03 HISTORY

Whiskeytown National Recreation Area

WHISKEY TOWN RESERVOIR RECREATION AREA

Land History

Public Law 89-336
89th Congress, H. R. 797
November 8, 1965

An Act

79 STAT. 1295

To establish the Whiskeytown-Shasta-Trinity National Recreation Area in the State of California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to provide, in a manner coordinated with the other purposes of the Central Valley project, for the public outdoor recreation use and enjoyment of the Whiskeytown, Shasta, Clair Engle, and Lewiston reservoirs and surrounding lands in the State of California by present and future generations and the conservation of scenic, scientific, historic, and other values contributing to public enjoyment of such lands and waters, there is hereby established, subject to valid existing rights, the Whiskeytown-Shasta-Trinity National Recreation Area in the State of California (hereinafter referred to as the "recreation area"). The boundaries of the recreation area, which consists of the Whiskeytown unit, the Shasta unit, and the Clair Engle-Lewiston unit, shall be those shown in drawing numbered BOR-WST 1004, dated July 1963, entitled "Proposed Whiskeytown-Shasta-Trinity National Recreation Area", which is on file and available for public inspection in the office of the Director of the Bureau of Outdoor Recreation, Department of the Interior. The Whiskeytown unit shall be administered by the Secretary of the Interior; and the Shasta and Clair Engle-Lewiston units shall be administered by the Secretary of Agriculture, except that lands or waters needed or used for the operation of the Central Valley project shall continue to be administered by the Secretary of the Interior to the extent he determines to be required for such operation. The two Secretaries shall coordinate their planning and administration of the respective units in such manner as to provide integrated management policies for the recreation area as a whole for the purposes of this Act in order to bring about uniformity to the fullest extent feasible in the administration and use of the recreation area.

Whiskeytown-
Shasta-Trinity
National Rec-
reation Area,
Calif.
Establishment.

Administration.

ACQUISITION OF PROPERTY

SEC. 2. (a) Within the boundaries of the portion of the recreation area under his jurisdiction and outside such boundaries when required for the construction or improvement of access roads thereto, each Secretary is authorized to acquire lands, waters, or other property, or any interest therein, in such manner, including exchange as hereinafter provided, as he considers to be in the public interest to carry out the purposes of this Act. In connection with any such acquisition, each Secretary may permit the grantor a reservation of all or any part of the minerals or of any other interest or right of use in such lands or waters on such terms and conditions as the Secretary may deem appropriate. Any property or interest therein owned by the State of California or any political subdivision thereof within the recreation area may be acquired under the authority of this Act only with the concurrence of the owner. Notwithstanding any other provision of law, any Federal property located within the recreation area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the appropriate Secretary for use by him in carrying out the purposes of this Act.

The Secretary of the Interior, in order to assure public access to Clear Creek and to provide hiking and horseback riding trails for the public, may, as he deems necessary for these purposes acquire such easements or other interests on either or both sides of Clear Creek

between the south boundary of the Whiskeytown unit and the highway at Igo, California.

The Secretary of Agriculture is authorized to acquire scenic easements or such other interests, including ownership of the land therein, as he determines to be appropriate to protect and assure the appearance of a strip of land not to exceed six hundred and sixty feet on each side of the centerline of Federal Aid Secondary Highway Numbered 1089 between the points where said highway crosses the south line of sections 19 and 20, township 35 north, range 8 west, and where it crosses the south line of section 18, township 36 north, range 7 west, on the northwesterly side of the Clair Engle-Lewiston unit: *Provided*, That such easements or interests shall not be acquired without the consent of the owners so long as the appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that, in the judgment of the Secretary of Agriculture, conforms to the zoning standards set forth in regulations issued pursuant to subsection (e).

Mutual consultation.

The two Secretaries shall engage in mutual consultation with respect to such acquisition and to exchange transactions so as to promote uniform policies therefor insofar as practicable, taking into consideration the purposes of the recreation area as a whole, the responsibility of the Secretary of the Interior for the administration of federally owned minerals and of the Central Valley project, and the responsibility of the Secretary of Agriculture for the administration of national forests.

Acquisition of non-Federal property.

(b) When the public interests will be benefited thereby, the Secretary of the Interior and the Secretary of Agriculture are each authorized to accept title to any non-Federal property within any part of the recreation area and in exchange therefor convey to the grantor of such property any federally owned property under his jurisdiction within the State of California which he classifies as suitable for exchange or other disposal, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value: *Provided*, That the Secretary of the Interior or the Secretary of Agriculture, as the case may be, may accept cash from or pay cash to the grantor in such exchange in order to equalize the value of the properties exchanged. The Secretary of Agriculture shall obtain the concurrence of the Secretary of the Interior with respect to the value of any mineral interests in any such exchange proposed to be made by the Secretary of Agriculture.

Noncommercial residency.

(c) Any owner or owners of improved residential property on the date of its acquisition by either Secretary may, as a condition to such acquisition, retain the right of use and occupancy of the property by himself and members of his immediate family for noncommercial residential purposes for a term ending at the death of such owner, the death of his spouse, or the day his last surviving child reaches the age of thirty, whichever is the latest. The value of the right retained shall be taken into consideration by the respective Secretary in determining the value of the property being acquired.

"Improved property."

(d) Privately owned "improved property" or interests therein shall not be acquired under this Act without the consent of the owner so long as an appropriate local zoning agency shall have in force and applicable to such property a duly adopted, valid, zoning ordinance that is approved by the Secretary having jurisdiction of the unit wherein the property is located. The term "improved property" as used in this Act shall mean any building or group of related buildings the actual construction of which was begun before February 7, 1963, together with not more than three acres of the land in the same ownership on which the building or group of buildings is situated: *Provided*,

79 STAT. 1297

That the respective Secretary may exclude from improved property any shore or waters, together with so much of the land adjoining such shore or waters as he deems necessary for public access thereto.

(e) Prior to the approval of any zoning ordinance for the purposes of this section, the Secretary of the Interior and the Secretary of Agriculture shall jointly issue regulations, which may be amended from time to time, specifying standards for such zoning ordinances. Standards specified in such regulations shall have the object of (1) prohibiting new commercial or industrial uses, other than commercial or industrial uses which the Secretaries consider to be consistent with the purposes of this Act; (2) promoting the protection and development of properties for purposes of this Act by means of use, acreage, frontage, setback, density, height, or other requirements; and (3) providing that the appropriate Secretary shall receive notice of any variance granted under, or any exception made to, the application of the zoning ordinance. Following issuance of such regulations, each Secretary shall approve any zoning ordinance or any amendment to an approved zoning ordinance submitted to him that conforms to the standards contained in the regulations in effect at the time of adoption of the ordinance or amendment. Such approval shall remain effective for so long as such ordinance or amendment remains in effect as approved.

Joint issue
of zoning
regulations.

(f) The suspension of the respective Secretary's authority to acquire any improved property without the owner's consent shall automatically cease if (1) such property is made the subject of a variance or exception to any applicable zoning ordinance that does not conform to any applicable standard contained in regulations issued pursuant to this section; or (2) if such property is put to any use which does not conform to any applicable zoning ordinance.

(g) Each Secretary shall furnish to any party in interest upon request a certificate indicating the property with respect to which the Secretary's authority to acquire without the owner's consent is suspended.

(h) Within the Shasta and Clair Engle-Lewiston units any owner of unimproved property who proposes to develop his property or a part thereof for service to the public may submit to the Secretary of Agriculture a development plan which shall set forth the manner in which and the time by which the property is to be developed and the use to which it is proposed to be put. If upon review of such plan the Secretary determines that the development and use of the property in the manner prescribed conforms to a zoning ordinance approved in accordance with the provisions of this section and that such use and development would serve the purposes of this Act, the Secretary of Agriculture may in his discretion issue to such owner a certificate to that effect. Upon the issuance of any such certificate and so long as such property is developed, maintained, and used in conformity therewith, the authority of the Secretary of Agriculture to acquire such property or any interest therein without the consent of the owner shall be suspended. This subsection shall not apply to any property which the Secretary of Agriculture determines to be needed for easements and rights-of-way for access, utilities, or facilities, or for administrative sites, campgrounds, or other areas needed for use by the United States for visitors to the national recreation area.

Property devel-
opment certif-
icate.

ESTABLISHMENT OF UNITS: BOUNDARY DESCRIPTIONS

SEC. 3. (a) When the Secretary of Agriculture determines that sufficient lands, waters, or interest therein are owned or have been acquired by the United States within the boundaries of the Shasta unit or within the boundaries of the Clair Engle-Lewiston unit to

Publication in
Federal Regis-
ter.

Publication
in Federal
Register.

permit efficient initial development and administration for the purposes of this Act, he shall publish in the Federal Register a notice to that effect and a detailed description of the boundaries of such unit.

(b) When the Secretary of the Interior determines that sufficient lands, waters, or interest therein are owned or have been acquired by the United States within the boundaries of the Whiskeytown unit to permit efficient initial development and administration for the purposes of this Act, he shall publish in the Federal Register a notice to that effect and a detailed description of the boundaries of the unit.

(c) Following the publication of any such notice, the respective Secretaries may continue to acquire the remaining property within the recreation area.

ADMINISTRATION : PRIORITIES

SEC. 4. (a) Each Secretary is authorized and directed to administer the portion of the recreation area under his jurisdiction in a manner coordinated with the other purposes of the Central Valley project and with the purposes of the recreation area as a whole and in such manner as in his judgment will best provide for (1) public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, and other values contributing to public enjoyment; and (3) such management, utilization, and disposal of renewable natural resources as in the judgment of the respective Secretary will promote or is compatible with, and does not significantly impair, public recreation and conservation of scenic, scientific, historic, or other values contributing to public enjoyment. Such administration shall be carried out under land and water use management plans which each Secretary shall prepare and may from time to time revise in consultation with the other.

(b) In the administration of the portion of the recreation area under his jurisdiction—

(1) the Secretary of Agriculture shall utilize statutory authorities relating to the national forests in such manner as he deems appropriate to carry out the purposes of this Act; and

(2) the Secretary of the Interior may utilize such statutory authorities relating to areas of the national park system and such statutory authority otherwise available to him for the conservation and development of natural resources as he deems appropriate to carry out the purposes of this Act.

HUNTING AND FISHING

SEC. 5. Each Secretary shall permit hunting and fishing on lands and waters under his jurisdiction within the recreation area in accordance with the applicable laws of the State of California and of the United States: *Provided*, That each Secretary may designate zones where, and establish periods when, no hunting or fishing shall be permitted for reasons of public safety, administration, or public use and enjoyment not compatible with hunting or fishing. Regulations prescribing any such restrictions shall be issued after consultation with the California Department of Fish and Game.

MINERAL DEVELOPMENT

SEC. 6. The lands within the recreation area, subject to valid existing rights, are hereby withdrawn from location, entry, and patent under the United States mining laws. The Secretary of the Interior, under such regulations as he deems appropriate, may permit the removal of the nonleasable minerals from lands or interests in lands

79 STAT. 1299

under his jurisdiction within the recreation area in the manner prescribed by section 10 of the Act of August 4, 1939, as amended (53 Stat. 1196; 43 U.S.C. 387), and from those under the jurisdiction of the Secretary of Agriculture within the recreation area in accordance with the provisions of section 3 of the Act of September 1, 1949 (63 Stat. 683; 30 U.S.C. 192c), and he may permit the removal of leasable minerals from lands or interests in lands within the recreation area in accordance with the Mineral Leasing Act of February 25, 1920, as amended (30 U.S.C. 181 et seq.), or the Acquired Lands Mineral Leasing Act of August 7, 1947 (30 U.S.C. 351 et seq.), if he finds that such disposition would not have significant adverse effects on the purposes of the Central Valley project or the administration of the recreation area: *Provided*, That any lease or permit respecting such minerals in lands administered by the Secretary of Agriculture shall be issued only with his consent and subject to such conditions as he may prescribe.

41 Stat. 437.

61 Stat. 913.

All receipts derived from permits and leases issued under the authority of this section on lands administered by the Secretary of Agriculture shall be paid into the same funds or accounts in the Treasury of the United States and shall be distributed in the same manner as provided for other receipts from the lands affected by the lease or permit, except that any receipts derived from permits or leases issued on those or other lands in the recreation area under the Mineral Leasing Act of February 25, 1920, as amended, or the Act of August 7, 1947, shall be disposed of as provided in the applicable Act; and receipts from the disposition of nonleasable minerals from public lands under the jurisdiction of the Secretary of the Interior shall be disposed of in the same manner as moneys received from the sale of public lands.

Disposal of
receipts.

STATE JURISDICTION

SEC. 7. Nothing in this Act shall deprive any State or political subdivision thereof of its right to exercise civil and criminal jurisdiction within the recreation area or of its right to tax persons, corporations, franchises, or property, including mineral or other interests, in or on lands or waters within the recreation area.

ADDITIONS TO THE SHASTA AND TRINITY NATIONAL FORESTS

SEC. 8. The exterior boundaries of the Shasta National Forest in the State of California are hereby extended to include the lands described in the Act of March 19, 1948 (62 Stat. 83), and sections 22 and 27, township 35 north, range 1 west, Mount Diablo base and meridian. The exterior boundaries of the Trinity National Forest in the State of California are hereby extended to include all of sections 4, 5, and 8, the east half and the northwest quarter of section 6, the east half of section 7, the northwest quarter of section 17, and the northeast quarter of section 18, township 33 north, range 8 west, Mount Diablo base and meridian. Subject to any valid claim or entry now existing and hereafter legally maintained, all public lands of the United States and all lands of the United States heretofore or hereafter acquired or reserved for use in connection with the Shasta, Clair Engle, or Lewiston Reservoirs of the Central Valley project within the exterior boundaries of the Shasta and Trinity National Forests which have not heretofore been added to and made a part of such forests, and all lands of the United States acquired for the purposes of the recreation area in the Shasta or Clair Engle-Lewiston units are hereby added to and made a part of the respective national forests within which they are situated: *Provided*, That lands within the flow

November 8, 1965

lines of any reservoir operated and maintained by the Department of the Interior or otherwise needed or used for the operation of the Central Valley project shall continue to be administered by the Secretary of the Interior to the extent he determines to be required for such operation.

Disposal of
revenues.

SEC. 9. Revenues and fees obtained by the United States from operation of the national recreation area shall be subject to the same statutory provisions concerning the disposition thereof as are similar revenues collected in areas of the national park system except that fees and revenues obtained from mineral development and from activities under other public land laws within the recreation area shall be disposed of in accordance with the provisions of the applicable laws.

Appropriation.

SEC. 10. There are hereby authorized to be appropriated for the acquisition of lands and interests in land pursuant to the provisions of this Act not more than \$21,600,000. There are also authorized to be appropriated not more than \$22,700,000 for the development of recreation facilities pursuant to the provisions of this Act.

MEMORANDUM OF AGREEMENT OF MAY 31, 1962
BETWEEN THE NATIONAL PARK SERVICE AND THE BUREAU OF RECLAMATION
PROVIDING FOR INTERIM ADMINISTRATION OF PUBLIC USE OF THE
WHISKEYTOWN RESERVOIR AREA

This Memorandum of Agreement, made this 31st day of May, 1962, between the BUREAU OF RECLAMATION, UNITED STATES, Department of the Interior, herein called the Bureau, represented by the Regional Director, Region 2, and the NATIONAL PARK SERVICE, UNITED STATES, Department of the Interior, herein called the Service, represented by the Regional Director, Region Four.

Witnesseth, That:

Whereas, the Bureau, in connection with its responsibility for the construction, operation, and maintenance of the Trinity River Division, Central Valley Project, authorized by Public Law 386, 84th Congress (69 Stat. 719), is proceeding with construction of the Whiskeytown Reservoir; and

Whereas, the Bureau has withdrawn or acquired lands and may acquire additional lands under the Federal reclamation laws for the construction, operation, and maintenance of Whiskeytown Reservoir; and

Whereas, recreational values of material significance are anticipated from such construction; and

Whereas, there is pending in the Congress legislation to authorize establishment of the Whiskeytown National Recreation Area for administration by the Service; and

Whereas, the Service is experienced in planning, developing, maintaining, and managing areas devoted to recreational uses, among others, and by the Act of June 23, 1936 (49 Stat. 1894) is authorized to cooperate with other Federal agencies in planning recreational programs; and

Whereas, the respective parties to this agreement are in a position to supply the services herein provided and, in accordance with the provisions of Title VI of the Act of Congress of June 30, 1932 (47 Stat. 417), and the Memorandum of Agreement of April 5, 1955, between the Service and the Bureau it is in the interest of the Government to use such services;

Now, Therefore, it is agreed that:

1. The Bureau hereby transfers and the Service accepts responsibility for the recreational planning, development, administration and management of the Whiskeytown Reservoir Area as shown on the map marked Exhibit A attached hereto and by this reference made a part hereof.

2. To carry out its responsibilities the Service shall:

- A. Submit to the Bureau by July 1, 1962 (a) a 1963 fiscal year operating budget which shall not exceed \$64,000; and (b) by August 1, 1962, a construction budget for and a list of minimum basic recreation facilities to be constructed in the 1963 fiscal year, cost of all of which shall not exceed \$90,000.
- B. Prepare detailed plans for development and administration of public recreation use facilities and to establish policies, rules, and regulations relating to public recreational use and occupancy of the Whiskeytown Reservoir Area.
- C. Beginning on or about July 1, 1962, or as soon thereafter as funds are available, administer the Whiskeytown Reservoir Area (except for those areas shown on Exhibit A¹ as Reclamation Zones) for public recreation purposes and provide such visitor service as may be possible with the funds provided by the Bureau for such purposes.

3. The Bureau shall:

- A. Transfer funds to the Service in accordance with the budgets which are furnished pursuant to paragraph 1.A, above, subject to their availability by appropriation and allocation. Such transfers of funds shall be made within thirty (30) days after their availability..

- B. Permit the Service to utilize sites on Bureau lands for temporary Service buildings (including employees' housing) and permit connections to existing Bureau sewerage, water, and electrical facilities.
- C. If available, transfer or loan to the Service motor vehicles and other equipment in which event the amount included for the purchase of this equipment by the Service in its budget for fiscal year 1963 shall be reduced accordingly.
- D. Make available to the Service such office space, equipment storage space, trailers or mobile homes and housing as may be on the premises or as can be provided.
- E. Furnish to the Service copies of all existing agreements or other written commitments affecting the Whiskeytown Reservoir Area shown in Exhibit A,^{1/} including agreements concerning fire protection with the State Division of Forestry.

4. It is mutually agreed that:

- A. For fiscal year 1963 the Bureau will transfer monies from construction funds for administration and management and for planning and development of minimum basic facilities. Beginning with fiscal year 1964 and in the remaining years in which this agreement is in effect the Service will request funds by direct appropriation.
- B. The Service will prepare plans, construction drawings, and bid specifications and construct minimum basic public use facilities. The Bureau will make available to the Service funds for the costs therefor, but not to exceed the said sum of ninety thousand (\$90,000) dollars in fiscal year 1963.
- C. The Service will show the Reclamation Zones on its general plans and exclude recreational development and

activity in such zones unless specifically authorized by the Bureau in writing. In the construction of the authorized and necessary features of the project the Bureau will take into account the plans and activities of the Service and make such adjustments as may be feasible to accommodate such plans and activities, but this shall not apply to contracts which have been signed by the Bureau.

This agreement may be amended, modified or terminated by the the parties hereto. Copies of all such amendments or modifications or termination shall be filed with copies of this agreement in accordance with the distribution indicated on the signature page hereof.

This agreement shall terminate upon the enactment of legislation inconsistent herewith or the execution of an agreement for other administration of recreation facilities at Whiskeytown Reservoir Area.

In Witness, Whereof, the parties hereto have executed this agreement the day and year first above written.

SUPPLEMENT OF SEPTEMBER 25, 1964 TO MEMORANDUM OF AGREEMENT OF
MAY 31, 1962
BETWEEN THE NATIONAL PARK SERVICE AND THE BUREAU OF RECLAMATION
PROVIDING FOR INTERIM ADMINISTRATION OF PUBLIC USE OF THE
WHISKEYTOWN RESERVOIR AREA

THIS MEMORANDUM OF AGREEMENT, made as of this 25th day of September, 1964, between the Bureau of Reclamation, herein called the Bureau, represented by the Regional Director, Region 2 and the National Park Service, herein called the Service, represented by the Regional Director, Western Region, both being agencies of the Department of the Interior;

WITNESSETH, THAT:

WHEREAS, the Bureau and the Service did execute a memorandum of agreement for the planning, development, administration, and management of the Whiskeytown Reservoir area on May 31, 1962; and

WHEREAS, it has been found that certain improvements and facilities for the accommodation of the visiting public can be provided best as a mutual undertaking with financial participation by both agencies and construction by the Service; and

WHEREAS, the Service has prepared plans for such facilities and made estimates of the cost thereof; and

WHEREAS, the Secretary of the Interior is authorized to construct, operate, and maintain such facilities (69 Stat. 719);

NOW, THEREFORE, the Bureau and the Service agree as follows:

1. The Bureau will reimburse the Service for a portion of the cost of "Overlooks" located at sites 1 and 2, to be constructed substantially as shown on the attached National Park Service plans numbered RA/WH1 3018B dated 4-64 and RA/WA1 3010A dated 8-2-64 in an amount not to exceed \$90,000.^{1/}

2. The Bureau will reimburse the Service for the construction of sanitary facilities at the Oak Bottom and Brandy Creek public

^{1/} On file in the Washington Office.

use developments in an amount not to exceed \$35,000, provided that the plans for such sanitation shall be supplied to the Bureau for review prior to advertizing for bids or initiation of construction.

3. The Service will plan, construct, operate, and maintain all facilities which are constructed under the provisions of this agreement.

4. Reimbursement to the Service will be made by Reclamation upon the presentation of vouchers by the Service for actual costs incurred.

5. Every effort will be made by the Service to complete construction by July 1, 1965.

IN WITNESS WHEREOF, the parties have executed this memorandum of agreement as a supplement to the memorandum of agreement of May 31, 1962, the day and year first above written.

Narrative Statement

Utilities Whiskey Creek Whiskeytown Reservoir Recreation Area

Description: This work involved the construction of water and sewer systems, as a part of the recreational facilities at Whiskey Creek.

Work Accomplished: Work performed under this work order consisted of the installation of 4" cast iron force sewer main, manholes, and a septic tank and seepage bed for the sewer system. The water system consists of 2" GS water pipe, drinking fountains, a pumphouse with pressure system and a concrete water storage tank.

Project Activities: The contract to construct the facilities mentioned above jointly with the new water and sewer systems, which is discussed separately, was awarded to Trinity Construction Co. & C.L. Fogle, Inc., a Joint Venture, P. O. Box 1642, Redding, Calif., under the terms of NPS Contract No. 14-10-0434-1432. The amount of the original contract was \$484,597.40. There were (10) ten change orders written, increasing the contract amount by \$81,904.81. Change Order No. 3 increased the contract amount by \$12,701.50 of this amount \$2,372.50 affected this work order. Change Order No. 4 increased the contract amount by \$27,770.81. Of this amount \$6,341.61 affected this work order. Change Order No. 7 increased the contract amount by \$2,345.00. Of this amount \$93.50 affected this work order. The above change orders provided for a meter installation in the pumphouse, additional 2" water pipe installed with power conductors between the pumphouse and comfort station, and a modification with increase of size of the original pumphouse. The other change orders did not affect this work.

Under the terms of the contract the project was to be completed in 210 calendar days, July 9, 1963 being the starting date and February 3, 1964 the completion date. The contractor commenced work on July 9, 1963. Change Orders 1 through 8 allowed for 73 days extension of time which extended the completion date to April 16, 1964. Inclement weather caused a shut down at the close of business on December 12, 1963. Work was resumed on April 1, 1964, after an elapsed time of 110 calendar days which extended the completion date to August 4, 1964. Change Orders #9 & #10 extended the contract time an additional 27 days which moved the completion date ahead to August 31, 1964.

On July 27, 1964, a final inspection revealed the work to be in accordance with the plans and specifications. A useable facility resulted in acceptance by the Contracting Officer.
