Re: Clara Barton NHS Cultural Landscape Report Backcheck Submittal
Project: Rehabilitate Clara Barton House NHS, Cultural Landscape Report

Heritage Landscapes is pleased to provide the final Clara Barton NHS Cultural Landscape Report to M+S Architects and the National Park Service. This submittal includes the entire signed CLR, all chapters with text and figures, all appendices, and drawings for the relevant chapters. Figures include alternative text for accessibility. This final submittal responds to the comments received. Comment responses are inserted in a spreadsheet.

We placed the full CLR combined file, individual Word files, individual PDF files, individual CLR Plans, and AutoCAD plan files in a secure transfer via Box. An invitation was sent to your email addresses. Please let us know if others should also receive digital access to the document directly from this transfer site.

On behalf of our Heritage Landscapes team, we are honored to have had the opportunity to document the history and help plan the stewardship of the Clara Barton National Historic Site landscape.

Best regards,

Patricia O'Donnell, FASLA, AICP, Founder, Partner

Gregory De Vries, ASLA, Managing Partner
