

Construction of Chuukese Meetinghouse Photo and Video Series (SHPO_05_CK_306)

(Bolded media are those that are attached to the reference)

- **Man weaving together long leaves; camera is panned down towards the leaves with only the man's hands and feet in frame (IMG_0004)**
- Man stretching out a length of thin rope with a knife in his hand beside the woven leaf panel; camera is panned down towards the leaves with the man in frame (IMG_0005)
- Man stretching out a length of thin rope beside the woven leaf panel; camera is panned down towards the leaves with only the man's hands and feet in frame (slightly blurry) (IMG_0006)
- Man tying the woven leaf panel on top with a length of thin rope; camera is panned down towards the leaves with only the man's hands and feet in frame (slightly blurry) (IMG_0007)
- Man holding the woven leaf panel and a length of thin rope (he seems to be stitching them together); camera is panned down towards the leaves with only the man's hands and feet in frame (IMG_0008)
- **Man holding the woven leaf panel; camera is panned down towards the leaves with only the man's hands in frame (IMG_0009)**
- **Man holding the woven leaf panel and a length of thin rope (he seems to be stitching them together); camera is panned down towards the leaves with the man in frame (IMG_0010)**
- Man tying a length of thin rope to a central pole on the ceiling of the meetinghouse structure; camera is panned upwards towards the ceiling of the meetinghouse with only the man's head and arms in frame (slightly blurry) (IMG_0011)
- Man tying a length of thin rope to a central pole on the ceiling of the meetinghouse structure; camera is panned towards the ceiling of the meetinghouse with only the man's shoulders, arms, and head and another man's left arm on his right side in frame (slightly blurry) (IMG_0012)
- Man tying a length of thin rope to a central pole on the ceiling of the meetinghouse structure; camera is panned towards the ceiling of the meetinghouse with only the man's hands and part of his head in frame (very blurry) (IMG_0013)
- Man tying a length of thin rope to a central pole on the ceiling of the meetinghouse structure; camera is panned towards the ceiling of the meetinghouse with only part of the man's arms in frame (very blurry) (IMG_0014)
- **View of the center interior of the ceiling of the meetinghouse structure with multiple woven leaf panels layered together to form a roof; camera is panned towards the ceiling of the meetinghouse with the central pole in the middle of the frame with woven frames on either side (IMG_0015)**
- **Interior of the meetinghouse structure; camera is facing towards one of the ends of the meetinghouse, showing one of the overhangs in the bottom center of frame with**

the center ceiling pole and woven leaf panels in the top center of frame, a large pole in the top foreground (IMG_0016)

- Interior of the meetinghouse structure; camera is facing towards ones of the ends of the meetinghouse (the opposite end of the previous picture), showing one of the overhangs in the center of frame with the center ceiling pole and woven leaf panels in the top center of frame (IMG_0017)
- Exterior of the meetinghouse structure with two men inside; camera is facing the one of the sides of the meetinghouse with only the torso and legs of the men visible (IMG_0018)
- Outside of the meetinghouse structure with two men inside; camera is facing one of the sides of the meetinghouse with only the torso and legs of the men visible (IMG_0019)
- Two men working on woven leaf panels with the meetinghouse structure in the background; camera is facing one of the ends of the meetinghouse with the two men in the middle-left foreground (IMG_0020)
- Man holding a length of thin rope over a woven leaf panel; camera is panned down towards the leaves with the man in frame (IMG_0021)
- Leaf panel folded out; camera is panned down towards the leaves with a man's arm in frame supporting it (IMG_0022)
- Two men supporting a folded out leaf panel with a man watching on in the background; camera is facing the two men, with the one in the foreground's back to the camera and facing the second man on the middle left of the frame (IMG_0023)
- The meetinghouse structure with two men inside standing on a wooden shelf with two men bending over on the left side; camera is facing one of the ends of the meetinghouse which the men inside are standing closer to, their upper bodies and heads obscured by the side overhang (IMG_0025)
- The meetinghouse structure with two men inside standing on a wooden shelf with two men, one sitting and one standing, on the left side; camera is facing one of the ends of the meetinghouse which the men are standing closer to, their upper bodies and heads obscured by the side overhang (IMG_0026)
- The meetinghouse structure with two men inside, one standing on a wooden shelf and the other sitting on the ground inside, and two men outside, one on the side closer to the camera and one on the side further from the camera on the opposite end; camera is facing the meetinghouse at a diagonal, the man standing on the wooden shelf's upper body and head is obscured by the side overhang and roof (IMG_0027)
- Man carrying a log in front of the meetinghouse structure with a second man standing closer to it at one end; camera is facing the side of the meetinghouse with the man carrying the log in the center foreground (the man is slightly blurry) (IMG_0028)
- The meetinghouse structure with two men inside, one standing on a wooden shelf and the other standing behind the wooden shelf; camera is facing one of the ends of the meetinghouse which the men are standing closer to, the man standing on the wooden

shelf's upper body and head as well as the head of the second man are obscured by the side overhang (IMG_0029)

- Man tying a length of thin rope to a central pole inside the meetinghouse structure; camera is panned upwards towards a pole running perpendicular to it with the back of the man on the left side of the frame leaning on the pole to which he is tying the rope (slightly blurry) (IMG_0030)
- **Close-up of two poles tied together with a length of thin rope; camera is panned upwards and focused on the join of the poles with the woven leaf panels behind them (IMG_0031)**
- **Close-up of three poles fitted together, one pole vertically supporting the structure, one pole horizontally supporting the ceiling of one of the ends, and the third is fitted between them which supports the ceiling of one of the sides; camera is panned upwards and focused on the three poles, which are fitted together in the bottom center of frame with the post fitted in the center perpendicular to the camera, with the woven leaf panels behind them (IMG_0032)**
- Appears to be something tied to a pole with a length of thin rope (unclear what it is); camera is facing the pole and what is tied to it with the pole running parallel to frame (very blurry) (IMG_0033)
- **Interior corner of the meeting house structure; camera is inside the meetinghouse facing one side with the corner in the left side of frame, the woven leaf panels above (IMG_0034)**
- Appears to be the interior of part of the meetinghouse structure; camera is inside the meetinghouse with what appear to be the poles in the bottom half of frame and the woven leaf panels in the top half of frame (very blurry) (IMG_0035)
- One end of the meetinghouse structure with two men inside, one on the wooden shelf and one standing; camera is facing one end of the meetinghouse (the end further from the wooden shelf), the man standing closer to the end facing the camera's head and the man standing on the wooden shelf's torso and most of his head is obscured by the roof overhang (IMG_0036)
- **Close-up of the poles inside the meetinghouse structure; camera is panned upwards towards the poles which run perpendicular to the camera with the woven leaf panels on one side and a vertical pole on the right side of frame (IMG_0037)**
- Close-up of the poles inside the meetinghouse structure; camera is panned upwards towards the poles which run perpendicular to the camera with the woven leaf panels on one side and a vertical pole on the right side of frame (IMG_0038)
- Close-up of one of the ends of the roof with two men inside; camera is panned upwards to the open section of the end between the end roof overhang and top of the roof, part of one man's head and part of another man's head and hand is visible (IMG_0039)
- **Close-up of one of the ends of the roof with two men inside; camera is panned upwards to the open section of the end between the end roof overhang and top of the**

roof, part of one man's head and hands and part of the other man's head and hand are visible (IMG_0040)

- Video of men tying together the roof supports in the meetinghouse (1:00) (MVI_0024)
- Video of men adding new woven leaf panels to the roof using teamwork (3:00) (MVI_0041)
- Video of men adding and adjusting new woven leaf panels on the roof (1:46) (MVI_0042)
