Email: rhaj@guamwebz.com

Office: (671) 647-7167

DATA MANAGEMENT SYSTEM: PHASE 1

Accomplishments:

The following have been completed as part of the scope of work for this Phase.

PHASE 1:

- Set-up of a new Data Server, which GHRD already possessed.
- Security Initiatives, such as SSL Certification and advice on Static IP Address
- Consultation on proper physical location and storage of said servers
- Consultation on required internet connections from ISP's.
- Structure set-up
- File storage set up
- Interface design

Details specific to the accomplishments listed above:

- Unpacked server
- Set-up of server/power on
- Installation of OS in the server
- Defining IP Address/Restrictions, for server security and designated access
- Set up of SSL
- Installation of File Sharing/File Management system
- Set up of file/folder/directory structures
- Set up of network/drive so users can access the files/folders (data)
- Set up user accounts, based on roles and permissions
- Project assessment
- **Project completed**

Thank you for working with GuamWEBZ.
