Docket Number: 24

UNNAMED SPRING TRIBUTARY TO UNNAMED STREAM (S011206)

Preliminary Docket Information

DOCKET INFORMATION FORM

Compiled by: Alexa Kreiling Date: 6/5/2024
 Initial Docket Information Form ☒ Amendment # (1,2,3 ...)
 Includes Confidential Content ☐

Park Unit: MOJA Docket #: 24 Docket Title Unnamed Spring tributary to Unnamed Stream (S011206)

Docket Type:

Select all applicable: ☒ PC/V (pre-code/vested) ☐ APP (appropriate) ☒ RIP (riparian)
☒ FRR (federal reserved right) ☒ PWR (public water reserve) ☒ ACQ (acquired)
☐ GW (groundwater) ☐ Own (ownership) ☐ Other

Region:

☐ NER & NCR ☐ IMR
☐ SER ☐ MWR
☐ IMR ☒ PWR
☐ AKR

Source:

☐ Groundwater ☒ Spring (When recognized by the State as separate from groundwater and surface water)
☐ Surface Water
☐ Direct Diversion ☐ Diversion to Storage ☐ Instream Flow
 Name: Unnamed Spring

State: CA

County: San Bernardino

Owner: U.S. National Park Service (As listed by the State)

Application #: S011206 Date: 1/27/2010

Permit #: Date Issued:

License / Certificate #: Priority Date:

Ruling/Order/Decree #: Date Issued:

Quantity: Rate: Unknown Duty:

Narrative / Remarks:

Enter short narrative in the space below, attach additional page(s) as needed.

-Neither eWRIMS nor docket has statement or other documentation of original filing. eWRIMS shows application accepted 7/22/1983.

-Supplemental Statements of Water Diversion and Use (1989, 1990, 1991) BLM reported purpose as stockwatering and wildlife.

-Supplemental Statements of Water Diversion and Use (1992, 1993, 1994) BLM reported Type: Riparian and Purpose: Wildlife.

-Docket has blank Supplemental Statements of Water Diversion and Use (1995, 1996, 1997) sent ~2/2001 to BLM.

-eWRIMS has blank Supplemental Statements of Water Diversion and Use (1998, 1999, 2000) sent ~2/2001 to NPS 1201 Oak Ridge Dr., Ste. 250, Fort Collins, CO 80525 ~2/2001.

-12/23/1998 NPS informs SWRCB Mojave National Preserve created 1/25/1994 California Desert Protection Act of 1994 and change of ownership (Pettee_CA SWRCB_12-23-98.pdf).

-eWRIMS Holder History: BLM 09/15/1994 - 01/22/1999; NPS 01/22/1999 - 10/24/2001.

-9/2014 Phone conversation with Darin Clark (SWRCB) status in eWRIMS is changed to inactive when SWRCB attempts to and is unable to contact owner of record or agent, generally due to an undeliverable notice from USPS.

-eWRIMS Holder Name is blank; Holder History: BLM 09/14/1994 - 01/22/1991; NPS 01/22/1999 - 10/24/2001.

Dear Mr. Pettee:

CHANGE OF OWNERSHIP OF WATER RIGHTS FROM BUREAU OF LAND MANAGEMENT TO NATIONAL PARK SERVICE

This letter is to notify you that we have changed the ownership of all water rights mentioned in your December 23, 1998 letter. We now show the US National Park Service as the new owners of those rights.

If you have any questions, please call me at 916-657-1872.

Sincerely,

A handwritten signature in cursive script, reading 'Koso Nodohara'.

On January 25, 1994, and pursuant to the California Desert Protection Act of 1994, the Mojave National Preserve was created, and Death Valley National Park and Joshua Tree National Park were expanded. This creation and expansion involved a transfer of management responsibility from the Bureau of Land Management to the National Park Service. As part of this process, the Bureau of Land Management and the National Park Service desire to change the owner of record of water rights associated with these lands.

Please accept this as a request by the National Park Service and the Bureau of Land Management to change the owner of record from the Bureau of Land Management to the National Park Service. This request for change of owner of record only applies to the water rights listed on the two attached pages. Any changes in the owner of record for Joshua Tree National Park will be addressed under a separate letter for Mojave National Preserve and Death ^{Valley} National Park.

Please provide to this office a written verification of the change of ownership of each right listed on the two attached pages.

Sincerely,

for Charles W. Pettee
Chief, Water Rights Branch

Year	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec	
1998													
1999													
2000													

- D. Purpose of Use - Specify number of acres irrigated, stock watered, persons served, etc.

Irrigation _____ acres; Stockwatering _____; Domestic _____

Other (specify): _____

- E. Changes in Method of Diversion - Describe any changes in your project since your previous statement was filed. (New pump, enlarged diversion dam, location of diversion, etc.)

- F. Please answer only those questions below which are applicable to your project.

1. Conservation of water

- a. Are you now employing water conservation efforts? YES ___ NO ___

Describe any water conservation efforts you have initiated: _____

- b. If credit toward beneficial use of water under claimed pre 1914 appropriative water right for water not used due to a conservation effort is claimed under section 1011 of the Water Code, please show the amounts of water conserved:

Reductions in Diversions:

yr _____ (af/mg) yr _____ (af/mg) yr _____ (af/mg)

Reductions in consumptive use:

yr _____ (af/mg) yr _____ (af/mg) yr _____ (af/mg)

I have data to support the above surface water use reductions due to conservation efforts. YES ___ NO ___

OCT 31 2001

2. Water quality and wastewater reclamation

- a. Are you now or have you been using reclaimed water from a wastewater treatment facility, desalination facility or water polluted by waste to a degree which unreasonably affects such water for other beneficial uses? YES ____ NO ____
- b. If credit toward use under a claimed pre 1914 appropriative water right through substitution of reclaimed water, desalinated water or polluted water in lieu of appropriated water is claimed under section 1010 of the Water Code, please show amounts of reduced diversions and amounts of reclaimed water used:

yr ____ (af/mg) yr ____ (af/mg) yr ____ (af/mg)
I have data to support the above surface water use reductions due to wastewater reclamation. YES ____ NO ____

3. Conjunctive use of surface water and groundwater

- a. Are you now using groundwater in lieu of surface water? YES ____ NO ____
- b. If credit toward use under a claimed pre 1914 appropriative right through substitution of groundwater in lieu of appropriated water is claimed under section 1011.5 of the Water Code, please show the amounts of groundwater used:

yr ____ (af/mg) yr ____ (af/mg) yr ____ (af/mg)
I have data to support the above surface water use reductions due to conjunctive use efforts. YES ____ NO ____

I understand that it may be necessary to document the water savings claimed in "F." above if credit under Water Code sections 1010 and 1011 is sought in the future.

GENERAL INFORMATION PERTAINING TO WATER RIGHTS IN CALIFORNIA

There are two principal types of surface water rights in California. They are riparian and appropriative rights.

A riparian right enables an owner of land bordering a natural lake or stream to take and use water on his riparian land. Riparian land must be in the same watershed as the water source and must never have been severed from the sources of supply by an intervening parcel without reservation of the riparian right to the severed parcel. Generally, a riparian water user must share the water supply with other riparian users. Riparian rights may be used to divert the natural flow of a stream but may not be used to store water for later use or divert water which originates in a different watershed, water previously stored by others, return flows from use of groundwater, or other "foreign" water to the natural stream system.

An appropriative right is required for use of water on nonriparian land and for storage of water. Generally, appropriative rights may be exercised only when there is a surplus not needed by riparian water users. Since 1914, new appropriators have been required to obtain a permit and license from the State. Appropriative rights can be granted to waters "foreign" to the natural stream system.

Statements of Water Diversion and Use must be filed by riparian and pre 1914 appropriative water users as set forth in Water Code section 5100 with specific exceptions. The filing of a statement (1) provides a record of water use, (2) enables the State to notify such users if someone proposes a new appropriation upstream from their diversions, and (3) assists the State to determine if additional water is available for future appropriators.

The above discussion is provided for general information. For more specific information concerning water rights, please contact an attorney or write to this office. We have several pamphlets available. They include: (1) Statements of Water Diversion and Use, (2) Information Pertaining to Water Rights in California, and (3) Appropriation of Water in California.

Subject: Land History
Activation: California Desert Protection Act of 1994 – June 3, 1995

Director, National Park Service and Director, Bureau of Land Management. 1995. To: National Park Service, WASO Directorate and Others. Re: Activation: California Desert Protection Act of 1994 – June 3, 1995
IRMA – Data Store – Published Report – (Code: 2229521)
DataStore - Activation: California Desert Protection Act of 1994 – June 3, 1995 (nps.gov)

The purpose of this memorandum is to outline the actions that need to be taken to implement the California Desert Protection Act of 1994 and indicate the responsible officials. Its primary audience is park managers, staff, and the interested public. Its objectives are to provide an administrative history, outline steps for activating the act's provisions, and clarify the responsibilities of federal and state officials. Key aims include designating and managing new wilderness areas and national parks, protecting natural resources, preserving traditional land uses like grazing, and coordinating law enforcement and land management activities. The document is crucial for guiding the effective management and preservation of the protected areas.

AUTHORIZATION

Act of October 31, 1994 (P.L. 103-433), established Mojave National Preserve.

ACQUISITION AUTHORITY

Act of October 31, 1994, authorized acquisition by donation, purchase or exchange. Privately owned lands may be acquired only with the consent of the owner unless the owner's use or proposed use of the land is deemed incompatible with the purposes of the preserve. Construction or modification of a single-family residence shall not be considered incompatible with purposes of the preserve. Lands or interests owned by the State of California, or any political subdivision thereof, may be acquired only by donation or exchange, except for lands managed by the California State Lands Commission. The act authorized the transfer to the National Park Service (NPS), without consideration, of described lands under the jurisdiction of the Bureau of Land Management (BLM). The act provides that if a person holding a grazing permit is willing to convey to the United States any base property with respect to which such permit was issued, the Secretary shall make the acquisition of such base property a priority.

ESTABLISHED

October 31, 1994

BOUNDARY REVISIONS

None

ACREAGE LIMITATIONS

None

STATUTORY CEILING FOR LAND ACQUISITION

Act of October 31, 1994, authorized appropriations for land acquisition by NPS and BLM not to exceed a total of \$300,000,000.

REMARKS

Act of October 31, 1994, requires that:

(1) Until acquired by the United States, no non-Federal lands within the park boundary shall be subject to rules or regulations applicable solely to Federal lands within such boundary.

(2) None of the lands within the park boundary shall be granted to or otherwise made available for use by the Metropolitan Water District pursuant to the Boulder Canyon Project Act or any similar acts.

(3) Upon request of the California State Lands Commission, the Secretary shall negotiate to acquire by exchange State School lands within the boundaries of the park system units designated by the act. Until all such State school lands have been acquired, no Federal lands or interests within the State of California may be disposed of prior to providing the State an opportunity to enter into an exchange of those Federal lands for State School lands.

(4) Lands and interests in land to be acquired pursuant to this act shall be appraised without regard to the presence of a threatened or endangered species.

MOJAVE NP DEED #2

Such activities shall be conducted in a manner which will minimize the impact on park resources. Nothing in this title shall have the effect of terminating the fee title to lands or customary operation, maintenance, repair, and replacement activities on or under such lands granted to the Metropolitan Water District pursuant to the Act of June 18, 1932 (47 Stat. 324), which are located on lands included in the Joshua Tree National Park, but outside lands designated as wilderness under section 601(a)(2). Such activities shall be conducted in a manner which will minimize the impact on park resources. The Secretary shall prepare within one hundred and eighty days after the date of enactment of this Act, in consultation with the Metropolitan Water District, plans for emergency access by the Metropolitan Water District to its lands and rights-of-way.

SEC. 407. JOSHUA TREE NATIONAL PARK ADVISORY COMMISSION.

(a) The Secretary shall establish an Advisory Commission of no more than fifteen members, to advise the Secretary concerning the development and implementation of a new or revised comprehensive management plan for Joshua Tree National Park.

(b)(1) The advisory commission shall include an elected official for each County within which any part of the park is located, a representative of the owners of private properties located within or immediately adjacent to the park, and other members representing persons actively engaged in grazing and range management, mineral exploration and development, and persons with expertise in relevant fields, including geology, biology, ecology, law enforcement, and the protection and management of National Park resources and values.

(2) Vacancies in the advisory commission shall be filled by the Secretary so as to maintain the full diversity of views required to be represented on the advisory commission.

(c) The Federal Advisory Committee Act shall apply to the procedures and activities of the advisory commission.

(d) The advisory commission shall cease to exist ten years after the date of its establishment.

TITLE V—MOJAVE NATIONAL PRESERVE

SEC. 501. FINDINGS.

The Congress hereby finds that—

(1) Death Valley and Joshua Tree National Parks, as established by this Act, protect unique and superlative desert resources, but do not embrace the particular ecosystems and transitional desert type found in the Mojave Desert area lying between them on public lands now afforded only impermanent administrative designation as a national scenic area;

(2) the Mojave Desert area possesses outstanding natural, cultural, historical, and recreational values meriting statutory designation and recognition as a unit of the National Park System;

(3) the Mojave Desert area should be afforded full recognition and statutory protection as a national preserve;

(4) the wilderness within the Mojave Desert should receive maximum statutory protection by designation pursuant to the Wilderness Act; and

(5) the Mojave Desert area provides an outstanding opportunity to develop services, programs, accommodations and facilities to ensure the use and enjoyment of the area by individuals with disabilities, consistent with section 504 of the Rehabilitation Act of 1973, Public Law 101-336, the Americans With Disabilities Act of 1990 (42 U.S.C. 12101), and other appropriate laws and regulations.

SEC. 502. ESTABLISHMENT OF THE MOJAVE NATIONAL PRESERVE.

There is hereby established the Mojave National Preserve, comprising approximately one million four hundred nineteen thousand eight hundred acres, as generally depicted on a map entitled "Mojave National Park Boundary—Proposed", dated May 17, 1994, which shall be on file and available for inspection in the appropriate offices of the Director of the National Park Service, Department of the Interior.

SEC. 503. TRANSFER OF LANDS.

Upon enactment of this title, the Secretary shall transfer the lands under the jurisdiction of the Bureau of Land Management depicted on the maps described in section 502 of this title, without consideration, to the administrative jurisdiction of the Director of the National Park Service. The boundaries of the public lands shall be adjusted accordingly.

SEC. 504. MAPS AND LEGAL DESCRIPTION.

Within six months after the date of enactment of this title, the Secretary shall file maps and a legal description of the preserve designated under this title with the Committee on Energy and Natural Resources of the United States Senate and the Committee on Natural Resources of the United States House of Representatives. Such maps and legal description shall have the same force and effect as if included in this title, except that the Secretary may correct clerical and typographical errors in such legal description and in the maps referred to in section 502. The maps and legal description shall be on file and available for public inspection in the appropriate offices of the National Park Service, Department of the Interior.

SEC. 505. ABOLISHMENT OF SCENIC AREA.

The East Mojave National Scenic Area, designated on January 13, 1981 (46 FR 3994), and modified on August 9, 1983 (48 FR 36210), is hereby abolished.

SEC. 506. ADMINISTRATION OF LANDS.

(a) The Secretary shall administer the preserve in accordance with this title and with the provisions of law generally applicable to units of the National Park System, including the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4).

(b) The Secretary shall permit hunting, fishing, and trapping on lands and waters within the preserve designated by this Act in accordance with applicable Federal and State laws except that the Secretary may designate areas where, and establish periods

when, no hunting, fishing, or trapping will be permitted for reasons of public safety, administration, or compliance with provisions of applicable law. Except in emergencies, regulations closing areas to hunting, fishing, or trapping pursuant to this subsection shall be put into effect only after consultation with the appropriate State agency having responsibility for fish and wildlife. Nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of the States with respect to fish and wildlife on Federal lands and waters covered by this title nor shall anything in this Act be construed as authorizing the Secretary concerned to require a Federal permit to hunt, fish, or trap on Federal lands and waters covered by this title.

SEC. 507. WITHDRAWAL.

Subject to valid existing rights, all Federal lands within the preserve are hereby withdrawn from all forms of entry, appropriation, or disposal under the public land laws; from location, entry, and patent under the United States mining laws; and from disposition under all laws pertaining to mineral and geothermal leasing, and mineral materials, and all amendments thereto.

SEC. 508. REGULATION OF MINING.

Subject to valid existing rights, all mining claims located within the preserve shall be subject to all applicable laws and regulations applicable to mining within units of the National Park System, including the Mining in the Parks Act (16 U.S.C. 1901 et seq.), and any patent issued after the date of enactment of this title shall convey title only to the minerals together with the right to use the surface of lands for mining purposes, subject to such laws and regulations.

SEC. 509. STUDY AS TO VALIDITY OF MINING CLAIMS.

(a) The Secretary shall not approve any plan of operation prior to determining the validity of the unpatented mining claims, mill sites, and tunnel sites affected by such plan within the preserve and shall submit to Congress recommendations as to whether any valid or patented claims should be acquired by the United States, including the estimated acquisition costs of such claims, and a discussion of the environmental consequences of the extraction of minerals from these lands.

(b)(1) Notwithstanding any other provision of law, the Secretary shall permit the holder or holders of mining claims identified on the records of the Bureau of Land Management as Volco #A CAMC 105446, Volco #B CAMC 105447, Volco 1 CAMC 80155, Volco 2 CAMC 80156, Volco 3 CAMC 170259, Volco 4 CAMC 170260, Volco 5 CAMC 78405, Volco 6 CAMC 78404, and Volco 7 CAMC 78403, Volco Placer 78332, to continue exploration and development activities on such claims for a period of two years after the date of enactment of this title, subject to the same regulations as applied to such activities on such claims on the day before such date of enactment.

(2) At the end of the period specified in paragraph (1), or sooner if so requested by the holder or holders of the claims specified in such paragraph, the Secretary shall determine whether there has been a discovery of valuable minerals on such claims and whether, if such discovery had been made on or before July 1, 1994, such claims would have been valid as of such date under the mining laws of the United States in effect on such date.

(3) If the Secretary, pursuant to paragraph (2), makes an affirmative determination concerning the claims specified in paragraph (1), the holder or holders of such claims shall be permitted to continue to operate such claims subject only to such regulations as applied on July 1, 1994 to the exercise of valid existing rights on patented mining claims within a unit of the National Park System.

SEC. 510. GRAZING.

(a) The privilege of grazing domestic livestock on lands within the preserve shall continue to be exercised at no more than the current level, subject to applicable laws and National Park Service regulations.

(b) If a person holding a grazing permit referred to in subsection (a) informs the Secretary that such permittee is willing to convey to the United States any base property with respect to which such permit was issued and to which such permittee holds title, the Secretary shall make the acquisition of such base property a priority as compared with the acquisition of other lands within the preserve, provided agreement can be reached concerning the terms and conditions of such acquisition. Any such base property which is located outside the preserve and acquired as a priority pursuant to this section shall be managed by the Federal agency responsible for the majority of the adjacent lands in accordance with the laws applicable to such adjacent lands.

SEC. 511. UTILITY RIGHTS OF WAY.

(a)(1) Nothing in this title shall have the effect of terminating any validly issued right-of-way or customary operation, maintenance, repair, and replacement activities in such right-of-way, issued, granted, or permitted to Southern California Edison Company, its successors or assigns, which is located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

(2) Nothing in this title shall have the effect of prohibiting the upgrading of an existing electrical transmission line for the purpose of increasing the capacity of such transmission line in the Southern California Edison Company validly issued Eldorado-Lugo Transmission Line right-of-way and Mojave-Lugo Transmission Line right-of-way, or in a right-of-way if issued, granted, or permitted by the Secretary adjacent to the existing Mojave-Lugo Transmission Line right-of-way (hereafter in this section referred to as "adjacent right-of-way"), including construction of a replacement transmission line: *Provided, That*—

(A) in the Eldorado-Lugo Transmission Line rights-of-way (hereafter in this section referred to as the "Eldorado rights-of-way") at no time shall there be more than three electrical transmission lines;

(B) in the Mojave-Lugo Transmission Line right-of-way (hereafter in this section referred to as the "Mojave right-of-way") and adjacent right-of-way, removal of the existing electrical transmission line and reclamation of the site shall be completed no later than three years after the date on which construction of the upgraded transmission line begins, after which time there may be only one electrical transmission line

in the lands encompassed by Mojave right-of-way and adjacent right-of-way;

(C) if there are no more than two electrical transmission lines in the Eldorado rights-of-way, two electrical transmission lines in the lands encompassed by the Mojave right-of-way and adjacent right-of-way may be allowed;

(D) in the Eldorado rights-of-way and Mojave right-of-way no additional land shall be issued, granted, or permitted for such upgrade unless an addition would reduce the impacts to preserve resources;

(E) no more than 350 feet of additional land shall be issued, granted, or permitted for an adjacent right-of-way to the south of the Mojave right-of-way unless a greater addition would reduce the impacts to preserve resources; and

(F) such upgrade activities, including helicopter aided construction, shall be conducted in a manner which will minimize the impact on preserve resources.

(3) The Secretary shall prepare within one hundred and eighty days after the date of enactment of this title, in consultation with the Southern California Edison Company, plans for emergency access by the Southern California Edison Company to its rights-of-way.

(b)(1) Nothing in this title shall have the effect of terminating any validly issued right-of-way, or customary operation, maintenance, repair, and replacement activities in such right-of-way; prohibiting the upgrading of and construction on existing facilities in such right-of-way for the purpose of increasing the capacity of the existing pipeline; or prohibiting the renewal of such right-of-way issued, granted, or permitted to the Southern California Gas Company, its successors or assigns, which is located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

(2) The Secretary shall prepare within one hundred and eighty days after the date of enactment of this title, in consultation with the Southern California Gas Company, plans for emergency access by the Southern California Gas Company to its rights-of-way.

(c) Nothing in this title shall have the effect of terminating any validly issued right-of-way or customary operation, maintenance, repair, and replacement activities of existing facilities issued, granted, or permitted for communications cables or lines, which are located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

(d) Nothing in this title shall have the effect of terminating any validly issued right-of-way or customary operation, maintenance, repair, and replacement activities of existing facilities issued, granted, or permitted to Molybdenum Corporation of America; Molycorp, Incorporated; or Union Oil Company of California (d/b/a Unocal Corporation); or its successors or assigns, or prohibiting renewal of such right-of-way, which is located on lands included in the Mojave National Preserve, but outside lands designated as wilderness under section 601(a)(3). Such activities shall be conducted in a manner which will minimize the impact on preserve resources.

[DataStore - Water Resources Scoping Report, Mojave National Preserve \(nps.gov\)](#)

The purpose of this report is to describe how the park was conceived and established and how it has been managed to the present day. Its primary audience is park managers and staff, but it is also directed to the interested public. The report aims to be as comprehensive as possible while emphasizing management issues of ongoing concern. It is essentially a chronological narrative with the selection of topics and the amount of detail weighted somewhat more heavily toward the recent past. While the administrative history covers many diverse management issues, its core objective is to distinguish those historical themes that most ably explain this national park's unique character and course of development.

Description

The East Mojave National Scenic Area Management Plan was developed by the Bureau of Land Management. It provides the direction for preserving the scenic quality of this unique area and for preparing a comprehensive framework for managing and allocating resources in the management area for the next ten years (1988-1997).

Part 2 Management Direction

Section H. Air, Soils, Water; pgs. 88 – 89 (excerpt)

Water

To ensure an adequate supply of water for wildlife or recreation use, BLM files for appropriative water rights with the State of California if the water sources are springs. A major effort in the early 1980s resulted in over 300 water rights filings for wildlife use in the California Desert Conservation Area. Water source inventories and water right filings are part of an ongoing program which also includes the regular monitoring of water used by visitors.

Water source inventories and water rights filings for wildlife use will continue. Proposals to develop additional waters for wildlife use are described under “wildlife” below. Waters used by visitors will continue to be monitored on a regular basis, and studies will be initiated to determine whether contamination is present (Action C-18). BLM will maintain mineral law and mineral leasing withdrawals on waters that have been shown to be needed for wildlife (Actions A-6, A-7).

Section J. Wildlife; pg. 91 (excerpt)

BLM has an extensive spring and water development program. Six big game guzzlers were installed in the Scenic Area between 1981 and 1987 in a combined effort by BLM, the California Department of Fish and Game (CDF &

G) and numerous volunteers. Most springs within the East Mojave are checked on a regular maintenance schedule to ensure wildlife availability. At least five springs per year are checked and, if necessary, redeveloped. BLM policy has been to promote the natural development of a spring by piping water off-site for wildlife and livestock use. Dozens of small game and upland game drinkers have been built throughout the East Mojave, primarily by volunteer help. Maintenance of these and the big game guzzlers are the responsibility of CDF & G.

Part 3 Affected Environment

Section H. Air, Soils, Water; pgs. 118 – 119 (excerpt)

Water

Over 200 springs and seeps have been identified in the East Mojave National Scenic Area. Many have been improved by the installation of retention dams, pipelines, and troughs for use by livestock. Most are also available for wildlife and burro use. Piute Creek is the only perennial stream in the East Mojave and is an important wildlife water source as well as a popular recreation site.

Water wells in the Scenic Area utilize ground water stored in aquifers. Each valley in the East Mojave can be expected to contain water, although the water quality, quantity, and depth to water varies considerably. Utilization of ground water resources is based on surface ownership; therefore, BLM has priority for uses of ground water underlying the public lands in California. A Notice of Intent to drill a water well is required and, if annual use exceeds 25 acre-feet/years, a special State permit is required.

Water wells have been drilled primarily for domestic use and livestock needs but a number of wells have also been drilled for mining use. Two wells, one at Mid Hills and another at Hole-in-the-Wall, supply water for visitor use at these two BLM campgrounds. Over 100 wildlife waters – including big game guzzlers, wildlife drinkers and quail drinkers – have been jointly developed in the East Mojave by the California Department of Fish and Game, BLM, and volunteers.

Public Water Reserves were created by a 1926 Executive Order. Since that date, all springs and water holes, and all lands one-quarter mile from each spring or water hole that are vacant, unappropriated, and unreserved have been withdrawn for domestic and livestock consumption. The withdrawal also segregated the area from nonmetalliferous mining locations. Water in excess of what is needed for human and stock watering purposes must be appropriated under California State law.

BLM appropriates excess water from Public Water Reserves through the State after determining the minimum needed for human and stock watering purposes, amount of excess available, amount needed for the intended appropriated use, a determination that the spring or water hole is vacant and unappropriated, and impacts to other uses or potential uses (e.g., mining) in the area.

APPENDIX A

3994

Federal Register / Vol. 46, No. 11 / Friday, January 16, 1981 / Notices

offered for coal lease until Congress determines whether the area will be wilderness or not. This direction therefore becomes one of our Planning Criteria.

If it is desirable to lease coal in the PRLA's in 1983, wilderness consideration and environmental assessment of the PRLA coal (possibly in the Fort Union EIS) will have to be closely coordinated.

ACEC's

Areas that qualify for ACEC status will be considered for ACEC management as an MFP alternative.

Withdrawal Review

In order to coordinate the land use plans and withdrawal review process within the allowable time frame, the MFP draft decisions will prioritize the identified withdrawals (sequentially) for subsequent review. (This prioritization will be coordinated with the tentative review dates stated in the District Manager's memo of 9-10-80 to the State Director.) This schedule should allow systematic review and multiple use analysis of withdrawals within the 1991 completion date. However, pertinent BLM withdrawals will be fully addressed in the forthcoming planning effort.

Planning Criteria

Land use planning in the New Prairie planning area is both first and second generation. The Jordan-North Rosebud planning effort is all first generation. The Jordan-North Rosebud Planning effort is all in 1977 (the initial pre-planning analysis) and continuing to date. Numerous public meetings have been held and comments received. Revision of the PPA was completed in December, 1979. During FY 1980 the pre-planning analysis data was re-organized to the new format, i.e., Project Situation Analysis, and Project Situation Analysis Summary. Issues Criteria-Planning Criteria were developed and 3350 copies were mailed to boxholders in the planning areas and to governmental agencies of all levels for public comment and inter-agency coordination. The responses received will continue to be used in guiding development of the planning documents.

Quality Control

Pre-planning and planning documents are developed by a multidisciplinary team of resource specialists under the direction of a planning coordinator and in consultation with resource specialists in the resource area and with District and State Office specialists and with their counterparts in other agencies.

Technical review is accomplished by the Division of Resources. Management review is completed by the Area Manager and District Manager.

The criteria for the New Prairie and Jordan-North Rosebud planning areas were prepared by an interdisciplinary team and were reviewed by resource specialists in the District Division of Resources and in the Big Dry Resource Area, as well as by specialists in the State Office Division of Resources and Division of Planning and Environment. Public comments have been reviewed and analyzed and the issues and criteria revised accordingly.

Ray Brubaker,
District Manager.

BILLING CODE 4310-84-M

Designation of East Mojave National Scenic Area

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of designation of East Mojave National Scenic Area.

SUMMARY: The rich diversity of outstanding natural, scenic and cultural resources of this area of the East Mojave Region of the California Desert Conservation Area warrants it special recognition. The area will be managed in accordance with the California Desert Conservation Area Plan approved December 18, 1980. This designation as the East Mojave National Scenic Area will provide added emphasis to the Bureau of Land Management's plan to protect the area's outstanding natural, scenic and cultural resources.

Pursuant to the authority in section 601 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1781), and 43 CFR Subpart 2070, those public lands administered by the Bureau of Land Management and described in the California Desert Conservation Area Plan as the East Mojave National Scenic Area are hereby designated the East Mojave National Scenic Area.

EFFECTIVE DATE: January 13, 1981.

ADDRESS: Any inquiries or suggestions should be sent to: District Manager, California Desert District, 1695 Spruce Street, Riverside, California 92507.

FOR FURTHER INFORMATION CONTACT: Gerald C. Hillier at the above address or 714 787-1462.

Cecil D. Andrus,
Secretary of the Interior.
January 13, 1981.

BILLING CODE 4310-84-M

Idaho Falls District Grazing Advisory Board, Meeting

Notice is hereby given in accordance with Pub. L. 92-463 that the Idaho Falls District Grazing Advisory Board will meet February 21, 1981.

The meeting will begin at 9:00 a.m. in the conference room of the Bureau of Land Management Office, 940 Lincoln Road, Idaho Falls, Idaho, 83401. The meeting is open to the public. Interested persons may make oral statements to the Board between 9:00 and 9:30 a.m. or file written statements for the Board's consideration. Anyone wishing to make an oral statement must notify the Idaho Falls BLM District Manager at the above address by February 6, 1981. Depending on the number of persons wishing to make oral statements, a per person time limit may be established.

The agenda for the meeting will include:

1. Update on status of projects discussed at the last meeting.
 2. Discussion on Advisory Board projects and expenditure of Advisory Board funds.
 3. Use of Range Betterment funds.
 4. Election of officers.
 5. Allotment Management Plans in the Little Lost River and Birch Creek Valley's.
 6. Arrangements for the next meeting.
- Summary minutes of the Board meeting will be kept in the District Office and be available for public inspection and reproduction, (during regular business hours) within 30 days following the meeting.

Dated: January 9, 1981.

O'dell A. Frandsen,
District Manager.
