a comparison count at Exit Glacier to choose higher of estimate from traffic counter or Harding Icefield Trail)
- Keweenaw NHP (Added counts and visitor hours for Dry House ruins)
- Lake Mead NRA (Changed from a count of canoes times a multiplier to a direct count of paddle craft / canoe users)
- Mammoth Cave NP (Changed from estimate of private canoes using multiplier to fixed estimate; updated from ranger observations to Green River Ferry operator observations for motorboat and canoe/kayak launches; added estimate of canoes/kayaks for Nolin Tailwaters area; added Collie Ridge trail counts; removed Lincoln trail, picnic shelter and Double "J" riding counts; updated surface visits from 10% to 7% of cave visits; updated length of stay for cave visits and overnights)
- Manhattan Project NHP (Updated method for Hanford to reflect visits to VCS, tours and education programs; changed from comparison count to manual count of visits at Los Alamos; added some fields for estimating length of stay; removed non-recreation visits and hours)
- Palo Alto Battlefield NHP (Added visits to Resaca de la Palma unit; added visitors who enter park on hike and bike trails)
- Paterson Great Falls NHP (Updated persons per vehicle multipliers)
- Petroglyph NM (Added trail count at Boca Negra Bike Path)
- Timpanogos Cave NM (Removed estimates by season; removed estimates based on when Visitor Center is open; replaced entire count system with visitors on cave tours plus visitors who do not take tours (trail only hikers, picnic area users, visitors to non-cave programs, visitors who enter VC but do not take a tour); updated some length of stay multipliers to represent updated count system)

[4]Partial or temporary closing

Data for the following areas require special adjustments to be comparable with earlier data.

- Andrew Johnson NHS (Homestead closed until April for HVAC installation)
- Arlington House The R.E. Lee MEM (Park closed starting March 19, 2018 for renovations)
- Big Cypress NPRES (Mitchell's Landing and Pinecrest campgrounds closed in January due to hurricane damage)

- □ Boston NHP (Faneuil Hall closed for renovations January – mid-May; Great Hall closed for renovations January – mid-June)
- □ Bryce Canyon NP (Several backcountry campsites closed due to fire September through November)
- □ Cape Lookout NS (Park closed September 10 to 23 for Hurricane Florence, some lingering closures in following months)
- □ Chamizal NMEM (Gallery closed this year; theater closed until April)
- □ Christiansted NHS (Steeple Building closed for renovations all year)
- □ Clara Barton NHS (Park closed for renovations through late October)
- □ Everglades NP (Lingering closures from 2017 hurricanes; Everglades City and Gulf Coast VC closed all year)
- □ Ford's Theatre NHS (Petersen House closed for renovations)
- □ Fort Matanzas NM (Passenger ferry out of service due to Hurricane Irma January through April)
- □ Great Basin NP (Strawberry Creek closed all year due to wildfire recovery)
- □ Guadalupe Mountains NP (Dog Canyon Road closed January through March)
- □ Hawaii Volcanoes NP (Most of park closed due to Kilauea eruption May 11 through September 21; some areas remain closed indefinitely)
- □ Jewel Cave NM (Cave tours suspended starting October 15 for trail improvements)
- □ John D. Rockefeller, Jr. MEM PKWY (No Grassy Lake Road / backcountry camping this year)
- □ Kalaupapa NHP (Damien tours not operating June through September)
- □ Klondike Gold Rush NHP Alaska (Visitor Center closed in January and February for remodel)
- □ Lake Roosevelt NRA (Porcupine Bay Campground closed indefinitely due to mud slide)
- □ Mary McLeod Bethune Council House NHS (Park closed for two years to install fire and security system – park reopened December 8, 2018)
- □ Paterson Great Falls NHP (Overlook Park closed for construction most of year – reopened October 5, 2018)
- □ Port Chicago Naval Magazine NM (Park closed to public March, April, June, and September – intermittent closures the rest of the year)
- □ Salt River Bay NHS & Ecol Pres (Visitor Center closed all year due to hurricane damage)
- □ Santa Monica Mountains NRA (Wildland fires in early November forced closure of many areas of park – some persisted through the end of the year)
- □ Whiskeytown NRA (Park closed July 24 through August for Carr Fire – camping closed through end of year; many park areas remain closed because of fire damage)

- □ World War II Valor in the Pacific NM (Memorial closed starting May 6, 2018 through the end of the year due to damaged Memorial bridge and dock)
- □ Yosemite NP (Many parts of the park were closed mid-July to mid-August because of the Ferguson Fire)
- Zion NP (Kolob Canyons closed May through the end of the year)

[5]Error in Previous Years

Data for the following area requires special adjustment to be comparable with earlier data.

- □ Apostle Islands NL (The traffic count Meyers Beach Road has been incorrectly divided 2 from 2005 through 2017; backcountry overnights at Mainland West have been incorrectly added to Miscellaneous Overnights instead of Backcountry Overnights 1994 through 2017)
- □ Badlands NP (Since approximately 2010, tent and RV overnights in Cedar Pass campground have been incorrectly multiplied by a persons per site multiplier – they are direct counts of overnights, not sites occupied; group overnight stays at Cedar Pass have been incorrectly identified as miscellaneous overnight stays instead of concession campground overnight stays; this affects overnight stays counts and recreation visitor hours)
- □ Bandelier NM (Non-recreation visitor hours were incorrectly estimated using 0.15 hours instead of 0.25 hours per non-recreation visit)
- □ Bryce Canyon NP (Tent overnight stays have been incorrectly reported as RV overnight stays and RV overnight stays have been incorrectly reported as tent overnight stays from 1994 through 2017)
- □ Buffalo NR (Recreation visits for Lower District were missing backcountry counts; recreation visitor hours for Lower District was incorrectly using overnight length of stay instead of day use length of stay hour multiplier)
- □ Dayton Aviation Heritage NHP (From 2005 through 2017, recreation visitor hours were incorrectly using number of special events instead of special event attendance to estimate a portion of recreation visitor hours)
- □ Death Valley NP (Furnace Creek Ranch campground overnights were incorrectly added to concession campground overnights from 2014 through 2017; when estimating day use hours for those visitors who stay 12 hours, bus passengers at Furnace Creek were incorrectly removed from recreation visits instead of overnight stays at Stovepipe Wells)
- □ Golden Gate NRA (Recreation hours for visits to Marin Headlands area were missing from recreation visitor hours since 1994; some categories were inadvertently added into recreation visitor hours twice; Merrie Way was missing from recreation visitor hours)
- □ Grand Canyon NP (Winter visitors to the North Rim were missing from the recreation visitor hour calculation)
- □ Greenbelt Park (Some numbers in previous years were inadvertently misreported – issue corrected in 2018)

- National Park of American Samoa (Park inadvertently inflated visits measured at the Visitor Center late 2016 through 2017)
- San Francisco Maritime NHP (Base estimate for Aquatic Park visits was incorrectly using Hyde Street Pier hours times 16 instead of Visitor Center visits times 16 from 2009 through 2017)
- Whiskeytown NRA (Non-recreation visitor hours for Park Headquarters have been incorrectly added to recreation visitor hours from 2004 through 2017)

[6]Change in counts of units reporting visits

- Prior to 2014, *Klondike Gold Rush NHP* was added into Units Reporting Visits as two parks (Alaska and Seattle units). *Klondike Gold Rush NHP* is still reported as two parks in tables of this Abstract except for Table 1, where it is reported as only one park to correspond with other tables of park designations reported by the NPS.

[7]Change in unit designation

- Jefferson National Expansion Memorial changed name and designation to Gateway Arch NP
- Martin Luther King, Jr. NHS changed designation to Martin Luther King, Jr. NHP

Definitions

Affiliated Area: An area administered in connection with the National Park Service (NPS), which uses NPS assistance but is neither federally owned nor directly administered by the NPS.

Backcountry: One or more primitive or wilderness areas which are reached primarily by hiking, boating or horseback. This does not include developed campgrounds solely because they happen to be located on an island (e.g. at Isle Royale NP).

Campground: An area of land designated and developed for use as a camp.

Classification: Designated names for areas administered by the NPS may be found in the publication, *The National Parks: Index 2012-2016*.

Concessioner: A private company or an individual granted the privilege of providing facilities and services considered necessary by the NPS for accommodating visitors.

Concessioner Campground: An element of a concessioner operation involving services for overnight camping such as RV parks, tent campgrounds and trailer courts where trailers are not provided by the concessioner.

Concessioner Lodging: An element of a concessioner operation involving facilities for overnight lodging such as hotels, motels, cabins, cottages, trailer villages and trailer courts where trailers are available for rent by visitors.

Miscellaneous Overnight Stay: Any overnight stay not otherwise defined such as sleeping aboard boats, camping in organized group campsites, and/or any overnight stays not included in other categories. This excludes overnight stays on private inholdings, which are non-reportable.

Mixed Area Park: See **Population Centers**.

National Park Service (NPS): A Department of the Interior (DOI) bureau which administers approximately two dozen types of federal land, nationally significant for their scenic, natural, scientific, historical, or archaeological interest (see **CLASSIFICATION**). The NPS was established as a bureau of the DOI by an Act of Congress on August 25, 1916. The NPS does not administer National Forests (United States Department of Agriculture/Forest Service), Wildlife Refuges (United States Department of the Interior/Fish and Wildlife Service), or a variety of other public lands available for visitor use.

Negligible Transit: A brief, incidental entry into a park by passing traffic (vehicular or pedestrian) using NPS-administered grounds, roads, or walkways (see **Non-Reportable Visit**).

Non-Recreation Overnight Stay: A reportable non-recreation overnight stay is any overnight associated with non-recreation visits and includes leaseholders, line shack overnights for ranchers on park administered territory, government personnel other than NPS employees, nights on board commercial fishing vessels in NPS administered waters, researchers on non-NPS government business who stay overnight, and other related overnight stays.

Non-Recreation Visit: A reportable non-recreation visit includes the following.

- Persons going to and from inholdings across significant parts of park land;

- Commuter and other through traffic using Service-administered roads or waterways through a park for their convenience;
- Trades-people with business in the park;
- Any civilian activity a part of or incidental to the pursuit of a gainful occupation (e.g. guides);
- Citizens using NPS buildings for civic or local government business, or attending public hearings;
- Outside research activities (visits and overnights) if independent of NPS legislated interests (e.g. meteorological research).

Non-Reportable Visit: The entry into a park by NPS employees, their families, concession employees, members of cooperating associations, NPS contractors and service personnel are not reportable for visitor use. Specific situations include the following.

- Employees of the NPS who are assigned to the park or are visiting the park in connection with their duty assignment;
- NPS contractor, concession, and cooperating association employees;
- Temporary or permanent members in households of personnel otherwise included in this definition whose residence is in the park;
- Private tenants within NPS boundaries (inholders) if not crossing significant NPS territory for access;
- Persons engaged in pursuit of specific legal rights of use (e.g. subsistence hunting and fishing);
- Any other persons whose presence in the park is to help the Service fulfill its mission (e.g., volunteers in parks, research activities associated with the NPS mission).

In addition, brief, incidental entries into a park by passing traffic (vehicular or pedestrian) using NPS administered grounds, roads, or walkways is considered non-reportable. Civil ceremonies (e.g., ritualistic observances, marriages) are non-reportable unless there is a traditional, legislative or other official and externally imposed requirement bearing on the park, or unless there is a compensatory contract with the activity sponsor as with an authorized special use permit.

Not Reporting: These areas do not report visitation to the NPS.

Outlying Area Park: See **Population Centers**.

Overnight Stay: One night within a park by a visitor. Overnights by concession employees, inholders, NPS employees and their families are non-reportable. A party of 2 visitors staying over for 3 nights yields 6 overnight stays. There are seven categories of overnight stays.

- Persons staying overnight in concessioner operated lodges, cabins, motels and hotels are reported as **Concessioner Lodging Overnight Stays.**
- Persons staying overnight in concessioner operated tent campgrounds, RV parks and trailer courts (trailers not provided by concessioner) are reported as **Concessioner Campground Overnight Stays.**
- Campers in soft-sided tents, sleeping bags or tents attached to a vehicle in NPS operated campsites are reported as **NPS Campground Tent Overnight Stays.**

- Campers in recreational vehicles including tent trailers at NPS operated campsites are reported as **NPS Campground RV Overnight Stays** (see definition of Recreational Vehicle).
- Campers in sleeping bags or soft-sided tents erected at undeveloped walk-in campsites not accessible by road are reported as **Backcountry Overnight Stays**. This does not include camping areas having walk-in sites with nearby parking, nor does it include developed campgrounds solely because they happen to be located on an island.
- Campers in group camping areas, on board transport or boats, at trailside shelters, in undeveloped overflow areas, or in other areas not otherwise described here are reported as **Miscellaneous Overnight Stays**.
- **Non-Recreation Overnight Stays** are any overnight associated with non-recreation visits (e.g. nights on board commercial fishing vessels within NPS administered waters or researchers on non-NPS government business who stay overnight). All non-recreation overnight stays should be captured in this category regardless of whether they occurred in concessioner lodging, campgrounds, backcountry, etc. Overnight stays on private inholdings are non-reportable.

Population Centers: NPS areas are categorized by their proximity to population centers in the following manner.

- Mixed Area Park: a park located in a mixture of Outlying Area, Rural Area, Suburban Area and/or Urban Area.
- Outlying Area Park: More than 75% of the park is located within a 2010 Metropolitan Statistical Area (MSA) with a population of less than one million people but outside of any Urbanized Areas (Urbanized Areas as defined by the U.S. Census Bureau).
- Remote Area Park: A park located outside of any 2010 MSA and requiring special travel arrangements to reach.
- Rural Area Park: More than 75% of the park is located outside of any 2010 MSA and accessible by paved highway, scheduled air or marine transportation service.
- Suburban Area Park: More than 75% of the park is located within a 2010 MSA with a population greater than one million people but outside of any Urbanized Area (Urbanized Area as defined by the U.S. Census Bureau).
- Urban Area Park: More than 75% of the park is located within a 2010 Urbanized Area as defined by the U.S. Census Bureau.

Recreation Vehicle: Any enclosed vehicle used for camping which is more elaborate than a simple truck or car, such as a pickup truck with camper body, pop-up tent trailer, travel trailer, bus, motor coach, mobile home, etc.

Recreation Visit: The entry of a person onto lands or waters administered by the NPS except as defined above for non-reportable and non-recreation visits. Funeral parties at National Cemeteries, school groups, etc. are reportable as 'recreation' use since their use meets the purpose for which the park was established. Visits originating on surface vehicles (trains, boats, other) and aircraft may be counted if they stop and disembark passengers on NPS administered territory. **The applicable rule is that one entrance per individual per day is countable.**

Region: A NPS administrative subdivision. The seven NPS regions include the following states and territories.

- Alaska (AK): Alaska
- Intermountain (IM): Arizona, Colorado, Montana, New Mexico, Oklahoma, Texas, Utah, Wyoming
- Midwest (MW): Arkansas, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, Wisconsin
- National Capital (NC): Washington, DC, with some units in Maryland, Virginia, West Virginia
- Northeast (NE): Connecticut, Delaware, Maryland, Massachusetts, Maine, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia
- Pacific West (PW): American Samoa, California, Guam, Hawaii, Idaho, Nevada, Oregon, Washington
- Southeast (SE): Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Puerto Rico, South Carolina, Tennessee, U.S. Virgin Islands

Remote Area Park: See **Population Centers**.

Rural Area Park: See **Population Centers**.

Service Personnel: Employees of the NPS who are assigned to the park or are visiting the park in connection with their duty assignments, NPS contractors, concession employees, cooperating association employees, and the temporary or permanent members in the households of NPS employees who reside in the park.

Suburban Area Park: See **Population Centers**.

Urban Area Park: See **Population Centers**.

Visit: The entry of any person onto lands or waters administered by the NPS. There are three categories of visits to parks: (1) visits that are not reported as visitor use; (2) non-recreation visits that are reported as visitor use; and (3) recreation visits that are reported as visitor use. Negligible transit is non-reportable. Same-day re-entries and entries to detached portions of the same park on the same day are considered to be a single visit. Visits are reported separately for two contiguous, independently authorized parks.

Visitor Day: Twelve visitor hours in a park.

Visitor Hour: The presence of one or more persons, excluding service personnel, in a park for continuous, intermittent, or simultaneous periods of time aggregating one hour (e.g. one person for one hour, two persons for one-half hour each, etc.). Although same day attendance at detached portions of the same park are considered duplicate counts and are not reported as separate visits, the time spent by a visitor at detached units is added together for the visitor hour estimate.
